PERSPECT TO HOLDING & PARTI-CIPATING IN LARGE COMMITTER MEPTINGS: Now! Sometimes things got pretty wild and wooly! We all quickly real-ised the need for some basic ground rules at the larger meetings, t since we made some the meetings have been a real blessing.

THE RASIC RULES ME MADE ARD THESE: 1. Begin meetings on time. 2. Only one dele-gate per Home(so meetings don't exceed 20 or 25) who truly represents the ideas t points of the members of his Home. 3. No children at meetings. 4. Each speaker would have a time limit of 3 minutes to present a new topic with one minute for others to comment on it— time limits of course must be flexible & Left to the discretion of the person discretion of the person chairing the meeting. 5. One person speaks at a time. 6. A good running translation should be given, 7. A sum-

mary should be made at the end of the meeting mentioning points discussed & action to be taken, who is responsible for what, etc.

THESE POINTS MAY SEEM OBVIOUS, but the Lord knows we need to review some guidelines at the larger meetings of a "Good Executive" pumping people power, not trying to be the power. Now larger meetings as the larger meetings if there are a blessing, as they are held decentified in the larger meetings are a blessing, as they are held decentified in the capital, a very none are a blessing, as they are held decentified in the larger meetings are a blessing, as they are held decentified in the larger meetings are a blessing, as they are held decentified in the larger meetings are a blessing. The ball rolling: TVJ

IT TOOK A WHILE FOR ALL TO AGREE OR HOW TO DIVIDE UP INTO DAPs, but now there are 2 full-fledged DAPs in the capital, a everyone seems happy with the decision! The dust is still settling, a with the influx of brethren from Europe & the States, new LAPs & possibly a new DAP should be forwing soon!

WOW! THE GOOD FRUIT IS EVERWHERE—more cooperation in the areas, in the individual Homes; most everyone is convicted to do more for the Lord; we concentrate on what we all have in common (Phil. 4:8); there's more sharing & some beautiful to verian; kid Power groups are forming, mothers' meetings, etc. It's absolutely beautiful to see this difficult field "get it together". From Ebed & Estrela; Portugal's

A FEW DAYS AFTER PORTUGAL'S FIRST VVV DAY
(see Mag 39) we took the 6 MWM
video shows down to the nationall TV station to see if they'd be
interested in the subject matter,
music & ideas behind MWM, as
well as to see if, technically,
they'd be able to broadcast VHS
material—i.e., is the quality
good enough & could they transfer it to their machines for
broadcasting purposes.

WE KNEW THAT ON PORTUGUESE TV THEY SHOW ALL
MOVIES ETC. IN THEIR ORIGINAL LANGUAGE with Portuguese sub-titles added, so we felt
that the English videos had a
good chance of being used right
saway in this country.

THE LORD OPENED THE
DOOR FOR US TO SPEAK
WITH THE MAN IN CHARGE

for the station. We had put together a little outline which followed Dad's suggestions on how
to present the MWM audio tapes
to station managers, about 1½
minutes long, & it really paid off,
as he decided to listen to most
of the 4 ½-hour programs! He
watched parts of "The Cove

He liked the shows, aitho' he said that "they weren't superb". We had already explained to him that we had a very poor copy of the original. He accepted that & we told him that our getting into filming the radio shows was just getting off the ground but that we were interested in his reaction to them & the possibility in the future of actually using them for broadcasting purposes.

Says Portuguese TV:

on the "softness" of our music, how it was not as "hard" as other music they'd heard in most music they'd heard in most music thows! PTL, they were really getting the message! All this was while viewing the videos in black & white & on an improperly tuned TV set with lots of interference!

AFTERWARDS HE SAID THAT IF WE COULD GET HIM MORE PUBLICITY about the shows that he could share & distribute at a meeting with the dept. heads to discuss the buying of our tapes, that after this meeting he could definitely let us know if they'd buy our series of programs weekly! He liked it, but he said he needed more publicity in order to sell his staff & associates on the idea. THERE ARE ALSO A FEW TECHNICAL ASPECTS THAT HAVE TO BE WORKED OUT. He mentioned that in Portugal & Spain & all over South America that they broadcast in a more professional video 2-inch tape or from 16-mm film. He said was were that Faithy was "a beautiful girl", one of the secretaries thought she was "very sexy". He said that Topaz had "a sweet voice". He thought Simon was "good", & that Jeremy was "a very good guitants". He very much liked Faithy's introduction to "Sea Wash Over Me", saying" agree with that", when she said that Esther saw that Gould was the only answer to life's problems. He really liked & caught the Spirit when Faithy was singing & speaking.

The Miracle Tent! GOD'S MIRACULOUS PROVISION FOR MM:

From Uriah & Katrina; VSs in Greece:

From Uriah & Katrina; VSs in Greece:

We wanted to write & share this encouraging testimony of a specific answer to specific prayer:

With the Greek Summer, with its warm balmy evenings, coming to a gradual end, & cooler weather & rain on the way, the need for a big communal tent for Music Mith Meaning was getting closer, & so a request was made to the Provisioning Home to get one as soon as possible:

We began checking into the different possibilities & what was available locally, checking the normal, natural, reasonable, possible sources...but to no avail: What was available was either too small, too expensive, or 'out of reach': We tried the Girl Scouts, a UN refugee office, tent makers, the U.S. Army base. & even a big construction company, etc.: The tent makers could, of course, make something, but the estimated cost for such a large tent was well over \$1500, & not only that, but the time it could take was yet another factor, not to mention the question of quality.

Time went by & the evenings & afternoons began to get cooler until one Sunday Fellowship it was very cool & no longer pleasant to gather outside in the "Love-

but the time it could take was yet another factor, not to mention the question of quality.

Time went by & the evenings & afternoons hegan to get cooler until one Sunday Fellowship it was very cool & no longer pleasant to gather outside in the "Loveville Taverna" & so everyone prayed desperately asking the Lord specifically for a strong, rain-proof, wind-proof (learned from last Kinter's experience with the make-shift communal tents) tent, big enough to hold everyone...and now!!

The next day Joy found a Children's Camp Ground in the yellow pages. She phoned and explained what was needed & asked if they could help or had any ideas, and the man offered almost immediately that he had a 50-square-meter tent & that he could loag it to us!! Thrilled & excited Joy & John Cloud drove to meet the man & his wife & came back with not only a firm commitment of their help with the tent, but also a beautiful testimony about the Lord's hand in this couple's life!

The wife had had health problems & had been told that she would need an operation & the husband had been told he couldn't have habies. Then he had a dream & was shown that his wife did not need an operation & would be healed & that they would have children. Now they, have 2 children, & he knows it was God's hand in their lives & is now very philanthropic-minded, always looking around to try to help those in need!

German Maria & Simon Peter in Loveville's new winter Taverna!

German Maria & Simon Peter in Loveville's new winter Taverna!

When we went to view the tent at his Campground we flipped to see it as it was perfect— hade to order— for our needs.—55 square meters with high roof, vents for smoke pipes, sliding doors... a real U.S. Army field tent: Rain-proof, strong, big enough for people to stand up straight at every point. Then, as we were taking it down we flipped again as the man said not only could we borrow it but we could have it if we wanted...Ha! Did we ever want it! TYJ! It only needed a little repair as the night before there had been strong winds & rain (the first of the season...!) and the tent got torn from sagging on its own metal posts, as some stakes had come loose from the rain softened ground: Obviously the enemy knew he was about to be defeated & was trying to destroy the tent before we could use it! It turned out that this man had bought 20 U.S. Army surplus tents at the local U.S. Base during one of their regular "auctions" & he said he's the only one in Greece with this kind of tent! What a miracle of His guiding hand!

The very same day the tent was standing in its new home as the Loveville Winter Taverna! Just in time too as the nights are chilly & rain soon to be regular!

GBY! WE WANTED TO SHARE WITH YOU some of the many lessons learned in putting into effect the "Loveville University", & some of the great benefits we found in communally teaching, our children, "using a simple little schoolhouse with the older students being taught to help, teach & care for the younger, as assistant teachers." (61:38)

AS OUR POPULATION DOUBLED due to the influx of Music Magique & other helpers, we had to divide our children into six groups of about 10 children in each group. Our Queen Mother Fiona had to drop out from personally teaching, so she could better oversee the entire school operation!

GROUPS 1 & 2 CONSISTED OF OUR OLDER CHILDREN, about age 5 & upwards, Group 1 being those who were completely indigenous scholastically & required very little oversight, & Group 2 are those who are capable readers, yet they need some oversight to do their grammar & writing excercises & maths, etc. Group 3 & 4 were what the modern educational system calls Pre-Schoolers, but for our Family educational system, these are the groups

We are in the earliest stages of this ministry, but it's given the children a real burden for the Ministry of the Mail, as we read together various Letters concerning the vital importance of the mail. AGAIN, IT WAS SO ENCOURAGING TO SEE THE CHILDERN HELP in whatever they

From Eli, Tarah & Pearl; Europe:

JUST ABOUT 2 YEARS AGO (just before Christmas), we decided after reading some inspiring testimonies of children's singing ministries, to make plans to do some kind of a show for Christmas time & perform for a segment of society which is often lonely & forgotten—the grandmothers & grandfathers in old people's homes.

grandmothers & grandfathers in old people's homes.

INSTEAD OF DOING THE STANDARD CHRISTMAS PLAY we felt inspired to do something which we finally called, "The Real Meaning of Christmas", the story of a young boy searching & wondering as he looks into a store window which displays the nativity scene surrounded by a variety of gifts & toys, what Christmas is all about.

SUDDENLY AN ANGEL APPEARS (played by Pearl), saying that God sent her to answer all his questions. She invites him to meet "Tommy" & then the children act out "Tommy" after which he asks if the angel knows another example. So she invites him to meet Madame Heart (Megan), & the angel gives him the key of love which of course changes her life & she sings John 3:18.

THEN THE ANGEL ASKS HIM IF HE'D LIKE TO KNOW THE SECRET & then asks

the audience if they would, at which time we all come from behind the backdrop & pray with everyone to receive Jesus. And then the children sing some Christmas songs.

Michael, as Tommy, drops his note of love to Medame La Riche on the street below.

WE WERE THRILLED WITH THE RESULTS of the 7-8 shows that first Christmas during their vacation. Before that, it seemed like an impossible task to get something together with the children, but having a deadline is what we really needed. TYJI We had done some restaurant singing with them, but it was the first time that they performed as a group & the beginning of what we later called "Lovelight" or "La Lumiere d'Amour!"

THEN WE DIDN'T DO ANY MORE PERFORMANCES (as it was a Christmas play) until the following summer when the Lord pushed us into a commitment to do some shows. One thing that I wented to mention here is that we learned when we tried to find places to perform at Christmas time that if we mentioned who we were, i.e. a group of Christians, then more often than not our offer of a free show would be turned down. So the second time (the following summer) Jonathan, who became our very good PR & front man, just and that he represented a group of children who do shows for free & would they be interested.

THIS METHOD WORKED REALLY

THIS METHOD WORKED REALLY
WELL & even when we would perform, they
would always love the show & the children so
there would never be any reproach made about
its content or our intentions. PTEL In fact, at
the end of the shows we pass out our own
LIN which explains that we are missionaries
& we've been invited back & received some
very favourable letters of recommendation.

At we've been invited back at received some very favourable letters of recommendation.

THAT SUMMER WE CHANGED THE THEME TO "CHANGE THE WORLD" & started out the play with 3 of the older children discussing the horrible mess that the world is in & wondering what they can do to change it when an angel (Pearl again) appears & goes through the "Tommy" & "Heart" skits, finishing by praying & then singing some Family songs to which Pearl added some movements.

WE ALSO, AT THAT TIME, WERE INSPIRED TO CONTACT THE NEWSPAPERS. The result of that was a very inspiring article & photo. After this second group of shows, we began to catch the vision more of what the Lord wanted us to do using the children's little troupe which now included Joseph (3), John-David (4), Daniel (6), Megan (8) & Michael (11).

David (4), Salah (11).

AFTER PERFORMING AGAIN AT CHRISTMAS TIME & having 2 more articles written, we put together our own LIN & a

photo album which included several very inspiring letters of recommendation which we received from the old folks' homes. Because we offer the show for free, we feel rather free about asking them for letters of recommendation & we've received about 1 for every 4-5 shows. These have been a real help in presenting our work to the public, giving us some credibility, therefore avoiding a lot of questions about sects & cults, etc.

ALSO, THESE LETTERS, PLUS THE NEWSPAPER ARTICLES have been an enormous help in our provisioning & PR. So in fact, because we live in a country where there's been a considerable amount of persecution against sects, we put this social outreach, i.e. the children's performances, as our main calling card & just as Dad said, the children have become our biggest testimony & most powerful witness! PTL!

OUR MOST ENCOURAGING & SUCCESSFUL OUTREACH WITH THE CHILDREN took place this summer. Early in the spring, we met a woman who suggested that we present our little show to a group of 13 retirement homes which are very well funded. She insisted that we skt to be paid as they could afford it as well as to ask for lodging & meals which, she also explained, was very normal & acceptable.

so WE PUT TOGETHER A LETTER & a collage of newspaper articles & letters of recommendation as well as a group of photos of the children performing & sent them off. We received 3 responses which really surprised us because we hadn't even mentioned how much, etc. One of those places accepted to have us & it was 800 kms. from our Home.

SO WE DECIDED TO CONTACT ALL KINDS OF OLD FOLKS' HOMES, retirement villages, children's homes & vacation camps along the entire coast by writing to the administrative centers of the government & asking for such addresses. To our happy surprise, we received hundreds of addresses & finally narrowed down our choice to 2 areas along the coast. So after contacting many places by mail & making arrangements, we found 15 old folk's homes & 2 vacation camps that wanted us to come. In doing this we discovered that it was much better to offer to do the show for free & just ask that they participate with our travel expenses. If we didn't ask anything, many times they gave more than we would have

asked. Not only that, but we could always say (to the public or newspaper) that the shows are done for free, etc., which makes a much bigger impression.

WE HAD ALREADY 2 VANS, one partially equiped for camping & the other completely empty. There are 13 of us (7 children & 6 adults) plus at the time 2 pregnant mommies. We had the vision to fix up the vans with real good materials, in fact, the best possible, so that they would be a good testimony & also to prepare them so that we could eventually move into them.

THE LORD REALLY SUPPLIED EVERY

THE LORD REALLY SUPPLIED EVERY-THING, from top grade plywood & insolation material to skylights, upholstery material for the cushions & even down to the smallest hinge & screw. Our faithful national disciple Jonathan provisioned up a storm. We figured out that he provisioned about \$ 3000 worth of materials from approximately 25 different companies. PTLI

ALSO, NOT LONG BEFORE WE WERE SUPPOSED TO LEAVE & at a time when w

Ready to hit the road in the beautiful carevan De

were wondering & worrying a bit whether we'd have enough room for everyone, we received a call from WS relaying a message from Dad that he had a caravan free for the summer & would it help us in our travels! Well, what could we say but simply PTL & marvel at how in tune Dad is & how wonderful & loving this Family of Love is with such a concerned & loving shepherd. With the tremendous work-load & descisions Dad has daily, he still finds time to take care of such unimportant (seemingly) details as our housing need for our summer travels—this absolutely amazed us & really touched our hearts & made us feel so loved. GBY Dad for your faithful loving tender care of us little sheep—WE LOVE YOU!

AND THE LORD HAD EVEN MIGHT-IER MIRACLES AHEAD as we ventured South to arrive in the most popular resort area in the heighth of the season looking for someone to help us with free camping. Jonathan, who was provisioning, got a number of a camping where there was still room & when he phoned the guy surprisingly agreed to let us come. He said we could stay a few days only.

WE ADDED TO THAT SHOW THE SKIT

After the shepherd discovers the gold-filled box, the king invites him to help change his kingdom through God's Holy Spirit of Love. Then Megan, dressed in a see-through flowing white outfit comes dencing out (to the music from "Love Is Forever") & with her wand begins to change the kingdom by touching those who were mean & selfish & thereby changing them into loving subjects.

THIS SKIT IS BY FAR THE MOST COLOURFUL & with the most action & the children riselly have fun doing it. The final scene is when Michael (the shepherd) takes a guitar & singe a song called "The Kingdom"—a very beautiful & powerful song Inviting everyone into God's kingdom, We now have a one-hour program to offer & we've found that it's a good balance both for the children & the audience. TYJI

WE CERTAINLY CAN'T-TAKE ANY CREDIT TO OURSELVES as it's only you Dad & the Lord that has given us the faith, inspiration & encouragement to do this sort of ministry & cause us to bear fruit using the children. As one woman commented recently after seeing our show, "It's so inspiring to see parents working together with their children to bring life & happiness to others while so many just give their children to the school &/ or the TY!"

UPON OUR RETURN TO THE NORTH we arranged a show in a retirement complex where retireres rent an apertment & are free to come & go, etc. We found these people much more receptive & discovered that there are meny more in the area. Also, during our search for a place to perform, Jonathan contacted the city government who, we discovered, were desperate for some kind of entertainment for their municipal clubs for senior citizens. After showing our photo album to the woman in charge, she booked us immediately for 4 shows—one a week—& offered to give us 2,000 F, for our expenses. Not only that, but for the first show she had asked the 2 major newspapers to cover it.

NOW THAT WE HAVE DONE THESE 4

newspapers to cover it.
NOW THAT WE HAVE DONE THESE 4 NOW THAT WE HAVE DONE THESE 4 SHOWS, she wants to help us get into prisons & children's center's & possibly schools with our Christmas show! It's amazing what one door has opened—many golden opportunities It seems as tho' we're reaping the last harvest. However, each time we have these thoughts, we also think about your comment, Dad, about all Homes trying to leave the Northern Hemisphere before the end of December, so

we've taken a decision to leave our house & move into the vans & caravan at the end of December & then to South America soon after, PTLI Love, Eli, Tarah, Pearl & Family, P.S. I REALISED THAT I LEFT OUT MANY EXCITING TESTIMONIES OF WHAT THE PEOPLE SAID. One of the shows was done in an old folks' home which was strictly for Jewish reguges. Perhaps it was the first time for most of them to hair the story of Jesus & to our surprise they were very receptive, clapping enthusiastically & believe it or not, most of them prayed to receive Jesus—a real miracle & quite a testimony that there's hope for the Jews. PTLI ANOTHER SHOW WAS DONE FOR RUSSIAN REFUGEES & the woman who was in charge of their social activities explained how it was the first time that she saw them react to any entertainment & remarked how moved they were. TyJI How can they resist!

A FEW OF THE OTHER COMMENTS
WERE: "We are thrilled to have received you—please come hack every week."

A FEW OF THE OTHER COMMENTS

Tips on how to get stans
From Ezra & Rose Guitar; Europe:
WE FIRST STARTED SINGING with Paloma when she was only 2 years old. We went mobile with another couple & for the first time really began to make the children our outsach. While litnessing in a market one day with them, & we couldn't get the people to stop, we decided to return to the car & get the guitar & sing, & boy, did they stop then! People began to put money in the kilds' pockets & we got out lots of lit; they just came in droves & literally ripped the lit out of our hands!

hends!
WELL, THAT WAS THE BEGINNING OF
IT ALL! Palome sang with another girl the
same age & we couldn't believe the Lord wes
using two small children so much. We got,
"Little is much if God is in it!" How true!

Little is much if God is in it!" How true!

LATER CHRIS BEGAN TO SING WITH
HER at only 1½ years! He couldn't sing all the
words, but did the motions. Sometimes he'd
sit on the floor & watch, which made the crowc
roar even more! We had been so used to singing selah songs in restaurants, but the children
could get away with so much more than us &
people only wanted to hear them! He! Last

Christmas we were able to sing & do the pupper shows for orphanges & old folks homes & we even went on the local TV with the "Rock in the Road".

AFTER A VISIT TO MWM THIS SUMMER

AFTER A VISIT TO MWM THIS SUMMER the kids were turned on more than ever & we just couldn't stop them from singing! Hall Even on the train they continued to sing at the top of their voices!

WE'VE BEEN IN A CLOSED EAST-BLOCK COUNTRY NOW for 8 months, & the kids have been such a key to win people's hearts! They're always faithful to put on a show for any visitor or when we go to people's houses. GB them!

GB them!

WE HOPE THIS WILL ENCOURAGE ALL

OF YOU to help your kids to sing no matter
how young they are. Just don't give up & be
consistent & remember "Love Never Fails",
We always remind them they're doing it for
Jesus & to win souls & it makes' em want to
fight even more! God bless you all! Love,

Komix Correspondence Course!

The exciting account of the pioneering of a new ministry with good fruit!

The exciting account of the pioneerial (Ed: In response to M&M's request in Mag 42 after their small "News Brief" about teaching English through the mail using TK's & Quotebook:)

From Tim & Rachele; Indonesia:

FOR THE LAST TWO YEARS WE HAVE BEEN OPERATING AN ENGLISH CORRESONDENCE COURSE based on grammatically simplified MO Komix. We began this ministry on a local level to find out how it could work. It worked! And this year, thanks to an open door for an English-teaching radio programme, we went nation-wide! The initial pioneer effort taught us many lessons, & by ading all the trappings of a validified correspondence course—i.e. a membership card, a record card, a course cassette, & a course certificate—we now have 60-70 students who faithfully write in every month!

we now have 60-70 students who faithfully write in every month!

THE STUDENTS JOIN EITHER VIA THE RADIO PROGRAMME OR VIA THEIR FRIENDS. & they pay every small enrollment fee for which they receive their student membership & record card, a sticker & a photo of their teachers. They then pay for each study unit by sending postage stemps in the envelope with their answers to the last unit. We then correct their answers, correct any letter they sent, write a loving note, & send them the next unit.

EACH UNIT CONSISTS OF A KOMIC to

EACH UNIT CONSISTS OF A KOMIC together with a little booklet. The booklet has a simple grammar lesson, a vocabulary list, a phonetical pronunciation guide using MO quotes, a page of example questions & answers, & then a series of comprehension questions & simple grammar questions. Appropriate MO quotes are sprinkled throughout, usually with translations.

USING THIS METHOD, together with bilingual "tracts" taken from the "Real Love" fish-food booklets, fourteen precious young students of various religious backgrounds have received Jesus this year, & these are all now receiving local language lit to distribute to their friends. Now we have started a local

language mail ministry too!
WE SHOULD ALSO ALD THAT THE
WONDERFUL COVERAGE OF THIS
COUNTRY BY MWM has given a tremendous
boost to the fruitfulness of this ministry by

providing our students with a sample of the Spirit of David. They are all faithful listeners! If anyone would like to receive samples of our units, or bi-lingual "tracts", or help with this work in anyway, please feel free to write to usyia your Reporting Office. Love, Rachele & Tim. (AMEN! A Harvest of Children!

"NIVEA OF THE SEA" INSPIRES TESTIMONY OF MINISTERING TO CHILDREN:

"NIVEA OF THE SEA" INSPIRES TESTIMO
From Sunny; U.S.A.:

I WAS INSPIRED BY DAD'S LETTER,
"NIVEA OF THE SEA", TO SHARE SOME
TESTIMONIES from my most fruitful
ministry, the ever-green field of
children. From Brasil to Guatemala,
& in the U.S. too, it seems that
wherever I have been the Lord has
blessed me with flocks of little
children hungry for the Words of
David & the love of Jesus!

IN BRASIL, ALONG WITH A TINY
TROOP OF SINGERS-Heidi, Darius,
Koa & Matthew--we visited orphanage
after orphanage. In fact, orphanages
are so abundant in Brasil, that during the space of several months we
were able to visit anywhere from two
to four orphanages per week without
even returning to the same one.
We averaged about 500 to 700 souls
during this time.

IN GUATEMALA, ALTHOUGH THERE WERE
NOT SO MANY ORPHANAGES, we found
that the children were right there
on the streets just waiting to be
reached--ripe fruit dropping off
the vines! I would simply go to the
neighbourhoods with a guitar and
flannelgraph board in hand. This became more of a feeding ministry, as
I would return each week to give
another story, teach more songs 6
dances, & actually grow closer to
the children to become a friend 6
feed them as a shepherd would his
flock.

AFTER LEAVING GUATEMALA, I returned to the U.S. to prepare to go

AFTER LEAVING GUATEMALA, I return AFTER LEAVING GUATEMALA, I returned to the U.S. to prepare to go back to South America, raise Home Support etc. I began working with a family in Texas & helped to care for their children. At the time, my ministry was caring for the upkeep of the apartment, cooking the meals & doing the laundry. All summer long I kept meeting differ-

are our LIB retrousants better to do studies, as the lessons or stories stick much better than just reading a story from here or there.

FOR VERSE REVIEW, WE MAKE A CHART with 4 columns, one for each child, with 10-15 spaces each. This makes about 40 verses reviewed united ly each day! As each child finishes he can have a little free time while the rest finish their columns. This gives them incentive to do a good job. Using this method of review faithfully for 4-5 months now, the oldest children are taking the initiative to learn new verse shey find at the end of the TKs that they read in their freetime. It's giving them such a hunger & understanding of the Word as we talk about the verses they learn & we learn new ones often to keep them inspired.

AS FOR TEACHING THE 3
Rs, again consistency is very important. Without consistency or doing a little every day or very frequently, it could even do more damage than good, as it makes learning hard & they become bored because their accomplish ments are few.

CHILD I was able to give him a lot more individual strention & he is more advanced than the others in these areas. But I am happy to see that the others went to be like their big brother & it gives them an inceptive to know they can do it too, even tho'? can't give them each as much personal attantion as he got in the beginning. He's the belliwether whom the rest follow!

SO, AFTER REVIEW WE DO READING. In between their turns with me. This way I can testing to be worked in too. By doing these things consistently wery school day (about 4-5 days per week), they are making om the progress that I never want to go back to my old meth od of "sometimes this, sometimes that''.

FOR THEIR BCIENCE, NATURE & HISTORY LESSONS we have three good children's encyclopedies which we use to look up things to answer their uself of time. This "juggling" method works very well & enables to the the van, Philip was sable to take the pook & give them a simple.

class on the basics of friction & motor vehicle engines. Of course that went on & on until they had covered all kinds of subjects, such as how oil is pumped out of the ground, different energy sources, generators etc. Kids never stop asking questions!

I PRAY THESE PRACTICAL
IDEAS WILL BE USEFUL TO OTHERS, that large families can travel for Jesus! We love it, & the kids love it tool. Also, as we decided to get mobile the Lord started using the children in a singing ministry as well as their litnessing, which is really exciting to all of us. So we're just seeing a lot of good fruits in just terusting the Lord & following where He leads! WLY! Love, Esther Q.

ALTHO' THE LORD DID USE THEIR PUBLIC SCHOOL DAY'S for some good, such as helping them to learn the focal language & becoming one with other children, it also took a heavy toll on their sweet spirits & they picked up a lot of bad habits from their aggressive, violent peers. our relationship was not so good at that time. The Lord comforted me & told me to open my Bible, which I did.

MY EYES FELL STRAIGHT ON THE YERSE IN LUKE 1:13 which says, "Fear not, Zacharias: for thy prayer is heard; & thy wife Elisabeth shall bear thee a son, & thou shalt call his name John". It was as though the verse came to life & struck me right in my heart with such power! My system name is Elisabeth, so you can imagine my astonishment as it fitted us so well. I of course got the victory instantly & praised the Lord through my tears.

WE HAD GOTTEN MARRIED TOTALLY BY FAITH as the Lord had clearly shown & confirmed it to us, but for me it was totally against my natural feelings. My Saggitary blue starry eyes were always looking dreamingly toward the horizon, expecting my Knight in silvery armour on his white horse to appear! Hal At that time I could not see how Zach could be that knight, but I got scripture upon scripture where the Lord said He would do "a new thing...& make a way in the wilderness, & rivers in the deserts." (Isa. 43:19) And "make a tender plant grow, as a root out of a dry oround". (Isa. 53:2)

a new kings... a make a way in the winderness, & rivers in the deserts," (Isa. 43:19) And "make a tender plant grow, as a root out of a dry ground". (Isa. 53:2)

THIS REALLY GAVE ME FAITH that God could plant Love in my heart for him if I would only believe like a child & obey. I did, but it took about half a year before the Lord could come through my pride & make me yielded enough to receive & give the Love He had promised me. God bless Zachi He really schuck, as it was not very easy to live with me. And He did, not only with the love which He gave us for each other (& still today we are madly in love, 7 years later, TYJI), but also by giving him a child, which he had been longing for for such a long time. (He was 38 years old & I was 23.)

JOHANNES GREW UP & WAS AS HEAL-THY & LOVING AS HE WAS STUBBORNI—HAI When he reached the age of 2-3 years, we used to be very loving, but very strict with him, requiring total obedience through the 1-2-3 method. However, he was so strong-willed & stubborn at times that we felt very incapable of raising him. I know now that the biggest mistake we made was that we were not consistent enough, as we let things slip by as it suited us, & that is the worst thing to do at that age.

AS A RESULT, BOTH HE & US LOST THE CONVICTION OF HIM BEING OBE-DIENT, as we sometimes tolerated it when he

Word-based! Cheaper & less

From Telerishe Pselms; U.S.A.:

1'D LIKE TO LET EVERY.

ONE KNOW OF A CHRISTIAN
SCHOOL CURRICULUM that I recently discovered. I was one of the first to learn about the Calvert School of Correspondence about 4 years ago in the U.S. But recently I heard of the "A. Baka Book Publications" in Pensacola, Florida.

THE WHOLE CURRICULUM REVOLVES AROUND GOO'S WORD—everything from phonics to science. Scriptures are throughout the children's work & the reacing books teach Godly lessons. But what is also good about this program is that it is not just a correspondence course for only one child (altho' they have that too), but is a teaching curriculum that can be used with as many children as you like of each grade level for as many years as you need to.

YOU NEED ONLY BUY THE MAIN TEACHER'S CURRIC-ULUM BOOK at a cost of \$100 for that grade level & then you can teach that grade level year

a time-consuming than other cafter year, only having to repurchase the workbooks for the individual child, which costs from \$40-\$80 depending on how many courses you choose to teach your child. For my family of 6 children I ordered the 1st & 2nd grade, plus a few teaching aids, plus a few leaching aids, plus a few leaching aids, plus a few kindergerten materials, all for \$290. But the beauty of it is, we can teach 1st & 2nd grade as often as we like now & to as many as we want. You can order as many or as few courses as you want for each grade level. We picked out phonics, language & math only for now as we usually don't have time to give the childen school for more than 3 hours a day, if that!

for more than 3 nours a cay, it that!

IN ORDER TO GET THIS CURRICULUM YOU MUST BE A SCHOOL. The representative we spoke to said that anyone can be a school (pick your school name), but it helps, if they ask, to tell them you have at least 5 students. They do have a correspondence course, for grades 1-6, at \$285 per child per grade,

as opposed to the other pro-gram costing \$40-80 per child as opposed to the gram costing \$40-80 per child after you purchase the initial curriculum guide at \$100 for each grade.

didn't obey, & other times we gave him a slap or spanking. How confusing on him & straining on us. How come we didn't see it, I don't understand! So when it didn't work so well, we stopped the "discipline" & tried to explain everything to him instead. "You must not do this & that because this & that", & "can you please do this because..." So when he disobeyed me in different things, I would always excuse him because he didn't really know this & that, or "See, he didn't really mean to be disobedient, he just "wanted to do it his way!" And his way was always very dever & smart with good intentions, but nearly always the direct opposite of what I had asked him to do.

THIS DEVELOPED GRADUALLY IN

ly always the direct opposite of what I had asked him to do.

THIS DEVELOPED GRADUALLY IN HIS RELATIONSHIP WITH US & OTHERS. So when I would tell him to do something, he would most of the time do it different, or something else because of a very good reason he would give, & we would tolerate it, because his way always sounded good & logic. All this we can see more clearly now, but then we could never understand why he was so hard to handle.

OUR LACK OF BEING FIRM & CONSIST-ENT WITH HIM had a very bad effect, as he seemed to get easily bored, lost his concentration in doing things & we could never leave him out of sight as he would always overdo his play & do things he was not supposed to do. I had the constant feeling of not being able to challenge him enough, when the truth was that we tried to run after a wild horse trying to train it before we tamed it.

train it before we tamed it.
THEN, WHEN HE WAS ABOUT 4-1/2 THEN, WHEN HE WAS ABOUT 4-1/2 YEARS OLD, Zach started working for Norwegian TV again, after 7 years of living by faith in the Family. We got a nice apartment outside Oslo, little by little we settled down, & sad to say, we didn't do much for the Lord. Johannes & Joy, (his little sister, 1-1/2 years younger) went to a kindergarten a few hours each day, as all the other children in the distinct did the same.

each day, as all the other children in the dis-trict did the same...

AT FIRST I WAS VERY RELIEVED &
HAPPY ABOUT IT because he would learn to communicate with other children in games & activities, & at the same time give me a break to do house work, as Zach was most of the time out travelling with the TV. However, after 2 months, he got the mumps (as there is always sickness & afflictions spreading at these institutions.) & a week later he got an

infection in his ears.

AFTER SOME DAYS WE DISCOVERED THAT HE HAD TOTALLY LOST HIS HEARING in his right ear. We really prayed & when nothing changed we took him to a specialist. He confirmed that he was deaf in the right ear & that there was nothing we could do, as his hearing sense was destroyed. It was very hard for us to see at that time why the Lord let it happen, etc., so we just gave it to the Lord, trusting that He would heal Johannes & deliver him from this deafness in His time. He always has a plan & purpose & a lesson for us to learn in everything that He lets happen, TTL!

AFTER THIS! WAS EXCUSING JOHANNES EVEN MORE for not obeying or listening to me, as I thought he actually didn't hear me, & he responded less & less to our suggestions. But children are so smart & find out easily how they can trick us to get their own way. (Read "Child Psychology", Letter No. 9151) So, needless to say, his independence & rebelliousness increased & he became more & more impatient, wild & easily bored with everything.

The man behind the scenes, Zach Lightman, filming

EVEN THOUGH HE LOVED TO READ MO LETTERS & HEAR BIBLE STORIES, most of the time I had the hopeless feeling that he didn't really get fed. Something was hindering him In having the peace to receive the Word even though I knew he was hungry. I never even got started having school or memorising with him as he never had the patience & peace to sit down for that. Today I can see why, because without discipline it is hard to teach as the children are not taught to receive instructions & therefore are not taught to receive teaching either, but rather resist it.

SO WHEN HE SEEMED TO RESIST I would not force anything on him. I let it pass & kind of roverlooked it because he had so many other good qualities. He usually had a lot of love for the other children, sharing everything he had, being most of the time very fair in his play, giving hugs & kisses, really shining in litnessing, leading his friends to the Lord, etc. I hope this gives a fair picture of how he was, as "None of us is all good or even all bad." (From No. 306.)

WELL, IT'S HARD TO DESCRIBE OUR JOY & HAPPINESS when we got the invitation to come to MWM, to cut all our ties & serve the Lord again full time! It was so wonderful, thrilling, & exciting to arrive here & feel everybody's love & concern as we started in this ministry. We were quite shocked though to find how far behind we were in everything as His light shines so bright here & uncovers all our sins, mistakes, & short-comings. But, oh such freedom! The Lord worked not only in our lives, but also in the children's lives! TTL! Johannes was 6 years at the time of our arrival. ONE DAY I CAUGHT JOHANNES
BRINGING SOME MATCHES BEHIND THE BUSHES where he was playing. I took him home & told him how dangerous it would be for him to use them as it is so dry here, & repeated what we always have told him, to never play with matches whatsoever! I knew he understood, so I let him go believing he really got the point.

THE NEXT DAY, HOWEVER, I HEARD SOMEONE SCREAMING & when I looked out I saw a big tree in furious

seemed impossible. I took Johannes aside & we prayed desperately together for the Lord to have mercy on us, forgive us, & stop the fire. All the others were praying too, & even though the fire had spread, it just miraculously went out! When the fire truck came there were only some glowing pieces left. TTLI What a miracle! What a relief!

I WAS SHAKEN, & SO WAS JOHANNES & EVERYBODY ELSE IN THE CAMP. Johannes told his story, & as usual, his intentions were not "bad". He had put stones together in a circle just like Survival Sam, just wanting to make a cozy little fire. But he knew he was acting in total disobedience to what I already told him. Now the Lord would not tolerate his stubbornness & rebelliousness & his disobedient dever spirit any longer. In furious anger & judgement He let Johannes be a threat to the whole camp & God's work & workers.

IT WAS NEARLY TOO MUCH FOR US TO HANDLE, knowing how we had failed the Lord & others as well as Johannes. GHUI Then came a time of real purging, heart-breaking, & testing as we really wanted to continue in God's service & left the Lord mold us the way He wanted us to be.

IF JOHANNES SELDOM GOT SPANK. INGS BEFORE, he certainly got paid up for that in a short time! He was really sorry for what he had done, but he still had to change & have a complete revolution, to revolute & go the opposite direction. So we prayed & read the Word together & the Lord spoke so clearly to us & showed us where our mistakes were & how to correct them. He showed us that we should not spare the rod of correction on Johannes, but really sock it to him & give him a choice, whether he wanted to stay with us & serve the Lord, or go his own way & do his own thing. He said he wanted to follow the Lord & agreed to let us be on his case about everything.

WHAT A SHOCK IT WAS FOR US TO SEE HOW DISOBEDIENT HE WASI!

everything.

WHAT A SHOCK IT WAS FOR US TO SEE HOW DISOBEDIENT HE WAS! I would ask him to do something & he would still do the opposite just out of habit. When I would correct him he would tell me some truth but mix in some lies also to cover up his guilt. In the next few days we had to give him spankings for nearly everything we asked him to do because he wouldn't obey & tell the truth, admitting his disobedience. So we didn't know what to do! We tried to make him memorise verses on disobedience, lies, truth, etc. But

even after repeating it to him during the whole day, when the evening came he still didn't remember, even though he really tried. There had to be something in his heart that was still hindering him in receiving the Word.

THE NEXT MORNING ZACH GOT SOME VERSES ABOUT GOD'S HOLY
SPIRIT that would bring all things to our remembrance & that would guide us into all truth. (John 14:25 & 16:13.) We thought he already had received the Holy Spirit as he had preyed for it before. But it says in Acts 5:32 that God gives the Holy Spirit to them that obey Him. So by faith we got together & asked Johannes if he wanted to receive the Holy Spirit. He was in the state where he really wanted to be freed from his rebelliousness, so we anointed him with oil & he cried desperately out to the Lord for help.

HE BROKE INTO TEARS, ASKING THE LORD TO FORGIVE HIM & give him His Holy Spirit of Truth that would help him to remember His Word so he could be honest & obedient. After the prayer he praised the Lord like we have never seen him do before, praising & praising Him with his whole little heart, it was so beautifull TYJI

WE WERE AMAZED TO SEE THE CHANGE IN HIS ATTITUDE during the days which followed, he would now receive correction knowing that we were right, instead of trying to cover it up. He started to memorise one verse a day, two verses a day, & it got easier & easier for him to remember. Everytime he would show a sign of murmuring, stubbornness or plain a disobedience, we would now let nothing slip by, but always be on his case with discipline & the Word as firm & consistent as possible.

OF COURSE, IN EVERY SITUATION WE TRIED TO MAKE IT EASY FOR HIM TO BE GOOD, encouraging him by showing love & sharing uplifting verses. But when he would choose disobedience I would really sock it to him with spankings until we knew he was really sorry & begging for mercy. Then we would find verses & stories from the Bible & MO Letters about how God never tolerated murmuring, complaining or disobedience.

EVEN WE OURSELVES HAVE NEVER

complaining or disobedience.

EVEN WE OURSELVES HAVE NEVER
REALISED how serious & terrible & how
much worse than witchcraft, idolatry & iniquity
stubbornness & disobedience are. King Saul lost
his whole kingdom because of a "seemingly
small" disobedience. He even in a way tried to
do "good" (1 Sam. 15:23) & Ananias & Sap-

Beautiful Lydia doing dishes in the sun!

phira were both instantly struck dead trying to cover up their disobedience by lying. The list is almost endless of all the judgements God has sent on His people when they disobeyed. But oh, how He blesses us when we obey in small things, anything can happen then & there is always a victory around the corner. "He that is faithful in that which is least is faithful also in much." (Luke 16:10.)

WE WERE SO THANKFUL TO THE LORD FOR EXPOSING OUR DISOBEDIENCE TOO in not training him in the way he should go.

FOR EXPOSING OUR DISOBEDIENCE TOO in not training him in the way he should go. As Dad says in "Rotten Apples" (No. 1023), that problem children are usually the result of problem parents. Oh, how we prayed for forgiveness for not staying closer to the Lord & all the precious Letters on childcare in discipline & the importance of learning & memorising the Word. Because if we leave the Word out of discipline, it doesn't hit deep or, make a lasting change. (Heb. 4:12). Hosea's letter on "Love & Discipline" covers it all, showing clearly how Dad always emphasised the Word in both love

& discipline & how the Lord blessed it!

& discipline & how the Lord blessed it!

WE MUST SAY THAT WITHOUT DEAR,
FAITHFUL PAUL & MARIANNE'S LOVE
& PATIENCE, which they have always showed us, & their wisdom & humility in the way
they handled the whole situation, we doubt
that we would have had the vision & guts to
see it through to total victory. God bless them!
They not only encouraged us to fight the
battle, but fought the battle with us in full
determination to win the fight! They even
used the lesson that we were about to learn
to help the whole Family here in the camp to
search their hearts & make sure we all had the
same standards in the care of our children. We
all read together Letters on child-discipline,
really searching out the Letters, agreeing on
various things that we wanted to change, like:
KEEPING A MUCH CLOSER EYE ON
WHERE THE CHILDREN ARE, what they
are doing, making sure that both their play &
attitudes are beneficial & positive. It bore such
good fruit as we all got more united & convicted to follow the Word much closer, helping us to have a higher standard with the children.

HOW IMPORTANT IT IS FOR US AS

dren.

HOW IMPORTANT IT IS FOR US AS PARENTS TO BE FAITHFUL & consistent in small things to make sure that we let no weeds of disobedience grow in their tender little hearts, these children who are that new generation, our end-time witnessers! There's nothing like the Word, that's the only weapor that can mold, purify & change us all. "Now ye are clean through the Word which I have spoken unto you." "If ye continue in my Words, then are ye my disciples indeed, & ye shall know the Truth & the Truth shall make you free." "It's the Spirit (the Word!) that quickeneth" (John 15:3, 8:31, 32 & 6:63.)

NOT ONLY READING & MEMORISING

THE WORD, but being sure to live it & let it convict us every day in every situation & help the children with the same. The Word is the measure from where we can measure all things. As Dad says in one of his recent Letters: "So I consider for our children the best education you can possibly get is the Word in the Bible & the MO Letters." (No. 1036.)

THIS ALL HAPPENED ABOUT THREE MONTHS AGO, & by this time Johannes has memorised more than 40 verses & 7 children's Daily Mights & hes now started on the adults' Daily Mights & His this convicts him daily in everything he does. It's so wonderful to see how he respects it, & how it makes him decreas & Him increase. Hallelujahl Such a victory out of seeming defeat! It's so exciting & fulfilling to care for him now, as he is so happy & content & eager to learn everything. "If you know these things, happy are ye if ye do them." Response To "Rotten Apples!"

Lessons learned & victories gained in caring for handicapped children!

From the mother of the child mentioned in "Rotten Apples": Dearest Dad & Maris, GBY11 LOVE YOU SO MUCH, & appreciate you more than words could tell! Well, I can't describe the reaction in my heart as I read your letter concerning me and my son. It was such a shock and shook me up, or better, broke me down, like never anything in my life! The Lord has had to let some heavy things happen in my life to get me desperate and more broken.

1 DON'T KALOWIMME

to get me desperate and more broken.

I DON'T KNOW WHO THE FATHER IS OF THE BABY.
As a result of an abortion I had in the system, I have a very weak uterus. But also the overdoing of housework and F Fing had caused the baby to be born at six months. This was very heartbreaking for me, for he had some problems with breathing.

heartbreaking for me, for he had some problems with breathing.

FOR SIX MONTHS HE-HAD TO BE IN THE HOSPITAL, because he needed a tube in his throat to be able to breathe. Then, when I could take him home, he still had this tube for another six months, until he was totally healed from his breathing problem. All this made him to be physically retarded for ewhile. He's now three years old and strong and grown up normally, as other children of his age.

THE LORD KEPT ON DEAL-ING WITH ME in some heavy ways. When I came here, I was pregnant but lost the baby. Probably because I didn't take all this that happened seriously enough. I had another miscarriage a year later, which was caused by an operation I needed to have because of an infected appendicitis. This really did make me desperate, for I

did make me desperate, for I

have another baby. That's also when the Lord showed me to take things more seriously and really pray about thing & find out what the Lord is trying to teach me. LHM!

I REALLY WANT TO ASK YOU, DAD, TO PLEASE FOR-GIVE ME for any problems that I have caused. Your letter really puts the fear of the Lord into me and makes me check my heart more than ever!

AS YOU SAID, if evil spirits find that crime doesn't pay, they would flee. But if they don't get corrected right away, they would flee. But if they don't get corrected right away, they couse more problems! We prayed for my son all together as you suggested in the Letter. It really makes me cry much, when I realise how the Lord had to use all this and let this happen to him because of my failures. LHM!

YOU ALSO SAID THAT LACK OF DISCIPLINING A CHILD comes from a lack of self-discipline & this is so true!

Lord help me to really learn my lesson & to change & be more prayerful about things I do! know that all your chastenings are done in love, & I really want to thank you for your concern & for laying down your life for us.

I NEED YOU, & could never be happy anywhere else but in the Family. Your words have changed my life ever since I met the Family 5½ years ago, & I couldn't keep on without them. Forever with love, Your Daughter.

THROUGH ISAAC'S DEAFNESS I LEARNED A VERY
BIG LESSON TOOI I really didn't take childhood diseases seriously up until now. Maybe it wouldn't have happened if I would have had real faith, not just taking if for granted that it was nothing, and had desperately prayed & sought the Lord. has a very serious effect on the unborn child.

AT THE TIME I WAS PREGNANT WITH LAILA, we had taken in a stray cat & made it our house cat. Because of ignorance & not being more prayer-ful, two children were born with serious birth defects. I know the Lord allowed this for many reasons, & one of them is a warning to others as I've seen many a stray animal taken in with at least one or more pregnant mothers in the home. "An ounce of prevention's worth much

much more than a pound of cure, especially when it comes to the Lord's children."

IT'S SUCH A BEAUTIFUL FEELING TO SEE HOW SHE FINALLY LEARNED TO CRAWL after two years, to be able to see her put two words together, to know she is finally understanding what you're saying to see that maybe one day she will walk. But, all of this has & will only come about with desperate prayer, faith, knowledge of God's Word, obedience & just loving Jesus more & more everyday! The tests don't get easier, but you really learn what the verse means when it says, "to endure hardness as a good soldier of Jesus Christ". God's Love is limitless when it comes to His children.

Growing With Our Children!

Lessons learned in understanding Pre-Teens!

From Adam & Patience, parents of 4; Scandinevia:

HAVING OLDER CHILDREN WHO ARE GROWING INTO AN AGE LEVEL in which they, more than ever, get experienced, start to make their own independent decisions etc., is really something new to us & makes us keep seeking the Lord for guidance. We went to pass on some lessons & experiences we are having & are just as interested in hearing from other families about how they try to bring up their pre-teens to serve & love the Lord. OUR OLDEST SON JONAS-8½ HAS TAUGHT US how important it is for us as parents to be adaptable as he grows, & to change our disciplinary methods accordingly. His needs are changing now & so our approach to him needs to be different, & we as parents must continually stir ourselves to meet these needs of his.

as parents muscound his.

AS CHILDREN GROW UP & ARE MORE & MORE ABLE TO TAKE CARE OF THEMSELVES PHYSICALLY (—Right now we don't have a child who doesn't feed himself or goes to the toilet by himself; they're all independent in that respect, being 3, 5, 6% & 8%), the way they need guidance changes to a more intellectual & spiritual level, & this can take even more prayer.

tellectual & spiritual level, & this can take even more prever.

IT TAKES A LOT OF ADAPTABLITY, PATIENCE & UNDERSTANDING, while at the same time it's really fun & interesting. It makes us more mature & is really a great challenge! It also makes us more dependent on the Lord, as many times we don't know what to do. We are certainly not "equal to the task" as Dad says in "What Is That In Thy Hand", & He will help us if we do our best to rear them His way.

Now perhaps we encouraged him a bit too much, because took his little friend & sat down & started sharing from the Picture Bible he has & went thru' the whole doctrine, from Jesus' crucifixion all the way to the Endtime & about the Anti-Christ, & finelly told his friend as he was becking out the door that he better not receive the Anti-Christ's number 686, but Jesus' number 777, or he'd really be in trouble!—GBH! A TEENAGER SPEAKS OUT!-

Sex Should Be Fun! Parents: Don't pressure your young teens into "sharing

From Shuly Boliver, age 16; Central America:

From Shuly Boliver, age 18;
Central America:
Dear Mo & Maria,
1 FEEL BURDENED TO
WRITE TO YOU ABOUT SOMETHING. Since we're getting
more & more teenagers I think it
it's very important for me to
share these things with you, so
that it can help others & help
grown-ups understand this rather
difficult age.
I WAS SAD & UPSET WHEN I
READ IN MAG 38 what another teenage girl said about "noing thru it" in the area of sexual
sharing. It really struck me, because more kids in the Family
are becoming teenagers & it
would be a shame if they had to
"go thru it" too.
HERE'S PART OF A LETTER
I RECEIVED FROM A 13-YR.OLD GIRL, a friend of mine, in
the Family: "Well, I went thru
it at first because it was kind of
hard relating to older brothers
about 30 years old when I had
just turned 13. Also when I
started maturing & starting-to
look "beautiful" to the guys they
would go around pinching & slepping my butt, squeezing my tits
stc., & for me this was a real
turn-off.
"IT'S SORT OF DIFFERENT
IMMEN WILL "MARE' WITH

ping my buts, squeazing my tits etc., & for me this was a real turn-off.
"IT'S SORT OF DIFFERENT WHEN YOU 'SHARE' WITH SOMEONE YOUR OWN AGE, you're just having fun & it's easier to relate to each other & open up. But with someone twice your age you feel funny with them & you take it more seriously. Also sometimes when my parents shared or fell in love with someone, I felt like I was deserted & lett alone with the kids, & this really turned me off sharing & sex. So they thought I wasn't quite as 'free' as they were, so they decided to break my hang-ups. My parents were

somewhat encouraging, but I didn't feel quite as free with ther to go ask coursel, like you are with your Mom..."

1 THINK THE BEST WAY!
CAN HELP IS BY GIVING MY EXPERIENCES along the same line. When I was 13 in Venezuela! had an effair with your grandson (Junior). We liked each other very much. The thing I cemember most was that we had tun-TONS of it.

15 WE'D HAD BROWNLUPS

nember hos was that we had not to the control of it.

If WE'D HAD GROWN-UPS BREATHING DOWN OUR NECKS we probably wouldn't have even looked at each other. I think it's wonderful to have the liberty if you want it, & if it's spontaneous. With Junior & me, our rooms were next to each other, so naturally he would come & chat, & so it grew. He asked me, "Have you ever kissed?" I said, "No, I don't know how," & he said, "It's reelly easy, I'll teach you. Do you want to try?" So of course! old, because it was fun & something new.

try?" So of course I did, because it was fun & something new WE USED TO SNEAK UP ON THE ROOF when no one was around & would bribe Philip with anything he wanted to let Junior sleep alone, as Jethro wasn't exactly liberal along those lines! We went to bed once, but it was something that grew over a 3-month period, something that was young, innocent & happy, with lots of logs & fun & of course adventure.

ALTHO' I'M 16 I STILL DON'T ALTHO' I'M 16 STILL DON'T FEEL MATURE ENOUGH TO HAVE ANYTHING TO DO WITH A GROWN MAN. Maybe it's hard for you to understand but sometimes a grown man can overpower a young girl & domi-nate her. Having a relationship with Junior cured me of a loath-ing of sex & a terror of older men due to the effect of an unwise older brother in our Horn I used to button my shirts to my throat, wear a bra & t-shirt & glare at anyone who called

I THINK "CHILD BRIDES" IS A WOMDERFUL LETTER because some (not all) teenage really need to have fun with so really need to have fun with some one their own age group first. I haven't had anything serious with anyone after Junior, & I just know I'm.not ready for it. Many guys think that just because a young girl had an "experience" that she's "evailable".

BUT YOUNG GRES ARE VERY IMPRESSIONABLE & brothers should be understand-

VERY IMPRESSIONABLE & brothers should be understanding & not expect it as their "right as they might an older or more experienced sister. Maybe it sounds as if I'm protecting myself, but it has been bottle-breaking to tell you all this.

IF A GIRL "GOES THRU'ST" AS FAR AS SEX It's probably because she's being pressured into it, not wanting to appear to be a "girl who wouldn't", but she just isn't ready for an experience with older prethers (or the particular ones in question). Alparticular ones in question). Al-tho' I've had an experience I would go thru trials if I was pres-sured into sharing with an older

sured into sharing with an older guy.

I THINK A GIRL SHOULD
BE IN LOVE OR VERY ATTRACTED before she starts making love, because a girl gets much more crimationally involved (like in "Male or Female"). A ther first experiences get imprinted indelibity on her mind. The teenage girl is ready when she seks for it for anthusastically accepts it. I think it's a share to have to go thru' trials when sex should be something beautiful. I write because a sad experience could put-some people off the wonderful love shared in the Family. May God bless & keep you, Dad. Your daughter in Jesus, "Shuly. (PTLI GBY! A men! We heartily agree! - & real love lass! "M&M.)

a continuous good sample thru'
his trials & tribulations of growing up. Don't forget God's promises to us as parents: "Train
up a child in the way he should
go, & when he is old he will not
depart from it" (Pr. 22:6) I
think that promise was put there
to encourage us when our chil-

PLEASE CHANGE YOUR MINDS & ASK HIM BACK!
The visit to his System relative may, or may not, do him good. But don't let it be permanent or even let him know that you even considered sending him away forever. I really do understand how terrible & awkward & draining an out-of-it tenager can be, & sometimes one feels like chucking him out, but personally would never actually contemplate doing it, & that is the reason why I'm writing you, to share my opinion for what it is worth.

IF YOU THINK ABOUT IT, WE WOULDN'T DREAM OF THROWING OUT A PHYSICALLY WEAK OR SICK CHILD. The same should apply to a child who is spiritually weak or sick. God's Word really encourages us to have faith for these little ones in Phil. 1:6: "Being confident of this very thing, that he which the day of Jesus Christ." Claim it! Our children are such precious gifts of God! Please write

"DEAR DAD!" -- "MY LIFE STORY!" -- By Faith David

"DEAR DAD.""—"MY LIFE STORY!"—By Faith Da Dearest Dad & Maria:

1. GOD BLESS YOU & ALL YOUR LABOURS FOR US. HIS CHILDREN! I really have learned to appreciate all your efforts to get everything down on paper since being absent from you for such a long time physically. It's been almost one & a half years now since I lived so preciously close to you in your little home, & that after being separated from you virtually since I went to Los Angeles to pioneer with Josh in 1970.

2.—AND BEING THE ONE MEMBER OF THE FAMILY that has spent the least time in your physical presence during the past four years or longer, I can only remember a few Priceless opportunities to sit at your feet & be personally taught!

3. LIKE MANY OF THE KIDS THEMSELVES, I LEARNED ONLY BY WHAT YOU BEGAN TO PRESERVE SO. WECESSARILY ON PAER after you "split". & had only this to follow in the lyears of pioneering that followed, And the faith to do some daring things, like pioneering country after country in Europe, following Letters like "World Conquest Through Love" & "Wonderful Mave of Worldwide Witnessing", etc.: (See Nos. 15) & 154.)

4. ME FELT THE "SKY WAS THE LIMIT" & that as long as we had the faith & your Letters to guide us we could go anywhere & do anything for you & Jesus: There was no limit:

5. THEREFORE I DIO NOT HAVE THE PERSONAL EXPERIENCES WITH YOU THAT MANY OTHER MEMBERS OF QUIR FAMILY DID, & did not hear many of the valuable lessons which you taught, some of which I think are still not on paper but I have heard about through members of the Family. They seemed so surprised when I asked them about these things, thinking that I was there with them when the lesson was taught or the experience happened: So I know the Lord used me, even though I made some mistakes, but sometimes I wonder if I missed something somewhere:

9. I MAS JUST BEGINNING TO UNDERSTAND HOW SYSTEMITE KIDS LIVED & trying to make friends with them & even become one of them!--Minch I never really could, as I soon began te discover, because for some reason I was too different from them!--And I really tried!

10. MELL, HOW DID I GET INTO ALL THAT! I

IARTED MRITING YOU A LETTER & NOW I'M YTO MY LIFE HISTORY! Well, maybe that's kactly what I need to do as it has never seen written & maybe it'll help! I'll nev r forget our first "pioneering" missionry trip to a foreign country, Mexico,

which was really my first challenge after of southern and an analy wasted to travel with you a pioneer a never go back to school:

Chapter 2: "My First System Job!"

14. BUT I GUESS I HAD TO LEARN TO HAIT I HET SYSTEM A LITTLE WORE, as I did have to go back to the Christian School I had foropped out of a even work for my brother as a papergirl, delivering papers: Asron gave me the southern end of the paper route (on Miami Beach) which had all the agarement buildings because it was the hardest & I had to run up all those stairs--sometimes four or five flights-to deliver the papers to my fifty customers, who by the way were almost all Jewish!--And you know how they are about children, so they just loved me!

11. EVEN THOUGH I MAS ONLY NINL I LEFT believe had a lot to do with my really giving up the System & all its pleasures, as I saw these sweet, poor people who really responded to the Tove of God through us when you & I witnessed to them. I just like me because of my blonde hair! Remember? Hai: Sometimes you could only find me gore was a sweet would sign up for the paper just because I promised them I now with them, didn't!?

12. YOU COULD HARDLY PULL ME AMAY AS I JUST DIDN'T MANT TO LEAVE THEM!--And I guess I'm still the same way, huh?! I could even cry over the faot they were so poor & needed someone to love them like us, & I didn't ever want to leave Mexico. We even pioneered their language as we studied it on the train, which was the cheapest transportation: We could travel for 200 miles on two dollars, & really nicely, too! I think we spent two or three weeks there & travelled from one and to the other, all the may down to Merida'. That bus ride from one end to the other, all the may down to Merida' in the wast an experience, with the heat & the chickens--I think it was 2nd or 3nd class, & I'm sure it was the cheapest.

est: 13. <u>BUT IT WAS ALL SO EXCITING TO ME</u>,

NO HARDSHIP MATTERED! AND THAT'S MHEN I THINK YOU REALLY MADE A MISSIONARY OUT OF HE so that I never wanted to do anything else! You ruined me for the System & a normal life! I had a missionary's heart from then on & only wanted to travel with you & pioneer & never go back to school!

route was, he dropped me off where my red wagon was behind our house. I'd already folded them at the other place while the newsboys laughed at me 'cause they'd never seen a papergirl before!

17. SO I HOULD PUT THEM IN MY MAGON & WALK THE WHOLE ROUTE, everything below 5th Street & Washington Avenue to the water at the South end. And when I had to run up the four or five flights of stairs to deliver them I would have to leave my wagon & all the rest of the papers downstairs and just pray that no one would steal them while I was gone, as this was the poor end of the beach & a lot of bad kids were around! Sometimes I was scared because I knew if anything happened to the papers Aaron would be mad, & he was a tough boss!

18. I MADE LOTS OF NEW CUSTOMERS & GOT BIG TIPS FROM THE NICE OF THE STATES.

kids were around! Sometimes I was scared because I knew if anything happened to the papers Aaron would be mad, & he was a tough boss!

18. I MADE LOTS OF NEW CUSTOMERS & GOT BIG TIPS FROM THE NICE OLD JEHS who loved to have a little papergirl who would smile & talk to them a little & brighten their lonely lives! Sometimes I was even invited in for cake or something to drink because they didn't have anybody else to talk to & just liked our friendly spirit! They really responded to love! But even though I helped make lots of money, my boss was never satisfied!

19. I DION'T REALLY CARE ABOUT MONEY!—I MAS JUST IRYING TO EARN MY WAY TO BE ABLE TO GO TO THE CHRISTIAN SCHOOL which cost \$2.50 a week so I wouldn't have to go to a real System school & be with all those ungodly kids & teachers!—Most of them didn't believe in Jesus 'cause they were Jewish! Besides, my brother needed help & I liked meeting people & helping them, so I didn't mind it, so much, & the people liked me, too! On Christmas Eve, we got to give them a Christmas card & witness to them, & they liked it!

20. "A LITTLE CHILD SHALL LEAD THEM", & THEY SAW ME REALLY LOVED THEM! It was like my little Colony that I had to visit every day & keep them inspired! I really grew to love the people & even the long twenty-mile ride from school! The Christian school was way out at the other end of Miami by the Tamiami Trail, & we would have to rush from school to collect our papers on Miami Beach at the right time, but it all seemed worth it to me!

2YSTEM, & I MIST ADMIT WY BROTHER WAS A LIMIT WY BROTHER WAS A LIMIT BROTHER WAS A LIM

tem by moving from Florida to the Texas Ranch & Aaron started caring for & loving his animals-goats, sheep & even pigs--Ughi--Most of which he bought real cheap at the auction because something was wrong with them, either they were crippled or sick or something like that.--And he would love them & nurse them & try to make them well, & he did with some of them:

22. THIS MAS A REAL GOOD CHANGE FOR ALL OF US CITY KIDS & "IN THE SYSTEM" somewhat.--Even though you would try to keep us all on the track by giving us Bible studies & "Bible in Pictures" when you were home & not travelling for the Lord & His work. That's probably what kept us

from becoming Systemites there! And of course, Mom was always around to say (if nothing else worked) "I'm gonna tell-Dad on you!"--which would really sober us up as we knew she meant business!

23. WHEN YOU MOULD HAVE THOSE BIBLE STUD IES MITH US OR "BIBLE IN PICTURES" I'T WOULD ALWAYS REMIND US OF WHO WE WERE & WHAT WE WERE HERE FOR! It would take us right out of the System's clutches every time, as you taught us a revolutionary class & exploded in the power of the Spirit! We all trembled in the fear of God & quickly repented of our sins & got back on the right track! So I know, Dad, that it worked then, & it.still works!--

award symbolised something "different", something above "normal"! Mhich was something I was forced to accept publicly in this open declaration of these Godly teachers who had prayerfully chosen the student they felt qualified in spite of what anyone might think, believing the Bible verse, "Give honour to whom honour is due".—And "without partiality, & without hypocrisy":

16. THERE WAS CERTAINLY NOTHING FOR THEM TO GAIN BY CHOOSING ME, as according to system standards my parents were probably the poorest financially & materially, & the least influential, being just poor missionaries themselves! The only thing they could possibly have gotten out of it was the pleasure of encouraging what they considered to be a good example of dedication which they hoped the other students would follow. And maybe they even knew, like teachers do sometimes, that they were encouraging its little girl, me, to be an even more dedicated missionary & to "Seek ye first the Kingdom of God".—And that "all these things shall be added unto you".—And I'm sure that it did, as this event, too, had a very profound effect on my life.

17. I'LL NEVER FORGET THEM & THEIR GODLY

AMPLE OF BEING TRULY DEDICATED TEACHERS (ATERNITY DEDICATED TEACHERS.

ATTERESTED IM ENCOURAGINS VOURG FCOPLE
LYING! And I don't think you can find teachers like that today "in the System at that time either, because they had dropped out to teach at this little Miami Christian Teachers, to have a new, more decicated Christian that time either, because they had dropped out to teach at this little Miami Christian Teachers, to have a new, more decicated Christian Teachers, to have a new, more decicated Christian Teachers, to have a new, more decicated Christian Teachers, to have a new, more

dicated than we were at their age because of all we've learned now from their experiences & our own. Those teachers had to acknowledge the anointing of God's Spirit upon us—not how SERITE we were.—and that we were preparing even then to take their place:

20. AND SOME DAY WE'LL SEE THEM IN HEAVEN & BE ABLE TO THANK THEM, even though some of them may not now fully understand what we are doing, if they are still alive!—They'll see the fruits of their labours in ours & the Lord's "great World-wide youth movement for Jesus"—"The Revolution for Jesus", founded by that "crazy" father & his "crazy" family!

21. I HOPE THEY'RE NOT SORRY THEY HONOURED US—THE LITTLE PROPHETS—HIO HAYE MON TAKEN OVER THE ARDUOUS WORK OF EVANGELISING THE WHOLE WORLD before Jesus comes back to rule it in a few years. And I hope they haven't become "old bottles" that can't take the new wine of the Spirit which is flowing today from sthe pen of His "crazy" prophet, David! Hallelujah; Because if they "taste" they'll "see that the Lord is good":—And hasn't changed but is still causing a Revolution in His children who are reaching the World with the "good news" by the revolutionary means & methods that & the Lord has given them to reach this, it he last & most difficult of all genera—tions!

22. LIKE THE OLD PROPHETS, WE HOPE
THEY WILL GIVE THEIR BLESSING TO THE NEW
a not reject them as the scribes & Pharisees rejected Desus & His first band
of "hippy" disciples who also preached
the "Good News" to the whole World of
their day--without the help or acceptance of the church system of their day,
--In fact, they suffered persecution, &
deventually death because they were faithly ful to obey what Jesus told them to do
before He "split"!

23. BUT IT SEEMS LIKE IT'S SO HARD FOR
THOSE WHO HAVE GROWN OLD & HAVE BECOME
PART OF THE "ESTABLISHED" & "NORMAL"
CHURCH, & have long since forgotten
the struggle of a new revolution & therefore have become part of the System, to
accept us & our New Jesus Revolution &
the "new wine" which is for the "new
bottles", to revive & refresh this dying
generation of young people who would not
listen to the "old bottles" or their "old
sermons" any longer.

24. --BUT THEY ARE LISTENING FOR THE
SHEPHERD'S VOICE TODAY & the "Words of
their Father" which are working Wonders
for the World today in so many of your
Letters! God help them if they do not
listen! For "Now is the day of salvation

Chapter 4: "The Graduates!"

Chapter 4: "The Graduates!"

1. MELL I HOPE I DION'T QUIT TESTIFYIN' & GO TO PREACHIN', but I just get so excited when I start remembering all these things & how the Lord made His "revolutionary" out of me. Thank God: I think it takes faith for God to reveal the past & all its meaning as well as the future. I hadn't thought of thase things in years, but He "brings all things to our remembrance"! Hallelughal I don't know where to begin today, but I'll just "dive im" like I did yesterday & see where we land, Okay? Thank You Jesus!

2. THAT LETTER "BROTHER SUM" REALLY TELLS NHERE INHINGS ARE AT FOR ME: Jesus said apily, "But ye are not of the System, therefore the System hateth you! Dare to be different, He was saying, venture to vary from the norm which the systematic System addicts have established to conform to their own Establishment behaviour what they claim to be the generally accepted rule of your rulers, & they will hate you for daring to challenge their authority to tell you what they them-

selves have decided is right & wrong.

3. "JUST YOU DARE TO BE SO BOLD AS TO THINK, ACT. LIVE OR TEACH DIFFERRILLY from the vast robotte, narcotte, conventional, pretentional, conformist, performist, zomble bomble so-called silent majority of the supposedly average & normal Systemites, & you will soon see them not so silent & you will hear them, too, for it is the hit dogs that how! And if you learn to run with these wolves you will learn to how! too, when someone dares to say & prove that your way of life is not the only way." (From "Brother Sun" by Father David. No. 225) "Long live the truth of Brother Sun" by Father David. No. 225) "Long live the truth of Brother Sun" by HALLELWAH: Thank God for "Paper Power", HALLELWAH: Thank God for "Paper Power", because now everyone can learn what we learned with you & become "revolutionaries" for Jesus too! You had to pioneer it so you could put it down on paper to teach others besides your own kids, because nobody else is teaching them.

5. AND NOW, THE LORD HAS GIVEN YOU.

THOUSANDS OF JESUS REVOLUTIONARIES TO

HELP YOU SPREAD THE LOVE, PEACE & JOY of
the "Good News" to the millions of people
who need to know that God isn't dead Just
because religion is, but that He's speaking today to those who will listen, "
will give them a whole new life if they
want it! And for those who don't want it
& will not listen, God is having you warn
them of what is going to happen to them
because they haven't listened to God or
you--like America!

6. YOU USED TO TEACH US BIBLE CLASSES
ALL THE TIME WHEN WE WERE GROWING UPabout how America was going to fall because of its sins! Even then the Lord was
revealing to you what those prophecies the
churches didn't understand & thought were
kind of crazy really meant:--And especially the Book of Jeremiah which the Lord
showed you was the message for America today. You could hardly get anyone to listen
to you & especially the church people because they didn't want to forsake all &
follow Jesus, & didn't want to obey what
they did understand of the Bible, & in
fact, your own family were about the only
ones who did listen to you!

Our Family and home on Miami Beach!

7. BUT NOW YOUR FAMILY HAS GROWN & LOTS OF OTHER KIDS. HIPPIES & DROP-OUTS from other people's families have become part of our Family, because they liked what you said & what you taught them from the Bible; they believed it & wanted to live with us too! But I'm getting ahead of my

story so I better go back a little bit å try to pick up where I left off: I was telling about beb å I graduating from the Miami Christian School!

8. WELL, WHEN I WAS GRADUATING FROM THE SIXTH GRADE OF THE ELEMENTARY SCHOOL. DEB MAS GRADUATING FROM HIGH SCHOOL which was a pretty big event. I was there for her graduation ceremony too å remember thinking how much she looked like a career girl! I think they even voted in her class that she was the most unlikely to get married before 25! Little did they know what God had planned for her as only a year å a half later she had already married å was having a baby!

9. I MAS ALMAYS THE LITTLE SISTER, OF COURSE. SO SHE COULD TAKE ME ON DATES WITH HER BOYFRIENDS to make sure they stayed "friends". Therefore I got to see some social life too, & meet a lot of big kids. I went miniature golfing & boating on these friends' houseboats, went to all kinds of "Gospel Sings" as she sang with a group called the Sextet from the Miami Christian School, & she even sang on TV a

few times with "Youth for Christ", whose rallies we always used to attend.

10. SO I GOT A TASTE OF SOCIAL LIFE & I COULD STILL SEE WE NEVER REALLY FIT INTO THEIR SCENE AT ALL, & even though Deb was pretty popular, they always thought it was kind of funny that she always had her little sister along with her! But even in those days we believed in going two by two! Anyway, she broke all their hearts because the next year she married Jethro. I think she met him at Ray Stanford's Youth Ranch, a place kids went to because they had good guitar music & it was Christian! Well, one Thursday night he went & "got saved"!

Chapter 5: "High-Diving!--Dropping Out:
Mitnessing!"
11. "GOD ONLY USES BROKEN MEN & WOMEN":
"MEN OF FORCE ARE MEN OF FAULTS"! Praise
God! I remember very clearly your crying
out to the Lord in prayer many times,
when I was a little girl, & it left a
very deep impression upon me because I
knew you really loved God & wanted to do
His will in spite of the weaknesses of
the flesh. Your sample is what has carried me through so many deep trials, so
that I would go on in spite of my miscotakes & trust God that He was using them
to break my heart so I would draw closer
to Him just like you always did when you
made a mistake, & till now these same
lessons are what keep me following closer to you & the Lord:
12. PLEASE FOREIX ME when I have not
kept close enough to you through the
Spirit & your Letters & thereby have
strayed some from the path, but each time
we have been rescued by you & restored as
a little lamb to the shepherd's side to
be kept closer to his bosom! We haven't
always been perfect, & that's what keeps
us humble enough for the Lord to continue
using us. Thank you, I love you! "Prayer
is the key to Heaven, but faith unlocks
the door!" You always had so much faith!
Most people just don't believe what God
says & they quit Him when the going gets
rough or the way gets tough, but faith is
a gift of God gotten only through obedience to His Word.

13. IT'S LIKE YOU TAUGHT ME ABOUT HIGH
DIVING: The only way is to follow the
simple rules & just do it! --The Lord
will have to take care of it once we've
done all we can do:--And then just step
out by faith & let God worry about the
rest, as that's His job! You would give

me the faith to go up onto the high diving board & then you would just believe
that I was going to make it!—That once up
there I would have to have the faith to
dive in even though I was scared to death!
But that's how you taught us to have
faith! That was just another little example in my testimony which is really what
our whole life is—it's learning to live
by faith & not by sight, to just trust
God!

14. YOU WERE ALWAYS TEACHING US TO "DROPOUT": Just like you did when you taught us to high dive! The main thing was to jump a the Lord would have to take care of where you landed! So when you finally took us out of school altogether a decided just to take us with you in our new mobile home, it was really an exciting jump to say the least, even if we didn't know at that time where we were going to land:—And we hardly landed anywhere for about three years as we travelled all over till I was 15, from Miami to Texas to California to New York, all living by faith! Hallelujah!

15. MHAT AN EXCITING WAY TO GROW UP—LEARNING AS YOU GO!—BOTH THE BIBLE & OUR EXTRACURRICULAR STUDIES which we took through the American School Correspondence course. We took almost six years of "normal schooling" in two-a-a-half-years through this course, travelling & seeing many places & things besides WITNESSING! You taught us it was enjoyable to serve God & "Seek first the Kingdom of God"! We were always being taught many spiritual lessons on the way & learning to apply those lessons in our daily

b, Faithy, Ho and Aa at a National Park:

life as we always went witnessing wherever we were! Even before the Jesus Revolution started we witnessed to "Beatniks" in New York.

15. YOU TOOK US TO PIONEER AT THE NEW YORK WORLD'S FAIR. & ME EVEN HAD AN EXHIBIT HERE when I was 13! And we started it all as a small team of three, you, Mom & me! Remember? We witnessed all day long, sometimes twelve hours, at the Protestant &:Orthodox Centre. And even though our booth was the smallest, it was the most active as we witnessed & even prayed with kids who wanted to ask Jesus into their heart!—Right in front of all

Ho, "The Little Preacher!"

those Church people who would watch us from their very big expensive booths that were empty most of the time because they weren't friendly to the people, & we were 17. ME EVEN SHOWED MOVIES & one time when I was watching the booth & witnessing to someone, all the flim ended up on the floor: I was so horrified as I waded kneedeep in film behind the booth trying to roll it back on the spool-one of those big lomm film spools: One of the other Christian exhibitors from the Salvation Army booth stuck his head around behind to see where I had gone & saw me standing in the midst of all this lomm film on the verge of tears: I was horrified that he had caught me in this mess because I knew they were watching for any little mistakes as I was really underage (they didn't know how underage!) & shouldn't have been running the booth in the first place!

19. THEN I HITCHED A RIDE TO CALIFORNIA TO HELP DEB WHO WAS GOING TO HAVE HER SECOND BABY. -- I always did love to take care of babies! You & Mom let me go with a friend who offered a ride: -And when I landed on Deb & Jeth's doorstep were they ever surprised!

I'M NOT PREACHIN' TOO MUCH, but it seems

I can't help it! I'll really try today to
stick to the story & not wander down too
many paths "picking daisies"! I get so
inspired as I remember all that you & the
Lord have done for me & taught me, that
if this testimony ever gets finished
it'll be a miracle, as there is so much
to tell! I sometimes feel like I've lived
a thousand lives & don't know which one
to tell you about first:—And which ones
I'll have to leave out because of the
shortness of time & the fact that our
job is not just what is already past,
but that we're still living & doing it in
the present & even working on the future,

—A. Christian young man who kind of liked
me, I think, & was looking for someone
to make this long 3,000 mile journey
with.—And because we all thought Deb
needed help with her new baby coming &
Joy being only 18 months old, our first
"new bottle"! So you let me go with this
very nice young Bible College student all
the way to California! It was a real exciting trip, because I hadn't ever been
on a real "date" with a boy, much less
spending three days in a car with one, &
I even helped him drive! Whoops! I don't
remember if I ever told you about that?!
But the reason he let me drive was because he got so tired & I felt sorry for
him!

AND LUKE 14-33 SAYS "SO LIKEWISE.

WHOSE SECRET WE SECRET WITHAT

Christ as he was a teacher there or something, so I offered to drive! Remember how I used to help you drive?--Sometimes sitting in your lap when we travelled together in our station wagon & then in the Ark, our big Motor Home! I didn't think there was any difference except that he did go to sleep leaving me alone at the wheel.—And of course, I wasn't sitting in his lap!

4. II WAS FUN DRIVING ALONG THOSE BEAU-IFUL HIGHMAYS in Arizona, really feeling very grown up!--'Cause I could help him drive the car & let him sleep, when he was so tired that it was dangerous to let him drive anymore, as he was falling asleep at the wheel! We grew quite close during our trip, & I really felt like he was my brother! I even got to like him a little more! He was really nice, & it was the closest I'd ever been to a boy outside of the family as I never went out with any, even though sometimes they wanted to go out with me!

5. ME MERE ALHAYS BUSY IN THE LORD'S MORK & I was so serious about things that if I found anybody I really liked it would be very serious!—Mhich is why I never held hands or even kissed a boy until I was betrothed to Josh, whose name was Arnie then! Women are born helpers though, & I guess that's why if felt so good to be able to drive & take care of this dear young man who had so generously let me come along:—And besides that, we got to talk a lot about the Lord, & serving the Lord. He really listened to me as I shared testimonies of how our family lived & served the Lord full-time, which really surprised him. I don't remember if he knew that I was only 14!

Just the Spirit!

8. I MAS REALLY TOUCHED BY THE FELLING OF MARMIH & sincerity & it really left a very good impression on me, as he wasn't at all hypocritical like the other Church people we were meeting there who were so stiff & cold: BRRI! There was something different about him & I think it was love at first sight for both of us'--Cause with that beautiful long beard he looked like something straight out of the Bible, a real patriarch, which I found out was probably the "celebrity" at the Fair that I met who impressed me the most as being mystical & mysteriously spiritual in his beautiful manner & dress.

9. AT THE FAIR I MET MANY OTHER STARS & "CLUERRITIES" AS I MAS ALMAYS ON THE LOOKOUT FOR THEM & BOULD WITHESS TO THEM it religion & therefore wouldn't think of comming into this Religious Pavilion, I would go & hunt them down so I could witness to them, wherever they were at the Fair, & give them tracts.

10. I MET SHIREY MACLAIN, PAUL NEWMAN & TONT CURTIS, some of my favourite stars, & got to give them a tract about Jesus; --Besides Roy Rogers & Dale Evans, whom I talked to for some time about the need to help young people today find Jesus & live for Him. I can't remember hem all, but there were many famous people we met they had in the centre of Los Angeles. I have they had in the centre of Los Angeles are all she will be fair and in the mid they can be their door, even though I would have liked to or, even though I would have liked to sail leaf the fair that in the fair that I met who impressed me the most as being mystical & mysteriously spiritual in his beautiful manner & dress.

15. ME AID GOODBYE, & THAT MAYE I'D to have been interested in it!) to study the Bible for the Summer when they aren't remember his name, maybe you can!) He faithfully delivered me to their door, even though I would have liked to sail late to their door, even though I would have liked to sail late to their door, even though I would have liked to sail late to be in their own u

from Texas to California, & where our whole family moved after leaving Florida & travelling to California to visit Grandmother.

15. L THINK YOU HAD SOME BUSINESS TO DO WITH FRED JORDAN ABOUT THE TELEVISION WORK to convince him to go colour before anyone else did with his religious TV show which you had been promoting nationwide for ten years or more!—Convincing hard, worldly, television directors to give you free time. And you had gained something like 500 TV stations & 2,000 radio stations across America to air his programme!

16. INDSE MEBE SOME OF THE VARIOUS REASONS ME ALL WENT TO CALIFORNIA. Even Jeth came with us! And on the trip he & Deb got married in a little chapel, in Nevade—wasn't it? Someplace like that, because Jeth was underage & could only get married in a place where 18 was the age limit for getting married without parental consent, which was what he wanted to do as he didn't think his parents would have agreed to it.

17. THEY HOULD HAVE SAID HE MAS TOO YOUNG, as they were very "normal" people & liked things done properly!—Like getting married after you are 25 years of age & after 18 years of "proper" education in the System by the systemites, instead of our kind of "education" of unorthodox teaching "on the road" by Dad, who gave us Bible studies every day, besides witnessing & practising what we were learning everywhere we went!

18. THERE WERE SEVEN OF US ALL LIVING IN OUR DOOGE MOIOR HOME!—Which Dad had gotten from a preacher who had paid for nalf of it & then decided to sell because he couldn't stand the life of a gyssy.—C his wife coulon't stand the life of a gyssy.—C his wife coulon't stand the life of a gyssy.—C

just for the amount that was left to be paid, by monthly payments, which we could afford as it was cheaper even than renting a house & a heaven of a lot more fun!

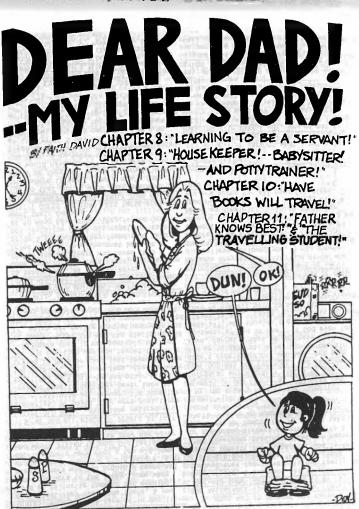

19. But THIS PART MAS A REAL TRIAL FOR THE NEWEST MEMBER OF OUR FAMILY, DEAR JETH, who had been used to living all his life in the same place or same house even, which was Just huge, with only him & his parents most of the time. So when he wanted to take a shower every day in our little tiny bathroom in the "Truiser", as we called it in those days. Dad, you'd really get upset with him, remember? You would ask him why he needed to take a shower every day & live like he did at home in his big house when there wasn't that much water & there were seven people besides!

20. I THINK IT MAS REALLY HARD ON HIM, LEARNING TO BE A PIONEER. IN OUR LITTLE "COVERD WAGON" HEADIN OUT TO SEE GRAND-MA. BUT HE SURVIVED!—Even all your Bible studies which I think he thought were too lengthy & pretty radical compared to all the things he'd been taught at Ray Stanford's Youth Ranch & places like that before he came with us on this trip!—But you invited him to come along not just because he liked Deb, but I think you wanted to help him serve the Lord, too. 21. DEB & JETH MET AT RAY STANFORD'S BIBLE YOUTH RANCH WHEN SHE MAS GOING TO COLLEGE IN MIAMI just after graduating from the Miami Christian School: Dade Junior College was the place, I think, because I went with her to enroll. Then I think she got interested in Ray Stanford's Bible College, maybe because she & Jeth both liked it. Anyway, they got married on the way! And after many wonderful experiences & visiting many places which you took us to see—and after many trials for our new member, Jeth, he got

22. THEN AFTER A NICE LONG VISIT IN CALFORNIA WITH GRANDWINER M. ALL WENT D. IEANS: decided to live on the Ranch, which Fred Jordan offered us in appreciation for all your years of faithful service to him.—Or rather you asked him for it!—Because you knew we deserved the after all the sacrifices we had made to help him & his ministry. Anyway, some us at least stayed at the Ranch a set up a base which we worked out of form the next five years or so, the only to have, permanent place Belleth Back TO HIAMI.

23. BUT YOU ALWAYS TAUGHT US TO RELY ON THE PROPERTY OF THE PROP

7. "YOU DON'T HAVE TO TAKE YOUR LIFE, FOR GOD HAS ALREADY TAKEN II! When you yielded on His altar of sacrifice so long ago & asked Him to take it, He did, & He's been trying to use it for His glory ever since, as much as you will let Him! Meanwhile, 'Despise not the day of small things' or whatever humble tasks the Lord may call you to perform. The less responsibility you have, the less you will be held responsible for, but if you are faithful in the small things, the Lord will commit greater things to your care when you have proven that you can be trusted with them,'(ME No.325:12,21.)
2. LIVING MITH DEB & JETH I LEARNED TO BE A SERVANT! It was a very valuable part of my missionary training. Especially learning to take care of Little Joy, which I took quite seriously, & was almost totally responsible for her & her training both before & after Deb had her second baby, Junior, during the months that I stayed with them in California.

3. I HAD ALWAYS LOYED TO TAKE CARE OF

3. I HAD ALWAYS LOVED TO TAKE CARE OF LITTLE BABIES, EVER SINCE I HAD TAKEN CARE OF MY COUSIN DOTTIE'S BABY when she & her husband lived with us in Florida.—When you tried to get them to serve the Lord with us & help them too!—Even let-

ting them live right with us at the hotel that we had rented on Miami Beach to minister to people. This you did faithfully night after night with Bible studies & your inspiring, faith-building lectures

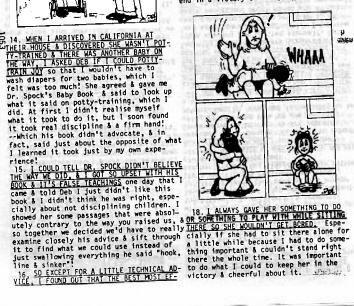

There was no one else to go witnessing with so I would just take her out with me in her little stoller for a ride down to the store or to the park, & we would have a great time! She was only about 18 months old, but acted quite grown up ever then for her age!

FECTIVE WAY TO POTTY-TRAIN LITTLE JOY WAS JUST FOLLOWING COMMON SENSE & THE LEADING OF THE LORD! And in disciplining her, to have a good balance between firmness & spankings, love & encouragement. There is no shortcut as far as I know. It just took diffigence on my part to be sure that what was begun was carried through to complete victory.—And when she did good we would both rejoice over her progress which encouraged her to do good again.—And letting her see her "accomplishment" in the potty really helped:

17 SOMETIMES SHE COULDN'T WAIT TO GET DONE SO SHE COULD STAND UP & LOOK IN THE POTTY TO SEE WHAT SHE HAD DONE, & then would excitedly point to it to show me what she had done, to which I would excital what a good girl she was! But in between she had her rebellious times which had to be dealt with with a firm hand. Then there would be some cryings & breakings between us until she got the victory, & then we'd really love each other, & then start again in sweet victory, which would usually end in a victory on the potty!

36. I COULDN'T STAY IN ONE PLACE LONG THOUGH. & I SOON HAD TO MOVE ON. So I left California & Deb & Jeth & their little family. We had come to help see them through a difficult time of having their second baby.—And help pioneer & set up their new house, potty-train Joy so Deb wouldn't have two babies in diapers to take care of.—And most pf all, as the little sister. I was able to be a spiritual inspiration & encouragement to their little household while I was there.

37. ME OFFICE. Deb was even working there before she had the new baby: Or we would have some spiritual inspiration for them when they came home from their gruelling office jobs of long hours.—Instead of just all sitting down in front of the television, which was not inspiring for them at all:

And if the others didn't want to go witnessing but wanted to stay back & study their Bible. I'd get fed up & go out anyway. They were being theological, but I wanted to be on the streets with the hippies! You got a small revelation about us from the Lord too:

7. YOU USED TO GIVE US BIBLE CLASES EVERY DAY MHICH MAS REALLY OUR MHOLE FOUNDATION. When Josh joined the team he gave the first big "forsake all" which helped our Family get started in full-time service. He gave all the money he had!—But it took him awhile to forsake all! I didn't like him much at first as I thought he was quite proud.—And I used to tell him, "God's going to humble you!" We used to have big arguments & you would taxy. You sound like you're having a lover's quarrel!" It used to make me furious! He was in the Family for nine months when we got married.

BIBLE STUDIES WITH DAD: --Part 1--By Hosea David
--Chapter Five of "Our Family History"

sit & listen to the preacher for an-hour-and-a-half usually.

"Usually you couldn't stand to listen to that drivel very long anyhow! Well, at least I allow you to participate & I'm like a teacher, I ask you questions & make you think. Lots of times I ask you questions which I know you can't answer, but I ask them just to make you hungry for tanswer." (No.972:120.-MO)

10. IN HIS BIBLE STUDIES WITH US WHETILIR IT WAS A CLASS OR DEVOTIONS HE ALWAYS EVOKED A RESPONSE & REQUIRED PARTICIPATION. He would rarely ever read a chapter to us by himself allone. He almost always had us each read a verse one by one around the circle or around the room, or he would have us read the chapter responsively, which meant that he would read one verse & that everyone else would read the next verse together. And he used this method in reading over the Scriptures with us in our personal family & also in churches with many hundreds of people, much to their surprise as they were not used to being involved or participating in church meetsmal family & also in churches with many hundreds of people, much to their surprise as they were not used to being involved or participating in church meetsmal family & also in churches with many hundreds of people, much to their surprise as they were not used to being involved or participating in church meetsmal family & also in churches with many hundreds of people, much to their surprise as they were not used to being involved or participating in church meetsmal family & also in churches with many hundreds of people, much to their surprise as they were not used to being involved or participating in church meetsmal family & also in churches with many hundreds or people, much to their surprise as they were not used to being involved or participating in church meetsmal family & also in churches with many hundreds or people, much to their surprise as they were not used to being involved or participating in church meetsmal family in the days the family in the family in the head for the answer? (No.972:121-MO

sons that they would be less likely to forget in future!

14. HE MOULD EMCOURAGE US CHILD-REN TO ASK QUESTIONS, and also with his other students in our soul winning Bible classes & in churches he would have "question-and-answer" time & get them to ask questions, even pointing out specific people to ask them to ask a question about something that had been covered. He would not just let the lesson pass by.

15. AND THEN MHEN ME MERE TO ASK QUESTIONS OF HIM HE ALMAYS TAUGHT US TO DO SO BY RAISTING OUR HAND so that we all didn't ask questions out of turn or break the Spirit or train of thought of something he was saying at the moment. So we would raise our hand & hold it up for a minute or for a few seconds to be sure that he saw it & then he would have us take it down again he would tell us that he would answer our questions in a moment when he finished with a particular thought, or he would call on us to ask our questions in a moment when he finished with a particular thought, he didn't like us just holding up our hand & waving it back & Forth to be called on, as it was a distraction.

16. SO DAD MOULD ALMAYS TELL US TO DE SURE THAT WE DIO NOT GET SO INTERESTED IN ASKING A QUESTION waiting impatiently to ask our question that we were not listening to what he was trying to teach us. That's why he didn't' let us wave our hand because he knew if we were waving our hand around to ask a question that we were not listening to what he was saying, so he would ask us to put our hand down & listen to the end of the lesson, & at the end he'd answer our question. Many times if you with and & look at the verse & read that the person reading had not that the person reading had not his the point of what he was a saying, so he would ask us to put our hand down & listen to the end of the lesson, & at the end he'd answer our question. Many times if you the lesson, & at the end he'd answer our question. Many times if you the lesson, & at the end he'd answer our question. Many times if you the lesson, & at the end of the lesson, & a hear the answer to your question anyway.

17. THROUGHQUT HIS BIBLE STUDIES, CLASSES & DEVOTIONS HE WAS ALWAYS
TESTING US TO SEE IF WE WERE
LISTENING, to see if we were understanding by asking us questions, by asking us to explain the verse back again or by asking us to put the verse in our own words & say it back. He would say, "Will you please tell me what that verse means in your own words", and we would have to translate it into our own words to say it, and through this he would be able to tell if we really caught the meaning or not. I remember sometimes I would give an answer which I thought was right only to find out that it was a point he'd covered five minutes earlier! He could see I'd been drowsing & would then quickly recap the points covered during that 5-minute doze & go on. So knowing that he might do this to us always helped to keep us alert. 18. SOME OF DAD'S CLASSES WERE VERY LENGIHM BUT ME MERE TAUGHT TO TRY TO CONCENTRATE & STAY ALERT THROUGHOUT. More was probably expected of our young people today because we were the 1st members of a family that would grow to be thousands around the World & we needed to have a very strong foundation in the Word & know it so well that we could even teach it to others, as only the Word could have ever made us what we are today as a Family. But the yoke was easy, & Dad's classes were lots of fun, too. His use of constant gestures, action, & movement of all kinds, the intonation of his voice, kept our interest even when we were tired, & knowing he'd be asking us review questions about what he'd gone over, often helped to keep us alert if we were tempted to doze.

19. BUT AT THE SAME TIME, IF ME

REALLY WERE TOO SLEEPY TO PARTICI-PATE & UNABLE TO KEEP OUR EYES OPEN he was very loving & considerate & allowed us to doze off right there

PATE & UNABLE TO KEEP OUR EYES OPEN, he was very loving & considerate & allowed us to doze off right there for awhile, after which we'd usually awake refreshed & ready for more. When we were very small we'd just fall asleep for our naps during an afternoon class or our nighttime sleep in the evening. When we finally got too sleepy to stay awake we slept curled up in a chair or stretched out on the floor, & would be carried off to bed asleep when the meeting was over.

20. IN CLASSES WHERE THERE WAS ENOUGH SPACE, HE LOVED TO STAND UP & WALK ARDUND. Even if he was only teaching a class to our small family or with a few visitors, less than a dozen, he would still stand up, walk around, & use a lot of hand motions as though he were preaching to a congregation of hundreds. He would walk around the room looking at each one individually in the eye & pointing his finger in our face to ask us a question or see if we were paying attention. As children this method of moving around, changing, speaking loudly, speaking softly, & lots of action really helped to keep us alert & in tune & responding.

21. AND HE WAS ALSO ALWAYS CALLING OUT OUR NAMES INDIVIDUALLY. "Hosea, did you hear that point? Do you understand, Aaron?" And with this technique, if our mind had begun to wander we would immediately tune in again. He would even do this in classes with adults when he taught his soul-winning classes to adults, to 12 or 15 people, sometimes 20 or 30 or even a church congregation of 100 or 200 people, his method of teaching them was the same. It was personalised, it was active, it was a real class, rather than just stand standing behind the pulpit & preaching a serzon.

tanding behind the pulpit & preach-

would pop the answer on them, or call on somebody to look up & read the verse & have them read out the answer for everybody to hear.

30. THESE NEW SHOCKING TRUTHS & WAYS OF PRESENTING THEM REALLY HELPED KEEP EVERYBODY'S INTEREST, particularly the children & the teenagers, because when Dad taught he always aimed at them. He was used to teaching us as children & helping us to understand & keeping it simple & asking us questions to make sure we were still concentrating on the subject, so when he would teach in churches or classes of adults he would use the very same methods.

of adults he would use the very same methods.

31. FOR THE FIRST IIME MANY OF THE CHILDREN & THE YOUNG PEOPLE WERE BEING SPOKEN TO & THE SERMON OR THE LESSON & THE QUESTIONS & THE ANSWERS WERE BEING DIRECTED TO THEM and they would all be sitting up & paying attention right on the front row, really listening & laughing with Dad when he would make a joke or when he would question some old adult, an old bottle who thought they knew it all, sitting on the back row not paying attention. who the back row not paying ting on the back row not paying tention.

32. THIS RAPPORT WITH THE YOUTH THE COT THEM ON DAD'S SIDE & REF

32. THIS RAPPORT WITH THE YOUTH AL much better to be poor & serving MAYS GOT THEM ON DAD'S SIDE & REALLY the Lord than to be rich & in the SYSTEM SEING GIVEN & the truth being given so that he would really have the kids remember what he was teaching them & then even say, "Now you kids ask your pastor, you ask him this question or that question & see what over & given the key verse, hitting the highlights wind of answer he can give you, & then you show him or show them this question or that question & see what over & just hitting the highlights by giving us the key verse in each chapter, or by going over it verse by verse & explaining every single verse.

33. DAD ALWAYS SAID THAT "REPETITION IS THE LAW OF MEMORY", & SO HE WOULD ALWAYS REPEAT THE KEY YERSES & THE KEY WORDS OVER & OVER AGAIN, even having the whole class, the whole family, or the whole congregation read the verse out loud

22. WHEN PREACHING IN CHURCHES HE MOULD ALWAYS WALK FROM BEHIND THE PULPIT DOWN OFF OF THE PLATFORM, down just in front of the front row of the front row of the front row of the front row of the people's faces & even walk down the front row as point his finger in people's faces & even walk down the center aisle & look people right in the eye. And as he was always moving around, walking around, this really kept people alert & tuned in wondering what this guy was gonna do next. Who was he going to point out next? Who was he going to ask a question of next? Most church people are used to seeing the man stand behind the pulpit without hardly moving, & the only point we children would take an interest in in other preachers was trying to decide whether it was their upper or their lower jaw that was moving!

But with Dad everything was always moving!

or their lower jaw that was moving!
But with Dad everything was always moving!
23. HE ALSO LOVED TO USE A CHALK BOARD OR A DRAWING WHENEVER IT WAS AVAILABLE TO WRITE OUT THE KEY POINTS, KEY WORDS, KEY VERSES.
"I've got a little chart I made clear back when I was a pastor in Valley Farms!..It's all about Daniel, the beasts & everything, to show the proper chronological gorder...My first great Bible Prophecy masterpiece to explain the simple basics of Bible Prophecy to my very simple-minded congregation in Arizona! I drew this chart & then I ran it off on my little Speed-opring...a simple little outline of Daniel & Revelation. I thought, "I want to make this so simple anybody could understand it!" & I put it into a little 4-page tract." (976: 8-11.-MO)
24. IF HE DID NOT HAVE A DRAWING BOARD OR CHART HE WOULD HOLD HIS BIBLE IN HIS HAND & POINT TO THE LYERSES FROM THE BIBLE. When he taught in churches he would always carry his side and the server a over

or quote the verse over a over again until they had it memorised, so that in every meeting we memorised at least one or two scriptures that would stick in our minds a remind us of the truths that had been taught in that class.

34. "YOU SHOULDN'T TRY TO CRAM
THE WHOLE BIBLE INTO THE GUY YOU ARE MITNESSING TO, ANYHOW. Just harp on a verse or two, until he's got'm so memorised he can't forget'm; otherwise you just confuse him. Don't try to show off how much you know. I won a lot of people to the Lord with only John 3:16. That's all'you really need to know to win souls! But the rest helps—especially you. It feeds a guides you personally & answers a lot of questions!" (62:17.—MO)

35. HE USED ALL THESE METHODS WHEN HE WAS TEACHING US LESSONS ON SPECIFIC SUBJECTS LIKE BIBLE PROPHECY, CREATION, AGE OF THE EARTH. He once took us through the whole Bible looking up all the references about the rich people & about the poor people & clearly showing that God was almost always on the side of the poor & against the rich, & that it was certainly much better to be poor & serving and the poor the side of the poor & against the rich, & that it was certainly much better to be profit and the system.

36. HE WOULD ALSO TEACH US BOOKS

that the person reading had not the verses & point it out to people, made a mistake, because it contrasometimes with people who did not have their Bibles, as most church people don't take their Bible to church, he would hand them his Bible & say, "Would you please read this verse."

that the person reading had not dicted popular opinion & doctrine. But the unsuspecting person would just confirm the truth by reading aloud the verse from the Word again & again & again.

27. SO THIS WOULD JUST AMAZE

this verse."

25. OF COURSE THE PEOPLE WHO WERE IN THESE BIBLE STUDIES WITH DAD FOR THE FIRST TIME WOULD BE YERY SHOCKED TO HAVE TO LOOK UP YERSES, READ THEM OUT LOUD, write things down, follow from one verse to another verse, & when he wanted to cover 4 or 5 verses that were in different books of the Bible he would have one person over here take one verse & one person over there take another verse & one per-

would have one person over here take one verse & one person over there take another verse & one person over there take another verse, & then as he needed those verses to explain, one by one he would have these people stand up & read the verse out loud, which caused everybody to look around & pay attention & tune in.

26. IN CONTROVERSIAL POINTS WHICH HE MAS BRINGING OUT THROUGH THE READING OF THESE VERSES HE WOULD HAVE THE PEOPLE THEMSELVES READING THE TRUTH TO THE AUDIENCE, or to the other people in the class so that they would hear it from someone eise's mouth as a confirming witness rather than just from Dad himself all the time. And he would sometimes then question the person reading the verse, "Now are you sure it said. 'Immediately after the Tribulation', not before?—That the sign of the Son of man was going to appear in Heaven?" And they would think they made a mistake & they would look back & look up startled & say, "Yes, after—oh, it says after"! Because a lot of people didn't have their Bibles so he wanted to make sure that the point was emphasised & that the people really were sure

just confirm the truth by reading aloud the verse from the Word again & again.

27. SO THIS WOULD JUST AMAZE
PEOPLE, SHOCK THEM, STARTLE THEM, A FORM OF SHOCK TREATMENT THAT MAS ONE OF DAD'S FAVORITE TEACHING TECHNIQUES. He'd always say, "I love the shock treatment", & he would make shocking statements which contradicted things which everybody commonly believed, such as, "How many of you are going to Heaven?" He would ask the question & hold up his hand, & all the believers, the Christians, would hold up their hand & then he would say, "Well, I want to tell you that not one of you is going to Heaven!" And they would just be shocked & then he would give them the verse telling them that Heaven was going to come to us! "And I John saw the holy city, new Jerusalem, coming down from God out of Heaven." (Re.21:2), & Dad would say, "We're not going to come to us!"

28. AND HE WOULD SAY, "WHAT IS THE ONLY PRAYER THAT JESUS COMMANDED US TO PRAY?" He would point to

to Heaven, Heaven is going to come to us!"

28. AND HE WOULD SAY, "WHAT IS THE ONLY PRAYER THAT JESUS COMMANDED US TO PRAY?" He would point to somebody & they would say, "Our Father which art in Heaven", & he would say "No! Jesus just said to pray like this, but He didn't command us to pray that prayer, but yet that's the only prayer that most people know." But he said, "The prayer that Jesus commanded us to pray was, 'Pray ye therefore the Lord of the harvest that He will send forth labourers into His harvest.'" (Mt.9:38)

29. MHEN HE WAS ASKING A QUESTION THAT WAS NEW THAT NOBODY KNEW THE ANSWER TO, HE WOULD ASK PERSON AFTER PERSON & nobody would know, then he

the fine detailed points, explain-ing exact verse by verse. These same methods he passed on to us & encouraged us to use them when

ing exact verse by verse. These same methods he passed on to us & encouraged us to use them when teaching others.

38. ANOTHER TECHNIQUE WHICH HE FOUND TO BE VERY EFFECTIVE WHICH HE LEARNED THROUGH YEARS OF GOING TO CHURCHES & listening to sermons by lots & lots of preachers was that of telling jokes & funny stories. He always said that the best preachers in the World were not those who had big educations but the ones who were the best story-tellers, who could tell stories about real life & real events & experiences that happened to them. He would use many stories from Grandmother's life & his early years & her testimony in his lessons & things which he taught us, & he also liked to use a lot of jokes because he knew that one thing the church people really paid attention to was jokes. He said, 39." MOST EVERY SERMON & PREACHER I EVER HEARD ALWAYS STARTED HIS SERMON WITH A JOKE until I had a whole notebook full of Jokes told by preachers over the years." Sometimes he would use jokes which would catch people off guard & make sure they were paying attention. He would tell the joke which would catch people off guard & make sure they were paying attention. He would tell the joke which would illustrate a particular point he was teaching.

40. HE TOLD THE JOKE ABOUT THE PREACHER WHO ASKED THE CONGREGATION at the end of his sermon when he was calling for the decision, "How many of you want to go to Heaven?" & everyone raised their hand. Then a drunk cowboy stood up in the back of the church & staggered to the front & said to the preacher, "Now preacher, you don't know how to ask that question right! Let me ask that question right! Let me ask that question again. "And he pulled out his two big six guns out of their holsters

\$ pointed'm at the audience &
said, "NOW, how many of you wanna
go to Heaven?" & not a soul raised
their hand!

said, "NOW, how many of you wanna go to Heaven?" & not a soul raised their hand!

41. TO HOLD PEOPLE'S ATTENTION HE MOULD OFTEN START A JOKE OR A STORY & THEN NOT FINISH II & GO ON WITH THE REST OF THE LESSON LIKE HE FORGOT TO FINISH THE JOKE & everybody would be wondering what happened & when he was going to tell the rest of the story, but he would go on teaching the lesson. Then someone would ask, "What happened? What happened?" And he would say, 42. "REMINDS ME OF THE STORY—HERE I GO AGAIN—ABOUT THE ROMAN SENATOR, who was droning on about the calamities of the falling Empire, when he noticed that everybody was going to sleep, so he stopped & started telling a story about a donkey. Immediately everybody woke up & started listening. Then suddenly he stopped right in 1, the middle of the story, & went on telling about how Rome was falling down around their ears—& they all began to howl, 'Finish the story about the donkey!' He looked at them gravely, & said, 'I was telling you about the collapse of our Empire, & you'd rather hear a story about a donkey! Well, that's just human nature; everybody loves a story, & Jesus & Paul & all the other great preachers I ever heard of loved to tell stories, because they always get folks' attention!

43. "IN FACI, THE GREATEST PREACHERS WERE ALWAYS THE GREATEST STORY—TELLERS! We're all like little children, & we've gotta be drawn a picture to understand the point—& I'm so full of stories, they're always popping out to illustrate something that just fits the picture, so I hope you'll forgive me, but I just can't help it! So there now I've just given you an illustration to illustrate the illus-

tration! Ha! PTL!" (55:68-MO)

44. HE LOVED TO KEEP PEOPLE IN
SUSPENSE, WONDERING WHAT'S GOING
TO HAPPEN NEXT SO THEY'D REALLY BE
LISTENING. Sometimes he'd tell
them, "I'm going to tell you a
shocking revelation, I'm going to
tell you a shocking statement," &
then he'd go on talking & talking
& talking, & then everybody would
be waiting for the shocking new
truth & they'd tune in through all
the rest of the lesson. (See "The
Easter Story" No.972 paragraph 27
for the shocking announcement, &
paragraph 261 for the answer.)
Then maybe sometimes half an hour
later or at the end of the whole
sermon he would finish the story &
say, "See? You thought I forgot,
didn't you? But I didn't forget, I
just wanted to make sure you were
paying attention!"

45. AND OF COURSE WHEN DAD WAS
TELLING THESE JOKES EMPHASISING A
PARTICULAR PERSON HE WOULD ALWAYS
DO GOOD IMITATIONS OF THEIR VOICES,
like the Catholics & the Jews &
cowboys & Indians & things like
that. Acting out the story being
told or the verse being read so
that you really got into it like
watching television, watching a
movie, you would be totally wrapped
up in what was being said & taught
a not drifting off or going to
sleep or your mind wandering. It's
so much like Dad emphasised in the
Letter, "Glamour or Glory" (No.328).
There're different ways to present
the same lesson, like the actor
who quoted the 23rd Psalm & the
poor old preacher who quoted the
23rd Psalm, & the different result
that each method got.

46. SO I THINK IT'S VERY IMPORTANT
TO KEEP SOME OF THESE SPECIFIC

POINTS & METHODS IN MIND WHEN DE-LIVERING THESE PRICELESS WONDER WORKING WORDS TO OTHERS straight from the MO Letters & from the MO Books, because if they're read in a dead, unexciting, uninspiring, unbelieving spirit they're not going to communicate life & belief & faith as effectively as if they are shared & delivered with power & force & emphasis & are really alive. (A MEN!)

47. YOU SHOULD REALLY PRAY WHEN YOU SHARE THESE LESSONS WITH YOUR FAMILY, with your children, when you have Communion, when you read the MO Letters together, that you really make it come alive for them, that you share it with them in a live & invigorating & on-fire way so that they just don't go to sleep or drift away in their mind thinking about something else when you're having Communion or you're teaching them a Bible Prophecy class, but that you read that MO Letter with conviction & power & anointing to pass it on that it was originally given in! So I pray that these points can be a blessing & a help to you. A MEN! SOURT

"PLEASE READ ALL MO LETTERS SLOWLY & WITH THE EXPRESSION & SPIRIT WHICH YOU HAVE CAUGHT FROM THEM through private prayerful pre-reading before reading them publicly. This is a must--to read them in the same Spirit in which they were given! They are the oun & ammunthe same spirit in which they were given! They are the gun & ammunition, but the guy using them has got to know how to shoot!" (Amen! (143A:156-MO. Please read it all!)

BIBLE STUDIES WITH DAD: --Part 2--By Hosea David --Chapter Six of "Our Family History": --Note-taking, Bible-marking & Iests!

"THE LEADER HAS TO BE THINKING, PRAYING, PLANNING, & DECIDING ALL THE TIME, at least one jump ahead of the rest, so he'll know what to tell'm to do next. If he doesn't, he'll be like the teacher who tries to get up & teach a lesson without having studied it himself first—& you know what a mess you can make of studied it himself first--& you know what a mess you can make of that! Study time is not only reading time, but listening to God time also...Before you, the shepherd, go before your little sheep to guide them, you should know where you're going. You should come from the very presence of God speaking as the oracles of God, from a full heart! PTL!

"THROUGH HIS TIME OF PRAYER &
STUDY, PREFERABLY ALONE--I personally find the night watches,
when everyone else is sleeping,
you can hear God clearly, with-

out distraction, very productive for this--he should be full of his subject in both heart & head, & if so, he may not even have to use notes, although those can be helpful & there's no reason why god can't inspire you in advance, & give you ideas & thoughts to jot down, to pass on to your people later....For them (your sheep) you should prepare & feed them from a well-stocked larder of study, prayer, & experience, along with a few good notes to remind you what to say if necessary, so you won't miss anything, or forget something that God told you to tell them.

"IF YOU'RE TEACHING DIRECTLY FROM A SCRIPTURE TEXT, which you're the supplementation of the study of the study of the study of the supplementation of the supplementatio

FROM A SCRIPTURE TEXT, which you've previously studied & prayed over, the text itself may be sufficient to remind you of the thoughts God qave you on it; but you'd best jot

them down, or circle a key word here or there, underline, or write a word or two in the margin to re-mind you. This is what I usually do when I'm teaching Bible passages-a word or two in the margin to remind you. This is what I usually do when I'm teaching Bible passages—

& the best notes are kept in the margin of your Bible, which you're not likely to lose. Other notes can eget lost or come & go, but God's Word goes on forever."(62:6-8.-MO)

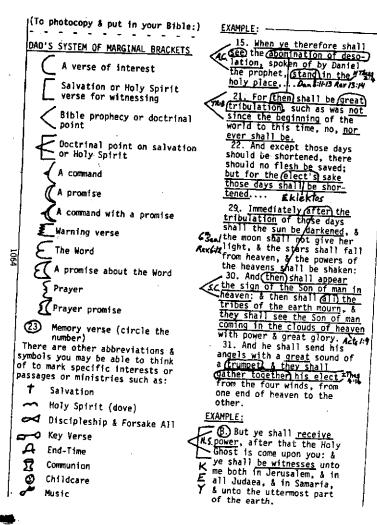

1. IN BIBLE STUDIES, CLASSES & DEVOTIONS DAD ALWAYS ENCOURAGED US TO BRING OUR BIBLES. If we came to class without our Bible, pen & notebook he would send us back to get them again & just wait to begin. And in churches some of his first questions were to ask the congregation how many people brought their Bibles. Not only would he ask the question but he would ask them to please hold up their Bibles. And he'd say, "I don't mean a Gospel of John, I mean how many of you have the whole Bible with you?"

2. AND THEN HE WOULD EMPHASISE THE IMPORTANCE OF PEOPLE BRINGING THEIR BIBLES WITH THEM when they come to a meeting, whether it was to a little family Bible study or whether it was to a church meeting because he said they should be looking up the verses & following along in the lessons & not just expecting the pastor to spoon-feed them.

3. IF HE HAD A CHALK BOARD HE WOULD WRITE OUT THE KEY SENTENCES, THE KEY WORDS & THE KEY VERSES & he would have us copy them off into our notebooks. He'd ask us, "Now has everybody got this copied & then I'll erase it & I'll put on something else." So we knew we had better copy it down as quickly as we could because in a few minutes when he finished covering it he was going to rub it all out & we would miss it, & later on when we knew that the tests were coming we would not have the information to study & review if we did not

aged us to take notes, & he said,
4. "THE BEST NOTES ARE ALWAYS
KEPT IN YOUR BIBLE." Your notebook
paper you can lose, your sheets of
paper & little cards you can lose,
but your Bible is something that you
usually hang on to better than anything else", he said.

5. AS A TEENAGER I REMEMBER SEEING HIS BIBLE WHICH HE HAD HAD
SINCE HE WAS A TEENAGER which was
more than 20 years old & he'd had
to have it rebound 4 or 5 times
because he had worn the covers
out through his diligent use &
study of it. I remember borrowing
his Bible to go through & copy
out the notes & lessons from different books of the Bible because
it was all so clearly marked that
I could just sit down & have the
lesson myself by just reading over
all the verses that he marked &
copying them over into my own Bible.
6. HE USED A SPECIAL SYSTEM OF
MARGINAL MARKINGS WITH CODE SYMBOLS THAT I ALSO FOUND TO BE VERY
GOOD & USEFUL & have continued
using it in marking my Bible &
now even my MO Letters for years.
It's a system of marking which
he developed as a teenager in
marking his Bible.
7. HE WOULD NOT JUST UNDERLINE
EVERYTHING IN A COLOURED PEN OR
HIGHLIGHTER, we didn't even have
highlighters then, but he used a
system of marking that he could
follow through with whether he had
a pen or a pencil or whether he
pen was blue or red or whatever.
His markings & code did not have
to depend upon the colour of his
pens or pencils. And when I later
tried other systems using coloured
pens & pencils, I found them to be
awkward because you couldn't mark
your Bible if you didn't have a
whole handful of specially coloured
pens, & if you were missing one

Verse that has being stilled.

(See example on Page 3.)

16. ANOTHER POINT TO REMEMBER IS THAT DAO WOULD ALWAYS GIVE PEOPLE HOMEWORK ASSIGNMENTS even in church. After he taught'm a class on soul-winning he'd say, "Now I want each of you to stop by the tract rack at the back of the church & pick up some tracts. I want you to go home this week & give a tract out to somebody & tell somebody about Jesus, & next time we see you again, tomorrow night or next week, then I want you to give a testimony about what happened!" Or he would tell them, "I want you to go home & study this particular chapter & we're going to give you a test on it next time." He would always give out homework assignments!

17. AND ALSO HE'D TELL US TO BE PREPARED TO BE TESTED ON THESE SPECIFIC POINTS AFTER HE'D FINISH TEACHING US A WHOLE BOOK OF THE BIBLE or all the verses on a particular subject from the Bible. Then in his tests he would give us a written test in which he would ask us questions to which we could give a one word answer. Sometimes multiple choice, but nainly just a word which was taken from the lesson Tike, "What word describes when Jesus will come back in respect to the Tribulation?" & we'd write the word "after", that He was coming back after the tribulation. Or, "What was the name of the first Kingdom represented by the head of gold in Daniel's image?" & we'd have to write the word, "Babylon."

18. HE DIDN'T LIKE TO GIVE ESSAY TESTS where we had to write out, let's say, the explanation of the Daniel's image & we'd have to write out a whole paragraph of information. He always preferred to give the state of the paragraph of information. He always preferred to give the word write out a whole paragraph of information. He always preferred to give the state of the paragraph of information. He always preferred to give

then you couldn't mark certain things.

B. SO ALL IN ALL I FOUND DAD'S SYSTEM OF MARGINAL MARKINGS WITH CODED SYMBOLS TO BE THE MOST YER-SATILE & EFFECTIVE FORM OF MARKING MY BIBLE & NOW MY MO LETTERS. He had certain symbols which represented certain subjects like verses of interest, prophecy, warnings, commandments, promises, & then he also would use, & I further developed, a system of abbreviations to write within the different types of marginal brackets such as fulfilled prophecy, tribulation, & just an abbreviation of the particular subject so that I could more specifically designate what a particular verse was about.

9. WHEN TEACHING US HE REALLY EMPHASISED CERTAIN VERSES & KEY
WORDS which he would have us look
up & mark, underline a specific word &
even then connect words in other
verses on the same subject which
were to be remembered together,
connecting them together by drawing a line from one verse or word
to another.

10. FOR EXAMPLE. IN MI 24 MERCE to another.

10. FOR EXAMPLE, IN MT. 24 VERSE

15. he would have us indentive

and the state of the state of

would circle the word "see", that we were literally going to see something, & then circle the word "abomination of desolation", & then also circle the words "stand in the Holy place", to emphasise that it was a particular thing. Then he would have us skip on down to v.21 & underline "then shall be great tribulation" & he would have us circle the word "then" & he would have us draw miss a line from "abomination of desolation" in v.15 down to the word "then" in v.21 showing that one event would follow the other.

11. AND THEN DOWN IN VERSE 22 he would have us underline "but for the elect's sake those days shall be shortened" showing that the elect are still here & he would have us circle the word "elect" & write the word "eklectos" or the Greek word meaning "the church". meaning the Christians, the saved ones, right in the margin or in the space in the verse.

12. IN VERSE 29 HE WOULD HAVE US UNDERLINE the words "immediately after the tribulation" & circle the word "after". Then skipping down to verse 30 he would have us underline "then shall appear the sign of the Son of man in heaven", & he would have us draw a line from the word "after" in v.29 down to the word "after" in v.29 down to the word "after" in v.29 down that the Son of man was going to come & would appear in Heaven. And then he would have us underline "all the tribus of the earth mourn" and circle the word "all", emphasis ing that it was not going to be a secret rapture as many of the Church people taught. He would have us underline the phrase "they sha'l see the son' \$ John of the easth mourn" and circle the word "all", emphasis ing that it was not going to be a secret rapture as many of the Church people taught. He would have us underline the phrase "they sha'l see the son' \$ John of the easth mourn" and circle the word "all", emphasis ing that it was not going to be a secret rapture as many of the church people taught. He would have us underline the phrase "they sha'l see the son' \$ John of the word "clean the word "clean the church people taught

would not just give one three, four, five or six ques questions &

nesses". These answers came from the key verses which he had emphasised when teaching us the lessons, like "What is the key verse of the Book of Acts, chapter one?" The answer was "Acts1:8". Then he would ask for the key verse in chapter two and in each chapter. He would make sure when going back & testing us on a particular Book of the Bible that we had studied that he would ask questions which were referring to the key verses & the key words which had been covered & not just some obscure item that he would try to pick out to "catch us" to see if we had been paying attention. He didn't like these "trick" questions that his teachers used on him to just catch him & show

wanted the questions to be easy to encourage us that we were learning & that we could make good grades & that we could remember the key verses & the key points on things which he was covering.

21. SO HIS REPETITIVE METHOD OF TEACHING BY FIRST TEACHING US THE LESSON, covering the material once, then giving us the review before we had the test, covering the lesson the second time, then giving us the test, covering the seson the third time & then going over the test & the points that we had missed & reviewing them, covering the lesson for the fourth time, was very effective. On every subject on every Book of the Bible he would go over it with us four times before it was finished so that we were sure to have the key words & key thoughts indelibly imprinted upon our hearts & minds.

22. THIS METHOD WAS VERY EFFECTIVE WITH US & EVENTUALLY WAS ABLE hearts & minds.

22. THIS METHOD WAS VERY EFFECTIVE WITH US & EVENTUALLY WAS ABLE TO BE USED BY US WHEN PASSING THESE LESSONS ON as we became

teenagers & had the opportunity to teach these Bible studies to other people. We found that by just doing what he had done, asking the same questions as he'd asked, covering questions as he'd asked, covering the same verses he covered, emphasising the same words, key words & key verses that he emphasised, that we could explain & teach these lessons to others, as he had told us to teach others to teach others was his method. (2 Tim. 2:2.)

23. HE WAS NOT ONLY TEACHING US BUT HE WAS TEACHING US HOW TO TEACH OTHERS. And so when Sod gave us opportunities to then teach others we found that the training he had given us worked. And I remember when we were in New York State as teenagers we were visiting a Chris-

have us circle the word "trumpet" a circle the words "gather together his elect." (See examples on Page 3.)

13. SO BY MARKING THESE SPECIFIC VERSES & SPECIFIC WORDS TO BE EMPHASISED & CONNECTED TOGETHER we could then study over these points a remember all of the key points of the lesson by just looking at these marked places in our Bibles. So I still have the Bible I began these markings in when I was just a teenager & I can still look back at these passages of Scripture & understand what the markings mean & remember the lessons from just the notes taken in the Bible from the markings that he instructed us to use. the motes taken in the bible from the markings that he instructed us to use.

14. DAD WAS CERTAINLY RIGHT THAT THE BEST NOTES ARE KEPT IN OUR BIBLES because other notebooks that I've had a notes that I've taken have been lost over the years, but this Bible with all of these markings in it is something that the lord has helped me to manage to hang onto in spite of everything.

15. HE WOULD ALSO HAVE US CHAIN-REFERENCE DIFFERENT BIBLE REFERENCED IFFERENT BIBLE REFERENCED IN THE WOULD HAVE WE'VE WITH IN THE WOULD HE WE'VE WITH IN THE WOULD HE WE'VE WITH IN THE WOULD HE WE'VE WE'VE

would not just give one, two or three, four, five or six questions at then base our whole score on just those few questions, he thought that was unfair because it was quite easy to miss one particular point or two & that by just giving one or two questions it would not be very representative of whether or not you caught the whole point of the lesson.

19. SO HE WOULD USUALLY GIVE US TESTS OF 50 QUESTIONS, or if it was a test on a whole Book of the Bible, like the Book of Acts, 100 questions which were short, one sentence questions to which we needed to write only one or two word answers.

20. HE WOULD READ OFF THE QUESTIONS WHICH HE HAD WRITTEN DOWN IN A LIST, "Question no.! is in the Book of Acts: What was the promise of the Father that Jesus commanded His disciples to wait for in Jerusalem?" and then we'd write the words "Holy Ghost". Then he'd ask, "What was the purpose of receiving the power of the Holy Ghost?" and we'd write the words, "Be witnesses". These answers came from the key verses which had emphasised when teaching us the lessons, like "What is the key

tian rehabilitation center for drug addicts where all these young converted drug addicts were living, & they were so interested in us teaching them some lessons on Bible prophecy. We hadn't really done much teaching ourselves before, but we agreed to teach them, so in their little chapel we started out to just go over the same key points that Dad had covered many times with us, explaining to us the Book of Revelation & Daniel & the key points on the Second Coming of Jesus, & these young men were just amazed what we could explain to them right out of the Bible, things that their pastors & preachers couldn't explain, showing them things right out of the Bible that they had never heard before that was right there all the time!

24. I REMEMBER OUR FIRST LESSON MITH THEM JUST WENT ON FOR HOURS AND HOURS & they just didn't want to quit because they were so hungry & so receptive & the Word just opened up to them as we went over the passages from their own Bibles, having them read the Scriptures & mark the verses just like we had done in our own classes with Dad.

25. THESE METHODS WHICH DAD USED ARE TRIED & PROVEN, they worked with us & they're working with my children also as we're beginning to be able to go over these Bible studies with them, teaching them the same lessons from the Bible that Dad had taught us as children. I 26. SQ I HOPE & PRAY THAT THESE THOUGHTS ON THE METHODS OF HOW DAD TAUGHT US can be a help to you in knowing how to pass on these lessons to others that he is continuing to teach us from the MO Letters & in the new Bible prophecy classes. God bless you!

PERHAPS THE MOST SIGNIFICANT JECT THE LORD LED US TO UNDERTAKE JECT THE LORD LED US TO UNDERTAKE came as we searched for a way to answer the many letters & requests Rachel & Tim got from people who wanted tapes or words to the longs they sang. It was far too much to take care of one at a time, & we ended up hitting upon the idea of putting together a music tape & song book of the songs they had been singing & offer it to their growing mailing list. It was a big project, but the Lord provided everything.

thing.
TO PRESENT THE OFFER we made what we call a "ticket" which is a piece of paper abort the size of the original little Daily Might books. It has a picture of Rachel & Tim singing, & says, "We have made a little song book with the texts & chords for the songs we are sing-ing & also recorded a cassette tape. If you would like to have a copy of these, just write us & we'll send them. We just have to ask that

you send some money as the material will cost us about \$ 5. We would be happy to hear from you & to write you back! God bless you!" And then with this an address where they could

write us.

IN THE 1½ YEARS SINCE WE STARTED
DOING THIS, we've gotten about 200 orders
& the orders are coming in more than ever before. We feel the best way to get them further
along the Spirit & Letter lifeline is to get them

"ABOUT YOUR TAPE: I can hardly tell you what an impact it has had on us. For the past week we have played it & played it & played it & played it, over & over. It haunts us—the music, the words, the message, the singing, the composition, even the sound of the youngsters in the background. It is first of all a major contribution to the music of this century... I cannot tell you the hours we have spent listening

to the tape during the past week of change & trauma...It has been about one or two hours each evening. My favourite is 'Mountain Children', this is what I hear in my mind all day long, at work, at home, in the grocery store, in the car, at the washeteria, even in my sleep at night. Who wrote these beautiful songs? Where did they come from? Please tell us more!"

"WE WERE SO SAD THIS DAY, & didn't feel well—& when we saw you singing, we realised that there are things that make life worth living! We would very much like to have a cassette & songbook."

"MANY GRATEFUL THANKS for your letters & especially for the wonderful tape recorder cassette with your beautiful lovesongs. We admire them every day & try to play & sing them..." (from Czechoslovakia.)

WE'VE FOUND, AS YOU CAN SEE FROM THESE LETTERS, that it is really rewarding to give the people an opportunity to respond! We've done it by passing out the "ticket" with our address & cassette offer. This way we feel like we are not just "feeding the fish", but "drawing the net", & it inspires us so much to get these personal words from the sheep. PTLI Love, Joash, Rachel & Tim.

IN ANSWER TO THE REQUEST FOR INFO about what to do for colig in babies: I had a big problem with my baby in this area and had tried many-remedies without success until this one. Have boiled sterile water on hand & when the baby is crying from colic, heat the water to very warm; while the baby is crying give I teaspoon of water: When the baby swallows the warm water it releases the gas in the stomach almost immediately! Or it may take 3 or 4 teaspoons-this remedy was such a relief to the baby and everyone in the home. God bless the nurse that passed this old wives remedy on to me. Jonathan & Mary; U.S.A.

MY WIFE MAS GOING TO EXPLAIN TO our 2V2 year old son about receiving Jesus into his heart, after reading Letter about getting your 2-year-old saved. So she started by saying to him, "David, Nommy has Jesus in her heart, Mike has Jesus in his heart, Corrina etc." and he repeated this. Then before she could ask him he said, "Jesus come into my heart." We were amazed because he had barely learned how to talk! SUNDAY FELLOWSHIP: WE HAVE QUITE

SUNDAY FELLOWSHIP: WE HAVE QUITE a few kids in our home & found a way to help them participate. We dedicate part of the afternoon to them with a flannelgraph and they quote their memory verses just like the big people as well as participate in the songs etc. After this we give them some photocopy illustrations of Letters, comics or such which correspond with the flannelgraph and they stay to color them in in the back of the room. This helps the children to get something out of the meetings and then later they have something to keep them quiet yet inspired, and the parents can join in the meeting better. WE WOULD LIKE TO USE THIS SPACE to call for the elders of the church to pray for Sherah to get pregnant. We've been mated for 10 years and recently were checked out medically. We both appear normal except Sherah may have endometriosis (a scarring tissue that can block the fallopian tubes) which the doctors say may only be treated by surgery-(which may do more harm than good)or by a drug hormone called Danasol, which takes at least 9 months to see if it could work and very expensive.

If thes been a lot of fun & very Inspiring for us all, The children seemed to work better as a group than individually. For the mothers it has meant sharing ideas, trading materials & toys & inspiration, which is always welcome with busy moms. We'd usually start at 8:30 a.m. with song & prayer & then move into language work & writing, have a snack & story at 10, then math, then art, science or geography at 11:30 & finish up at noon. La Leche League says to nurse a colicy baby very often, almost whenever they cry. My bables have never had colic but I have found out that it has taken quite a few years to break my old Rev. thought patterns about nursing schedules and let the Lord lead. Now nursing is a joy and not a strain. It just stands to reason that trying to comfort a nursing baby is done best by the breast. (Sorp, name got lost!)

BECAUSE OF A TV NEWS REPORT THAT caterpillars were causing people to break out into rashes and welts in our area Shalom (4) picked up the spirit of fear when she found one crawling on her while outside playing. Her fear was so great that she even refused to sleep or take naps at night, as she thought that the caterpillars would come and crawl on her. We had to really pray and fight in the Spirit to resist this attack of the enemy. Then we received Faithy's "Heavenly Sunshine" tape from MMM and all our children fell in love with the songs, esp. Shalom. During Shalom's battle with fear we had her listen to this tape a lot and she picked out 2 songs as her favorites: "Be Careful Little Eyes" and "1,2,3 the Devil's After Me," Ha! When we took Shalom to her nursery school we discovered that she had sung "Be Careful Little Eyes" to her classmates and the teacher. They enjoyed it so much that they clapped for her. What a witness! And this seemed to give Shalom a complete victory and the seemed to give Shalom a complete victory and the seemed to give Shalom a complete victory.

AFTER READING THROUGH THE MAGS and all the childcare material for natural remedies I wanted to share my experience. For children's diaper rash I've found-"really natural" to be the best prevention. If you can let the babies go for V2 hour to an hour per day without anything on their bottoma it prevents those diaper rashes from starting. I've found the safest time to be right after their bowel movement! They have usually strained a little to go and squeezed out all the urine too. OUR SON STEFAN HAD SCARLET FE-"OUR SON STEFAN HAD SCARLET FEVER. We woke up one morning & found that he had very high temperature, almost 1049. His face & body was full of rash. We hed desperate prayer for him but we didn't freak out because we knew in our hearts the Lord was in control. So we read the Letter 'Fevers' which was a great help & guideline for us. After we had prayed, his fever came down to a tolerable level (1029). We went with him to a doctor who prescribed some medicine & the disease was gone in 8 days."—Peter & Rechel: Europe

SDAD THE BACK-SEAT DRIVER!

--Driving Tips & Lessons Learned While Driving with Dad!--By James Penn

DAD THE BACK-SEAT DRIVER!

--Driving Tips & Lessons Learned While Driving Tips & Lessons Learned While Driving Tips & Lessons Learned While Driving Lessons from one of the best teachers in the world. Here again, as in all the other aspects of his household, he is very faithfully concerned with the little details. Here are some of the tips that we have picked up in our day-to-day driving here which have not already been covered in the various Letters & classes already published.

2. THE ONE THING DAD ALWAYS EMPHASISES to those of us who drive is the extreme importance of desperate prayer & relying utterly on the Lord while driving.--Praying without ceasing! He does not want any of us to become one of the thousands that are killed on the highways each year, & he is also concerned that, due to our highly sensitive security situation here that we have not even the slightest accident, scrape, or traffic ticket, as we certainly can't afford the risk! So he makes sure that each of us knows it is very, very important to stay in desperate prayer while driving & to be very cautious.

3. SO MHEMEVER ME HAVE TO GO ANYWHERE WE FIRST OF ALL DECIDE HETHER A TRIP WITH A VEHICLE IS ABSOLUTELY ESSENTIAL.

RFN3 DFO 4/80 iving with Dad!—By James Penn or could we instead ride the bus or even walk. When going out anywhere by whatever means, we always have before we leave, good united prayer, but especially desperate when we must drive a car, really asking the Lord to protect us & to keep all the parts of the car in good working order & keep us from other drivers. "You may not be a fool, but you sure can meet a lot of them!" he says.

4. OF COURSE THE GENERAL POLICY CONCERNING THE USE OF THE CAR is to never use a car when it is possible to take public transport. So unless there are more than two people going somewhere that it is possible to get to by public transportation, we always simply just take the public transport even if it takes a little longer, as it is just so much less worry & problems for everybody. The car is only used if we are going somewhere inaccessable to public transport or if we are getting things that are too heavy to take on the bus or train-or in the case of dire emergency.—Or the meny presengers.

5. ONE OF OUR DRIVERS RECENTLY HAD A SLIGHT ACCIOENT, no one was hurt, TIL, & it wasn't our fault at all, but the Lord

used it to show us we were driving unecessarily rather than using public transport, so we now arrange all our trips to town to coincide with the bus schedule & only use the vehicle for one weekly food shopping excursion.

6. BEFORE WE GO ANYHHERE DAD ALMAYS MAKES SURE THE DRIVER HAS CHECKED THE OIL. the battery & the water & he walks around the car often himself to check the tires to see if they are all OK. We also always make sure to warm the engine up for a few minutes before leaving, so as not to just drive off with a cold engine.

7. MHENEVER ME ARE DRIVING IN A BUILT-UP AREA or where there are pedestrians or children anywhere near the road he always asks us to drive very slowly. He said, "Even if they think you're a creep, you'd better creep". He likes us in general to plan ahead & not to have to make sudden or last minute swerves or turns.

8. THE MAXIMUM SPEED AT MHICH YOU CAN SAFELY DRIVE & still be more or less fully in control of the car is about 90 km. an hour (60 mph) --even on the superhighways. Above this speed even if you see something well in advance you are going so fast that it is physically impossible to stop your car & to avoid having an accident. So Dad believes that 90 km an hour (60 mph) should be the maximum speed at which anyone in our family drives. Above this is too hard to react in time if something should happen, because you are simply going so fast & it takes too long to stop & you are really not in control of your vehicle.

9. ON SECONDARY ROADS HE LIKES TO DRIVE no more than 60 kph (40 mph). Of course he does not believe in driving slower than the general flow of the traffic, but if the other people are really driving too fast he would rather pull over & let them all pass. If there are two lanes going in one direction, he prefers to drive in the slow lane, as it's much safer & allows the speed demons to pass on the other.

10. HE KEFPS A GOOD LOOK-OUT FOR US TO SEE IF THERE ARE ANY POI HOLES & ROUGH SPOIS, in the road, & always asks us to avoid them as these can be murder on the

pointed out that stones on hard paved roads can do a lot more damage to your tires than stones on dirt roads, as on the paved roads there is no give in the road, & it can inflict damage even if it doesn't cause a blow-out right away.

11. DAD'S ALSO VERY CONCERNED THAT ALL THE CAR PAPERS ARE IN ORDER & the insurance paid up to date & sees to it that checking on this is the specific responsibility of someone in the house. He likes to know himself exactly what the insurance policy covers & generally feels that full coverage is much too high & quite an unnecessary expense. He has mentioned to us that he feels for the Family it would generally be the best policy to get only required liability insurance, as studies conducted by various companies which have fleets of vehicles have shown it is often cheaper to just get the minimum insurance & pay for the occasional dent etc, than to pay high rates & never benefit from them. He says we should drive carefully & prayerfully & trust the Lord to keep us so we won't get into all sorts of accidents. So, as a rule, just get the liability insurance which is legally acceptable in each country & trust the Lord for His protection, the best insurance of all.

12. DAD IS A FIRM BELIEVER IN KEEPING THE CAR IN GOOD APPEARANCE, as it is a good testimony to those we meet. He has said that people will judge the way you look after other things by the way you look after other things by the way you look after other things by the way you look after sour sar.

13. ONE THING THAT CAN REALLY TRANSFORM THE APPEARANCE OF A CAR is an occasional wax job using a paste wax such as Johnson's, which is available in most countries for about \$5 a can. Once you have washed the car, simply apply the wax over the whole surface, really taking time to get in all the nooks & crannies that normally are missed in the wash. Then you rub it off & buff it with a dry rag. You will find that often the wax will take off at least as much dirt as the wash did a really transform the look of your car no matter how old it

from experience that by faithfully waxing even cars that are 8 or 9 years old it can really completely renew their appearance 8 make them much more pleasant to look at. A few dabs of paint over rust spots will also help make the car look nicer as well as retard the rust.

15. DAD ALSO KEEPS THE INSIDE OF THE CAR VERY CLEAN as well, which makes it much more uplifting to travel in, & also a much better testimony. He always makes sure that in the car there is Kleenex, or paper towels, & some cheap cologne which can be used to clean your hands & refresh yourself after having done such dirty jobs as checking the oil etc, & a rag to clean the windows with. He also usually asks that we keep a blanket in the car to keep people warm if necessary when they are out, or also for a little fun if the chance presents itself.

16. HE ALSO KEEP A IHERMONITER—the magnetic kind that can go on your dashboard s-so you can know the temperature inside the car, as well as the little compass that has a suction cup which goes on the dash, as he likes to know what direction we are going when driving.

17. DAD ALSO CARRIES IN THE CAR VARIOUS to make sure we don't get lost. He tries to yexplore all the little roads in the local area where we live & really gets to know the area well—even better than the locals.

18. HE ALSO TRY TO KEEP IN THE TRUNK or the paper and the cars.

area where we live a really yets to manthe area well--even better than the locals.

18. <u>ME ALSO TRY TO KEEP IN THE TRUNK</u> or
boot of the car various extra accessories
that would be a help in case of any minor
breakdowns. This includes an extra can of
oil, preferably the same brand as you
have in your car already; an empty gasoline can in case you run out of gas,
which should never happen, if you watch
the gauges; spare light bulbs for your
headlights, tail-lights, & small tool kit.
The jack must be in good working order, &
of course the spare tire, which should be
checked from time to time to make sure it
hasn't lost any air.

19. <u>MMEN PARKED, DAD ALWAYS MAKES SURE</u>
NOITHING IS ON THE DASHBOARD or in the seat
which would in any way attract attention
to the car or tempt someone to break in.
So when we park we make sure anything
that would even look remotely valuable is
either put in the trunk or under the seat
or covered by a blanket, sweater or newspaper, so that no one will be tempted to
break in. As he so often says, "The hand-

bag might be empty but the person trying to break in doesn't know this, & we don't want to have a broken window for him to find out!"—We always cover any cassette tapes with newspapers or sweater, & if the glove compartment is empty we even leave that open to show people clearly there is nothing in it & thus no reason to break in.

20. DAD ALWAYS MAKES SURE WE STAY UP TO DATE OIL ANY NACESSARY CAR MAINTENANCE, & believes in patronising one garage in the neighbourhood if possible, so that you get to know them & can trust & rely on them. As he has so often said in the classes, "It is so important to know your mechanic & to check on him regularly during repairs to make sure that he is actually doing the work which he claims he is doing'.

21. MIRMEVER THE CAR HAS ANY KIND OF REPAIR AT ALL, he always asks us, "Did you sit there & watch the fellow do the work?—How do you know he did it?" He also said that if you are taking a car to a garage to get some kind of repair done, it's always good for the first questions to be "How much will it cost to do such-8-such a job?", as this shows you are concerned about the price & that there is a possibility if it is too much you'll take it to someone else. Otherwise, if you leave asking him the cost until the last question, he will probably think that the money doesn't matter for you's he will charge you more. Needless to say he believes in keeping the car in very good mechanical condition & making sure that everything is working final?

22. MHEN YOU ARE SENDING ITHE CAR TO A GARAGE TO BE FIXED, always be sure that you empty verything out, tools, blankets, tapes etc, so there is nothing in the car that someone could be tempted to steal.

24. DAD PREFERS THAT ME ALWAYS HAVE ALL THE DODR'S LOCKED even when driving, as an extra added security and safety measure. When G

was driving one day with the driver's door unlocked & when she stopped at the traffic light a man walked up, opened the door & said, "Move over, lady, I'm driving!"--He must have been mighty surprises when Grandmother pushed the accelerator to the floor leaving him in the dust! These situations can be avoided, however by just keeping your doors locked, it helps keep the children from falling out as well a start of the start of the start of the said of the sa

25. ONCE WHEN TELLING US ABOUT TRAILER LIFE Dad said he recommends that all people who are driving caravans try to take the superways whenever possible. He says that it is by far the best on safety å your nerves, å even if you have to pay a little, it will pay off in less repairs å tire blow-outs å saves time. He says, "Anybody who doesn't take the superhighmays when they can when they are driving their caravan, is absolutely insane!"

26. WE SHOULD NEVER BRING A CAR HOME WHICH HAS LESS THAN HALF A TANK OF GAS, co we usually try to tank up before comping in. Dad told us there's no excuse for running out of gas, å "if any of you do, I nope you'll have to walk a long long way to get some, so you'll never let it happen again!"

27. HE EXPECTS THE PERSON SITTING IN THE FRONT SEAT HITH THE DRIVER to more or

nope you'll have to walk a long long way to get some, so you'll never let it happen again!"

27. HE EXPECTS THE PERSON SITTING IN THE ERONT SEAT WITH THE DRIVER to more or less act as a navigator & help the driver as much as possible. This involves pointing out any potential hazards in the road ahead, keeping a look-out to see when traffic lights change, warning the driver of turns in the road ahead & possible directions & map reading—Anything that can help the driver in his job. He mainly just wants the person acting as navigator to be a help to the driver in any way possible. The peace of the following the driver to be a help to the driver in any way possible. The peace of the following the driver work of the driver in any way hossible. The peace of the following the drive anywhere by hinself. If there should be a breakdown & help is needed or an accident where an extra witness is necessary, you'd be glad you had someone else along. 29 WHILE DRIVING MANY TIMES, one of the passengers will say "Oh, look at that!" lo which Dad will sometimes comment to the driver, "Son, you keep your eyes on the road & we'll do the looking".

31. DRIVING'S SUCH A RESPONSIBILLIY MHICH REQUIRES LOTS OF PRAYER, not only when you're beginning the journey but the whole time! When driving, Dad will pray many times, thanking the Lord for keeping us safely so far & asking His help for the rest of the way, to "Preserve thy going out & thy coming in". He stresses the importance of the driver's task & expects us to be prayerful, asking the Lord to give us great wisdom in our driving.

32. SO IF YOU DRIVE BE SURE TO PRAY! Maybe you could learn the little song we all sing together as we go:
(Sing first the old hymn:)

(Sing first the old hymn:)

Child of sorrow & of woe,
It will joy & comfort give you,
Take It everywhere you go!

THE MIGHT BEFORE WE DIDN'T HAVE FLECTRICIY, & I had carelessly left a candle on my night-table. So I took the candle out of her mouth real quick. Then, she started screeming real loud. At first I thought she was mad at me, but I quickly realised that by her panicked crying that something was wrong. She had apparently swallowed some wax & was choking! My God! I jumped out of bed & completely freaked out. I patted her on the back, but without results. Instead her crying was getting like a panicked cough, & she was beginning to lose her breath.

THE LORD CONSTABILY DID MIRACLES FOR OVER A TEAR ON THE ROAD, & our beby Tinns was born in the house of some wealthy Christians who took us in to live with them a few weeks before she was to be born, & they provided all our needs. We received much critician from our flesh familias & went thrumany tests until we were almost pushed into a full church finistry by the Lord after almost giving up from trying to stir people up in the churches to help God's work. God showed us that Ne was with us in the church ministry He had given us.

MOTHER, A CHARLES A

Dearest Loved Ones,

GBY! ILYSSM! Just a wee note on this toxoplasmosis which is mentioned in these articles (Alan & Mirjam's baby)..as it said, it is a parasitic infection..which comes primarily from eating undercooked meat which has these things in it, or from cat or bird do-do which you can come into contact with while digging in a garden for example & not washing well enough (or direct contact too). This is what the Dr. thinks caused the defects of our little David & he said it acts just like the German measles do if you get it during the first months of pregnancy! It is also what MARIA & may have had & caused her baby's problems according to what someone here said. The symptoms are flu-like & one is not always aware (or seldom is) that one has this disease unless it is very severe & other symptoms develop. When I went to that "Wire Dr" when pg w/Maria he had an extensive blood test done to me to see if I had had that disease to try & find the cause for the defects in the previous baby & sure enuf, I'd had it & had never known it! So maybe we could put a lil' note in somewhere for Mom's to be sure to follow the Health Rev rules that you've mentioned, Dad, about being sure your meat is well cooked before you eat it, as I must confess to previously preferring my meat not so well cooked (beef that is) but sure don't take any chances now..thank you for being so loving & such a concerned Father in every area of our lives! There's no other like you & ILY smore than words can say!

WHEN THE VOLUNTEERS WERE ASKED WHY 1MEY HAD CHOSEN THIS COMING LIFETIME, most said that It was to learn to relate to others & love without being demanding & possessive. When you saked the purpose, it came clearly to me that it was to make up to some people for the hurt that I had caused them in former lives. Another said, "The burpose of my birth was to go down & take cloud peace & light I knew before I was born, and spread it around. To go into the confusion of this society & to give out love as fully and freely as possible in whatever situation I get into." And others said that their purposes in returning was to learn love, compassion or humity. As the psychologist said, "Their responses indicate that at a subconscious level, the Golden Rule, do unto others as you would have them do unto you, is the basic law of the Universe!"

NEARLY ALL OF THE SUBJECTS REPORTED BEING AWARE OF THEIR MOTHER'S EMOTIONS BEFORE A DURING THEIR BIRTH. Some even felt the emotions of those in the delivery room where they were born a the nurses who took care of them while they were a newborn. Many said that they were aware of the wother's feelings because they weren't locked into the fetus at first, but instead seemed to be hovering around it!

De hovering around it!

NO MATCER HOW ENTRUSIASTICALLY MOST CHOSE TO ENTER THE WORLD, they usually said that they found the setual experience one of lordiness & aliesation from the "land of light" that they lost when they once more entered into the physical world. Some felt sad or even cried tears during the birth experience. The most frequent report was that they felt cut off, dininished, perience. The most frequent report was that they felt cut off, dininished, alone compared to the between-life state. They had to begin all over again, alone compared to the between-life state. They had to begin all over again, when said; I twas as though I took a final trip inside the fetus, down the birth canal, and it was like a door shut & locked. As soon as I was born, I felt like I was going into a new class, I had a resdy-to-learn feeling."

IN THE CASE OF PARMATINE PRINTER, three of the subjects reported that they

IN THE CASE OF PREMATURE BRIDES, three of the subjects reported that they were counselled by others during the time that they were developing as a fetus, and were told that they needed to burry into the body because birth was occurring faster than expected.

CTHER SUBJECTS WHO HAD CAESAREAN SECTIONS expressed a common feeling at birth - loneliness. One said, "I was pulled from my mother's womb. I was birth - loneliness. One said, "I was pulled from my mother's womb. I was aware of blood wround, and intense feelings of loneliness. Cold & bright lights. But my greatest feeling right after birth was that I wanted to be lights. But my greatest feeling right after birth was that I wanted to be held a cuddled by my mother. It wasn't possible for her to do this, because she was anesthetized a simply wasn't there. I felt so very all alone."

ABOUT HALP OF THE SUBJECTS COULDN'T REMPMER BEYOND THEIR BIRTH, but many of these reported a specific phenomenon as they went into hypnosis & were questioned about their birth. They reported that they began to see colours drifting in front of their closed cyclids. There didn't seem to be any one consistent colour, each subject seemed to see a slightly different one!

consistent colour, each subject seemed to see a slightly different one!

SUME OF THOSE WHO COULD RE-EXPERIENCE THEIR BIRTH REPORTED THAT THE EXPERIENCE CHANGED THEIR LIFE. One said, for example, My major smotion was not that of fear, which I had sort of expected. The experience was more one of deep compassion. I felt-compassion not only for the infant who was me, but for my mother & indeed everyone in the delivery room. It was as though I was leaving a beautiful, brightly-lit place where many things were open to me, to come down into a very closed & buzzling environment. It seemed at though I knew will of the troubles that lay abend, and I felt that it was such a waste that we humans didn't understand."

at 7 1/2 months the doctors
put me in the hospital because of complications. After 2 weeks of rest there,
they thought I was getting
worse & that I should have
a Cassarean section.

MIRACLE BIRTHS OF HIS CHILIREN!

So cheerful & relaxed the nurses left us alone, thinking my labour wasn't progressing much.

From Sarah; Central America:

ABOUT 3 P. M. THEY CHECKED ME, & to their surprise I was 9 cm, dilated. In the delivery room I didn't even feel like pushing, but I pushed & Beth came out with about the third contraction. Then, & minutes later with the next contraction Becky slid out so fast that Nat didn't even know she was out.

YOUR PRESSANCY IN THE FAMILY MENS (Vol. 6, #3) has a
very special meaning for ea as my twins born in February are by two fathers. AT THE ITHE I RECAME PRESSANT I WAS MAKING LOVE OUNTE TROUGHTLY TO 2 REC-THES BESIDES MY RUSBAND.

QUITE FREQUENTIAL TO 2 SRO-THERS BESIDES NY RUSSAMP. We discussed several times that it would be theoreti-cally possible for twins to be by 2 fathers (this was be-fore I knew it was 2)!

WHEN YOUR LETTER CAMP OUT, it was really an exciting confirmation of what the Lord had been trying to show us. And since the day of their births, both little Aquarians have looked more & more Like their fathers, as well as having inherited many personality traits.

ANGELIOUE IS BLOND, VERY FAIR-SKINHED, SHORT & HAPPY-OD-LYCKY, while Kichael is dark, long, thin & quite serious.

THOUGHT TO BE DEAD BUT ALIVE & WELL!

From Michael & Maria;

Christine Praise at 2 weeks

HERE IS.A TESTIMONY FROM THE MIRACULOUS BIRTH OF OUR DAUGHTER CHRISTINE after Maria was 10 days over-due. MERE SHE ENTERED THE DE-LIVERY ROOM, her blood pres-

sure was way below the normal level for pregnancy.
And on top of that, the baby had already made stools inside Maria, making the fluid from the water-bag seem more like mud than water.

THE DOCTOR MAS TEMPTED TO PERFORM A CASSAREAN wince the beby was stuck in a very high poeltion despite the cervix being open. However, the Lord surely inspired him is his side to hold out for a natural birth.

BUT SINCE THE BARY RISKEN SMALLOWING HER STOOLS is thus poisoning both herself is the mother, the doctor feared this had happened when he could no longer hear the child's heartbeat.

AT THAT HOMENT HE SAID:
"ME HIGHT AS WELL AT LEAST SAYE THE MOTHER," Maria had had no success in pushing out the baby, but after hearing the doctor say this, she determinedly fought with faith in the Lord, putting everything into a sturdy push which made the baby's head crown. From there the doctor was able to use a device to pull her out by the head(since she couldn't descend on her own).

THE BABY CAME OUT PROFUSELY STOOL-STAINED BUT SHE MAS ALIVE. The umbilical cord was not only tied in a knot, as in Techi's birth, but it was also wrapped 3 times around the baby's neck. What a miracle!

WHILE SHARON MAS IN LABOUR. WE PASSED THE TIME AT
THE HOSPITAL reviewing the
letters from Maria on having
a baby. We also were able to
read letters from Dad on
faith & some Bible as we
kept praying for an easy &
squick delivery.

AT HIDHIGHT SHARON WAS
4 CM. DILATED & at 6 a.m.
the Lord gave us a little
baby boy named David. TVJ!
It was an easy delivery!

BUT LITTLE DID HE KNOW
THAT THE LORD STILL HAD A
VERY INPORTANT LESSON to
teach us thru Grandmother 'a
book "The Hem of His Garment"
with us to the hospital. &
while we are red

both were able to read the book.

THE NEXT DAY WE NOTICED
THAT THE BABY HAD A RED RASH
ON the upper part of his HAT THE MAP HAD A RED FASI on the upper part of his legs. After the doctor checked it & took some lab tests, abe said she would have to take more tests & give the baby injections of medicine for three days or more; she said that the red rash was caused by the baby' blood not clotting well enough.

more; since and make a course of the baby's blood not clotting well enough.

ME MERE REALLY PUT TO THE THE TEST TO SEE IF WE REALLY MAD THE TAITH in the Lord's Word to trust Him for the healing of the baby or to trust in the doctor & the medicine that she was going to inject into the baby.

WE READ THE LETTER FROM DAD. #857 "TEST OF FAITH". & it really endouraged our faith. We also read over again "The Hem of Him Garment" before laying hands on David & Claiming God's Word(James 5:1%, 15). We then left the hospital, trusting the Lord to heal the baby.

THE LORD PID A REAL HIMACLE & cleared up the redness, & baby David hasn't had any trouble with him hood not clotting! TTL for Him Word & promises! In the letter "Feet of Faith", paragraphs 1-6 really helped us a lot & really spoke to our hearts. TYJ! WLY! (TTL!)

WLY & ARE WRITING THIS LETTER TO SHARE ANOTHER MON-BERISH AND THE MONTHER MONTHER MONTH FOR US RECENTLY--the birth of our first child, a precious little girl named Anaiek, TVJ!

Anaiek, TVJ!

TO BEGIN WITH, WHEN I
FIRST MET LINDA A YEAR AGQ.
SHE WAS VORKING AS A SEOSLILL B Tad a Saily Table
If Taking a Large mount of

E seeking the Lord, Linda made the choice to serve the Lord, E the Lord blessed her & delivered her from all her sins & infouties. TVJ!

THEN IN JUNE LINDA BECAME PREGNAM, a real miracle in itself since she had worked as a prostitute for 5 years, never taking contraceptives & never getting pregnant (God's work is God's gift). TVJ!

(God's work is God's gift).
TYJ:

WELL, IT WAS IN HER 4th
month of pregnancy that she
discovered that she had contracted syphilis when she
was a prostitute 6 it was
now in its 3rd stage in her
blood stream.

AFTER PRAYER 5 FASTING,
THE LORD SHOWED US THAT SHE
SHOULD TAKE MEDICINE GIVEN
TO HER AT THE HOSPITAL, but
the big threat was if the
disease would affect the
baby. Also, on top of this,
I contracted gonoprohee from
a pawn I was fishing 6 had
passed it on to Linda(GHM).

ALSO, BECAUSE OF LINDA'S
WALL STUTY SOME

I contracted gonorrhoes from a pawn I was fishing & had passed it on to Linda(GHM).

ALSO, BECAUSE OF LINDA'S SHALL FELVIC BONE, THE DOCTOR TOLD US THAT SHE MOULD PROBABLY NEED A "C" SECTION. So, all this made it seem impossible for the baby to be born normal & healthy.

BUI THANK GOD FOR DAD WHO HAS TAUGHT US THAT IT TAKES AN IMPOSSIBLE SITUATION FOR GOD TO BO A MIRACLE. Right up to the last day before birth, the Lord was encouraging & strengthening us thru His Nord & thru the many testimonies of child-birth in the Mags, 6 all the faith-building lessons in the Letters.

THEN, THE DEVIL REALLY FOUGHT US AS THE BABY CAME OUT, 6 the midwife discovered that the umbilical cord was wrapped around the baby's neck 5 times. She had to really work quickly to cut the cord right away.

A SISTER MANDO BETH & INCREDING THE LOPP THAT THE BBRY MOULD SUPPLY 6 after a wery long 10 to 20 seconds,

her little eyes opened &
her little voice let out a
cry of victory just to let
everyone know that God likes
to do things contrary to
natural expectations.
LINDA DIDN'T EVEN MEED
ONE LITTLE CUT FROM THE MIDHIFE'S KNIFE. & LITTLE AMARK
IS PERFECTLY WHOLE & BEAUTIFUL--a beautiful picture of
the Lord's love & mercy &
forgiveness of Linda's & my
sins, past, present & future.
Long live Love, for God is
Love & Love never fails!

BUT THINGS HAD HAPPENED SO FAST THAT WE DIDN'T HAVE A NAME FOR HER. Finally we both separately got the name Agnes, & when we told Sarah she jumped up 6 down with joy. height of this country's
rainy season when the city
where we live was very
heavily flooded.

I HAD PLANNED TO HAVE THE

the hospital became so
heavily flooded that parts
of it were almost impassable

MY PLAN MAS TO CATCH A BUS

contractions got very strong.
The baby was 12 days overdue

Meanwhile, Isaiah came to see if I needed anything, when suddenly the baby was in the birth canal with her head crowning! And I had only had one contraction that was hard enough to use special breathing! In 2 quick pushes she was com-

AT THE LOCAL HOSPITAL

WHERE I RECEIVED PRE-NATAL
CARE, the staff seemed so
incompetent & ungodly, but
we couldn't find a doctor
or mid-wife who would deliver the baby at home because
it was my first baby & I
had had a miscarriage previously.

AFTER RE-READING "WHAT'S
THE DIFFERENCE", I lost all
faith for the hospital, &
we decided to have the baby
at home, even if Jacob had
to deliver it. The Lord
warned us though that there
would be complications &
our faith would be tested,
so we still tried to find a
doctor.

THE LORD IS FAITHFUL, &
ON THE DAY BEFORE MY DUE
DATE, while hitch-hiking to
the clinic for my supposed
last pre-natal visit, a man
picked me up & told me about
an old country doctor that
delivered his wife's baby at
home & charged about 1/10 of
the hospital price.

BIRTH MAKES NEWSPAPER HEADLINES!

Prom Rachel Sweetharts; U.S.:
WHAT A SUPRRISE THE LORD
HAD IN STORE FOR US when we
prayed for the birth of our
second child to be a good
testimony of His love & care
for His children!
BECAUSE THE BABY WAS IN A
BRICH POSITION, the doctors
informed us that they would
probably do a caesarian section if the baby didn't turn.
Needless to say, Benjamin &
I got down on our knees &
asked the Lord to change
the position.
WE CLAIMED HIS PROMISES.
4 HE MAS CETATANLY FAITHFUL
TO KEEP THEM. About 3 a.m. I
woke up with an uncomfortable
feeling in my abdomen, thinking it was just the baby
kicking & causing pressure.
Then at about 3:30 I felt a
strong contraction & knew I
was in Labour.
THINGS STARTED HAPPENING
SO FAST that after about 3

was in labour.

THINGS STARTED HAPPENING
SO FAST that after about 3
more contractions the baby
started coming out. Benjamin
ran to the neighbours &

phoned the emergency service & when he got back he delivered the baby right there in our home & feet first at that. I couldn't believe how easy it was, especially for a breech birth!

BY THE TIME THE AMBULANCE CAME, little Analisa & I were doing great. Another funny thing about it was that the birth took place on Father's Day, & "father" got to deliver his own present!

Ha! Praise God for His love & goodness toward His children!

SOME FRIENDS LIKED OUR TESTIMONY SO MUCH THAT THEY REPORTED IT to a local newspaper which printed the story. (Hallelujah!-GBY!)

GOD GIVES MISDOM

GOD GIVES WISDOM TO MIDWIFE!

From Manuela; Europe:

From Manuela; Europe:

WHEN THE MIDHIFE GAVE ME
A CHICK-UP she said the baby
could be too big to pass
thru my small hips, & that
I might have to go to a
clinic. However I prayed
for a home delivery without
having to be cut, & I believed that God did not make
a mistake by giving me a
baby "too big".

WHEN THE CONTRACTIONS
STATED TO BE REGULAR we
called for the midwife, &
when she checked me she found
that the baby would be born
breech. She had never performed a delivery like that
before, so she wanted to
take me to a clinic where
they would have done caesarian for sure since it was my
efirst child.

BUT GOD ANSWERED PRAYER AS
HE ALWAYS SO FAITHFULLY DOES!
A brother prayed with the
midwife for wisdom to find
God's perfect will, & she decided to do it in the home
with the help of God. (GBH!)
SO, SARAH MAS BORN WITHOUT
A CUT, without a tear, after
short labour, all healthy &
happy. TYJ! "Faith doesn't

(Faith & Healing) really helped me as well as "It's so because God said so."

THIS MAS ALSO A GREAT TESTIMONY TO THE TATHER OT SARA who is a fish with "bloody unbowed head". But there are no impossible cases with God. "Is anything too hard for the Lord?" (Gen. 18:14). And the Lord gave me so much milk for the baby that I can help a sister here who hasn't enough milk for her 6-week-old baby, so she doesn't have to feed him formula.

SO THANK GOD FOR THIS GITT, a little baby, & thank God for Mo & the Family. We need you all. INY; GBMZCHWABEM!

A HOME DELIVERY AT THE DOCTOR'S HOME!

From Gentleness; L. America: From Gentleness; L. America:

AS MY DUE DATE APPROACHED

I'D HAD SEVERAL FALSE ALARMS,

5 I'd been 2 cm. dilated for
weeks. I would have lots of
contractions & then they'd
stop. Then the due date passed & I was really having a
battle. I was so afraid that
I would have the baby while
Jerry was gone because he
was going to have to go out
of town soon. But it wasn't
until I got the victory that
the Lord began to move.

JERFY WAS PLAYING ME THE
"FAITH 6 HEALING" 6 "PSALMS

OT DAVID" tapes for several
days, & I knew that God was
trying to speak to me. So, I
claimed the verses, "who hath
delivered, who doth deliver,
& who will yet deliver", &
"God's delays are not denials".

THEN, SURE ENOUGH, I WENT

"God's delays are not denials".

THEN, SURE ENOUGH, I MENT
INTO LABOUR WHILE JERRY MAS
GOME. Gideon took me to the
doctor, & Sara stayed with
the kids. My contractions
were not that strong but
were steady, & since we lived
out of town we didn't want
to take any chances.

WE GOT TO THE DOCTOR'S OFFICE, but there had been no

progress in dilation. I felt so frustrated & ridiculous. It was pouring down rain at night, the lights had gone out in the neighbourhood & water was seeping into the office. As I was praying, the doctor called home & talked to his mother & wife, & they invited me to their house to apend the night & see what would happen, so I went.

AT HIS HOUSE I HET THE WHOLE FAMILY, & they were all so sweet. As we were watching T.V., the Lord suddenly spoke to the doctor & told him the problem was the umbilical cord was wrapped around the baby's neck & hindering dilation. He immediately told me, but added that I should not be alarmed, that it's not always so critical. But I knew that it was still no small thing & that I needed to get desperate with the Lord.

ANHORE THAT JERY MASN'T THATIER TO NE THAT JERY MASN'T THERE as I saw that what was important was that the Lord was going to deliver her & only God could do it.

IMMEDIATELY MY CONTRACTIONS CHANGED, & I could actually feel them making progress, & I knew God was doing it. I was thrilled. When Sharon Mashell (Mexican Indian name meaning "I love you") was born, the cord was wrapped around her neck, but, as the lord had already warned the doctor, he was ready for it & caught it immediately so as not to strangle her as she came out. TIL!

as not to strangle her as she came out. TTL!

ALTHOUGH JERRY MASH'T

THERE, the Lord still gave me the desires of my heart in letting me deliver in a wonderful, sheepy home with people who also love the Lord. TTL! And she is beautiful! (PTL! So RU! GBY!)

PRAYERS START BABY'S HEART BEATING!

From Christina; Europe:

t & pray for you. We want to share with you all the teationny of the birth of our wiracle baby Philippe David, & we pray it will encourage many Sisters who are patetiently waiting f praying to have a child.

ME WERE TOGETHER FOR ABOUT 2 YEARS BEFORE GUR BABY WAS CONCEIVED. For a long time we wondered why we were not having any children, even though we were doing our part. So, I went to see a midwife to get a check-up, Apparently ey reproductive system had been messed up by taking the 'pill' for 3 years in the System.

TO FIND OUT MORE, she asked me to take my temperature every day before getting up in the morning 6 to record it on a chart to see when it would rise. After one month my temperature did not rise, showing there was no ovulation, so I went back to the midwife. This time she prescribed a hormone treatment to make me ovulate. I continued to take my temperature for 3 months while SI was taking the treatment, but to our amazement it still did not rise!

JEAN-FAUL & I REALLY GOT DESERATE WITH THE LORD as he laid hands on me for the lord to heal my womb & give us a baby in His time. I threw away my medicine & put my faith in the Lord instead! TYL! we arrived at our destination
she surprised us again by coming 10 days late.
THE HOME THERE HAD A
VERY GOOD DOCTOR who

VERY GOOD DOCTOR who allowed us to have our babies naturally & with as many Family members present as we wished. I started having contractions on & off for 2 days before the birth. At one point we went to the hospital for a check & I was only 1 cm. dilated, but the doctor was encouraged that the head had finally engaged as the haby had been in gaged, as the baby had been in an oblique position & was still not engaged at my last check-up, & he thought he might have to

do a Ceaserean.
THE NEXT MORNING,
WE LEFT AGAIN FOR THE
HOSPITAL with contractions
lasting longer than a minute. When he checked me I was 7 cm. dilated & said I could start pushing in an hour. We all went up to the delivery room (Riphath, 2 other sisters & I). The doctor came & broke the water doctor came & broke the water-bag & soon it was time to push. BUT THE BABY'S HEAD HAD ENGAGED SIDEWAYS, or transverse, & all my pushing was futile. I pushed for almost an hour & there was no progress & ew contractions had getter

so own in miraculous births of so light they weren't helping much. So the doctor stepped out to get an injection to make the contractions come stronger. WE ALL PRAYED FOR THE LORD TO BRING THE BABY. Then with the next contraction she finally turned & started to come. The nurse yelled for the doctor to come back, & he ran back in amazed! With the next push Mercy Iman was born! Hallelujah! Riphath & I wept for joy. It was truly one of the most wonderful moments in our lives! PTL!

Prayer Overcomes Drug Effects!

so high my doctor insisted on giving me an injection of pethadine. I felt the drug did me & the baby more harm than good, making me very sleepy during labour.

RIGHT FROM THE START SHE WAS A SLEEPY BABY.

We were sure it was the effect of the drug, altho' the doctor tried to reassure us it couldn't be. In 7 days she lost 13 oz. & would hardly nurse, always falling asleep at the breast & sometimes not even trying to suck. ing seleep at the breast & some-times not even trying to suck. Several times they had to feed her thru' a tube to give her the nourishment she needed. ON THE 7TH DAY WE GOT REALLY DESPERATE in pray er & asked the local Church of Love to have desperate prayer for the Archard Free

From that day on she had a good weight gain & was not sleepy anymore. We certainly got what we prayed for. It showed us how united desperate prayer really obanges things, PTL1

Hubby's Help Invaluable During

Oct. 11, 1979, to Samuel & Jeruselem; U.S.A.:
FOUR HOURS AFTER JERUSALEM BEGAN LABOUR, I
came down with a bad case of
asthma so that I couldn't even
get near her for my sneezing. I
got down to desperate prayer,
because I really wanted to be

Normal Birth Des-pite Open Cervix!

The birth of Michael David, Feb. 22, to Jecob & Gishala;

Europe:
GISHALA HAD LOST A
BABY AT 5 MONTHS a few
months previously because her
cervix could not hold the baby,
due to operations & infections
from a contraceptive device she
had had inserted before joining
the Family. The doctors all
told her she could never carry
a baby without top hospital observation & supervision.
WHEN WE DISCOVERED
SHE WAS PREGNANT AGAIN
we started making bi-weekly
visits to a gynecologist who
said the only way she could
hold the baby was to stay in
the hospital under obtenation,
taking hormone shots & trying
to sew up what little was left
of her cervix.
AFTER PRAYING ABOUT
IT, Gishala said she didn't want
any of what he had prescribed.
Finally he actually threw his
hands up in the air & said,
"Ok, I'm going to go on your
faith, but if anything happens
I'm right here!" On subsequent visits the doctor was reality amaged that she was holding
the baby.

AT ABOUT 7 MONTHS along
we found out the baby was upside down, feet down by the
cervix. It came to us after praying about it that this was a blessing in disguise, as we both got
that if the head was down at
the cervix the pressure & size
would probably cause the same
results as had happened with the
last baby. Well, we never stop-

ped praying that the Lord would cause the baby to turn in time for the delivery, which He did! What a miracle!
THANK GOD FOR SUCH A TESTIMONY against the doubts of the doctors! Her particular doctor was & is flabbergasted that her faith in the Lord pulled her thru' many obstacles without any complications! PTL! We hope this will encourage other expectant mothers that God is still on the throne & p. eyer er expectant mothers time or is still on the throne & prayer changes things!

Importance of Spir-itual Preparation!

The birth of Catherine, 2nd child of Paul & Morningstar Kings, Mideatt:
AS THE BABY'S ARRIVAL GOT CLOSER & CLOSER I read the Tachi Letters over & over agein. I was really convicted by Maria exorting us to pray for an easy delivery, as I hadn't been easy! So this time I got ready spiritually, desperately claiming promises from His Word.

TWO DAYS AFTER MY DUE DATE I felt slight twinges in my abdomen in the evening that continued all the next day. Around midnight I felt like I should go to the clinic as the contractions were coming a little stronger. So Paul went to get Hodiah who had offered to help me thu' the labour. Literally just as they walked in the door my contractions changed completely in nature becoming much stronger.

pletely in nature becoming much same, spanish to stronger.

ONCE IN THE CAR THEY CAME FAST & HARD. At 1:30 a.m. we arrived at the clinic with the beby's head crowning!—And before we could get out, Hodian caught her as she sid out. I could hardly believe my labour was already over! Then the doctor came out & finished up & took her into the clinic. Then I & ON & was alraid I might lose to the country of the co

First, he was born in the posterior position, like Tech; face up. Heavenward. Also the cord was wrapped around his neck twice which can be very dangerous.
DORCAS WAS PUSHING FOR SEVERAL HOURS but because of the tension of the cord, the baby would retreat each time. At one point I overheard the midwife say that if the baby didn't come soon, on the next push, it might be too late. I finally decided to tell Doross what the midwife had said, as I felt it might help her to be more desteperately in prayer.

Natural & Beautiful Despite Breech!

The birth of Ester Rose, Dec. 12 1979, to Hennah Snow; Europe: TWO DAYS BEFORE MY DUE DATE IT WAS DISCOV-ERED THAT THE BABY WAS IN A BREECH POSITION. I IN A BREECH POSITION. I had been planning on a home delivery with a midwife but in the case of a breech birth this is not lawful in this country. So I had to go to the hospital.

THE DOCTORS WERE SO PLEASED WITH OUR FAITH, PLEASED WITH OUR FAITH, work & calm & turned from quite skeptical in the beginning to really favourable, even asking Dian to help them & one doctor lifting me up from the too flat bed to help me to push. thru it all, that others may benefit.

I HAD BEEN FEELING A LITTLE MEAK for a few days, i then while returning to our little bus with our 2 kids.

I started to faint. I also feit nauseous so I quickly lay down on the ground near the bus until I felt'a little stronger. My husband Jonathan came home a couple of hours later.

FOR THE NEXT FEW DAYS I BECAME CONTINUING WEAKER until I didn't have the strength to take care of the kids. We prayed about it is got a witness that it was my liver, as in the past I had had trouble with it.

SME QUICKLY DECIDED THAT I SMOULD RETURN TO A VERY STRICT DIET with no fried or fatty foods, no sweets, etc., & a doctor later confirmed that it was a liver infection.

ATTER MORE DAYS IN BED,

firmed that it was a liver infection.

ATTER MORE DAYS IN BED, we finally got from the Lord that it was an attack of the enemy, & that I needed to do something about it, not just waste the Lord's time while souls were going to Hell & the children needed me. That was what I needed to get me desperate & while praying the letter "Expect Miracles" came to me.

THAT LETTER CONFIRMED TO

the letter "Expect Miracles" came to me. THAT LETTER CONFIRMED TO THAT LETTER CONFIRMED TO ME THAT IT MAS AN ATTACK OF THE ENEMY, so we decided to pray together rebuking the Devil & claiming the Lord's healing. Then, right after we decided to pray I suddenly started throwing up. This really made it obvious that it was an attack of the enemy — his last fling before being cast out, seeing the had been exposed.

Sara, happily healed!

Sara, happily healed:

WE IMMEDIATELY STARTED
PRAYING, rebuking the Devil,
& claiming the Lord's healing, & I asked the Lord to
forgive me for my sins of
not following the right
diet. After praying I stood
up praising the Lord & I
was miracuously healed!
The Lord had raised me up!
TMJ! From that moment on I
was no longer bedridden but
up.cooking & helping take
care of the kids.

AS IN "EXPECT MIRACLES",
I MAS, KINBO OF EXPECTING AN
ATTACK OF THE ENEMY: "So
the victory didn't come
without a real test & attack of the enemy even after
she was healed." (#71:21)
Sure enough, the next day
the whites of my eyes had
turned a dark yellow, & the
day after that they were
brown! But thanks to the
Lord's Mord, which is the
only thing that brought me
thur & gave me strength, I
knew that it was lying vanities.

HIS MORD GAVE ME THE

knew that it was lying vanities.

HIS WORD GAVE ME THE
FAITH THAT IT WAS AN ATTACK
OF THE ENEMY, & I had a perfect peace in my heart that
I was healed no matter what
the circumstances seemed.
So, I kept praising the Lord
in spite of coeditions. &

finally the Devil gave up when he saw I wasn't going to give up. TYJ!

AFTER I WAS HEALED I/STANTED SLIPPING BACK TO W OLD
EATING HABITS, including picking £ eating foods I
knew I shouldn't. While doing
it I got the verse, "Sin no
more lest a worse thing come
upon thee," & sure enough
I started getting week again!
BUT THIS TIME I KNEW THAT
IT WAS MY FAULT more than
an attack of the enemy. I
had to really throw myself
on the Lord's mercy. Even
though I was unfaithful,
the Lord was faithful to
heal me(TYJ!) & finally I
learned my lesson.

WE LEARNED A LOT OF LESSONS FROM THIS, the most
important being I Peter 5:8,
"Be sober, be vigitant, because your adversary the
Devil, as a roaring lion,
walketh about, seeking whom
he may devour." But the Devil
doesn't have any place to
enter unless we give him
room, & in this case my bad
eating habits were the hole
in my armour that opened the
door for the enemy.

I KNOW ALSO, FROM PAST
EXPERIENCE A SA DA SAYS,
that the physical really
influences the spiritual.
When I'm earing as the Lord
wants me to, I always feel
much better spiritual!
too,
not only physically.

SO, ALL I CAM DO IS THANK
THE LORD FOR HIS MERCY &
continually praise His name, & I am
writing this testimony for you as I received
the verse: "And the Lord
said, Simon, Simon, behold,
Satan hath desired to have

TYA IS 17 YEARS CLD & was
suffering greatly from hypoglycenic anemia, diagnosed
by her doctor. She was told
to take regular injections
of Vit. B Complex to help
her problems of late aftermoon headaches, nausea,
tiredness & depression.

KNOWING I MSA ANURSE &
YILLING TO HELP HER, she
came to me for the daily
injections. I questioned her
as to how long she had had
the problems & then asked
her what kind of diet she
consumed daily. She had not
been eating breakfast & at
school she ate a bag of
"junk" chips & a coke. For
lunch she ate a small sandwich, a coke, & in the late
afternoon munched on candy
& sweet breads.

FOR DINNER SHE RARELY ATE
HEAT BECAUSE IT IS EXPENSIVE
(Ironic when the cost of two
cokes could buy a piece of
meat). She was a little
ashamed of her diet & blamed
it mostly on peer pressure
at school.

A MONTH BEFORE HER SYMPTONS HAD MANIFESTED THEMSELVES, Eva had been led to
the Lord thru a Sunday inspiration we held in our
trailer park. Her four sisters & brothers were led to
the Lord too as they all
joined hands & received Him.
We shared many beautiful
songs while Kohath played
the guitar. One of her brothers was especially inspired
& came over to fellowship
with us regularly & to read
some Letters.

I SHARED WITH EVA WEBY

I SHARED WITH EVA VERY
SIMPLY THAT JESUS LOVES HER
VERY HUCH & LIVES IN HER
HEART AS A RESULT OF HER

PRAYER WITH US. I explained that her body was a temple of God not to be abused, a that she had to take the responsibility for her lovely body that God gave her.

INDEW THAT PERR PRESURE WAS STONGS & I encouraged her that, with God's help, she could set a sample for her friends & eat more nutritiously, showing them that she cared about herself because Christ cared about her too. She was receptive & inquired about what she should do.

I CUILINED A HEALTHY MENU TO HER WHOLE DAY, which included fruit for snacks instead of "junk". I also counselled her to drink juices & more milk daily instead of "junk". I also counselled her to drink juices & more milk daily instead of sodas, & I advised her to pray whenever she became tempted to eat the wrong foods & that God would help her.

IOR THE ATTERNOMS WHEN SHE GOT HER HYPOGLYCENIC HEADACHES, I shared with her to eat a piece of fruit research has proven that fruit sugar, fructose, elevates the blood sugar level more easily & efficiently than medications & for a more controlled & stable duration.

I TOLD HER TO KEF FRUIT IN HER BAG OR PURSE & when the headaches came to eat it instead of appirins. I counselled her mother to invest in liver, etc. which is cheaper & higher in B vitamins than the painful & expensive daily injections. ONE DAY EVA CAME TO ME. HOLDING HER MEAD & STONACH, She had a terrible headache & felt.nauseous -- the doc-

& felt nauseous -- the doc-tor gave her a medication to be given by injection to surpress it. She begged me to give it to her quickly, but I looked at her very lovingly & told her I wanted

to pray for her first. I prayed that God would have mercy on her anyway & still lead her away from the dependence on this medication. THE MEXT DAY HER ARM MAS SORE from the injection. I checked it & there was no yradness or swelling to indicate infection of any kind. Later that afternoon she got her headache again & felt nauseous. She came to me wanting a shot but her arm was too sore & the thought of hurring her other arm was too much for her.

1 SHARED WITH HER HOW MUCH EASIER IT MOULD BE IT SHE JUST TRUSTED THE LORD, at a piece of fruit, & lay down for awhile. She thought about it & then conceded to try it. She went home, ate an orange & lay down for a few minutes. The headache went away faster than with the medication & her nausea went away faster than with the medication for her nausea went away the moment the headache desappeared. She thanked God & came to share the news with me. I thanked the Lord too.

SHE HAS A PART-TIME JOB NOW in the afternoons, & EF MAS A PRETIME JOB NOW in the afternoons, in the strying to prepare meals using liver & makes sure her daughter doesn't get into candy or sweet breads. An added blessing for her efforts is that her face blemishes are clearing up too 6 now she is finding out what a pretty face God has given her. PTL!

EVERY TIME EVA OR HER MOM SEE ME THEY THANK GOD & we share a warm embrace. I know now that God made her arm hurt after that injections of any kind, except the injection of God's spirit to keep her on the right path! Fraise God for His enclass mercies on the weak & poor. TY!

DRIVEN OUT:

From Hærvest Gold; Canada:
WRILE PREVIOUSLY IN PERU FOR 15 MORTHS, I spent just about all of that time working with different families who have children.

IN LIMA WR. WOLLD HAVE THE CHURCH OF LOVE for the adults outside & have an "Open the Door for the Children" Inside. It was in this way that we met a Peruvian mother & her 3 young girls. The nom fell in love with us & also noticed me caring for different children. She told us of one of her girls, Ana, sged 9, who was very hyper-active & no one wanted to help her, not even the schools. Me also found out that Ana had peileptic attacks & was on medication.

ANA'S HOM ASKED ME IF I MOULD SPEND TIME WITH HER PARCHELE OF THE WOLLD SPEND TIME WITH HER PARCHELE OF THE WITH HER PARCHELE OF

TRUSTING HIM TO ANSWER!

From Niguel & Cacilia: S. America:

America:

WE HAVE A COUPLE OF
PRIEMS, Licinio & Angelay,
who have been a blessing
to the Family, Recently the
girl who works in their
house got aick with so much
pain in her would that she
had to go to the hospital
to have an operation.

THE DOCTORS DIDN'T KNOW
WHAT SHE ACTUALLY HAD, She
couldn't eat or drink, so
this couple asked if we
could go there & pray with
her, showing their faith
that the Lord is with us.
WELL. THE GIRL RECEIVED
JESUS IN HER HEART & started reading the Bible & No
Letters like "Feet of Faith"
& "Faith", Hallelujah! Two
days later she was worse, but
now she had Faith in the
Word. We had a communion, &
she received faith for her
healing, & she asked the
Lord the next day she was
better, & on the second day
after the communion she went
back home without an operation, but with the Nord &
prayer:

MERNIE HAS HALKING AGAIN
the Devil attacked her, to
try to undermine her faith,
& she had strong pains again,
We went there to counsel her
& pray for her, & when we
stopped praying the Enemy
really attacked her hard.
But we prayed strong in the
Spirit & asked Jesus to rebuke the Enemy & heal her
completely. Like Dad asys in
"Expect Miracles", we have to
trust that the Lord will answer. The next day she was
healed & gaining strength
again! TIL! Now she carries
a Bible with her everywhere
& tells people that Jesus
leaded ber! [FILL Hell GBY & her!]

Faith Works Better Than Surgery!

TORN STOMACH MUSCLES HEALED TO MANIFEST GOD'S MORKS!

Hephsibah Trust; Philippines:

AFTER THE BIRTH OF MY

SMEET BABY, my tummy was
just huge! But the strange
thing about it was that it
was hard, not more a flabby.
At any rate, I began exercising quite stremuously to
get rid of it, but without
any success -- I still looked about 5-8 months pregnant!
SO MMEN I SAM OUR DOCTOR
FOR MY 6-MERC MECK-UP, I
asked his about it 6 he told
me to "raduca 6 exercise" -very discouraging indaed,
as I had been, but to no
sveil. The next morning I
went to see a better doctor
for a second opinion, 6 he
told me that I have a rare
abnormality known as "diastasis recti".

IN ETTECT, WHAT HAPPENED
MAS THAT DURING MY PREGNANCY
MY TUMMY MOSCLES HAD SPLIT
down the centre 6 they had
not grown back together;
therefore my intestines were
hanging out thru this gap
with only my skin for support -- rather gruesome,
wouldn't you say?
THE DOCTOR TOLD ME THAT
IN MY CASE THIS WAS CAUSED
BY AN IMBORN STRUCTURAL DEFECT, as it's usually only
found in very old women.
She said that there isn't
anything that can be done
to correct it & suggested
I finish having all the
children I want (trey're
very much into family planning here? & then have it
repaired surgically,
I TOLD HER I DIDN'T BELIEVE IN FAMILY PLANNING
but preferred to let God
give me children when He
sees fit; so she told me
that I would just have to
live with a tummy like that, of

WELL, I WAS SO RELIEVED

"Here I am with my sweet little gift, John David. TYJ! I'm so happy," says Hephsibeh, miraculously healed sitho' doctors seid, "There isn't anything that can be done." But God did it! PTL!

S. HAPPY TO FIND OUT WHAT

MAS WRONG MITH ME! At home
I prayed about it is the Lord
gave me some wonderful promises to claim: The prayer
of faith shall save the sick
is the Lord shall raise his
up"; "Lay hands on the sick
is they shall recover; "If
2 of you shall agree on
earth as touching anything
that they shall ask, it
shall be done for them of
My Father which is in
heaven"; 6 "By His stripes
ye are healed."

HE ALSO TOLD HE THAT, AS
LAZARUS MHO HE RAISED FROM
THE DEAD. 6 as the man born
blind in John 9, this sickness was for the glory of
God, that the works of God
might be made manifest in
me. Now! THJ! So after a
definite prayer claiming
these promises from His word,
6 with the laying on of
hands, we committed this
matter to the Lord.
THE MONNING AFTER THIS,
I MAS PRAYING 6 ASKED THE
LORD FOR SOME ENCORRAGEMENT
ABOUT THIS HEALING, I
OPPENDEN DAISY MIGHT to
Sept. 2 where it begins:
"Blessed is he that seeketh
My face in the hour of
trouble. So shall he be in

will be with him!" Tty! God is so faithful!

SURE ENGOM, "HE MATH MEVER FAILED IN ONE OF HIS GOOD PROMISES!" Everything went back inside as it was supposed to! Glory to God! And altho! the suscles are not completely healed yet, wy tummy sticks out only about an inch, a wast improvement over the 8 inches it had been hanging out! So PTL for His wonderful mercy & power!

it had been hanging out:
So PTL for His wonderful

ALSO, BEWARD OF MINERAL
OIL! PURING MY pregnancy,
to my chagein I discovered
that the vitamin E crame
I was using contained mineral
oil. Adelle Davis in her
book "Let's Have Healthy
Children" has this to say
about it: "Such oil can pass
thru the skin, circulate
in the blood, & absorb vitamins A,D,E, & X before being
excreted in the faces.

"BECAUSE THE BODY IS THUS
ROBBED OF NUCH REEDED VITAMINS, under no circumstances
should mineral oin be used."
Whereal oil is also sold as
"Baby Oil" & is a main ingredient in many hand & body
lotions. Read the labels.

Much love, Hephrihab.

"The Lord Wants Me In His Army!"

82 SOULS SAVED INSIDE ARMY CAMP BEFORE THE LORD FREES DISCIPLE FROM THE DRAFT!

From Manases; S. America:

ON THE SAME MORNING THAT

I HAD MOVED TO ANOTHER CITY

TO JOIN THE HOME THERE. I

GOT PICKED UP FOR LITHESSING. The policeman saw that

BY MILITARY CARY WAS expired

I was going to have se taken
off to the army. I was with

a sister, I we tried witnessing to him, but it did
not help. So. I told the
sister, "Well, the Lord is
going to get me out", because I knew that He wanted

me for His army. PTI.

THEY TOOK ME ALONG WITH
SOME OTHER YOUNG HEN IN THE
POLICE VENICLE to the camp
for recruiting into the army.

As soon as I arrived that
afternoon, I began witnessing is passing out lit. The
other guys there were really
nervous because everything

was "rush, rush, rush", is
there was a super demonic
pressure on everyone. So
they asked me to talk to
them about Jesus, is they
didn't want me to leave them i
alone. TTY! How powerful is
the Spirit of the Lord!

ONE OF THE SOLDIERS HAD. A
GUITAR RIT DIDN'T KNOW HOM
TO PLAY is was looking for
someone to play some songs.
I told him that if he wanted
I could play a few—aven
though I can't play very
well the Lord did it all!
THEY TOOK HE TO A ROOM
MICHES SOME OF THEN SLEEP. I
I sang to them i I witnessed
to them, i hely all received
Jesus! A sargeant even wept
when I sing one song: This
was the door to also witness
to various captains, a lieutenant i all the soldders
there.

THEY SHOWED ME RESPECT I.

HAD THE FEAR OF THE LORD
about how they treated methey hit the other guys if
they refused to do the
things they told them to do.

Y CAMP BEFORE THE LORD FREES DI
The Devil tried to attack
me by saying that I was going into the army & that
nobody was going to get me
out of there, but I thought
of the verse, Is. 59:19,
easpecially the part, "When
the Enemy shall come in
like a flood, the Spirit of
the Lord shall lift up a
stendard against him." TYI
I felt that the Lord was
with me & that His engals
wers encamped around me.
I MAS WITNESSING A LOT &
PASSING OUT LIT, so before
long everyone knew me. The
brethren even came to wisit
me & brought me more lit to
pass out too. It was a real
inspiration to see them.
THE SAME SOCIAL MORKER
MIO HAD CONTACTED THE REETHREN FOR ME ALSO ARRANGED TOR
HE TO GET OUT. but an antiChrist officer had taken the
papers & hid them, & he also
put my name on the military
list again. He wanted to
keep me there, but the sergeant & the solders counselled me & did everything
they could to get me in to

IIS APPLY:

Talk to the colonel.

I WINT TO THE COLONEL'S

OFFICE I STARTED WITNESSING
to him about the work we
do. I witnessed to him &
the captains, lieutenants &
the secretaries, & by the
miraculous power of the love
of God they were all in favour of letting me go! It
was the day before they sent
all the guye out for their
basic training, & I had already spent is days therea super miracle. Tyl!

I'M REALLY THANKTUL TOR
THE LORD'S TESTS, They help
me have more patience, become closer to Him, & endure
hardness so that I can understand & love others who
also endure. It was a battle
the whole time till the victory came with the fruits of
the Lord: 82 people received
Jesus & the holy Spirit &
more than 1000 Letters were
distributed. Plus I got the
addresses of soldiers to
whon I hope to minister.
TIL for the victory! (Amen)

FOR THE NEXT 3 MONTHS I MROTE POETRY & SAT ON THE BEACH from sunrise to sunset. I stopped doing drugs & began to intensely read my Bible, trying to figure out in my head its simple heartfelt truth.

THEN I STARTED UNIVERSITY. I took courses in philosophy, paychology & eastern religions. After one term my head was so stuffed with man's worldly knowledge, but my heart was so empty. I went home for the Christmas holidays & was so miserable & lonely that I desperately cried out to God & pleaded with him to show me what I was to do with my life--6 sure enough He answered.

I WINT BACK TO SCHOOL TO START MY SECOND TRM, & as I wasked the streets, I noticed 2 boys behind me. I almost panicked thinking they were going to attack me.

SOON THEY WERE WALKING BESIDE HE, telling me about the soon-coming fall of America, the end-time, living communally & believing in Jesus. We sat down, & I told them that I was saved, so we then all prayed for the Holy Spirit. When I opened my eyes it seemed that the world was a whole different place. I could smile, laugh to love! I immediately went home with them & met the other 20 or so Family members.

RESTAURANT SINGING RESULTS IN SUPPORT & NEW FRIENDS WON!

Zichri, Hepsi & Luz; VSs in Chile:

RESTAURANT SINGING RESULTS I

From Zichri, Hepsi & Luz; VSs in
Chile:
PG! WELL, OUR BEGINNINGS WERE
HARDLY GLORIOUS, OR EVEN PROMISING.
but just to show that God can use
the weak, foolish things, He has
even used us to reach & influence
many in our restaurant singing
ministry!

IT ALL STARTED ABOUT 2 YEARS AGO,
just after Luz had dropped out &
we were preparing to go on the
road for a summer faith trip of
camping & witnessing! We sat down
together in the bedroom of our
apartment with a tape recorder to
try to learn some songs for our
trip South! Boy, the Devil tried
to discourage us & make us quit
before we even got started!
BUT AS WE KEPT "PICK & SHOVELING"
WE STARTED TO EVEN LIKE WHAT WE
GHEARD ON THE TAPE WE WERE MAKING!

Timagine that! So, with our 3 songs
& guitar-in-hand, we took off by
faith to the South to do our best
for Jesus!

WE WERE AMAZED TO SEE HOW SWEET
& RECEPTIVE THE PEOPLE WERE, especially to the music, in spite of
our many imperfections! Of course,
our first tries were in informal
witnessing situations where the
people were more capitivated by
the Spirit & the personal attention
we showed, not by our technical
imperfection! TG!
SOON WE GOT THE FAITH TO ATTACK
ON RADIO, which also went surprisingly well! We were happily surprised! Each time, before we sang,
we'd quote something from "Sock it
to Me" or "Inspired Songs" to get
up the Spirit & courage to do it,
& the Lord never failed! We reached
thousands & made friends with many
radio people who, DV, will be our
faithful helpers in getting MCV on

Hepsi, Luz & Zichri singing in a seaside restaurant.

Hepsi, Luz & Zichri singing in a seaside restaurant.

the air throughout the South!--We sang on nearly every station we went to, a total of about 15!

HOWEVER, WE STILL HADN'T PLAYED FOR A CLUB OR LARGE RESTAURANT-TYPE CROWD. We were pretty nervous about that, as the people are generally more demanding concerning professionalism, & if there is one thing we aren't, it's professionals! Ha!
Later we found out that the turned-on happy spirit of our "music with meaning" turned them on a lot more than mere professionalism! When we would "sock it to them" they loved it, mistakes & all. In our first club, the owner noticed we were inexperienced & a little nervous, so he promptly offered us a "pisco sour" (a local alcoholic drink) which we readily accepted, & the show began! It went great; in fact the audience response was terrific; it gave us the faith to go forward with singing as a ministry! TYJ!

WELL THAT WAS 2 YEARS AGO, and in the last 2 years of singing the Lord has done so many miracles in providing funds, friends & fish! We live in a seaside resort where we consistently meet important people & get a good chance to minister

to them. So many of these people tell us to keep on singing. They say that we sing wonderfully & that the message in our songs is so different from commercial songs & so necessary for all to hear! We slways tell them thank you, that we just want to make other people happy & spread a little love around!

TIRU OUR RESTAURANT SINGING WE.

HET MARIA ANGELICA, a precious woman who received the Lord & the Holy Spirit & is now a faithful witness. She gave her brother-inlaw (who is a doctor) a Bible for his birthday, which caused no small stir in her family! The doctor's 10-year-old son had a severe case of asthma, but after reading "Streams That Never Run Dry", Maria Angelica immediately went to their house, witnessed to her nephew, read him parts of "Streams", & then the boy got so excited that he said he had the faith to get healed! So they prayed & he was immediately delivered from his life-long asthma affliction! Hal! Imagine the reaction of his father, a doctor! Although he's a pretty hard nut to crack, he couldn't deny the facts, & he took his son off the drugs he had been taking for years! Now he is a good friend of the Family, gladly attending to the girls' deliveries (2 so far) & any other medical problems for free!

ANOTHER PRECIOUS GIRL WE MET IS ALICIA. She's a pharmacist & about 26 years old. She saw us singing once & never forgot us! She said that she felt something very special while watching us sing that she'd never felt before. She was too shy to make contact with us, but a few months later we met her miraculously at a party at the home of our T.V. catacomber! In fact, she'd already been saved & reading the "Daily Might" before we personally met her! She'd known one of the catacombers

from before & had recently gotten in touch with her again. After going to one of our catacombers' parties & hearing the songs they sang, she immediately related them to us! Now she's so happy in her new life of knowing Jesus & has been a real blessing & good friend.

A THE COM

Alicia, first met thru restaurant singing & now a close friend of the Family.

taurant singing & now a close friend of the Family.

WE'VE ALSO MINISTERED TO AN ENTIRE RESTAURANT STAFF, having all 20 of them over to our Home for a party & songs. We've found it pays to cultivate the whole restaurant staff, from the owner to the dishwasher. Love never fails! We always get a warm welcome from the staff, & they encourage us to go in & "sock it to them".

AND ALL THIS THANKS TO DAD & THE LORD FOR ENCOURAGING US TO FORGET OUR PRIDE & SHYNESS & SING! And thanks to His Holy Spirit which is what moves them & turns them on! PG! As Dad says, "The Jesus Revolution was waged & souls won with our music...Music is our message! Music is our ministry! It'll live in their hearts forever—by His Spirit."(DM May 19th)

Gospel In The Stars!

Edited by Samuel Ploneer from a class by Barry Settofield (a church man & astronomer)

sting. If true-& quite possible. "God works in a mysterious way!"-D.-The question marks are mine-hal)

(PTLI Interesting, If Iruse—& quite possible. "God works in a mysterious way!"—D.—The question marks are mine—hal)

God has created the stars and heavens and ordered all things well - Ps 19:1,2.

Since Adam, the future has been known via the stars. God has revealed His plans through both the Bible and before that in the twelve signs of the Zodiac and their associated thirty-six decans (constellations). We see in Ps. 19 vs 1-6 speak of the stars and vs 7-14 speak of the Word or Law of the Lord. In Genesis 2:19,20, we see Adam gave names to all animals, but by contrast we see God named the stars Ps. 147:4, is. 40:26. In the latter verse it states that God named them at Creation and these names have been preserved in spite of being translated into many languages. For example, the constellation of Virgo is called Bethullah in Hebrew. Pathanos in Greek and Kanos in ancient Indian, all meaning Virgin. From the Creation through the Flood to the Tower of Babel, these star names were passed from Adam through the patriarchs to be dispersed into many languages at the Tower of Babel. In Genesis 1:14, the scripture says the sun, moon and stars were to be for "signs" which these stars and constellation are, in so much they reveal the story of Christ. In Hebrew the word "signs" here implies "message bearer". In Job 9:8,9 we see God made the constellations referred to and that their names haven't changed over 4,000 years. Also their shapes haven't changed either. We see in Job 26:13 the crooked (or "fleeing" - Hebrew) serpent described, still unchanged today (the constellations - Hebrew) serpent described, still unchanged today (the constellations.

Returning to Ps. 19 we read in verse 4 that the Lord has set a "tabernacle" for the sun, which is the twelve constellations of the Zodiac which the sun passed through in its circuit. Verse 6 says "his going forth is from the end of heaven and his circuits unto the ends of it". The word Zodiac means "way" or "circuits", from old words zoad and zodiacus. God Himself brings forth these signs of the Zodiac season by season. In Joh. 38:31.32. It says God brings forth of the Zodiac season by season. In Joh. 38:31.32. It says God brings forth which means the busive signs of the Zodiac. To each of these busive signs are given three associated constellations called decans totalling 48 signs which are to tell the story. The word decan means "part" or "to explain".

Now looking at Romans 10 we see in verse 18 Paul is talking about those that preach the Gospel and quoting Ps. 19 saying all have heard the Word because the stars taught the Gospel before even Moses. Romans 10:15 also could refer to the stars which are definitely beautiful and preach the Gospel. Also the sun preaches to us by day. Ps. 19:5 refers to the "sun" as the bridegroom who is Christ (John 3:28), and in Malachi 4:2 refers to the "sun of righteousness" being again, Christ. So Ps. 19:5,6 tell us the message of Christ coming out of this chamber (heaven) coming to Earth then returned again to heaven (the end of this circuit).

In Genesis 15:5 God said to Abraham to "tell" and "number" the stars. The words "tell" and "number" mean to mark, list in sequence or tell the story.

Words "tell" and "number" mean to mark, list in sequence or tell the story.

So God asked Abraham to tell the story in the stars and then God adds "so shall thy seed be". And it says Abraham believed the Lord and He counted it to him for righteousness. This verse has been misinterpreted to mean the same as in the verse Gen. 22:17, but in Gen. 15:5 the word "seed" is singular. We see in verse Gen. 22:17, but in Gen. 15:5 the word "seed" is singular. We see in Gal. 3:16 Paul says "He saith not, and to seeds, as of many; but as of one, and to they seed, which is Christ". Also Gal. 3:6 is the same as Gen. 15:6 and to they seed, which is Christ". Also Gal. 3:6 is the same as Gen. 15:6 ow e know Paul is referring to Gen. 15 and not Gen. 22: so the message is clear God had Abraham read of the star names and then God adds "so shall thy seed, Christ, be". So Abraham had the Gospel preached to him.

"And the scripture, forecoming that God would justify the heathen through

"And the scripture, foreswing that God would justify the heathen through

nations be blessed" (Gal. 3:8) - through the star(). "So then they which be of faith (i.e.-saved) are blessed with faithful Abraham (Gal. 3:9). And Rom. 10:15-18 tells us that all men have had the Gospel preached unto them, via the star().

Where to begin to read the Zodiac? Astrologers usually begin with Aries. God said He named and numbered them (Gen. 15:5), so there is a definite order. The Sphinx (eg. seen at Esna, Egypt) reveals where to break the circuit of the Zodiac. It has the head of a woman with the body and tail of a lion, and Egyptian Zodiacs always place the Sphinx between Virgo and Leo. Thus the sun, which represents the "sun of righteousness", the "heavenly bridegroom". Christ the Messiah (Mal. 4:2, Psl. 19:5, dn 3:29) as it moves through the twelve signs with their associated strong-man figures (Ps 19:5), traces out the message that begins with Virgo, and ends with Leo. Twelve signs or houses (constellations) of the Zodiac in correct sequence are thus Virgo, Libra, Scdpio, Sagittarius, Capricorn, Aquarius, Pisces, Aries, Taurus, Gemini, Cancer, Leo. They elaborate God's revelation to man in three groups of four signs each, covering Christ's work in the past, present and near future.

The Signs of the Past

The Signs of the Past

The first four signs speak of Messiah and His works. His identity is revealed in Virgo the Virgin. The brightest star there is, Spica (Latin), or Zerah (Hebrew) which means "seed". Other bright stars are Tsemech "Branch" (Jer. 33:15, Zech. 3:8, 6:12), Zavijaveh "glorfous", Al Mureddin "who has dominion", Vindemiatrix "coming soon". These names divorced from pagan idolatry and mythology amplify the prophecy of the glorfous son of God, the Branch of the Lord (Is. 4:2, 11:1) who came as the seed of the virgin (Gen. 3:15, Is. 7:14, Matt. 1:23) and yet is destined to have dominion over all nations (Ps. 72:8). Any doubt as to His identity is settled by the decan of Coma, which was originally Comah (Hebrew) "longed for" or "desired" (Ps. 63:1, Haggai 2:7). In Egyptian it was Shes Nu, "desired son". The old Persian name, according to the Arabian astronomer Albumazer, was "Thesu which in Greek is Christos" - Jesus the Christ. The sign of Libra, the Scales or Balance, speaks of Christ's initial work by 3 bright stars; Zuben al Genubi "the price which is deficient" (Is. 40:12, Ps. 49:7, Ps. 62:9). Zuben al Chemali (or Kaphar), "the price which covers" (or "atonement") and Zuben Akrabi, "the price of the conflict". Respectively, they point out that man has "been weighed in the balance and found wanting" or is deficient (sinful) before God (Rom. 3:10, 23). However, the shedding of the blood of Christ was the atonement, the covering price for our sins (Rev. 5:9) and was obtained by the price of conflict for His life fought out on the cross of which the decan of the Southern Cross (or Crux) speaks. Now Centaur (Decan of Crux), (or Bezeh) means "despised one" (Is. 53:3). The Southern Cross was visible on the horizon at the time of Christ's crucifixion. It's old Hebrew name was "tau" meaning "limit" or "finish". Jesus' last cry was "It is finished". The five main stars are representative of the wounds in His hands, feet, head and side. The two other signs, Scorpio and Sagitarius will be considered with Le

The Signs of the Present

This second group of signs begins with Capricorn the Goat, which was a sacrificial beast, but the star name Deneb al Gedi means "the Judge Who is the Sacrifice". Christ alone the coming Judge, was Himself the sacrifice for our sin and shedding forth His Holy Spirit (I Cor. 5:7, 15:3-6, Acts. 1:4-11). The Zodiac strong-man Aquarius pours out his water in a life giving stream upon Pisces the Fish. This is Christ's promise, to those who repent and trust in His blood sacrifice for sins, that He would pour forth His Holy Spirit as rivers of living water to personally indwell in every believer and eternal life. (Jn. 7:37-39, 4:14, 14:15-21). The symbol of the Fish has been used to identify Christians from the earliest days. The sign of Aries,

the Lamb or Ram, echoes John the Baptist's words about Christ "Behold the Lamb of God that takes away the sin of the world" (Jn. 1:29). Thus this second group covers God's purpose for the last 1900 years which has been to take out of all nations a people for His Name (Acts. 15:14-17).

The Signs of the Near Future

The Signs of the Near Future

The Hebrew word Shur (Buil) also means "return" and the sign of Taurus with the bright star Aldebaran, "governor" and the two star clusters the Hyades and Pleiades, "congregation", (Pleiades - 7 sisters, 7 stars of Revelations, 7 churches), speaks of Christ's return with the congregations of the old Testament saints and the church to govern the whole world (Is. 96,7, Rev. 20:4). Decan of these is Orion - "bursting forth of Tight". The sign of Gemini the Twins speaks of the twin comings of Christ as "suffering servant" (the star Castor), and "world ruler" (Pollux). Immediately prior to this reign of peace will be 3; years of Great Tribulation (Mt. 24:29-31), the righteous dead will be resurrected and the Tiving Christians will be caught up to Heaven alive, immortal (I Thes. 4:14-17, I Cor. 15:51-57). "After the Marriage Supper (Dan. 12:12, Rev. 19:14-16) we'll return with Christ to rule. The sign of Cancer amplifies this. Its old Hebrew name was Ash "butterfly", while Egyptian Zodiacs had the Scarabacus beetle, their symbol of the resurrection, a grub that rose to new winged life from its chrysalis. The cluster Praèsepe "multitude", and the star Aubene "hiding place", shows the multitude of believers hidden in the wilderness (Rev. 12:6-14), to escape the Judgement. The evil man whom the Bible calls the Tawless one, the Anti-Christ, will rule the whole world through the ten nation confederacy and a new economic system (Dan. 7:7, 8-23-25), Rev. 13). This man is typified by the sign of Scorpio, whose brightest star is Antares or Anti-Aries, "against the Lamb", or anti-Christ, and the tail portion was called Lesath "Tawless-one". In Hebrew Akrab (scorpion) also means "war", which speaks of the battle of Armageddon at the end of the Tribuation during which Christ returns and defeats the Anti-Christ as portrayed by the sign of Sagitarius whose arrow is aimed at Scorpio (Rev. 16:16, 19:19-21). Leo the Lion of the Tribe of Judah (Rev. 5:5) and the "coming Judge" (Deneboca) is "treading old

Wonder Working Words Won Juan! Peruvian national tells how he & his little family found joy in God's greater Family!

Peruvian national tells how had a large to the control of the cont

would say it was a real privilege to be able to spend time with them.

FROM AN EARLY AGE WE WERE TAUGHT TO BE VERY PROUD OF WHO WE WERE & the name we carried. I was sent to the best schools in Lima where I always received special treatment as my father was always giving gifts to the school. Most of the time we were given whatever we wanted, as it was one of the ways my parents kept us happy.

BECAUSE OF THE POOR BACKGROUND FROM WHICH MY FATHER ORIGINALLY CAME, we were taught to be very respectful & thankful to anyone who did any thing for us, for example the maids or people like that. Because of the Latin tradition, our family was very close & we would always have a family Sunday in which the whole family got together for lunch, including uncles & cousins. This lasted all during my parents's whole lives, which kept the family unity pretty close.

From Juan Carlos

h AFTER I FINISHED HIGH SCHOOL WITH HONORS, my father decided it would be best if I went to the United States to get trained in Business Administration so that one day I could take over his business. This was, in 1966. My 2 older brothers had failed my father in his desires for them to take over his business, as the oldest had flunked out of university & the other had become a farmer & did not like the business world. At this time I was very much into the high-society & weelth trip, so I was very eager to go & study & one day inherit my father's business & reputation.

SO IN 1967 I ENTERED THE UNIVERSITY OF TEXAS with high hopes of one day becoming an important businessman in Latin America & follow the example of my father. This was the first time I had left home on my own, especially for such a ong period of time. After a very successful academic semester I visited home. My father was very proud of me so he rewarded me with a car & the privilege of having my own apartment while going to school Once back at school I met some people involved in smoking mar-

ijuana, which got me started into that world.

IN 1968 THERE WAS A
REVOLUTION IN PERU in
which a socialistic military government took over the country
& started to nationalise most of
the big industries in which my
father had always played a big
role. First came the farms, then
the fishmeal industries, the oil,
steel etc., until it came to the
point that one day in our own
house there was a sign from the
military government that we
had 30 days to vacate as the
house had been nationalised &
was going to be used as the Air
Force Officers Clubi
THESE CHANGES IN PERU,
AS WELL AS THE IDEAS &
VALUES I HAD BEGUN TO
ACQUIRE thru' the drug culture & youth revolution that
was happening in the U.S., began to have a profound effect
on me. I began to wonder why
my father had struggled all his
life to obtain what he did &
then one day for someone to
come & take over everything.
I still kept going to school &
managed to keep getting good
grades.

AT THE SAME TIME I
STARTED TO EXPERIMENT
HEAVILY WITH DRUGS as I
felt it was the solution for the
world. I could very easily say
that drugs became my new religion. Having been brought up
a Catholic, I was completely disllusioned with the Church &
God & anything that had to do
with it, so I joined the "love"
youth revolution of those days.
When I finally graduated from
university with a Bachelor's
Degree in Business Administration, I was so afraid to face my
parents & everything else back
in Peru. I decided to go for my

Master's Degree, which my father happily agreed for me to do.
WHILE WORKING ON MY
MASTER'S DEGREE I at the same time tried very hard to defend my new philosophy about the use of drugs by writing reports & even a thesis about the fact that the use of drugs did not affect the performance of a businessmanl Hall WHEN I FINALLY FINISHED STRUGGLING FOR MY
MASTER'S, I was still afraid to go back & face my family & the traditions of the country, as I felt I would not be understood with my new ideas. I now had a degree in Managerial Accounting & had become a Certified Public Accountant (CPA), but still believed that the solution to the problems of the world, would be in the use of drugs!
BUT BY 1972 I HAD BE-COME DISILLUSIONED WITH WHAT WAS BECOMING OF OTHE YOUTH REVOLUTION on the States so I decided it was time to go back to Peru & face my fears. During this time in the U.S., tho', one of the most vivid moments I remember was a time I was coming down from an LSD trip & was sitting in a coffee shop discussing with a friend the solutions to the problems of the world.

A VERY PRETTY GIRL WALKED RIGHT UP TO OUR

lems of the world.

A VERY PRETTY GIRL

WALKED RIGHT UP TO OUR

TABLE & kissed me on the cheek & told me, "You know, Jesus really loves you!" Later I found out that this girl belonged to a group called the COG & that they were in town preaching the words of Jesus. Even tho at that time I did not agree at all with this group's philosophy (as I understood it), that little sign of affection left a big impression in my life.

WHEN I FINALLY ARRIVED IN PERU WITH MY HAIR VERY LONG & looking like a total hippie instead of the well-

dressed businessman my father was expecting, I still had no idea of what was going to become of my life. Immediately, despite his shock at my appearance, my father offered me a job as the head of one of his companies, to which I agreed & worked at for about a week before going to him & letting him knew that I decided that I did not like to work behind a desk.

MY POOR FATHER WAS SHOCKED & looking for a plausible excuse for my attitude said, "I think you have been studying too long & what you need is a vacation!" I travelled for about 3 months & yet when I came back to Peru I still did not feel like working. I tried to get my father to understand my new way of looking at life, to which he would sit back & look at me in total amusement. Finally he told me he could no longer support me financially, thinking that this would force me to work.

BY THIS TIME I HAD MET A VERY YOUNG & PRETTY HIGH SOCIETY GIRL of Lima called Rosa whom I turned on to & later ended up marrying after knowing her for just a short period.

handedly, "Yeah, yeah, it's alright." Then I said that this was the answer we had been looking for & that this was what we needed to do—forsake all!

ROSA TOOK ME AT MY WORDS & one day when I returned home she had forsaken our clothes & was ready to hit the road, GBH! Still we were pretty well-off financially, so I thought that now I could not back out from what I had said. Yet we were not happy travelling around in a fancy pick-up truck with camper on top, so we came to the conclusion that maybe if we gave away all the "evil money" we had made with dealing drugs maybe we would find happiness.

BY THIS TIME WE WERE

arys we have we would find happiness.

BY THIS TIME WE WERE
REALLY INTO THE BIBLE &
TRYING TO PUT IT INTO EFFECT. It was then that we came
to a little mountain valley in the
Peruvian Andes & decided to
settle down & try to help the Indiens. We sold our fancy camper & with the money we bought
some land & built our own home
out of adobe mud. We lived up
there for about 3 years. By this
time the Lord had given us another little girl whom we called
Anim. All this time we had been
trying to live according to the
Bible but to no success, which
caused me to start getting discouraged & disillusioned, as I felt
the Bible was nice but impossible
to accomplish.

OF COURSE MY PARENTS
WERE HORRIFIED that their
son was living with the common Indians. & worst of all that

WERE HORRIFIED that their son was living with the common Indians, & worst of all that all Lima knew it! During this time the Lord showed me many lessons which in a way served to later bring me closer to Him, such as the death of my mother.

ONE DAY WHILE IN THE MOUNTAINS, I GOT THE URGE TO VISIT MY PARENTS' HOUSE in Lima. So we drove for 4 hours & when I

walked into my mother's bedroom she was standing up by
her desk. When she saw me she
mentioned that she had a pain
in her head. When I went towards her she started to fall
down so I grabbed her & carried
her & all of a sudden she died
im my arms. It really freaked
me out, as I felt so useless that
I had not been able to do anything for her & that she had
just died like that in my arms.

THIS WAY MY MOTHER
DIED LEFT A BIG IMPRESSION ON MY FATHER as he
felt there was something special

SION ON MY FATHER as he felt there was something specia about why my mother had diet in my arms. After years of trying to make it up there in the mountains & help the Indians, I began to feel I was a sinking ship & that maybe my father was right about how we all nee to be in the system as it is the only way to make it in this world.

MY FATHER HAD TRIED TO PROVE TO ME that it would never work for me to be

MY FATHER HAD TRIED TO PROVE TO ME that it would never work for me to be a up there with the Indians, & he had even given me a chicken farm to prove to me that it wouldn't work, to which he was right, as I ended up giving most of the chickens away to the poor people. IT WAS AT THIS TIME THAT I MET A GIRL CALLED 12 GETHSEMANE who used to 8 belong to the Family but was thinking about what to do withher life. We invited her to come & live with us in the mountains for a week to which she accepted. She had been in the Family for 4 years & still really believed in her Mo Letters. We used to make fun of her as we felt that the COG were all crazy & did not know what they were doing. During her stay with us we made sure she took drugs & smoked marijuana, something she had not done since joining the Family 4 years before.

Jesus.

AFTER HER WEEK'S STAY
WITH US IN THE MOUNTAINS
we drove her back down to Lima. I asked her if she wanted
to live with us in the mountains
to which she answered, "Thank
you so much for all you have
given me, but I am so thankful
that the Lord has used you to
show me that all you can give
me cannot compare to all my
Family has!" Whew! It blew
my mind! Immediately I wanted
to go & find out what she
meant by that.

ROSA, I & THE 2 CHILDREN
ACCOMPANIED HER TO THE
LOCAL HOME. When we walk
ed in we could feel the spirit of
love. For the first time! saw
white & Indian loving each other
& living together. There for
the first time! heard a Mo Letter, "Mountain Men", which
really touched my heart. As we
were leaving, a little Indian fellow ran out & gave me a Letter
which! I didn't even bother to
look at, I just tucked it away.
ON THE WAY HOME ROSA
& 1 TALKED ABOUT HOW
NICE THESE PEOPLE WERE
but that we could never make it
in a situation like that in which
you had no privacy & had to
share everything. That night!
It was "Forsaking All"! After
reading it! turned around to Rosa
& told her that that was it &
what we needed to do it.
SO THE NEXT DAY WE
PACKED A FEW THINGS &
ALL 4 OF US WENT TO THE
HOME TO JOIN & forsake all!
TYJ! First we walked into the
room of Gethsemane who was
staying with us at my father's

home & told her about our decision to Join. She then asked us to pray & exk Jesus Imp our hearts. We did! At that moment we experienced a very peaceful feeling but of course did not really come to the full realisation of what we had done as the did not explain about eternal salvation or give us any verses. We just knew we were feeling super-peacaful & good about our decision.

AT FIRST ROSA WANTED

AT FIRST ROSA WANTED TIME TO THINK ABOUT IT,

about our decision.
AT FIRST ROSA WANTED
TIME TO THINK ABOUT IT,
but I knew if I did not make the
move immediately I might never
make it, so we went ahead by
faith to join this crazy group I
had so severely criticized in the
past to the point that when a
very close girl friend of mine,
Marie Libertad, first joined I
talked her into backsliding! TTL
for His mercy that after I joined I was able to talk her into
joining again & TTL he is still
on-fire & serving Him & the
Family with all her heart, TYJI
SO ON FEB. 16, 1976 ROSA
& I & OUR 2 CHILDREN, Mikal-3 & Anim-4 mos. welked into the Nido colony in Lima,
Peru. Altho' we had not smoked anything for the first day in
many, many yeers, we were super high! Knowing little about
the Family. I took with me a
big stack of marijuana & a few
other drugs. It was not until
I was given the class "Revolutionary Rules" 2 days later that
I found out that in our Family
we do not smoke! Anyway,
that first day was super inspiring! That first hight we went to
bed early as we usually did on
the farm.

AT AROUND 11 P.M. SOMEONE CAME IN & ANNOUNC-

the form.
AT AROUND 11 P.M. SOME-ONE CAME IN & ANNOUNC-ED THAT FAITHY WAS OUT-

up to meet somebody in the middle of the night! Finally they succeeded in getting us out of bed & we walked outside. THERE WAS FAITHY LOOK-ING AS IF SHE WAS ON AN LSD TRIP (at the time I did not know how else to describe it), really smiling & her eyes really big & sperkling! She just talked 1,000 miles per hour & in English at that, which at the time I reelly resented since! felt being in Peru that she needed to talk Spanish! Anyway, she finally stopped, looked directly in my eyes & very sweetly said,
"YOU KNOW, I REALLY LOVE YOU!" Wow! I treally

rectly in my eyes & very sweety said,
"YOU KNOW, I REALLY
LOVE YOU!" Wow! It really
did it for me! It immediately
brought beck to my memory
the feeling I had many years aL go when that girl had welked
up to me in that coffee shop in
Austin, Texes & had said the
same thing! I began to understand that there was something
more than what my eyes could
see.

THE NEXT MORNING WE
WANTED TO KNOW MORE ABOUT WHAT THIS FAMILY
WAS ALL ABOUT, & it was
then that we were sixed to pray
again to ask Jesus to come into
our hearts. We did just in case
the first time had not worked,
but this time we were given the
verses from the Bible, & told about eternal subvation, TYJ!
Now! know better, tho', that
He did come in the first time I
prayed as! I believe we did it
with our hearts!
THAT SAME DAY WE
WENT OUT LITNESSIMG. &

THAT SAME DAY WE WENT OUT LITNESSING, & WENT OUT LITNESSING, & I was embarrassed to see all my friends & family as they purpose ly took us to the main street in Lima where all the rich people go shopping. At this time I still had my very long hair & I had a real trial about getting the lit out. It was not until I finally realised when I met my sister

that she was more embarrassed than i wes at my being a "humble little newsboy", as she asked me to please put the lit away or hide it while I was talking to her. It really gave me conviction & my trial vanished, at least for that day!

DURING THE FOLLOWING DAY'S I BEGAN TO FIND OUT MORE ABOUT THE FAMILY
& ESPECIALLY ABOUT DAD as I began to read all I could about him in the Letters they were giving me. After a couple of days! I received an invitation to move into another Home. It turned out to be where Faithy was! That is also when I first found out who Faithy was! That is also when I first found out who Faithy was. THAT NIGHT AT DINNER I STARTED TO QUESTION HER about who Moses David was & why it was that we did not have all the Letters in Spanish & why there were some Letters I was not allowed to read.

It was then when she admitted that there were many Letters missing & that was probably one of the reasons the Lord had brought me into the Family, to help in getting the Words out in my lengage.

brought me into the Family, to help in getting the Words out In my language.

I GUESS THAT WAS THE NIGHT IBEGAN TO FALL IN LOVE WITH HER, as I had never seen such sincerity & openness. Also by this time, my wife Rosa was fed up with the whole thing & kept insisting that we go home & that this group was just crazy & that we were being used.

I MYSELF BEGAN TO FEEL THE SAME AFTER I MET JETHRO for the first time. Here was this fat American activation in the pervious hids really rough & when he finally came to talk with me he spent two hours just talking about business & what was it that my father owned etc. In the whole course of the conversation he

never mentioned the Lordf At the time I was very close to a Peruvian brother who had been kind of "assigned" to me. I told him my feelings & also that maybe us Peruvians needed to get together & overthrow the Americans as I felt it was just the same old story of the Americans coming in & using the Peruvians for their own purposes. HE TOLD FAITHY, WHO A-GAIN CAME TO MY RESCUE, GBH, & thru' her look of love again got me hooked! She then told me that if I really wanted to know about M.D. & this Family I needed to read the Letters. So with the help of Cephas she organised a babes' ranch at my farm to which 7 of us went & spent our time having classes. IT WAS DAYS OF HEAVEN AS ALL WE DID WAS READ, READ, READ, WHEN THE WORLD WAS I broil the nalso the lording a relationship of which I was not supposed to know, but the Indian who used to help us in the care of the farm told me all about it. At the time I did not understand but I just let it go as I was really flipped over what I was reading. It for this "hippie" group. TIL for the Letter, as thru' my sample little by little he was being won.
WHEN THRU' READING THE WORD OLD & NEW I CAME TO THE FULL REALISATION OF WHO DAVID WAS I broke into tears & it was then also that I asked the Holy Spirit to come into my life. This was 2 months after I joined the Family. It was Isaiah (Alaxander) who had helped me very much at this time, as Faithy had left for Brasil with Cephas.
DURING THIS TIME ALSO MY FATHER BECAME VERY SICK as his lukemia (cancer of the blood) was really coming on strong. He was taken to the hospital & doctors were brought from other countries at his request to treat him. On July 6, 1976 Faithy arrived back from Brasil.
THAT SAME DAY AS WE TALKED ON THE PHONE, I TOLD HER ABOUT MY FATHER'S CONDITION. All of a sudden out of the clear blue sky she said my father was going

all about it. At the time I did not understand but I just let it go as I was really flipped over what I was reading.

TWO WEEKS LATER I WAS ASKED TO MOVE INTO MY FATHER'S HOUSE. At first it thit me like a rock as I felt I was being asked to leave, but then Faithy shared with me the vision that maybe we needed to win my father to the Lord. Then she asked me if J knew of a place where we could have a bebes' rench that was not so a far way as the mountain farm. MY FATHER OWNED A LARGE SUMMER HOUSE at a resort not far from Lime, so I asked him if we could use it & he very willingly agreed, which for me was a shock as I thought he hated the Family. Up to this point he had never showed any type of reaction to the Family except that he had

was going to be fine & that we did not have to worry. Anyway, she asked if I could take her to see him, as the had known him from before she left for Brasil & had kind of established a rapport with him. In a way, they had a small love affair of the heart coins. told me that he would rather see me as a dope addict than as a COG! He just could not understand how I had for so meny years refused to cut my heir & change my ways, even the he & my mother had pleaded with me to do so, & here I was doing it for this "hippie" group. TTL for the Letters, as thru' my sample little by little he was being won.

å had kind of estabished a rapport with him. In a way, they
had, a small love affair of the
heart going.
WHEN I TOOK HER TO
THE HOSPITAL, MY FATHER
REFUSED TO SEE HER. He
started crying å stked me how I
could bring her to see him in the
condition he was in. Physically
he really looked bad. Faithy
then wrote a little prayer which
I read to him, all about having
peace as He has a place prepared
for us!
THE NEXT DAY WITH MY
WHOLE FAMILY IN HIS ROOM,
I just went over to him & toid
him he was dying å that he needed to receive Jesus. He looked
at me å sgreed but asked for a
Catholic priest to come in. After receiving Communion he then
looked at me å: I asked him to
repeat after me, å we prayed for
him to receive Jesus into his
heart. A few hours after that he
went into come å never reggined consciousness. It was then I
also realised the difference between my mother's death & my
father's death, who by the way,
also died in my arms. All of a
sudden he started to pray the
Lord's prayer & then he was
gone, Tyll The Lord has used
his death as a testimony in Lima
as people still tark about how he
died praying the Lord's prayer!
IN AUG. OF 1976 I WAS
NAMED "BISHOP" OF PERU

& became Jethro's PR man. He also made me President of the Association & got me really involved in the record the music group was producing. By this time the FF Letters had started to come out. Rosa was going wild with them & I was just sorry that maybe I had joined too soon! Hal—As the problems between Rosa & me were getting worse & worse.

orse & worse.

I MENTIONED IT TO FAITHworse & worse.

I MENTIONED IT TO FAITHYa few times to see if she would
get the point & TTL she got it
one night while we were travelling together promoting the record. I had not had sex in a

I started to have a closer relationship with her which Jethro,

one night she took an overdose
of sleeping pills & tried to commit suicide. I felt maybe it was
best if I left the Family, as Rosa
was wanting to leave, & maybe
for the sake of the children it
was best.

I WAS HAPPY AS I WAS HELPING FAITHY ON THE WITNESSING FRONT & nothing else seemed to matter. Also by this time I had become more aware of the Letters, especially the good fruits of the FF Letters as Faithy FF'ed the manager of the record company in Peru. On a trip to Mexico with Faithy, she FF'ed the manager of the record company

AFTER GETTING OVER
THE INITIAL IMPACT OF READING YOUR PERSONAL SPANKING TO US yesterday & feeling somewhat sorry for myself, & wondering what good i was to anyone anymore, & so being tempted to give up the fight.

THIS MORNING I CRACKED A MAG TO READ SOMETHING before writing to you & fell on the perfect Letter "The Unguarded Moment!" which fit the situation to a tee: "Belowd, you better stay close to the Lord! You think you couldn't leave or go beck, but you could do anything if you don't stay close to the Lord! There's not one of us that's above it, none of us are any good! Without Jesus we're nothing, & you better stay close to the Lord! There's not one of us that's above it, none of us are any good! Without Jesus we're nothing, & you better stay close to Him or you'll do it too!" It was true, so true!
I COULD JUST FEEL THE ENMEY SAYING, "Now don't you feel like just giving up! He! Look at Brunheld! Can't even lift in finger now, some Brunheld! Ha!" Certainly now he was using

my "unguard-ed moment" to taunt & con-demn me, but I had given him the ammo the ammo

Harpman of Admiracy ages spect light THE FAMILY OF LOVE by Alastair Hamilton

The mystery which surrounds the <u>heterodox sect</u> known as the <u>Family of Love</u> has been a source of endless <u>fascination</u> to <u>scholars</u>. On one hand some of the greatest humanists of the late sixteenth century were alleged to have been associated with it — the printer Christophe Plantin, the philosopher and philologist Justus Lipsius and the Spanish Piblical scholar Benic Arias Montano. On the other its acquired a sinister reputation of antinomianism particularly in England where it survived into the seventeenth century and, as a <u>spiritual movement</u>, took its place amongst the <u>non-conformist</u> movements under the Commonwealth

Professor Hamilton's is the first comprehensive study to connect the Family of Love in England with the sect on the continent. Working from extensive primary sources in Holland, Belgium, Great Britain and the United States, he provides a detailed study of the careers of the two main ideologists of the sect, the founder Hendrik Niclaes and his schismatic follower Hendrik Jansen van Barrefelt (Hiel). He gives a fucial account of the various humanists connected with the movement and analyses in depth the ramilications of the Family of Love in the Low Countries and England. The Family of Love will prove to be the definitive history of a neglected but significant sect in Europe.

Professor Hamilton was educated at Eton and King's College, Cambridge. Formerly Research Fellow at the Sir Thomas Browne Institute in the University of Leiden, he is at present Professor of English at the University of Urbino. His publications include *The Appell of Fascism* (1971) and *The Alumbrados* due to be published in 1983 by James Clarke and Co.Ltd.

FAMILISTS (făm îlîsts), religious community founded in Friesland in the 16th century by Mendrik Niclaes. Niclaes, a merchant of Munster & originally a Roman Catholic, claimed to have been chosen prophet & prepared by special <u>outpouring</u> of the "spirit of the true love of Jesus Christ." His teachings combined elements of German mysticism with Anabaptist doctrines & the ethic of religious perfection. Making Emden his headquarters, he spread his beliefs, travelling much, particularly in Flanders & England. At Emden was first established (c. 1540) the Family of Love, as his community was called. It held that the divine spirit of love within it placed it above Bible, creeds, liturgy, & law. However, since no specific form of worship was prescribed, many of its members remained in the Roman communion. They were, however, bound together into a hierarchical communistic organisation. In 1560, Niclaes had to leave Emden, & he escaped to England. There his movement gained adherents although its emotionalism was frowned upon by the orthodox. There was some government procedure against them under Elizabeth I & James I. Although the sect died out in the 17th contury, it strongly influenced similar radical groups.

THREE NUNS WERE IN A CAR ACCIDENT & WENT UP TO HEAVEN where they were met by Saint Peter at the Pearly Gates. He told them that before they could enter they would each have to answer one question. The first one was asked, "Who was the first man?" Upon answering Adam correctly she was led thru' the Cify gates.

The second nun was asked, "Who was led thru' the City gates.
The second nun was asked, "Who was the first woman?" She answered correctly & likewise was admitted into the City gates.
The question put to the third nun was: "What were the first words spoken by Eve to Adam?" After several long & anxious moments the sighed, "Oooh, that's a hard one!" to which Peter replied, "Correctl" and she too was escorted into Heaven.

HOW THE MO BOOKS ARE MADE! -- By Ho

1. THE STORY OF THE STEPS OF PRODUCTION OF THE MO BOOKS IS AN INTERESTING ONE FULL-OF MANY LITTLE DETAILS. This story we hope will help you appreciate what a miracle the Books are. Of course the story begins with the Lord giving Dad the Words to pass on to us. After they have been initially printed in the Family News Magazine, the films of the text of each Letter are collected together and mailed to us in Hong Kong.

2. THEN BEGINS THE PREPARATION MORK THAT NEEDS TO BE DONE BETORE GIVING THE FILMS TO THE PRINTER, Letter numbers are added at the top of each page, and page numbers are added to complete the Summaries & Table of Contents with the numbers are added to complete the Summaries & Table of Contents with the numbers are added to complete the Summaries & Table of Contents with the numbers are all then shot onto film & the page numbers are added to complete the Summaries & Table of Contents with the number of the page where each letter.

mbers at the bottom to make finding a particular Letter in the Books sier for you. Any corrections needed the films such as reduction or en-regement of the text or artwork is ne so all the pages will fit the uni-m Book format page size.

EVEN CUTTING AND SPLICING ON THE IS IS SOMETIMES NEEDED to make spell-or typographical corrections & to

Photos by Ho & Michael. July, 1981

4. THE SUMMARIES FOR THE BEGINNING & THE INDEX FOR THE END we receive in the original form, and any layout needed is done along with the title & credit pages. These are all then shot onto film & the page numbers are added to complete the Summaries & Table of Contents with the number of the page where each Letter begins.

5. THEN ALL THE PAGES OF FILMS ARE COUNTED UP & DIVIDED INTO GROUPS OF 32 as this is the number of pages to be printed together on one sheet. These groups of 32 page sections are called signatures, & we plan out how many of these signatures it will take to make the Book & where there will be any blank

the Book & where there will be any blank or note pages.

6. THEN THESE CLEARLY MARKED & LABELLED GROUPS OF 32 PAGES OF FILMS ARE READY TO BE TURNED OVER TO THE PRINTER. At the printers' shop our positioning instruction marks are translated & written on to the films in Chinese so the Chinese

worker who does not read English can still find how to follow the page order & put all the pages in their correct place on the large sheets, so that when it's folded up all the pages are in the correct order following one another. We work out with the printer what will be the width of the margins around each page of text allowing for that which must be trimmed off in the binding.

7. THEN A CLEAR PLASTIC POSITIONING GUIDE SHEET IS MADE TO SHOW WHERE TO POSITION EACH PAGE OF TEXT ON THE BIG SHEET TO BE PRINIED. All the pages of films are then taped down on the big clear plastic sheets in their correct positions. After this is all completed,

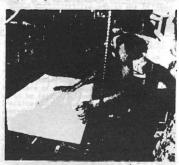

the large clear plastic sheet holding 16 pages (which is one side of the printed sheet) is placed over a sheet of oxalid blueprint paper & exposed with a very bright light to transfer the. image onto the paper, sort of like a giant photocopy. One of these is made of each large sheet to show what will be on each side of the final printed sheet, & then these are stuck together.

8. THIS PAPER IS THEN FOLDED & TRIMMED EXACTLY AS THE FINAL PRINTED SHEET WILL BE_INTO A BLUEPRINT OF THE 32 PAGE SECTION THAT THAT SHEET WILL BE. We then go through these 32 page sections page by page to check & be sure that all the pages are in the correct order following one another & that the proper amount of margin is surrounding each page of text so that no print will be in danger of being trimmed off.

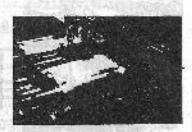

9. WE SEND A COMPLETE SET OF THE BLUE-PRINTS TO DAD & HIS TEAM TO MAKE A FINAL CHECK OVER to see if they spot any corrections or changes to be made before approving it to be printed. Their corrections & changes are then made & a final correct set of blueprints is made. Any corrections we find needed in page order or page positioning are also made. This is double checked that all is correct & ready for printing, then we give the go ahead to the printer to print it!

10. THE PAPER WE USE IS A VERY THIN LICHTWEIGHT HIGH-QUALITY BIBLE PAPER which must be run on an especially finely adjusted printing press at a slower than normal speed. Printing this Bible paper is especially difficult & requires great care & accuracy.

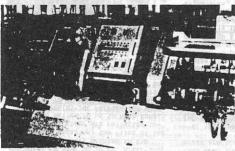

11. THE PRINTING IS DONE ON ONLY ONE SIDE OF THE SHEET (16 pages) at a time. It's then allowed to dry & then printed on the opposite side (a total of 32 pages). The printing alone takes about two weeks for all the sheets to the whole book. After it's printed we fold a few samples of each sheet & trim them to make a final check that everything came out right. This is the last chance to catch any mistakes before the sheets are all sent to the binder. If there is

a serious mistake the sheet must be reprinted, but this has only happened once, PTL!

12. THE FLAT PRINTED SHEETS ARE DELIVERED TO THE BINDER & he begins folding them on a large automatic folding machine into the 32 page sections.

13. ONCE ALL OF THEM ARE COMPLETED THEN THEY ARE ALL COLLATED TOGETHER BY HAND by a girl who takes one of each section, collecting it together in order to make the Book.

14. THIS STACK OF FOLDED SHEETS IS
THEN FED THROUGH AN AUTOMATIC SEMING
MACHINE which sews them all together
section by section, book after book.
On the upper right corner is the stack
of collated sheets. Below you can see
the separate sections being carried .
along to the left where they are picked
up & sewn together.

15. OUT THE BACK YOU SEE ALL THE SECTIONS COMING OUT ALL SEWN TOGETHER in a continuous stream. This is then placed in a large press & pressed together. The place where the thread shows, called the spine of the book, is painted with glue to insure the stitching doesn't come undone. Then the glued stack is cut into individual books. The three sides of

the book (except the spine) are then trimmed off so the folded edges are gone a each page is separated.

16. THE CORNERS OF THE BOOK ARE THEN TRIMMED OFF to make them round.

17. THE OUTER EDGE OF THE BOOK IS THEN PAINTED with the coloured tinting material allowed to dry.

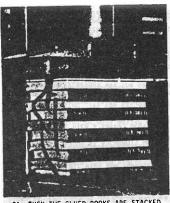

19. THE PAGES OF THE BOOK HAVE BEEN MADE READY TO COVER MEANWHILE. Cloth bands are glued at the head & tail of the spine & the marking ribbon has been inserted in place. A strip of white cloth has been glued over the spine to further reinforce it. Then this is all layed onto

the ready cover.positioned & glued into place.

20. THE INSIDE SURFACE OF THE COVERS ARE THEN PAINTED WITH GLUE & STUCK TO-GETHER so the endpapers cover the in-side of the overlapping cover edges.

21. THEN THE GLUED BOOKS ARE STACKED TOGETHER & PUT IN A HIGH PRESSURE PRESS. This squeezes the books very tightly so that the glued surfaces of the endpapers & covers are firmly and smoothly sealed together making a strong book.

22. AFTER THE GLUE DRIES THE BOOKS
ARE PLACED ONE BY ONE IN A MACHINE that
clamps the book firmly like a vice.
A large roller is pulled over the spine
of the book to round its back & make the
creases which run along both sides of
the spine. This makes the cover so it
will open properly & the book lay flat
when it is opened.

23. THEN THE BOOK IS READY FOR A FINAL CHECK TO BE SURE ALL THE WORKMANSHIP HAS BEEN DONE PROPERLY. After this it is placed into its specially designed & pre-cut cardboard box & tied with its string, with loving care it is then stamped & your address label is an account of the stamped of th

24. THE INITIAL BULK MAILING OF THE BOOKS ARE TAKEN IN LARGE STACKS LIKE THIS directly from the binders' shop to the Post Office, so there is no delay in your Book being sent off to you just as soon as it has been completed. Me pray over them that they reach you safely & that you put them to diligent use! All the special handwork to make the Book readable & durable is in vain if you don't open & use it often! The Books are made to last with constant use.

25. WE HOPE THIS LITTLE STORY WILL HELP YOU APPRECIATE YOUR BOOKS MORE & encourage you to use them more than ever, knowing that unlike many cheap system books, ours are made to stand the test of time & constant reading & study!

DAD THE BACKSEAT DRIVER:

INTRODUCTION

ONE THING ABOUT LIVING IN THE HOUSE
OF THE KING IS THAT WE ALL LEARN SOMEHING NEW EACH DAY! Dad is so truly a
teacher at heart & is scrupulously faithful to pass on to us the many tips and
pointers on a multitude of subjects that
he has learned over the years. One could
easily think that he is too important, or
has too much to do & think about to take
time to instruct us in the many seemingly
mundane points of our day to day existence.
Nothing could be further from the truth:
DAD BELIEVES IN THE IMPORTANCE OF
SMALL THINGS & has often quoted us the
verse, "Despise not the day of small

things" & "Better to be a doorkeeper in the House of the Lord, than to dwell in the tents of wickedness." However, once he has taken time out to show us how to take care of these "details", he expects us to be faithful students & put into practice what we have learned, so that everything will operate "decently & in order", & that the same situation will not crop up again.

LEARNING TO BE DILIGENT IN THESE "SMALL THINGS" IS VITALLY IMPORTANT IN THE CARE, MAINTENANCE & OPERATING OF A CAR as one misstep, oversight or mistake can literally kill you. While Dad appreciates enormously the blessings of a car, he

is also careful to give the Lord a lot of notice. All in all we try to do all that cooperation as to how it is used & maintained, so that it does not become a burden in any way.

Dear Dad & Maria, GBY: ILYI

| Micro's the cover for "Afflicted Parents!" for your approval! It's a sad weeping mam looking down at her sick babe in her arms, as you requested. I added in the background on the far right two kids playing outside to create a contrast in the picture. I hope it will be OK. It was a real plassing to the state this lesson as all your letters are all provided to the state of the same of the contrast of the provided and needed letter for the rest of the family to benefit from PTL-ITIL!

I myself come from a family of "afflicted parents!" as one of the children had polio at the age of 2 years old approximately. I think it was in 1955 or 36 just before they found the anti-polio vaccine or before they started giving them to the population. So my brother which was 2 years younger than me, and which came right after me in the age order, had his two legs and right arm touched by the polio. But the rest of his body was normal. Later as a teenager he was able to walk by himself which was quite a victory. We certainly acknowledged his limitations due to his physical handicap but yet he seemed loyful, cheerful and with a very outgoing personality, a Leo.

As we were children it never bothered us to have him in our midst and in fact it made us all the more concerned & always mindful of him and his needs, so we tried our best at giving him a hand in time of need.

As he went into his teenage years he became a very generous person, always wanting to help others and was usually showing lots of love and understanding for others. Also it seemed like the Lord counterbalanced his handicap by gifting him with a brilliant mind and his grades in schools were excellent as I recall.

As for my parents, they were very broken by the affliction and it certainly had a humbling effect on them. I can still remember one of my cousins telling me how he would exchange his mother for mine as she was so much more loving. I've also always felt like his infirmity served the love of my parents in the provide his particula

I MET S. WHILE DOING ESCORT WORK, He had been separated from his wife for Syears, although not legally. His children were teenagers, 6 rather than have an unhappy home for all, he chose to live in another country from which he could help them financially 6 meet them on holidays.

WHEN VE MET, HE COULDN'T SLEEP AT AUGHT 6 HAD A VERY MAD. COUGH FROM SHOKING. On the first night, we shared sexually, 6 afterward I asked him if he was going to Heavan. Re said a little surprised, "I hope so!" I quoted John 3:16 to him, 6 he prayed immediately, so happy to find eternal salvation, instead of his wife's works religion where he was a real sinner. That night he slept like a baby! AFTER A SHORT LIME, I told him how the holy Spirit could help him stop smoking. We prayed for the Holy Spirit to help him be a witness & stop smoking. Since then, he has not

From Hope Herdsman; U.S.A.:

PRAISE GOD! I HET A 43YEAR-OLD MAN AT A HOTEL.

BAR who walked in just as
the last dance was playing,
5 immediately he asked me
to dance. He manages a dance
studio. We made a date for
the next evening, 5 that
night he prayed to receive
the Lord into his life.

HE LIVED IN ANOTHER CITY

night he prayed to receive the Lord into his life.

HE LIVED IN ANOTHER CITY FROM US, & the next month he arranged a visit but didn't show up. I had written him a couple of different love booklets.

HE SEEMED TO BE LOST, AS THERE MAS NO RESPONSE. Then I sent him one of our prayer letters. After he received it, he was so touched that he cancelled everything he had planned for the weekend & flew down to see me. He was so different, so changed. He was more sweet, concerned & appreciative & generous, & he showed it by giving a nice donation for the Lord's work. He received the Holy Spirit, & I gave him the heautiful Daily Might Dock

for inspiration & to help him grow.

MOW HE IS LOOKING TOWARD INS & saking for guidance in his life. We can see how a dance studio can be so mightily used as a witness thru music, posters & flyers, & we hope he'll catch the vision to inspire other people's faith in God!

ANOTHER FF TESTHONY IS HOW I LED G. TO THE LORD. He is a 22-year-old travelling salesmen whom I met in a hotel bar. We danced & had a beautiful time as we talked about the Lord & spiritual things & coming future events. He is prepared with a refuge stocked with food & weapons for defense, rabbits, chickens etc. He believes in the Bible & creation, but had never received the Lord. So he was prepared in every way for future events except for the most important thing—he wasn't saved!

MANY OF HIS FRIENDS WHO ARE BORN-AGAIN CHRISTIANS had tried to get him saved, but he never yielded because he couldn't find a religion he was really impressed with the the him to the point of decision 3 times, but he was afraid that he didn't have enough faith & that the Lord would not come in. I explained to him more about faith & told him not to be afraid, to "dive in, the water is fine," & that he would love it! Praise the Lord! He did it!—a soul won by the miracle-working power of real love. He thought I was an angel & gave a donation for our work. FIL! !!You are angular!

I ALSO MANT TO SHARE A TESTIMONY ABOUT H. . & 40-year-old German engineer who was visiting the U.S. because of his work. I met him in a hotel bar also. & the following evening I

end of the evening he told me that my eyes were dangerous because they were so powerful. I told him about love & God & Christ & the change Jesus brought to my life. It was diffise, cult for him to comprehend because he kept trying to analyse it & figure it out in his mind & couldn't accept the simplicity.

WE CARTIED OUR COWVERSATION TO THE SED OF LOWE. I sang him, "Love me with your eyes". He said it was very hand for him to say, "I love you". & then he said he felt like a war was going on in his heart, He said, "I want to change; I've tried to change, but can't change myself." I explained to him about salvation, & we read some verses. He said, "What can 'I' do?" I led him in a prayer in which he received the Lord & the Holy Spirit! Praise God; It was a beautiful expreience.

HE HAD MEVER READ THE

the same. He was very much
impressed with my faith &
said that he had never met
anyone like me. He gave a
generous gift to help us
get a hot water heater for
our trailer. It touched my
heart because he gave so
much with all his heart.

HE EXPLAINED TO ME HOM
HE & HIS WIFE ARE HAVING
PROBLEMS because he had had
an affair. They both want
to stay together, but their
relationship of so many
years was completely broken.
She doesn't trust him any
more & it hurts him.

I TOLD HIM THAT SHE NEEDS
TO FORGIVE HIM. I let him
know that if he tells her
that he loves her enough
times & shows her in little
ways, then she'll believe
it. He said that he would.
Now we can correspond.

SHARING TESTIMONY WITH ESCORT DATES!

SHARING TESTIMONY WITH ESCORT DATES:

From Lamb; S.E. Asia:

THE LORD HAS LAID A REALLY HEAVY BURDEN ON MY HEART
TO WRITE TO YOU ABOUT THE
ESCORT MINISTRY. I have
been escorting for 3 years
mow on & off, & I'm totally
sold on it as a tremendous
outreach.

ESCORTING IS AN EXTREMELY
CONTROVERSIAL SUBJECT IN
THE FAMILY. & because of
this I believe that everyone should operate according to their faith & talents.
But it makes me very sad
when I read'the unjust
criticism of escorting in
the FM-especially Corny
& Nekoda's letter about
Singapore, where they related those 3 horror stories
& held them up as the fruit
of escorting.

ONE OF THE HEAVIEST LUSSONS I HAVE LEARNED SINCE
DOING ESCORT MORK is the
power of prayer. When I
have prayed desperately before the Lord, He has always answered & brought
along the most precious
sheep & given His protection. And the only times
when I have been in difficult situations were because plain & simply I was
not in the Spirit & walking
in prayer.

INTH A LITTLE WISDOM IT
IS OUTTE EASY IO MITHESE
WITHOUT BLOWING THE ITSI
OR THE AGENCY AWAY. Often
we have a good laugh among

the fis. often comment about how "well educated" we are or how "well-read": We have such a tremendous heritage in the Letters.

ALSO, IFIND IT BEST TO SHARE MY TESTIMONY ON A PERSONAL BASIS. There is a big temptation to really sock it to the fish right away without finding out what he really needs & without listening to him, because most escort dates are men just passing thru. This is really poor security & endangers this whole NRS ministry. This is where the mail ministry is such a blessing, & many sisters find it a fantastic way of keeping these men on the line & feeding them.

ANOTHER THING THE LORD CONSTANTLY CHECKS OUR HEARTS ABOUT IS THE REASON FOR DOING IT. In a way, escorting is very much like litnessing; all litnessers know that the best donations, come when your heart is set on getting out the Words & reaching lost souls. Very often I never mention money & this always touches the men's hearts.

RECENTLY, ONE ARAB DIPLOMAT MAS SO TOUCHED THAT HE GAVE ME AN EXTERNELY CHECKS OUR STREAM OF THE HEART SAY O

very "professional" spirit & when they go out so much that they take things for granted & don't walk in prayer with discernment. Then they are not really reaching out to the man's heart & soul, just seeing him as a client & thinking soul the money, which is a very easy spirit to get into when you are in such a worldly atmosphere. The answer to this, I feel, is for the sisters to get together for regular meetings, so we can all share lessons learned, & inspire, encourage & help each other to stay on the streight & narrow. (Amen! He works!)

WE ARE LEARNING SO MUCH ALL THE TIME & getting victories too! Just recently I met a top city father from a Far East country. I had seen him several times & really got to witness to him, & we had some long heavy discussions about having something real to live for instead of material things. He said, "That is something I have to work on when I get home," & I said, "Tor your daughter?", & he said, "Mo, for my country!" Change the World!

Much, much love & prayers, --Lamb. (Hall GBY! TY!!)

From Esther Moonbeam; Australia:

Australia:

ESCORT WORK HAS BEEN

REALLY FRUITFUL. I love it!
We're doing it to raise our
fare. I've met two fish who
will be good contacts in
S.E. Asia where we are
going, as their work takes
them there.

I WAS PRAYING ABOUT
WHETHER OR NOT I SHOULD
CHALLINGE EACH MAN TO RECEIVE JESUS. Previously I
was cautious about going
too fast & the agency find-

ing out. When I prayed, the Lord said, "Well, what do you think you're here for?", & "Fear not them which kill the body, but rather fear Him which can destroy both body & soul in Hell."

SO_PRAISE THE LORD!
After that I talked to every client I could about Jesus, & none refused. And in the three nights following that decision, S souls were saved. If Australian businessmen are hard, the businessmen are hard, the businessmen are hard, the businessmen elsewhere must be really receptive. Actually, I think all men fall prey to God's love in feminine flesh. (Amen!)

ONE THE ON THE WAY TO SEE A MAN, I thought I'd really like to have dinner in a French restaurant one night. The client turned out to be the owner of a French restaurant & was a real sheep. I could talk to him a little in French, & we can feed him French & Chanked Man French French & Chanked Man French LIM). He got saved & asked me to dinner. So, "delight thyself in the Lord & He shall give thee the desires of thy heart!" FTL. I love you!

print the local newspapers. They
print by rolls & usually there is

"IETI SMAKE KOMIC POST.

AMERICANS BEWARE! "MARK OF BEAST" HERE!

AMERICANS BEWARE! "
AN INCREDIBLE THING HAPPENED RECENTLY IN CALIFORNIA. An elderly lady received an IRS check; when she tried to cash it, she was refused. On the back of the check were these words, "Do not cash unless bearer has mark on hand or forehead." The lady sent the check back because obviously she did not have such a mark. She was issued another check with the explanation that it was a mistake and that this type of check will not be issued until 1984

(which has been verified by an associate pastor of our church). I thought of Revelation 13:16-18, "And he causeth all, both small and great, rich and poor, free and bond, to receive a mark in their hand, or in their foreheads: and that no man might buy or sell, save he that had the mark, or the name of the beast or the number of his name. Here is wisdom, let him that hath understanding count the number of man, and his number is six hundred three-score and six." (It's coming!)

THE LORD'S WAYS INCLUDED, BESIDES ROSA, HER THREE CHILDREN-all girls of course-thrown in for good measure, for very good measurel how can you miss the point of the Lord's real love for a man when you have four young lovelies doting on you & loving you up—His most beautiful creation at different ages, from 5 months to 26 years, beautifying your very life? Thank You Jesus!

ED 40, for there hadn't been much of a life to speak of during the preceding 40. The seed of conception was planted back when I was 35 & first gained knowledge of Jesus, of the transforming power of the love He embodies & of the Family that He guides & inspires thru' a father & prophet who professes & personifies that very love.

BUT THOSE 35 YEARS OF HARD LABOUR IN THE SYSTEM'S MANY GILDED SIBERIAS had so warped me & made me barren that it has really taken most of these last 5 years to get my new being together, born & productive. That I'm making it is the real testimony, not how long it took, & I pray that it will be an encouragement to others who feel the Lord can't use them because of their handicaps.

FOR IN SPITE OF SOME ACCOMPLISHMENTS DURING MY FIRST 2% YEARS in the Family, my service to the Lord had been marred & eventually stopped entirely by my selfish

refusal to give totally of myself to a woman in a fruitful relationship, to the point of choosing instead the perverted pleasures of this world for what seemed like an interminable season. Yet, those kinds of seasons mercifully do end,

AND THE LORD HAS NOW AMPLY REWARDED MY MILLINGNESS to have Him liberate me from my weakness by choosing me in my new life as a conduit or instrument for the creation of a "knew" life, TYJI ROSA'S PERIOD WAS NEARLY TWO WEEKS OVERDUE & she was feeling "different" & a quick drugstore test confirmed that she is pregnant, TYLI That's the biggest gift, reward, encouragement & confirmation I've received since stepping out into my new life a year ago.—Not bad for such a baby to be on his way to becoming a father!

"I have seen his ways, & will heal him: I will lead him also, & restore comforts unto him." (Is. 57:18) "Then they cry unto the Lord in their trouble, & He saventh them out of their distresses. He sent His Word, & healed them, & delivered them from their destructions." (Ps. 107:19,20).

Carlos, happy in his love-filled new life at 401—With his 4 lovelles, Rose & daughters Fé (Fechi), Mikal & Anim.

MOREOVER, THE TESTIMONIES OF US OVER 40'S WILL HOPEFULLY INSPIRE & encourage, as Dad suggests they will, those who feel that all the fun & games are over at, say, 34 or 37. Certainly a lot depends on your faith in the Lord's power to keep you enjoying the Godelalso depends on how diigent & consistent you are now in your 20s & early 30s to keep to health-building & health-mointaining habits in your meals, rest & recreation. At & feet tall & small boned, 1 try to keep my weight between 145-150 pounds, & as a result I normally outlast my wife & kids, which I have to

with the Argentinians.

IT IS QUITE FITTING TO
CLOSE ON THAT NOTE—THE
LOVE NOTE—for after all, it's
love that's turned the trick in
my life! Finding love's human
manifestation in Rosa whose
love for me has, if anything,
grown by leaps & bounds thru'
this first year, has been the main
event of this truly new over-40
life! Feeling how Jesus just
pours out more & how, it you're
willing, you learn to love by—
simply, loving! It's that easy, &
Jesus does the rest, in rewards,
peace & security, TVJI Hallelujah!
Love, Carlos, (And we've certainly
learned to love you! Over 40 D.)'

My Life Is Just Starting!

From Joseph Flowers; Europe: I FIRST MET THE FAMILY IN 1971 WHEN I WAS 30, In Toronto, Canada. For three years I was a "king" to them by helping with furniture, clothes, food & a printing press for the Mo Letters which is now, I believe, in S. America. PTL! I GOT INTERESTED IN THE MO LETTERS when I got saved by praying with my stepson to receive Jesus. He backslid, & two months later I joined full-time! No one asked me to join. but I felt the spirit of the Letters & the Bible & I had to do something. When my stepson quit, I asked him for all his Mo Letters. In two months I read them all (about 2-300 at that time), plus the "Revolution For Jesus Handbook" & Bible.

see someone get changed by the personal love of Jesus & David that we all have thru' the Letters & that we need to pour out on others. Truly we all need to count our blessings! Also I thank Jesus for the freedom we have in our Family which the world needs to yet undarstand & manage in moderation.

SO AT 40 (BORN NOV. 5, 1940) I'M ABOUT TO START MY NEXT 7 YEARS in the Family, wanting to forsake all more & more as time grow? so short & we have so little time to do it all! For me, life began with the Family & at 40 I fee! I haven't pioneered all there is to do, so truly my life is just string with great works still to do & mountains to climb. Jesus said we would do "greater works", so let's go & conquer the world! Truly life continues in greater force!

AT THE MOMENT! I'M MISS—ING A HELPMEET (my wife in the System could not pay the price of forsaking all), so if anyone is interested please get in touch. Also donations would be accepted for our needs in getting the Words of David into Rumanian. Love in Jesus & David,—Joseph Flowers. (GBY! It's the greatest time of life!)

Now A Nun of Love!

-Now enjoying the liberty of God's law of love, after 12 years in a Catholic convent!
From Lydia "Nun" Atlanta;
Indonesia:

been fulfilled even more fully now, but he just doesn't understand why I left the Catholic Church. But when my husband Pater & I visited home in 1878, Daddy took us both aside one evening & shared with us that altho' he didn't really understand why we couldn't work within the Church (poor Daddy!), he knew we were doing the Lord's Work & what we felt was right, & he gave us both his blessing, GBH. He's now over 70 years old & still working hard, but I know it probably won't be long before the Lord takes him to his reward, & he'll be so happy then & be able to understand everything, TYJ!

ALTHO' MY CHILDHOOD WAS GENERALLY NORMAL & HAPPY, I felt a cartain "sloneness", like many of us, beginning when I was very young, like I was somehow "set apart" or different & somehow didn't fit in like the rest, which became more noticeable to me as I got older & into my teens.

I GRADUATED FROM HIGH SCHOOL IN 1959 & a few months later entered a small local convent of Benedictine Sisters in Oklahoma, along with two of my school friends. I did it because I sincerely wanted to give my life to serve Jesus, & that was the only way I knew of, as a Catholic, & at that time.

SISTERS IN THE CONVENT ARE JUST LIKE PEOPLE IN THE CHURCHES—many of them don't really saved; but some of them don't even know Jesus & aren't really saved; but some of them are, I think, & do really love Jesus & are motivated by His Love, as many of you have probably found too. I wasn't but a few years in the Convent, tho', when I became very disillusioned by the discovery that all the sisters in our community, or Convent family, weren't motivated necessarily by the love of Jesus, & Il was shocked to find jealousy, hate & divisive contention, & all kinds of things there

at a time when I was particularly young & idealistic & naive.

I RECEIVED A MORE OR LESS FREE COLLEGE EDUCA. TON during my first 5 years & graduated with a B.A. & qualifications for a teacher's certificate. I remember having to struggle thru' all those horrible afternoon philosophy, psychology & theology classe, which left me either confused, bored or even selept DURING THOSE FIRST 5 YEARS I ALSO WENT THRU' "NOVICESHIP TRAINING", taking so-called temporary vows for 3 years, like a trial run, after which we could either leave or gon to make "final vows" which was to be considered permanent. I made the decision & took my so-called "final vows" of Poverty. Chastity & Obedience, as they were called. Poverty actually meant basically the same as our "forseking all". & we were taught about "having all things common" & turned in money & also gifts if others needed them more than own. Obedience also was similar in some ways to what you have taught us, Dad.

CHASTITY MEANT THAT YOU WERE SUPPOSED TO BE A "BRIDE OF CHRIST" & therefore not to marry & certainly not to make love or have any sex which of course is based on that perennial false doctrine of the Devil & the churches that sex is bad & sinful & certainly not to be seen as ure lost a lot of its best workers & leadership over this one, as literally hundreds of priests & nuns left their posts & the Church to marry, especially during the 60's & all the struggles of the Vatican Council era. Anyway, I used to get under condemation quite a bit for masturbating, ha! The Lord has surely brought me a long way since then!— (PTL!)

TO "NUN OF LOVE"! PTL!

That was used a stream hus the love citing again. One of the full provided the provided them to the love citing again. One of the full provided them to the love of the post of the provided them to the provided them to

THERE WAS SOMETHING WRONG, & I began to feel more & more disillusioned, empty, without direction & mostly just lonely & looking for real love. Many of my friends whom I'd joined the Convent with began to leave & I felt more & more alone. Our little community was a microcosmic sample of what was happening in the worldwide Catholic Church at that time, brought on by the Vatican Council, a spilt & polarisation of liberal & conservative & thought & practice & the throes of change & upheaval.

and a conservative & mought of practice & the throes of change & upheaval.

IN OUR COMMUNITY I WAS ALWAYS IN THE SMALL MI-NORITY LIBERAL CAMP, condermed as rebels by the bigger main group. Finally by 1968 I was part of the small group of about 30 who split from the main group to be able to live & work more freely unburdened by so many of the outdated traditions of men of the past. I really hoped at the time that this would be the answer & make me happy, but things were basically the same. We simply took our habits off & looked a little more modern & tried to become-one more with the people.

I THOUGHT A LOT ABOUT

I THOUGHT A LOT ABOUT LEAVING, too, during those

years but kept hesitating as I didn't know what I'd do if I left, & it was also a bit scarey to leave after all those years & face the world alone. I remember crying out to the Lord so many times to show me what to do.

FINALLY IN THE FALL OF 1971 MADE THE DECISION THAT I SIMPLY HAD TO LEAVE in order to find out what the Lord had for me. I knew He had to have something more than this slow wasting-away, but I had no idea what, so it was a blind step of faith into the darkness. But am I ever glad I took it! TYJI SO I wrote to Rome for my dispensation, hal And I moved out of the convent home into an apartment by myself & began to acquire all the "worldly" things I felt I'd been missing all that time—nice

clothes, a car of my own, stereo, TV & gradually some boyfriends. BUT AFTER 3 OR 4 MONTHS I REALISED I WAS LONELIER THAN EVER & was still not really happy. I even tried to forsake the Lord & stop believing in Him at one point, as I felt I'd tried Him to the nth degree & failed. But I couldn't get rid of Him—He was always there waiting for me at the bottom of my heart when I reached bottom. I used to spend, hours out walking in the evening trying to figure out what I couldn't see anything I wanted to do. I couldn't see anything I wanted to do with all my heart, & I felt I was a real weirdo. At this time I also had brief experiences with Jesus People & a few Charismatic groups, but these left me even more confused, dis-

appointed & especially lonely, not having found the love & direction I was so desperate for. SO THE LORD BROUGHT ME THRU THESE EXPER-IENCES, carefully setting the stage of my heart, bringing me to the ultimate point of desperation until it was exactly the right time for me: March 1972, about & months after I'd left the Convent. About one month before this the first amall ploneer team of Family members arrived in Tulsa, Oklahoma.

ON THAT LIFE-CHANGING SATURDAY IN MARCH I RODE MY BICYCLE TO THE PARK & was relaxing under a tree watching the people when Inoticed a tall young man with a guiter moving slowly among the small groups. He turned & saw me & to my surprise walked straight over to me & sat down in front of me & without saying a word began singing a song. Jooking intently into my eyes. The singer was Asher Thanksgiving & the song wes "How Long You Been Waiting?" (GBY, dear Asher for being so faithful & loving & letting the Lord use you to reach out & find me that dayl And for lovingly & wisely shepherding me into the Fold!

THE SONG & THE LOVE SO TOUCHED ME THAT TEARS CAME TO MY EYES before he finished the song because I knew that something very heavy was thappening—the words, the timing were all too perfect, & I sensed he was sent!—"How long you been waiting for someone to show you the way..." Needless to say, he knew he'd found a sheep! So he began witnessing to me & soon found out I'd been in a convent for the last 12 years! What a shocker! Hal An ex-nun! I SOON FOUND MYSELF SURROUNDED BY ABOUT 5 MORE YOUNG MEN all smilling down at me with the same radient look of love shining on their of the last 12 years! What a shocker! Hal An ex-nun! citing again! One of the furilim Mo Letters! heard, read to all one of those first evenings, was "Did God Make a Mistake?"
When I heard it I immediately believed it & knew it was true, as it had the same ring of author ity & truth as the Bible. "My sheep hear my voice & I know them, & they follow me."
BUT IT WAS ONLY ABOUT 1 MONTHS LATER, DAD, that I came to really believe who you were. I was already in Australia & I remember the duy you came into my heart, TYJ! In those days only the older brothers had a fair collection of Mo Letters, & one day Gibeah let me read to the first time the Letter "David" As I read that Letter, you, David came into my heart.—That's the only way I can describe what has pened to me. Suddenly I realises & believed who you are! TYJ! "I didn't choose to be your lead er: God chose me!—I merely obeyed! I said, 'Lord, !"Il follow show me the way!"—And He did, & it led straight into your hearts & you took me in? You opened reyour hearts & you took me in? Areceived me as your Friend, & more, as your own belowed Father in the Lord, your Shepherd, whose voice you suddenly knew was yours, & followed, for it west the Lord's voice thru me!" wouldn't have made it! GBY all!
ATTHIS POINT "THE
GREAT ESCAPE" CAME OUT

&, as our colony was closing, I was faced with the decision of where in the world the Lord warned me to go! He clearly plowed the potential to go toward he Potential is, & even provided enough funds to go! So in August, 1972, within three months of the time. I joined, I jound myself leaving the U.S. & on my way to New Zealand with about 4 other brothers & sisters. The Lord really got me outs there in a hurry, T.Y.II There we joined Shem & Shus's first small pioneer team. God bless dear Andrew & Miriam who were so loving in spite of all our sins.) We had lost all contact with Italy, & we later found out that Rachel was having an acute attack of appendictis.

AND THEN FAITHY & JUAN ARRIVED, exposed our whole situation & told us we should get back to Italy with our families. We soon left for Italy, awaiting news of the next step from Atlantic as the LP was still incomplete.

WELL WE FINALLY RECEIVED THE PHONE CALL. One of the executives invited us to New York. They had taken half of the songs & re-recorded them as disco music against them, & they won because we didn't have the spiritual strength to stand up for what we "thought" was right.

it really impressed upon me

SACTIVITES:

I VISITED MY FAMILY IN THE STATES—the 1st time in 5 years—for a month, & when I returned the camping fever had begun. A few days later, Patience & I went & met the owner here, & in February 1980 our 1st MWM settlers, the Spencers, the Fogartys, Andrea & I, camped out in the cold of winter, not properly prepared.

II WAS DURING THOSE MARD TIMES that I answered the FN ad requesting people to work in a behind-the-scenes capacity in a WS unit. I wrote in saying I was hoping for some type of writing ministry, along with my childcare duties. It's funny how the Lord now has given me both those things I wrote for. He made us a WS unit, & now I have so many testimonies to write that it's hard to keep up with them; so thank God for answering prayer so wonderfully & for this precious opportunity!

me to send to a woman I know-I was
away for awhile and she seemed to
have put up walls. After I sent her
the poem with a rose she was much
more open and receptive. TYJ:
This rose for you today
Seems like such an insufficient way
To say- I love you
But I do, I really do!
Why do people send a rose?
I wonder if anyone really knows?
Maybe it's the nice fresh scent
To symbolize the time they've spent
I asked the Lord to show me what
it really meant
And this meaning was Heaven-sent
The fragrance is symbolic of you
And is really what draws the butterfly
to you
To refresh your dreams anew
He flys there to share God's love

to you
To refresh your dreams anew
He flys there to share God's love
with you
The petals are like the softness
of God's love for you
To the touch they're softer than the
morning dew

They're like the softness in a kiss of love from you The softness of my love for you The thorns show the pain of love And what missing someone really does The prick & sticks w/out the rose cause the tears to flow As the pain grows & grows But that pain & sorrow only comes When we wander from the rose So we really must keep our eyes on love And when we see that we've wandered too far, reach out to love—God's Spirit above—And ask Him to show us the beauty of love.

Sunglasses: Buying Tips!

UNLESS THE SUNGLASSES
ARE TOP QUALITY, they may be more of a hindrance than a help. The lenses may not provide adequate glare protection, or they may have wavy surfaces being that distort & disturb vision. A poorly made frame will be a nuisance, slipping & twisting about on your face. They also might well break at an inopportune time.

EASY & EFFECTIVE WAY
TO CHECK LENS SURFACES:
When buying, turn the glasses to
catch the reflection of an overhead fluorescent fixture on the head fluorescent fixture on the inside of a lens. Move the glasses slightly so the reflection travels across the lens. Any wiggles & waves in the lens will be easily noticeable in the reflection. Check the areas away from the lencenter & especially the comers. FRAMES: Fit & comfort should never be sacrificed to achieve a styling feature. Always be a little leery of extreme design treatments of the bridge area. Often they mean a poor fit on the nose. NIGHT DRIVING: Wearing sunglesses during the day can help your night driving. Just 2 or 3 hours of exposure to strong sunlight (without adequate protection) may slow the process of dark adaptation so that normal night vision is not reached for several hours. Sunglesses should be worn only when you actually need them. Regularly wearing sunglesses on cloudy days or indoors can make your eyes unnaturally sensitive to light.

BRETHREN IN MIAMI A From Senaah & Donate; Miami, U.S.A. DASS; JUST BEFORE ME VISITED PUERTO RICO, Don & I were elected DASS for the Miami area, which consists of 2 LAPS.

THERE ARE MANY HOMES IN HIAMI, several of which are making definite plans to leave Miami in the next? Y weeks. There are constantly new people arriving to work up their landing funds for the field or stopping over on their way there. It's an exciting place to be to meet many brethren, if you have to be in the U.S.

THIS WEEK, A COUPLE & THEIR BARY COMING FROM CAMPADA was short \$80 or so on their onegoing tickets, so the brethren who could afford it pledged it \$60.

MF. DO FEEL THAT IT'S OUR RESPONSIBILITY THOUGH TO MARN PEOPLE TO HAVE SUFFICIENT LAWDING FUNDS, no matter where they're heading, as we've gotten several letters & testimonies concerning problems of this sort. Dad has already warned everyone, but sometimes some get hasty to get out of the U.S. & leave without being completely ready; and then there are those who are constantly coming up with more needs hefore they shove off etc.

MF. ARE HOPING TO SOMFHOW SET UP A DAF FUND, as Dad mentioned, if everyone contributes something toward just such emergencies as mentioned above. Thanks so much to Dad & María for the Fellowship Revolution which is making this possible!

has shown more concern toward their brethren. The united prayer together has been answered powerfully several times, once being a situation with Daystar's midwife who decided she wouldn't deliver the baby at home; & then after prayer all together she changed her mind & said that the Lord had really dealt with her about it. PTL: We feel so good about the vision given thru the Loveville logs in the FN about their fellowship meetings, & we are trying to follow their sample as well as the sample we personally experienced in Puerto Rico with Faithy leading the meeting.

WE DEFINITELY FIEL THAT ALL ARE PULLINK TOGETHER MORE, & the participation of each Home has made it so much more inspiring & fun for all: Miami has had a problem in the past of much division & contention between the Homes, & it's almost all melted away. Tyl:

The One-take Revolution- We love it! I must admit everyone had a haid time having the faith to start it, even the we'd talked about it a agreed with it in principle & were excited, about it. But Faithy did it first on 'Let we Live Just One More Lay' in Spanish & it worked! It's all tewent to do now. I'm just finishing working on stats over the past months & it's interesting how our output has changed. We used to do for songs in a week. Now, with the one-take, we're doing 1/4 or bonetimes formed a day. In our July reporting, month (actually June 22 to July24) we did 30 engs from scratch in about 26 working days. also want through many trials and lessons there, my marriage broke up and I received the sobering letter, <u>Uneager Beaver</u>, which made me much more desperate in my spiritual life. After the Paris Show Group divided I went to Southern Prance and started FF'ng. Paul and Marianne asked me to start a FF Home in Monte Carlo with Joan and Tracy, and together with Windy we were there for about three years. Although we did suffer from a lack of close family fellowship, we had a beautiful Home and I have very happy memories. The Lord also blessed us financially so we were able to help the Family and I still have fish from my time there. Close to the time that we had to leave I met an Italian man whom the Lord laid on my heart to bring into the Pamily. I went to live with him for a trial time and right away I became pregnant, for the first time in 7 years. This seemed to be a confirmation to bring him all the way through despite the battles. He started tithing immediately, however we lived alone for almost a year and then went to America to meet up with

We are still growing but have learned so much already! Such word from you is so precious and we hold it dear to us. As I said already, I can't explain my love for you, so I'll stop now and let Pranco, my mate, say a few words of love and give his testimony;

We all live in a pop-up and it's beautiful. It's very inspiring here and makes me grow strong in the Spirit. I am a cook with Benjamen and Jeshanah, and in the morning I take care of the frash, once a week, on Monday I pick up the provisioning and for the rest I go witnessing, Hallelujah! (At the moment I as growing a small vegetable garden also). I like it here so much and I am very inspire to move South, (this place is too close to U.S.). I have been in Caracas, Venezuela, got to get all the worldly recording studios out of us! I know that's what you're trying to do a we want it too. Blessed Beyond My Dreams!

Prom Jeshanah 4 Francesco; P.R.:

God bless you. I love you very much and don't really know how to put into words all the things I would like to express. Let me begin by saying that you truly are such a loving person and have changed my life in many ways and many times since I first met you through the letters. Without fail, when I feel down and discouraged, ready to give in some area, it's your words of wisdom that bring me through. For this alone I am so very thankful.

And now I am blessed again beyond my dreams at having the opportunity to work here at MCV. I don't know who's faith it was that brought us here, but I am so thankful that the Lord has given us such a tremendous blessing! Paithy is such an angel, always encouraging and giving us the vision and the strength to be fighters for the Lord. Her sample of unending Love is so convicting. A few words from her keeps me going for awhile, and Juan too brightens our life with hierdownto-earth sense of humour. What wonderful samples of true servants of the Lord.

Dad, your videos have affected us so greatly. You are so loving, gentle, kind,

wise, convicting, comforting, uplifting, and much more. I pray that more brethren have the golden opportunity of seeing you on video. Seeing "Dad" makes us feel so close to you, (I'd love to see Mero too).

Paithy asked us to write up a little testimony so here is my brief history: I joined in '71 and dropped out of college to serve the Lord in Ellenville, E.T. w months later Jeremy and the Band came through and I became mated with th drumer, Ginnethon. I lived in a band colony for 1 1/2 years while they did the Jermy Spencer album and then went to Germany for a few months and them to Prance I was always in childcare, which I loved, but then in France I started to be used as a descer. I am 35 years old and a Scorpio. I am very happy to know you and to be a parthe Family. If it was not for you and the Lord I would probably be in a hospital taking a bunch of tranquilizers. This is the ultimate religion, I never felt so free. We came to Puerto Rico in September and moved to MCV in November. This is the first time I lived with alot of people and I am learning alot. It's a real training camp before moving South too.

We've Got So Much To Be Thankful For

From Chronicles: MCV:

God bless you all! I wented to write you and share with you the many things the Lord is doing here and in my life personally since arriving here at MCV. First of cli, I want to thank each and everyone of you out there that have given to help us get the ball rolling here. You will never know how incredibly far it goes and how such it helms, senecially in a pioneer effort. But I am so thankful when I know that we are able to keep on the wall here because of your gifts that are designated to MCV. For your encouragement, you can be sure that we do our best to use each dime wisely and for the greatest need. We also have a wery strict schedule, given by Bad, that ensures that the work is being done. We were all so encouraged and inspired when we began to first hear resuonses from the show and the many reactions it will have. GBY We need your prayers and love even more so.

Personally, it has been an overwhelming blessing to be able to be here. We have been here several months now and it has been a time of terms and joy from being so thenkful for our beautiful farily. It has really been like rejoining again, especially with the insmiring Sunday Fellowship meetings. It is all there. All the reasons that I originally joined the Family for, lo years ago. I remember hearing complaints

while I was backslidden, about how they missed the good old days of our first humble beginnings. Well, it messed thru my mind also, because I remembered being a born again babe. I remembered my first love, I remembered how thankful we were for such little things even just a ven! HA! PG. Well since I've been here it has been regeneration all over again. I am just so thankful for every little thing and I can see that everyone else is also and it makes me even more thankful. Now I realise even more that the Family, the way it so called used to be, had only really changed in me and that I am the one who needs to continue to hold the benner high and car y on the enirit of love and faith and trust in one snother. The Family is what we make it, so if you think it changed it is only you who can keep it going strong. I only myay that the whole world wide Family are also able to experience the love and fellowship we have here in their local fel owship meetings and in living in unity and sharing all things.

The most impressive point that I have seen since being here is that of encouragement, love and positiveness. Dad has been so lowing and encouraging even in classissments to each one and his words leave us all in a state of desire the do only good. This lowing sirit infiltrates the comp and each person feels so loved and appreciated that we first can't help but dry to do our best for the Lord, for Dad and for you all. So it is the goodness of God that leadeth us to repertance. To, I know everyone in the whole faily has a desire to love and to be loved and to encourage and be encouraged, to edify and to be edified. That is why I wanted to share this testimony to encourage everyone that it will work the same for them in each home, LAF and DAF PG We are all in the Fathers house and we have got so much to be thankful for. Let Love Have His Way

GRY all! I just recently had to "flee" from another country, forsaking mysfe, who had become a bitter enemy of the Family, and my two little daughters. Forsaking them in answer to God's calling to come work full-time in His Kingdom again.

A few days ago while praying for my eldest daughter (5 years old), whom I was missing very much, the Lord gave me the following poem. I thought it might encourage someone who may be in a similar situation. God never fails if we follow His will! "He caree for Ris own"! I'm closest to you from afar
I feel you closest here
I pray more for you when I'm gone
And Jesus sees my tears.
He known I love you, oh so much
And when I feel alone
He tells me of the times we'll have
Together in His home.
I love you, sweetheart, and always will
His Love will keep us all
Though I be here and you be there

DANCING FOR THE KING!

"When it was time to dance I got so high in the Spirit that I began to just flow with the music & loving "

From Delia Nubes; MCV:
WE HAVE JUST FINISHED THE "GLORIFY GOD IN THE DANCE" VIDEO, & I wanted to thank you for the beautiful opportunity to be one of your "Heavenly Houris" II was such an experience for all of us! Juan told us of the project right as the "Glorify God in the Dance" Letters arrived,—so we were able to really pour into these Letters! Thank you for such specific counsel, we would have been at a loss without it. WLYSM! There was so much excitement around here those days! We were all busy hunring for music & costumes that would really portray our personalities & feelings. I'll have to say, Dad, that there were moments in which we all felt quite nervous, not from being timid or shy, but because everyone was so anxious to do their very best for you & our Family! Whenever we would ask Juan a question, he would reply, "Just look to the Letters." And in the end we saw that it was the best counsel he could have given us, so that we had to turn to the Lord & you (not forgetting our loving mates) for our inspiration? WHEN IT WAS TIME TO DO THE VIDEO—WHAT A SURPRISE!! Everyone had come up with such different dances! It was like many spinters' interpretations of the same beautiful idea, as it says in "Diamonds of Dust", para. 4. "The rays were many different colors-all showing a different colour of His Light-but the same light; different gifts, but the same Spirit, each one reflecting in his (her) own way the Light of God-each one letting his (her) but he same light; different gifts, but the same Spirit, each one reflecting in his (her) own way the Light of God-each one letting his (her) way but when it was a warm feeling of love.

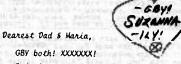

Thore was a way in "Diamonds of Dust", para 4. P.S. I forgot to tell you what it was like to do the dance itself! I wasn't able to get my music until almost the last minute (though I had practised with other songs) & so I felt quite ill-prepared. But when it was time to dance I got so high in the Spirit that I began to just flow with the music & the loving. By the last dance I was really turned on, & what I had practised the least, turned out the best!

It is just as you counseled with the singing, the practise was good because I became familiar with how to use my garment & body in a graceful way, but when it was time to dance, I forgot about everything besides loving the Lord. Jonathan (my mate) was also there beside the camera with Juan encouraging me, & it was a real help. It was a very spiritual experience, so that when I saw myself on the video I felt like saying, "Is that me?" I hardly remembered anything other than a warm feeling of love.

I hope that this can be an encouragement to any other Dancers who want to please the Lord, you & our Family.

From Micah Bear: MCV:

Dear Folks, GOD BLESS YOU ALL! I JUST HAD TO WRITE & EXPRESS MY LOVE & THANKS TO YOU for your very encouraging comments regarding the MCV video shows.

WE THRILL TO EACH PHRASE & REJOICE WITH

MCV video shows.

ME THRILL TO EACH PHRASE & REJOICE MITH EACH OTHER at every mention of each other's names, & just sit holding our breath as we hear each connent. What a precious bunch we have here!

IT'S SOINS TO BE VERY HARD FOR ME TO LEAVE THEM TO SO TO BRAZIL but I know the Lord & Sam want me there, & I look forward to working with him down there in a pioneer situation. Joanna & I have a very special love for Sam,—ther's being even more special than mine, ha!). 68'M.

ME JUST FINISHED A MONDERFUL TIME OF FELLOMSHIP at the rotunda all together with the kids matching 'Robin Hood', while having dinner. Being outside & all at one table & so happy together in the midst of battleagainst a cruel & unjust System, it almost seemed like we could have been there in Shewood Forest feasting with Robin & his merry men! This old version starred Erol Flynn & Basil Rathebone & was

beautifully done. I suppose you've seen it
if it's on the circuit.

I MAD THE OPPORTUNITY TO READ THE BOOK
"DISPATCHES" which was written in Viet Nam
by Erol Flynn's son, Sean Flynn. He was a
freelance reporter & the book was a compilation of his notes & observances during
the war in which he was the youngest
correspondent allowed to be there, being
in his early twenties. The striking thing
about the book, & what I thought you would
find interesting, was how he brought out
what a heavy influence hard rock music
played in the war. Many of the helicopters, for example bringing troops into a
"firefight" or scene of battle, would be
blaring heavy rock music through elaborate
sound systems even audible above the sound
of the helicopter! He described as well,
how in a remote outpost under continual
attack, the effect of the drugs & high
volume & intensity of the music would make
the soldiers fantasise themselves on stage
with a screaming electric guitar as they
took an automatic weapon & stood up to
fire at the enemy.

TO ME IT MAS QUITE A SHOCK & REALLY
OPPHED MY EYES to the driving spirit behind those driving rock bands. I guess it
must have exposed a bit too much as poor
Sean Flynn was "Missing In Action" before
the end of the war. How said It's a shame
he didn't have his father's end. The
papers on the morning Erol Flynn died
read, "Erol Flynn dies laughing!" I always
liked him & I hope he was laughing for the
right reasons!

I LOVE YOU BOTH & THANK YOU AGAIN FOR
YOUR LOVE & PATIENCE WITH ME. It was such
a beautiful feeling of being loved & accepted when you told ne to "just be me".
Your sweet love brings tears to my eyes.

MAY GOO BLESS & STRENGTHEN YOU BOTH in
these anxious times. WLYSM!

"GOD REACHED DOWN & TOUCHED ME!"

Dearest Dad and Maria,

GRY: LIV very such! My name is Solomon and I was born in Costa Rica 25 years ago. I lived there up to the age of six, when I moved to L.A., California with my parents. I guess I can start by telling you a bit about my childhood, as it really influenced my life. I was very such of a bookworm and loved to stuly, draw, dance, etc., very scholastic, and basically got along with everyone. I always reserber loving the Bible. It never failed to familiate me, but I had a very Catholic image of God and really longed to know him. I am, and always have been very sensitive, and one incident particularly plagued my life for many, many years. When I was five I had a sexual experience with a boy who lived next door. Maybe because I was no sensitive it caused quite an impression on me. If wasn't until was a little older at the age of eight when I realized I had a psculiar liking for men. I worried when I realized how different I was from the others, and it put se through years of worry and fear. This fear was greatly embedded in me and caused me many moments of angulah. I started becoming very distillusioned with the world around me at about the age of nine, as I folt so much misunderstanding and lack of warmth from others. My parents constally had parties in which I could see now ridiculous it all was. I remember thinking how I never wanted to grow up to be like them, I just din't fit in at all. I got up on a chair at one of their important social occasions one time, and told everyone off! I just felt it was all a game and they were not being sincere at all!

When I turned eleven I started to rebel more and began getting into the "hinnie culture"

When I turned eleven I started to rebel more and began getting into the "hippie culture", letting my hair grow and wearing old clothes, etc. At this time I really began getting into drugs (LSD & speed), my parente, of course, were in shock, as I had been up to that point a very good student, making etraight A's and Stipping grades twice in graman; ect of because I always got sheed of my class, When I was eight I had also studied chemistry and French, and the government had taken interest and wanted to put me on a special program. I guess I had an insatiable decire to learn and devoured books like crazy. Also, Norman Fockwell, the late American artist, contacted my parents twice and was interested in having me as one of his students, as I had participated in several art programs. But my parents lecided not to lay too manythings on me at one time.

Anyhow, it's understandable they didn't know what to think of their son's sudden thange and rebellion. At this time also I began an affair with one of my male cousins, which lasted a couple of months, until I mat a girl grouple from Hollywood who became my striffriend. This was another change, as it began to bring Hollywood glitter into my life, I was always so lonely. Surrounded by so many, yet so lonely, and I searched and searched to find the reason for our very existence.

So I entered the Hollywood rock scane and bagan to go out with quite a few personallilea, got further into drugs and further into my quest. By this time I had become somewhat of an athelst and very outspoken on the subject. I later discovered that my girlfriend was a practicing witch. At this time she was also going out with members of the
tolling Stones, Bod Steward, Alice Cooper, etc. Sometime later I joined her in demonolog,
and actually began to see demone. I got very thin and everything became very strange and
took on a very dark spiritual tone. At this point in my life I became quite deprenant,
and 14, and tried to commit suicide three times. I was determined to live no longer, as
I had nothing to live for.

One night I came home about fipM and decided to take a shower before retiring to bed. I took a radio with me, as I loved to listen to rock music while bathing. I hadn't been in the water five minutes when the music stopped and the station began their usual interview time, which I normally turned off. I cannot explain what led he not to that particular night. I left the radio on and listened intently as a boy and girl same songs down Suncet Boulevard, and such to my surprise these songs spoke of Jesus. I guess what Imprended he most was their sincerity and love. Never had I heard anyone speak with such conviction of a real and living God. I was in bed by IAM and still had the radio glued to my mar. These kids told of the meaningless lives they led until they not Jesus! Mast? Meet Jesus? All they said just kept plercing my heart! At last - here on the radio was

Still, I had no alternative after they were saved. I hald Bible studies, but there was no 100% drop-out full-time service which I and so many yearned for. I still didn't know the Family.

I can honestly say I was really on firs! I guess the only thing I knew was the message of salvation and the fire and thought that everyone needed to exparience the same. It was in one of my daily prayer sessions with the lord that I also received a warning to leave the U.S.A. I remember that afternoon so clearly. The lord maybe so clearly to me and when I opened my Bible I got Jeresdam! I wasn't very willing to go as I had gotten so used to the States. I couldn't understand God's leading and debted in my own mind if this was really the Lord's will, and even if it was, how would I be able to leave being underage? Wondering about all thie, I got up and decided to go to the house. As I walked out my father drove up the driveway, hose from work. (He had held high positions with U.P.I. since our arrival nine years before.) I waited to greethis while he got out of the car and came towards me, but before I could may anything he looked at me and maid. "Robert, we're going back to Costa Rical"

The year which followed was a bit chaotic, something always coming up when we were about to leave. Finally a year later we were set to depart and did so, arriving in beautiful Costa Rica in 1973. The year I had remained in the U.S. I did alto of witnessing and went through a lot of battless with old friends, leaving the rock scene, etc. Arriving in Costa Rica, my brothers and myself began a real change, and we ended up going to this disco called Aquarius every single night for a year. I didn't have anything else to do, and so ended up being a regular there and began witnessing to everyone that came. A lot of foreigners were always there, and I got quite close to the staff. I didn't know that the Family had a coffee shop right in front of the disco. All this time I was also getting letters from both the people in the Hollywood rock acene and the JP's. Ny old friends wanted me to come back, and would often send letters about all their "ment" new friends with whom they were going off to bed with. So it was a real battle in a lot of ways. I was trying to serve the Lord, and at the same time the devil was trying to persuade me to go back to my old ways. I knew that Jesus was real and the the had changed my life, but I had no one to be with me, and I didn't know of anyone who was really living the gospel full-time. I was getting pretty upset and idn't know what to do.

I think that one this that finally and a life was pressed and the think that one thing that finally and a life was a life to the with my and I didn't know of the life the late that the same than the finally and a life was a life to be with me.

I think that one thing that finally got me desperate was when a friend of mine from a Washington band came down to Costa Rica for a visit. I really didn't know his that well, he was a drummer and pretty popular. So we became close friends, and I found out he was mayed and somewhat of a J.P. One day we went to the beach and row out swimming, and he made a pass at me. I freaked out, as I had no idea that he had those intentions in the first place, and he was the only close friend I had at the time. You see, after I got saved, my bisexuality trip just went away, but later on old friends would try to get me back into it. So it shocked me a bit that this guy had the same intentions, when he left back to the States It didn't affect me much until evening came, which was the time I would normally go out for dinner, etc. Then I felt really lonely, and started seriously thinking about everything that had happened that year. I recall that I went into the bathroom and got down on my knees and prayed, "Tod, You brought where for a reason. Show me why, or else just take se with You. I have nothing else." I really cried. I think I began to feel awfully lonely and discouraged.

I got dressed and decided to go out. I hopped into a cab and got to Central Avenus and began to roam, trying to decide where to go. I ran into my father who was on his way home, and he asked me to deliver some correspondence that had just come in for one of my brothers, who was having dinner at a redmurant next to the disco. After delivering the letters to him I decided to head on home, as I felt me but down in the dumpe. I can't quite recall what happened next - all I can remember is that I had every intention to grab a cab - But the only thing I can tell you, is that somehow I crossed the atreet straight to the coffee house. The door was closed but suddenly opened, revealing a young sirl sitting on the stairs, who looked up at me and offered me a kind invitation to come in. I did, and me I remember he second floor, I noticed that there were quite a few people spread out listening intently as several others told of the miracles the Lord had been in their lives and their various faith trips. It was very inspiring and I liked it!

acmeone who understood - momeone who spoke directly to me. I couldn't believe iti At the end of the program they gave the verse that was to change my entire life: "Schold, I stand at the door and knock, if any man hear My Voice I will come in to him." I sat up. These words just pleared se like a sword straight through my heart. I them something was going on and I west, wept and wept. Something was happening in my heart. I closed my eyes and cried out. "Jesus, if You are there, if You depoint, come into my heart and show me why I'm here!" Some It's hard to describe that moment. I was crying but laughing at the same time, and the Love that filled the room and my heart that instant was greater and desper than the oceans put together. I was flooded and drowning, swimming and floating in love - His Love - the Lover of all lovers!

I had alept with many before, but that night was the first time I went to aleep and didn't feel alone. God was there with me. He had reached down and touched me and I would never be the same or alone again.

The following morning I remember waking up praising and thanking God. My hands were lifted and I was thanking Him! I was overjoyed and felt so relaxed, free and happy. I went over to my dresser and got out all my drugs, which I immediately discounted. I went out that day and bought a Bible, which to my surprise had suddenly become real and alive. I understood Him words now and they were such a comfort and thrill to my heart. Excited, I began going out to the parks alone to tell others about it. I couldn't contain it at all and falt everyone should experience this new birth! I did everything I could - wrote up tracts and printed and handed them out, witnessed at malls, to friends, on the telephones. Every afternoon I would go to our party room in the house and would shut myself in to pray and hear from the lord.

One day out witnessing about a year after my calvation, my eyes spotted a VW sedan painted over with "Jesus leves you" and "Rev. 3:20" etc., and I flipped! You see, I had not yet met anyone who had had the same experience of salvation. Well, that night I prayed the Lord would let me seet the driver of that our, and I had a vision of it parket near a church basement.

The following day a friend of mine called to tell me that someone had handed her a newspaper called "The Way Inn" and it spoke all about Jesus. I rushed over and discovered it was a publication released by a group of young Christians from an Assembly of God Church. Vell, I decided to go out of curiosity, and to my surprise found the WW parked there near the Church basement where the meetings were held. A lot of young kids (young, but years older than myself - I was still 14) from the area were there - ex-junkles, groupies, musicians, etc. I ended up being their President for about nine sonths. We were about 60 then, and met three times a week to witness and fellowship.

were about 60 then, and met three times a week to witness and fellowship.

One night before the meeting started I escaped to pray for a while. I was very upset and going through a trial because I really wanted to serve the lord and my family was very much against it. I had changed so radically and I could not help but speak about Jesus to everyone I met. I was crying out to the Lord and asking Him what to do when I was called down to begin the meeting. We began with a word of prayer, and one of my older friends got up and came straight towards he and same me a song about escence in prison who was waiting for the Lord to come and deliver him. I started crying, and at the end of the sung I remember saying, "Jesus, take all of me, take it all?" I got up and I remember having a similar experience to salvation, but much deeper, an overwhelming sensation of God's Love and really becoming one with Him. I was really happy and felt an electric sensation go through my body and out my hands. The baptism of the Holy Spirit truly changed my life and gave me an unspeakable joy throughout the entire time my parents fought so hard against me. It was after this experience that I began to explode in my school, standing up in class to mitness for the Lord. Several teachers invited me to come and speak in their classes and address their pupils, leading many to the Lord and atarting several groups of born again Christians. The Spirit did a lot of miracles too, healings and speaking to people about their past, even maxing others whom I did not know, etc. It was really his Love calling out to them and I had just let myself go to Him.

I noticed they called themselves "Los Ninos de Dios", and wondered if this was the same group that Duane Peterson had so intently warned me about - the notorious Children of God!

I noticed a couple of people would look over at me every once in a while. I was a bit of a rock type dresser still, and I guess I must-have looked a little out of place. Hy clothes were good quality, just "different", Well, I sat there, but no one came up to me. I noticed averyone was getting ready to go out, and I decided to tag along. Off we ment to the park, Parque Central. Everyone got in a circle and started singing songs and dancing around. I really loved it and went along with all the rest. I was really getting off on it! They finished off with a Randy skit and witnessing, and off again to the coffee house with me tagging along behind. I was really happy. We got back and a band called Heartery began to play. I really enjoyed them. Afterward Joach Crov came down to talk with me and invited me back. I also got to talk with Rainbow. So I was very inepired and decided to head on home, as it was a bit late.

The next morning was quite another surprise. I joined my father for breakfast, and the first thing he did was showe the morning paper in my hands, on which was printed an article all about the Holy Ghost sample the night before. He had witnessed it also, and did not favor the Family at all, because apparently the priest who had written it had also recognized me, and my father was very enharmsed and proceeded to let me know. You can imagine, if he had been shocked by my involvement in the J.P.'s, how he reacted when seeing me in Parque Central singing and dancing in front of a large crowd.

seeing me in Parque Central singing and dancing in front of a large crowd.

I went back to the coffee house twice, and the third time I was unhered in for my
first No Letter residing, which was "The Kingdon Prophecies". I don't know how I ever got
away with it on a third visit, but that's the way it happened. I then realized there was
someone who guided these people, and I really began to wonder. You see, I ad heard about
Roses Bavid, and now I was sure these were the famous COC. When it was over, before walking
out, someone handed me a "Letters from a Shepherd" book, and I mentioned that I really
duin't know if Mosse was a true prophet. Of course I was basing myself on ethers' opinions,
as I really didn't know, but I really fait attracted to the group. I just kept flashing
on all these things Duane Peterson had said before, and all the letters I had gotten
against these "molves in sheep clothing", when I was still an active JP in the US. I
decided to go home and read the booklet, as well as the New Improved Truth, and I loved
them! I felt it was the outright blatant naked truth, and I loved every page. I resember
seeing Faith's picture when she was in Caramy, and she totally captivated me. But yet
there was still that doubt - No - a prophet - true or false? I kept attending the coffee
house, and got bobbarded next with the David series. Hel Someone must have hed a lot of
faith! I realized that I had to make a decision about No. I was honeatly a bit afraid
to ask the Lord, and didn't know what to expect. I was exteen at the time.

These home one affarment locked wavelf in the bathroom, so to me kneed, and cried

I went home one afternoon, locked myself in the bathroom, got on my kneem, and cried out to God to reveal to me if No was a true prophet, the endizes prophet. I told Him I would base myself on what He revealed to me at that moment. He maked me to open my Bible, and my eyes fell upon the verse: "But what went ye out for to see? A prophet? Yea, I say unto you, and more than a prophet. For this is he of whom it is written, Behold, I send my messenger before thy face, which shall prepare thy way before thes." That was more than enough, I guess it just confirmed everything I had also felt, and it just set me free! I decided to join and became a Catacomb, as my perents would not give their legal consent. As soon as I made my decision, I sat down and wrote everyone I knew about it. I wrote have been an experience of the my make my decision, I sat down and wrote everyone I knew about it. I wrote have been the country of the continuation of the country of the c

About a week later I received a letter from my old girlfriend, along with an invitation to Europe with Ron Wood and Rod Stewart. It really just made me laugh. I knew I had finally found the road of God's service and the voice of one crying in the wilderness,

The three and a half years that followed I became very involved with the Family. I believe the members there saw my sincerity and considered the situation I was in, and allowed me to keep all my ML's at home, which was a real bleesing. All I had was the printed York, and I believed every single thing I read there. At the very beginning Julia, Vatchman's former mate, and Shalom of Corny took interest in me, calling me every day to see how I was doing and encouraging me. They even tried to get parental permission to place me in the Puerto Bican school, to which my father answered positively, only to go back on his word as soon as the brethren departed.

I began witnessing even more, litnessing and memorizing, trying to live for the Lord 100% in my situation. Honestly, I can say that Dad's and Faithy's letters kept me during all those years. Just looking at her photos and her sample kept me eventually to be a front line fighter for the Lord. My father began to get very concerned, as he didn't know how to get all these crasy ideas out of my head. So he put me in a night school to keep a tight eye on me, and during the day had me accompany him in his business affairs or had one of my brothers guard me, and at times even had detectives follow and report on my activities. What an exciting time though! I remember having to diaguise myeelf, and having the brethren meet me in incognito places to get the letters or tracts, and to be able to hand in my weekly reports. I would mamorize during the day, and when everyons slept I would gut up and review, read a letter, make my tribe report in the dark or with a flashlight, etc. I had to have everything absolutely hidden, and would place several Bibles in obvious places, so that when my parents got upset they would find one and throw It away, leaving their anger satisfied, and my Letters and other Bible safely hidden.

They were very violent with me and gave me lots of trouble. I recall one incident particularly when I had gotten out of high; school and my brother had decided not to pick en up. I took the opportunity to go out and litnees as much as I could to all the outgoing students. Actually, everyone already knew me, and they called me "the prophet" had sould usually take up the opportunity to litness when I got out early, and would manage to get back to school in time for my brother to pink me up and take me home. I was desperate and managed to get out about 80 letters per hour after 10 PM, I just member I was desperate to do as much as possible. Anyhow, this particular sweining I decided to get out the lit, since I was prohibited from doing so on school premises. So I began litnessing without a worry in the world. I was about to pass out a letter, when suddenly I had a vision of a red warning light. I turned around immediately to see my brother standing there staring me straight in the face. I ran and hid the lit in my boots, which is normally where I kept my lit and Bible. In fact, to this day I always have a pair with me, as they always come in handy - ha!

I began my walk home praying desparately. I had been badly beaten by my father and brothers soveral times in similar incidences, so I was a bit worried about going home. I arrived and had to go through several gates before coming to the main entrance. I opened the door - all was quiet. I breathed a sign of relief, when ouddenly I felt two hands around my neck choking me. I was able to turn my head enough to see my father and two of my brothers. The hitting began. They three me sgainst a wall, and proceeded to take off my clothes so I wouldn't run off. They took me to my room, and with my sible began hitting me on the back of my head until I fainted. When I came to, I was sprawled on the floor and I couldn't get up. My right leg was very swollen, and I managed to get to my bed and began crying out to the loord. I was really hurt and I cried out with my whole heart. I was seventeen then.

I had faithfully witnessed and yearned to be free to do His will. I had seen others come and go and take the Family so lightly with few problems and obstacles, only to have no sooner owns in than to leave again. Why: I meant business. I only wanted to serve Him. "May?", I saked, and He beave again. Why: I seant business. I only wanted to serve which upon closing she and the Lord spoke to me and said, "I know what you're going through. I feel for you, too, but it's something which you must pass through. Suddenly I also saw an angel flying towards me, until he came and stood in front of me and said, "O man greatly beloved, fear not, fear not." I truly felt comforted, and asked the

Lord to confirm it. I opened the Bible and got the following vermes out of Daniel. "Year, while I was apsaking in prayer, evan the man Cabriel whom I had seen in the vision at the beginning, being caused to fly swiftly, touched se at the time of the evening oblation. (22) And he informed as, and talked with as, and said, O Daniel, I as now come forth to give these skill and understanding." Daniel 9:21 a22 "And said, O man greatly belowed, fear not; peece be unto thee, be strong, yes, be strong. And when he had spoken unto me I was strangthened, and said, let my Lord speak; for thou hast strengthened me." Dan, 9:19. This greatly encouraged as, and helped se to go out and win lots of souls and start ost-acomb groups in school.

Around this time I bagan to get involved with the disco, being on the organizational committee MCing. I was voted Catacombs shepherd and started taking more of a hand in the work in Cogta Rice. I had already at this time turned i8, but the Family was worried because of ay father's influence and unfeverable attitude. Finally it just came to the point where I had so such to do I wouldn't have been able to continue unless I was able to morth where I had so such to do I wouldn't have been able to continue unless I was able to work full-time. I was desperate, and I had several dreams and visions which confirmed that it was the Lord's time. Ny father called the Chief of Police the day I fath and disc ms. All the dreams and visions were fulfilled to a "T". It was all very snoouraging, because I was held for mix hours before I was finally able to leave my parents's house and go the colony.

I really put my heart into the work there, and began working with the Archbishope at the time, Israel and Gennesaret Cincy. It was also during this time that I met_____, the Chilean producer who is working with the Family now in his own country. We got commercials on the air and ploneered quite a few T.Y. programs in Coeta Rica, and also in San Salvador, Guatemala, with other brethron. It was a truly exciting time which I was able to burn free in all areas! I'm salving to hear from _______ to get together on the whole story, which I hope will inspire the Family, how the entire staff under his got saved and what the Lord accomplished through our work in Coeta Rica and other parts of Central America. Strings of miracles, too many to number here, PTL! I've already made this long enough.

After Central America, it was to Maxico in answer to Matchman's invitation to help pioneer the music ministry there, which was very fruitful. I was also able to witness a bring closer to the Family , a Mexican producer, who helped us tremendously in getting on TV, etc.

It was in Mexico we first received the FF Letters, and at the time I was witnessing to my former wife, ..., an actress and daughter of very rich and influential parents. At the time when she really let go and yielded, it bore such fruit in witnessing and being a blessing to the overall work. She did have ber problems even back them, but she bore fruit for the Lord, which is the most important. We got to witness to the President's niece, which we led to the Lord, the Fresident acts and actresses, the antire cast of Godspell, which she was directing at the time. They would get together and pray before each performance, governors, the influential, etc., before she turned against the Panily.) I have so much to tell you about that time, Ded and Maria. I would rather work on that particular mage in my life as mother project, because it would greatly help others who may be in similar estuations. For example, how I was able to Fh her, handing on through many ups and downs, my business, my daughters, how I have able to Fh her, hending on through acouple of biscanial experiences and how the Lord and you brought as back to this wonderful Family. If morry for taking at such of your time. I thought this might help you to know as better, and I will finish off the rest imadeliately. I actually feel it's probably the mont important part, but I also wanted you to see my background and the things I've gone through. I love you so much and can never begin to thank you enough. SHANY always and forever.

like my parents? They were rich, had everything, yet were still unhappy. Life just seemed so meaningless. My life consisted of school, staying in my room at home listening to records, 6 smeking pot. It was an observable 6 empty.

ONE DAY ON THE MAY HOME FROM SCHOOL, 1 saw an advertisement for a film. It was called "Brother Sun 6 Sister Moom" by Franco Zeffirelli. The poster advertising the film really struck me as being so pure. I just couldn't get the picture out of my head, 6 as I was coming out of the underground I thought to mysalf, "If I should go 6 see that film, let me ssee that poster again before I get off the escalator." I THEN SAN THE SAM POSTER AGAIN THICE! Also, that night I had a dream that I was neelephant in a herd of elephants, 6 I left the herd 6 climbed up to the top of a mountain.

I FILL THALLY STRANGE THE NEXT DAY 6 knew that I had to go 6 see that film. So, that night I went, 6 outside the cinema were members of the Family stopping people 6 talking to them. AFTER A RROKEN MARRIAGE, ALL
From Tiras Seeds; Misica

HILLO: GSV ALL! MY MAME
IS TIRAS, & I'm a netive
of southern California,
born & raised in Sam Diego.
I was born in 1997, the
second oldest child in our
family of four children.
AS A CHILD I REMEMBER BEING ALOME MICH OF THE TIME
as my brother & I always
seemed to argue & fight.
I can remember my parents
also having arguments much
of the time, as my father
was very jealous & possessive of my mothern. Hy dad
used to take a belt to
punish us for our mistakes,
& I can truly say I never
felt loved by my dad.
MY FONDEST MEMORIES WERE
FROM THE ACL OF 12 when I
discovered girls & my need
for love & confort. I remember falling in love many
times, yet always finding
no real Lasting relationship. About this time I
began to learn to surf, &
this was a new-found passtime for me. I loved the
ocean, the sky, the sound
of waves racing to the shoreline from the other side
of the World.

I DIDN'T LIKE SCHOOL EXCEPT TOR MOOD-WORKING CLASS,
which I excelled in because
I loved to create things
with my hands. All my
friends were baseball and
football addicts, but all
I could think about was
girls. At the age of 16
I moved out of my folks'
house & got an apartment
at the beach, thus making
it even harder to go to
high school. However, I
decided to excel as never
before, & I did, arriving
as \$1 in my class & receiving a good preparation for
soon-to-come college. As a
youth I also loved to fly
& spent much time at a

Tiras--healthy, handsome & rides in private planes from sympathetic pilots.

MHEN I WAS 16 IT SEEMED THAT SO MANY THINGS HAPPIN-ED ALL AT ONCE TO ME. I began to feel as a black sheep in my family. I was thrown out of public schools; I crashed my mother's car one morning while drunk on wine.-At 16 I was an alcoholic, almost killing myself & wrecking my relationship with my friends in the process. At the same time my ginlfriend got pregnant & took me to court for child support, & as a result my folks almost disowned me as a shame & content in their family.

WELL, THEN I TRIED TO DO BETTER. I started college & tried to be a faithful studdent, yet after 5 semesters it seemed that all I was interested in was pretty girls & finding the one true love for me. Vict Nam was getting hot at this time, 1968, so I tried to stay in school to avoid being sent to war.

the next day in the hospital after major surgery, &
someone told me, "God loves
you"! Mow! A real miracle
to be alive, yet I didn't
know Jesus & couldn't give
Him the glory as yet.

SOON ATTERWARD I MET A
GIRL WHO I WANTED TO HARRY,
& we decided to tie the

so we decided to separate.

I THEN BECAN SNOKING
MARIJUANA LIKE MAD, & began
to realise that I needed
a change. Yet I didn't
know what to do or to whom
to go for help. My wife
had told me about Jesus,

pollution, & yet I saw that no one would give up their cars, so what was the use. I was truly looking for a cause for my life, & reason to live, & yet I found no answer. It was shortly thereafter that I was fired from the ges & electric company in San Diego because of my refusal to trim off my beard, so that was the last straw. I came to an end of my life, & I lay down & drank a glass of strong poison, wrote a good-bye note to my friends & wanted to die. Well, sadly I awoke the next day, & there was the same old world.

SO I THEN PROCEEDED TO GET A PASSPORT & LEAVE.

there was the same old world.

SO I THEN PROCEEDED TO GET A PASSPORT & LEAVE THE COUNTRY for Europe, France being my destination because surfing was popular on the coast there. I shipped my board to New York & left, just on the same day as my induction papers came for the army. I was feeling like a refugee escaping a war-torn country, as the Kent State killings also happened the same week.

I STAYED IN FRANCE FOR

country, as the Aent State killings also happened the same week.

ISTAYED IN FRANCE FOR A LONG 7 MONTHS, very lonely & spending each day wondering what to do with my life. I left France for South Africa, hitch-liking, yet at the entrance on N. Africa the officials would not let me into the country because of my long hair. I was not going to conform to anyone's laws or regulations, so I went back to France.

WHILE I WAS STAYING WITH A FRENCH BOY WHOM I MIT THERE, my parents wrote me & told me that the FBI was going to search for me if I didn't come home, plus my dog died died & my grandfather died too, plus my dowcre was final. This was too much for me, so I decided to return & be a con-

sciencious objector & go to just sat & listened. Soon I just for 5 years & write a book on life's experiences.

SO IM DEC. OF 1971, I flew here to here to New York from London. I phoned my folks upon arriving & said I'd he home for Christmas. I then started histohing to California. Everyone who helped me on my way was like an angel, & I ended up one morning in Texas. The young people there told me to get out of Texas because the comboys would shoot me if I stuck around. They didn't like long hairs, yet I was in no way a hippy.

SO OUT THERE ON HIGHWAY 80 I WAS ONCE AGAIN ALOME & SCARD, hitch-hiking hurriedly to California, & there two carloads of kids stopped. As we drove they told me about Jesus, read the Bible to me, & told me of a farm where they were going where many people were living in harmony & love as the early Christians, & they asked if I'd like to visit. I said okay & then went to see this new life.

I MUST SAY I MAS IMPRESSED BY THE LOVE & FRIENBESHP I FOUND THERE. Everyone was studying the Bible & singing praises to their God. Well, I didn't yet know God or His Son Jesus Christ, so I

for the first time in my life I prayed that if God was real He would show it to me. And He did!

TWO DAYS AFTERWARD, UPON RETURNING HOME FROM MY RECULUAR 8 KM. DAILY JOS. I was hitch-hikking my way back to my house, & a car drove by with 3 people in it, & the front seat next to the driver was empty. The two guys in the back had also been picked up by the driver while hitch-hiking, & they ended up playing a very interesting role in my life that day, because I invited them to my cottage to show them the surroundings & possibilities of getting a "refuge farm", which was the reason they had come up there.

ME STARTED TALKING ABOUT THE STATE OF THE WORLD & HOM TO CHANGE IT, when one of them told me that they were working to build a nation whose economy was not based on gold or international commerce or war, but actually built upon sharing, loving & trying to make others happy. In the deepest part of my heart I knew this was really looking for! As crazy as it sounded, if it was the truth, it was what I was looking for:
MELL, THOSE TWO GUYS IN-SPIRED MY DAY, so I went down to their house two days later. I found that there was no fighting amongst them, but rather an honest & warm love towards one another. I had one of them explain what everything there meant, why they were so happy. So the first thing that this person explained to me was about Jesus Christ & receiving Him into my heart.

SO I DID: I RECEIVED

SEUS INTO MY HEARI on that day about 7 1/2 years ago, & even though I've had to go through a lot & have

fallen many times, I've stood up again to keep on fighting & learning the lessons.

ONCE WHEN I WAS A VISITOR AT THE HOME IN EQGOTA, I was really going thru it, so this brother told me that the answer was to get naked before the Lord, & that's exactly what I did! I went into the next room & took all my clothes off & prayed desperately. And as I was opening the door, a girl who was visiting started getting a little uncomfortable with me beside her, & I was waiting for God to "speak to me". Then a brother came down & sang "Pet Shop" for me, which really broke my heart!

Stops Acting & Starts Living-For Jesus

From Shelly; Puerto Rico:

IT'S RATHER HARD TO PAINT
AM ACCURATE PICTURE OF MY
CHILDHOOD. Until I was 9 I
lived a very typical life
in suburbia. My father was
a rising executive & we
moved a number of times
whan he was promoted.

MHEN I WAS 9 MY MOTHER
DIED VERY SUDDENLY, & all
at once our lives crumbled
around us. Me (with my 2
brothers & 1 sister) had
lived in a world where my
mother reised us, & my poor
sweet father just didn't
know what to do with us
after she died.

THIS WAS AM EXTREMELY DIFffcult period in my life
that definitely set me apart
from all that I had once
felt secure with. I remember really turning towards
the Lord at this time in
absolute desperation.

MI LATHER'S MOTHER CAME
TO LIVE WITH US FOR JUST
ONE YEAR, then she too died.
This was a very difficult
time as she was a very hard
dictatorial type person &
it was hard for us to adjust to her strict ways.

AFTER SHE DIED I MAS SENT
TO A CATHOLIC BOARDING
SCHOOL. THE MOSTON. My sister
was sent to my sunt's house
6 my brothers sent away to
another school. At this
time my favourite grandfather died, but I was almost too numb to feel bad.

THEN MY SISTER & I CAME
BACK HOME FOR AMHILE, but
we were not always the
easiest children to care
for. We went thru I'M housekeepers in 2 years. Ha!
IN THE JOTH GRADE I WAS
AGAIN SENT TO A CATHOLIC
BOARDING SCHOOL FOR GIRLS.
At the first news of this
I was very upset, but after
realising that there was
nothing I could do I decided to really try. The first
semester I worked day &

night. It was a very hard school, & when my first term grades were not as spectacular as I had hoped, I just fell apart. I was already pretty unstable & that just did it, There just didn't seem to be anything in life worth living for. Of course I was seeing a psychiatrist during this period, but it didn't help. DURING THIS PERIOD THE ONLY THING THAT EEPT ME GO-ING WAS SOME CLOSE FRIENDS in another town who had a band, and I was the lead singer. I really loved it, & it really helped see me through.

RESIDES HAVING THE BAND I ALMAYS BELIEVED IN GOD. Up till then I had rarely ever missed church in my whole life, although I was becoming more & more disillusioned with that too. Although I loved God, I couldn't understand why it was all so formal & that if I missed church intentionally a lightning bolt was soon to hit me. So one day I decided it was time to try it & see. This was def-

initely the end of one life

the beginning of another.

I DO REMEMBER CLEARLY
RECORT HAT ONE MIGHT I DESPERATELY CRIED OUT FOR THE
LORD TO TAKE MY LIFE. that
I didn't want to live anymore. I guess right then He
did take it, but not necessarily the way I had
planned.

BY THE TIME I WAS TO GO
OUT TO COLLEGE I WAS SO
CONFUSED, depressed, disillusioned with life that
I moved into the city. A
friend told me that the
musical "Hair" was auditioning people for the
show & said that I should
try out. I figured it would
be good for experience in
the future, but it never occurred to me that I would
make it.

MY EXPERIENCE IM "HAIR"
CHANGED MY LIFE. Here I was
a young idealistic hippy in
a show about the same. I
was amazed to find out that
the majority of the people
in the show's message at all.
They were only there for entertainment or artistic sake,
just for the money or their
own self-fulfilment. I became more I more discouraged
because I wanted to sing
about things I really believed in, not just something to tickle people's ears.
DURING THIS FERIOD I MAS
DOING A LOT OF DRUGS with my
"friends". I thought I was
happy for awhile, & then I
found out I was pregnant.
All of a sudden my so-called
"friends" weren't so friendly. Everything was fine till
reality bit. I guess I took
a leave from "Mair" & tried
to figure out what to do. I
felt so alone with nowhere
to turn & no one to turn to.
I REMEMBER PRATING A LOT
DURING THIS PERIOD, but although I had gone to church
all my life & really believ-

ed in God, I never had a personal relationship & I didn't know how to get answers back.

I MAS CONCERPED BECAUSE I BECAUSE I MAS CONCERPED BECAUSE I MAS CONCERPED BECAUSE I MAS CONCERPED BECAUSE I MAS CONCERPED BECAUSE I WAS CONCERD WHEN I WAS A BERIOD when I was doing a lot of drugs. Everywhere I turned people said, "have an abortion". So to make a long story short, I went against my heart & had one, & everything went wrong. The System always has such quick solutions to problem, but then it often causes another problem, like in the case of living with yourself afterward. A few months later I ended up in the hospital from complications both in my body & in my heart.

AFTER I REGAINED SOME HEALTH, I moved from the city to the country to find whatever it was I was looking for. I had totally stopped any singing I had been doing because I had nothing left to sing about.

THE PEOPLE I MET IN THE COUNTRY THOUGHT THEY WARE SO "MAMRE". They thought clean air, health food, surfing, meditating & dope were the answer. I became more & more depressed, as I was running out of ways to turn.

ONE DAY ALL THESE "NEW FRIENDS" & MYSELF DROPPED EVERYTHING WE MER DOING & decided to travel the country for awhile. This trip just further exposed the hyprocrisy of their beliefs & was just totally discouraging.

ON THE MAY BACK FROM THIS TRIP we met some people in the Family in Albuquerque, New Mexico who told us about Jesus. There was one girl that had such a peace on her face-the very peace that I was trying to find to end this turmoil & con-incurion that had been going on in my heart for so manny years. I took a walk that injust & asked Jesus to really come into my heart for some land to end the such as a second the minuse that was trying to find to end this turmoil & con-incurion that had been going on in my heart for so manny years. I took a walk that injust & asked Jesus to really come into my heart for so manny years.

is show me the way & the truth.

IT NEVER OCCURRED TO HE AT THE TIME TO STAY WITH THER, so we returned to the place we had been living previously. There was one girl & myself who really started reading the Bible & became increasingly more & more hungry for the Truth. We realised that we needed a Shepherd, as we felt so alone, We wanted to find this "famfly" that had told us about Jesus. WE HEARD THAT THERE MAS TIME TO BE A BIG "USUS CONVENTION" in belias called Expo "72, we figured that this family might be there somewhere. So we drove 2000 miles to find them. The yfirst thing we found in belias was a newspaper with an article about the Famfly's coffee house on the outskirts of the convention. We went right over, & I felt so wonderfully overwhelmed by the fact that these people were not just talking about what they believed, but they were living it.

RIGHT THEN I KNEW I WOULD JOIN, but I guess I had a few things I needed to learn still. I tried college for awhile; then went to Europe, all this just to find that serving Jesus was the only way that I would ever find happiness.

I DISTINCTLY REMEMBER THE FIRST RIGHT LIVING MITH THE FAMILY. I had the most beautiful it peaceful dreams like I was at home at last. OF COURSE JOINING THE FAMILY. I had the most beautiful is peaceful dreams like I was at home at last. OF COURSE JOINING THE FAMILY LIVING MITH THE FAMILY. I had the most beautiful is peaceful dreams like I was at home at last. OF COURSE JOINING THE FAMILY LIVING MITH THE FAMILY. I had the most beautiful is peaceful dreams like I was at home at last. OF COURSE JOINING THE FAMILY LIVING MITH THE FAMILY. I had the most beautiful is peaceful dreams like I was at home at last. OF course journessage out oo. This sounds right on psper, but it sure does not work in reality. I'll adaft that I got way off

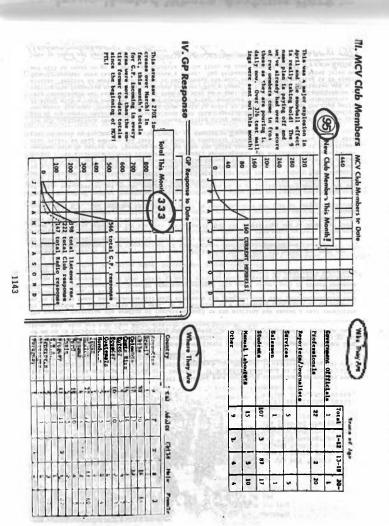

track a number of times with this idea. Sincere, but sincerely wrong I guess!

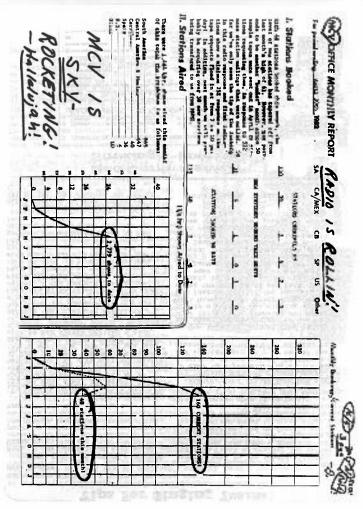

I ALWAYS MEED TO GET MY MOSE RUBBED IN BEFORE I CAN SEE THE TRUTH, Obviously, God's way of getting the message out thru music is not in some big flashy way, but simply & naturally thru our sample of living together, which is what gives our music meaning.

MOUTHE LORD HAS NOT ONLY THE ACTUAL TABLE I WAS IN EUROPE WITH THE FAMILY, I met menually meaning. The sing about.

The mass mailings to stations has really taken off and has been paying off beyond our most optimistic expectations! For example, out of 109 of these sent to stations in one country 27 have responded already requesting sample tapes with more coming in every day! Me've even had a couple of these who were so turned on by the brochure, etc. that they wrote us back giving an accomple of these who were so turned on by the brochure, etc. that they wrote us back giving hope posed programming schedules for the show asking us to skip the sample tape and to ahead and book them as definated PTL! Me've had requests for tapes from countries where we have no or few stations such as El Salvador, Bolivia, the U.S., Faraguay, etc.! We plan to send another 600 minimum during May, D.V. and continue through Jely until we have exhausted our list of targeted stations.

during May, D.V. and continue through July until we have exhausted our list of targeted stations. The new method of sending registred mailings to stations, along with our tapidly increasing volume of smil, has impacted our budget and portends to continue to do on in the cosing months. Our necessity to step up quality tape duplications to sent the need of sending more programing per mailing as well as meet the stations demands for quality (details included in report about F.H. revolution in L.A.), as along with the need to continue producing various publications to supply the demand of an increased mail ministry, has also contributed to make this an increasingly expressing maintainty. om an inmate in an Australian prison!

Dear Family,

HII I WISH YOU ALL OUR LORD'S LOVE & HAPPINESS! It is nothing less than grace that our Lord sends us beautiful people like you & your children!

"NO", WE DON'T HAVE MUCH CONTACT WITH PEOPLE "WHO LOVE

JESUS, And "yes", there are quite a few guys in here who would like to know more about Jesus. After your show, it was amazing how many guys were overwhelmed by the love they could feel. It is amazing to me that for so many years I was looking for love, peace & happiness, & because of that desire I am here. Yet, all the time it was right in my heart.

I AM NOT BITTER ABOUT BEING HERE. The Lord tried in so many ways to show me where it was, but I was so blind that he had to put me in here, away from all those "external" things. I have served most of my time in prison. While I have been here, I met these beautiful people who used to come in every Sunday & share their experiences with Jesus with us.

AT FIRST SOME OF THE CRIMINALS WERE TOO SCARED TO GO. They were worried about what the others would say. So I would go around & talk to them by themselves, & each week we would get one or two more. It was a beautiful service for the Lord.

THERE AREN'T MANY THINGS THAT I HAVEN'T DONE, but nothing has given me such peace & happiness as this. If there is anything I can ever do for you, please let me know, as we are brothers & sisters in Christ.

WE LOVE YOU DEARLY! I hope that this is inspiring to you. We appreciate your love, prayers & help that you have been.

Love, A Brother in Bonds.

Thank God for the love that You both have shown Thank God for the faith That your sample has grown

Thank God for our father And his words so dear That keep us together Year after year

He is our heart
And we but mere tools
Let the world laugh
Let them call us all fools

It is they that can't feel
They just don't know the bliss
Of each wonderful revelation
Each heavenly kiss

Such tenderness and knowing
That surpass expectation
Such a loving father
Such dedication!

the things, practical resource, we thought someone out there might appreciate...so here we go...

When we first started out we just let loose with both barres not thinking too much about the sound, but more about the inspiration. But as we started playing in "nicer" places, we had to learn to play more delicately as some of these places didn't always invite screaming vocalists and banging guitars...So we started working more on our vocals getting a nice blend of harmonies on the right places in the song, sort of like framing the picture and "clothing her lightly". One thing that is good to bear in sind here, is that all singers do not have the strength or volume in their volces. I for example have a tremendously loud voice and used to sing only at the top of my voice; but if I sang my back up harmony like that, with poor Rachel singing the lead, people would never hear Rachel, so I had to one it down and sing a lot gentler and adapt my voice to her singing since she was singing the lead.

One thing that a lot of people would never hear Rachel, so I had to one it down and sing a lot gentler and adapt my voice to her singing since she was singing the lead.

One thing the lead, so I had to one it down and sing a lot gentler and adapt my voice to her singing since she was singing the lead.

One thing the two down and sing a lot gentler and it was really powerful. Of course it's the Spirit that really carries and counts, but these are just some practical helps which you may not have thought of lots of Love, Peter Pioneer

the person playing is much lower than what's heard by the people sitting right in front of you and the guitar. We'd often have people complain that all they could hear was the guitar & little singing, and we finally got the point and toned it down. After all the words are the most important thing in our songs, and also a guitar sounds better anyway when it is gently strummed or picked than when beaten up.

Lots of Love, Peter Pioneer

Miracle Exodus & New Horizons for MWM!

The Lord provides fares & safe passage for the entire MWM opers
-& a new home for the "Greatest Show on Earth".

Dearest Family.

Dearest Pamily,

GBY & greetings from the land of the setting sun! Beyond the blue horizon waits a beautiful day! Good-bye to things that bore me, joy is waiting for me! I've found a new horizon, my life has only begun! Beyond the Diue holt to write you from our new Shangrila, which the Lord miraculously supplieds ove can continue to "Sing unto the Lord with thanksgiving; sing praise upon the harp unto our God." (Pe. 147:7)

As you can imagine, our exodus was nothing but a series of miraceles, from the selling of our care, caravans and belonging to our landing in this brandnew land with all our families and moreoes, from giving trailers, sending equipment. The Lord and the Families and recess, from giving trailers, sending equipment and provisionment etc., that we felt really burdened not to be an extra financial load on WS in this time of squeeze and we claimed in prayer that we would be able to pay for our exodus. But we would be able to pay for our exodus. But we would be able to pay for our exodus. But we also organized a big communal forestant of our extra clothes, tente, toys, radice & equipment, kitchen and camping ware etc. and opened our own "jumble sale" the would be able to pay for our exodus. But we would be able to pay for our exodus. But we would be able to pay for our exodus. But we would be able to pay for our exodus. But we would be able to pay for our exodus. But we would be able to pay for our exodus. But we would be able to pay for our exodus. But we would be able to pay for our exodus. But we would be able to pay for our exodus. But we would be able to pay for our exodus. But we would be able to pay for our exodus. But we would be able to pay for our exodus. But we would be able to pay for our exodus. But we would be able to pay for our exodus. But we would be able to pay for our exodus. But we would be able to pay for our exodus. But we would be able to pay for our exodus. flood and even a daily part of baby's diet, but it is now a part of our whole surrounding; our new studio is built around a coconut tree frame with coconut sound-proofing and coconut carpeting! We now have a studio-As-a-half ready & the projects are starting to roll. GB our precious shepherd & shepherdess who are so concerned to supply the Family & the world with all the needed tools to feed them & prepare for the time to come. The musicians just got the exciting projects of compiling a new Children's GP Song Tape, a whole tape of Communion Songs, and Dad & Maria's OF Favourite Choruses, little inspirational & devotional songs for young & old, PTI: GB the musicians who have worked long hours & miraculcusly learnt & recorded those 70 choruses in only 3 days!! - As we needed to send a rough copy of the GP Children's Song Tape, we realized that we only had 10 songs written for it. So we got together for a word of desperate prayer to be able to finish our projects by the deadline & we claimed that if the Lord could give us songs in a few weeks, why couldn't He give them in a few hours just the same, so we all stopped after lunch, children & adults, and the Lord gave altogether no less than 12 new songs in 2 hours, some through our song writers but also several through the children & new writers such as John Cloud & Lydia Lightman, PTL! "The Lord is not

limited by many or by few",- and it sure takes an impossible situation for Him to do a miracle!

Of course, we have a lot to learn in this new world, encountering all these new foods, new habits, new customs, new religions, etc. Though there are so many sweet & meek people, there are also many powerful dark spirits all around. In fact, we had on our very property a Buddhist temple full of idols that people would come & worship. We really felt that we just had to get rid of these dark powers & that we could not really share our territory with the devil & all these demons getting stirred up by these poer people's prayers & praises. However, we knew that it would take a real miracle to remove this temple & for the locals to accept that we destroy it to rebuild onwfurther away! So again we all prayed desporately & went to offer the locals that we build their new temple in a given place, which they miraculously accepted, However, in this part of the world things take a long time, & though we managed to demolish the former temple pretty quick, the idols could not be removed till their new home was finished!! In the meantime saveral people got sick, & we had an epidemic of flu, as well as an invasion of flies! We really felt that these dark spirit were upset for all of God's Spirit & Light moving in & we had to claim His power to deliver us, & all of a sudden all these local people started to work furiously night & day on their new temple, which was completed in only six days! TII! Indeed, He that is in you is greater in the world.

More than ever in this part of the world we realize that we can overpower the "rulers of the darkness of this world" - but what a thrilling exciting new life & challenge in a wonderful new land! We are praying for all of you who like us just moved to these beautiful southern climes, Please pray what the Lord will continue to keep us & help us to fulfill Dad's vision for the Video Ministry for the World, as well as more Dramas for the young (& old!)

We love you & want to thank you one more

we love you & want to thank you one more time for your encouragement, prayers & support, which we could not do without!

From Siles; At MWM:

I WAS BORN ON SEPT. 5
1950 in El Paso, Texas,
the 2nd of 5 children. My
father is American & my
mother is German, & they
met & married after the
Second Morld War in Germany. My father spent a
good deal of his life in
the military, & consequently we ended up living in
different parts of the
world--Japan for 3 years
when I was young, later
Germany for 3 years, &
then in different parts of
the U.S.

MY MOTHER'S FATHER HAD
ALSO REPUTY

Germany for 3 years, & then in different parts of the U.S.

MY MOTHER'S FATHER HAD ALSO BEEN IN THE MILITARY IN GERMANY, However we never met, as he disappeared during the 2nd World War while serving with the Nazi German army as a colonel in the SS division.

AS A YOUNG BOY, WE MERE INCOME THE MERE INCOTPARTICULARLY RELIGIOUS, though we did go to church every Sunday. My mother was a Roman Catholic before converting to being a Methodist when she married my father, & the churches we went to most of our lives were Methodist churches.

WIEN I WAS 15, MY FATHER RETIRED FROM THE MILITARY. & we moved to Florida where my grandparents were living. I finished high school there, & at that time my family moved to Texas. I had decided to continue living in Florida & to go to college at the University of Florida. That caused a pretty big split with my parents, as they had been leaning toward my entering the military.

I MAD MADE GOOD GRADES IN SCHOOL HOST OF MY LIFE, & my initial entry into college was a really good challenge scholastically, & I did very well, Leter that year I joined a local fraternity, which is how I

involved with drugs & rock
music, which of course had
a big effect on my achooling & deucation, which began to suffer from it. We
been doing drugs on the
weekends & later 2 or 3
times a week. Then, by the
time I was there for 3
years or so, we were doing
drugs every night, going
to rock concerts, & I finally began to deal in drugs
later that year. I eventue ally moved from the dormitory, where most freshmen
lived, into the fraternity
house, which gives you a lot

which was about 5 years.
The Lord later used this

me get closer to Him, thru
a real breaking in my life.
FROBABLY THE BIOGEST IMFROSION I HAD ABOUT COLLEGE upon first entering
was the incredible amount
of unbelief in God that
was contained in the actual
mandatory courses during
the first years of college.

HE WENT OVER THE "SIMPLE SALVATION" TRACE WITH ME. 6 I was amazed at the simplicity of it all. And the three of us sat there on the floor of my little house & prayed, & the girl & I asked Jesus to come into our hearts.

HE WAS ATTENDING THE UNIVERSITY OF TEXAS at that time & had to leave the next day, & we were more or less left there on our own, not really knowing what to do. Although we made a feeble attempt to read the Bible, it wasn't long before we fell back into our old drug habits, for the next amonths things went from bad to worse. I became more involved in big-time dealing, which was a real trap. I became less & less interested in school, though I remained enrolled in the university to keep myself out of the draft.

ABOUT 9 MONTHS LATER. I SUDDEMLY HAD A TOTAL REALISATION of where my life was really at, & it was almost like the Lord just suddenly opened my eyes & I saw the complete mess that I was in, how false my friends were, how messed up I was with drugs & how I was messing everybody else up with my life. This sudden swakening & realisation caused me to do some very redical things at the time, & I became a changed person, searching desperately for an answer.

I MOULD GO FOR LONG WALKS OR DRIVES ALONE & had some very deep spiritual experiences. It was on one such walk or trip that I had an actual vision of a man on a white horse, which was followed by a vision of the stars in the sky falling Allof them were fleeing, & it

was during the same time that I actually saw angels or spirits on many occasions. NOT LONG ATTER THIS, the Lord really began to deal country I was visiting a church early one morning in desperation looking for the truth. The local preacher thought I was weird a called the police 6 had me, jailed. They searched the car that I was driving and found some drugs, 2 so they detained me even further.

THEY TREATED HE RUDELY, 6 then I unvisely acted rebellious they decided to lock me in solitary confinement for about 10 days, after which some of my friends got me out. The Lord really used it as a shock treatment to wake me up to where I was at: When I was released on bail, I was told that I would be given a court date 6 be tried for the possession of the drugs in the car.

SOON ATTER THIS I RITURNED I TO GAINVILLE 6 ENOPFED OUT OF COLLEGE, 6 began a real attempt to read my Bible. It was also a very heartbreaking time for me, as the girl I was living with decided to leave me, It moved me to tears, almost day 8 night, for quite some time. It drove me to the Lord 5 brought me much closer to Him 6 helped me to have such a close relationship to Him thru it that I hadn't even thought possible, 6 thru the Bible the Lord really began to comfor my heart almost daily with the healing power of His Word.

MAS TO GO TO COURT, I ran into a couple from the Family to me about form ye reaking all 6 dropping out. I was very convinced that they were right, but very, very set in my ways that I iddin't want to do it. THE FOLLOWING DAY I WENT THE FOL

just could hardly bare the fact of waiting another year for something that I felt I had already waited my whole life for. But I knew my father was serious, so I prepared my heart to wait I more year.

**MELL LOOKING BACK NOW, the Lord really used that year to break me even more. It was a real fight a lot of the time. Only His Word kept me going.

**DURING THE HIDDLE OF THIS YEAR HADDLE OF THIS YEAR While at a rock concert, one of my girlfriends started saying how she couldn't feel her hands & other parts of her body. At the time we all thought it was probably just from all the drugs she had done, but the next day we received a call from her mother who said that she was in the hospital & was seriously ill. She had a brain tumour & died within two days.

THIS MAS SUCH A SHOCK TO ALL OF US, & I knew the Lord was trying to speak to me thru this. I felt that He was telling me to witness. Even though I was growing closer to Him, I hadn't begun to share with others His love. Here was a girl that I loved so much, & now she was gone & I never shared with her the truth the Lord had shown me.

**INOW ONLY HAD A TEW MORE MONTHS BEFORE I WAS TO TURN 18. While out one evening I met a boy about 23 years old & his name was Rick. I had had boyfriends before, but had always kept my distance emotionally—I guess with Rick I fell intensely in love & somehow had this perfect peace knowing that he was different, & I did not have the fear of being hurt anymore. This was a very unusual relationship, as from start to finish it only lasted two weeks.

**DURING THE TIME I SHARED WITH HIM EVERTHING THAT I WANTED TO DO FOR THE LORD.

He never said much, but somehow I just knew that he really understood & felt the same. He had been doing hard drugs when we first met, but after sharing together he decided to stop. TWO WEEKS PAST & THE PRIENDSHIP MAS GROWING MORE BEAUTIFUL EVENDAY. But one evening his friend tried very hard to convince Rick to do some drugs with him. Rick said no, but his friend finally talked him into it. It turned out that whatever it was that they gave him was not what it was supposed to be but was some type of poison.

RICK WENT INTO CONVULSIONS IMMEDIATELY, & they rushed him to the hospital. His heart had already stopped beating when they arrived, but the doctors put him on a machine to make his heart beat again. His mother called me in the morning & asked me to come to the hospital. Almost the entire night I had been crying, but I didn't know why; it was a feeling that overcame me. Then, arriving at the hospital I realised the reason why I had cried all night.

ON THE THERD DAY THE DOCTORS TOLD IS THAT THERE DAY THE DOCTORS TOLD IS THAT THERE MAS NOT HOPE, so they turned off the machine. I was hurt, broken 6 sad, but I knew even more than ever that God was calling me to do something for Him, to give my life in His service. When leaving the funeral, his mother said to me: "Please don't let Rick's death be for nothing. Please do what you told me you were going to do. Please serve the Lord 6 share with others all the lessons you've learned from this!"

MELL UNTIL I TURNED 18 I MITNESSED TO ALL I KNEW about all the Lord had done in my life 8 about the new life I was going to live. Then my mom drove me to Miami, 5 hours away, 6 I joined the Family there. THAT MAS 8 YEARS AGO. 5 THANKS TO THE LORD, His word 6 His Family, I'm still in this wonderful Family serving Him! It has been more beautiful than words could ever say 8 more fulfilling than I could have dreamed possible!

I'M JUST SO THANKFUL NOW THAT I CAN BE USEFUL, TO HIM I TO OTHERS. I'm now working in Greece with our International Music with Meaning Show. I don't sing or play the guitar, but I help with the children 6 just try to be a blessing where needed. I'm so happy in service to Him 8 know there is no place to be than here with this wonderful Family. I just pray that I can do my part in whatever way to help others know 6 feel the same love that the Lord has given 6 shown to me! I love you!

--Endureth.

THERE I MET AN IRISH MUSICIAN who had a real confidence that God 6 His message in the Bible were the only thing which could help us change the world. Those few months left an unforgetable mark in my heart, & although I had to return to complete my teaching course, we continued to correspond & discuss our respective faiths.

MOPING TO PROVE THE BIBLE TO BE IALSE, I started for the first time in my life to read the New Testament. Never did a book have such a powerful effect on me!—I couldn't believe its contents; it preached such beautiful ethics, but it troubled me!

WITH MY NEW DIGREE, I took a job as a French assistant teacher in Scotland & was for the first time confronted with teenagers searching for answers about life, & I had no answers to their real questions.

AT THAT POINT MY IRISH FIEDN THE PRINTED WHO I dearly loved had a real experience of meeting the Lord personally & decided to forsake all to follow Jesus & preach the Gospel. He first travelled all the way to Aberdeen in the north of Scotland to share with me this new experience of faith.

I COULD SEL HE WAS A CHANGED CREATURE—He had some sort of power & strength & light that I had not seen before in him, and although I could not accept it, I knew that he was now determined to serve Him with or without me. As I refused it completely, he left me with these 2 scriptures to remember, John 3:16 & Rev. 3:20, so I too could personally put God to the test to see whether His promises were true or not.

I WENT OVER ALL MY GREAT IDEAS, but this message of Christ was something so different, it had to be

Marianne boldly holding forth the Words of life.

Marianne boldly holding forth the Words of life. received by faith, enough to give Him a chance once. So I decided to "test God", & I said the first prayer of my life, telling God that if Rev. 3:20 was true, I was asking Jesus to come in the was real & really there. And sure enough, something within was definitely not the same, & many of God's little miracles started to happen each time my faith quivered. EVEN THE MORD WHICH HAD SEEMED SO CLOSED TO ME NOW STARTED TO TAKE LIFE & MCAMING! An inner peace & confidence began to grow in me! It was the beginning of a brand new life which became more exciting each day, with new meaning and purpose. I started to see God's beautiful design for my life; at last I had found the Truth thru Jesus, His Son, & I cared for nothing but to grow in His love & share it with others.

IT MAS IN 1972. ONLY A TEM HONTHS ATTER I OPENDD MY HEART TO JESUS, that I found His place of service for me. As I was visiting my Irish friend in Dublin & we were asking the Lord what we should do with our lives, we met this heautiful I Family of Love, which I joined on my birthday & have never left since.

They had such gentleness, inner peace & harmony among themselves, yet real boldness & authority of the Spirit that I had never sen in any church or group, & their love for God & His Word, their beautiful and powerful music & dedication to reach the world with Jesus' love, won me in spite of my reservations:

II HAS BEEN NINE YEARS
NOW, & I've been able to preach the Coapel in my own country & several other countries of Europe, living the most thrilling & exciting life I could ever have dreamt of. He's given me an inner satisfaction to know that you have something, real & solid & eternal to give to others. And to top it all, He gave me a wonderful sweet companion to live with & even a scon-to-be-born little life to care forful sweet companion to live with & even a scon-to-be-born little life to care forful sweet companion to live with & even a scon-to-be-born little life to care forful sweet companion to live with & even a scon-to-be-born little life to care forful sweet companion to live with & even a scon-to-be-born little life to care forful sweet companion to live with & even a scon-to-be-born little life to care forful sweet companion to live with & even a scon-to-be-born little life to care forful sweet companion to live with & even a scon-to-be-born little life to care forful sweet companion to live with & even a scon-to-be-born little life like a gigan-tic occan breaker...with the Gospell' PTL!

IN CLOSING, I WANT TO ES-PECIALY THANK OUR PRECIOUS SHEPHERD & SHEPHERDESS. Father David & Marija, for all they have done for methru their letters of life & love, those Words that work wonders to the world. Without them I would have never found such a thrilling life of service to desus!

THEIR CONSTANT LOVE, GUID-ANCE, ENCOURAGEMENT, FAITH-FUL TEACHING & WONDERFUL FAITH have been such a sample with the sample of the for love, happiness & fulfillment they have taught me!

UP TO THE HOMENT THAT I STEPPED ON THE PLANE, I had been studying music & composition, but I wanted to live & speak with music—the language of this generation—not just study it. But one essential ingredient was missing: I didn't know what I wanted to live for—so why was I playing music? had a hunger in my soul for
something more. By the time
I was in high school, I felt
quite a loner. I despised
more & more the little games
my peers were playing, the
values they had set for themselves. Most of them seemed
so shallow trying to be the
most "popular", or the best
dressed, or the most handsome or the best athlete.
ON THE OTHER HAND I DID
NOT FIT IN MITH THE INTELLECTUALS EITHER, By the time
I was a senior I just hated
books & philosophy & all
these men talking about this

hlah! I didn't see it! I was
Friendly & active & made a
lot of "friends" but knew
deep inside that there was
mot even one who I could
really be close to.

I TOOK A 2-MER BACKFACKING TRYP INTO THE HIDERNESS

deep inside that there was not even one who I could really be close to.

I TOOK A 2-WEEK BACKPACK-ING TRIP INTO THE MILDERNESS with a few people, & then, alone on a mountain, I remember crying out to God, that if He was real, if He did exist, to please let me know Him & please help me learn to be close to people, At that time I didn't even realise that He was going to answer:

THO MONTHS BEFORE FINISHING HIGH SCHOOL, I met some ex-hippies who spoke to me about Jesus, I saw so much love in them & openness, I was really attracted to them. At first their message puzzled me—"Isn't this the same old story I've heard every Sunday?"—Just that thought made something inside me want to fight & reject what they were saying.

ATTER A FEM TIMES OF VISITING THEM, their love just kept getting thru to me, & I prayed with them to receive Jesus. I opened the

door of my heart to Him & asked Him to come into my life personally.

THAT NIGHT I WENT HOME & OPENED A BIBLE, which as a Catholic I had never really read before. I opened to Matthew & started reading & couldn't stop. It was so alive & the words were speaking right to me. I had a burning in my heart that I had to live them.

I'D WALK AROUND THE HOUSE SAYING, "Look Mom, look what Jesus said!"-Just because I was so excited! I guess they thought I had flipped out, & it created quite a stir & a bit of tension! My sister wouldn't even come into the same room with me any more. The best thing I could do to follow Jesus was to go live with these people, Being 17 years old, I asked for written permission, & my mother consented.

I MAS SO THRILLED TO MOYE INTO THEIR COMMUNE, & to help

ship to university that I had been awarded for my .voice.

ATTER A FEW MONTHS LIVING THERE, I sensed something wasn't right, almost like the Lord was angry in a way, so I got very desperate for the Lord to show me what to do next & fasted for a week. At the end of that week I received a phone call from a couple whom I respected very much. They were going to try & open a witnessing outreach in the university town of Gainsville, Florida. They asked if I could come: "Yes, of course."

I WENT HOME TO TELL HY PARENTS THAT I MOULD BE LEAVING THE AREA to witness for Jesus. Their attitude was a bit anxious to see what would become of me, but they didn't want to interfere with my decision. God bless my father who did

not want me to hitch-hike but bought me a plane tic-ket! The Lord provided even though I hadn't thought of how I was going to get there. GOING TO FLORIDA FOR HE WAS LIKE LEAVING EVERYTHING. I knew there was no turning back & I had a lot to learn being in a totally new place for the first time in my life. For 3 months we tried very hard to get a little Jesus commune going. Only 2 souls joined us, & things were going very slowly.

AT ONE POINT EVERYTHING CAME TO A STANDSTILL & seemed so stale. Once again I got desperate. I saw no path ahead of me, & I could not go backwards. After weeks of this feeling of not knowing how to follow the Lord, by a miracle we met some of the Family of Love. They had so much love & Spirit, & they showed me so much about the Bible. Two days later I went with them to Atlanta & have been with them ever since!

THANK GOD FOR THE WORDS OF A LOVING SHEPHERD who keeps leading us onward to follow Jesus closer & closer. Without him I'd still be like the little sheep lost in the wilderness not knowing which way to go. Thank God for His voice for today, a light for this generation.

TJUST WANT TO ADD THAT SINCE I'VE BEEN IN THE TAMILY I've been singing more than I ever would have, & in more places around the World than I ever would have if I had accepted the offer to train my voice for 't years of opena. Ma!

ASIO, MY PARENTS HAVE VISITED RE & my husband & our 3 small children, & they just love them & are so thankful for what the Lord has done in my life! GBY! ILVI! APPLICATE.

Dear Ones,

I love you very much and am so sorry to be writing yet another to letter saying "I'm sorry". I have really been making so many misting akes recently, and for this I am very ashamed. I can only ask for you and the Lord to show mercy and forgiveness and put up with me a little longer and give me another chance to do better. -6-3/!

I'm very sorry about the serious situation that has arisen with the visas, and it is truly now going to take a miracle of God if we can now at this stage get visas for so many people. I know the Lord can do it, but I pray desperately that He wants to do it and is merciful and allows our ministry to continus. I realise now that the root of my problem has been in lack of respect of you and Maria, and P & M, and not really submitting myself 100% to your council and leadership, especially with P & M. I have wanted to try and do a let of things in my own way and on my own and have resisted in the spirit the idea of being completely 'wired-up' as the Lord's robot. I guess that I havn't been willing to completely submit my will to yours and Maria's. To be honest I think I actually even resented that Letter "The Robot", and the idea of having no will of ones own and the idea of having no will of ones own and the idea of having no will of ones own yi ideas have been running so hayvire recently, because I have not been 'bringing into captivity every thought to the obedience of Christi So LMM....and please pray for me that the Lord will help me to truly surrender all and become the obedient servant that He wants me to be. — Amenda.

Delieve it or not, these news-reprints in the latest Wag have helped me more than anything else to see how much more we should be willing to be wired-up to the Lord and Mis central control-room... the ones about turning men into machines. It is a perfect parallel of how we should be robots for the Lord, exactly like you saw in that amazing dream of 'The Helmet'. Even the devil's final great plan for control and domination of man is nothing more than a cheap imitation of how God controls us. Another reprint that made a deep impression on me was the article about the housewife who the great masters use a channel through with to write new works! - especially the fact that they chose her because she didn't know so much about music, and so would write down exactly what they dictated to her without her making any additions, embellishments or 'improvements' of her own. - Areas.

So truly I realise that He must increase and I must decrease...or preferably even dissapear altogether, if He is to continue to use me. I am very sorry that I have fallen short in so many areas and

♥ Dear P & M, Jeremy, Michael, Windy & All, ♥

Loves the Little Children, We've Comm This for By Feith).

I've worked with Feithy, Windy, & Joan, and they all have a wide range both high & low. Yet in our recording, we tend to emphesize the lower range This & more appropriate for intimate, personal singing for aurage (ase Windy wes doing on the Communion tape). But when you get in a big room with the Family & children, it suddenly seems harder to reach these low notes. Some of the songe are quite loveys, in fact, end it wouldn't hurt to pitch than a little higher where you can really "lift up your voice"!

I sang with church choirs and in choral groups for severel years, and I think if you'll note the range of meladies in hybrals & sangbooks, you'l) find it relatively high compared to our choice of keys. I know it's a new day, we have a new style of music and we'rs not opers singsrap but still we should take note of the range of the family sturkids, I think, as we'll these enong down on tape to be the family standard.

I've been noticing for a few years that when gitle take children out

put these songs down on taps to be the family standard.

I've been noticing for a few years that when girls take children out singing, or lesd inspiration, the children elmost slways and up singing or resching for the next octave higher. Whereas with male leaders, it seems to flow better. (I'm speaking of outside NWM which has alreedy reckoned with this problee.) This is because men just sing nexturally shout an octave lower than children—thatis, the same note on octave lower. Durgirls can sing in the skaci range of the children, but they tend to not went to sing so high, maybe for fear of sounding operatic or churchy.

(I think in the family we may have obliged our girls to sing low, slass because most of the songs have been written by young males, who sing pretty high, as was the folk-rock tradition. If the girls tried to sing these on octave higher, they'd restly be "waiting"; so in general, they've had to switch back i forth, often singing the same note as the boys. Examples: Thank the Lord for the food(chorus), How Long You Seen Waiting in "G"(verse

Thenk God the family music has been written a developed free-style and not owerseen by some church music council; But if we're now re-doing some of the well-known choruses, here's a chonce to put them in keys avery body can sing.

Maybe somebody who reads music, like Windy, could just check the high set lowest notes of each song, and try to fit them in that C to C range.

Maybe somebody who reads music, like Windy, could just check the high set lowest notes of each song, and try to fit them in that C to C range. Some of the songe have arone of up to an octave and a fifth; but I'd suggest you try to make your limits A below middle C to R near some should probably be put right in the middle C. Or if a girl is to record the númber and wants to sing it a little lower, please find a guitar key <u>without</u> a <u>rapo</u>, so that we can suggest to make it <u>un</u> with a capo in the songbook, without ending up on the 4th-?th frat-hel

you could try it out emonget yourselves in group singing.

If for some reason, the Communion tape was to be redons, for instance, here's the keys 1'd suggest for united singing of the songs: $[=G-1(G^p)]^m$ means "played in § with capo on let fret, actually G^p ."

If only males were singing, these could go even higher; these suggestions are kind of a compromise so,the girls don't go too high, baye don't go too low, and children neither too high nor low.

If I may make 2 other comments, in all respect, on the "M&M Favorits Choruses" tens (in cass it's not finel): Is that 4/4 rhythm on "God Will Toke Care of You" the way that MAM ming it?--1 graw up hearing a sort of more requiser waltz ryhthm on it. In "Sing The Clouda Away", the 2nd chord I doesn't assem to fit with the melody notes each time--is it possibly a mistake?

I wasn't maked for my comments; theme are just a few technical things. The tapes moved as to tests, anyway! I love you all i we all miss you! KGFG!

Much love comments, in Jesus and David,

answer. When I proposed to
my wife that we leave
everything 6 start over,
we ended up separating. We
had no children because she
didn't want any 6 had convinced me that I couldn't

I WENT BACK TO ROHE 6

mappening in my life, I
passed days & days virtually
alone.

ONE EVENING I WAS SITTING
ALONE. IN A BAR & ran into
an old acquaintance who
asked me what I was doing
& said I was crazy to have
stopped being a musician.
A few days later he introduced me to one of the most
famous producers in Italy
who knew of me from before
when I had the band.

THEN THE COMPANY THAT
THIS PRODUCER WORKED FOR
OFFERED US A CONTRACT. &
I left my job & began to
work as a musician again.
Then the producer proposed
that we work as a small
group of producers together
with him. The company gave
us the new singers that it
wanted to push, & our job
was to write songs for
them, teach them to sing,
etc. Some became successes,
others were thrown out.
Gradually it became more &
more for money--a job. One

thing I lacked was contact with the public, so I began to also play in a piano bar. IT SEMEND THAT ALL MY SEARCHING FOR TRUTH was about to be thrown away for money. So, after 5 or 6 years, 6 many more experiences, I found myself at the same point of decision: Did. I want that sort of success made of lies 6 music that I didn't like?

IN THAT PERIOD I OTTEN felt an incredible nostalgia 6 often found myself crying. One night I made a strange sort of prayer. I had a strange feeling that I was using this life 6 that there was something that I was using this life 6 that there was something that I was missing, something very evident that I wasn't seeing.

I LOOKED UP TO HEAVEN 5 SAID. "Please, if there is something there, whatever it is, come get me, I'm tired." The next day, I was playing in the club, 6 one of the girls in the crowd came up to me 6 said that she liked the way I fam. There was something in her eyes, something different-big, clean, pure eyes, a beautiful smile. I felt I had always known her.

I FELT THAT I HASN'T IN LOYE but that my life had changed just from looking in her eyes. Two days later she came back with some friends & I felt fantastic, as if I had always known her.

I FELT THAT I HASN'T IN LOYE but that my life had changed just from looking in her eyes. Two days later she came back with some friends & I felt fantastic, as if I had always known then. For the first time in my life I felt together with other people around me. They didn't criticise or study me. They were just happy to be together, I danced together with the girl, & although she then left town for awhile, I continued seeing the others.

ONE OI THEM MONE IM MY CAR, & during the conversation I asked them if they believed in God. They said, "Of course", E they told me that "God is love"! In that moment it was as if

everything I had been thru in life had served to bring me to that moment. I felt a strange sensation of a spiritual presence that I had never felt before.

THEY BEGAN TO TALK TO ME ADOUT JESUS AND HOW HE CHANCED THEIR LIVES, 6 I wondered how Jesus could change mine. Then they said that I could have Jesus in my heart in that moment if I simply prayed with them to ask Him to come in, that I could have my life completely changed 5 have the miraculous power of the Spirit that would belp me to love & understand & inspire others. So I prayed to receive Jesus & His Holy. Spirit.

IN A MOMENT THERE WAS NO LONGER CHNCISH, hate, rancour, criticism, leadous, & there were these two friends looking at me & I felt good for the first time in years.

ATTER A FEW DAYS I FELT THAT I HAD TO LEAVE ALL THE OLD LIFE I WAS LEADING. I felt that if I could only do the slightest thing to belp people understand how important it is to live a simpler life of love, that my life would have a reason. That was the most beautiful thing that I could say in music. Good offered in that moment the possibility in music.

THEN WE MENT TO OUR PRESENT LAWYER. K., On February 19th, who was actually the 1st lawyer we contacted, but he had to 190 out of town the 1st day so we got involved with the other lawyers. He was a man we had met out singing previously, a once before he had offered his services free of charge for an HMM family needing legal adoption. He was the 1st one to open to us so much more information about the case, a offered to do the case at a very minimal expense, a not receiving any cash until he had rendered much, much service to us, a took the time to explain the law to us in detail, He explained how Angelo could be set free in 40 days if the extradition papers from Italy had not arrived by then, a at the same time warned us that the papers usually do arrive at the very last 1-2 days. So he advised us to prepare as if the papers were arriving - saying, "Expect the best but prepare for the morst," And sure enough the papers did arrive March 19th—the day Angelo could have been legally set free.

IN THE MEANIME. Sarah & Abel went to

set free.

IN THE MEANTIME, Sarah & Abel went to visit the Minister of Justice, & were finally granted a personal interview with him on the 22nd of February - a real miracle! He is the one man who can stop the extradition process, even if the courts decide to send Amgelo back. Sod

only knows the effect our meeting had on him. We pray he felt our sincerity A desperation, as he is a man who has also suffered at the hunts of the System his fight against the Junta in bringing Socialism to Greece. Abel & Rose also visited the Embassy of our friends down South, who treated us very well with long meeting is with their two top men. They onhed & ashe i over our political lit - even saying, 'Jod will have to help you because of the righteouness of your cause," and who promised us to stop the extradition, & to help us finantially, etc. They did visit the prison for us to try to obtain favours for Angelo, but it seems like they were scared out when the prison officials warned them not to get involved with this Italian Case, Perhaps they were even persuaded by the lies of the enemy in the charges against Angelo. In times like this we felt like David of old when he said, "There was none to help...no man to help." (Psalm 22:11). But we knew we had the Lord, who is a very present help in trouble, & the prayers of our world-wide Family! TYJ! And we had received many times, "God is not limited by many or by few" - also one of the lst verses Dad got for the situation & passed on to us.

NHILE ALL THIS WAS GOING ON ME WERE YISI-ING ANGELO three days a week for a period

or by rew - also one of the situation & passed on to us.

MHILE ALL THIS MAS GOING ON ME WERE VISITING ANGELO three days a week for a period of 15 minutes each visit, in a noisy room across a table. And we were very fortunate to have this, as most foreign prisoners can only talk from behind a dark screen, The director of the prison granted us this special privilege. & even permitted me (Abel) to go in, as I said I was part of Sarah's family. Na: - "As deceivers yet true"(2Cor. 6:8).

THE FIRST FEM HEEKS were very hard for Angelo & we were only bringing him in photocopied letters & smuggling small amounts of the Word in, bit by bit.

Eventually we started bringing in greater amounts of the Word a even whole books. & the Comis in many languages to fatten Angelo's flourishing flock behind bars. We didn't put it in the normal way for printed material to pass through, as most publications have to go through censorship. But we just passed it in open, in his food bag as if it were nothing, & it seemed like the more openly we did it the easter it was to get away with. We were sending him amazing accepts of lite, all the new Mags. Ocsters.

(See Angelo's Catacomb Church Story, taken from his personal letters.)

"GOD IS HITH OUR ADVOCATES" (128:3).

Ouring this time period also, our lawyer K. (who is also a musician a poet himself) was being drawn closer to the bosom of David as we fed him with MAME tapes a with the Letters, which he wanted to study to prove that the charges just stemmed from religious a political persecution. This is the only ground in Greek law that can stop the request of another Government for extradition. It seemed that our lawyer had such a hunger to study these Letters, it became quite obvious that he wanted to read them for more reasons than just to prepare for the case. He was becoming a convert! Saying such things as, "They just want to wipe small groups like you off the face of the earth" and that "If you guys are a prostitution ring; so are all the judges a lawyers", adding that, "I guess that makes me part of your prostitution ring;" He also seemed to like very much the Letters he read on Ffing, & as he is divorced himself, he no doubt found great comfort in such Letters as "Infidelity" a our liberal views on love after experiencing the legalism of the rigid Orthodox laws in his own life. So please pray for him, "God is with our advocates. He makes them 10 stories tall!" In hy are become as the mighty men of David. They cannot lose. "(128:3)

She asked, "Is he Angelo?" AFTER THESE DARK NIGHTS CAME ANOTHER DANN, as Paul & Marianne's prayer request with Dad's comments was published in the FN which we received along with a big card & photos & notes from our dear MMMI Family! the also received beautiful letters of encouragement from Pad & Maria's own personal staff, & the crowning blessing was 2 hours of tapes of comforting scriptures on "Power in Persecution" read by our Queen Maria! — with a beautiful dedication to Angelo & our precious brother in Korea, Don, who has been tortured for his faith. All of this was truly like "angels ministering unto him" after his 40 days of tempatation in the wilderness; GBY all: "We belong to the greatest family in the world, the Family of God's Love, with the truest & most loving brothers & sisters in the whole world, who will help you, do anything for you, even die for you, give their lives for you, their bodies & what-comment especially encouraged him & really comment especially encouraged him & really

Ist trial, & he was moved to tears.

AS WE WAITED FOR THE TRIAL, the next 16 days were very hard as the trial was continually being postponed. When we saw Angelo. sometimes we lifted him up with news of the Family or testimonies of our friends who said they would stand up for us in court - and other times, when we had nothing & arrived tired after a hard day's work & a long 42 kilometer drive through city traffic, Angelo would have a heavy testimony which would lift us up - Praise His Name; He never fails; APRIL 7th - THE TRIAL AFTEP 56 nave Im

have a heavy testimony which would lift us up - Praise His Name; He never fails; APRIL 7th - THE IRIAL, AFTER 56 CAYS IN PRISON, And we were ready and prepared. We had a line of witnesses to testify on behalf of Angelo, more than any other court trial had seen recently, including prominant personalities of the Athens area. The prosecuting attorney was expecting to win this trial assily as usually extradition cases do not bring up too much opposition, as foreigners usually don't have that many friends to stand up for them in a foreign land. So the "devil's advocate" did his dirty work, & after 5 minutes, when the trial was in process, seeing our offensive and how our lawyer had done his homework, the prosecuter postponed the trial till 2 days later - April 9th, the Good Friday of the Roman Catholic world, when they commemorate the death of Jesus, & our own Angelo would be on trial once again.

APRIL 8th - THE ENEMY'S DIRTY WORK:
The story of Angelo's charges hit the headlines, One headline read "The your know-who are pinns", as one of the charges was "misusing women". We had tried to stay out of the papers before-hand, the church with the papers before-hand, the church too 3 we would have no chance in court. One paper had wanted to do what they said would be a favourable article on us before,

but we had declined as this paper was known days' papers, & "the Gospel was spread for its bad reputation & had done bad articles on the Family in the past. So the papers and wanted interviews from us during the prosecuting attorney to publish. The papers had wanted interviews from us during that Ist trail. April 7th, but we had refused to give it to them - contrary to what Dad advised in (3188 - Local Pubs). To sock it to them with interviews. "But when it comes to God's business of preaching & showing the truth & answering the devil's lies with your own innocent, happy, smiling faces in the power of God's Spirit that comes clearly shining through to all who see, those lawyers know little bit native thinking we could keep it out of the papers by not saying anything. So went to the press that night. Athen's largest paper, to try to refute the lies. Inside they were preparing to publish against us, & they only twisted our words, quoted Comix out of context, etc. In an even worse article a few days lar. "Every day they wrest my words: all their thoughts are against me for evil" (Psalm Sci5) but (John Si19) "And we know that we are of God, and the whole world lieth in wickedness". Lord protect us, Thursday they did give Angelo's the time message. Though once again the news misquoted many things that were said, they did give Angelo's testimony of for-saking all, including his big money-making job to follow lesus, & also the message of the coming war, So these articles were not as bad as the lst ones as they at less contained some of the ruth along with beautiful, smiling photos of Angelo & didn't believe the ememies' lies at all. One lady ran up to us & emotionated that it's a sin that Angelo's in Jail. Our provisioning contacts at the missage of a didn't believe the ememies' lies at all. scared out some of our most prominent witnesses from appearing at Friday's trial, APRIL 9th - THE TRIAL - Only 3 of us were permitted to testify in the trial, Sarah, Abel 8 our Greek doctor, along with Angelo too. Though other witnesses did come: Trust's aunt, who came to testify that Trust's aunt, who came to testify that all of the people in our little village love Angelo & all of us we've never done anything wrong here; S., boutique owner & TRier; & J., catacomber from an influential family. The lawyer also had a long list of the discrepancies in the charges, & even how certain ones contradict each other, & yet the conservative S-man jury's minds were made up & they didn't went to be confused with the facts. Angelo also gave a beautiful testimony saying that he knew he was there to be a witness for Jesus & he was proud to stand up for the truth, (We'll be sending in a full transcript of our witness in court soon!)

AS WE ARE MRITING THIS, we are preparing for the Supreme Court trial, So please pray for our dear brother Angelo, who has been such a shining example to all of us through this ordeal. He just returned from visiting him today, his 70th day in prison, as he awaits the Supreme Court Trial. At all times he's so sweet and humble, often smiling, sometimes laughing as we fill him in with the latest news, always concerned whether we are 0K, and about our safety t welfare. He's always 'sharing faith-building testimonies of lives being changed in prison, encouraging us (and convicting us) to write to these brethren in bonds. He has truly turned his weight to wings a has made his cross into a cross of love, pouring out His Love in präyer for the lost, the Lord has truly made him "fruitful in the land of his

affliction" (Genesis 4]:52).
A lot of times we didn't understand what was happening & we didn't see all the answers, but we learned through all this backen us up to realize the heavy this to keep our eyes on Him, & as it says Him each day, as time is short; GBY; MLY!

Angelo's Letter to the Family after 41 days Dear P & M, Simon & all, in prison!

Dear P & H, Simon & all,

GBY: ILY & need & miss you so so much, PTL, 41 days of prison, Sunday 21/3, 1 felt such a need to write & share some of the things that are on my heart & things that the Lord is doing here.

First of all I want to ask you to forgive me for not having written sooner. This lact on ye pert certainly wasn't due to a lack of love because I love you all so much, but was due to thinking I was going to get out sooner. PTL, His ways are not our ways! I know that He is doing His will with all this situation & one day we will understand. He is certainly changing my life (& Sarah's GGH). The encouragements that the Lord constantly gives me are innumerable & wonderful & sometimes even snocking & many make me feel quite unworthy.

I received a note of encouragement from Dad saying that perhaps this situation will help to win back Emanuele and maybe Rachel, DV. As you can inagine, my greatest desire would be to get out of here right away & run to you with my family & often this desire is so strong that my heart seems to burst. I think of you often with so much love & notalgle & this forced separation is bringing to light my true feelings for each one of you. A few days ago, while I was praying for you, my heart broke thinking of how good tile tod has been with me, giving me the chance to be part of Loveville and, DV, Shangri-la. But also my heart was broken at the thought of how much more I could have done to be closer to each one of you and show more of the love that He has given us for one another, I want to ask forgiveness from each one of you for this lack & i'm praying that the Lord will give me the chance to love & work with you again.

Being here certainly makes me appreciate more what we have in the Family - that is towe-

Being here certainly makes me approciate more what we have in the Family - that is tove - His Love. If only the world could have this love, places like this wouldn't exist. The most terrible thing about this place is the waste of human lives. There are hundreds of young people with sentences of more than 5-10 years just because they made some error in their life. This is the hospital at the foot of the cliff that could have been avoided if there had been a fence at the top; These are human beings who are not part of this society but who are not yet dropped out. These are human beings who are not part of this society but who are not yet dropped out. These are people who we are used to seeing in the healines of the papers & which society calls "criminals" - but seen from within here they are lost sneep with no shepherd.

sheep with no shepherd.

One day I was praying & I began to cry at the thought of my beloved children & at the thought of Sarah & all of you. Crying & praying to the Lord to free me - and He asked me: "Oo you miss the Family?" and I answered, "Of course, Lord, You know I miss them all." And He said, "Do you miss your wife?" And weeping all the more I answered, "Lord, You know how much I miss her." He asked, "Oo you miss your cifldren?" and at this point I was desperate & I answered, "Lord, You know how much my heart is broken for the nostalgis I have for my dear ones & that I can't even think of my children without crying. You know how much I suffer for the lack of them, and He said: "Now you know how much I suffer for the lack of you dear ones to shape, here I was crying like a child for my own dear ones & all around me were hundreds of people for whom He had given His life & who are lost, At that moment I fell so small & miserable. The Lord has given me so much in love, affection, Family, work, talents, guidance & protection and uncountable things & I was not even thinking of Him & how He feels for us & for His lost sheep.

This, here inside, is such a clear reflection on the outside world. These are the fruits of the devil's handiwork. For many of them it's too late, but I feel that I must push a try to witness more at any cost. If any of you have experiences from prison you know hand late is to witness in here. At first, I thought that since everyone here is so said and desperate they would receive the message with open arms. But here there are both big and small criminais. There's the "Columbian Band" who held up 22 jewelers in one week. Every type of drug pusher, thief,

vision gave me was one of joy and praise to the Lord, so I will continue to describe it, lord forgive me for my lack of disceriment. So, as I was watching Rachel knealing at the last stair at the top of this long staircase, she was looking above, towards the heavens, meiting with her hands held as if waiting to receive something. Her expression was as sweet and sad and it was beautiful. Suddenly I saw two hands come out of heaven held in a cup as if they were holding something. The hands stopped above the head of Rachel and opened, letting meter that had reflections of gold fall. The meter came down very slowly in continuation, like a fountain, but it was the hands that poured it. The water came down on Rachel's lead and them flowed down Her lung hair and her body and everything began to scintillate with golden reflections. Then this water ran down the staircase and kneeling on the stairs were many children, a real crowd that filled the whole taircase. The meter flowed noto them making item glow with reflections of gold. I recognized many of them as our dear beloved brothers and sisters in the Lord, imprisoned in the system, when I asked the Lord what the water was I received the song from HCV that says (I actually heard the song), "It's the elixir of love, it's the elixir of love, that changas averything that it touches", PIL, My heart began to break again at the remembrance of this. I advade the Lord to confirm what I was seeing and I received, "It is the queen of the prodigal sons". "She will give her life in double measure and will not love her own life anymons. PIL.
Thy Inis is the vision that I had and I wrote it down right away, I pray that it's from the Lord and that it will encourage you as it encouraged me, and if the Lord weats to use this apparence of mine in prison to bring some of these precious and leved brothers and sisters back, it certainly is worth it all and worth even more. I imagine how you and the lord must suffer for all uf us when we fall short and go so far away from well and the not b

"All Things Work Together for Good!"

31st March, 1982

God bless you! I love and need you so so much and it is simply fantastic to see the unity of our sweet Fumily. To know that so many people are praying for me and for this situation and to feel that you are praying for me, has filled my heart with new faith.

unity of our sweet Fumily. To know that so many people are praying for me and for this situation and to feel that you are praying for me, has filled my heart with new faith.

Thank you so much from the depth of my heart for all the love and core and concern. As you said, "All things work together for good" and the Lord is certainly fulfilling his purposes, especially in my life. The very fact that I am in this furced exil without my work, my guitar, my family, and without the pessibility of doing anything else but reading, praying and without saying less but reading, praying and without saying been so deef, since he certainly had warned me in the past that I should have paid more attention to him. Sometimes the devil attacks me so severly that I feel that my heart hurst me. So I rum immediately to the word a prayer lite of the past that I should have paid more attention to him. Sometimes the devil attacks we so severly that I feel that my heart hurst me. So I rum immediately to the word a prayer lite of so loving and faithful and helps me and frees me from everyone of these actacks, but often not before I have listened and understood what He wanted me to understand, so I know that he is letting me be tried to make me run to him for, help and that he is using this to show me, somethmes speak to me, sometimes teach me but always with infinite care, love and snercy. "For He knoweth our frame; He remembereth that we are dust." (Psim 103:14). TNJ:

I can't even begin to explain how much I am grateful for your love and understanding. I have rediscovered the Letters and the word of the lord in a new way - more alive. I've been witnessing in every possible way. 29 people have received desus in their heart up till now. There are constantly people who come to my cell to ask something or ask for some advice and I always ty to answer from the Word and to put their faith in the Hord, I have distributed letters and publications in Italian, Spanish, German, French & in English. I have also out too not he walls of my room our

embezzeler, but everyone declares themselves innocent so you can imagine how much you centalk to them about Jesus. They see you as one of them - a criminal - & since they are all arganizing new plans & gangs for when they get out, they think that you, when you talk so them of Jesus, are proposing some new kind of deal. But, PTL:

unyerizing new piems a gangs for when they get out, they think that you, when you talk so them of Jesus, are proposing some new kind of deal. But, PTL:

To make it clearer I'll give you some statistics & details. Here they call me "The Preach er" & my catacomb church is my "gang". Hany make fun of me but more of them respect me bacause they think I'm some kind of "mew style criminal" who has invented a new yof making money...Well I've become one! The catacomb church here is made up of 22 people (20 blacks, I brown, & I am the only white), two are thieves, one is an assasin & the others are drug pushers. Inree of them are really strong & the Spirit is really changing their lifa, One of them has written the Family in France to ask for more Letters and ments to join the Family as soon as he gets out. The one who is closest is Johny, a Regno from Ghene - drug pusher. He bought his farm with the proceeds from drugs & is quite rich in Ghana, He has 2 wives & children. He wants to forsake all to the family & serve the Lord full-time, He wants to buy time on the national radio in Ghana & spread the message for all his nation, GDH, He's lirge & reminds me a lot of Silas, He'll probably be out within this year.

Excuse me if this letter is so long, but I have such a desire to be with you that I could keep on writing all day, But I want to close with the prayer that I will see you all soon. You are all in my heart & my prayers. Thank you for all your love, prayers & help, Please prayar is deep in the lond, which is the only thing that will set them free, PRI: Lots & lots of love to everyone.

Letter to Dad & Maria!

Odd bless you. I love you and need you so so much and pray for you and for your health and as over wore grateful for you and all that you do for everyone of us. Precious loving parents in the Lord, a hundred times more loving than those we left, PIL, I felt the need to write this letter to shore some of the things that I received just now as I was praying.

the need to write this letter to share tome of the things that I received just now as I was praying.

You know how much I loved Rachel, and in these days the Lord, it seems, has been stirring up this love and I often may for her and for Enmanuele. So today also as I was praying I began to pray for her that the Lord would give her another chance and I felt that the Lord was listening to my prayer and I felt that he would give me some kind of answer in some way if I would ask for a promise. And right away I received isalah 54:7-8, For a small moment i have forsalen thee; but with great mercies will I gather thee. In a little wrath I mid My face from thee for a moment; but with everlasting kindness will I have mercy on thee, saith the Lord thy redement. PILI At that moment my heart broke a I began to cry and ask for pity for her and for all the prodigal sons, pray that Jesus would give the love to gather them again when they come back (as you said in the 1st 3 paragraphs of "Let Go And Let God", Mi 1091). I prayed that the Lord would help us to gather them dayin, not only as a family but also as a family of Love. As my wife has often resinded me in these days, in the verse of one of my songs I wrote with Peter Pioneer for the Miss Ham, Mo matter how much we must give to help one man live, MMS Mam creen how much we must give to help one man live, MMS Mam creen and are ceive these encouraging things. I began to have a vision, I saw Rachal kneeling at the last step of a long stair case that went up a high mountain. She was them the properties of the love that I have for Racilel, but I pray that it's a real answer from the Lord. I know that this not a vision that comes from my mind or from my heart, coming only from the love that I have for Racilel, but I pray that it's a real answer from the Lord. I know that this instont a vision lave her and Emanuele. And though I'm not very familiar with revelations of this sort, I felt that I must write to you. So if you think that thits is my imagination, please forgive me for l

that it dion't need to be interpreted. TYJ. And I also had the blessing of saeing your video on Revelation and my Bible is full of notes and the Lord is faithful to make it easy. Halleulah. TYJ. All this, of course, is made possible thanks to the help of Sarah and Abel. GBT, who go back and forth three times a week without fail always bringing new aterial. Now, after the visits, everyone comes to my cell because they know that here will be new publications. GBT. I would like, and I am uraying that all the family could do something for the poor people in prisons. The life that thay lead is incredible and many of them are really poor lust sheep without a shepherd and certainly if they had met love, real love, they would not be here. Many of them are potential disciples who have come to the end of thouselves and know that they have no hope. They just need an example and wist to as set of them are here for years without receiving any visits as they live so far from home and in many cases they have even been renounced a abandoned by their loved ones and relatives because of their bed reputation. I am beginning to pass on the names of some of them so that the family can begin to wrist to them, Good willing. They are very sensitive and sceptical and need genuine love, a sample and not just a sermon. They receive hundreds of semsons and are disjusted, Shortly we will have a prayer meeting because one of them will go to court tomorrow. I pray that the Lord gives them the possibility to try again. Unfortunately, many of them will probably be destroyed by the war. I pray that Jesus helps them. Please forgive me if this letter is so long and it could be longer because my lucart is full of gratitude and love for all the encouragement and sincere affection that you give me. I love you so much and pray for you all.

Faithfully, Your son in the Lord,

Angelo

P.5. Thank you so much for the beautiful letter. "The Word", that caused Such a change in my late. Boom: It hit the mark one more time, directly in my heart and I believe not only in my heart. I hope that it will cause the same effect in all those, who like me, have neglected the Nurd so much - God forgive us. I pray it will bring everyone back to the wall. I never realized how important the Mord is until I found myself in this situation, and now I can affirm that if I had not had the Mord i would have been "dead" literally, or ever worse, crazy. I don't even understand how I managed to survive till now with such little Word. God forgive me. Now I know that I can't live without it. Thank you fur your unending faithfulness in lovingly administering and furnishing this vital life line. I love you forever,

My dear sweet Honey.

I love you so so much, God bless and keep you forever with our precious children, In Jesus' Name. Amen' Praise the Lord. I am praying so much for you in these days & I know that the Lord will take care of everything in everyway, TYJ. I am so sorry to be so weak in front of you, Honey, You're so strong & the way in which you witnessed in court was fantastic, and so were Abel and P. and K., & I'm sure that we have delivered our souls in front of those judges and who knows what God will do with them & with all the people who will read the papers & the journalists themselves. I really believe this situation will change the course of the history of this nation. We gave the message. We said the truth. We exposed our life and that of our children. Now God must take care of the results. The results are not our job. I'm waiting for a miracle and I know that He will do it. He has never failed. In Jesus' Name. Honey, believe me, I have faith in Jesus' Sai I know that He is in control & that mothing will happen without His permission & if He permits that something happens, well PTL. It will be for His glory in Jesus' Name.

I don't know if it's just my weakness but I have such a pain in my heart, almost like a constantly. Sometimes it's such a deep suffering & I know that He is Lord is accomplishing His purpose with me & that this suffering is for a specific reason. I love you so so much and can only use broken men & women...no others will do" and it finishes saying, "Until you have been broken, humbled, & have come to the end of yourself & have nothing left but God, God can never use you as much as He would like. Did God make a mistake? or is all this necessary to make of you what you ought to be?" PTL. This is certainly what the Lord is doing with us (& with everyone).

You know, at the beginning of all

this I was afraid to talk about the promises the Lord was making to me but now I know that I must tell you because you are fighting at my side & I need to say the same things of John. Honey, the Lord told me, at the beginning of all of this, that He would make me a new vessel, more fit for His use. That He would make of me a new man & would give me a part to recite for Him with the power of His Spirit, (DM 224)

One day I was walking published.

of me a new man à would give me a part to recite for Him with the power of His Spirit. (DM 224)

One day I was walking outside, at the beginning of this, & the Lord attracted my look to an electric transformer at the top of a pole, a gigantic box that serves as the electric generator for the prison & said to me, "I want that you be 'like this generator & that you tell them fithe Words that I tell you." I was a little 'shocked and I said, "But Lord, I don't widerstand, I've never read anything in Your Word regarding generators". But boom:...the same day I read DM 75 & one part says, "If you totally yield yourself to the Lord in submission & humility, then He will empower you & fill you with the Spirit: - You then become a power-house, a generator of the Spirit of God:...for with God nothing shall be impossible, & all things are possible to him that believeth:...So "fear not the things which rise up against thee, for all the forces of the devil shall be as chaff which shall be blown away by the Spirit of God; For I am with the & none shall stand against the power I have given thee!" PIL. When I received this message about being a generator it was a cold cloudy day & at a certain point the clouds opened & a beautiful ray of sun illuminated the court yand right where I was a roll of the force of this prison & wheever will oppose it shall be as dust under my feet." Then the Lord said that Ahner is with me & is my helper. When I asked about Dad, the Lord said that Dad had prayed for me & that the Lord would have His will with me & that the would comfort me & encourage me, revealing to me what He would do with me. All this happened in the 1st week that I was here. Well, certainly from that moment on many things

have changed & many of the things that I received have come to pass & it seems like the moment of liberation is drawing near, PTL.

The ON #79 is so true & it is just what is happening. Think of how many people know us personally having seen us sing in the restaurants & in clubs. Think of how many thousands of people who have received Letters in the street etc., & now we're in the papers of this nation so that the smallest to the greatest in the most far reaching village towns will hear. Everyone in this nation is confronted with a decision, even the president & the prime minister. PIL! The Lord really makes news, hallelujah.

even the president å the prime minister. PTL! The Lord really makes news, hallelujah!

It seemed like an insignificant thing, just a little case of extradition to Italy. But look what God did. These people should be shaken up because HIs voice really is treabling. Maybe the president & the prine minister of this nation will read the papers, help them, Lord, to understand the situation & to do something. We know that You will hold everyone responsible who reads these articles. You did everything, Jesus! We didn't even think it would be such a big thing, but You make news. You always have. I was born in a Christian home, both my parents are numbers of Jahovah Witnesses, B throughout my childhood time I devoted myself to serve the Lord. When I was at the age of 12 I started following friends till I gave myself completely to them t began to be a stubborn boy at home. I stopped serving the Lord at the age of 13 3 started to lead a will be dengerous life of my own, I stayed in this had life with my friends for many years a one day in Jahovany. 1970 when one brother from Holland led me to receive the Lord Jasus Christ at Piraues. I was baptized a started leading a new life, My friends who were then disappointed because of my new life started to scorn me and try me. One of them would ask me to give his money whenever he met on and anytime I failed to satisfy him he would start a scorn me and after tell me that I am not a real Christian but a counterfait Christian. In fact the temptation was great for me so I failed & later came back to my old life. I stayed in the old life till this calamity befell me.

One, thing I have experienced though through all this life is that whenever I give myself to God I start to face many temptations. I believe this time the Lord will strengthen me to overcome all times temptations.

our Saviour, Lord Jesus Christ.

I am very pleased to read about your quotation because it reminds me that there is somebody who really loves and cares for me if I put my trust on Him. I am also praying to God to take good care of you and strengthen you to do His work.

I love you also, my best wishes are with you. Thank you very such.

Brother Thomas

I am extremely glad for your beautiful letter you sent to me. May God bless you, for He alone knows how far your letter touched me. Ilove children very dearly and I would like them to keep on writing to me.

them to keep on writing to me.

I am really happy to meet Angelo here in prison because through him I received the Lord. I always pray to the Lord to strengthen me and give me more knowledge and understand the ing to lead hits faithful light for others to follow. Through Angelo I now understand the Mord of God and also am very happy with my new life. I thank Josus for emancipating me from my previous life.

I hope we will get in touch with one another in order to discuss our faith. Please emember me to Andrew. With my best regards to you and the children. I love you.

Dear Families,

1 am really glad to express to you all how prayers changed my life.

1 am an African from Ghena and I left my parents at the age of 20 years to Europe to lead my own life and right now I am 26 years old, As I could remember most of my past days I was really leading a bad life. In fact, am really sorry and I pray to God to forgive me my sins, Amen. Prayer changes things, that's 100% true. It was on one Saturday morning in the prison bathroom when I first saw Mr. Angelo. He was smiling at we when he looked at me, and in fact I was angry inside myself because I didn't see my he should be interested in me at that moment in the bathroom. He then saw the locket of Virgin Mary on my neck and he said to me, "Oh, you have a mice locket". Angelo asked my (Joe) if I am a Christian, to which I said "no". Angelo talked to me about the Gospel and I could remember he said maybe God sent him in this jail to save me. In fact I was astonished to hear him because I was thinking how can a prisoner set his own insuce free?.

About a few days later he asked me to join him in his room to pray to receive Jesus. So I decided just to go and pass my time to hear what he's gonen say, Well, the first meeting he preached a lot to all of us, but I didn't take it very seriously. Then the 2nd

I am very happy to write you this letter, a first of all I want to know your personal condition of health, and I think by the grace of God things are going on good, Praise the Lord!

You know the problem which brought me into this jail is about passport problems. I was one day coming from my house in Trapizona (Piraeus) & I met a certain man, whom I didn't know, which I had never seen before in my life, and this man asked me for my passport, Not knowing that he was an immigration policeman and I go back into my house to take my passport for him to look at my visa and he found a force (faise) stamp in it, which is the renewed of the date they issued the passport. So there this policeman arrested me and took me to the police station. And they started asking me who renewed this passport and I didn't tell them the truth (because it was renewed by one of my friends on the outside) and these people started beating me like I am not a human being and brought me to this jail.

I'd like to explain something to you in my letter that you may perhaps be wondering about and that is: I met three friends here in this jail and they were from Ghana (Africa) and they told me that there is a man here who has given his whole life to Jesus and I told them to show me this man. The name of this man is Brother Angelo, he is Italian and I start moving with this man to tell me more about Jesus and I became a good friend of this man because he sees that I love Jesus and I start making prayers with this man to receive Jesus in my heart. Praise the Lord'.

One day this friend gave me a book to read and the name of the book is TRUE KOMIX, and immediately after he gave me this book I go into my room and start reading it and the 1st day I couldn't sleep because what I was thinking about all is in this book and it is trum. So I told him so far as I am one of the sons of Jesus I will be a member of the family of Love, and I hope I am a member with a new life in Jesus, what a wonderful story and it is all God's Power. Thank You Jesus for prayer c

Your Brother in Love - Sibah

Then I heard some music from the television "Onward Christian Soldiers": I ran out à it was a film of the story of David Livingstone à a journalist, David Stanley, that who went to find him in Africa. After many adventures à risks, Stanley finds Livingstone in the heart of the jungle where he has established a mission. The journalist is completely changed by Livingstone's example. When he says to Livingstone is the heart of the jungle where to help me". Then on a visit to the various villages Livingstone ministers to, the missionary has an attack of malaria & the journalist finds out that he is gravely ill & again tries to convince him to go back to England, But David Livingstone replies, "This is my life & here is where I will die." Then the journalist asks him if it's worth it to make such a sacrifice, this is my life". Then David Livingstone exast Stanley if he will please take the maps of Africa that he has made with him back to England & ask for help & for medicine & pioneers for Africa. When Stanley returns to England & takes the maps to the Geographical Society he is accused of being a fraud & of having invented the whole meeting with Livingstone pist to make newspaper articles. derivitinings, but, you know, curusyn this lack, I have also realized many things regarding sex.

First of all, it is one the greatest physical needs in almost every human being (at least those who are normal and sane) å the fact that prisons deny sex to the prisoners is quite a demonstration that the devil hates sex, because there is no doubt that this place is of the devil. Many people here receive pornographic magazines of the lowest quality, a certainly not for cultural reasons. You hear the most incredible stories regarding unnatural coupling (you understand!) etc., etc. You see, if I masturbate å think of you, that physical pleasure is almost the same because the fact of being together with another person, to have someone beside you to love å caress gives you a strength that is not just physical, otherwise God would have been much simpler å less problematic. For procreation He would have found another solution. But instead He made sex one of His greatest beauties when it is done between two people who need love, but it is not the same because the fact of being together with another person, to have someone beside you to love å caress gives you a strength that is mot just physical, otherwise God would have been much simpler å less problematic. For procreation He would have found another solution. But instead He made sex one of His greatest beauties when it is done between two people who have the same physical needs, to touch å for the prisoners to learn to take care of one another, of wives, of children. He would make a way of one another, of wives, of children. May be it will be a little like this in the Millennium. All those who haven't given love when they could have will go

situation. In fact, the things which seem FFing in this way. I don't believe problems, become normalities, while the ever suffered for lack of sex from a things which we think would not be great woman, as I have in this period, of problems become just that. Would you likecourse you don't die from this, but it to know what is one of my greatest problems?—Sex!. Yes, just that. I would never have thought that I would have missed your company so much because I never realized how much I loved you, but this, even if it is a problem, is also a victory because on one side if I miss you very much at least I've understood that I love you very much, but the real problem still remains to be sex. If I could only have sex I think I could resist temptation much more a much better. Well, maybe it seems ridiculous, but maybe it will help others who find themselves that will help others who find themselves in the same situation. I've gotten used to almost everything, but the lack of sex is, sometimes, almost unbearable. Of course, it is not sex for itself, but everything that goes along with it - love, sharing, sweetness, getting to know someone, a many other wonderful things. But, you know, through this lack, I have also realized many things regarding sex.

First of all, it is one the greatest physical needs in almost every human ecourse you don't die from this, but it is so difficult to live without it.

Naturally, sex is one of the lst things that people look for as soon as they get out of here, a unfortunately the fact that they look for it in the wrong company often takes them back into the same problems & in a very short time they find themselves back in prison. What a dirty & evil plan the devil has made. First he makes them languish for sex & then as soon as they can have it, he uses the sex to make them fall back again into his trap. In this world where sex means money, these people when they get out of here don't have time to earn this money in an honest way & so they fall back into their same old problems. Only a few manage to save themselves & they are those who in spite of everything have a family who loves them & takes care of them when they get out, with a wife who loves them, Unfortunately, 90% don't have this blessing. Those who are not desperate for sex are desperate for drugs. Prison doesn't change these people. They need love,

around giving love. I think they'll have a lot to do. TYJ! I love you so much, Angelo.

When you're in a place like this for more than 3 months, passing through trials & temptations which are really hard, forsaking all--Family & music included—& when you see so much suffering, you're not very interested anymore in where you will go or what you will do after all this, but all you want to do is let the world know that they're heading towards hell. And after you yourself have passed through a little hell, you certainly don't want others to pass through it too. So, it's not important where or how but the important to do it in His way, but it's enough to know, "Where God guides He also provides". TYJ. ...Yesterday I saw K.(our lawyer) & it was a wonderful meeting. He promised me that he would fight even with his last breath in court because he believes with all of his heart that we are innocent. He's like a brother & he had tears in his eyes when he told me about his visit to our house, GBH. He said that he can't be a witness, of course, to our case but said that besides just making a normal defense, he will also talk about our message & how important what we do is. Then he hugged me in front of everyone & said, "Kalla Pedia" (that means:good child) and "Questo e un bravo ragazzo" (This is a good man). GBH: Adriana (a social worker at the prison) really loves the Family & says that she is praying for me (she is a social worker who we have wisited & she is now passing on letters & lit to the disciples in prison). MAY 16th, 1982
...The Lord is really answering prayer so much, TVJ. This evening a boy from Iran came to ask for prayer for himself because tomorrow he goes to court with 2 of his other friends. We prayed & 1 explained to him briefly about salvation & he received Jesus. Then he wrote out the prayer in Arabic because he wants to learn it & wants also that at least one of his friends also receives Jesus this evening. PIL. The Bible lessons are going along very rapidly & everyone is so hungry for the Letters. Every morning they read 1½-2 hours which means one long or two short Letters, & every evening 1-1½ hours of Bible classes on Revelation or the Gospels. Besides this, after the reading, there is always the chance to share some testimonies as they want to know more & more about the Family, TVJ.
...The Africans are very different. They have quite a background of voodoo & it seems that this is even in their Catholic & Protestant churches. Sometimes it

is really difficult to show them the simplicity of the Gospels, but YYJ, they are really growing & absorbing things rapidly.
...I have never felt the problems of racism so strongly as I have here. My lst cell-mate was negro & all of the catacomb church here is negro. I had never realized that the Lord sent me to the poorest, most needy in this place, the negros. Despised & divided from everyone. Treated like animals, & yet, if you look in their eyes every one of them is like a child, GBT. They are shy, but so would I be if I were in their place. It's only recently that I have had their confidence. After 3 months of singing with them their songs, listening to their discourses, sharing my food & clothes & blankets, walking with them, playing with them, praying with them in their way, etc. etc., after only three months of this they have accepted me. They don't believe the newspapers and would be ready to defend me, GBT.

...!\(\) 4 students are making gigantic progress & are more & more hungry for the Word, TYJ. Today we began az project of memorization, one verse a day, GBT, they ask a lot of questions about the Family & can't wait to be full-time disciples. All of them are beginning to witness. They are real brothers & every

day they search for the spirit of David à it makes them so similar to all of the Family around the world. They want to give their lives to Jesus & I know that when I get out they will grow even more because there will be no one else to do the work & the Lord will have to guide them. Today we read "Stop, Look & Listen" & they decided that they really want to seriously get down to listening to the Lord. Thomas wants to learn the guitar, what a miracle, PTL, just one month ago I couldn't even get them to listen to 1 page of the Daily Might all the way through or even one chapter of the Bible, while now everyday they read more than 2 hours without stopping & they understand everything, Besides that, they read on their own in the hours when they're closed in their own cells. They are very punctual for the lessons & the Lord gives me very simple words to clearly illustrate every point that needs to be explained. I wish you could see their faces & eyes when I tell them about our Sunday fellowships where we sing & pray & tell them about when we go witnessing or distributing etc. Their eyes light up & I can see clearly that they're imagining themselves in that situation. Everytime I show them a photo of someone in the Family they're so curious. You should hear them when they pray, when they pray that the Lord will take care of everyone in "our" Family around the world, GBT.

The Supreme Court!

GRY: We wanted to share with you some of the events & victories which took place in the final weeks before the Supreme Court trial, after 3 hard weeks of testings & trials in the "furnace of affliction while the trial was being delayed time & time again.

trials in the "furnace of affliction while the trial was being delayed time & time again.

MONDAY - MAY 3rd. Well, when we went to see Angelo today, he told us that he had decided to stay & fight it out here in Greece after all! PTL! Hell. the devil must have really been mad at all that was happening, - Up until that day we were passing through reams of letters every visit in Emanuele & Gebrielle's pockets wadded up into little 2-inch squares. They allowed the children to sit on Angelo's lap on the prisoner's side of the table, & he took that opportunity to load & unload their pockets. At the last moment, the prison authorities saw him putting a letter into Gabrielle's pocket & confiscated it & handed it over to the director of the prison. The oi' boy had lost the big battle, so he kicked back & tried to cut off our communications. PTL - it didn't seem to cause us any serious problems as we went up to see the director later to apologize. And To we did not lose our visits and Angelo was not put in solitary confinement, as could have happened, (TG for His protection)! From that moment on, they wouldn't allow us to put the children on Angelo's lap & we had to pass our communications the normal way through the prison censors.

prison censors.

PTL: AFTER ANGELD MADE HIS FINAL DECISION
TO "SCHTICK" AND NOT TO GO BACK TO ITALY.
THINGS BEGAN TO TAKE A POSITIVE TURN,
Much like Dad shared in his own testimony
in "Nillons of Hiles of Miracles":
"Sudderly that Scripture came to me.
"Therefore endure hardness":...It was just
the answer I needed....And you know, that
morning I really got the victory to quit
worrying about it being so hard: I got
the victory & I really fought & it just

seemed like everything just sort of began to be better!" (897:82-83) - and it did! Angelo began having two classes daily at the prisoners' request! - lk hours of Bible study on the life of Jesus & Reveriation, a ly hours of MO Letters! Plus fellowship & Communion twice a week! The Word took such effect in their lives that for the list time one of the catacomb disciples won a soul! People began coming to Angelo's room for prayer, such as two Iranian Muslims who had heard testimonies of others who had been miraculously freed from their sentences through united prayer! - Both of them received Jesus! - And asked Angelo to write out the Salvation prayer so that they could translate it into their language to share with their other friends. Angelo's room-mate, André - a Muslim from Zaire, who was also the catacomb lit deacon & had been a very good sample to the other prisoners, went to trial facing probable 15 years in jail for drug charges. - And was miraculously liberated the very day of his trial! Two of the others with him got 15 years in prison. - Please pray for them as they're also brothers in bonds. Since André's deliverance he's been a faithful visitor & brings along his friend Frank who is the Zaire student association president here in Athens & a real labour leader. André really gives the glory to God for his liberation! TUJ!

At THE SAME TIME, THE LORD MIRACULOUSLY

liberation: TYJ:

AT THE SAME TIME, THE LORD MIRACULOUSLY
RAISED UP A SOCIAL WORKER IN THE PRISON,
A, who began faithfully passing on literature to Angelo & the other prisoners,
a who is now a life-line to continue to
supply the WMA to the prisoners: She's
very receptive to the Words, & we've
been to visit her several times for
fellowship & witnessing & she's also
attended our Sunday Fellowship: So the
Lord was really pouring out His blessings
because of these spiritual victories!

OUR LAWYER, X. HAD ALREADY TALKED TO US

OUR LAWYER, K, HAD ALREADY TALKED TO US ABOUT THE MENTALITY OF THE GREEK COURTS and how important it is to have a ran of influence to impress the judges. So he strongly advised us to ask N, a very

well-known lawyer & a member of parliament, & also a former prosecuting attorney in the Supreme Court, to handle our case with K.as his aide. K.had worked under him in the junta days & felt he was the man for the job. GB K.for taking the humble seat & not manting the glory for himself, but doing what would be best for Angelo. PTL! And through M's influence in the Supreme Court, he was able to move the court date up again to the 18th of Nay! And during the trial itself, everyone was truly amazed at M's anointed defense of our case! TTL - it was a real miracle in itself that he was even willing to take on a case such as ours at all. That very weekend, we also received the LFM #1204 with a prayer request for Angelo, & encouraging words from our dear ones, so we knew that the whole Family would be going into the trial the following Tuesday morning!

right when we would be going into the trial the following Tuesday morning:

FOR MANY MEEKS ME'D BEEN INVITING K.OUT
TO THE HOUSE as we wanted to have a chance to witness å fellowship with his in a more personal atmosphere. So finally, a few days before tha trial, he came out with his 3 daughters å his sweet secretary P. It really united our hearts all the soore, as we had a relaxing lunch together, sharing Family Pubs, å the beautiful new "School Days" book which he flipped over and wanted to use in court as a sample of the type of literature that we produce: The children also sang for him å he joined right in å got up å danced with them, å even sang "Into My Heart" with all of us: He remarked that this was what he needed, to see us in a personal way like this, which gave him even more conviction for our cause; After seeing the sample of our happy children, he later asked us "what do you really think of my children", as he was so concerned for their discipline å education. GBH:

TUESDAY NORNING, WHEN ME ARRIVED AT THE

concerned for their discipline & education. GBH.

TUESDAY MORNING, WHEN WE ARRIVED AT THE COURT HOUSE. Angelo had such peace & gave such an anointed testimony & witness, that we finally understood why the Lord had allowed those postponements & delays, as it was during those times that we went through the real breakings that we needed to go through, to bring out the gold and spiritual strength that was needed for this trial. It was almost as if Angelo didn't care whether he won or lost, his

ment, face was that of an angel, all he wanted to do was tell people about Jesus; And into the court-room we went;

"YOU'LL FIND THAT REAL GOLO - NO MATTER HOW HOT THE FIRE OR HOW LONG THE FIRE, HOW HOT THE TEST OR HOW LONG IT LASTS - HILL STILL COME OUT GOLD - EVEN FINER GOLD!" (But If Not, 313:31)

GOLD: (But If Not, 313:31)
"BUT THIS PERSECUTION HAS BEEN GOOD FOR
US BECAUSE WE MAYE BEEN DETERMINED TO
KNOW HIM AS NEVER BEFORE, & WITH POWERS
REVER BEFORE FULLY POSSESSED WE HAVE
WITNESSED WITH BOLDMESS WHICH WE'D NEVER
DARED DO BEFORE!"...The greater cross, the
greater glory, hallelujah!" (End Time
Whispering Vision 334:56)

dove. Abel + Sarah

THE LORD REALLY SPOKE TO US POMERFULLY AND CLEARLY WITH ENCOURAGING PROPHÉCIES how, "it's not the Lord's will to lose one upon whom I have bestowed so much care & labour, how "the came not to destroy life but to save life", & "Behold I come quickly, hold fast that which thou hast", & how he "would not let His seed pass through the fire." And many wonderful promises that made real how the "sufferings of this present time are not even worthy to be compared with the glory coming". PIL He is faithful! The Lord really showed us how the bondage was primarily spiritual, as well as physical, & that the Lord was really freeing not only Angelo but all of us, giving us greater victories of honesty & faith & love, & a greater desperation in our lives. "He longs for that sweet communion, that union of heart with heart."

The Day of Final Decision!

Decision!

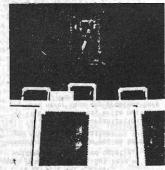

TUESDAY, MAY 18TH - after 99 days in prison, Angelo was called to stand before the highest court in the land, the men whose decisions affect the course of this entire country. The court-room itself was quite awesome, the preceedings normally held in utmost calm and quiet, with three elevated tiers of polished wooden chairs for the judges overshadowing the witness stand & the lawyer's booths below. Directly behind the seat of the President of the Supreme Court was a gorgeous masterpiece of Christ on the judgement seat:

Dear Angelo entering the court with police escort.

Here is Abel in the Supreme Court. You can see the two tiers of chairs--the judges sit on the top row beneath the large picture of Jesus.

691

The painting of Jesus on the throne hangs above the seat of the President, who seemed to be very kind & was slightly crippled--hunchbacked.

Outside the courtroom on the day of final decision. Abel, André (Angelo's prison roommate from Zaire. He was set free two to three weeks before Angelo), Angelo & Sarah! Our "team" at the Supreme Court!

THE COURT-ROOM MANNERS REQUIRE UTMOST ORDER as even if one speaks out of turn, the offender could be jailed for several days; Our lawyers warned us of this, as during the lower court an incident occurred when the prosecuting attorney slyly questioned Angelo - "Why don't you return to Ltaly, because Jesus went & faced His enemies at Jerusalem?" And someone called out:

"Jesus said, 'When they persecute you in one city flee 'to another?" - Much to the shock of everyone in the whole courtroom. The list trial itself was quite a raucous atmosphere, with journalists a photographers everywhere, & one judge even mockingly asked Sarah 17 she wears clothes when she plays the violin! It's commonly known that everyone screams & yells their case dur-

ing this lower court, as the dull conservative judges are known to fall asleep otherwise! But the journalists were completely barred from the Supreme Court, which helped maintain a calmer atmosphere. Even though the Supreme Court at first seemed much stricter, we were soon to find out we had much greater freedom to pour out all of our hearts & with judges who listened to our whole story without cutting us off in a middle of a thought - PTL!

OUTE A FEM MEMBERS OF OUR PRECIOUS LOCAL FAMILY WERE GATHERED AT THE COURT-ROOM TO UPHOLD ANGELO, including Urlah & Shaphan, our faithful photographers; Sarah & Rose with 4 of our children; English Adria who helped us with the kids; Spiros, a Greek disciple; & Julia, a close Greek friend; as well as Abel & our doctor Piros, who were witnesses.

friend; as well as Ahel & our doctor Piros, who were witnesses.

SO THE PROCEEDINGS BEGAN, The judge first called on Angelo, asking him his name, father's name, mother's name, birthplace & age, present address & address in Italy, job, & whether he understood the accusations. After this the lawyer presented a list of the names of the witnesses we had there to speak in Angelo's defense.

ABEL, WAS FIRST CALLED TO THE WITNESS STAND, & made the customary pledge to tell the truth on the Bible. And then the judge began his questions. We were able to capture the full court-room dialogue that followed on a micro tape recorder in Abel's pocket & also with someone taking it down in shorthand. (We were very cautious with the micro as it's not generally permitted.) In the 1st court trial, we had our precious brother Greek Jacob translating for us. But since he had already left for the foreign field by this time, the court provided a translator. Abel gave his testimony in Greek to try to get the point across better - maybe not the best Greek, however, but hopefully with more conviction than through a translator.

ABEL SEAMAN'S TESTIMONY IN COURT Judge: Your birthplace? Abel: U.S.A. Judge: Are you a Christian? Abel: Yes.

Judge: What do you want to say?

Abel: I have known Angelo since 1975 in Italy, He's a song writer. And about the accusations here, I believe they are lies, Because Angelo is a well-known musician & has his own magazine.

(The judge asks about prostitution)

Abel: It's all lies. He has his own radio show on 80 stations, every week, called 'Musica' bai Noima', Angelo is the disc jockey. Now, today, on 80 stations in Italy from Milano to Sicily!

(At this time A pulled out an MCM Mag with Angelo on the cover & an MCM tape to try to illustrate the point!)

Abel: Can I say a little more?

Judge: Yes! Yes, yes.

Abel: About the pornography, it is lies. We don't do that.

Abel: About the pornography, it is lies. We don't do that.

(Shows a violent porno terror book to the judges.)

Abel: But this is what Italy & Greece make on the streets. This should be here in the Supreme Court, this is what teaches children to do bad, But we do not do this. Our lawyer has a large book for teaching children. (School Days Part 1) Nothing in it is pornography. We don't have anything like this pornobook that you can find on the streets of Athens, Mhy is Angelo accused? Because one time in Italy (shows the cover of the "Church and Political System—Is There a Difference?" (7333) to the Judges). The Church here, the Vatican, & here is the poor, & the church does not help the poor as they should, & it is an indifferent church. And the same Vatican, the Pope, blesses Begin when Begin persecutes the Palestinians. (Shows Sam Warner's Warning Tract' comic with a priest blessing Begin while he strangles Arafat.) We distribute these (it) one million every month all over Italy. (Shows other political lite's and Angelo is a well-known musician, & every night many young people come to us, they leave Communism & they leave the Church, because we have a socialism of love, showing love one to another. In many languages we have this "Begin the Terrorist". IN). We don't have persecution for this in Greece because Greece is the friend of the Palestinians, not like Italy. And we are very

good friends with Godahfi of Libya. (Who Italians hate.)

(The prosecutor asks how many we are now in Greece)

Abel: We are about 60 & about 30 of these are children, (points to Sarah & her 3 children) & the other 15 mothers!

Prosecutor: Where are you all from?

Abel: From different places, but most are from Greece. Prosecutor: How long have you been here?

Abel: Myself, 3 years. But here we've written music & lived quietly.

Prosecutor: But what do you do here? Do you have an organization?

you have an organization?

Abel: Yes, we have an organization, But
we live to ourselves, write music, &
we have never made any problems here
in Greece. The mayor of our local village says we are good, all of the camping says we are good, & everyone there
loves us very much. And at M. (Greece's
largest department store) we did many
programs, Angelo & all the children
did Il shows at M. & many many orphanages & hospital shows. But M. is afraid
to come here because of this newspaper
"Apoeymatini", they are the ones that
make fraud!

Judge: Do you need a translator?

Piros: (chuckles) I am Greek! I am born in Greece. I am their gynocologist. I know Angelo in his camping in R å he is a good man. I don't believe it about these

charges. He is a Christian, has his own organization, & writes. They don't even smoke!

Prosecutor: Have you known him all the time here in Greece?

Piros: Yes.

Prosecutor: Where do they get their money?

Piros: They left their jobs, but if they need to work they work. They have con-tracts with big companies & they do music work.

Our Lawyer: Have you every heard that he is misusing women?

Piros: No.

Our Lawyer: What are they doing about their beliefs?

Piros: Reading the Bible, talking about God all together, not doing bad things.

in Greece. The mayor of our local viilage says we are good, all of the camping says we are good, all of the camping says we are good, a everyone there loves us very much. And at M. (Greece's largest department store) we did many programs. Angelo & all the children did il shows at M. & many many orphanages & hospital shows. But M. is afraid to come here because of this newspaper "Apoevmatini", they are the ones that make fraud!

Prosecutor: What do you believe in?

Abel: Only in Christ, Not in atomic bombs, Love is the only answer for today. Thank you!

At the end of my testimony our lawyer filed a complaint against the prosecutor for asking me 'Now many people are in our organization here in Greece', saying that the mothing to do with Angelo.

Your lawyer had advised me beforehand to work hard the theme of political and religious persecution, as that is the only reason here in Greece that an extradition warrant can be repealed.

NEXT MAS CALLED PIROS, OUR SWEET DOCTOR FRIEND Who delivered many of 'Loveville's' a the local families' bables!

Next Has Called Piros, Our Sweet Doctor FRIEND who delivered many of 'Loveville's' a the local families' bables!

Secause we believe in love. We live the fire was a fire hold and religious persecution, as that is the only many other thildren, and for me to be in Italy now with three children & my wife pregnant, it's very dangerous. And that's why we appeal to the Greek Law, because it has eacused the prosecute everybody who lives the Bible in the radical way that Jesus teaches.

ble in the radical way that Jesus teaches.

Because we believe in love. We live our lives in love. We want to share love with everybody. We want to show the people that the love of Jesus is the answer to everything. If I go back

to Italy, they persecute us, & I have to defend my family, I want to take my children out. Because they throw fire bombs at my house, & they write many ba articles. I don't want to go there. I believe in love. I want to live with my family in peace, write music, & talk about the love of God. And that's what I wish for my children, My songs talk about this, they are songs of love.

about this, they are songs of love.

MOV OUR LAWYER PRESENTS HIS DEFENSE TO
THE JUDGES. Our lawyer is a Parlament
member of the current Socialist Party
in power here. Here is a rough translation of his speech:
"Greece is in the European Convention, a
that is why Greece is not allowed to
accuse these type of cases, Greece has
to protect such cases as Angelo's because of the laws of the European Convention. (The European Convention is a
group of laws commonly agreed upon by
the European countries.) There are no
proofs about the accusations against
Angelo.

group or laws commonly agreed upon by the European countries.) There are no proofs about the accusations against Angelo.

This sect does exsist & Angelo is a member of this sect. He hasn't lived in Italy for 3 years, he's been in Greece. The community of R hasn't said anything bad about Angelo or his family. And we here in Greece can't see anything of these charges of misusing women, because we haven't seen any proof of this here in Greece.

The journalists are the ones who said all this about prostitution, they want to write bad things & they want to make everything seem more serious than it really is. The point is: do we have proof of the accusations? Or are we satisfied only with these things they send from Italy, which we can't prove again because they didn't send us enough information? Nho was he misusing? What kind of prostitution? Who is the victim?

The jury of judges in 1972 made a law \$134 that we must investigate as to whether the accusations are right or not before any extradition, And there is no law after that invalidating this law.

(He also goes on to explain the European Law on the same point.) The lst jury of judges did not do this, (investigate the truth of the accusations) & so they are guilty of not following this law. I insist that this jury doesn't send.

Angelo back to Italy. The Italian government has other intertions are it says.

it has. The CoG have the right to believe what they want. We have, in Greece, religious tolerance, à as everybooy knows, the Catholic Church wants to put down everyone that goes against it, at the Catholic Church at the Pope have no right to go against any other religion.

Are the papers they sent from Italy enough to prove the accusations? If it was as easy as that, we could just go to a ministry for a warrant of arrest a he would be sent back. (In other words, if only a written paper is enough to prove someone's guilt, then there is no need for having court trials or anything!) Any foreigner has the same right as a Greek, to be judged according to the actual proof.) The Greek government has to protect a foreigner as it would a Greek. From the moment we came into the European Convention, we do not have the right for extradition without proof after the 1st of January, 1981, as the law #770/1980 says - that extradition without proof is forbidden. Greece's duty is to investigate those cases, a if it doesn't have proof, then it goes against this law which has constitutional power. The 1st court didn't follow this law. If we can only inagine that he might be in danger in Italy, that's another reason not to extradite him, And in the period of 3 years he hasn't done anything that bad here in Greece. The proofs aren't enough Lit doesn't say anything about the accusations, it doesn't mention the victims. We can't only inagine all those things a send him back to Italy, because journalism has made out of this a very big deal!

(Here he makes a long blast at the 1st jury gove to the 2nd jury were not enough because they hadn't subjected the real substance of the accusations & hadn't followed the law, but went against the law!: Those papers are dead (the decision from the 1st court), & the 1st jury is without defense. The thing is that all those laws are for the good of the people is we have to follow those laws.

(To the president of the Supreme Court) We want to have righteousness.

Truth is everything that Angelo says.

Persecuting the little one!*)

ANGELO NOW GAYE HIS FIMAL TESTIMONY: I want to say that when I started this Christian life - I was working in one very big music company. I had the possibility to make momey, etc. And I chose to give my life for Jasus. All these accusations they say in Italy are not true. I've been here a long time & tried to do all I can to share love with the people. And I want to let them know that in Italy it is not the law that persecuted us hot our enemies. They have already persecuted us before, for a long time, 3 years ago they persecuted us.

THE JUDGES THEN ANHOUNCE THAT THEY WOULD

years ago they persecuted us.

THE JUDGES THEN ANNOUNCE THAT THEY WOULD DECIDE THE YERDICT IN ONE WEEK'S TIME while they studied the case, & gave our lawyers until noon the next day to bring written out all the laws & legal points they have prepared for the case. This is

prostitution & no victims! (He speaks again about investigating more & more for proof before they send him to Italy, & really amphasizes again & again that it is forbidden by law if there is not sufficient proof.) We can't extradite without proof, & Znd, not for religious reasons, because the European Convention says that. And I believe that the minimum thing we could do is to ask for more proof, to say something about the victims & then to go on with this case. Then until we have the proof, we could ask for the freedom of Angelo because he has the right to be free after 2 months in prison (actually 3½ months), we can't let him be in prison here having only one paper, perhaps just written by an ordinary clerk! I don't have anything else to add, only that we are all concerned about this case. We are awaiting your decision.

(Everyone was so amazed at our lawyer's speech & how turned-on & on-fire he was for Angelo! Being also a former prosecuting attorney in the Supreme Court, he used this former experience aptly in Angelo's defense. Sweet Adrian, who understood no Greek, came up to us afterwards asking who he was & saying, "I can be provided by the proposed on the fire of the sought of the fire of the sought of the fire of

wicked system that persecute a poor small group like us.

IT MAS A REAL MIRACLE, as an Interpol Harrant being repealed doesn't happen even one out of hundred cases! So there was even great rejoicing amongst the lawyers as they felt this case would affect future legislation, a would be referred to often by lawyers in other trials to come. In fact, the Member of Parliament who defended us, after hearing our testimonies, got so on-fire & turned on that the people wondered if he was one of us! PTL! We know that by no means the battle is over yet, a there are still many obstacles to overcome helping Angelo to finish his great escape from the nuclean north to the safer south! But we know that "He that hath delivered...will yet deliver!" PTL! GB dear K., who did all his work for the Supreme Court free of

charge, & was greatly responsible We also want to thank our dear for persuading N., the MP, to rep-worldwide Family for your many resent us in the Supreme Court for prayers & wonderful letters! Cera fraction of his normal charge: - tainly we belong to the greatest Rieking their own careers in doing Family in the world.

Angelo & Sarahafter the vic:--Actually it was before the Supreme Court Irial but they sure had the victory! PTL!

Testimonies of Angelo's ne Court Trial

"If God Be For Us, Who Can Be Against Us?"

Athens 19/5/82

ME HAD A WHOLE HOUR BEFORE THE IRIAL
TO SPERD VISITING WITH ANGELO & the other
Family members who were there, & we read
him the paragraphs concerning him from
your letter, & it really inspired him

BETIER than at the first trial as there

were no journalists & nothing has come out in the press. The judges also paid attention a lot more, & allowed us to speak without cutting us off in the middle of our testimony (as in the last trial). But what seemed to impress everyone the most was this new lawyer, as an añointing really fell on him. People remarked at the fluency in which he spoke. And it seemed like he even surprised himself at how he went to the attack in defending us.

K. HAD ALMAYS TALKED TO US ABOUT THE MENTALITY OF THE GREEK COURTS, how important it is to have a man of influence to influence the judges. But what seems to have actually happened is that this new lawyer, after seeing Angelo's & myself and P.'s witness, and seeing K.'s dedication to us & how much conviction K. has about the righteousness of our cause, it seemed like he got overtiken by the Spirit! It reminded me of when Saul prophesied one time when he was going out against David, when the people said, "Is Saul also now a prophet?" It was like people were say-

ing, "Is N. now with them?" as he got so into it. (K. had spent a whole day out visiting with us this past week, å is very turned on, he sang "Into My Heart" with us å his kids!)

N. AND K. BOTH MERE SMOCKED AT THE OUTCOME OF THE SUPERME COURT, as the outcome of this case could affect future legislation å probably religious freedom here too. So the judges asked for a one week delay on giving the decision as they wanted to study all the laws N. and K. had brought to their attention, å the outright contradictions in these papers coming from Italy.

ME KNOW THAT BY NO MEANS IS THIS.

BATILE OVER YET, but at least it seems there is a little more chance of winning. And we still have the Minister of Justice as a last resort, if needs be. Also we cannot forget, "If God be for us, who can be against us?" Though we know we shall be "hated of all nations" in the Last Days, we also know that "Mis hand is not shortened that it cannot deliver." PTL:

Dearest Loved Ones,

<u>GBY: ME DO LOVE YOU SO MUCH</u> & Lord
forgive us as we haven't expressed our
thanks to you all for your concern &
guidance these past three months. We
can truly say that your words of encouragement to us through Peter has
been what has kept us going, along with,
of course, His Spirit which is ever so
faithful!

of course, His Spirit which is ever so faithful!

ME NEVER MOULD HAVE HAD THE STRENGTH TO ENDURE THIS FAR If we had not known that you thought there was a one-out-of-100 chance--how we clung to your word for hope! We know the battle is not over yet & there are many difficulties yet to overcome in order to get Angelo & Sarah out of here, but we have such a joyous feeling in our hearts today that the right conquered might!

IN A WAY, IT WAS AS IF YOU MERE ON TRIAL, DAD, as your name, along with R&E's, were right in front of the judges when they gave their verdict that Italy "did not provide sufficient evidence to extradite this man", & that "we must wait for further information."

And to grant him freedom on bail & what

seems to be freedom to cross borders, which will be confirmed tomorrow, DV, when we get the bail forms from the prosecuting attorney.

MHAT SURPRISED ME VERY MUCH WAS THE ATTITUDE OF THE JUDGES AFIER THE IRIAL It seemed like they were almost congratulating us, to speak so boldly, against the church, & to speak so clear His message. It was like they received us, the Spirit was so warm. PTL:

ME'RE ENCLOSING EXCERPIS FROM ANGELO'S RECENT LETIERS, WHICH ARE A REAL INSECRITY MADE IN THE AND THE SINGERIES WHICH ARE A REAL INSECRITY MADE IN THE SPOKE ALL IN GREEK & REALLY TREED TO WITHOUT SHOW THE BAPTIST. & Angelo must have been like Jesus.

I SPOKE ALL IN GREEK & REALLY TREED TO THROW THE BALL BACK IN THEY THE TO THE BALL BACK IN THEY THE TO THE SHALL SHALLY SEE ARE THE ONES THAT SHOULD BE INCOME.

DJ from Milano to Sicily on 80 stations, & you can hear his voice now throughout the land of [taly. And then I pulled out the Narning Tract & other political lit showing the Pope blessing Begin as he strangles the Palestinians, saying this is why they persecuted us, because we printed these by the millions, but we never had this problem of persecution in Greece because Greece has shown itself friendly to the Palestinians while Italy is strongly controlled by you-know-who. The lawyers strongly advised me to work the religious-political persecution theme, so it was fun playing the parts: PIL. ANGELO MAS TRULY AS STEPHEN IN ACTS 6:15, "the face of an angel", \$ he just shone love & reflected love & gave love. I don't know if you read about some of the former trials he went through, but I understood then why--"the longer hotter the fire, the finer the gold" \$ he was truly fine gold. PIL: We'll be sending full transcripts of both testimonies as I had a micro-recorder in my pocket: Ha! PIL: Go micro!

IT SEEMS THESE SUPREME COURT JUDGES ARE PART OF THE NEW GOVERNMENT who are trying themselves to break away from the church. It seemed like the judges were limited \$ could not make an absolute decision against Italy, but in giving him bail \$ freedom to travel, Dy, they have just set him free. They say there is supposed to be another Supreme Court trial, when they get more information from Italy, if Italy wants to send more information. But also at the same time saying, or insinuating, that by that time he won't even be here anyway. They didn't come out \$ say it, but that's certainly the Spirit \$ attitude we felt from them. PIL:

IHANK YOU AGAIN VERY MUCH FOR YOUR FINANCIAL SUPPORT I-RROUGH THIS TOD-your mercies are certainly making it possible to deliver Angelo out of all this. I really have a burden to get them written & typed because we hope they will be a blessing to other members of the family who will face prison in days to come. Not that Angelo was the "model sufferer", but that no matter what trials or battles he went through, his love of life & "spirit of life" always came out on top. Like those things he wrote on "time" & "sex" will benefit our future brethren in bonds.

ALSO I PRAY OUR COURTROOM TESTIMONY CAN BE AN ENCOURAGEMENT TO BROTHERS WHO WILL HAYE TO WITNESS IN COURT, to really expose the greater sins of the System. And to "overcome by the word of their testimony". Also Angelo's incredible testimony of souls won & lasting fruit will hopefully prove that it can be done, that "you tao can have a fruitful prison ministry." PTL' We're really challenged by the task of getting this all into print, & once again, we love you & do want to pledge our loyalty to you & what an honour it is to live & die for your Words.

Much, much love, Ahel & Rose

XOXOX Thank you for everything:

WE WANT IC CLOSE WITH SOME OF THE

17

WE WANT TO CLOSE WITH SOME OF THE MANY VICTORIES THE LORD HAS HAD IN THE PAST FEW DAYS. Angelo is still really praising the Lord. His roommate å lit deacon. André, was set free yesterday. Chris å Nadia visited him yesterday at the trial å really encouraged him: GBT! He was being tried along with four others of Angelo's catacombers, å they all had brought their Bibles to the trial! An interesting point about Angelo's disciples is that they seem to be the cream of the crop of their countries, the rich kids who left home å went abroad to study etc. One's father is a government minister, another an ambassador, etc. So the Lord is really getting His money's worth out of Angelo's imprisonment:

My Heart is Full of Love & Gratitude!

Dear Dnes.

God bless you and keep you. I love you so so much, FTL. This is the first letter that I am writing after ap when

prayers of everyone & the infinite mercy of the Lord, today I can be sitting here while I hear the voices of my beloved children playing outside in the garden while I enjoy the nearness of the Family, after this long period of separation, (110 days), I felt the need to sit down. & write to you to share the most recent events & what I feel regarding this situation. TYJ!

First of all, I want to tell you that I could never thenk you enough for all your concern, attention, love & prayers, which have been still another confirmation of the sincere love that you have for everyone of your children of which I am happy to be part. PTL. Thank you so much also for all your economic help. Many times I felt so bad seeing how much all this was costing, especially in such a delicate moment, that is the exodus of the Family. Knowing that you were benind this situation, encouraging, counseling, providing above all with love & prayers, was one of my greatest comforts in all of this situation. TYJ. There were moments of real crisis in which the nostalgia & the solitude broke my heart & tears came out incontrolably. In those Sad moments, the thought of your sacrifice for the good of everyone of us, was such a sweet uplift, a real ray of sunlight that brought new faith & courage. TYJ!

Once more, the Lord has brought about a greater victory from what seemed to be

a sweet uplift, a real ray of sunlight that brought new faith & courage. TVI!

Once more, the Lord has brought about a greater victory from what seemed to be a defeat. PL. All things work together for good to them that love the Lord. TVI! This change has caused great charges in Greece, in the lives of our friends here, &. of course, in each one of us. In fact, it seems that the decision has not just here in Greece. The decision not to allow extradition aside from being an open contestation of the accusations in Italy sets a precedent that will serve to help others who are risking extradition, we have an enormous desire both to take up again our full-time work for Him. & to get out of this nation has stopped a case of extradition, & in the lower court extradition, & in the lower court extradition, is stopped in only about one out of 100. The court of the supped in only about one out of 100 asses. Even the officials are quite sur-

prised & don't know exactly how to proceed concerning bail, freedom to travel, hetc., because this case is so unusual. Considering that Greece is in the European Common Market & therefore linked economically to Europe, this decision taken by the judges is quite radical & shocking & is destined to influence the leaders of this nation. The decision has already been objected to by some of the newspapers. Our friends who witnessed this miracle & the people who followed this case in the newspapers naturally can't see all of the enormous battle that must have happened in the spirit world. This victory was certainly won thanks above all to the prayers of our precious Family. TYL. Prayer changes things - this is so true & has certainly changed my life.

Now there remains one last jump. that

We don't know yet if the decision taken by the Supreme Court judges prohibits me from traveling or not, but we feel the urgency of leaving this nation. Of course, all of your counsel à suggestions are, à will be for us like water to a thirsty land as our greatest desire is that of serving you & the Lord & to be a blessing to this work wherever He wants us. If me were to follow the normal course of events, this case would probably not finish in less than 2 months. It is certainly a blessing to be out of prison but it doesn't seem that there are many open doors here that would make one think that the Lord mants us to remain here in Greece. Also, the Greek justice now will be asking for more details and precise accusations from Italy, accusations that can be proven. Well, as they have already done in the past, they could very well de again & I believe that our enemies could very well be evil enough to invent any type of accusation & also go to the point of bringing in false witnesses rather than stop trying to bother us. So to stay here & wait for his next attack does not fill us with joy. So, you can imagine what a word of counsel from you would mean to us. We are still a little shaken by all that has happened, but we do not want to fail you what i think could happen in Italy. The

happened, but we do not want to fail you a the Lord & do want to do His will.

I would also like to share with you what I think could happen in Italy. The decision of the Judges in the Supreme Court hearing here in Greece to request more proof & klove all more detailed proof with real accusations made by those who are the actual victims of these accused crimes, could mean that the Italian magistrates would re-open the case in Italy also. That would ween new 2 more surfous problems, both for the family there, & for our own enemies, and for Racheln & Emanuele, I asked our law-yer about this & he said that this is a very real probability. When I was still in prison I received from the Lord many times that this whole case would turn against nur own enemies & that they themselves would fall into the same persecution that they have caused against us. TYI. So, I was thinking that maybe it would be a good idea to warm the Family there in Italy of this new imminent danger. Of course, by now they should

have all oboyed A left itely, but, forms, the Lord in His infinite mercy will use this situation as a last warning, especially for Rachele & Emanuele. But, we dun't want to do anything that is not according to your counsel.

Deer Dad, I want to end this letter by telling you that my heart is full of love & gratitude for all that you have done for me & that hy the grate of the Lord I will use the rest of my life to glorify Him & His love of which you with your example are a constant guido. This morning as I was reading the Letter 1989 "Mhere are the Prophets of God?" I received for you Psalm 45, particularly verses 2, 7, 9, 115. PTL. If there is soucone in this world who is a kingsit is you, and if there is a queen it is certainly laria & I thank the Lord for you and for your precious & unquenchable love.

Torological Serah

Angelo and Sarah

Angelo and Sarah

P.S. I alto want to thank you for having let Abel stay to help us in this difficult situation. I must say that I have never seen, in all my life, such dedication as I have seen in this precious brother - untiring & always ready to sacrifice himself. He has been such a support both materfally & spiritually, without which it would have been very difficult to make it. GBH. Both he A his wife Rose have sacrificed so much to help us & are still doing so, by heart is so full of gratitude that I could continue to thank you for the rest of my life, but I think that a good way to demonstrate my gratitude & love is to be faithful & loyal & obedient to you & the Lord. Lord help me, in Jesus' Name.

Love, Angelo

THE GREAT ESCAPE!

MAY 27TH - WHAT A DAY OF REJOICING! Today we brought Angelo home with us free on bail! It's hard to describe how over-whelmingly happy we falt, for God to do such a mighty miracle in the face of such seeming impossibility! Ne had tried so many avenues A different influential friends to secure his release over the past 4 months, with so little results, so we truly knew it was only the Hand of the Lord in answer to the desperate prayers of our wonderful world-wide Family that touched the heart of the judges to set him free. Surely it was a wonderful fulfillment of the prophecies He had given us that "He would deliver, that He might get all the glory," "I will not share My glory with another," (Isa.42:8) III.

PET EVEN THOUGH THIS GREAT VICTORY HAD BEEN WON, we knew there were many obstactes yet to overcome as the old boy must have sirely been angry to see his plans being spoiled! In his news articles that appeared in the following days papers, his inspired writers slyly implied that the government had perhaps made a mistake in this case!

Int this case!

IHE BAIL PROCESS ITSELF ENTAILED 2 FULL
DAYS OF MORK ON OUR PART. We even had to
drive a government secretary to the prison to bring in the release papers, or
they may have put it off over the weekend! The system sure is as sticky as
glue: - And when it catches someone, it
doesn't like to let go easily! The following morning we had to go to Immigrations to get Angelo's passport à that is
a story in itself, as it's hard for these
officers here to imagine a police mandate
being revoked! We really had to witness
to these officers, which helped to turn
the tables, & in the end they didn't even
require Angelo to check in with them while
out on bail, PTL! That was a real relief
a made things much easier.

A SUPREME COURT TRIAL WAS SUPPOSED TO BE

& made things much easier.

A SUPPREME COURT TRIAL MAS SUPPOSED TO BE HELD AGAIN AT THE END OF SUMMER, giving Ttaly time to provide more information for the case. But we did not feel that it was the Lord's Will to wait here & give the enemy more time to trump up more false charges, & while half the world's population was waiting to be reached in the East! Our lawyer strongly advised us

to get a copy of the full 10 page Supreme Court decision in English for Angela to take with him in his travels, should he decide to leave on bail. (It was not known yet whether the decision gave him permission to travel or not.) This decision takes up to 2 weeks for them to finish writing up, then another week for the Foreign Ministry to translate to English à put their "official" seals on it.

persuaded them to falsify her papers.

IHIS AND OTHER SIMILAR INCIDENCES REALLY
SIRESSED TO US HOW MUCH WE NEED TO BE ON

IHE ALERI as our enemy is always looking
for a way, & one minor mis-move in our
attempts to leave this country could have
ended up with Angelo being sent right
back to where he started. So we had to
"look out for the unguarded moment!"
(The Unguarded Moment 838:14) 'So to
stay free, as I've always said, requires
eternal vigilance -- the price of freedom."(Contingency Plans 1104:13),
THOUGH ITEY CAVE SARAN AND TUE CULL DOES.

THOUGH THEY GAVE SARAH AND THE CHILDREN
THEIR VISAS, on Angelo's paper they
stamped in "Answer to your request in 30
days", without the proper visa seal. At
the same time, the Supreme Court decision
was taking much longer than the 2 weeks

we'd expected it to take. So we had an uneasy feeling that while we waited, more papers from Italy could arrive, but on the other hand, we didn't want to move too fast if it wasn't safe without the official decision papers, visas, etc.! The days passed by a it became weeks, a we began to realize if we did it the system's way we'd never get out of here!

۸, . . .

system's way we'd never get out of here:

SO WE DECIDED TO TAKE A STEP OF FAITH AND
PREPARE FOR A DEPARTURE DATE; But we
still weren't too sure because of many,
many risks - such as the improper visa
stamp, traveling without the court decision (he had only an abbreviated release
paper), & with his car still stamped on
his passport; (We had a paper saying he
had turned the car into the government,
out they wouldn't remove the stamp from
his passport without paying a huge fine;)

out they wouldn't remove the stamp from his passport without paying a huge fine!)

FRIDAY HIGHT, THE 11TH OF JUNE, our lawyer K. held a party for Angelo. It was really an anointed witnessing night with lawyers, a diplomat, government and legal secretaries, the leading music critic in Greece, a journalists attending. It was really like "God's Explosions", after the 4 months in prison without music, a Angelo's musical flame was by no means dampened but only burned the brighter! One of the guests, upon seeing K. wildly gypsy dancing with Katrina, remarked to the others nearby - "Look at K., he's all the way in!!" And later on when we sang "Into My Heart", K. led the chorus with the motions he'd seen our children do. An extremely beautiful young female lawyer started crying at this point, as she received Jesus! That night was also confirmed our plans to leave with K., and he agreed to come to the airport to see us off in case any difficulties came up.

ANGELO COMMENTED HOW HEAVY THIS PARTY WAS.

ANGELD COMMENTED HOW HEAVY THIS PARTY WAS, saying how the Lord had us reaching all these influential people here, the class Rachel always desired to reach misguidedly through riches, Yet here we were delivering unto them the full counsel of God! It seemed like the people took more credence to our words having seen Angelo go through the fire & still standing strong. PIL:

SATURDAY MORNING, JUNE 12TH, we were quite tired as we hadn't arrived home from the party until 5am. We had devotions a Angelo was really praying for a fleece

to confirm the plans to leave, but not freen knowing what kind of a fleece to ask for! Just as we finished united prayer, we received a long distance phone call from some Family leadership, asking when Angelo was coming, saying they needed him yesterday! Just hearing their encouraging words & voice on the phone was the catalyst we needed to step out!

The second secon

MONDAY MORNING WE BOOKED A FLIGHT FOR MEDNESDAY THE 15TH AND MADE FINAL PREPARATIONS, A cousin of K., who is a police official, confirmed with us that in his name was not on any list at the borders. So PIL: All doors were open:

ders. So PTL: All doors were open:

MEDMESDAY WE FINISHED PACKING & HEADED
FOR THE AIRPORT, Uriah was to drive Angelo & Sarah, while Rose & I went to
pick up K. When we went to pick him
up, he informed us with the sad news
that Angelo's name was now on the police
list at the borders to stop him & arrest
him if he tried to go out! It seemed
like history repeating itself as it
reminded us of when the extradition
papers came in only a few hours before
the end of the 40 day limit: We quickly
called Angelo to let him know, & after
praying about it he called us back saying
he'd still rather try. So off to the air
port we went, without K. as he felt
he could no longer take responsibility,
but told us to call if we needed him.

WE MET AT THE AIRPORT, & upon examining

but told us to call if we needed him.

<u>ME_MET_AT_INE_AIRPORT</u>, & upon examining
the conditions, including a computer
check at the passport control for anyone
in question, the Lord gave us the verse
to "Mait on the Lord" & "the Word of the
prophet": At the same time the Lord inspired us to put into effect the second
contingency plan that we had prepared.
Thank God for Dad's admonition to always
have contingency plans. "In other words,
in case something doesn't work, what else
would you try?" (Contingency Plans
1104.7).

1104:7).

SO WE HAD ALMAYS CONSIDERED THE POSSIBILITY OF GOING BY SEA to a far flung Island border post where the computers weren't installed yet, even though it would be a much more expensive & strennius journey; So home we went to repack, & Angelo and Sarah were only to travel with minimum tourist luggage, & to plan our tourist vacation to Asia Minor! Ha! "Because if you're going to survive, you're goinn to have to learn to live with a lot less, the plan our tourist in the season of th

WHILE SHARING WITH ANGELO & SARAH OUR NEW IDEA. Sarah remembered a dream Paul had of Angelo fleeing to that land by boat, & then while reading & going through the Daily Might for the next few days, we saw that for the day we would have to be crossing the border by sea it read, "Don't tie up in port, launch out into the deep:" (DM 172) That night, while trying to get word to the folks of this new factor in the equation, one of this new factor in the equation, one of their sweet secretaries reminded us of what Peter A. had earlier told us, "Don't miss the boat while waiting for counsel from us" if we needed to make split-second decisions! - Ha! What miraculous confirmations! So we were off by faith!

THE NEXT DAY, THURSDAY, we had to not

THE NEXT DAY, THURSDAY, we had to not only pack up all our things for Angelo & Sarah & ourselves, but we also had to move out of our house, & we literally had no place else to go:

had no place else to go;

FRIDAY MORNING WE TOOK A LONG BOAT

RIDE, arriving on a distant beautiful

Island where we spent the night, Saturday
morning, English Adrian (who spoke the
native language) & I made an explorative
trip crossing the border & returning the
same night, observing how much of a
check they did on reople departing and
arriving on both sides. PTL! Though
these countries are traditional enemies,
it seemed quite simple & routine as so
many tourists cross at this time of the
year.

SINNAY MORNING FARIX ME DECIDED TO CATCU

year.

SUNDAY MORRING EARLY WE DECIDED TO CATCH
THE BOAT OUT OF THE COUNTRY. You
have to hand in your passport to the
Customs' officials at least is hour before
the boat departs, but we waited until the
last moment so they wouldn't have that
much time to check. We decided not to
hand in the visas as there were many tourists who were there only a short time &
did not have visa papers but only a stamp
on the passport --so we thought we'd mingle in with them. At 7:55 the Custom's
efficer returned with the passports of
all those who were to cross, a began
calling everyone's name to get their
passports & board the buat. We all passed
through safely, except for Angelo, whose
passport was the last one, & instead of
calling his name...

THE OFFICIAL SHOWED HIS PASSPORT TO THE

THE OFFICIAL SHOWED HIS PASSPORT TO THE BOAT CAPTAIN asking him where this man

is. As you can imagine, this was quite a tense moment for us. But it only turned out to be the <u>car</u> on his passport: So he called the head of police a asked him what to do, who told him, "Mo, you can't leave Greece with a car on your passport."

Even though we had the paper saying we'd given the car to the government: Our hearts were broken to say the least, as we were looking forward so much to the salvation of crossing only a few miles of water into a new land. Poor Sarah was just in tears, wondering if we'd ever get out of here. At this point, the Lord really spoke to us in our hearts how thankful we should be for the salvation of our souls He'd already given us which meant so much more than this little earthly salvation we were seeking. —Mhether we ever crossed these waters or not, we still had the greatest freedom they could never touch! He again saw the incomporable difference between God's mercy & the devil's justice as we knew the Family back home would somehow help Angelo to pay this fine if we had to, so he could leave the country.

BUT PTL! GOD HAO A WAY OUT. The previous May. Autian & I had somewhat made a few

Angelo to pay this fine if we had to, so he could leave the country.

BUT PTL' GOD HAO A MAY OUT; The previous day, Adrian & I had somewhat made a few "friends of unrighteous mammon" (so) "that when ye fail they may receive you." (Luke 16:10) - We had purchased for some Greek islanders cigarettes & a leather coat, etc. in the Duty Free Shop & at the cheap bazars on the other side, which Greeks are not allowed to purchase & bring back. One of these was the head of a travel agency, & a personal friend of the Head of Gustoms on the island. And GBH, he called the very Head of Customs (whose office is normally closed on Sundays) to come down & hear our story! This man didn't seem to be too aware of all the intricacles of all the official legalities, but more relying on common sense, & upon studying the papers saying Angelo handed the car in to the government, he promptly signed the carright off his passport! PTL! (This really encouraged us too that we'd made the right decision not to try to leave from the airport even though at the time it seemed almost like a defeat that he didn't get to go, because the officials there in Athens definitely would not have been so emerciful & would have made him pay the ridiculously huge fine for

the over-stayed car visa --& probably would have stopped him from leaving altogether.) TTL we heeded His checks and took the long way instead. "A lot of times we thought we knew what to do & we almost did the wrong thing, & were so thankful that He stopped us & got us out of there in time." (Prayer for Protection 4765:3)

PTO: NEW MERE ON OUR MAY AGAIN BY FAITH, this time to catch the only other boat leaving that day. With this departure it was only us and one other French couple, which would give them a lot more time to study our papers. So once again we arrived at the very last moment, studying our tourist books & maps, cameras in hand, goo-ing & gaah-ing at the sights! We showed them our round trip tickets & said that we were planning to stay there only a few days— which was true! Ha! (11cor.6:8)!. "There is always some place to go, especially if you're just going as a tourist & you stay only as a tourist & you leave as a tourist, ... you look like a tourist & you act like a tourist & you only carry tourist luggage!" (1104:34)

AGAIN WE DIDN'T GIVE IN OUR VISA PAPERS,

act like à tourist à you only carry tour-ist luggage!" (1104:34)

AGAIN WE DIDN'T GIVE IN OUR VISA PAPERS, hoping they'd think we were only there a few months. The officials came back to give us our passports à we were on the boat! The engine started à we were ready to go! While they were untying the ropes, back came the official asking for, "Your visas! - the Italian one!" So we handed in all 7 of our visas together & started helping the boatman undo the ropes! PTL: As God would have it, while he was starting to page through our papers, the Lord sent along one of His pretty angels in the form of a cute little Customs girl, interrupting his work! By this time we were seeing if the boat's man needed any help pulling up the anchor—ha! —And then we started pulling out of port! Heenwhile our dear official seemed to be taking more interest in this girl than in our papers, PTL!

in our papers, PTL:

ME THOUGHT IT BEST TO START LAYING THE
GROUND WORK FOR QUE ARRIVAL there in a
new place, & make some friends in that
country. So Angelo & Sarah pulled out
their guitar & violin, & we got to sing
for the captain & workers who were from
that country. Our plan worked somewhat
better than we wanted it to, as the
captain liked the music so much that he

stopped all the engines, pulled out a bottle of Campari, & sat down to enjoy the music, serving drinks to us all! The boat was rocking back & forth in the choppy waves, & we were fearing a Greek Coast Guard coming upon us as we were still in their territorial waters! But PTL, one of the other workers started the boat again while the captain stayed and listened to our songs most of the way over, & was quite insistent that we play for him & his friends upon arrival.

play for him & his friends upon arrival.

PTL! ME HAD NO TIME FOR SONG. As we breezed through Customs & had a bus minutes later, taking us on an all-night ride to a large city of this nation. We really rejoiced in our hearts & had tears in our eyes - it's hard to put into words how thankful to the Lord we felt. And the joy we had in knowing, as Grandmother said - "For better proof can not be had than truly answered prayer, & answered in such a way to know that God is there!" And we were so thankful that we had taken the "pilgrimage of faith" rather than the easy system way of denial.
PTL:

PTL:
THREE DAYS LATER, ANGELO & SARAH WERE IN
THE AIR to a far-away land, determined to
serve the Lord as never before & with much
greater conviction that time is short &
to redeem every moment. While waiting for
the flight, the Lord even raised up a
very sweet girl, an old
friend of the Family who took care of
many of our needs. "God's stories always
have a happy ending!" (Alice in the Magic
Garden #290:53) Especially for His children, even if we hadn't been "delivered",
we know that we'd still "Obtain a better
resurrection" and deliverance into His
happy heavenly kingdom with eternal rewards: (Hebrews 11:35).

TILEOR THE VICTORY! We'd like, once

TIL FOR THE VICTORY! We'd like, once again, to thank all of our wonderful family for their support & encouragement during this time, & especially our wonderful shepherd & Shepherdess for their love & concern & for the guide-lines they've given us through the Words, which truly saw us through every step of the way:

1. I WAS SHOCKED WHEN RECENTLY VISITING SOME HOMES TO FIND THEM IN NOT TOO GOOD SHAPE, but when we would go over the Checklist with the Family and come to the question, "Does your Home have a handyman who can fix things?", almost everyone said "Yes"! When asked who this person was they'd kind of laugh and say, "Well, we all just kind of check around for security and try to fix things."

16. YOU, THE HANDYMAN, ARE

EVEN RESPONSIBLE TO SEE THAT YOU HOUSE IS CLEAN. If you see dirty dishes left, or a dirty floor, you as the practical person in your house should clean up, or

your house should clean up, or be sure that someone does. 17. YOU MAY NEED TO PAINT WALLS IF THERE ARE A LOT OF FINGERPRINTS ON THEM, or learn how to mix plaster to fill in holes where the walls might have en damaged. 18. THIS IS ALL IN THE MO

talked about being a sample to our landlords and always leaving a house in better condition than we found it! So be a handyman:

19. DAD NOTICES EVERYTHING
THAT NEEDS REPAIR OR IMPROVEMENT
IN THE HOUSE. He trained me to replace light bulbs as soon as they are burned out. If you have burned-out light bulbs if just shows you are lazy and nonobservant or terribly poor!

20. APPARENTLY PEOPLE ARE
RATHER CARELESS IN MOVING FURNITURE AROUND THE HOUSE. I have noticed lots of broken lamp fixtures hanging from the ceilings! If a globe is broken, take it off and go to the store to buy or provision a new one. Your visitors are going to notice things like that, and your parents

probably never allow

AS SWIMMING POOLS WHICH NEED CARE: Some of our Homes are getting good housing with swimming pools, but before you do, you'd better realise one thing--that a pool is a lot of hard work!

22. IF YOU DON'T KNOW WHAT YOU'RE DOING YOU'D BETTER GET THE EXPERT TO HELP. You must keep the right balance of chemicals in it; otherwise the water could damage the eyes and body and make people sick.

23. <u>POOL MACHINERY IS VERY</u> DELICATE AND YOU MUST FOLLOW IN-STRUCTIONS EXPLICITLY. It's best to provision the help of a pool repairman to come and show you just how to handle the machinery, or the gardener or landlord can show you.

24. WHENEVER A REPAIRMAN COMI TO YOUR HOUSE, SOMEONE CUCHT TO BE WITH HIM ALL THE TIME. YOU REPAIRMAN COMES should never trust some nosey, critical systemites to walk around your house unaccompanied: s is a <u>rule</u> in Dad's house! 25. WHEN A JOB IS TOO BIG FOR

25. WHEN A JOB IS TOO BIG FOR THE HANDYMAN, CALL THE EXPERT and watch him work. Watch how he takes things apart. Watch how and what he does, and ask him questions and learn, so that next time you won't have to call the expert--you'll have enough knowledge to do it! Always tip the repairmen who come to your house; this should be a standard rule to show that you appreciate to show that you appreciate their work, and it's a witness: 26. <u>ONE BOY I KNOW HAD TROUBLE</u>

REPAIRING A CAR. But when he couldn't do the job he went to the manufacturer and gathered secrets of how the engine was put studied engineering but it was mainly theory. But you can just learn by doing these jobs and by watching other people do them and asking the Lord for answers when you don't know what to do.
Never miss an opportunity

when you don't know what to do.
Never miss an opportunity to
learn all you can from others.
6. DAD HAS MANY TIMES ASKED
ME TO REPAIR SMALL THINGS that
most Homes would just pass off
and say, "Oh, why glue that together? Why waste your time doing that?"--but even little
things you can fix for others
saves their time and improves the
overall condition of the Home.
Some can also repair tape record-Some can also repair tape recorders, radios, etc., by just really praying and getting ahold of the Lord and asking Him what the problem is!

AND SECURITY

7. THE NEXT PART OF YOUR JOB,
SAFETY AND SECURITY, IS EXTREMELY
IMPORTANT. This means that you INDORTANT. This means that you are the one responsible to be sure that the doors and windows are locked when everyone goes to bed, and the property is safe so that no thieves or trouble-makers could break in. Lock doors after people go out at night and be sure they have keys. Make sure property and personnel are safe.

8. ANOTHER PART OF THIS JOB
IS SELAH TRASH. We were surprised when we would ask many Homes, "Do you burn your security trash?" They would answer, "Oh, we don't have any security trash!" That made me really wonder about them,

Setter follow the Woletters and find some way of burning or shredding it--tear it up into tiny pieces and mix it up so that it can not be read.

10. DAD SAID IN THE OLD LETTERS that this is one way some evil-minded folk find out a lot about you if they want to: They go through your garbage! So be careful what you throw out!

11. WHENEVER IT GETS DARK ENOUGH TO USE LIGHTS AT NIGHT, you should make sure that curtains and shutters are closed, just so that outsiders can't look right into your house. And of course you should keep your shutters closed to keep out pests, burglars and enemies.

burglars and enemies.

12. CHECK AROUND THE OUTSIDE
OF YOUR HOUSE EVERY NIGHT just
before dark, perhaps with a male
buddy, to be sure everything is
secure.

secure.

13. AT NIGHT YOU SHOULD HAVE
SOME LIGHT ON OUTSIDE THE HOUSE.
Never have any part of your
garden that is not well lighted
at night, for security. Just make
sure you turn off all outside
lights at daybreak, otherwise
it's a terrible testimony that
you waste electricity. Try and
make sure your house burns as few
lights as possible at night,
especially in these times of oil
crisis.

14. YOU CAN BUY A LITTLE AUTOMATIC CONTROL FOR YOUR OUTSIDE

They would answer, "Oh, we don't have any security trash!" That made me really wonder about them, able in the States for about because certainly they must have papers on which they figure their find one, so I built my own from finances, confidential correspondence, old reports, etc.

9. I WOULD SAY THAT ANYTHING YOU DON'T WAYT THE GENERAL PUBLIC TO READ IS SELAH TRASH and you'd

together and came back able to fix the car! By the way,

27. WE SHOULDN'T GET INTO A LOT OF CAR REPAIRS; let the System do it as much as possible, unless we have a few automobile experts who really know what experts who really know what they're doing. 28. BE SURE YOUR HOME IS S PLIED WITH NECESSARY HELPFUL

ITEMS such as batteries, light bulbs, tools to do jobs, hooks to hang coats on, extension cords,

hang coats on, extension cords, three-way plugs, etc. You must also be sure that a camera, music and Word tapes, and tape recorders are available for the Home to use. (These are mentioned on the Checklist.)

29. YOU SHOULD ALSO MAKE SURE PEOPLE ARE READING IN GOOD LIGHT. This was another surprisingly poor area on all Checklists, very bad reading light. Dad said that if his father ever caught him reading by poor light he would if his father ever caught him reading by poor light he would throw the book across the room to teach him not to! So to prevent eye problems, you, as the person in charge of the physical, should be sure that your Family is reading by good light.

30. YENTILATION IS ANOTHER.

VERY IMPORTANT THING. Depending on the type of heating, you'd better be sure you have good ventilation. Many people die every year because they do not have good ventilation for their heating systems. For example:

31. GAS/OIL ROOM HEATERS ARE EXTREMELY DANGEROUS. Dad said if you have one of those in your room you must keep a window open, and probably your door too, for VERY IMPORTANT THING. Depending

and probably your cross-ventilation. door too, for

32. THE BURNING BUTANE PRO-DUCES CARBON MONOXIDE, which he no smell and is invisible, and

it's a heavy gas, which means that it goes toward the floor. But as it builds up over hours of use, it goes higher and higher until the level of the gas comes up to where you're breathing, and if you breathe carbon monoxide it will kill you. So if you're using gas heaters be sure that you have very good ventilation.

33. WATER HEATERS ALSO NEED GOOD VENTILATION. In Tenerife, when our gas water heaters were inspected, we were told that by new standards they were illegal and extremely dangerous. Apparently people had died from using them! Any open fire is dangerous:

34. THE NEW REGULATIONS RE-OURED THE BUTANE WATER HEATERS TO HAVE A PIPE leading off the

TO HAVE A PIPE leading off the top to carry the gas out, a slit at the bottom of the door at floor level for air to come in or for the gas to escape, and another ventilation hole up high in the ceiling or toward the ceiling. So be extremely careful with any gas or oil stoves or appli-ances of this nature and with open fires.

35. YOU, AS THE SAFETY THE SMELL OF GAS in your house and investigate it immediately, because there could be a gas leak which could hurt or kill someone.

which could hurt or kill someone. So maintaining proper ventilation is extremely important.

36. YOU SHOULD BE SURE THAT CARBAGE IS TAKEN OUT EVERY DAY. You should know the garbage man's schedule and make sure that the trash cans are outside at the pickup time. Every trash can should be lined with a new plastic bag as soon as you empty it. Someone is definitely needed on carbace duty, to clean the cans garbage duty, to clean the cans

37. ANOTHER AREA THAT YOU

COULD REALLY HELP IN IS MAKING
SURE THAT THE HOME RUNS ON ITS
SCHEDULE. You don't have to be
the "boss" to be sure meals are
on time, but if you as the practical person remind people to
follow the daily schedule, every
thing will run a lot more
smoothly.

38. DAD DOESN'T MAKE US SIT

38. DAD DOESN'T MAKE US SIT AROUND PRAYING AND SINGING WHILE THE FOOD GETS COLD, like in some Homes I've visited. When food comes from the kitchen your pray-ing ought to be done! Dad always eats his meals when they're hot. This is just common courtesy and sense, but, like Dad says, "Com-mon sense just isn't too common."

39. MAKE SURE ALSO THAT YOUR

telephones are usually a monopoly of the country and it's illegal to make any changes or alterations on telephone circuits. Better call your phone man to do that job!--Electric circuits too!
42. ANOTHER THING IS SURVIVAL. SURVIVAL FOODS AND SUPPLIES! You should store canned food and eat fresh foods. We buy several extra canned goods weekly for Survival storage.

canned goods weekly for Survival storage.

43. YOU CAN BEGIN STORING
WATER IN JARS OR PLASTIC JUGS.
The disadvantage of large plastic jugs is that if you're not real diligent to change the water, they get a green mold in them and you'll probably end up throwing away the plastic container after a month or two. So be sure you change your water supply very change your water supply very regularly. 44. MAKE A LIST OF ALL YOUR

JO35 AND MAKE A GOOD DAILY SCHED-ULE for when to turn on and off lights, do house duties, security, etc. If you have to be away from

MAKE SURE ALSO THAT YOUR

HOUSE IS THE RIGHT TEMPERATURE.

In the winter you'll need to make the Home, be sure you teach someting system is working well, and if you have a coal heater you'd better get on a schedule to keep it stoked up so your house is nice and warm. Also make sure that all unused heaters and lights are turned off through-necessary around the house.

40. DAD SAYS, "THERE ARE TWO KINDS OF PEOPLE: One kind who go around turning lights on, and the other kind who go around turning them off-and we need more of the second kind."

41. ONE JOB THAT YOU PROBABLY SHOULDN'T GET INTO IS DOING ANY KIND OF REPAIR WORK ON TELE-PHONES. The main reason is that telephones are usually a monopoly of the country and it's illeval

faithful with the little things, God will make you ruler over many things! PTL! (Mt.25:21,23)

46. ON ALL THREE OF THESE SECTIONS, fixing things, security and safety, and repairing your Home, you should not wait until scheone tells you or asks you to

do a job. If you do, you're not a flome honier and safer, more real handyman. A handyman just does the job. He's the guy who sees it, he's practical-minded, knows something needs to be done, and he just does it.

47. ALSO, A REAL HANDYMAN WILL GET THE JOB DONE NO MATTER WHAT WILL TAKES; he will complete it and get the thing working. For example, I heard of one Home that had a better testimony to the landlord and others. So I pray this class will help you to be really diligent in this business, and I know if you are, the Lord will reward you and it will really bear fruit. GBY:

51. IF YOU'D LIKE TO BE A HANDYMAN, here are some quotes you can look up to inspire you, things that Dad has to say about it in the Letters: looked at it and tinkered with it, 106:all & 107:8

but then they gave up. It still

looked at it and tinkered with it but then they gave up. It still didn't work, so the Home didn't have hot water. Well, that is not a real handyman.

48. A HANDYMAN IS A GUY WHO LOOKS AT IT, DOES WHAT HE CAN, and if he can't do it, he'll get somebody else who can. He'll carry it all the way through until the job is done, and the thing is working or conditions are better. If you can't do the job yourself, go to the expert and provision the guidance, inspection or information you need. need.

A 49. SO A REAL HANDYMAN CARRIES THE JOB ALL THE WAY THROUGH FROM START TO FINISH. When he notices a job, he doesn't give up until he's got it done or it's better. If you just start something but don't fix it or improve it, you're no handyman. Anybody can destroy. In fact, we've had too many people who can destroy!

50. ALL TOO OFTEN THE IDEA OF A HANDYMAN has been that he is some kind of specialist—maybe a

A DANDITARY has been that he is some kind of specialist--maybe a radio man or electrician or a man who could repair cars. But I think Dad's idea is much more general: a man who can be responsible for all the physical aspects of the boose, in make a

Pioneering India And The Surrounding Countries How It Was First Done!

From Paul Kings, India: CBY, Dear Family! I pray this little summery of how India was first pioneered will be an inspiration to you. Of course, it is not a complete history, as I wasn't personally involved in everything in India, and also the dates are approximate, as I was coming in and out of India so often, but this is the main story! PTL for what He has done!

LAMP - LIGHT

When we first came to India, the Lord gave Dad 3 basic letters for we that applied to the work here. They ware: - "SQUEEZE DON'T JERK"; "STOP, LOOK AND LISTEN"; and "SO YOU WANT TO BE A LEADER." we also had from the Lord "CALL OF INDIA", MANNISHI OF HYDERABAD" and "RAGS TO RICKES". Thank God for these wonder working words that really helped us so much - a real "lamp unto our feet and light unto our path."

EARLY PIONEERS

The first people to come to India were: Samson, Are, Michaiah, Theaphilus, Appollos (he just stayed for a short while), Olympus, Stephenus, Sheba and myself. That was in 1973. (See photo-top-left) Our first open door was in GGA, where the Jesuits lat wa have the use of a bungalow in a mission compound. Here we ministered to the hippies - with evening campfires and free food, and the Lord blessed us with quite a few disciples.

Quring the next 3-6 months, shout 30 family came from froglend. We sli got united and inspired with the vision for INDIA - Halislujah! The work in the Compound lasted about a year. Gos gets very hot and tourists are only there during certain sessons. So we eventually closed up, and from there, we brenched out to Bombay, New Delhi and Panjia (a city in Gos.)

Se that was 1974. We mainly litnessed and ministered to the hippies. We got some support from WS, but mainly we got support by going to the Hotels and "PRR" Witnessing to the tourists, talling them our ministry to the hippies. In those days, we were not doing much with the Nationals.

AN ANGEL - AND A T.V. APPEARANCE

Olympus, Stephanus, Lydis and I went to pioneer Delhi, but at a month there, our views ran out and us went to Bangla Desh

a renewal.

We only had one-way tickets!! Well, it was the Lord sending us and we certainly did not lack anything, as He raised up an absolute angel who fed us and paid our hotel bill for a whole week. (Ha didn't even speak English!) But the minute we met a Church dentact that supplied all our needs, we never mat the first man again - a real angel! ITL!

The Lord really opened doors there and we were on Ty for 15 minutes. It was the first time any kind of Christians had sung on Ty in Bangia Desh because it's muslim! Then we had a front-page, favourable article in the Newspapers - as the you-know-whot plus we met a real king who bought our plane tickets back. Typ: ME 6:33;

VISAS - GOD'S INSTRUMENT

We flew back to Delhi. We could only get one month's visa! But it was through these visa "problems" that the Lord pushed us out to pioneer the surrounding countries. We never even thought of Nappal, Bangla gesh, etc...our hearts were so much into India; But through these vise situations, the Lord eccomplished His

purpose.

So we went to Nepal. The Lord dealt with us there because of our low stendard of Hygiene and really becoming one in the wrong ways, (plue other spiritual lessons). We got very ill and I simost died! "Most of God's merciful judgements...turn out to be blessings of chastisement to purge and purify His Children and bring a change for the better!" (203:45)

LIT, LIT, LIT!

ratly 1975. Olympus and I went back to Deihi and opened a Home, with a ministry to the freeks.

We stayed in Delhi for about 9 months and Litnessed like crazy! This was during the "Litnessing Revolution". We would be out on the streets 10-16 hours a day. We had quotes and at that time, esked for donations. It was English Lit but we gave it out to the Nationals. Thank God for the hungry multitudes!

After that, I went to Bombay, and again, litnessed and litnessed. By then we had a few National disciples. Gradually, acre brothers came from the west. The Homefwere of quite a good atanderd.

9 months later I went hack to Delhi and the second atanderd.

9 months later I went back to Delhi and there we started a poorboy Club. We only did it for a few months and closed down because it didn't bear the right fruits as the wrong kind of people came.

AMRITSAR AND BENARES OPENED

Later on, Shedrach and I want to pioneer Amritsar (near the border with Pakistan). We ministered to the freeks and started that the started with the started with the started with the started with for a few months and the children became from there, I went with Auraham to pioneer General (also called Veranasi) - which is the religious capital of the Hindus (like their Jerusalem). The River Genges flows through it. The Hindus count it is real blessing to die there, so many dying pilgrims make their way to this city. All that to say this; it is a very demonic piece.

Versteyed about three months and the Lord gave we should be started as the freeks, plus MP.R. witnessing to the foreigners in the hotels.

SOUL WINNING EXPLOSION

Next, back to Bombay and from there I went with francis Newman to open up Hyderabad. The Lord started a real Revolution in t schools there. He raised up a precious Priest who gave us a place to sleep and eat and opened all the doors to the schools for us to be able to do programmes.

In those two months, the Lord biessed us with about 10,000 souls! PHN! That was like the beginning of the real soul winning in

achools.

I met the Mahirishi shout five times. Samson was actually the first to meet her. She received us very well, in spite of the fact that she is a quite religious Hindu. She really liked our spirit. I don't know what happened to her now.

MUSIC WITH MEANING

It was around this time that Simon Peter first pioneered MWM , taking those first shows down to Sri Lanka to book on the Radio Station. What a Revolution! God bless him for his vision and initiative. He's already written about that in detail, so I'll continue with this story...

1 Was in Prison and ye visited Me"

After Hyderabed, due again to my visa situation, I went to Affolia Afohanistan, (which is just like Dad describes it!!)
Stephanus and I were the first in the family to go there - in 1973, on our way to India. Faithy had written to us asking us to go end chack outthis Jesus People House - "Diliram House" but they three us out - they wanted us to deny Dadf After that, when we had gone on to India, Shaphan and Mahieh went there and opened the work.

So the second time I went, I stayed around a year. We had a ministry helping the hippies in prison with food and clothing. The Lord really blessed the work there and gave us disciples.

Le also did the same work in Amritsar and Delhi. Sabina from NWM is one of the hundreds of hippies we helped out of prison After that I went to Iran when I and the same we helped out of prison After that I went to Iran when I and the same we helped out of prison After that I went to Iran when I and the same we helped out of prison After that I went to Iran when I and I

After that I went to Iran where I mat Normingstar. We went to Jurkey and then to re-ploneer Pakistan. (Story coming soon, DV!)

It's a bressing to see so many of these bld proneers" return to

time. I was right in the middle of finishing up my work in my present field & on the verge of making my jump to a new ministry in a new field in the South. This was one of the Enemy's tactics, to distract me from the real battle in the Lord's Work.

TO THOSE STILL REMAINING IN THE MORTH I WOULD NOT RECOMMEND LEITING, YOUR RELATIVES KNOW OF ANY MAJOR MOVES AHEAD OF TIME, as I did. If they are in any way unfavourable, afraid of losing you, or even seemingly "neutral", if they are thinking of getting you out of the Family they will most likely try to do something about it before you leave the rich West &their own territory where they are able to operate more freely & easily. Dad has already warned us repeatedly to get out of the North & Western capitalistic countries where we have thoroughly respect the harvest & they have rejected us & our message. You can add this experience to the long list of other reasons given by the Lord in the Lotters for getting out while you can &to not drasy your feet in doing so!

I CONTACTED MY BROTHER & WE
ARRANGED TO MEET at a central train station in the large city where I was living. He was going to drive there with a friend, (although he'd visited me alone the previous year 1) brought a sister from our Home with me & at the appointed time we met my brother. They'd had a slight car accident which his friend was taking care of, so we went to a cafe in the station to wait for him until he was finished.

WHEN HIS "FRIEND" SHOWED UP, I WAS RATHER SURPHISED TO SEE A PROFESSOR TYPE LOOKING MAN IN HIS 40'S, instead of a young Air Force buddy. He greeted us briefly, but I noticed he avoided looking in my face or eyes, & began talking to my brother. When he excused himself to go to the toilet I mentioned my surprise to my brother who explained that he was just a civilian friend wan home a straveling.

brother. When he excused himself to go to the toilet I mentioned my surprise to my brother who explained that he was just a civilian friend with whom he was traveling. I dismissed the thought knowing my brother had some older friends in the Air Force.

WHEN HIS "FRIEND" RETURNED THEY MENTIONED THEY WERE HUNGRY SO WE DECIDED TO GO TO DINNER. I had shared with them that it wasn't eafe to drive in this big city but would be better to walk or take public transport, so we decided to walk down the main street to look for a restaurant. I

had become quits engrossed in a conversa-tion with my brother who was asking me abo the Endtime, & consequently as we left the station I wasn't paying much attention to where we were going. His "friend" who was talking to the sister with me, was leading

talking to the sister with me, was leading the way.

HERE WAS ANOTHER MISTAKE I MADE BY NOT STAYING IN CONTROL OF THE STITIATION & making sure I knew what was going on, exactly where we were going & how. Too late I asked, but by then we were almost at their car which was parked in a deserted parking lot. When I mentioned again that it wasn't safe to go by car, they assured us that they would drive cautiously. Not wanting to make a big scene about it I reluctantly got in the back seat of the car, followed by my brother.

to make a big scene about it I reluctantly got in the back seat of the car, followed by my brother.

SUDDENLY I SAW SOME MEN COME FROM BEHIND THE CAR & GRAB THE SISTER AS SHE WAS GETTING IN THE FRONT SEAT. A young man jumped in instead & the car skidded & began to pull out. I was shocked & frightened & a thousand thoughts flew through my head as I began to desperately pray for the Lord's protection & what to do. I immediately thought we were being mugged or that someone needed the car for a robbery escape (I didn't even realise yet what was going on!). As I prayed desperately for the sister who'd come with me, I turned around in time to see her waiking very carefully away from a man. As I turned back a round my brother said, "It's OK. Don't worry, nothing is going to happen to you, a she'll be alright. Mom's here & she wants to talk to you," Then I suddenly realized what was going on! I looked deep into my brother's eyes in horror & disbelief & he had to look away.

PRAYING DESPERATELY, I REALISED THAT I HAD TO BE CALM & not lose control of myself through fear or anger, & not to try to physically fight back. I was completely outnumbered & overpowered & would have just heen wasting my strength & possibly even get hurt. I angrily asked my hrother who the thug in the front seat was who turned around & introduced himself. I made a few other angry remarks & demanded that my brother tell me what excuse he amy parents had for doing this, to which he replied that they had been very worried about me when I wouldn't give them a street sd-

From Becky: Europe:
GLPN: 1 AM SO HAPPY & THANKFUL
TO BE BACK WITH MY PRECIOUS FAMILY
siture my recent experience of being kidnapped by my parents with the help of some
professional deprogrammers. I was held for a
days, after which time I miraculously escaped,
TYJ: I would like to share this experience
along with the leasons learned in hopes that
it will be a help, warning & eye-opener to
others,—especially to those still remaining
in the North.

IT ALL BEGAN WHEN I RECEIVED A
LETTER FROM MY YOUNGER BROTHER
in the U.S. Air Force, saying he was
coming to Europe on Temporary Duty, &
would like to see me. First he sent a letter
saying he would come in a month's time, followed by another letter a few days later saying that he would be coming in a week. This
sudden proposal put me on the spot to try to
get an answer back to him right sway.

I'D SEEN MY BROTHER A YEAR AGO,
having met & spent several days talking &
witnessing to him. He had seemed very
receptive, interested & wanting to know more
shout the Family, the Bible & our beliefs.

He'd already received the Lord & Holy
Spirit some years ago when I first joined
the Family, & I thought that perhaps the Lord
was working in his life & was now giving him
a chance to know more. He listened to MWM
tapes each night & I gave him plenty of
Komix, as well as a LIN, Kidz, FC Komix
Mag, etc. to read. When he left Lencuraged
him to start reading the Bible & witness and
also warned him that the Enemy would fight
him now that he knew more of the truth.

QVER THE YEAR THAT LAPSED | RECEIVED A FEW LETTERS FROM HIM with
trief news but with no questions or real
imager to know more, yet always sending his in
love & saying "God bless you." When I received his recent requests to come see me,
I replied saying that I was sorry but I was
travelling at the time & wouldn't be in the
citywhere he was coming & had met me previously. I then received another letter asking if he could see me when his
Temporary Duty was up. & that he could
come meet me wherever I was. I replied t

se preparing to move South.

HOWEVER, HE WENT AHEAD & CAME

DESCAPE.

DAY IMPRISONMENT BY DEPROGRAMMENTS:

TO THE CITY WHERE I'D PREVIOUSLY.

BEEN LIVING & sent 2 consecutive telegrams to my P. O. address telling me that he was siready there & could I please contact him right saws. When I received his telegrams is asying he was already there & waiting for I, me, it made me feel bad to rehue him & would possibly even look strange, yet here I was in the midst of finishing up my present work & preparing to make a major move to a new field in the South. After the ascond telegram I decided to call him at a telephone number he gave, & after counselling with others in the Home, decided to let him come visit me where I was staying.

WHAT I DIDN'T KNOW WAS THATAFTER HE VISIT A RETURN TO THE U.S. HE'D STARTED READING BOOKS ON CULTS which were written to indoctrinste the parents, public & coming generation with anti-cult propaganda, & to gain support for the big snit-cult campaign which is going on there now.

Undoubtedly the Illuminati is ultimately behind this, using the weak, corrupted & fully infiitrated Church System to carry it out. (See Letter No. 946, para, 141). One of their main themes in the anti-cults campaign is their accusation that the cults use "mind control".

MY BROTHER THEN OPENED THE DOOR TO THE LES OF THE ANTI-CULT PROPAGANDA, along with my parents & contacted some deprogramming.

I WOULD LIKE TO POINT OUT SOME OF

GANDA, slong with my parents of plan my isome deprogrammers to plan my isome deprogrammers to plan my isomeone deprogrammers.

I WOULD LIKE TO POINT OUT SOME OF MY MISTAKES, the first one being that I thought it could never happen to me. I'd been in the Family already quite a number of years & my parents had never been antagonistic or shown any negative behaviour towards the Family. Most of my immediate family is aswed; I'd always had good communications with them. They occasionally helped me financially & my mother had even been rather favourable & condemned deprogramming some years egriler. I also thought that even if they had ever thought of it they would not be able to afford it, being a lower middle class family.

ANOTIER MISTAKE I MADE WAS LETMOMERS.

middle class family.

ANOTHER MISTAKE I MADE WAS LETTING MYSELF BE PRESSURED INTO MAKING A HASTY DECISION. They put me on the spot where if I refused to see him it would have looked strange, making me feel obligated to see him, even though it was not at all the best thing for me or the Work's sake a. the

dress or telephone number (TG I didn't!) & that they hadn't known my wheresbouts a few months (as I'd been traveling). He

& that they hadn't known my whereabouts for a few months (as I'd been traveling). He also mentioned that they wanted to make sure that what I was doing was "of my own free will." I sharply replied that his reasons were ridiculous & they had no excuse for using such base & criminal behaviour to accomplish their purpose.

IDECIDED THERE WAS NO POINT IN ARGUING OR DISCUSSING THE MATTER & decided to just ride quietly, pray & try to find out where we were going. My brother mentioned that my mother was riding in a car behind us, & se angry as I was, I turned around to acknowlege her. There were several other people in the car whom I could not see through the dirty windshield, but recognised my mother who was waving frantically. I could tell that she was really freaked out & in a bad state. I then turned around & remained silent most of the journey, occasionally asking where we were going, to which I of course received no concrete reply. We drove for 2 hrs. through countryside & I had no idea where were little or no road markings on the route they were taking.

AT THE END OF THE JOURNEY WE

where we were going or in what direction, as there were little or no road markings on the route they were taking.

AT THE END OF THE JOURNEY WE ARRIVED AT A RESORT AREA & drove to a rather isolated little house on the side of a hill with bars on the windows, typical of this area. As everyone got out of the two cars my mother ran over to me & threw her arms around me & clung to me crying. I was really shocked at her appearance as sho'd lost quite a bit of weight, her face was drawn & she looked a complete emotional wreck (which indeed she was!) It shocked me so much to see her in such terrible condition that I just cried & asid. "What's the matter with you? You look terrible!" Whereupon she looked at me as though surprised to see me so healthy & normal-looking & said, "Well you look good." Just then I was introduced to be head deprogrammer, an older italian man in his 60's. My (first impression was that he looked like a typical Italian Mafioso type, & I was a bit surprised a man this age was heading this kidnapping outfit. Also in the other car was a man in his 30's who looked like a typical California biker (which I soon found out he was). They all greefed me with smiles as if I was supposed to be pleased

to see them, which I most certainly wasn't' INSIDE THE HOUSE I MET THE HEAD DE-PROGRAMMER'S WIFE, a typical middle-aged American lady in her 50's with hollow empty looking oyes. I was immediately escorted (without my mother) into a small bedroom containing 2 single beds, where I remained for the next 4 or 5 days, only being allowed to leave to use the tollet directly across the hall (when I would then be accompanied by my mother as I was not allowed to be left alone). They lister allowed me to go to the tollet alone in the sarrly morning as I refused to wake my mother up 2 told them I wasn't experienced at escaping from prisons & wasn't going to burt myself.

WITHOUT GOING INTO ALL THE DETAILS I WILL TRY TO SHARE BRIEFLY WHAT HAPPENED & bow they operated. First the bead deprogrammer explained why I was there, saying they weren't going to burt me, I would be given my meals & be able to sleep at night & even take a nap, etc. contrary to what we were probably told by the "cult" would happen. Undoubtedly they decided to improve a little on Black Lightning's actica. Of course, after kidnapping & trying to scare you half to death, then intimidating & badgering you continuously from morning till late at night for days, it's pretty difficult to be able to sleep in peace or eat normally, except for the Lord's grace & mercy.

THEY SAID THEY JUST WANTED TO KEEP ME THERE FOR A FEW DAYS TO SHARE SOME INFORMATION WITH ME so that I could see "the other side of the coin", & to assure my parents that what I was doing was of my "own free will". When they were finished they would let me go & I could decide what I wanted to do, & could even go back to the Family if I still wanted to (:) What a lie! I knew they had no intention of doing so in spite of their sickening, phoney self-righteous front: I reminded them of how they got me there & made it clear I was there against my will & that I didn't neve anything but that their minds were already made up & they wouldn't be estified until they got what they wouldn't be estified until th

FOR THE FIRST FEW DAYS I REFUSED
TO ANSWER ANY OF THEIR QUESTIONS or
discuss anything with them. After 2 or 3 days

& barrage of doubts & lies, I broke down & cried out of sheer anger, exhaustion & desperation, crying out to the Lord in my heart. (There were 7 of them-excluding my mother & brother--who took turns working on me from wakeup till midnight every night.) They took my crying as a sign that they were breaking my spirit & will, & making some progress. They immediately stopped their harassment & started pretending to love me up, bringing me food & drink or asome supposed treat. They also called in my mother who hugged me & cried, which grieved me even more to see how totally deceived she was & had put herself in the bands of these devil-inspired people. I was then taken out of the room for the first time for a walk outside, accompanied by most of the others in case I would try to escape.

THE DEPROGRAMMING OUTFIT CONSISTED OF THE HEAD DEPROGRAMMER & HIS WIFE, their 16 yr. old son (a blue belt in Karate & brought up in this "business" since he was 4 yrs. old), the biker, the professor, a Dutch girl in her late 20's (an exhoonle), my mother & brother, & later a backslider.

RETURNED TO THE ROOM & THE INTERROG

Moonie), my mother & brother, & later a backslider.

AFTER A SHORT WALK OUTSIDE WE RETURNED TO THE ROOM & THE INTERROCATION BEGAN AGAIN. They would always start out low key, gradually working themselves up into a self-righteous fury as they fed the fires of the deception with all the venomous lies they were spouting off to me. No ither my mother or brother were included on these essions & 1 only saw them at night or in the mornings as a rule. I slept with my mother at night with the door open & a guard sitting outside the door. They don't "recommend" that your relatives be present for these seasions as they know you might be able to get through to their hearts, possibly stopping the whole thing, & they are also smart enough to know that you won't particularily want them present either to hear all their lies which would freak them out even more than they've gotten them alout even more than they've gotten them al-

deviis & said that if i could convince them that what I was doing was of my "own free will" then she would be satisfied & happy.

AT THE TIME I BEGAN ANSWERING SOME
OF THERR SIMPLE QUESTIONS as I was so tired of their harassment & constant barrage of questions & lies. I explained that I was just a Christian & wanted to serve the Lord & chose to do this with the Family, etc. Of course they didn't stop here but continued to push me for more information with more loaded questions. I then began answering all their questions with questions, I sading them in circles. This really irritated them & made them more stagonistic as they saw they were not making any progress. When they started shouting in their ranting & raving I would remind them that they were doing so, & stopped answering any more of their questions. Some of them had to leave the room they got into such a furor was desirated and the leave the room they got into such a furor

more of their questions. Some of them had to leave the room they got into such a furor & no doubt would have gotten physically violent as well, particularly the biker. He was their main spokesman in twisting the Word to use it against the Letters, as he knew the most Scriptures.

AFTER BEING IN THE LITTLE ROOM FOR 4 OR 5 DAYS. I realised that I wasn't going to be able to get through to my mother & that they were not going to stop at anything short of their goal. I prayed desperately what to do & received the verse, "Agree with thine adversary whiles thou art in the way with him..." (Mr. 5:25, 26). I had a real battle about this as just the thought of having to agree with any of their outrageous filth made me feel sick & went against everything within me, but I knew that that would excelebility the the order to the content of the conte

made me feel sick & went against everything within me, but I knew that that would probably be the only way I could get away. I just prayed for the Lord's grace & wisdom, knowing that there was One who could outemart them all & that was Jesus!

DURING THIS TIME THE WORD CAME ALIVE TO ME LIKE NEVER BEFORE!—giving me the faith, wisdom, strength, guidance & answers that I desperately needed daily in my dealings with these people. I could not emphasise enough the importance of the Word & having it deep in your heart! I drank lots of water as the little time! I draink lots of water as the little time.

I had alone was on the toilet-during the night, & first thing in the morning before anyone discovered I was awake, I spent in desperate prayer & quietly reading my little.

New Testament which I kept in my mores.

New Testament which lost me wird just the Word that was in my heart. I was very thankful to have worked on a little Word project for myself just before this experience happened. This review of the Word had helped sharpen my sword & quickened the Word in my heart & mind more readily. TYL! It was so vital to know the Word with which to combat the lies of the Enemy. Even through that worst attacks I had the peace of knowing that no matter what they did, they couldn't take away the Lord & His Words hidden in my heart. (Romans 8:28,39):

I EEGAN GRADUALLY AGREENG WITH THEM, MAKING THEM FEEL THAT THEY WERE SUCCEEDING. as I continued to pray despersately for a way of eacape. I claimed the latter part of 1 Corinthians 10:13 & my daily prayer was to be as wise as a serpent & harmless as a dove! I was forced to listen to many tapes & writings—testimonies of backeliders, speeches, lectures & various venomous spoutings by church people, rabbis & others—including discourses on the favorite subject of "mind control".

THEY KNOW THAT THE REASON WE'VE JOINED THE FAMILY IS OUR LOVE FOR THE LORD & DESIRE TO SERVE HIM. They are thoroughly familiar with all our beliefs & Family terminology. They have most, if not all, of the Letters & publications, including some of the Volumes, & are even receiving each issue of the Mag as it comes out, fundoubtedly from some "Judas" in the U.S.). They showed me several copies of Mags including the latest issue.

THEY ALSO GLEEFULLY PRESENTED PHOTOCOPIES OF SOME OF THE HOTTEST LETTERS ON SEX, THE SPIRIT WORLD & THE SUBJECT THAT INFURIATED THEM the most, accusing Dad of being a sex pervert (the "Devil Hates Sex"), an occuliate, & hater of their beloved an II-christ Jewish brethren.

THE SUBJECT THAT INFURIATED THEM THE MOST WAS SEX & FFING. Before I New Testament which lest me with the

brethren:

THE SUBJECT THAT INFURIATED THEM
THE MOST WAS SEX & FFING. Before I
began agreeing with them, they harped on
this subject incessantly, throwing some of the
bottest Letters & Illustrations in my face, as
they furiously raved about prostitution, child
"pornography" & child sex, as well as accusing
me of being a prostitute for Dad. They told
me if I wanted to be a prostitute, fine, but not
posed the money to M.D. & especially not

a how love through sex in Jesus' Name! The biker harped on this the most (probably his weakness), giving me practically every veres in the Bible on fornication & adultery. In the beginning !'d answered them back that my sex life was my own business & they they had no business telling me what to do & with whom & what I could talk about; & told them not to talk to me about sex as !'d been a firm "believer" in it since I was II-ha!

THE FIRST THING THEY HAD ATTACKED ME WITH WAS THE WORD, trying to disprove the Bible with their churchy interpretation of the Scriptures, majoring on the epistles of Paul concerning the subject of sex. They also attacked the Letter on Abrahim,

spinues of Paul concorning the subject of ser They also attacked the Letter on Abrahim, the goddesses & spirit trips, with Scriptures on the occult, familiar spirits, wizards & mediums. As Dad said in one of his Letters, the church is so afmid of bad spirits (of the church is so stand of bad spirits (of which they have plenty) they completely discredit any good spirits including the Holy Spirit Concerning the Jews, they pleked choice quotes from Letters in which Dad blasts them for their wickedness, & they furiously defended the Jews as "God's chosen people"; (Ugh.) The Jews have really outsmarted the System church on this one:

ONCE THEY'VE TRIED TO DISCREDIT THE LETTERS by using the Bible, then they also think they've proven that Dad is a false prophet, therefore you shouldn't be following his teachings, etc.

false prophet, therefore you shouldn't be following his teachings, etc.

ON ABOUT THE 4TH DAY THEY FLEW IN FROM THE U.S. A BACKSLIDDEN SISTER NAMED SURETY (now June). She'd joined in Spain then went to India where she lett with her husband because of Ffing. She was eager to give me a Bible class supposedly disproving that Dad was God's Enditme prophet, as well as sharing her own backsliding testimony WHEN THEY WERE FAIRLY CONVINCED THAT I WAS ON MY WAY TO BEING SUCCESSFULLY DEPROGRAMMED, my having agreed with them thus far, they now wanted signs of betrayal to back up my denial. They asked a lot of questions about Dad & if I knew any other "leaders" & their whereabouts, as well as the location of any WS units, etc. I answered all these questions with. "I don't know." Their primary purpose was to personally deprogram me (for which they were

mation they could in the way of betrayal, also asking me to write down my "thoughta".

IN THE BEGINNING I'D MADE A POINT OF ASKING THEM HOW MUCH THEY WERE MAKING FROM MY MOTHER FOR THIS. They selfrighteously denied they were making profit but rather that they considered this their "ministry for the Lord". As Jesus said, "Yea, the time cometh, that whoseever killeth you will think that he doeth God service." (does 16:2).

"Yes, the time cometh, that whosoever killeth you will think that he doeth God service." (John 16:2).

THER NEXT MAJOR STEP WAS TO THOROUGHLY INDOCTRINATE ME IN WHAT THEY CALL "MIND CONTROL". They cite various scientific experiments & examples from history & the present (including Communism) which they say "prove how through psychological methods your freedom of choice can be taken away without your even knowing it, & you can be made to think, behave & react according to the will of others."

I HAD TO LISTEN TO VARIOUS TAPES & WRITINGS ON THIS SUBJECT, culminating with their prize book entitled something like "Psychology of Mind Control & Totaliem" by Cliffon Wurr. This book was written about Communist China & their methods of brainwashing & mind control. The deprogrammers use chapter 23 of this book as their "bible". This chapter explains the 8 steps of mind control, it is very intellectually written to appeal to people's minds. (Ro. 8:7). The professor led this part of the deprogramming as he was the intellectual of the group. He doesn't claim to be a Christian & even disagrees with the others on the subject of sex.

THE BACKSLIDER WHO WAS PRESENT FOR THIS "STUDY", was thoroughly familiar with this doctrine & eagerly provided example with the other in the subject of sexample.

THE BACKSLIDER WHO WAS PRESENT
TOR THIS "STUDY", was thoroughly familiar
with this doctrine & eagerly provided examples
of how she thought it was applied in the
Family. How convenient for a backslider to
accept this doctrine thus excusing themselves
for their sins & backsliding by not having to
take the responsibility for any of their own
choices in the Family & why they made them!
Undoubtedly it is the only way that some of
these backsliders can live with themselves.
IT WAS SO BLATANT THAT THESE SAME
METHODS THAT THEY WERE ACCUSING
THE "CULTS" OF USING, were the very
same once that they were employing in
deprogramming, just as the System does
through its music, advertising, news
media, businesses, churches & almost every
aspect of life. What it comes down to is con-

trolling the minds & spirits of those not filled with the Lord & His Spirit & protected by the knowledge of the Truth in His Word. TTL that we can "try the spirits whether they are of God..." (I John 4:1).

BY THE TIME THEY FINISH THEIR DE-PROGRAMMING they have contradicted everything they've said & done, exposed themselves & their methods & undermined every principle in the Bible. As Dad said, If you give the Devil enough rope he'll hang himself!

THEY DO NOT PERISECUTE THE MORMONS, JEHOVAH WITNESSES OR OTHER LARGE "CULIS" which are bigger, more powerful & have been around too long for them to pick on. They do not consider these "destructive" as they do us, defined as those using "mind control". However they've even had Jews come to them asking them to deprogram relatives that had converted to Catholicism! However these particular deprogrammers do not mess with the big religions.

AS THEY BECAME INCREASINGLY CONVINCED OF THEIR SUCCESS WITH ME. they

relatives that has converted to Carbolicismire However these particular deprogrammers do not mess with the big religions.

AS THEY BECAME INCREASINGLY CONVINCED OF THER SUCCESS WITH ME, they gradually gave me more "freedom" & lees mental badgering, —only an hour or two of "study" a day. I was now allowed to walk about the house freely, eat meals at the table with everyone else, go outside, etc. They also began initiating their process of "rehabilitation" by getting me involved in different activities which were supposed to help me get back into "normal" life. They took me swimming, playing tennis, on outings & for meals out, etc. (which was definitely better than being locked up & tortured). During this time I talked to some of them, getting to know them & learning about them personally. I slearned to start "loving my enemies" & I honeatly felt a real pity for a few of them who seemed sincerely deceived, but pray that the Lord delivers them from their wickedness one way or another.

AT THIS POINT I ALSO HAD A FEW OPPORTUNITIES TO ESCAPE, but was desperately praying for the Lord's hest opportunity, as an attempted escape that failed would probably have landed me in a worse situation maybe even than I began with, Getting to know them personally & showing them some love, as well as not having yet tried to escape, probably won more of their confidence.

I WAITED FOR THE LORD'S TIME & IT CAME when most of the group had dispersed

I WAITED FOR THE LORD'S TIME & IT

CAME when most of the group had dispersed
& I was left with my mother, brother & the

head deprogrammer & his wife to return by car to the city in which I lived, where they needed to get a train to leave the country. The day before they had informed me that I ould be sent to a rehabilitation center" for ex-cult members in the state of Iowa, upon our arrival in the U.S.

would be sent to a "rebabilitation center" for ex-cult members in the state of lowa, upon our arrival in the U.S.

UPON ARRIVING BACK IN THE CITY IN WHICH I LIVED, WE WENT TO THE TRAIN STATION so they could buy the train tickets & do some business. The head deprogrammer went to buy the train tickets while my mother is brother went to change money, leaving me alone with the head deprogrammer's wife.

This was the time I'd been waiting for, so I got up to throw away a piece of trash & slowe by started walking away. When the woman recognised what I was doing I took off out the door & away from the station along the tracks, running for all I was worth!

I THEN CUT ACROSS THE TRACKS BE-TWEEN TRAINS looking for a place to hide, & ended up locking myself in the WC of a deserted train. I stayed there for an hour before running across the remainder of the tracks & into the back of a building, which turned out to be a Post Office.

BY AN ABSOLUTE MIRACLE OF GOD, IN MAIRED 2 BROTHERS FROM MY HOME whold been doing some business in this huge main train station & came to this very same Post Office where I was! Hallelujah! Upon seeing me, they quickly rescued me & took me Home. TIJ! A real answer to mine & the Family's desperate prayers for my deliverance. PTL. Who hath delivered, doth deliver & will yet deliver!

THE DAY I WAS KIDNAPPED, by a complete miracle I'd left my passport & other ID at Home & didn't have any addresses, tel. numbers or anything that could've pinpointed my Home's location. If they'd have tried to take me out of the country (especially overseas) they'd have had big problems seeing I had no ID.

BEFORE MY ESCAPE, THEY'D SHOWED ME A LARGE STACK OF PHOTOS of young people (that they'd successfully deprogrammed) with their parents, etc. The majority of these were Jewish and/or from prominent or wealthy families. The head deprogrammer mentioned some wellknown names, including the Dupont family, whom John Todd listed by name as one of the "500 wealthest persons in the World" making up part of the pyramidical s

is just another one of the Lord's ways of getting us to move in obedience to what He's already told us to do. If you don't get out while you can now, you may not get a chance later. These deprogrammers are operating freely in the U.S. & are also very active throughout Europe, particularly Holland, Germany, Spain, England, France, italy & even Switzerland. PLEASE BE SURE TO FOLLOW THE GUIDELINES IN THE LETTERS ON SECURITY in order to protect your Home, family & ministry from such persecution. "Be ye therefore wise as serpents, & harmless as doves." (Matthew 10:16), These people "usually arrive a week or two before a "in relative is scheduled to arrive, & will set up & watch your Home & get to know your schedule if possible.

1 PRAY THAT THIS TESTIMONY WILL BE A BLESSING, HELP & WARNING, & that others will profit by my mistakes as well. The main mistakes as well as lessons learned were:
"The unguarded moment—thinking that it couldn't happen to me thereby leaving a place for the Enemy to get in & have it happen.
"Letting the Enemy distract me from the Lord's Work—compromising my convictions in letting my concern about my flesh family override what I knew was best for the Lord's Work—compromising my convictions in letting my concern about my flesh family override what I knew was best for the Work. PREACHER, POET, SONGWRITER, AUTHOR & GREAT MAN OF CODD-Martin Luther taught that only faith could lead to eslivation & he had to fight the good fight of faith all his life to continue preaching this new doctrine, which was strongly resisted by the Pope & Catholic Church & led to his excommunication. He then went on to translate the New Teament himself into the language of the people so that everyone could read the truth, & he was real rebel against the church system of his day - who were the real rebels against Godi He rejected ceilbacy & married a former nun who'd also rejected ceilbacy & they continued faithfully witnessing until the day he died at the age of 65, Luther was a prolific writer & his writings truly helped to change the World of his day, & many of the truths he wrote about in the Middle Agen hold just as true today! The editors of that translation why there was such a delay in the translation & give a little background of the book: When we set out to find the book in its original language & when we proceeded to have it translated, we were shocked & assaced at the interference we sncountered from a wide variety of sources. Two different translations were made the victims of intimidation, & only after a rather drastic experience were we able to complete its translation in spite of its brevity. In effecting the translation of this work we became increasingly convinced that a well organised plot to keep this book hidden exists."

"LUTHER'S EXPERIENCE WITH THE JUNG WAS VERY DISAPPOINTING. He spent many years trying to convert these. Like St. Paul, he gave the Jews the first chance at the Gospel, but concluded in later years, as the reader will about the reader, but it is our business to give you the words of the Referrer just as he wrote them, & not on the basis of our agreement or disagreement. Regardless of any other purpose that this translation may

original language may be found in Martin Luther's works in the Congressional Library, Washington, D.C., & in any one of several Lutheran seminaries."

NOW WE RAVE LUTHER'S OWN INTRODUCTION TO HIS BOOK: "I had decided not to write anymore, mether of the Jews, nor against the Jews. Because I have learned, however, that those miscrable, wicked people do not cease trying to win over to thempelves us, that is, the Christians also, I have permitted this booklet to go forth that I might be found among those who have resisted such poisonous undertaking of the Jews, and have warned the Christians to be on their guard against them. I would not have thought that a Christian would permit to be fooled by the Jews to share their exile & misery. But the Devil is the god of the World, and where God's Word is not, he hase easy sailing, not only among the weak, but also among the strong. God help us. Amen."

LUTHER GODS ON TO SAY, "It is not my intention to quarrel with the Jews or to learn from them how they interpret & understand the Scriptures, I have known all that before. Much less do I intend to convert the Jews. For that is impossible. Nor does it do any good among the Jews everywhere, and they have generally become worse. Also, because they became so hardened to visitations, that they do not want to become conscious of their terrible dilema, that they have now been in exile for over 1800 years, & cannot yet see an end or definite time of relief through ferrent, eternal crying & acressing to God. If visitations do not help, we might as well figure that our talking & interpreting will help much less."

"THEY HOLD ONE PRINCIPLE ON WIUGH TREE IEFEND & IN WHICH THEI TRUST SO MUCH. That is, they are born of the highest people on earth, of Abraham, Sarah, I seac, Rebecce, Jacob, etc. We (Goyia) heathen are not human beings in their sight, but hardly worthy to be regarded as worms. For we are not of that high, noble blood, birth & descent. Therefore God must effer them in their schoole, prayers, songs, doctrine & entire life - t

the Old Testament they lost many a battle on that account. All prophets have chided them because of it, for it is a proud carmal assumption without spirit & faith, but they have also been sundered & persecuted because of it. They are boastful, proud fools who to this day can not do more than to praise themselves because of their nobility & blood, praise themselves abone & despies & condean the whole world in their schools, prayers & teachinge, yet they imagine themselves to be standing before God as His dearest children!"

INTER CONTINIES IN A LITTLE STRONGER LANDAGE, "Our Lord also calls them 'vipera.' In John 8139! "If ye were Abraham's children, ye would do the worke of Abraham." were used in the port." "This was unbreamble for them, that they should be the children of the Devil, as they cannot bear it yet. For if they would have to give us this foundation (Abraham's children), everything they have built upon it would have to fall."

To it so or not, I know full well that the full, ready will is not lacking with them if they could only transform it into deeds, in secret or openly. Should they at times do something good, know full well that it is not done out of love for you, nor for your good. In order to have space to live among us they must of necessity do something. But their heart reading as I have said, "IN SECRET THEN CURSE THE CRISTIANS. They strengthen their faith & bitter hatred against us by saying among themselves, "Keep on, see how God is with us & does not foreake His people

Do not their Talmud & Sabbis write that it is no sin to kill if a Jew kills a heathen, but it is sin if he kills a brother in Israell It is no sin if he does not keep his oath to a heathen. Therefore, to steal k rob (as they do with their usury) from a heathen, is a divine service. For they hold that they cannot be too hard on us nor sin against us, because they are the noble blood & circumcised saints, we however, cursed Goyim."

"INCIT TAMAND (MOLT EXOX IS MONS THAN HEAVIED PHILOSOPHI, Even the heathen poets & philosophers write such sore honourably. INTER PRIMED MITH HIS RECOMMENDATIONS CONCERNING THESE TROUBLEMAKERS, the first being that no more synagogues be permitted. He said, "If God would say to us now or on the day of Judgessent, 'Do you hear, you are a Christian & know that the Jews openly blaspheed & cursed He & Hy Son, & you gave them a place to do so, also protected & guarded them so they could do so unhindered & unpunished in your country, city or house! 'Tell me, what shall we answer the Lord?"

"MATE HILD-HEARTED & GENTLE CHRISTIANS WILL BELIEVE I AM TOO RICOUROUS & drastic against the poor, afflicted Jews, believing that I ridicule them & treat them with too much sarcame. By my word, I am far too week to be able to ridicule such a satanic breed. I would fain do so, but they are far greater adepts at mockery than I & possess a god who is master in this art - it is the Evil One himself."

"IF THEY COULD KILL US ALL THEE WOULD GLAME. D SO." In fact many of them murder Christians, especially those professing to be surgeone & doctors. They know how to deal with medicaments in the sanner of the Italians - the Borgias & Medicis - who gave people poison which brought about their death in one hour or in a month. Ve'd like to share a few testimo-nies of how the Lord helped us to make our great escape.

nies of how the Lord helped us to sake our great escape.

We were living in Geneva and wanted to stay there as long as possible for the FP'ing, but when we heard WS and the VS's were getting ready to leave, we decided it was time for us to go too.

We had already our fares and most of our landing funds so we got busy writing letters to our fish, friends and families for HS. TTL, we got some very good res-

got some very good responses from many of the poness from many of uses and now have plenty of RS to keep us going.
We already had a VCR and a TV and prayed the Lord would supply the runds for a camera.

The next day, 2 fish of sine were in town and they helped us with the funds for the camera. GBT!

We had a very good home in Genera so we decided to stay together: Isaiah and Christina and our 3 children, Harina, Pandita and her sa and in addition, a sweet french brother, Frank. Pandita and Frank had a burden to

We had claimed a miracle from the Lord for the VCR, the TV and the camera, as we did not want to declare

rere a great asset as the custom officials just laughed with them and didn't care about our luggage. They just let us pass with no question and no check at anything. A total miracle!

A couple things we'd like to share about it is that we were carrying our VCR and TV in normal big shoulder and hand bage and se it didn't look like anything special.

Also Pandita had mentioned to us they had asked her at the custom if she had a tare measure. So we well and the faith to come! CBT Dad and they had asked her at the custom if she had a tare measure.

Key Lessons Learned By LOVING THE LORD FIRST!

Ammi, Thailand: Here's a little testimony of how taking time to hear from the Lord & putting Him first or how taking time to hear from the Lord & putting Him first brought astounding results. Our home of 2 sisters, 3 brothers & 2 children had been together for about 3 months when it seemed like too many little things were going wrong around the house. the refrigerator broke down, the drain kept getting clogged, we couldn't find a laundry maid, the bathroom leaked, the landlord forgot to send out payment to the telephone co. so they cut us off, etc, etc. We were faithfully litnessing & tithing & all quite busy for the Lord so we came to the conclusion that we weren't spending enough time in fellowship & listening to Him

fellowship & listening to Him

So we set one night a week aside for an absolutely mandatory home meeting complete with Mo Letter reading, prayer & hear from the Lord. And from the v

spoke! One of the first things
He told us was that we ought to
be bearing lasting fruit - new
disciples - & that we would if
we obeyed. In the following 2½
months He sent us 3 new disciples - all beautiful Thai sisters!

Miracle was the first to join. Charity met this love Leo while out litnessing at one of the busiest bus stops & invited her to our Sunday

Fellowship. She came that Sun-day & got saved & spent the night at our house. When she heard that Charity & Peter were heard that Charity & Peter were going on the road the next day she asked to go with them & decided to join a few days later! She was raised a Buddhist, a university student, but is really growing in the Word & is such a faithful witness!

Shortly afterwards Peter &

Shortly afterwards Peter & Chris met our sweet Eve while they were litnessing & invited her to visit. It turned out that she actually lived & worked on our street & had seen us distributing before but was too ed on our street a nad seen us distributing before but was too shy to talk to us! Eve was al-ready a Christian & had learned a bit about Jesus in her church but upon meeting us & seeing our way of life she wanted to Sjoin right away. As soon as we all got back from our 3 day

The next to make the decison was pretty Patchara. Jonthan had met her months before while litnessing at a shopping mall. She visited often & always brought many of her friends to

Sunday Fellowship & Bible studies. We all felt that she had tremendous potential but won-dered what it would take to bring her in all the way. The Lord soon made it clear by giveing her & Chris a special love for each other & it wasn't many days before she moved in with

All of the girls have been a real blessing to our home & a great help at our Fellowships, road teams, provisioning, lit-nessing & even recording for the Thai MWM show!

the Thai MWM show!

As for the little household problems: the drains are cleared, we got a bigger & better refrigerator, the landlord remodelled the bathroom, the Lord sent us a terrific maid, & we not only got the use of our phone back but an additional upstairs extension that we really needed! So we really learned a good lesson about God first! "When we pray, things will happen & things will be different." GBY! WLY!

16 Health Emergencies and What to Do First

Every year, thousands of people are confronted with life-threatening emergencies. Many die when they might have been saved by proper treatment given in time. Here we present some common life and death situations and advice on how to handle them. In each instance, it is assumed that medical assistance has been called or will be as soon as possible.

Condensed from Family Circle THOMAS J. MAJERSKI

Abdominal Pain

Your child complains of a tummy ache. His stomach seems hard and is tender to the touch. He's also nauseated and slightly feverish.

The first major symptom of appendicitis is usually discomfort throughout the abdomen. Put your youngster to bed and apply an ice pack to the affected area. Give him nothing to eat or drink before you consult the doctor. Food or drink may increase the risk of rupturing the appendix and cause the situa-tion to become critical. Do not give laxatives for any type of abdominal pain.

Asphyxiation After being rescued from his burn-ing house, a neighbor is unconscious from smoke inhalation.

To administer mouth-to-mouth resuscitation to an asphyxiation victim, first open the victim's air pas-sage by tilting his head back and lifting his lower jaw. Next, pinch his nose closed. Then blow into his mouth hard enough to make his chest rise. Continue resuscitation at

the rate of 12 breaths per minute.

Don't despair and give up too soon. There have been times when victims were revived after hours of

rescue breathing.

Dog Bites

An unknown dog attacks your little girl and bites her leg.

Consider any dog rabid until

proved otherwise, and act fast. Rinse the bite under running water to remove the dog's saliva. Next, use gauze to scrub the wound with

FAMILY CIRCLE (OCTOBER 13, '81), @

soap and water. Cover with a sterile dressing. Also, try to have the dog caught and tested for rabies. Burns

2. Mil.

While lighting the gas grill at a barbecue, your host is severely burned.

For minor burns, there are a number of remedies: pouring ice water over the burned area, apply-ing ice packs or moistened compresses, removing adhered clothing particles to prevent infection, or disinfecting the burns with an antiseptic spray. But third-degree burns, the deepest kind, are critical and should be treated only by professionals-promptly. In these cases, cover the burned area lightly with a non-adhering dressing or freshly laundered sheet. Thirddegree burns are easily recognized by their charred or white appearance.

Chest Pains You and a friend are out jogging. Suddenly he becomes short of breath and complains of agonizing pain in the center of his chest.

Put him in a reclining position at approximately a 45-degree angle. If the pain is severe and persistent, and especially if it radiates to the shoulders, arms or neck, you may be dealing with a heart attack, Call for an ambulance.

Choking

Your lunch partner suddenly gags on a piece of meat.

Ask him if he can speak. If he can, air is getting through and he may be able to cough up the obstruction on his own. If not, give him four sharp slaps between his

vomiting. It may cause further in-

jury to the esophagus. Read the

first-aid recommendations on the

shoulder blades with the heel of your hand. Don't try to dislodge the obstruction by hand, or force a drink down his throat. If his throat remains blocked, quickly use the Heimlich Maneuver: stand behind him and wrap your arms around his waist. Make a fist with one hand and place the thumb side against his abdomen, between the rib cage and navel. Grasp the fist with your other hand and press with a quick upward thrust. Repeat until the obstruction is dislodged. Cuts

Your husband cuts his arm on a tool and starts to bleed copiously.

Remove rings and wristwatch. Elevate the arm above the heart, then apply pressure directly on the wound. Unless a major artery is cut, bleeding can usually be controlled by direct pressure alone. If not, press the artery on the upper inside of the bicep. (For wounds of the legs, the pressure point is the artery on the upper inside of the thigh.) A tourniquet should be used only when all else fails, since it cuts off all blood to the injured part and may cause permanent damage. Diabetic Crisis

A diabetic relative begins sweating, trembling and acting confused.

Do not give him an injection of insulin or dose him with other diabetic medication. His condition is probably the result of too rapid a drop in his blood-sugar levelcaused, usually, by too much insulin's being taken. Try to raise the blood-sugar level by giving the vic-

condition, is characterized by cool and sweaty skin. Place the victim in the coolest spot available, give her water or orange juice, and apply cool, wet towels to the head.

Unconsciousness You find a co-worker slumped over her desk, unconscious.

Treat the problem according to

her appearance:
• Red unconsciousness: Red or flushed face and strong pulse. Place the victim in a supine position with her head and shoulders slightly raised, and apply cold compresses

to her head.

• White unconsciousness: Pale face and weak pulse. Gently place your co-worker on the floor, with her head slightly lower than her

body, and keep her warm.

• Blue unconsciousness: Blue lips or face, weak pulse and shallow breathing. Give her mouth-tomouth resuscitation.

Many of us "freeze" when faced with a crisis. Why not save these pointers and place them where they'll be immediately available?

Electric Shock
A live outdoor telephone wire

It's urgent that you break his body contact with the current, Use a dry board or branch to remove the wire, or hook an article of your clothing around your friend to pull him away from it. Grabbing him by his clothing or shoes could jeopardize you because he may be a conductor of electricity. Be sure that whatever you use is a dry nonconductor, and that you are standing on a dry surface

If you cannot feel your friend's pulse, mouth-to-mouth resuscitation in combination with cardiopulmonary resuscitation—popularly known as CPR—may be necessary.

Auto Accidents You're the first to arrive at the scene of a serious automobile accident.

Do not move victims unless it's absolutely necessary for their safety. Keep them calm and comfortable. If a victim is bleeding from the ears, nose or mouth, he may have a fractured skull. By keeping him still, you'll reduce the chances of further bleeding, or of otherwise aggravating his condition. If he is experiencing tingling or numbness in the legs, suspect serious back or neck injury, in which case any unnecessary movement could cause paralysis or even death.

Unless you suspect a broker

neck, treat breathing problems by carefully tilting the victim's head back to open his airway. If possible, treat bleeding, burns, shock and unconsciousness with the methods rec-ommended elsewhere in this article. Hypothermia

Walking back from a friend's house your daughter is caught in a snowstorm. She returns home numb and

shivering violently.

Lose no time in raising her body temperature. Remove and wet clothing and place her in a tub of warm—not hot—water.

Warm her internally, as well, with non-alcoholic drinks. Watch her breathing closely, and administer mouth-to-mouth resuscitation if necessary. Get her to a hospital if she becomes unconscious.

Near-Drowning

You've just pulled a drowning boy from the water. He seems to have stopped breathing, but you can feel a faint pulse.

Once you've cleared his air passage, immediately begin rescue breathing. Valuable time is wasted you try to remove swallowed

water before starting resuscitation.
Poisoning
Your three-year-old has just swallowed some furniture polish. He indicates that his mouth burns.

Burns around the mouth (along with stomach cramps) are common symptoms of acid or alkali poison ing. Always dilute these poisons by giving the child several glasses of milk or water. This will slow the

Report On Herpes!

Written by Shom & Zeel; SEA VSe:

We would like to share with you a few things we have learned about Herpes Simplex, a reoccuring affliction caused by a virus called herpes virus hominis. We are writing this because this virus seems to be affecting a lot of brethren-at least here in S.E.Asia. Sometimes brethren are totally unaware that they have anything as the symptoms aren't always obvious or painful. Often you feel slightly uncomfortable or a bit of 'irritation' which you could attribute to 'over doing it'. It is especially tricky in that by the symptoms coming and going so quickly, you believe it to have been 'nothing'. As a result, you can unknowingly pass it on to others.

There are 2 types of hermes

you can unknowingly pass it on to others.

There are 2 types of herpes generally referred to as simply Type 1 and Type 2. Type 1 affects you usually above the waist and generally limits itself to the face but it can be spread to the genitals. It is primarily responsible for cold sores or fever blisters. Type 2 affects the areas below the waist and most often the genitals, buttocks, and thighs. Although the 2 types are differentiated by their location on the body, it is possible to develop a Type 1 infection on the genitals, just as it is possible to have a Type 2 infection on the mouth or face. This usually happens thru oral sex or by touching the infection and spreading it to another part of your body. There is a difference between the 2 types, but it isn't visibly noticeable. A doctor can do a culture test to determine which type you have.

To make sure that your doctor diagnoses you accurately, see him when the Herpes is in the blister or open sore stage—don't wait until it begins to heal and dry up as the tests require the virus to be active. Visible evidence is not enough. The following tests should be made: Trank smear—a sample of the fluid is taken with a cotton swab and smeared on a glass slide which is then stained and put under a microscope for examination. If Herpes is present, there are noticeable changes in the nuclei of the cells. Examination under an electron microscope can confirm a diagnosis within minutes. A culture test can also be done which takes a bit longer, but is more accurate.

So far, the system hasn't found a 'cure' for herpes. Antibotics are ineffective because it is a virus. They are doing tests and recently Shem heard a report on the radio mentioning a medication called Adonozine Methyl Phosphate that is in the testing stage. It is a natural Chemical found in the body, but it's level is very low when herpes is active. When the sores were treated with this chemical, they did not reoccur. This medication is still in the testing stage, and not on the market yet, however it may be an answer to Maria's prayer for the system to find a cure for Herpes. PG: Herpes. PG!

Herpes often starts with a 'raw' feeling and then de-

velops into a small red lump or bump which becomes a blister or pimple. You can have I or several of these blisters singularly or in groups. Usually the blisters break and ooze a clear fluid leaving an open sore which soon dries up and goes away. An attack of Herpes lasts a few days to a week, although your first bout with it can last up to a month. Girls often find it reoccurs just before their monthly periods because your body temperature is raised somewhat at this time and doctors feel there is some relationship between a rise in body temperature and the virus reoccurring.

Precautions: Never kiss or have oral sex with a person who has a cold sore or fever blister on their mouth. The reverse is also true—never kiss or have oral sex if you have a cold sore. Once the cycle has run sits course you are not contagious. Don't make love to anyone with unusual swellings, blisters, or sores on their genitals, and if you have such sores don't make love until the cycle is finished. Be careful not to spread the fluid from these sores to other parts of your body, and be especially prayerful not to spread it to your children.—Keep your towels separate, wear underwear to bed and wash your underwear separately. Obey God's health laws and keep your resistance up with good food and plenty of rest. Pray!

These are just some of the 'facts' we have gathered a-

or rest, Pray!
These are just some of the 'facts' we have gathered about Herpes, but we also know God can do miracles and 'heal us from all our diseases'! We know of individuals completely healed thru desperate prayer—so God is on the throne and prayer changes things! PG!

Please pray for others who have Herpes, too. We want to emphasize, too, the need for regular check-ups for afflictions especially if you are doing a lot of FFing and ESing. These check-ups can do a lot to prevent unnecessary spreading of afflictions. Be prayerful in choosing a doctor, too, so that He can lead you to someone who will give you an accurate diagnosis. Sometimes in Asian countries we've run into problems with doctors misdiagnosing your problem. It's often good to get a diagnosis confirmed thru another doctor if you're not sure of the diagnosis. "So if you have any kind of unusual symptoms, an extraordinary variation in your period, any kind of bleeding or discharge that's not normal, any vaginal itch or irritation or blisters or sores or soreness, anything which is not normal and comfortable, if you have anyning at all that is at all questionable whatsoever, so all love making immediately and go straight to the doctor as fast as you can can and get diagnosed and treated—and pray!—Amen?"—HL #569:139 Remember, too that "cleanliness is Godliness" and to follow Dad's rules on being clean with sex. See "The Catch" MI#555:55-92 as well checking Index for further references on the subject. GB dear Dad and Maria for their concernatives all in the Letters, we just need to be faithful to follow them closely. TTL for all our faithful FFErs who pick up these afflictions in the line of duty—MLY! GBAKYA in His love! We pray this is a help. But the good news is that most of us are able to drink moderate amounts of it without any harmful effects whatsoever, because our bodies have the ability to detorify toxic (hermful) substances within limits.

WHEN ALCOHOL REACHES THE STOMACH It is in virtually the same chemical form as when it entered the mouth & it doesn't have to wait around, the way other

foods do, until the gastric juices break it down into a simpler form. Some alcohol, about 20% of what enters the atomach, is immediately absorbed. 3. Sip don't gulp. The quicker you drink, the more likely you are to have
an adverse reaction - usually the morning after!

4. Don't drink when you're not feeling well

5. Always know what you're frinking, Avoid nome-brewed alcoholic beverages.

6. Don't wix alcohol with drugs.

7. Morset the 'one for the road'!

8. No easy after you've drunk more than usual - give yourself a few alcoholirse days before you reduce your normal drinking patterns.

9. Be honest with yourself. Know when you've had too much!

Watch what you drink - that rum & gin mized with fruit juice may seem harmless enough when you drink it but it carries just (as much punch as a mertini!

to seek shelter during wWII (I was 4 years of when our country, Norway, was occupied).

I knew going south would bring a great shang in climate, food & living conditions. But little did I realize that the spiritual battle would be like a heavy war!

The flight went so well & this place is just gorgeous! The people here are so simple, friendly & full of smiles, & it seems like they all more with the nature, take time to live! It is just created for videoing here with flowers of all kinds & colours, palmires, elephants, you name it! - And we love it! - However...

When I arrived - in spite of all the beauty, security & challenges here - I felt very troubled in the spirit. People here lit fires on their properties in order to keep to the minimum the chances of having big damaging fires. But when we arrived, there had been fires lit around the property which we here, which were totally uncontrolled, at the day before we came, the whole mountain side closs to our our house burned down & the brethmen that were here cut all the grass around the house to prevent it from spreading.

One of the first mornings as I was walking around in the nearby area to get to know the place better, I came to an empty (I thought) house, and as the door was open, I went in. What I was next to see was things I thought belonged to the past. I had entered a temple & there were about 20 different evil-looking figures standing on an altar. I suddenly felt as if I was 2-3000 years back in history & with a prayer from wheart, resisting the dewil I maded on:

24. "IO 'DISAPPEAR' MEANS TO MAKE IT IMPOSSIBLE FOR OTHER PEOPLE TO INVADE YOUR FRESONAL MORLD OF FREEDOM. Since most such invasion is by means of electronic data gathering & cross-referencing, you must be able to short-circuit these procedures effectively. Thanks to computers & credit cards, virtually everyone has lost his privacy. Resorting to methods of disappearing are really the only feasible ways of evading what amounts to electronic control of your life."

25. THE AUTHOR ADVOCATES THAT THE MOST EFFICIENT MAY of disappearing is to establish an "alternative identity", allowing you to "disappear" & be "reborn" at will. This enables you to leave your past record behind, a record which by incrimination can often condemn you to a life of second rate opportunity & social ostracism (such as someone who has been dishonourably discharged from the military, served a jail term, or is a known religious fanatic!).

26. "IT BECOMES EASILY UNDERSTANDABLE MY SUCH A FERSON SHOULD BE WILLING & MIXIOUS TO SCUTTLE HIS LABELED IDENTITY & take on another. 7. DISAPPEARING S. 29. "A CARDINAL OPERATING PROCEDURE IS TO NEVER ESTABLISH A LINK BETMEN THE NEW & THE OLD. Use blind addresses, aliases & other covers to screen any transitions that might involve your past. Time delays work well in your favour, the longer the better."

7. 30. CARS: "IT IS GENERALLY POSSIBLE TO TRACE A PERSON THROUGH HIS VEHICLE REGISTRATION, so be sure not to send in a change of address if you plan to disappear. When it comes time to pay registration fees, either sell the car outright, or arrange to sell the car to your new 10, which can often be done through the mail. (Countries such as Britain have a master computer in which is stored vital information on each registered car owner.) Your driver's license is also an easy way for anyone to learn about you, a copy of which any investigator has no difficulty in obtaining.

7. 31. "THERE IS A NATIONAL CLEARING HOUSE FOR VEHICLE REGISTRATIONS, which means a particular vehicle, if properly registering the car in the name of a business would be another ploy to consider, or a two stage dummy sale, especially if one of the transactions took place in another state. The registration of all personal property such as caravans should be considered in the same light.

This is a great way to 'get lost' & leave your old identity behind."

51. CONCERNING DMELLINGS, ME MOULD RECOMMEND INAT A GOOD SOLUTION IS TO RENT SHORT TERM FURNISHED & EQUIPPED HABITATIONS. These generally require less registration, & often, if you look presentable, the owner or agent will not even ask you for identification, allowing you to use an alias.

52. OTHER ADVANTAGES ARE THAT THE PHONE & UTILITIES ARE ALREADY INSTALLED IN THE OWNERS NAME, & in some cases you can even receive mail in the absentee landlord's name, allowing you to live virtually anonymously. If you rent short term, you can avoid potentially embarrassing questions such as where you work, or if you have a visa, as it is perfectly understandable to be a tourist on vacation for a few months.

Many would-be paper trippers are completely unaware of what mail forwarding services (MFS) are and how they operate. A good MFS, or a series of them, can be the vital link in communications

The idea of a MFS is really quite simple. With full blessings of the U.S. Postal Service these private firms allow you to receive mail at their address, actually letting you use their address as your own. They in turn will either hold it for you to pick up later or forward it onto the address you give them. You do not need to tell the post office anything about this arrangement. If your mail is properly addressed--with the address of the MFS--the carrier will deliver it.

The many other services a good MFS can do for you are little short of amazing. Once you set up an account, usually at the rate of \$5 per month plus an initial postage fund of \$2-3, the MFS is ready to receive your mail. Almost all MFS will allow you to use any "code" name(s) you wish, and will forward onto you under any other name(s) you wish, also. Unlike the Postal Service, they will forward to a P.O. box, even out of the country. All they require is sufficient funds to cover postage. Virtually any communication requiring secrecy, anonymity, subterfuge, confidentiality, perfect for handling through a MFS.

For the extra-cautious types, all MFS will "remail" your letters from their address (with a different postmark) if you send them your letter properly stamped and addressed. This is a good method for throwing off creditors and snoops, who will not be able to tell by the postmark where you really

This is a good-looking ID card that can be obtained merely by having a valid driver's license (any state), two passport size photos, and paying \$3 at an office of the A.A.A. It's valid for one year; and applicants must be 18 or older. No driving testis required. At home it makes an excellent second or third piece of ID.

The ALIAS -courtesy 'THE PAPER TRIF Aliases are what we might term "unofficial" names. They are informal names that a person uses in his daily life, while retaining his original, legal name for his records and official business. They resemble "stage names", or "nomes-de-plume" (pen names) that many entertainers and artists use in their work. Your "public" may know you as "Johnny Cool", but your driver's license says you are "Ignacz Vizirgianakis".

It's perfectly legal to adopt an alias, so long as you do not intend to deceive or defraud anyone by using it. In effect, you can call yourself by any name you choose, but unless you go to the trouble of having your records changed over to the new name, it will remain only an alias, an "AKA" ("also known as" in police jargon). It could prove to be embarrassing or positively detrimental in certain social situations, should the question of who you really are be raised. An alias, at least for non-entertainers and non-artists, still retains the aura of a device used only by fugitives and gangsters and other underground low-life.

Ordinary users of aliases would probably utilize them best in a "situational" context. Rather than passing themselves off publicly, they could use their aliases privately, as in ordering merchandise by mail, or setting up their subscriptions, telephone and utility accounts. If you do not set out to defraud those to whom you give your alias, or "fictious name", they could really care loss. Pay your bills and they will always be happy.

PERSONAL COMMUNICATIONS

-courtesy 'PRIVACY Pub.1977 Eden Press There are two types of communications between individuals: personal and impersonal. Obviously, the greatest degree of secrecy in any kind of communications effort is afforded by impersonal communications. However, to develop a workable organization, personal contact must be made occassionally.

In making personal contact with another individual, the meeting place and time should be varied. Obviously, two people getting together under General Sherman's statue in the park every other night at 9:00 o'clock would eventually attract the attention of police and counterintelligence forces.

Most meetings should be held in the evening, since investi-gative agencies are inclined to concentrate their main efforts during regular working hours.

Personal meetings should be as short as possible. Oplaces to meet would be in crowded streets, parks, sports fields, restaurants, theaters, libraries and museums.

When leaving home for a meeting, the individual should check for surveillance. Often, this is difficult because, if a person is involved in some anti-corporate-state activity, the people watching him will be well trained in tailing. The old movie cliche -- where a person is followed either on foot or by a plainly visible car -- is hopelessly out of date. Today, with modern equipment, an individual could be tailed; and the victim would perceive no visible evidence. All the tricks of riding up and down elevators and looping cul-desac streets just will not work. For example, a person could have an FM transmitter attached magnetically to the bumper of his car; his whereabouts would always be known.

When meeting with someone you have never met before, the identity of each should be confirmed by prearranged signs and countersigns. This usually takes the form of simple questions, and answers.

An option to personal meetings could be obtained through the use of an intermediary, a messenger who would take one's place. These people do not necessarily have to be involved in your project, since there are parcel transfer and messen-ger services in most cities. Lawyers, for example, often use fast motorcycle messengers to transport documents from one point to another.

IMPERSONAL COMMUNICATIONS

These are divided into the following categories:

DEAD DROPS

DEAD DROPS

***REAL TOTAL THE PROPERTY OF THE

There are two types of dead drops -- stationary and moving. The former can consist of prearranged locations in the dense foliage of some park, a crevice in a rocky grotto, a hidden location in a public building, a baggage-checking locker or a hollow tree in some forest or wood. It is often advisable to package the material, letter or object in some discarded item, such as an old bottle, can or paper box. A special container can be prepared from a piece of old wood, a brick or soft stone.

Moving dead drops can consist of the common magnetic "hide-a-key" container. These containers can be instantly attached to the bunper of a bus leaving one terminal and picked up by the recipient in another city.

USE OF POSTAL AND TELEGRAPH SYSTEMS

Besides the conventional methods of ciphers, codes, secret of the stone of a specific value or arranged in a certain pattern can convey a message. The color and size of the envelope can indicate whether or not the coast is clear. The type of salutation or closing, the initials used with the signature and insert clippings can all signify something intended only for the recipients to interpret.

USE OF THE PRESS

The United States has about 2,000 daily newspapers, 8,000 weeklies and more than 7,000 magazines. Most give space to advertisements and all kinds of announcements. One of the simplest methods of communication is through the use of the "Personal" columns in daily newspapers. Another classification useful for clandestine communications is "Lost and Found." This is often free to the user.)

It is possible for persons on opposite sides of the continent to communicate through newspaper ads. This is because big city papers are usually available in library reading rooms.

SIGNALING

Object signals can be as classic as the lantern used to warn of the arrival of the British, "one if by land and two if by sea." However, you do not need a lantern; the position of a simple everyday object, such as a tin can under a bush in front of your house, could indicate whether the coast is clear.

SECRET COMPARTMENTS

In these chaotic times, seeking ways to safeguard your money is not unwise. Safety deposit boxes offer reasonable security for gold, silver and other valuables -- but may be subject to closure, pillage or confiscation in the future. However, with clever craftsmanship, there are a number of ingenious alternatives, according to David Krotz's article in A QUICK COURSE IN EARD-MONEY INVESTMENTS:

1. A baseboard, especially a short section which comes to an end at a corner or door jamb, can be pried away from the wall and fitted with magnetic or friction snap cabinet fasteners and false nails (for a more authentic appearance). A hollowed-out section of the wall behind the baseboard can2y-conceal modest-sized valuables.

9. A houseplant located amidst numerous others can conceal valuables effectively. Build a false bottom into a pot, allowing for a plastic tube to carry off excess water through a hole drilled through the compartment.

10. Buried treasure is a feasible plan as long as the ground is left looking undisturbed and you remember to chart

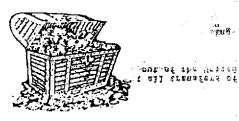

ground is left looking undisturbed and you remember to chart an accurate map.

4. Mirrors, especially the full-length variety on bedroom walls and closet doors, can shield hiding places. Easy access is possible by removing the top mirror tabs (small "L"-shaped connectors that are screwed in at intervals around the mirror) and sliding the glass upward.

6. A light switch provides deceptive storage space with easy access and a minimum of "construction mess." With the electricity turned off, select an electric outlet or light switch behind a piece of furniture. Disconnect the electric lines and wrap them with electrician's tape to free the electrical unit. Glue the plastic face of the plug-in unit to a wall plate.

ALTERNATIVES TO BANKS

€ 2

क के जिल्हा स्थापित जिल्हा प्रकार

First of all, an individual can operate on a straight cash basis -- even though this is difficult, often leaving a person open to ripoffs or the consequences of not having acceptable records. However, the concept does work. Most transactions in the last century were in cash; it's only been in the last fifty years or so that people have gone the cashless, check/credit card route.

When using cash, one good safeguard is to put the money in traveler's checks of varying denominations. Then, if the checks are stolen or misplaced, you can apply for new ones.

Some banks will provide a customer with free checks if he maintains an account of some kind with them. An individual doesn't have to use the account; he can keep it just for the benefits and for identification purposes. It is not a bad idea to have several small accounts - complete with corporating passbooks or checkbooks. This will be a great help if identification is needed to cash a check in an emergency.

As an aid to going the cash route, use cashier's checks or money orders to pay bills. This provides valid receipts. One thing is for certain; working on a cash basis permits a person to know just where he stands, whereas a checking account can turn into a confusing mess if accounting procedures aren't strict.

THE BANK SECRECY ACT OF 1970

The Bank Secrecy Act -- officially titled the Currency and Foreign Transactions Reporting Act of 1970 -- requires depository institutions to maintain certain records and report specified transactions to the government. In accordance with this law, the Treasury Department has issued the following regulations:

1. Checks and other charges in excess of \$100 must be microfilmed and retained for five years. (The \$100 minimum was supposed to make the procedure easier by eliminating the vast majority of checks. However, locating and rerouting only those checks in excess of \$99 proved so expensive that most banks microfilm all checks.)

2. Each financial institution must file a report of each deposit, withdrawal, exchange of currency or other payment or transfer, by, through, or to such financial institution, which involves a transaction in currency of more than \$10,000. A penalty can result from willful failure to report such transactions to the IRS (within 45 days). Such reports must include the detailed identity of the person involved.

HOME IMPROVEMENT TIPS By Ben & Mirjam,

SE Asia

Proverbs tells us to, "Prepare thy work without...in the fields, and afterwards build thine house." (PV 24:27) Thus, there comes a time, especially with little ones, when you'll want to put your efforts into house-hunting.

When searching for a house in Indonesia, you will find that, especially the newer houses are modern and nice-looking; but it is good to keep an eye out for several features that could make your stay less pleasant. Some features such as: drainage and ventilation can be altered. Others, such as water supply and general location are pretty permanent and hard to change!

dern Indonesian architecture has been copied from the Westwhich is not always suitable to the Tropics. Such features as low ceilings and big plate-glass windows will keep the heat inside your house and make it stuffy, Ventilation and air circulation can be improved by exhaust fans and screening.

Exhaust fans are set in the wall and suck out the warm air and replace it with fresh air from outside-this creates an air circulation; as opposed to normal fans which simply push the stale air around the room. Standing fans can also chill you when you are sweaty, and cause sickness. Indonesians instinctively avoid these. Exhaust fans can be bought for about 30.000 Rp each new, or can be provisioned. They are well worth installing

Screening will probably be one of your first considerations here as not many houses are screened to keep out mosquitoes and flies. The sewers and drains are often open as are the places where garbage is set out from each individual house. So flies breed everywhere! Remember what "Godliness is Cleanliness" (#1031) says about flies and mosquitoes.

We had a porch area in our home which became very cool and ple-sant after it was completely screened in. This also improved the ventilation and air circulation in the house. You may even want to consider asking your landlord to take out the plateglass windows and replace them with metal grillwork (to prevent 3. Financial institutions must report all transfers of funds in amounts over \$5.000 either in or out of the United States. This section of the law requires an individual who merely "counsels" another person to transfer such funds to file a report. "This would seem to include the authors of books or newsletters who advise such transfers," according to Robert McBurney ("Why Your Bank Can't Keep A Secret," **REASON** magazine/October '78, Box 40105, Santa Barbara, CA 93103, \$15 per year).

If you do most of your business in town, pay in cash and get a receipt. Inconvenient as it may be, it will assure that only you know what you are purchasing. If you are into anything that could arouse suspicion or heat, it is obviously worth the pains to remain very private.

With regard to safeguarding privacy, Mexican banking laws are similar to those of Switzerland. Although Mexican accounts are not normally operated as "numbered" accounts, there is secrecy. DON'T FILE AT ALL

It is estimated that more than 12,000,000 taxpayers are simply not filing. They have just deducted themselves from the IRS rat race. With millions of people doing this, the chances of the IRS tracking you down are slight;

ROOM BUGS

There are radio transmitters so small that they can be concealed almost anywhere in a person's home and remain undetected. How do you know, for example, that there isn't a bug behind the coverplate of one of the electrical outlets? There also could be a bug fastened behind the cover sheet of a frampicture or mirror. It is difficult to combat this type of privacy invasion. The best solution is simply to never hold any important conversations indoors -- or in your car. If you want to relay some information, go outside, while keeping a sharp eye out for parabolic microphone pickup units. These interesting devices can pick up conversations at normal voice levels from hundreds of feet away from the pickup point. In this era of everyone-a-victim, there is no security unless you want to live in the middle of the Grand Canyon; and, even there, privacy may be difficult to achieve. Therefore, to play it safe, keep your big mouth shut if you are involved in any activity that could bring down heat.

SPECIAL TRACES

Make sure your yard is fenced off properly with a good, high bamboo fence and gate, otherwise you will forever be having crowds of curious eyes looking at what you are doing in the

Something that can be altered in a new house is the drainage from the kitchen. Drainage gutters from the kitchen you will find here either partly or completely uncovered. In order to avoid rats, cockroaches and a breeding place for mosquitoes, it is a good idea to cover the drains. Or better yet, to put in PVC piping. On the street-side opening, you could put little metal bars or strong wire mesh to let the water through yet keep the rats out.

One of the facts that you will want to watch out for and which is difficult to alter, is your water supply and plumbing. It is best if you have your own electric pump plus hand pump and independent water supply or storage, especially for emergencies and survival. Depending on the city, water pipeline systems can prove to be very unreliable. Also, check first with the neighbors if they have good drinkable water and a plentiful supply. See that the well is at least 10 meters from your septic tank to avoid contamination of the drinking water.

Check that the house has a septic tank and proper sewage system. During the rainy season be sure the septic tank is emptied regularly and doesn't over-flow. Usually the pipelines are small; so be sure not to put toilet paper in the toilet. Use a lidded trash container instead. Ask your prospective landford where the septic tank is and how to empty it. Some of the cheaper houses have sewage emptying right into a canal behind the house, which is extremely unsanitary.

When you are looking for a house, be sure to check the electri-city, as many houses have a very low wattage. In the cheaper houses some are as low as 400 watts. You can manage with 900 watts, but usually that is not enough. If you want to install A/C, you may need as much as 5000 watts.

The second of th

Another factor which is hard to change is your general location and neighborhood. Social differences being as extreme as they are in Indonesia, it is wise to consider what kind of neighborhood you are moving into, especially if you have older children. We once had a nice house but too close to a kampung(poor) area. After the novelty of having white people in the neighborhood word off, the poorer, ignorant kampung children made it very hard on our children; so much so, that they could hardly play in their own yard! This doesn't happen among educated, middle and upper class Indonesians. You will often find beautiful new houses very close to, or right next to, the huts of the poor. This, naturally does not improve socio-relations.

In our next home, we were happy to find a more "homogeneous" almost middle-class neighborhood where our children were able to mingle freely, make friends and learn the language.

You might also find it worthwhile to check the proximity of the markets, shops and transportation centers.

A few last household hints which can prove to be a blessing: spraying and mattresses. It is a good idea to spray your house regularly, like lx a month for a big house and every 2 months for a small house. You can find a reliable, professional pest-control company listed in the Yellow Pages. (The local fellas will obligingly spray with a mixture of chalk and water for you!)

Spraying the whole house like this will eliminate most of your problems with cockroaches, ants and mosquitoes. Provided, of course, your house is screened in as well. Be sure to give everybody advance warning and take the children out for the duration and thereafter.

In our house we used foam rubber mattresses because kapok which is actually healthier, needs to be aired frequently in the sun, or else it gets lumpy and prone to bed-bugs, etc. We use absorbant bed-pads to soak up the sweat as foam rubber doesn't do this. The bed-pads get washed weekly. Be sure that there is proper air circulation under the matress by having the matress a minimum of 15 cm. off the floor and on wooden planks which have slots between them, or else on a solid board with holes in it.

For making house improvements, labor is very cheap here and you can hire carpenters, painters, etc.by the day (Rp1500--Rp 3000) depending on where you are. But you must supervise them very closely, especially if you have them do something which--to their way of thinking--is out of the ordinary.

You will find that, with just a bit of effort, living in the Tropics can be just as convenient if not more so, than what you were used to in the West. "He never takes anything away from you but He gives you something better."

There are some rooms where the thermostat can very it be turned down to FT or less, but not the room ere you plan to relax in the evening. There are some cees in your house, in fact, where you don't need to ve any heat at all, and where the lack of heat is no very limit to the text of the time.

The ideal answer is a heating system that can be fine funed, sending different amounts of heat to different places.

The old-fashioned custom among the wealthy — a little fireplace in each bedroom — was on early varietion on the sone-heating theme. One of the servants would go upstairs and light each fire a half-hour before bedtime to take off the chill. Later, as the fire died down and the room cooled, the occupant was askeep and wash! made uncomfortable. Getting up in the morning could be a chiller unless the servant crew was instructed to kindle new fires before the folks wohe up.

Four driving habits are a key to economical operation of your car. The place to begin understanding those habits a with a miles-pergation record that will take the agustework out of driving conomy.

The first place to exply that mog record is in the regular trips you make, as in driving to work. You may be following a traffic flow, or going by what you think is the shortest way, but that may not be the cheapest route. in many sepects of our living, our delly functioning is made possible by habits we follow. If we had to think above to brush our teeth, how to lie our shoes, how to put on a jacket—we wouldn't get started in the morning. We can do all those things almost sufformatically—without hinking—so they get done smoothly and quickly.

how to put on a jecker—the control of the morning. We can do all those things almost auto-matically—without hunking—so they get done amouthly and quickly.

Those same habits, though, can be ruinous when the monthly fuel bills arrive because the inexpensive fuels of the past have led us into very wasteful habits, particularly in the kitchen. To achieve important economies doesn't in the kitchen. To achieve important economies doesn't in the ceasarity mean drastic change in the style of living, but it certainly does mean programming yourself with a new self habit patterns.

Another truth: Because using the kitchen is an every-day event for all the members of the household—and the kitchen may be the place where much of the shared life takes place—the development of new habits in the kitchen may rate the family consciousness about energy uses an may rate the family consciousness about energy uses in general, and so split over into other sepects of fuel saving.

Just one example may serve to illustrate. After a meal, we all know it is sensible to put leftover foods in the refrigerator. We all know if they are left out on the hittchen counter overnight, or even for several hours, they ill turn bed and need to be thrown away. There are two ways to use the refrigerator, though.

One way is to take the foods from the table and the pass from the stove and—probably in several tripp—stack them in the refrigerator for later use. This way your refrigerator will be gasping for breath and laboling hard to keep its cool, what with hot foods, hot pans and hot dishes to chilf, and the door opening and closing several times.

Another way is to put the followers in storage containers and let them sit on the counter for a half-hour or so until they cool a little. Then, all in one operation, they can be placed in the refrigerator for storage and letanus.

There isn't much difference between those two

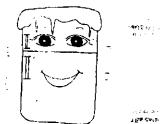

use. There isn't much difference between those two methods. It's really no more than exchanging an old set of habits for a new set. Considering, though, that the process takes place in your kitchen several hundred

times a year, if it saved you no more than a penny a meat (and it will save more than that), you're looking at a saving of almost \$1 ! a year just in the way the refrigerator is used after mealtime. Eleven dollars here, 75 cents there, three dollars the other place; they all add up to making a significent difference, just by changing habits.

Cool Cash Savings

Cool Cash Sevings

There's money to be saved in your refrigerator. You may be spending more than you need to just by running your refrigerator at a cooler setting than is required, but an ordinary household thermometer in the refrigerator for a haif-hour or so. If it registers colder than **E_change to a warmer setting and check it again. While you're at it, check the door gaskets all the way around by closing the door on a dollar bill. If the bill slips out easily at any place, you're wasting money. You may be able to correct the problem by putting paper strips or thin cardboard behind the gasket where you spot the leak, or by adjusting the latch, if those don't do it, a new feat.

gesket is a good investment and isn't hard to instalf.

Opening and cloning the refrigerator door is what makes extra dividends for the electric power company.

Here are some thoughts:

When you stand with the refrigerator door open, thinking about what you'd like to have, you're running up the cost of that snack. Do your best to imagine what's inside before you open the door, and then go directly to it. Try to teach your children this habit, too.

Help yourself and your family by putting a checklist on the refrigerator door, rostering what's inside and also crossing off what's been eaten. That's the snack menu, and it can save many a door opening.

Get organized before meals so that everything needed can be taken out and placed at the ready on the katchen counter with just one opening of the refrigerator door.

On'l lorget the catsup.

After coming home from the store, empty all the shop ping bags on the counter, put all the items that need refrigeration in one place, then open the refrigerator door.

After dinner, think about storing the lettovers in thir way outlined at the beginning of this chapter, with particular attention to the business of covered containers. This is particularly important with frost-free models, where moisture is drawn from the loods to condense on the refrigerating coils causing the defrost cycle to operate more often. If you don't have covered retrigerator containers, put the feltovers in cereal bowls and cover with a plate.

Convenient plastic containers can be bought in many stores, but you can also save peanut butter jers, cottage cheese containers, and similar packages with lids that can be cleaned to use for storage.

That frost-free feature certainly is a convenience, but a standard refrigerator that must be defrosted by hand a few times a year will use 36 percent less electricity. Also remember when you're buying your next refrigerator that if you really do went the frost free convenience, took for a model with a power saver switch. It turns off the defrost heater when humidity is low in the winter and may cut operating costs by as much as 15 percent.

When choosing where your refrigerator is placed, keep it away from heat-producers like ovens and dishwashers. An outside wall is a fair idea, particularly if it's a north wall that will tend to be cool both summer and winter.

And try for four inches of air space around the refrigerator, to let the motor heat escape readity. If it's been running hot, you could save as much as \$3.34 a month.

After baking in the winter, leave the oven door open until the oven is cool. No sense waiting that heat Coversely, in the summer I ye lo schedule same of the baking for the cool of the evening, with abvious advantages.

Heat In the Kitchen

The heating units in electric appliances continue to radiate after being turned off. With a little practice you can learn to turn off the heat a few minutes early and finish with the leftover heat.

A pressure cooker uses much less fuel than a conventional pan. When preparing boiled potatoes, for instance, a pressure cooker will use 30 percent less energy doing the job in half the time.

- Consider the humble footstool, its real purpose was to tell your feet up off the floor where the coolest drafts were swirling around. Place a footstool at each comfort-ble chair in the living room and you might be able to urn down the thermostat by several degrees.
- Keeping your ankles warm contributes greatly to keeping your whole self comfortable. That was the klea behind gatters, spats, and other ankle-warmers. Try heavy socks for each member of the family to weer in the evening. The kind with leather feet will fast longer. Just those warm socks may let you notch down the ther-mostat a degree or two.

- Maybe you don't need ceiling lights at all. Lighting the dividual places where people are reading or working it be less expensive than lighting a whole room.
- In former times, folks carried their lights with them as sey traveled from room to room in the evening, instead in having the whole house lighted. The traveling light as most often a candle in a holder with a handle, or erhaps an oil lump.
- When your back is warm, you're likely to feel warmer it over. That's probably why the yest and the steeveless weater were invented. If you buy or make one of these, e sure it's long enough in back to keep you covered then you bend over or lift your arms.
- Another traditional body-warmer is the friendly algham. Originally this was a small rug from Afghanistan, and later the term came to be applied to many different designs of arrail blankets knited or crocheted at home. Each well-equipped home had at least one alghan draped over the end of the coulch in the living poom. It was not just a decoration. It was used for keeping the legs.

 A cousin to the man's necktile and the woman's tashionable scarl—both relatively unless terms of apparel—is that snuggly old item, the shawl. Cirls knilled them for their beaux, grandmathers crocheted them for grandchildren, almost everybody were them, both indoors and out. They were a most handy way to put on a little earts awarmh around the neck and shoulders: less cumbersome than a jacket, less likely to muss the helf than a sweater. They were often made of light wool yarrs in neutral colors such as grey, tan, and light blue that would harmonize with almost anything. A favoritie shawt was a lifetime treasure. Usually wider and lighter in weight than what we would call a scarf, the shawl deserves a revival.
- Another old-time favorite was the bed-warmer—a covered, shallow brass pen with a long handle. Hot costs from the fire were put in the pan, then it was passed between the sheets just before bedtime. Delightful. The brass bed-warmer also worked for roasting chestnuts, and later generations have used it for making popcorn.

Cold Water for Your Laundry?

h'stime to take the laundry.

Cold Water for Your Laundry?

It's time to tackle the laundry.

Consider the cold water detergents. Only clothes that are very greasy need water as warm as 27°C , to get clean. Your washing machine probably has settings for cold, warm, and hot water. Use the cold for ordinary washing, the warm for very dury clothes, the hot not at all. Your wash-and-wear clothes made with synthetic libers will be just as clean and considerably less winkled if you use cold water to washing. And by using cold water washing techniques you'll save 15-410 a month in holf water costs. With today's detergents, cold water rinsing is fully effective, and the rinse cycles are probably half of the water you use in washing.

Running your washing machine for just a few items? Wastelul. Perhaps it's because some of the necessary items in the household are in short supply, so you're washing more often then you need to? Stock up at least a week's supply of the commonplace, most-used Items like socks and underwear. It's cheaper to have enough for each person so use of the washing machine can be less frequent.

A larger supply of the frequently washed clothes will also allow better use of the different washing cycles with life loads. Lightweight letters such as underclothes, hand-kerchiefs, blouses, and pillowcases can take a shorter cy-

- Mext time you're ready to repaint or repaper a room, think about how the room is used before you choose the colors. Light colors in a room will bounce the daylight around, making it a pleasant and cheerful place without extra Illumistion. This is a much less important factor in bedrooms, which are used primarily at night.
- In fact, in rooms used solely for sleeping the only advantage windows have is for a little ventilation. Winter time solar heat just isn't available when the room is in use, so let the windows be small, or heavily draped.
- Window light in the kitchen is a tough problem because you want a hot of storage, rather than windows, on those outside walls. Even more important, then, are the light colors for those kitchen walls.
- the light colors for those filtener waits.

 One of the concepts in use in complete solar energy systems is the heat collector. This is often a bed of sand or rocks under a house, or a large mass of water, in which sun heat can be stored. You can take advantage of this concept by having solid objects standing in the sunlight to store warmth that will be radiated after the sun goes down.
- One good heat collector is a windowall row of flower-pots, or an indoor windowbox. The earth in pots or box will store warmth during the day with the double advan-tage of helping the plants to grow and warming the room at night.
- at hight.

 Daytime reading and working areas can be placed where window light will be sufficient on all but the darkest, overcast days. Specifically, consider the location of the sewing machine, the chair with the magazine rack, the playtable for the children, the workbench, as well as more obvious items like the artist's easel and the author's typewriter.
- A light mist of water sprayed on the ashes in stove or Irreplace before you remove them will minimize the "ity ash" spreading around the room. Recycle one of the "spritt" bottles to turn the trick, after it is emptied of its window cleaner, deodorant, or kitchen apray.

BEL TO REPRIE SPRINGTIC CHIPPETS

CARPETS!

--Translated from the original by James Penn.

Synthetic carpets are quite fragile, à they can be sometimes irretrievably damaged in certain parts, whether it be due to daily wear, burns, or indelible stains. No matter how the damage is caused, with a little bit of care it is possible to repair it in a way that the end result will be almost invisible.

This repair can be done in different ways, according to the composition of the carpet & the manner in which it is affixed to the floor. There are actually two types of carpet:

"A wool carpet, consisting of strands of wool sawn onto & piece of coth which acts as a support of a preceding of the carpet of the carpets. The same of the carpet of the carp

"If your carpet is stained, treat it immediately with a special product for carpets which you should always keep on hand in case of such accidents. If the stain will not come out, a is particularly ugly, you can then repair it in the above manner.

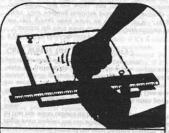

If the stain is quite visible # you are not able to find a corresponding replacement piece and piece out of the existing carpet from an area that is not as noticeable (i.e. under a piece of furniture). Use this as the replacement piece for the stained part a replace it with a piece of carpet that is as close as possible in texture & colour.

ELECTRICAL BLACKOUT!

WHAT TO DO IN CASE OF BLACKOUT!

--Translated from the original by James Penn.

An electrical blackout can be general or local, a can affect a part of, or the totality of your electrical instillation. Apple of an ereonal of local instillation apple of a some of electricity, domestic electrical blackouts can have two fundamental causes:

"A "short-circuit" caused by defective wiring or a defective appliance.

"An overloading of the circuit due to the simultaneous use of too many electrical appliances (washing machines, electrical radiators, kitchen appliances etc.).

In these two cases the electrical viring & installation are submitted to an excessive demand for current, which runs the risk of damaging them & causing a fire. This is why your installation are necessarily equipped with a "circuit-breaker", which only allow a certain amount of power to pass through. If the maximum limit is exceeded, it activates & automatically cuts off all the current.

Thus, in case of a blackout, unplug the appliances that caused the overloading. & find the circuit-breaker that activated it, & put it back in the normal position. There are normally three types of circuit-breaker switches.

I) The breaker switch which is the circuit-breaker for the entire electrical installation (i.e. the whole house). Usually it is situated near the electrical counter. In case of any anomaly it activates & cuts the current off to all the secondary circuit-breakers which are always easy to get at them you have got the electricity on again, be sure to repair the material that caused the blackout.

**RECONMENDATIONS:*

1) Look outside to see if the neighbours are also without electricity. If so, I light some candles à wait for it to be re-established. Usually these regional blackouts do not last a long timm. (?)
2) If it is not a regional blackout, & the whole house is without electricity, the breaker

biles to follow a simply laid. In either glued to the floor or simply laid. In either case the method of repair is the same. Find a piece of carpet that is identical in every way with the existing carpet & cut out a piece a little larger than the damaged part.

2) Position the new piece over the damaged part is hold it in place with four nails gently nailed into the floor. If you have a cement floor, use steel tipped cement rails.

3) With a sharp blade guided by a ruler, cut a squarer, framing the damaged part. Cut the two layers of carpet at the same time as this will square of carpet at the same time as this will say the state of the same piece will be the exact a size of the lat the new piece will be the exact aged piece.

4) Pull out the nails a the damaged piece of carpet. If the old piece has been glued down, some paint thinner or alcohol will unglue it. Then scrape off any traces of this glue from the floor a carefully clean it with a dry paintbrysh.

5) Then glue down the replacement piece with some later or universal glue. If the rest of the carpet is not glued down, but simply "laid" on the floor, glue a piece of cloth to the underside of the main carpet just covering the hole, onto which you can glue the new piece of carpet.

6) Place the new piece in the hole å hit the edges with a hammer so that it will be well speed to the floor. Once it is dry, smooth over the edges with your fingers to hide any borders that are still visible.

switch has activated & the current is cut off at the counter.

Someone must have plugged in a faulty appliance-unless too many appliances have been plugged in the same time-provoking an overloading of the circuit. Unplug the guilty appliance for putting the breaker switch back to move the counter).

3) One part of the house is without electricial counter).

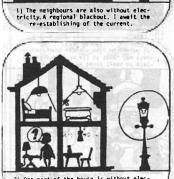

3) One part of the house is without electricity. The causes are the same but have only affected a secondary circuit controlled by a fuse. Unplug the appliance & replace the fuse.

4) Only the appliance doesn't work. The problem in this case is not usually in the installation, but rather due to a defect in the connection or the state of the appliance. Unplug it a repair it.

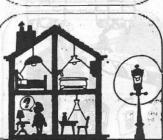

5) The electrical counter is usually easy to get at; it is generally situated near the front door of a house & sometimes on the landing in apartment buildings.

The main breaker switch is usually just below the electrical and that has two positions. The positions ON and OFF are distinguished by colours or by letters.

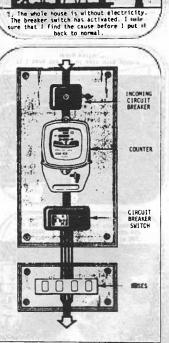

"Usually GREM is ON and secondary circuit breakers) are grouped on a panel below the counter.

3) One part of the house is without elec-limity. A fuse has blown. I find the cause before I replace it.

4) The plugged-in appliance does not work problem with the outlet or with the appliance. I try it on another electrical outlet

) The main breaker switch is placed under the electrical counter. I put it back to normal by pushing on the green button or in placing the handle back to the normal position.

Sometimes the fuses (secondary circuit breakers) are grouped on a panel below the counter.

RECONNENDATIONS:

**BEFore re-establishing the current, be sure to unplug all the faulty appliances that caused the
blackout. Also unplug any heavy appliances, such as refrigerator, as it is best not to have too much
strain on the electrical system when it comes on again. This is also good to do if there is a regional
blackout.

electrical appliances to compensate for the power that you will be using,

"3) With a sharp knife, cut the plastic insulation off the ends of the wires for about one centimeter. (Be careful not to cut the little strands of wire.) Twist these bare ends, & fold the place (after having made place for them by unscrewing the screws a bit), & then tighten the shape of a ring, within which you put the screw base of the prong. Then screw the prong into its place & tighten it with the blade of a knife.

5) All that remains to do is to put the cover back on, making certain that the position of the wires inside does not prevent the cover food to test your repair.

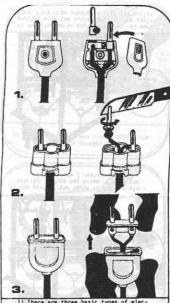

*In the case of simple plugs with only two wires, each wire can be hooked to either of the two prongs This is not the case with three or four prong plugs, for which each wire must be carefully re-connected to its original prong.

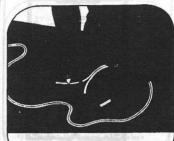

*Certain electrical appliances have plugs that are a little too big for normal wall sockets. In this case, cut the wire # replace the plug with a normal plug, or buy a small cheap adapter plug at an electrical supply shop.

*If the plug is old & in bad condition, replace it so that you do not have the same problem again.

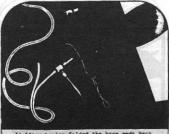

*Avoid pulling on the cord when you want to umplug the appliance. It won't stand up to this sort of treatment, & you might also loosen the wall socket.

--HOW TO REPAIR A PUNCTURED TIRE!
--Translated from the original by James Penn.

Bicycles are quite popular nowadays à almost veryone knows how to ride one. Having to repairires is one of the few trials of a cyclist, & something that should only take a few minutes. The wheels of bicycles are equipped with tires into protect the soft rubber inner tubes. The mer tubes are inflated by means of a small siston value, the end of which screes or unscreas, a copen or close. A tire can be flat for different reasons, & coording to the ceuse you can repair it or hange the inner tube. A punctured inner tube is the most common probens, which can be repaired with a small rubber atch & some give and be repaired with a small rubber here to change the inner tube for a new one. A porous inner tube due to the aging of the ubber. This usually affects a large part of the ube.

A porous inner tube due to the aging of the rubber. This usually affects a large part of the tube, again necessitating the replacement of the tube, again necessitating the replacement of the tube.

"The detachment of a patch already on. Try to take it off completely. If you can't do this, re-glue the unplued part & cover It all with a larger patch.

The repair of a puncture consists of 3 steps:
a) The taking apart of the tire & inner tube. You would do best to take the wheel off the bi-cycle first to facilitate the separation of tire.
b) Finding the leak. Sometimes it can be seen, but often there are many invisible holes, so it is best to investigate systematically.
c) Gluing of the patch. This is the most important part because its efficacy depends on the care you take in preparing the pieces that are to be glued.

*Bon't forget to completely deflate the inner tube before dismounting & replacing the tire onto the rim. When you use the levers, be careful not to catch the inner tube, or you could puncture it by squeezing it against the metal rim of the wheel.

*If you need to buy a new inner tube, take the old one with you so that you are sure to get the correct size.

*If you don't have a patch, you can use a piece of an old inner tube. Be sure to clean it carefully before using it.

*Certain patches are self-sticking & do not need glue. Their adhesive side is protected by a glued paper which should be taken off just before being used

The unfortunate thing about theatre is that you can only perform at any one time for a very small amount of people, compared to film and TV, where there is the possibility of a might performance being essentially of a state of the small performance being down of war and confusion when there is maybe not going to be so much public entertainment on radio or television, live theatrical and musical performances could well be very much appreciated, just as they were in the days of the Great Depression, during which time Dad told us how he used to travel with Grandcoher's trevelling theatre show, putting on Gospel Dramas in empty chemas to large appreciative audiences. In fact, you might be interested to know that theatre had its first beginnings in Europe by travelling bands of Christians who performed what were enactments of stories from the Bible to help people to understand them, because the Bible that was read in church at that time was in Latin.

Anyway whether you are going to do e short exitor a full length play, there are some basic acting techniques and tips that could be helpful to you. I went to a Draws School for two years, during which time I hardly attended any of the lectures or spent much time learning the various acting techniques that they taught us. SIMPLE ACTING TECHNIQUES

Stay In Good Physical Shape! The stage Stor primarily uses too things as a vehicle for his art, his body and his voice. Both need to be in good shape IT he is going to have the stamina to put on a performance night after night or even just one performance that lasts for an hour or two, when you are on stage, you are using your physical body as a vehicle to portray a character and your body is being very closely watched. You need to be in full control of your body and its movements and you should be able to move with grace and ease and poise and control. So keep your body in good shape for acting. To keep your body fit and supple, you can do the etandard "keep fit" exercises that everyone knows how to do, such as touching your toes, body rolls, head rolls, bending from side to eide, push-ups, etc., etc. Do them every day.

Moving on Stage. One thing about

etc., etc. Do them every day.

Moving on Stage. One thing about acting on the stage, unlike acting on the video, is that small gestures, winks of the eyes, subtle salles and tilts of the head are going to pass completely unnoticed by all, except maybe the front row? You've got to act big and use definite and expressive movements that can be clearly seen by the person sitting at the back of the suditional and on't make any movement that a defect. On TV you can say main to different, Think big, and it will different think big, and it will and throw your whole body it?

You need to learn to stand atill on stage and the your the sain to stand on our heals and so when we want to more it takes us about 1-2 seconds before we can actually move because you have to shift your weight, normally on to the balls of your feet, before you can actually make a movement. The correct way to stand on stage is with your can't be seen by the sudience when your tooss, just before you can actually make a movement. The correct way to stand on stage is with your area from the postion, because from the postion, because from the "neutral position," because from the "neutral position," because from the sainting for your feet and if you are standing loosely towards the floot. Handling Props. Have special practice with any props that you're going to have to handle on stage. For instance, if you're going to carry a handbag or you have to do anything on stage like get a glass out of a cabinet and pour a drink, then practice carefully with these props so that you can handle the operation smoothly and so that you don't break the flow and spirit of the whole play by spending a ling

go over the script and visualize and plan out how the play is going to be done. He will be responsible to conduct the rehearsale and bring the play through to the final performance stage. The first thing the director will probably do is to get his actors together and have them read through the script, trying out different people in different parts. After casting the play and deciding who is best suited to play which part you will begin the rehearsale, normally rehearsing the play one scene at a time. The first thing to do, even before rehearsing the acting, is to carefully plot out every-body's movements on the stage. It's very important that everyone knows exactly where he should be played in the stage. It's very important that everyone have seen and know when and where to move, when you're watching a play you're watching a play you're watching a play you're watching, and like any picture, it's got to be well balanced and pleasing to the sey. For inclance, you can't have all your characters bunched on top of each other all on one side of the stage, or standing hap-hazardly around, one person in front cf an other. The movements and ponitions of the actors should be strictly plotted and set and the actor needs to learn, besides his lines, when and where to move and when to make his entrances and erits. Once everyone's movements are plotted out, then you can begin to reheare the actual performance of the different parts. It's good for the actors to learn their lines as quickly as possible, as it is hard to act and make gestures if you have the script in your hand.

Technical Rehearsal, Once the whole play is reheared and ready for metromence. Hen you should

Cetting in Character, Start acting when you're way off to the side in the wings and get in character well before you make your entrance onto the stage so that by the time you walk on you're completely in character. Stand well back in the wings and make sure that you can't be seen by the sudience when you are off stage walting to come on. Complete quiet should be maintained behind stage while the performance is going on. Stay in tune with the action so that you don't miss your cue to make your entrance. If it's a large play with a large cast it might be good to have one person going anound making sure that the play doesn't suddenly come to a grinding halt because someone is still back in the dressing room or in the toilet.

toilet.

Memorize Carefully Your Lines And Movements. The actor needs to memorize his parts along with his movements in relation to the other characters, with whom he must work in sympathy and co-ordination. Keep your part in correct proportion to theirs and don't upstage othere by drawing the attention of the audience to yourself if it should be on ethere. Be familiar with the parts of g the other actors so that you can be fast don your cues and can follow quickly with your next line so that the play keeps moving. Make sure you know your parts well, because if you improvise or forget your lines, then the character who has the next line may not know where to follow you.

The Youce. When you speak on stage,

who has the next line may not know where to follow you.

The Voice. When you speak on stage, normally you speak slower than in real life with greater emphasis on the pronounciation of words and making sure every word is clearly heard, fave Someone stand at the back of the hall and make sure that he can hear clearly everything that is said, You've got to talk loud even if you whisper. - Whisper loud! You've got to be not only seen but also heard at the back of the auditorium. Normally in a theatre you won't have the use of a microphone or sound system. In fact, it's better that you don't. To try and act all bunched up in front of a microphone or two can be completely frustrating and limiting. In the past live been involved in some perforances which we practiced at home using lots of space, and then when we came to the school, or wherever it was, we tried to all act into one microphone, and the whole reheared skit fell apart. You'll be such less lixing if you lear the contract of the school is a stage of the school of the sc

framework where everyone knows what they're doing and when they're supposed to do it. Then you will be able to flow smoothly from beginning to end without interruption. A poorly remeased play can be chaos because half your wind is then trying to work out what to say next or trying to remeaber what's supposed to happen next, and the other half is trying to project your part to the audience. But when you've really rehearsed well beforehand then you can deliver your parte from your heart without vorrying about technical things on the stage or whether the next guy is going to fluff his lines, etc. The more people that are involved in a production, the sore chaotic it could become, and so the more rehearsed it has to be. Here we are not talking about a stand-up, is—promptu skit, or where someone gets up and speaks or performs in an extemporary manner, or improvisee, that's a different art. But if you are going to do a full-length dramatic performance or sven just a performance of a short, skit like "the Tabacco Brothera". It's much better if it's well rehearsed so that it doesn't just end up a mess with everyone bumping into each other on stage and no one really knowing what is going on. Do your practicing at home so that on stage the lord can really take over and the Inspiration and the message and the meaning and the emotion of the play can flow freely and powerfully through.

STAGE SCENERY AND PROPS

STAGE SCENERY AND PROPS

then you can begin to rehears the actual performance of the different parts. It's good for the actors to learn their lines as quickly as possible, as it is hard to aut and sake gestures if you have the script in your hand.

Technical Rehearsal Once that whole play is rehearsed and ready for performance, then you should have a technical rehearsal in which can give different levels to warious parts of the stage. You can by scene and work out the lighting that cause for sownd. The costume changes and all the technical details. When all the technical details, when all the technical details, when all that is lroned out then you can have a full dress rehearsal. Stage acting in some ways is very rigid and planned out, but the more rehearsal to the programment of the stage there is usually made to the stage there is usually the main backdrop, which can be a planned out and rehearsal it is. It is better to buy in a theatrical atore a white or grey hair spray which is especially designed for the purpose and which will wash off afterwards. Also for your make-up kily you might want to buy and assortment of beards, mostaches, wigs, noses, etc. Keep your make-up in a special box and if you are residing in a hot country, then put your make up in the fridge or somewhere cool, otherwise it can melt into a horrible, sticky mess. If a theatrical shop isn't within your vicinity and you can't obtain professional theatrical make-up, then as a substitute you could use ladies' pancake make up, which is not so very different, if you don't have a white base at least add the colour and use an eye-liner pencil for age lines. Make up is a whole art in itself and if you want to get into it desper, then you can buy one of the many illustrated books that have been written on the subject.

It's so beautiful to see so many brethren pouring into India with a real desire to woo and win India with Love. It's like the whole area is coming to life again and I'm sure the repercusations will be felt around the world. PIL. I feel so close to you now Ded and Marie and I'm really sorry I haven't written more before. Please forgive me. I'b like to pledge my love and loyalty to you forever and I just pray that I can continue to be faithful in all the little things the Lord has entrusted us with here. PIL.

Having Keda with us for a little while was really beautiful. Thenkyou so much Ded for sending her here, the is sooo beautiful and redistes so much of your spirit. Her love for the Word is something that really touched my heart and her strong desire to see them get out at any cost really gave us all a boost in the spirit. Since I'm involved with printing the Word in Handi Its really caused a revolution in my heart and my biggest burden now is just to print the litt by the millions so the many teams can pass them out. In the last 2 mths thanks to your love and concern and gifts, we were able to print, 770,000 Komix and 10,000 PK (Prem Kiran) Mags of 16 pages each. I'd like to do lots more as the teams are really beginning to robl the Gold but we desperatly need more funds to put into lit both in Hindi and English, I'M sure the Lord will supply as we contince to be faithful. Do keep us and our work here in your prayers as 'Your prayers can do mighty things' GBY!

Being with Ruthie has been so good for me. She really is a precious gem, Ded, and all those beautiful things you said shout her Ded are so true. Today while reading that letter again for Devotions, that part where you loved her with tests streaming down your face really broke my heart and filled my heart with such love, wonderful love. I pray the Lord will really break me and give me greater love for her and India.

We pray for your health and strength daily and also for your protection.

Team plorieers untouched state of India.

From John and Moria; Bhopal, India:

It was just ten days after Dad suggested us to get out from the War-zone, that I had to join the Army. I tried to Teave the country quickly but the Lord just closed the door and I had to join the Army. I did not have any choice, It was compulsory. So after joining the Army, I prayed every day and asked the Lord to help us to leave before the war started. Especially when Jay, our little doughter was born, I really did not want her to suffer or to "put our little one through such nortors." (see "u.s. Cannibals" ML 1098:44)

We just wanted to leave so much but we couldn't as the door was closed, so we knew it was God's will and that we would just have to wait for the day when the Lord would open the door. We had to wait for open and a half years and we learned so many lessons from the Lord would open the door. We had to wait for open and a half years and we learned so many lessons from the Lord about patience and to wait for his proper time. "You can't rush God. You've got to wait till it's God's time - until you have learned the lesson God is trying to teach you, or the conditions are ready for the results that God wants to bring." (baily Might)

"God's delays are not denials," and on the 10th of February, the Lord at lost opened the door and nothing could close it. I finished my National Service in the Army four months earlier because I was married and had a child, and after leaving the Army, within twenty days we left Greece. We had our Passports ready in two hours rather than the usual week it takes, and the Lord provided the money for the tickets and landing funds, and we raised our Home Support. Then we just got our tickets and we left Greece, and now here we are in our new needy field of India!

Well GBY Dad, we really thank you for your idea about the Reception Homes, which it was a real blessing to be able to stay at and see where the need is. So after a few days of resting in the Reception Home, with the largest States in Indi

And Last night we sang at a church nearby!

God Biess Michael, Ruthie and their three children who have left England and come to Bhopal to help us to pioned and reach India. We have all been to sing at a school together and it is just the beginning! There are unnumbered places in this state where they would like us to sing for them and to give them the love of Jesus.

Why stay in the cold horth and keep telling the people about Jesus when they don't even know who Jesus is. Why stay there anymore? Remember that the most uncomfortable for a Christian is a comfortable place.

"The martyr expects and wants to die for the cause. He dies daily and loves it. He

the cause. He dies daily and loves it. He suffers and rejoices in it. He'll pay any price, go any length, suffer any agony, make any socrifice, till death do us part to obtain the crown."

So don't lose yours. Come and help us today, we need you! Please keep us in your prayers. Lots of Love, John + Maria. Ps. We are the first Greek couple that have come to India so far, and we have discovered that no banks here will exchange Greek money, and it is only possible to send small ammounts of Greek Currency out of Greece, and so we have been having many problems receiving our Home support nere on the field. It is impossible to send any other form of currency out of Greece other than through the black market, which is illegal so we desperately reed your help in the form of donations to help us remain on the field here. Please send donations to John + Maria via India CRO.—GBY, wry!

PRINCE OF NEPAL RECEIVES WITNESS!

From Mark & Fay; Nepal:

From Mark & Fay; Nepal:
GBY! WLYSM! WE JUST WANTED TO
SHARE HOW MARK, MY HUSBAND, GOT
TO WITNESS HEAVILY TO THE PRINCE,
one of the king of Nepal's brothers. The Royal
Family here is very isolated & difficult to
have contact with, so it was definitely a golden
opportunity, PTL!
TO GIVE YOU A LITTLE BACKGROUND
ON THE NEPALESE ROYALTY, the king
here is considered to be an incarnation of the
god Vishnu. The grandfather of the present

king staged a bloodless coup in the 50's to regain the throne that was taken 100 yrs. earlier from the royal Shah family line by the Rana prime ministers. The Ranas never killed the descendents of the kings because they were considered deities, but kept them virtual prisoners in a "gilded cage" instead. In the 50's, the monarchy was restored & the country was opened to foreigners for the first time. Now Nepal has a thriving tourist industry.

NEPAL IS MAINLY A HINDU-BUDDHIST KINGDOM. It is against the law to proselytise

& a Nepalese can be jailed for 6 yrs. for converting. Nevertheless we have a great deal of freedom here & can witness & litness discreetly. We have 3 fulltime Nepalese disciples: 21 yr. old Christina, 15 yr. old Michael (our adopted son) & 11 yr. old Jhoti who is Christina's sister, who also lives with us. There is also a 22 yr. old Tibetan catacomber, Benjamin, who is also a Nepalese citizen. As long as we try to be "wise as serpents & harmless as doves" we have few problems, TTL!

ALL THAT WAS TO GIVE YOU A LITTLE BACKGROUND. Anyway, the way Mark met the Prince was this: Mark & 1 have been working part time editing & writing articles for a monthly tourist newspaper. We had to do an article about an exclusive Health Club at the higgest hotel here, so on June 44th we went there to get information & take a free steam bath they had offered.

WHEN MARK WAS SITTING ALONE IN THE MEN'S TURKISH BATH, a man about 30 yrs. old came in. Mark struck up a conversation with him & he introduced himself as Mr. Shah. He said he lived here & didn't do much, "just a little business". At first Mark didn't realisies who he was, but when he mentioned the name, it clicked. It was good though because the Prince was probably more at case, as Mark didn't let on that he recognised him.

THE PRINCE WAS SURPRISED THAT MARK PREFERRED NEPAL TO THE U.S. & asked why. Mark explained how much sweeter & friendlier people are here. He mentioned briefly have been dealther in the present and the sure has a friendlier people are here. He mentioned briefly have been dealther in the property of th

THE PRINCE WAS SURPRISED THAT MARK PREFERRED NEPAL TO THE U.S. & asked why. Mark explained how much sweeter & friendlier people are here. He mentioned briefly how he felt safer here than in the West in the event of war between the big nations, but avoided the topic of politics in general.

THE PRINCE ASKED MARK HOW HE HAD COME TO LIVE OUT OF THE U.S. FOR SO LONG (8 yrs. now). In between small talk, Mark began telling him his testimony in detail from the time he got out of college.

IN SHORT, HE RELATED TO HIM HOW HE HAD GRADUATED BUT DIDN'T KNOW WHAT TO DO & didn't fit into the mold. He travelled a lot & was into the hippie scene, but couldn't find any peace & was eventually driven to a nervous breakdown. After recovering, he was determined to find the Truth, so he went to Switzerland in '74 to visit his brother Peter. There he got saved & finally found the peace he was so desperate for, PTL!

THE PRINCE WAS REALLY LISTENING INTENING INTENING WAS here also have all they'd told

him was to study hard, get a good education & a good job, & he'd be happy. He said it wasn't true though.

THEN HE TOLD MARK HE COULD TELL HE'D REALLY FOUND SOMETHING. Mark told him he could find it too, & told him how to pray, repeating the Salvation prayer to him while looking in his eyes. He said the spirit was really heavy!

MARK THEN ASKED HIM IF HE WANTED TO PRAY TOO but the Prince replied, "But I'm not good." He seemed very serious & as if he carried a lot of weight on his shoulders. Mark explained that you don't have to be good, that that's the beauty of it, that no matter how bad you are Jesus loves you & forgives.

THE PRINCE THEN SAID HE BELIEVED IN GOD BEING MORE OF A UNIVERSAL SPIRIT instead of just one person. Mark said it was as if he was trying to sort out how he felt. Then he said he'd really think about all Mark had said.

THEY BOTH GOT UP TO LEAVE as they

was as if he was trying to sort out how he felt. Then he said he'd really think about all Mark had said.

THEY BOTH GOT UP TO LEAVE as they had been steaming away in the Turkish Bath all that time & it was about all they could handle, ha! Mark told him how he could get into contact with us through Mark's job in case he wants to talk some more.

WHEN WE MET UP IN THE MANAGER'S OFFICE to finish getting the information on the club, the manager proudly told Mark he'd been in the bath with a 'VVIP'-Prince so-and-so, PTL!

I WAS NEARLY BURSTING ONCE WE GOT OUTSIDE, trying to get Mark to tell me what happened, so we sat down at a table on the hotel grounds where he filled me in. About then 2 Nepalese men came up & sat right next to us. They appeared to go instantly asleep, which was really strange, & we got the check they were security guards come to check us out. I guess we checked out OK as they got up & left after awhile. They were very well dressed in sports clothes as the Prince had been.

ANYWAY, WE JUST WANTED TO LET YOU KNOW! Five days earlier we had prayed for the Lord to open doorsto reach the clite here. Prayer changes things! PTL! It may be their last chance to hear as there is a growing Communist party here who is almost certain to revolt after a war. We love you so much!

blowing veil."

THE MAKING OF THE "ASIAN MIGELS" VIOEO MAS A JOYOUS A PRICELESS PRIVILEGE FOR ME FOR MHIGH I MANT TO TRANK YOU VERY MUCH. Morking together with all of the Family involved in the making of this video was a real life-changing experience for me. To have your specific point-by-point direction to go by in the letter "Glority God in the Dance" & to see the wonderful fruit & results of the Truth setting us free & guiding & directing our moves was a continual inspiring blessing. Your letter gave us just the specific detailed guidance & direction that we meeded & really helped the girls to know exactly how to use the gifts God has given them to the fullest inspiring advantage!

IT MAS ESPECIALLY A

BLESSING FOR ME TO READ

BLESSING FOR ME TO READ OVER THE PARTS OF THE LET-

TERS TO THE GIRLS AS WE WORKED MITH THEM ON THEIR NUMBERS & to see the freedom that the Lord has given us manifest in their spirit & faces & dances. All we had to do was to follow the directions & to let the Spirit flow through each girl in her unique dance. Working together with each girl to help her to be able to communicate her love & thanks & appreciation to you & the Lord through her dance for all that you & the Lord through her dance for all that you & the Lord have done for us, required & created such an atmosphere of tender loving care that everything just flowed in the Spirit so easily.

NEARLY ALL OF THE GIRLS
NEVER HAD PROFESSIONAL DANCE TRAINING, but this did not hinder them as they just endeavored to yield to the Lord in thanks to you & to the glory of God. Even though

some of them were nervous & shy at the beginning that they did not have the ability or the best physical qualities for this, as they yielded to the Lord, He anointed them to share what He has given them, each one in her unique way.

AS I MATCHED THROUGH THE EYE OF THE CAMERA SEEING.
EACH DANCE UNFOLD, I was amazed to see how unique & different the Lord has made each one & blessed them with their different talents, abilities, & God-given beauty. Most of them being mothers & even still nursing did not hinder them & only helped to accentuate their beauty.

ME ENDEAVORED TO FOLLOW YOUR COUNSEL BY PITTING AS

helped to accentuate their beauty.

ME ENDEAVORED TO FOLLOW YOUR COUNSEL BY PUITTING AS MUCH PRAYER, PREPARATION & PRACTICE INTO EACH NUMBER as we could before the final one-take, so that each girl felt prepared & at ease & free to give all that she had. The preparation of the music & help in practice with the girls of their numbers beforehand

actually took more time than the filming itself, but we felt that the inspired result was well worth it.

IHE FIRST SHOTS WE WERE ABLE TO FILM OUTDOORS WITH BEAUTIFUL SUNNY WEATHER for our first two days of filming, then there was an extreme change in the weather as it turned very cold & rainy. We then had to set up to endeavor to film the numbers indoors which I found to be much more difficult & time-consuming with the setting up of background & lighting, etc. So after two days of such weather & struggling to film indoors, God miraculously changed the weather again back to sunny, warm & clear, & we were again able to take our equipment & the girls back outdoors for most of the filming.

TO ME THE FILMING ITSELF WAS MUCH EASLER WITH GOD'S NATURAL BACKGROUND & MAGNIFICENT AUTOMATIC LIGHTING & the extent as the p & film-

NATURAL BACKGROUND & MAG-NIFICENT AUTOMATIC LIGHTING. & the actual set-up & film-ing time of the numbers shot outdoors was much shorter than the ones in-doors. God miraculously blessed us with a beautiful and remote location in which we were able to film undis-turbed from outsiders for

all of our outdoor filming, which is miraculous especially because this is the most dense-ly populated place in the world! So praise God, where there's a will there's a way, & God even helped us find a place!

I think I had the most enjoyable job being the cameranan & John & others did a tremendous job in the preparation of the music & the handling of the equipment in the field, & Ruthle did a fantastic job in her helping the girls in every way with the selection of the music, the costumes & the practicing of their numbers, & everyone's help & cooperation together made this a most joyous & inspiring a rewarding experience for which we thank you so much for the privilege to work together on it for you & the Kingdon's sake.

From the Chinese LIT-PIC:

SO HERE WE ARE AT THE CHINESE LIT_PIC! We wanted to share with you in this photo-story the process & steps that take progress of the TK "Spir-it Trea".

FIRSTLY, HERE IN PICTURE '1' IT IS IN THE HANDS OF THE TRANSLATOR. HANDS OF THE TRANSLATOR.

She is writing the translation out on a sheet commonly used for Chinese writing which consists of a piece of paper divided up into small squares.

One Chinese character is written in each square.

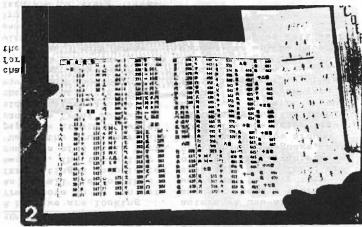

On her desk are the tools of the trade, including English 4 Chinese Bibles.

Text by Matthew: Photos by

dictionaries, pens, pen-

FOLLOWING IN PICTURE '2' IS THE INDEX TO THE CHINESE DICTIONARY showing how the characters are put in order. Firstly, there is a root character in each character, & all characters with this root character incorporated in them are grouped together. We'll explain this more in a minute. Secondly,

Text by Matthew; Photos by Ho; Typing by Dawn & Julia

this root character con sists of so many strokes, & if you will look at the picture you'll see how these are organised. You will notice that there is a bold heading or title in the column followed by a number of characters with a number alongside. Under the first heading are all the characters consisting of one stroke, under the next heading all characters consisting all characters consisting of 2 strokes, under the next heading those consisting of 3 strokes & so on. Now if you will follow the first column on the left hand side, you come across the character A next to the number 12. This is the Chinese character for people,
NOW LET'S LOOK AT PICTURE '3' where we find
the same character (see finger) & in the column going down all the chargoing down all the characters with this character as its basic unit or radicle. The character has been squashed up a bit & now in most of these characters looks like this (. Most of these characters have something to do with people. It is in this wa something to do with
people. It is in this way
that the Chinese diction
aries & phone books are
laid out, & also as we
will see in a minute, the
Chinese typewriter.
NOW MOVING ON TO PICTURE '4' on the same
page, we now are once

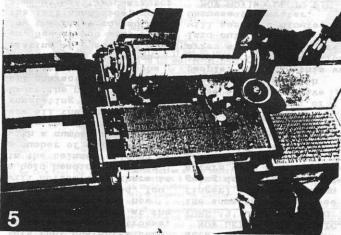

again taking a look at the progress of the "Spirit Tree" TK. Here it is in the hands of the proof-readers. This takes the teamwork of tive English speaker. It is translated orally back into English from the Chi-nese & thus checked against the original text.

IN PICTURE '5' THE KOMIC IS WITH THE TYPIST. & here we are looking from above so we can ge an overall view of this an overall view of this fascinating & complicated machine. The typewriter consists of 3 basic parts. One is the drum where the paper is attached, which can move front to back & side to side. Another is the character tray which moves side to side. The character tray has room for 3500 characters, plus character tray has room for 3500 characters, plus there are 3 more boxes with 1600 characters in each. So this means the typist has 8,300 charac-ters she is using. These 8,300 are also only the

most common ones, & we have found that some characters we use are not amongst these & therefore we've had to have them specially made. There are over 60,000 characters in the Chinese language, but most people know around 3000. The character tray in this typewriter is a in this typewriter is ex-tra long, so we have room to put in extra characters. Incidentally, this typewriter is a new one that we bought quite re-cently, so now we have 2 typewriters, as well as typists. TTL!

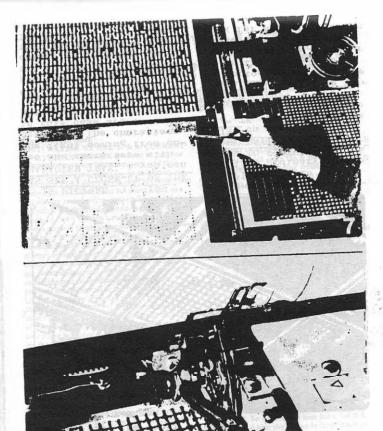

HERE IN PICTURE '6' IS CLOSER SHOT OF THE CHAR-A CLOSER SHOT OF THE CHARACTER TRAY. We can also see the third part which is the typing mechanism with the ribbon, which moves along the drum. The dial on the right regulates the space between the characters & the other buttons & levers are used to make this mechanism go backwards or for-

wards & to rotate the drum. Also in this picture you will notice the darker markers in the tray of characters. These are the root characters we talked about before, which act as a guide to the typists in finding the character she needs to type. Both of our typists can type about 1000 characters per hour.

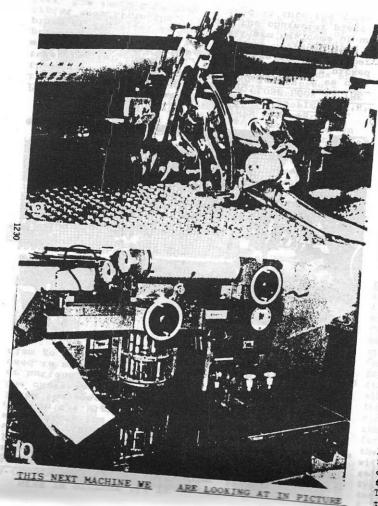

ON THE NEXT PAGE IN PICTURE '7' we can see the typist holding one of the typist holding one of these characters in her tweezers. For those fa-miliar with letter press printing, it resembles a piece of linotype. As the typist sees it in the tray, the image is upside down & inverted.

THEN NEXT WE HAVE ZOOMED IN ON PICTURE FOR A CLOSE LOOK AT THE TYPING ACTION, & we can see the character picked up in the square gripper. What has happened is a small arm has come up under the character piece. der the character piece & pushed it into the gripper; and as you see

the drum, producing the image of the character

TYPE MACHINE. We don't have one of these ourselves, as they are very expensive. This is used for typing our titles & other Chinese characters. A CHINESE PHOTOother Chinese characters, As you can see, it looks somewhat like the other

Chinese typewriter, but it is quite a bit bigger. In the middle of the machine you can see a series of tubes which are actually lenses. Combinations of these produce the type in different sizes.

IN PICTURE '11' YOU CAN SEE A CLOSE-UP OF THE CHARACTER TRAY, & you can see the characters with the light coming from underneath. The characters in this case are on small glass plates which look like printing negatives. Going back to picture '10' A CLOSE UP OF THE like printing negatives.
Going back to picture '10'
you can see the white barrel on the top of the machine, It's inside this
that the photopaper is.
The image of the charac-

IN PICTURE '13' we have the photo-typesetted title put on the front page, & now the Komic is ready for printing, after a final check for any mistakes in

Prom B. & E.; Orient:
Dearest Loved Ones.
GBY! WLYSM! WE ARE B. & E. CURRENTLY LIVING IN CHINA & we want to tell you how moved we were when we were told that you would donate a video for us to help in our work here. I (B.) don't cry easily, but with tears in my eyes I felt like I was receiving a gift in a way similar to Salvation, something we didn't really feel we descreed, or had carned,—from somebody who we don't even know personally & who doesn't know us personally, yet bestows such trust & faith in us that we will be faithful stewards for His glory over this wonderful tool of inspiration & teaching. Not only will the video bring us so much closer to the Family in our isolated situation, but more so, it will be an ideal means of feeding & inspiring our precious sheep here with the help of the Chinese Lit Pic, who have recorded special tapes in Mandarin for us, GBT! It is really the answer to our prayers, as we were desperately thinking of how we could improve the possibilities, limited by language & social barrier, of supplying the milk to our hungry babes, as well as ministering to our foreign friends.

WE REALLY DON'T KNOW HOW TO THANK YOU FOR YOUR FATHERLY & MOTHERLY CARE & CONSIDERATION, dear Dad & Maria, & the only way we can think of is to do our best to use this wonderful tool to win many to Jesus & make them fishers of men. We clearly see the responsibility you entust with this gift & pray we can use it to the utmost for His glory.

Much love & our most heartfelt thanks,
P.S. WE ALSO WANTED TO THANK YOU

Much love & our most heartfelt thanks P.S. WE ALSO WANTED TO THANK YOU ESPECIALLY FOR YOUR TIMELY ADVICE on our question as to whether we should stay in China or not. It helped us very much to be single-hearted & to put our all into helping the sweet people there. Once we had made the decision to stay, the Lord added several precious souls to our family within a matter

of wecks, PHN!
P.P.S. WE ALSO WANT TO WRITE A LITTLE
ABOUT WHAT HAPPENED DURING THE
LAST 3 MONTHS since Ho & Ruthie left. After
receiving Dad's encouraging message that we
should stay on to do our best to reach China,
it seemed like the Lord wanted to entrust us
with more precious people to take care of.
FIRST THERE WAS L., A TAILOR-GIRL
who works sewing costumes for the army's
theatre group. We had been becoming friends
as she was really sweet, & one day we witnessed
to her through a friend, as she speaks very little English. To our surprise she seemed very
closed & said everything can be explained
through science. However a few days later,
when E. talked to her alone in a mixture of
Chinese & English, she was totally different,
open & receptive & cagerly accepted the Lord
in her heart. That was a very important lesson
for us, to show how suspicious the people here
are of each other through all the political turn
abouts & upheavels of the past. Since then L.
has been a very faithful student of the Word
SHE ALSO WITNESSED TO HER BROTHER
WHO GOT INTERESTED IN THE LORD. He
is an accountant for a Chinese company &
when he was sent to Kanton on business, some
Americans in the airplane gave him a little book
in English & Chinese with some stories of the
New Testament. He really wanted to know
what it was all about but said he could not
understand. So we showed him John 3:1-8 &
his sister read him the "Love Is God" tract in
Chinese. After he had prayed the little Salvation prayer in there, he exclaimed, "Now I can
understand! Thank you so much!" This boy is
quite a rebel & really wants to do something
different. The Lord also let him fall in love
with E. & she had the opportunity to share
God's love with him, after he had asked her
many questions about what God thinks about
sex, marriage, etc. Sex & affection are really
great needs of the people here, but difficult to

So we hope this has been an interesting visit for all of you & helped you to understand more

about our work. WLY!-The Chinese LIT-PICers!

supply, because of very strict laws & regulations, especially regarding relations between foreigners & Chinese. Right now the government is trying to limit contact between Chinese & foreigners. So we had to change our tactics somewhat by not having so many visitors & instead of that we meet in parks or local restaurants.

WE ALSO MET A VERY INTERESTING GIRL THROUGH ANOTHER FRIEND. Her father & mother are both very high officials in the Communist party. She is doing some work in a cultural center & is also a writer. As I am now trying to improve my Chinese, I asked her if she would like to be my teacher, to which she eagerly agreed. That gave me a good chance to witness to her. At the time she was really at a breaking point in her life, as she had just divorced from her husband, something rather unusual in China, as divorce still needs permission by the government. But she really believes in love & is very spiritual. One evening a few weeks later, after she had prayed with E. to receive the Lord, a German friend dropped by telling E. all about the troubles with her boyfriend, to which our newborn babe blurted out, "Well, why don't you pray!"—very much to E.'s shock. Ha!

PRAYING DESPERATELY, WE ALSO APPLIED FOR A CONTRACT-EXTENSION after deciding to stay as long as He sees fit. We instead of that we meet in parks or local resturants.

6) WE THOUGHT OUR TRAIN RIDE FROM CANTON-KUNIMG-CHENGDU had the most beautiful scenery we had ever seen. Thank the Lo for His beautiful creation.

7)IN EVERY CITY WE WENT TO WE HAD A WONDERFUL WITNESSING EXPERIENCE! We wish we could share all of them now but space fails us.

8) IN CHUNGKING, S. MET 2 YOUNG PEOPLE in an office, that had never heard the story of Jesus.Upon hearing it they gladly received Jesus into their hearts & now want Bibles & literature to learn more about Jesus!

9) A FEW MOMENTS LATER A FRIEND OF THEIRS WALKED IN & I found out he had been interested in Jesus for a long time. A tourist had given him an English Bible but he couldn't understand it very well. So I showed him a few verses from my Chinese Bible & witnessed to him & he received Jesus too!

10)OUR NEXT DESTINATION WAS SHANGHAI, 11 MILLION PEOPLE! There we met a Chinese musician that has been a Christian for

Three precious Chinese young people who gladly prayed to receive Jesus into their hearts. Central China.

Missionary Journey To China!

From S & L, China Missionaries, Hong Kong Dear Family,

1)GBY & GIJN! We love you all & want to share with you all the things the Lord is doing in China! We were very happy & inspired to make another trip into China to share the good news of the Gospel in this spiritually dry & virgin land.

2)WE MET MANY PEOPLE WHO NEVER EVEN HEARD THE STORY OF JESUS, BUT HIS NAME ONLY! So we found many people who wanted . shout wis & got to witness to many

3)ON THIS SECOND TRIP TO CHINA we visited 5 different cities to see the different possibilities of what we could do there & witness to whomever we could about God's love & His salvation through Jesus!

4) WE STARTED OFF FROM HONG KONG (where we are based out of) & took the train to Guang-hou (Canton) & then on to Kunming (see map).

5)ON THE TRAIN WE MET 2 CHINESE GIRLS, orginally from Burns but they migra

less than a year. He was very hungry spiritually & appreciated the fellowship.

11)ON CHRISTMAS DAY HE BROUGHT HIS WIFE OVER, who was not a Christian yet. So being Christmas day it was a good opportunity to explain Christmas & Jesus to her. After witnes-sing to her we all held hands & she asked Jesus into her heart! PTL! Everyone was so happy!

musician friend & wife

12)OUR TRIP WAS A REAL BLES-SING & INSPIRATION. WE FOUND THE CHINESE VERY OPEN & RECEP-TIVE & we'd like to go back there & reap the harvest that is just waiting! But to do this we need lots of prayer from you as it is a communist society & one mis - step could end us up at the bottom of the mountain. So please pray for us & the ones that have been saved & witnessed to & for more to be saved as only Jesus can do it!

13)OUR FOLLOW UP IS GOING TO BE PERSONAL VISITS & bring-

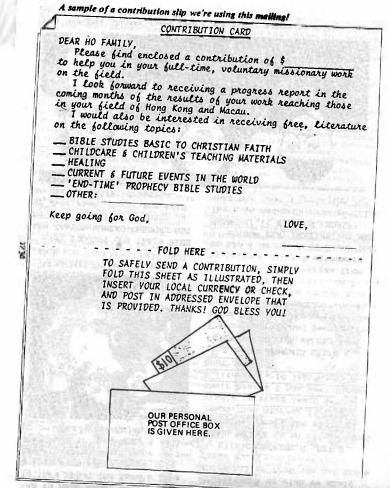

well as through the mails.

Chungking - Population - 6 million!

14) NOW I WOULD LIKE TO ASK YOU IF YOU WOULD LIKE TO HELP US reach this vast & untouched virgin, communistic land that hasn't had the Gospel in 33 years, & even then the missionaries were only beginning to barely touch the people in that dark heathen land of oppressed & poor people.

15) MAYBE YOU CAN'T COME YOURSELF IN PERSON & be a missionary but you can pray for us & the work we are doing & support us financially. We'll be very grateful for your one-time gift or monthly pledge if you can. GBY! WLYAPFY! Your China Missionaries (All gifts may be sent via your reporting office & labeled "S & L China Missionaries".TKS!)

GETTING A HOME VIDEO

Mhen our fish B. first invited me on a trip to Hong Kong to do Christmas shopping, I began to get excited with the vision of video equipment for our area. Although B. had promised us a video for later in the year, I knew I could not buy anything else until the video was secured. Upon arriving in Hong Kong B. still wanted me to buy Christmas presents for myself and family, and get the video later. I explained that the best gift for us was what we could use for everyone. We wanted to get a camera also as at the time we were working with the HAPPY PAMILY and wanted to video their upcoming tour. Thank the Lord we were able to and got a beautiful 2 hour video of their one month tour to five cities which we hope will be a blessin for everyone. So God bless B. he caught the vision of putting "God." B. even borrowed from friends, a real experience in forsaking all as he didn't even save money to buy the shoes he had wanted and could only get in Hong Kong. Belte helped us to get everything we needed and we also had good fellowship with the brethren there.

The other reason we were low on funds was because we found that B.'s friend could get us a visa to go to China during our short stay. As we were both really praying to go, we jumped at the chance. It was really a faith trip for B. as when we got to the dock to board the boat, the man who could guide us was not there. I did not want to miss that particular boat because while we were waiting I had met a unique character, the only blonde girl in this whole building full of Chinese on their way to Cuangcheow. We started a conversation and it turned out her name was Paula. She is an Austrailian who had been living in Taiwan for the past ten

months studying Chinese languages. I got a real witness that she was God's sheep and that He wanted us to witness to her. We decided to just buy tickets on our own since we already had our passports stamped. So off we went! It took the very last money we had, and it was so funny because B. had never gone anywhere without money, especially to China! Then we discovered that our tickets were only one-way! One-way tickets to China! But we knew the Lord was in it and it was going to be OK.

It wasn't until we got to the hotel that we got to spend much time with Paula. We got to know each other, and she thought we were really funny traveling without any money and only having one-way tickets to China! Soon our prayers were answered and B.'s friend who had arranged our trip arrived, and we were better off financially. The three of us,

LEFT to RIGHT: En, Shalem & Paula. B. scoted.

not including Paula who wanted to rest but promised to join us for dinner; took a walk to meet some Chinese people who J. (B's friend) knew. We had to walk across town & over the railroad tracks to the home of a very sweet young Chinese family. At first they were too shy to get to know us, but we just showed the love that was in our hearts for them and they soon warmed up and invited us into their home for tea and raw peanuts. The children didn't want their pictures taken until we gave them a treat. We had a really good time in trying ou' the Chinese we had learned and telling them we loved them.

Back at the hotel the dewil really fought us as we missed Paula and had to look all over the hotel until we found her. She had misunderstood, and thought that we were to meet an hour earlier. We were so happy that the lord worked it out. Also joining

us was J.'s girlfriend En, a very pretty Chinese girl. She spoke no English, but we were able to become friends through Paula, who speaks her language very well. When Paula and I had a good opportunity to talk, I told her our true motive for being there, and she really appreciated us and our mission. I chared with her about salvation, and she prayed with me to receive Jesus. She said she had been missing something that she wasn't finding in her church.

Jesus. She said she had been missing something that she wasn't finding in her church.

Mell, our trip was short but it was very fruitful. En says we can come stay in her house as her guest and teach her English. Paula has returned to Austrailis but we are writing. I am waiting to see what the Lord leads about En's invitation, and how it could be used. I find the Chinese a very dear people All they need is to smile and we have the only thing that can keep them smiling. The Chinese are truly "ripe unto harvest", and the sconer the better. There is always talk of the Chinese leaders not appreciating the influx of Western influence on their young people, and there have been threats of closing ties. What Dad has said is true, "this is China's day".

I closing I would like to add that China is one of the most beautiful countries, full of mountaine and lakes and gorgeous rivers. I never expected it to be this way. The farms and dairies are very orderly and the people all seem to work closely together. As for survival, this area of China would offer a good subsistance from the land, and a natural God ordained way of life. I think I could easily learn to live in such a beautiful place with this hungry people who are so ready to learn our love I Jeaus. I think that FP'ing will have it's place here as they seem to regard sex in a sore natural manual manual

was escorting foreign businessmen all through Peking, Shainghai, etc. They were all very flirty and joked with me even though I was with B. He gave me his card and invited me to call him in Hong Kong. So God Knows

the possibilities! My heart is open, the call of China! How about you? Just one day there was so exciting and we are really thankful that the Lord gave us this priceless chance to take a look behind the scenes in China.

to take a look behind the scenes in China.

When we arrived back home with our video equipment, we actually left the airport with only about 35 left between us. So we know the Lord can provide you with video equipment and make the trip to get it exciting and full of miracles. We want to add that the videos have really changed our lives and have made us feel closer to the brethren, even in our area as everyone really bures their hearts on the videos. Thanks to Dad for the faith to pioneer this. It seemed impossible for us at first, but with God, nothing is impossible! Nuch love, Shales LATE NEWS FLASHII: Over Easter B. was able to witness to workers who work in his company resulting in over 500 souls saved! He has also won souls by personal witnessing and wants to witness more. TIJI Love, Shales LEFT: One of the beautiful scenes, a co-operative farm.

PEARL OF THE ORIENT The Story Of Michael, A Family Teenager By Fay Grace; Sub-Continent:

I never felt qualified to write anything about teenagers before in spite of having a teenage son, mainly because I was always baffled about his behavior and was constantly having to ask the Lord just what to do! Then the thought struck me that being baffled was simply par for the course and I'd "joined the club" was infilions of other parents who scratch their heads in seeming of millions of other parents who scratch their heads in seeming wonderment over the odd young person in the upstairs bedroom!

Ne've learned many different lessons while living with our teenager Michael. While admittedly his background and experiences are quite unique, really all our teenagers are unique individuals. So while many things we've learned with Michael may not apply age spirit!—and that can be applied to anybody!

We adopted Michael 4½ yrs. ago when we were district shepherds in this Asian country before the RNP. Michael had lived 5½ mo. on the street begging as his mother had deserted him and his father was simply to poor and overworked to care for a young boy, Michael was about 10 but was so small from malnutrition we thought he was about 7 or so.

needn't be ashamed but rather proud that he's a Christian now.

It was the first time that it totally sunk in. That was 3 yrs. ago and now at 15 he has a real awareness of the darkness out of which the Lord has delivered him and has become a real rad-use ical, almost a fanatic about it.30H; He's gone almost to the end opposite extreme though and at times we have to remind him opposite extreme though and at times we have to remind him that we win through love, But I'll say one thing for him, he's certainly aware of the enemies devices now. FIL!

Another thing I've seen Michael so thru is growing out of that hother thing I've seen Michael so thru is growing out of that 'cute stage'. When kids are still young and seemingly innocent people are so impressed with their boldness and conviction about the Lord. Then as they hit their teens and begin to look more the Lord. Then as they hit their teens and begin to look more like a young man or woman their witnessing tactics have to change too. So have compassion on your child and the changes he's going thru.

The little old lady on the bus may pinch his chesks and take the lit one day but seemingly overnight begin to act with sustice in the little old lady on the semingly overnight begin to act with sustice and wise guy! Michael was always small for his age-so only recentally went thru this. Have a heart and remember possibly one reason ly went thru this. Have a heart and remember possibly one reason your childs fire is cooling is because he is confused about the reactions he is now getting from people. The answer? Encourage him or her that they're maturing and need to adopt more of an him or her that they're maturing and need to adopt more of an him or her that they're maturing and need to adopt more of an eadult shepherds role with those they withess to, Once they see this works as well or even better they'll be back on the front lines!

One real blessing in dealing with teenages is the sexual of the pinch of the pinch and helping him out; I can't say it enough- it wor

be. Teenagers need guidance and direction just like everyoody else.

We've found that if our son is shirking his responsibilities and not doing household chores and pitching in at home those with the actual complaint, not just Mom and Dad need to put on the Green Shirt and share their hearts with him. Honesty always the Green Shirt and share their hearts with him. Honesty always pays and we've found if little grudgetare allowed to build up they can become real mountains.

Let's face it- your teenager can be pretty annoying at times!

Let's face it- your teenager can be pretty annoying at times!

The cassette player is going 2½ hrs. a day, he's constantly humming off key, left his dirty socks on the kitchen counter humming off key, left his dirty socks on the kitchen counter (yes folks, it's happened) and is usually a million miles away when you try to talk to him(our son is an Aquarius). Built fithings he's doing are annoying others in the home encourage them to go directly to your teen and lovingly talk it out. Bon't let walls build up! They can be very difficult to tear down!

This doesn't mean you should shirk your own responsibilities of being your childs spiritual shepherd but he or she needs to

We prayed really desperatly about adopting him as we both had an overwhelming desire to take him in, and God spoke to us through a real direct specific revelation that he was ours. He is really an exceptional case as most street children in this part of the world are hardened in heart and spirit at an early age, so adoption is not something we would casually recommend. It's miracle Michael was so open and receptive after fending for himself and we know it was just the Lord protecting him!

After his adoption we went back to Europe for 15 mo, which proved a real valuable time in our growing closer to Michael. He was in a strange place with a strange language and customs and he really turned to us and began to really trust and depend on us. He spoke no English when we adopted him so we communicated through pictures, acting things out and a small language dictionary.

ary.

He got saved in France 2 mo. after we adopted him after constantive showing himmedictures and telling simple Bible stories about desus. He got filled with the spirit 5 mo. later in Spain and then really had a change in his life. Before he was so shy but suddenly he had a real boldness and would whip out his picture books on a crowded bus and show them to people around him telling them he had Jesus in his heart.

When we finally came back to Asia after the RNR (where our hearts had stayed all along) Michael went through some real conflicts. In Europe Christianity could almost appear as a "white man's religion"—everybody he witnessed to was white and came from a Christian background. But suddenly he was back amongst his own people and being from a Hindu background he began to the was sort of e spirit of compromise like. "I know Jesus

his own people and being from a Hindu background he began to lose some of his conviction.

It was sort of a spirit of compromise like, "I know Jesus is right but after all these people have their own religion so maybe it's O.K. for them." It was never anything he put directly in words but was very apparent in the spirit.

We really prayed desperately and always got the verse in which Jesus said "If I be lifted up I will draw all men unto me" how we tryed to lift up Jesus and feed michael the Word, telling him the truth and then just trusting the Lord. That's alot easier than it sounds by the way, as when your kids are going through it spiritually it really puts your own faith to the test too! But sometimes you just have to leave it to the Lord to get them to fully receive a spiritual lesson.

In Michael's case the lesson was learned shortly after because of his caste. The Findu religion is based on the casts system, lower castes being considered inferior in every way. Michael was low caste and it was something he was secretly ashamed about. We were eating in a restaurant once where a young boy was serving as waiter and the trouble began. Michael is quite dark-skinned as are many low caste people and the young boy was watching Michael with increasing resentment and jealousy, wichael was sitting with foreigners, wearing nice clothes, eating a good meal, etc. So when the boy was clearing the table he narrowed his eyes at Michael and snapped "What's your caste, huh?"

under his breath. Michael then and there how in Jesus there is no caste, neither Jew nor Greek, bond nor free but we are saved thru grace - Also I stressed that he

learn to become an adult member of the body. We all had to learn to deal openly and honestly with our brothers and sisters when we joined the family and teenagers in a similar way are.

learning to deal with others in an adult responsible manner.

Another thing to emphasise is to really look for and encourage your child to develop his talents. Michael definitely has a "mad scientist streak and an absolute fascination with anything electrical. So have patience when your kid keeps blowing the fuses and you find he's turned your kitchen into a sound studio. Put him to work fixing the broken heater and give the Lord thanks He's given your child a gift! (And try not to get too annoyed because you keep finding hammers and screw drivers in amongst the cutlery-ha!)

We really had to learn to have patience and understanding in Michaels weaker areas. Having started so late in life Michael really had alot of trouble learning to read and write. Whenever I'd get discouraged about it tho the Lord would always check me with the verse Acts 4:13-"Now when they saw the boldness of Peter and John and perceived that they were unlearned and ignorant men, they marvelled and took knowledge of them, that they had been with Jesus."

I came from a very scholastically oriented backgrounds it was a bit of a bottle breaker to have a son who could barely read! But God made him and God's using him and in so many ways he's go had mach less to late of the prophet filliam Branham but Michael has a real loving missionary prophet filliam Branham but Michael has a real loving missionary prophet filliam Branham but Michael has a real loving missionary prophet filliam Branham but Michael has a real loving missionary.

Richael may 'butcher the king's english' as Bad said of the prophet william Branham, but Michael has a real loving missionary's heart pitching in on Open the Boor for the Children, litnessing and witnessing to friends. We once got a prophecy that he was a 'pearl of the orient'— and we love him dearly! 'pearl of the orient'— and we love him dearly! The main thing to emphasize again is: Love Never Fails! It can be pretty frustrating at times and we have made many, many(!) mispretty frustrating at times and we have made many, many(!) mispretty frustrating at times and we have made many, many(!) mispretty frustrating at times and we have made many, many(!) mispretty frustrating at that's how you learn! It'll help keep you humble as you constantly keep apologizing to your teen for you humble as you constantly keep apologizing. Ha! So "Trust all the blow-it's you make in their up-bringing. Ha! So "Trust in the Lord with all thine heart and lean not to this own understanding. Acknowledge Him in all ways and he shall direct thy paths." (Pv.3:5,6) "men?

Dearest Dad, Maria & Peter.

Greetings in Jesus' Name, I really love you & thank you especially for the love & mercy which you have shown towards me, & for giving me a place of service in the Kingdom in spite of all of my weaknesses & failures. Your letter of April 11 arrived to us on the 3rd of May. It was super inspiring to receive from you so much direct counsel & guidance for our Area & ministries. We thank you so much for the time & energy you have taken to study over our situation so thoroughly & to give us such detailed counsel & advice on how to better further the outreach to the Chinese. Your letter contained many inspiring surprises for all of us & we are still absorbing & meditating on it so that it can have the desired effect on our lives. PTL!

TANK NO. 50 MICH FOR THE FAMILY. The quote the Lord gave me on this which also encouraged me was from "New Brooms" 675:11. "If know with God's help you can do it, because I know the Lord & I know that He can do it. He can take anything to do it with if He wants to, even you!" Par 12: "He loves to take the weak things to confound the mighty, He loves to take the foolish things to bring to naught the wisdom of the wise." So I pray that I will be faithful to the calling that you have given me to feed your sheep. As the quote in Peter's letter said, "It is a priceless privelege to be in the army of the Lord" & I don't "want to account lightly the gift; position or responsibilities that God has given me." I pray that I will be faithful & obedient as a tool & channel in your hand to help those working here for the Lord.

YOUR COMMENTS ABOUT MY WEAKNESSES & FAULTS ARE SO RIGHT ON & IT REALLY HELPED ME STAULTS ARE NOW THAT YOU COULD ENVISION MY BEING OF SERVICE TO THE LORD IN SPITE OF MY FAULTS & FAILURES. My prayer is that I will be faithful to the calling which you shave given me & obedient to all of the instructions. As it says, "He that keepeth my commandments, he it is that loveth me."—Area.

my commandments, he it is that loveth me."—Arrica.

II MAS MOST SOBERING FOR ME TO KNOW THAT THIS IS MY LAST CHANCE, & I PRAY THAT I MILL NOT FAIL YOU OR THE LORD, & especially the FAMILY & THE LOST SOULS THAT ME HAVE THE OPPORTUNITY TO REACH IN THIS MOST POPULOUS COUNTRY. I really apply the quote to myself in par. 23: "It think some of these leaders are in a very dangerous position today. It were better for them that a millstone were hanged about their necks ** km & they were cast into the depths of the sea than they cause one of these little ones to stumble." So I pray that I will not fail & cause others to stumble. Par. 25 encouraged me a lot that"It's half the victory when you've got good communication & you're open & honest about everything, not trying to cover up." Because of the principle in this paragraph, I've felt it necessary & advisable to read to everyone affected by these things, all of your comments & warnings about me & my faults & weaknesses, as well as your expressions of hope in my usefulness in your service. I felt that we all needed each other's help so much to be able to overcome in these areas, that it would really help us all to be able to walk in the same light of your truth.—Very **com/*—**Com/*—**COM/**

ME FIRST READ OVER TOWN LETTER WITH THE FAMILIES OF MICHAEL CHRISTIAN & THAODEUS, DANIEL & OURS, Sharring all of our feelings & comments on your suggestions, being a complete revolution for us that it is in many ways, we really prayed together for the Lord's wisdom in how to follow your counsel in the right spirit & time. Your comments on my accountability to you & this being my last chance really struck home to me & I really pray that you'll be merciful to me in the mistakes that I will make as I endeavor to follow & obey you. Your committing to me these responsibilities in spite of your hearing & knowing from others of my continual weaknesses in these areas causes my to look to the Lord to do it as I know & you know that I cannot do it myself.—

ME ARE BY GOD'S GRACE COUNSELLING TOGETHER TO FORM THE NECESSARY SAFE-GUARDS TO PREVENT MY WEAKNESSES TO CAUSE THE FAILURES THAT THEY HAVE IN THE PAST, as you have suggested, we are counselling together with Michael C. & Thaddeus & Ruthie & the other people affected by these things asking that they be a check & a balance so that we follow both the letter & the Spirit of it to bring to fruition the plan that you have given us. So I truly pray that I will not "let the zeal of my house eat me up" & am more than ever endeavoring to go slow & pray & listen to others, especially because I know this to be my last chance & because time for reaching this part of the World before the War & the catastrophes to come, is so short.

YOU SAID THE BEST WAY TO GUARD AGAINSI RUNNING EVERYTHING MYSELF WAS TO PUT OTHERS
IN CHARGE OF DIFFERENT AREAS & TO NOT OVERRIDE THEIR DECISIONS. It has already been working out with the Heads of each Unit guiding & coordinating the activities of their individual Units like Chinese Lit-Pic, Chinese MMM, China II, etc. These Unit Heads have been doing a good job & have put together good working teams which have been & will continue to be working together fruitfully. We certainly want to strengthen them & not to weaken, override, or centralise this authority, so we all certainly agree that the need is for counselling together on ideas & suggestions, & then to let each one coordinate their specific areas. I really enjoy most the behind-the-scenes work which I also hope to continue to do, & am looking forward especially to helping on any Mord projects what has blessed me to do. I really feel that this working on the Word projects is what has blessed me the most in the past & getting more into the Word is what I need the most now. The people responsible for these different Units are very capable of overseeing them & with all of us counselling together to follow your suggestions for us & coordinate our efforts together. I'm sure the Lord will be able to help each one to continue in doing the good job they have done. And so I look forward to being able to have the time to work on these Word projects. PTZ: 6739/!

THADDEUS HAS JUST OBTAINED A NEW APPLE COMPUTER & IS NOW ENDEADURING TO GET THE ADDITIONAL EQUIPMENT TO GO WITH IT & PROGRAM IT TO HELP HIM WITH SOME OF HIS WORK, & so it may be possible that this would be able to be used in conjunction with Apollos' Apple Computer, so that we could share material that he has put into the computer & help in some way to get some of these projects into a final print-ready form. Ruthie, Joseph Daniel & Thaddeus know more about the details of these things, & we are all looking forward to helping in whatever way we can along these lines. Personally I feel that this is the area that is the best for me to work in as it both strengthens & feeds me & will help me to be able to have the right connection with you & the Lord & knowlege of the Letters that I will be able to point those who come to me for counsel to the counsel which you have given us in the Letters.-So we can let the Letters be the Leaders. Helping get your words out will have a far more long-lasting beneficial effect, I'm sure, than anything else that I could personally do, & I know that Ruthie also feels the same way. So please know that we are ready & willing to help on any projects that you may suggest & we look forward to hearing about them soon. General AFTER READING OVER YOUR LETTER WITH THE HEADS OF THE UNITS WHICH YOU WERE SPFAKING

AFTER READING OVER YOUR LETTER WITH THE HEADS OF THE UNITS WHICH YOU WERE SPEAKING ABOUT SUCH AS PHILIP & CHRISTI FROM THE LIT-PIC, ZAC NEWSONG FROM MWM, MIKE & THADDEDS, we agreed on inviting the key people in all of the Units affected by your suggestion, to meet together to read over & to discuss your suggestions to them. They were all super turned on by your suggestion that we should form a Combo of the Chinese work (MMM & Lit-Pic) & possibly a WS Combo. This has started a whole chain reaction of counselling & praying together that has been the main event of the past week. It is a real revolution for us all & a forsaking all to live together. We're looking to the Lord day by day for how & where to do it. A detailed summary of all this will be in my next letter which we hope to complete tomorrow, DV. With love & much much prayer, PTZ: G-DY: TTZ: WLLEPRY! - Lord - Lord MS SYNOXXXXX Your Son always.

Dear Family and Briends!

God bless you all: We really love you and pray for you? Thack you an each for all your inspiring letters - they are thirty like cold waters to a thirsty soul." [Pr. 25:25]

helt - here we are - in the land of smitzs! And the Theis healty are a smiling people - a very hospitable people! We are so thankful to be here, and excited by all the presimilities! But have we would like to share with you how the load got us out that we would like to share with you how the load got us out the leading of the people intracted.

of Pennink by pune miracles!

In the middle of January we got the word to close up ship and try to be out of Pennink by the end of the month. Dell - that try to be out of Pennink by the end of the month. Dell - that the fooder like a totally impossible situation. De were right just looked like a totally impossible situation, be were really in the middle of a couple of projects - things that was really in the middle of a couple of projects - things that was really in the middle of things to get rid of, including survival for about have full of things to get rid of, including survival for about prayer about making it. When considering all these things, we prove about making it. When considering all these things, we got the verse 1.Sam. 15:22, "To obey is better than sacrifice". So we just stopped the work where it was, and started working on packing, selling things, binding out about visas and tickets, plus shipping. The whole lit-Pic - about 13 people including children - decided to go to Thailand, as that was where it seemed there were open doors.

We went to heroflot, and the manager gave us a discount on each ticket, plus he promised us a discount on the overweight-luggage we brought with us.

So we set our departuredate to Feb.9th, and proceeded with selling out everything in the Lit-Pic-house. We put an ad in the local paper, and people came and bought just about everything - including the things we were ready to dump in the container! We ended up getting twice as much through the rummagesales as we had expected, without even selling the biggest, most expensive items! So TVJ!

As we were so many going to the same place, we pooled all the money we got in, and then divided it afterwards between us so everybody had their needs met. Doing it this way was really a uniting factor and helped us get out faster. (Acts 2:44-45)

Then - the caravans!: The second week we got the first one sold in Sweden, and the last 3 were all sold in the last week - on Friday, Saturday and Sunday - and we were leaving on Tuesday! And for every caravan we got a very good price - actually more than we had counted on! So PTI! The Lord did the miracles! PHN! And in the last week we also got the? cars sold of also for more than we had expected! TYJ!

When we phoned the Family in Thailand, they asked us to bring a few things that are hard to get here, so we phoned around and provisioned among other things self-adhesive plastic. One book-printer gave us 150 m of this plastic, plus 15 dollars on top of it as a donation to the work, GB him!

As we were going to ship a lot of heavy stuff, we phoned one shippingcompany and asked if they could help us - either for free or very cheap. So they said they would ship our things for i the price, God bless them: Then the day we were to get the papers from them, they came and taked with us - to ckeck us out - and then they said they would do it for free! Hallelujah! And not only that - they would send our stuff to their man here in Bangkok, thus getting it through customs for us! What a miracle - more than we could ever have dreamed of or hoped for! The Lord was just opening the doors wide for us to go through! In fact, one verse we got at the beginning when asking the Lord to help us get out, was Rev. 3:8, "See, I have set before thee an open door which no man can shut." What confirmations of

On Monday, the day before departure, we found we needed to bring a timer for darkroomwork. We phoned up our good contact at Philips, and he gladly gave us a brand new timer - the model so new it isn't even on the market yet - God bless him: "God laves a cheerful giver", and we know that God truly loves all our friends who gave so willingly and cheerfully!

Finally - the day of departure arrived! And it turned out we were not all travelling together anyway. So the rest of the Family followed 6 of us out to the airport. Here was the next hurdle: We were promised we would only pay 1.5 dollar pr.kg overweight, but now they said we should have been there early in the morning with the overweight-luggage which we didn't know). So they said the official price was 18 dollars pr.kg overweight. So 18 dollars x 100kg overweight = 1.800 dollars! Whew! We sure didn't have that kind of money! So we prayed desperately while the Russians tried to figure it out. Finally they called their boss, whom we had talked to, and he said to give it to us for 1.5 dollars pr.kg overweight. The guy at their airportoffice came out to us and said, "I don't know what you did to him, but he said it was okay. Have a pleasant trip!" Hallelujah! So instead of 1.800 dollars we only paid 180 dollars! The Lord was sure helping us get out! "The king's heart is in the hand of the Lord, as the rivers of water: he turneth it whithersoever he will!" [Pr.21:1] Then we had to board the plane, with A LOT of handluggage - 4 guitars, 3 small suitcases for paper, a small backpack, flightbags, 1 typewriter and 10 kg cheese - a donation from the Family in Norway. And it went just fine - though we were a bit cramped!

So - we were on our way! We were so excited! The trip took

So - we were on our way! We were so excited! The trip took 18 hours - the flight itself took 13 hours, with a 3 hour stop in Moscow, 1 hour stop in Karachi, Pakistan and 1 hour in Bombay, India. Next stop - Bangkok!

There we encountered the last hurdle: Customs. On the plane Priscilla had asked the Lord specifically that the customsofficers would not bother opening our suitcases - and they didn't - just looked at the passports and waved us through, PTL! With Peter, they wanted to see his newest suitcase, which only contained his personal clothes, and didn't bother with the old one - which acutally contained a whole darkroom! What miracles! The brethren were there to meet us, and now we are staying with Esli and Magdalena until we can find another house.

So - here we are, sweating it out! It is about 32-33°C in the shade, and very humid! But we love it, and are so thankful to be here - out of the cold warzones of the North!

Our vision here? - We would like to continue feeding the Danish sheep from here. It will not be on such a large scale as before, and so we'll also help reach the lost souls in Thailand. But - we'll have to stop here and tell you more in our Thatland. But - we to mave to our note one and down below where we all should go! So come & see, how free a hoppy-you all can be - if you'll obay every word he say! - Love, Valour, Kerenina & Priscilla

The Rewards Of Pioneering In Thailand!

FROM GILEAD & LEAH; THAILAND:
After being in a beautiful northern
city for almost it years, the Lord
showed us to pioneer a provincial
capital in the Central North.Previously there had been occasional roa
teams here, but the Lord showed us
the need for a base home to also
reach 6 neaby provinces, some of
which hadn't even had a road team

reach 6 neaby provinces, some of which hadn't even had a road team for years.

So our little team of Leah, 41 months pregnant, Samuel(21) & my-self set out. Arriving in this new town, we stayed at a small hotel while asking around about houses for rent. After a few days the Lord supplied us with an ideal house. The owneris the principal of a Christian High School and had previously helped some roadteams. They let us rent the house at a reduced price, without the usual deposit as well, and let us stay for 2 weeks free-fiv! What a miracle. The Lord had given us the quote, "There's nothing too small for the Lord or too hard for Him. Every little thing! Why do you worry, why do you fret? God's going to take care of every little details (173) So He wasnow starting to fulfill His word. Then, through provisioning, the Lord supplied allow household needs—from food utensils to a fridge and electric fan Plus over the next 32 monthsadam from Australia, lek & Mocay(Thai Mationals) and finally, Peter & Robyn & Muth 12 from Australia, all cameto help reap the harvest here. So now there are 9 of us plus 2 new local members, a student and a teacher, who can't live with us yet.

In the 4½ months that we've been here our home has districuted over 100,000 pages of literature in 5 different cities, but we can't print anough fast enough to fill the vacuum of hungry hearts here.

We have also been to many schools where we take over English classes, or do shows for the students. From these and personal witnessing over 12,000 gouls have been saved since we started this new work for the Lord. This includes 7,000 souls won at Christmas through about 12 shows done at schools. The sheep here are so hungry that every day we have visitors and we valued also been having "Sunday School" on Saturday mornings, and a weekly Church of Love.

The Lord also opened the doors for us to get into all the schools of an outlying district, when Leah & Adam met the owner of a private school there we have rearly all the students got saved. He introduced us to the Principals of the 2 govt. schools, where we later sang and litnessed, with most of the students there receiving Jesus, too! In this district the students come a long way from small villages, so we were able to reach evast area we usually wouldn't go to, by reaching the students at school. FTh:!

So the possibilities are limitless here. There are many provinces in Thalland that need teams to reap the cripe harvest before it rots. Will you one of our prayers and financial help to get out the W.W.W.'s here.

I got: "From that selfsame hour the girl was healed"—and I got that the Lord had cleansed out all disease out of our whole house. So even though I didn't yet feel or look healed, I had gotten the Word on it and had to stand on it. Oh yes, one of the first things I got when I became ill was: "Facts pulled up feelings"—showing me that

I did get a few attacks of feeling disease, and from then on I was healed! I did get a few attacks of feeling dizzy, but every time I prayed and rebuked it, within the next day I was completely able to eat and work as normal. In fact, I got so much power from all the spiritual strength I had gained, that I worked even harder than before.

AND, AS I'D COTTEN, THAT THE LORD HAD CLEANSED OUT ALL DISEASE from our Home, this is also what happened.

Josue got healed after only 2 weeks of hepatitis, and Jonathan after only one day prior to this.

IN THE MIDDLE OF ALL THIS WE'VE HAD SOME REAL VICTORIES, as the people that have been well have been keeping on going out doing shows and winning goule so that so

Boat Trayel In South East Asia On A Russian Cruise Ship!

After getting word that had wanted to see a COMEO set up in Thailand, and seeing a greater need there with so many new incoming brethren, we began 'cloaing up shop' and moving our base from Singapore to Thailand. With 5 adults and 7 children to move, flying was too expensive, eapecially with lots of luggage and supplies for the field. The train was possible, but was a longer and harder trip especially for our 2 PG mommiss—one with only a month to go! So, after praying and trying to provision air tickets, Shem saw an ad for a boat cruise on a Russian pass sensor liner! Till Shem checked on it, but at first the boat company said no as this was a cruise and we couldn't get on half way thru the cruise, but the lord touched their hearts and they consented to letting us on! This was fanntastic as it was much cheaper than flying and we could take as much luggage as we wanted! Once on the boat we made friends quickly, and the children were the real key to the hearts of everyone including the Russian captain, staff, and crew! A lot of the staff and crew spoke little or no English, but were touched by our sample of love and begged us to vied the ship whenever it's in port here in Bangkok! Shem, Mark and the children did a little show one night and got everyone at all of the staff and crew spoke little or no English, but were touched by our sample of love and begged us to vied the ship whenever it's in port here in Bangkok! DAD'S LETTERS CAUSE DANTEL TO DROP OUT 2 WEEKS BEFORE EXAMS!

From Daniel, Indonesia:

From Daniel, Indonesia:

HI MY NAME IS DANIEL & I
was born 20 years ago in Indonesia. Before I joined the
Family I was already a dropout
and a rebel against society. My
father, a military man, was
quite a hard man. One time he
even got so mad at me that he
put me in jail for a short
while for disobeying him.

WHAT I REALLY WANTED & was
searching for was an alternative to the confusion around
me, not an escape, but something real. When I couldn't
find it, I began to get into
drugs & drinking. I also used
to spend time with older women
widows & lonely girls, many of
whom fell in love with me. But
I wasn't really satisfied with
just sex because I wanted a
sincere relationship & real sincere relationship & real

Family Witnessing In Indonesia ! From Ben & Miriam

After witnessing and ministering in Bogor for some time, we decided to check with the faithful, all-national MM crew for mail responses from Bogor.

So armed with 35 names and addresses, street map, 4 kids and a guitar, we set off one Saturday morning on a round of house visits.

house visits.

Although it involved a
bit of leg-work and navigating,
the results were really worthwhile. At the first house, we
were immediately welcomed inside by a pretty Indonesian
girl. And after introducing
ourselves and singing a few
songs--5 souls gladly received
Jesus!

Encouraged by these results, we continued our visits. At another address we found that the neonle were out that the people were out-however, the neighbors welcomed us in and their 2 teenage daughters got saved!

The crowning achievement of the day, however, occurred when we located sweet N., a real precious jewel.

person visit with the Family.

The next morning, still
excited but not satisfied with
yesterday's victories, we set
out for the Botanical Gardens to
sing and witness to the crowds
that usually gather there on Sunday mornings.

We soon found ourselves in
the midst of a Catholic Sunday
school gathering of 50 children.
They had all the "mechanics" of
an outing but were oh-so longing

for the Spirit of Love! The little children made a circle around our little performing troupe and listened hungrily-even singing along. At the close of the songs, we prayed together and all the children a teachers received Jesus.

Walking on a little ways under the trees and enjoying God's Creation, we met a group of "cool" teenagers strumming guitars. They invited us to

join them--almost a challenge--when they saw our guitar. But "You Gotta Be a Baby" soon had them happily clapping hands and singing along. Afterwards, we gave them a bigger challenge: to come along to Heaven with us. Several of them responded positively and soon we had a circle of 10 praying with us to receive Jesus. They were as sweet as little kids after that GBT.

Well, we were ready to call it a day after that. But wait, where is Paulo? Oh, he's still busy collecting addresses for the MM!

GBY, WLYSM and are praying for we would like to share this testimony with you about the situation in Indonesia at the moment.

There is a big political campaign going on all over Indonesia because of the presidential elections on the fourth of May. The two big parties are really doing their best to win. SOME. 358 £0 265 Teh One is the fanatic islamic party and the other one named Golkar supports the president Mr Socharto. We really feel that the Golkar party needs our prayers because 111-Indonesia has been so open to the Family and our message for 10% 125 For example at the moment in all the big cities of Indonesia For example at the moment in the theorem is they are showing a movie called "Jesus".

The really inspiring it is about the life of Jesus in the life of Jesu This movie is really inspiring it is about the life of and follows the book of Luke exactly, it is beautiful. At the end of the movie there is a strong salvation me. After the movie we were passing out the TK Jesus loves you and we noticed that many people had a real light in their eyes and for sure many of them had been saved TYJ, few days after the movie was on in the city where we live went to the capital and while going office to office we met the director of the company who released this movie in He is moslem and he was very receptive and friendly.

He told us the government approved the release of the film.

We feel it is probably part of the campaign to show the people that the country really is open to other religions which is also written in the constitution of Indonesia. So in order to be able to keep working freely in Indonesia we would like to request your prayers for president Scenario and his party. - Anne - We're praying! Call-Law we really love you and are so thankful for everything you've one for as and couldn't think of a better than this one for Jesus and others. Empround IALY 3/2 XXX XXXX

Faith Trip To Sumatra
With 10 Children!

PRISCILLA, DIMAS & MICHAEL ON THE BOAT TRIP.

Recently we decided to make a trip to South Sumatra to visit our many precious students and sheep there whom we had contacted through our English radio programme and correspondence course. Of course, our whole family of 10 children wonted to go, so our close friend and helper. Irwan, volunteered to come with us and help with everything, and wonderfully his boss then offered to pay for everything! Good bless him!

We set off late one Sunday evening and travelled at night to the capital. There we stopped for refreshment at Ben and Mirium's who themselves have five children. You care imagine what a riptroaring inspiration we all had together after the evening meat! Early the next day we drove to the ferry and had a beautiful crossing to Sumatra. The Journey from the ferry to the main town was only a short

GOD answers desperate prayer:
- Amencial struction straightened out! - Children sing on TV!-Thousands of souls being reached in schools!

Dear Dad & Maria & Family,

QEY! We really love you and pray for you always, especially for your mafety and health! WLY!

We just wanted to write and share some of the victories & battles, and also of the great & mighty things the Lord has done for us.

Well, about 2 months ago our Home was in a real bind financially and going farther in the hole every day. Our main supporters could no longer help us, and we were doing everything possible that we could think of to climb out of the hole, but nothing was working very well.

Lydia had been out Ffing 3 to 5 nights a week, but she really wasn't meeting any real "kings" and was getting worn-out in the process. But as you said in the Letter Kings, Dad, there are 3 reasons your needs aren't being met: 1)-you're disobedient, 2)-you're wasteful, or 3)-you're not desperate. Ours was number 31 GHU!

So we had desperate prayer & cried out and asked the Lord to give us a real king to free us so we could do His Work! And PG, Jesus never fails! About a week later Lydia met J., a very wealthy Chinese businessman.

She met him as she was walking out of a hotel where another fish had just given her the brush off, and she was almost in tears. J. offered her and another sister that was with her a ride. So they accepted, and he took them to lunch.

She shared about our financial sit-

uation with him -- that we needed our rent the next day, no said, "Sure, I'll help you. How much?" She told him, and he said he'd have it the next day. So the next day she saw him again and he helped with the rent plus more! GBH! She sees him every week now and he always helps generously! TTL! And what an answer to specific, desperate prayer!

The children have really been an asset lately and become more of an asset every day! The 4 older children (Daniel-13, Timothy-12, Deborah-10 & Shalam-9) have been singing the past 2 months on 12 different TV variety shows, and the exposure has really helped our busking, litnessing, provisioning & everything. songs from the MWM tames for the kids to sing. The songs we've done so far are: "Open Up the Window of Your Life", "Everybody Can Be Happy", "Rockin' Robin", "Psalm 19" and "It's a Miracle". - GB'M! - Tagalogue! I (Marc) would really like to stress

I (Marc) would really like to streshere that TV in the Third World countries seems to be wide open and hungry for talent, especially children. So if you have children who can sing and do even a little choreography, go down to your local station and give it a try. You'll be shocked at how such it will improve all the other areas of your Home. Plus, it's such a great way to witness & deliver God's message to the masses and still have that personal touch! PTL!

One of the areas that really pickone of the areas that really picked up was our <u>restaurant singing</u>. It
has become a whole ministry in itself.
Before the TV shows we could only
sing at the "not so nice" places. But
since the TV exposure many new doors
have been opened, where we can really
reach the important and influential
people of the country. Many people we
seet at the restaurants I know would
never have received the lit or witness any other way. TIJI we even met
our printing contact this way;

I would also like to say here -if you plen to do TV appearances or
sing in really nice restaurants -your appearance has got to be good,
as "man looketh on the outward appearance"! (I Sam. 16:7) We've found
the sharper & nicer we looked, the
easier & better everything else went.

np-you serventus

but when people see that you have really worked at it and you're really trying to reach them, they have more respect and are much more attentive and receptive to what you have to say!

One of the members of our Home, Timothy Helps, met the supervisor of our local school district and arranged for the children to sing and perform skits at one of her elementary schools every week. This turned out to be a fantastic opportunity for winning souls and reaching the youth of our ares. Over 3,000 souls have been saved, and there are still more schools to sing at.

Fimothy Helps & 4 children perform skits & songs for all our ocal elementary schools. Here Timothy Helps leads them all n a Salvation prayer.

Plus, the superintendent wants them to try the high schools next! PTL! Just think -- all the small children we see in our city have Jesus in their heart! Well, these are just a few of the

Well, these are just a row of the miracles the Lord has done for us recently, and we really want to thank you -- Dad and Maria -- for your faithfulness to keep pouring out the vision that gives us the faith to keep going.

We really love & pray for you always.

Love in Jesus & David, Marc & Lydia.

Dear Family,

Greetings from Cagayan de

with you some exciting testimonies of what the Lord did here
recently. TWO SCHOOL PROGRAMS NET 1100

SOULS!!!
During the past month we were able to perform at 2 schools before a total of 1500 elementary & high school students. The first part of our program was made up of songs including "Nice To Be Here", "You Gotta Be A baby" in English Cabuang & Tagalog & lish, Cebuano, & Tagalog & several others. Then Pandita & Sammy, both 3 yrs old, came on and really stole the show singing "The Time To Be Happy", "Jesus Loves the Little Chil-

dren" & others.

Following them in the program was our talented skit ten of Lance & Meadow who did the famous "Holy Holes" skit. The first part of the skit got every one laughing & then they really listened & drank in the last part where the lonely boy gets the "hole" in his heart filled by asking Jesus in. Then Joy, who is a national, came to the microphone & explained the

children with Joy teaching flannelgraphs, songs & Bible stories. We have been busking 2 or 3 times a week at the 2 large supermarkets here. The people love it & it has been a real blessing for us in lit distributed as well as helping some with support.

We really love all of you & hope you were inspired by the news of what the Lord is doing in our part of the world here. We desperately need your help if we are to raech the multitudes of hungry sheep here. We get some of our support here locally thru FF'ing, litnessing & provisioning, but this is a poor third world country & we really need extra help. She had a very high fever, so they ran tests and found her white blood-cell count to be over lOX greater than normal. It appeared to be due to a kidney infection and the doctors had no idea how long she would have to stay there. To say the least this threw a wrench into our work here!

It was then that our convictions for Naomi to be the DJ began to slide. Our faith began to wane because we had based the decision of Naomi Ding the show on various confirmations amonget ourselves and others instead of hearing straight from the Lord and claiming His ford. Young Family Member Leaves School to Live Mk 16:15

From Ben & Miriam; SEA:

When school holidays Jozef our 9% year old, expressed a desire to quit school & spend time with Daniel & Miriam who are piospend neering nearby.

In praying over and discussing t with Daniel & Miriam, we all felt that Jozef was ripe & ready to benefit from such an experience. Although the first 3 grades in school had benefited him greatly, he was now coming to a point where he would have to choose between joining the school system or rebelling against it.

So we felt that the best step
would be to take him out of

OUR FUTURE PROSPECTS......
JUST RECENTLY WE STARTED
NEGOTIATIONS FOR THE DM BEING AIRED NATIONWIDE ON RADIO AND
TV. We went to visit the manager of one of
the networks. Actually he has been a close
friend of some members of the Family for a
while now. We attended a Bible class which he conducts for his employees and we were asked by the pastor conducting the class if we would like to stand up and explain our work. Jude talked about the work and

passed out brochures we have explaining just

what we do.

AFTER THE CLASS THE MANAGER
ASKED US TO JOIN HIM FOR LUNCH.
We had just sat down when he started to tell
us how he was so surprised that Charity was
involved in the Daily Might. He has known her for some time but had no idea that this was the particular missionary work that she

was involved in.

HE TOLD US THAT HE HAD READ
THE DM IN THE NEWSPAPER when it first started running and was envious of whoever it was that had thought of the idea and was even a little disappointed that he had never thought of such a column before. Well, as you can imagine we quickly responded to this and told him that the very reason we had come to see him was that we needed his help and that he could become part of it. He really lit up at the nention of this as he sincerely loves the Lord and is such a solid believer in the Word. GBH. He later took us to his office and called in the man in charge of the radio network and told him to try to get it ready for airing. This man very sweetly looked at us and said," When would you like it done — yesterday?". Hall GBH. They really want to

p and to do all they can.

IN A FEW DAYS WE BEGIN WORK ON A PILOT SERIES. We will try to see just how it will look and what way to best present it. At the moment we plan to have the tapes with Simon reading while we will

have a beautiful scene being shown. A scene such as a flock of birds flying, a sailboat bobbing in the water, a sunset, children playing, a couple in a park, etc. Actually the new tapes of the DM for the unsaved has arrived just in time and these will be the first ones we do.

THE MANAGER TOLD US THAT ONCE WE GET THE PILOT DONE HE WILL TAKE THE IDEA TO THE COMPANY PRESIDENT AND OWNER and ask him for free air time. A 2-2-3/so they might put it on before signing off each the news. timule spot each day after the news. Also they might put it on before signing off each day. On the radio, they plan to run it 3 times daily. At sign on and sign off and after the 6'oclock news.

WE ALSO PRESENTED HIM WITH A COPY OF THE DM MONTHLY BOOKLET we had printed. He liked it so much that he select it is properties.

asked us for another 50 so he could give them to friends.

LEASE PRAY WITH US ON THIS and that the Lord gives us the ideas and the opportunities to really put the Word into ery home and every heart in the whole of

every nome and every neart in the whole of this country.

IF YOU ARE ABLE TO HELP OR HAVE ANY IDEAS that you think we might be able to use then please pass them on. We are more than willing to listen to any suggestion you might have,

burden for India & are now preparing to go. During our 4% years in the Philippines litnessing was our most consistant supporter, & some ff'ing & also escort work the last 8 months in Hong Kong. I never put the mail ministry as one of our priorities because we got our support these other ways, & also a lack of faith that we could make it pay. But now we desperately need it & thanks to the vision Dad has given through all his encouraging counsel & testimonies we now have the faith to really work

From: Jude Horizon, S.E. Asia

THE PAST MONTH HAS BEEN A TREMENDOUS MONTH for all of us here. So many newspapers are interested in the Daily Might that it has now turned into a major job just sending materials and replying to the readers letters. Charity has now joined is to help and has been a tremendous blessing in helping to raise support and to also act as our pretty salesgirl, GBH. We started the month by sending letters to ave newspaper in this country that we could find the address of. In all it was over 100. We as well sent letters to English language newspapers in 11 Asian countries. PROBABLY THE MOST

ENCOURAGING THING IS TO SEE JUST WHAT AN EFFECT IT IS HAVING on the country as so many are reading. We have personally met or heard from 20 people who regularly cut out the column and are making

EVEN IN REMOTE CORNERS OF THE COUNTRY THE DAILY MIGHT IS NOW WELL KNOWN as we found recently when on a road team. We spent one week visiting all the smaller newspapers in 4 provinces. all the smaller newspapers in 4 provinces. Some of these we had written to and others which we did not have the address of. The result was just fantastic. Some had even started to run the sample material that we ment in our introductory letter to them.

WE HAD 7 PUBLICATIONS ACCEPT MATERIAL for immediate publication and snother 6 said they will soon start. Although many of these are small they help to saturate their area with the message. In one city all 3 newspapers want to run it and we will provide each with different material.

WE HAVE FINISHED PUTTING WE HAVE FINISHED PUTTING TOGETHER A MONTHLY DM BOOKLET to send to all that write in, and it is also useful for DTD, fish food, etc. It starts with some pages on salvation and the Holy Spirit and works through to end off with some

3) And already the Lord is answering! We received a note at Christmas from a 19 yr old sailor in the US Navy. We met him in the Philippines one night when he had been drinking. when he had been drinking, he told us how he was backslidden from the Lord & asked us to write to him. So I did & he answered with a little note & two dollars. Then we sent him our Christmas prayer letter & he answered right away with \$40 & a short note. GBH!

4) Another friend in the Philippines answered us whom we had not seen or heard from for a gets all the glory! PG! Please year, & he replied, "your letter help us with your prayers & does not only surprise me, but some financial support if you shock me indeed! It proves you can. GBY&MYABTM! Lots of Love,

pretty sales girl, Charity

AT ONE TIME WHILE ON THE ROAD we were so frustrated that we were not able to get as much done as we wanted and then when we went to the office of one paper we met 3 editors at once and all agreed immediately to run it. God did it all and it would have taken a full day to have otherwise visited these people as some were from another town. When we go slow we

get things done faster.

WE ALSO WROTE LETTERS TO MANY
BUSINESSES RAISING SUPPORT for our work and have had some very goo

work and have had some very good donations. They are happy to give to something that they can clearly see having such effect.

IN ALL WE SENT OUT ALMOST 400 LETTERS for the moth. A lot of typing went into it but it was so much fun and had seen to be a second or the lot of the second or the second or the lot of the second or the the goal and the many victories, if you are able to help us then please send a donation united us to much as we all share the load.

away. Thank you very much!" He also sent the addresses of 3 friends for us to visit & small donation.

5) As Dad said, the mail ministry is hard work! I have to istry is hard work! I have to keep reviewing the Letters about it to keep the vision & the faith! It seemed like an impossible situation & still does seem like a long way before India with Home Support, but we're standing on the promises of Cod & Mall Additional Cod Standard Co ises of God & He'll do His part! "I Felt My Spirit Leave My Body!"

MOTHER LEARNS PRAISE & GRATITUDE THROUGH DEATH EXPERIENCE!

From J. Nentwig, Australia:

MY BEING A MOTHER IS A MIR-ACLE IN ITSELF! I had my first baby in the system when I was 17 yrs. old. He is now 13 yrs. old & serving the Lord in Indonesia! GBH! When I was pregnant with him the Lord told me that he was to be called Joseph & that he was going to work & that he was going to work for Him.

ANYWAY, WHEN HE WAS BORN, I had a really rough time as the doctors pumped drugs into me without my permission, telling me it would make things easier for me. As a result I was very frightened, not at all relaxed,

frightened, not at all relaxed, & I tore very badly.

NETDLESS TO SAY, I NEVER
WANTED ANY MORE BABIES as I thought that's the way all babies are born. I never really had the "faith" to use contraceptives so for the next 8 yrs I was "playing with fire" so to speak. Hal 6 years after Joseph was born I again felt pregnant but lost it, then exactly a year later I again miscarried.

BOTH TIMES I WAS KIND OF SAD et relieved at the same time, ecause the memories of Joseph's birth had made me really fearful. Retween the time of ful. Between the time of Joseph's birth & meeting the Family I had been mated twice in the system, both not working out, so when I met the Family I felt like I was living in

In the city, Singapore traders have opened at least two shops that speak Russian to cater for Russian season. Los & others have warned that if Vestern capitalism fails Singapore, then to maintain living standards, to provide jobs, Singapore's new leadership might be tempted to seve into the USSN's economic network. Another alternative is that the Republic could become an international city, rather than a free global city, with status guaranteed by the U.S. And Singapore's relationship with China, excellent & realistic in the past, will always be a key to the future. The Brazil NAFM! -How they did it!

Suggestions & tips on organising an area fellowship meeting.

From Ebed & Estrela: S. America:

GOD BLESS YOU! WE LOVE YOU!-&
WANT TO SHARE SOME INFORMATION
which you will need to know about before you
come to the NAF! First of all, we'd like to
share that the Lord gave us all a beautiful place
in the country near S. Paulo—a regular campground with all the facilities—like a place to
wash laundry & dishes, good toilets & showers,
a small playground area for the children, two
small swimming pools, etc!—A real paradise!
And we'll have the whole camping to ourselves
as the owner turned it over to us for the whole
time we'll be using it! PTL!
ARRIVAL: WE SHOULD BE ARRIVING
SOMETIME DURING THE DAYLIGHT
HOURS of Saturday, so we can set up our tents
& trailers during the light, before dark! We'll
be showing some beautiful videos on Sat. night,
so be sure you don't miss 'em! So, Saturday
will be for arriving & setting up your camp. The
next days will be full of inspiring fellowship &
an exciting program. The 4th day will be for
breaking up camp & returning to our fields!
Please do not come any earlier than the designated day for arrival as the campground will
not be open before then. For anybody who
might get lost, you can phone one of the Homes I
in Sao Paulo & ask for help on information to
leget there.
WHAT YOU NEED TO BRING:

might get tost, you can praise one or instance of the set in Sao Paulo & ask for help on information to get there.

WHAT YOU NEED TO BRING:
POOD: CAMPFOODS, QUICK FOODS like sandwiches, salads, juices, fruit, etc. And for dinners-simple, one-pot meals (nothing fancy). Also as there will be 400-600 people possibly coming, everyone will need to be responsible to bring their own food for 5 days. Bring enough for the whole 5 days as there are no stores nearby! There are no kitchen facilities available there, so please be sure to bring your own kitchen utensils, pots & pans & clean-up necessities, if you can, or make arrangements with others coming from your LAF or DAF! There are some refrigerators in the campground that will be available to us for storing meat, etc. CLOTHING: PLEASE PRAY FOR GOOD WEATHER! (Important:) But be prepared for cool, rainy or hot, sunny weather for you & your family. Bring swimming suits too if

you like, as there are 2 swimming pools on

you like, as there are 2 swimming pools on the property!

SHELTER: PLEASE COME PREPARED TO CAMP OUT, which means bring tents, cars, or vans & trailers, tables & chairs. & personal bedding. If possible, bring extras of anything you have.

CAMPGROUND FEE: EVERY ADULT WILL NEED TO BRING THEIR CAMPGROUND FEE (large bills only please) to be paid upon entry. Please raise this money on your field before coming! Ask your kings, fish, friends, contacts or litness where you are, but please arrive with this necessary camping rent for your stay. We can't make any exceptions! IMPORTANT: FOR THE SAKE OF THE WORK, please come into the S.Paulo area

IMPORTANT: FOR THE SAKE OF THE WORK, please come into the S.Paulo area with enough funds, food & gasoline so you don't provision or litness while in the S.Paulo area. This is extremely important for the security of the work & Family in S.P. & for the NAFM!! Thanks so much!

ALSO, IF YOU OR YOUR CHILDREN ARE SICK, with anything contagious, please get well before coming so that no sickness is spread amongst the Family.

DELEGATES & TOPICS FOR DISCUSSION!
PLEASE COME PREPARED WITH ANY IDEAS OR SUGGESTIONS you may have on topics of national interest that you feel we should discuss in addition to: 1. A new pioneer push into ripe new national fields. 2. Mothers' Meeting. 3. MCVP (we hope maybe Amminadib will be here to share his vision on this). 4. Reception of incoming missionaries from Europe, USA, etc.
PARENTS: PLEASE REMEMBER

TO BRING NECESSARY MATERIAL.

meetings; such as toys, books, crayons & paper, snacks, etc.
IMPORTANT: IN YOUR PREPARATIONS, TRIP, & ARRIVAL, PLEASE REMEMBER TO BE SELAH, as this meeting is for members only! Also, please remember to do your TRF early this month so you won't have to do it at the NAFM! GBY! WLYAAPFY! and hope to see you soon! Nery good 'amen' GBY!

the government officials, embassy workers, etc.
Although litnessing is good there, we have had some persecution & definitely do not recommend it to foreigners. Fing is great there, & there are great possibilities for teaching English & escort work, but on the other side all these types of ministries would be illegal these once foreigners aren't allowed to earn money within the country. Young kids are very receptive & we have good causeombers there. Provisioning is very good also. We have some Family members there, nationals & foreigners, & unless some of the members are planning to leave that city it would be too crowded to have more members there.

RIO DE JANEIRO: Capital of the state of Rio. Population: 4½ million. It's a commercial, industrial & touristic center. Despite the fact that we had several persecutions there, it's still a very good place for litnessing, provisioning. FFing, music, etc. People are very receptive & sweet but don't take life very seriously. Young people are very much into drugs, sport & fashion. Very superficial city. Rent is kind of high. A good four bedroom house with phone would cost us \$500 US to 600. Although we have had foreigners litnessing & doing street Singing there, it would be wise to be cautious Babout being too public & known as it may arouse the suspicion of the officials that we are in Rio again. Although we have some brethren there, it would be good to have some good FFing Homes to reach the top of this city. We have very good friends & kings there, definitely a very potential city.

SAO PAULO: Capital of S. Paulo. Population: 12 million. Great industrial center of Brasil. Very open & receptive. We never had any serious persecution there. That's the city in Brasil where most Family members are & it does fit many as it's the biggest city of the country & offers great possibilities for all the ministries: litnessing, witnessing, FFing, DTD, music, performing, etc. We already have lots of brethren there, but could fit more who have a burden to open some good Homes. Rent

CURITIBA: Capital of Parana. Population:

I million. Strong German & Polish influence.
One of the best cities in Brasil to live. Rent & food are fairly cheap compared to the rest of the country. You can still get a good house with a phone for \$100 US. Good place also to buy vehicles, buses, trailers, etc. The Family never had any persecution here. We lived there for over a year & loved it. Provisioning is great, so is FFing, music. DTD, performing, etc. People are not as warm as in the North, but are still teceptive. The average living cost for a family of 5 there would be about \$700 US a month. Very cold in Winter.

ELORIANOPOLIS: Capital of Santa Catarina. Population: I million. Strong German influence. Very conservative place & people are usually sober & more like Europeans than Brasilians. You think you are in Germany as they even build their houses the same way. Very beautiful state. The Family is finally there now, but before it seemed impossible to get settled there, as the government is very strict & conservative & we were very persecuted there in the past. It's the toughest place in Brasil, but a good place for families coming from Europe who'd rather be in a cooler climate & more European like place, as well as good for those with loss of wisdom & talent in the music ministry & FFing. Litnessing there is still a little closed but getting better. In the same state there are other towns also very good & open & rich.

PORTO ALEGRE: Capital of Rio Grande do Sul. Population: 1½ million. Rich industrial & agricultural center. Borders Argentina & has some Argentine influence, along with Italian & German. The Family has been there for a long time. Never any serious persecution. Living & rent same as Curfuiba. Fairly cheap. Very receptive & open field & definitely it could take a few more families. Ffing is fantastic there & litnessing & provisioning too. We lived there for over 2 years, & Cephas & Shiloh were the pioneers there. Some of our best disciples are from there, & the youth are very good fruit of FFi

OUR POPULATION IS MOSTLY ON THE SOUTHERN PART OF THE COUNTRY, but are distributed throughout the country on a smaller scale. The cities where we do have our Homes now are: Porto Alegre, Curitiba, Florisnopolis (capital of the state of Sta Catarina, we have 2 or 3 more homes in the same state), Sao Paulo, Ribeirao Preto, Rio de Janeiro, Londino, Juit de Fora, Belo Horizonte. Brasilia, Goiania, Aracaju, Maceio, Recife, Joao Pessoa, Natal, Belem & Fortaleza. In the whole country we have about 400 to 500 Family members but only about 50 people in the North & all the rest in the center & South of Brasil. We know also that there are some brethren unknown to us that are reporting to the LIM, so there is a possibility of having more than these figures both in the country as well as in the North. We can't be precise about how many people we have in each of the cities mentioned as we don't receive their reports anymore RUNDOWN ON THE CITIES WHERE WE HAVE FAMILY MEMBERS:

BELEM: Rent is relatively high but donations are also high & make up for it. It's the capital of Para & is in the North. The North in general is very expensive due to the fact that they don't produce as much as in the South. People are very receptive. There are a lot of foreigners there because of the river port there & it's also acity with lots of drink factories. wood factories & clothing factories. The population is about 600,000. The government there never roused us any problem. Provisioning is very pod, & we have two couples of the Family living there.

"WILD FIRE" IN BRAZIL! The Story Of The Birth Of Musica Com Sentido ! The THE

PROM SAM& GEPHAS, BRAZIL:

Dear Family,

Bistory missays repeats itself, and once again, the Latin Lover Land of beautiful Brazil is opening her arms to the Song of David! Over S years ago, the first team of placeers set foot on Brazillian soil, & shortly thereafter, the whole country was singing Aleluian Now, with a little sore experience, t the call to push MMM in Portuguese, or Thusia Com Sentior, we are starting the new wave of heavenly sounds to wook win the souls of these precious t flery Latin people! After being here a little over one month, the Lord has done miracle after miracle to open the doors that no man cancewri

The Reception Home Days.

The first day or so in the Reception Home were spent unwinding from the MAPH, & from the travelling most of us had been doing. We really appreciated Eved & Estrela opening up their home to us for us to be able to get our bearings, and be able to counsel, and get the picture of what the Lord wanted us to do. After the weekend, we hard from Marly, a former movie actress & model that's in the Family, & she told us about a possible contact to record in a studio. We went to see her Monday, the let, and we discussed the way we might be able to use her friend's studio. It turned out that he has known the Family for a long time, & is quite receptive, & had been witnessed to for a few years. He name is G., & he was married to Marly before, & still really has alot to do with her. He always ask her opinion of the things he is doing, & relies alot to no what she eave. Then she called his, he said he would see us the next day, & it was a real victory for all. While we were at Marly's house, several people were there, & we had really rousing inspiration, & the Lord gave me my first sone in Brazil, dedicated to all the Brazil and disciples called "Mild Fire"! That's what they have here, & the Lord can really use the next day, we met with Marly, & went to meet C. He lives to a contact of the con

an disciples called "Wild Fire"! That's what they have here, & the lord can really use it!

The next day, we set with Harly, & went to meet C. He lives in one of the most fashfomable parts of town,

& right away he asked, "So what are you guys trying to do?" It's a good thing we were ready, because I had brochures from Puerto Rico, explaining MOV, & pictures, & even tapes. He got so inspired, he wanted to take us right away to his studio, & see if it would suit our purposes. On the way to his studio, I put the earphones on his, & played some of the children's new songs from MOV, & explained that we wanted to start with the children, & being that I had the music tracke from Puerto Rico, all we would have to do is copy it onto his tape recorder, & put the kids voices on. He was really turned on about the ides. We east the studio, & it was not only enough, but actually more than enough, we only normally use i channels, & his has 81 So, we discussed it, & he said he would be glad to donate his studio, & his time, & even the time of the engineer, who turned out to be just as a heavy! So, it was a treamolous victory for us, one we didn't wan to be a supplement of the engineer when the said we know of the other miracles God had in store for us.

Littleid we know of the other miracles God had in store for the some content of the possibility for nousing. Lucas Trovador, from Portuguese,

t we started getting our little team of children together to sing the songe. Our team of children consists of <u>Jerenias & Flor</u>, of Tiago & Tabita; Heidi & Godfrey of Sos & Ahlai; & Michael & Katrina of John & Rebecca Caravan. I wanted to add that the parents of the children have been so helpful & secrificial, in stopping their own plane, & letting their children have been so helpful & secrificial, in stopping their own plane, & letting their children have been so helpful & secrificial, in stopping their own blessing to see the dream of Brazillian MaW, or Musica come Sentido" coming true before our eyes, & after waiting for so long, & patiently, the Brazillian & Portuguese speaking would have the tools they so desperately needed to do their jobs such better! God bless Ded 'Ir his faith in sending a team here, especially such an unworthy one, & I know I speak for all of ne.

Next day at practice, we decided to try out our new songs on some of the people, & Lia, a Brazilian sister from Nos & Ahlai's home, and led this exect little girl to the Lord, & she had been waiting for us to finish practice. At first, I wasked across the atreet to the beach, & same her a few songs hile "We Just wanted to Tell You that We Love You", and then all of a sudden, here comes the children with their radiant, smiling faces, & same her all the songs they had learned. By this time, a crowd had gathered behind us, & after the singing, Ahlai not their attention, ? led them all in a prayer to receive Jesuel TUI That night at the RH, we had a romantic evening, & I spun the tapes, & people danced to the sounds of MMM, MCV, & Os Meninos de Deuel It got a little heavy after a while, & I was the only one left in the roos! I don't know what happened! I guess they didn't like the music! Ahem!

To had arranged with Harly & her eister, who also lived in their apartment, to a stay until we found the house the Lord wanted us to have here. The other big reases that we felt it was the Lord to stay here in Rio, was because the Lord and supplied a beautiful building that would be perfect for MCS studios! Where God guides. He pro-civides! So, we began our search for housing, & the Lord was more ready that we were raided to so, we began our search for housing, & the Lord was more ready that we were filled. The first day we moved into the apartment I had made an appointment with the manager of the Motel, & went & saw his about the possibility of singing in the Loung, etc.
From there, I checked out several other hotels & clubs. From what I found out, it looks like the Lord wants us to busk, & go out with the kide as a way of getting out the see-sease personally. However, the night life in Sao Paulo is very different, & the brethren there have a really good band that plays in clubs, & is doing quite well. I guess the Lord knows that our job is to etick to the recording, & Just get out & sing in the streats the other times. Durface the small is little things! We wouldn't have as these about the out it without him! A real maint! We started going out regularly with the children & the Lord really blessed it, & we can how the children are really a key to the work here, as in every other worked our first day to record for MCS! We could only get work here, as in every other worked our first day to record for MCS! We could only get aparound 6:50, & gave them a good dinner, & prepared to go to the studio. It went really good, because they were really reheared, they, opped off a songs in a little value of the summary of the summ

We have now been here for almost a week, & the Lord is constantly moving, & we're desperately trying to stay up with Rim. We are expecting many new people, & are counselling about the people that will be used here. Jody finally arrived from Puerto Rico and brought inspiring news & long awaited mail from there. Thank you all for your exset letters! We need you more than we can may. Please pray for us, & help us if you can! Pethuel, Obed & Jubel & families should be here soon from Argentia to help us with the music, & Micah & Joanna & family, Joseh & Lynn & family, & Tiras Seeds & family should be here soon. For us personally it was a great inspiration to see so many brethren in S.A. from Spain that we had worked with before and had left Europe the same as we! What marracle! We felt a little bit like what it's going to be when we get to heaven and see all our loved ones and the souls we won for Jesus! YE WERT 196 ADULTS 12C CHILDRENT A TOTAL OF 338 MEMBERS! So right alway we saw the need to get together for an executive meeting and organize the reunion and work out a schedule. The lord gave us many ideas and we learned a lot about organization with so many people. As half of us were children, we made special rules for safety...the first was a buddy-system of one adult with one child at the swimming pool. Also we put life-preservers on them. We also see that the swimming pool care of their kids. It was wonderful to see many single brethrem volunteer to help with the children. As well some helped in giving flannelgraphs and Bible stories for devotions.

UE SAU THE IMPORTANCE OF MAVING GUARDS AROUND OUR CAMPING AREA especially during inspiration time and video showings as all the tents were left alone. We set up a first-sid tent in case someone got sick or an accident happened. TIL! nothing happened thanks to this protection! We also had two

brethren with cars going shopping every marning for food! They were a great help.

OUR SCHEDULE: We started the morning with devotions and prayer for unity and as we just got the Mag. 45 we read part of it. During the day there was time to go swimming and share with the brethren to get to know each other better. In the afternoons we had inspiration with singing and testimonies. The children to get to know each other better. In the afternoons we had inspiration with singing and testimonies. The children was a good sample for all and really convicting for the adults on the importance of manorisation.

In the evening we had a special time getting together to watch videos under the stars. The video was so full of low that it inspired us to love one another to spend beautiful romantic avenings sharing sexually.

THIS REMINDED US OF UHAT DAD SATO IN THE FELLOUSHIP REVULLIVIOUS PRACEARAM 36: "MAND AS A RESULT OF THAY ONE BIG AREA—UDC FELLOUSHIP REVIDUAL THE DISCIPLES from the Derusalem area (Argentina—Chile), in fact probably from all over Judes because some came in as far as from Gailes (Uruguay) & other places (Paraguay), they had a tremendous praise & prayer meeting & were terrificily in unity of mind and heart—one mind, one spirit, one soul & virtually one body!" Ha! It sounds just like us!

THE OR BUCH A WONDERFUL FAMILY UITH SO FUCH LOVE and thanks to Dad and Merie for the letters that have freed us and are helping us

to live the real love of God! to what a privilege to be part of this family! We also wanted to give special thanks to Juan A faithy who went out of their way so it was possible to receive on time the videos of MCV which caused a great impact and inspiration as it was the first time we saw FCV in Spanish! Since most of the brethern spoke Spanish they were very thankful.

THE VIDEOS WERE A GREAT TOUL TO WITNESS TO THE CAMPERDUND PEOPLE as they come to watch them every day and were getting saved! Some of the people who got saved were the two drivers of our bus who were so turned on that they kept bringing new people daily for us to witness to. For all the people in the camping it was a great witness the way we live! The unity and care we had for one another was a sample to them.

Helpful Food Tips From S.America

From Judy Patience; S.America After living in the Tropics for one year now, I wanted to share a few of the helpful tips e have learned, in hopes of

helping other families who have recently arrived. Lemon & garlic: Like Dad said

"Even the saphrophytes & parasites love those climates, too, & they'll either choose you as their host or your clothes or your shoes to live in or on so watch out!" (LNF for Mag 45:71) We have found that we have to be very diligent to prevent stomach difficulties caused by germs & parasites, so we try to

Although lemons are laxative, they also are very good in cases of diarrhoea. they help kill the "bug" causing the trouble.

Herbal Tea: We also have found

a good selection of herbal teas in the natural stage unpacked & loose -- they look like weeds at our supermarket at a very cheap price. Most outdoor mar-

Molasses: If your country has sugar cane, it probably has black strap molasses, as we found out here. Health food shops sell it for expensive prices, but the Ministry of Agriculture sold us some for only \$ US .07 per gallon. They normally use it to feed the animals. Then we were able to provision a big barrel full from a liquor company which made liquor from sugar cane.

Brown rice: Although our country produces lots of rice. brown rice is just unheard of (except in the expensive health food shops). But we discovered that the machines that peel the rice can be stopped immediately after it takes off the outer husk & the rice (which is "brown", as it hasn't been tally processed) can be taken out, without having to continue

through the machine. So a friendly farmer gave us some healthy rice, when we explained this to him! PTL!

Brewers Yeast: We also have been able to find brewers yeast from our local brewery, but it was in liquid form, & had to be refrigerated & since we were not sure of the potency or how much to use, etc we have t been using it.

Quick cookies: Here is a way to make healthy cookies really quick. Mix together: raw oats molasses, & margarine until the consistency is so that you can form it into small balls. Put the balls on a well greased fry pan on a low flame & press down with a spoon until flat. When brown on one side, turn over & brown on other side too. You can add other ingredients such as cinnamon, allspice, peanut butter, grated coconut, or substitute honey for molassas

Busking Explosion:

THE MOST FRUITFUL MINISTRY THAT WE HAVE EVER KNOWN! - GBY! FROM ENOCH & LILY; S.A.

1)GBY ALL IN YOUR WORK FOR HIM! We wanted to tell you a few testimonies of what miracles the Lord has been doing here amongst His sheep.

2)"TO BE OR NOT TO BE" & "BUSKING" BROUGHT ABOUT A BIG CHANGE IN OUR LIVES. Busking is a tremendous ministry for us here, especially since the Lord gave Lily the idea of making a small billboard with the following words written in Spanish, "Give a gift to Jesus to day, Give Him your heart." Then follows a prayer for receiving Him.

3) AS A RESULT OF THIS SIGN MANY PEOPLE ARE GETTING SAVED, & come up to us after singing saying:"I have received Jesus upon reading your sign, what do I do now?"

4)SO WE ARE NOW IN THE PROCESS OF PUTTING A FOLLOW-UP SLIP ON THE BOTTOM OF OUR LIT for people who: 1) get saved. 2)want to know more & 3)want to help the Lord's work. They are so sheepy & receptive!

5) THIS "BUSKING MINISTRY" IS THE MOST FRUITFUL MINISTRY WE HAVE EVER KNOWN! This month so far during which we have been busking about 8 times, around 200 souls have been saved, from busking alone!

6) THE LORD HAS ALSO ANSWERED ONE OF OUR GREATEST DESIRES

TO HAVE SOME NEW DISCIPLES. Four months ago when Grace joined us from Holland with her I year old Jesus baby,David, we prayed together that the Lord would give us a new disciple by Christmas. Whilst out litnessing, we met Juan, a 19 yr old medical student, who decided to drop out on Christmas Eve. The Lord has a sense of humour!

Grace & son David with new disciple Juan holding Miracle.

7)SO NOW WE (ENOCH & LILY) SING ON THE STREETS with the 3 small children dancing (Miracle 3, Joy 2 & David 1) while Juan & Grace pass out the lit & pray with those most receptive. Juan is really on fire & winning souls by the dozens.
8) WE JUST RECEIVED THE

LATEST MAG WITH "LATIN LOVER". So true, so beautiful, a real insight into the Latin hearts. we can really experience this ! letter whilst we are listing. They are so hungry, that after

we have sung, they refuse to go away, but want us to keep feeding them.

9) BETWEEN SONGS WE TALK A LITTLE TO THE PEOPLE, tell them we are missionaries, but that we don't belong to any church in particular, but that we wel-come all those who sincerely believe in Jesus & that we working to give a message of love to all mankind. Between every couple of songs we find it important to remind the people to read the sign & r ceive Jesus, & also to put a donation in the box.

The billboard in front of us inspired many to receive Jesus.

10) TO ENCOURAGE US, THE VERY FIRST DAY WE STARTED BUSKING. the Lord sent along a sweet reporter from the local newspaper. He wrote a very favourable report about us, that has helped us tremendously in our

performing skits & boldness turned out time & time again to be the key to unlock the hearts of those to whom we ministered! And later on, we added a puppet show & slide show, too, to aid in presenting ourselves & ministry. Try it! 6)"It's von ting yust to shtick" & it took a lot of stick-to-it- iveness to begin this type of work & to see it through to the end. This God blessed and by it came many good contacts, friends, 250 souls saved, 98 Holy Spirit bap-6 radio performances!! 7) Mail Ministry: Our next step was the developing of a mis-

sionary mail ministry with monthly newsletters, tapes & Sliterature being sent out to increase our witness, gain sup-port & make new friends. It was this follow-up & vital link of communication that finally led to completing our home support.

8) Desperate Prayer: Dad's Letters (esp. no 1049) gave us the "kick in the pants" that we sorely needed to finish the job. The Lord immediately dealt with us through a car wreck to show us we were not serious enough about Mk 16:15. "So what you to do is pray desperately! ...Knock on the windows of Heaven & ask God... to help you get out of the mess & not be blocked or hindered."

9)Thereupon we spent a day in fasting & prayer about our situation & our burden to go to S.

provisioning & witnessing. The circulation of this paper is 20,000, but read by at least

Joy & Miracle take "cuddletime" after witnessing

11) JUST A WEEK AGO IT LOOKED VERY DARK FINANCIALLY, as we had so many debts, however we decided to first of all set aside our 10%. Normally we prefer to give 15%, & the Lord always more than repays us, even though sometimes it looks like such a sacrifice. The Lord has so blessed our busking that He suplied \$600 in just the 5 days & thus enabling us to pay all our debts & still be able to send 15%. Hallelujah! Lots of love in Jesus & David, Enoch & Lily, Grace, Ju & the children XX00XX00XX00XX

America,...then, boom! boom! boom! - the Holy Spirit went to work & we saw results!

10) Through prayer showed us a vision of a key to the mystery of going into all the world...& that key was a particular person, Laz's father. Startled & awed by this vision, we received specific instruc-tions from the Lord about approaching Laz's father & so we proceeded by faith...& he agreed to finance us to S.America Glory to God! (Note: This all came to pass on New Year's Day --what an answer to prayer & start for the new year.) right start for the new year.)
11)Additionally we began selling our trailer, accumulated supplies & storage, & are now in the last days of preparation before leaving. The Lord said to us, "If you are serious about going...then proceed as though you possess." And the Lord added additional pledges through 2 more churches with more to come! So that we have over \$ 300 from our church ministry with Laz's father financing the remainder.

12) In Conclusion: If we believe the words of the prophet we will do all we can in prayer and action, & God will do the rest! TYJ! (Try a little umph & you'll triumph.) Amen.

"Winners never quit, but quitters never win! When things get tough, you've got to fight all the harder!"(DM February 29).

Find out the wattage of Find out the wattage of each one, as those with higher wattage are usually the most popular & important. Give top priority to these, as they usually can reach millions instead of just thousands.

4) Have patience with the big stations in larger cities. They may not jump at your show at first, but too much of down here. may be interested without showing it outwardly. "Schtick" is the key word we find with the big ones. One of the most popular. "Schtick" is the key word we find with the big ones. One of the most popular stations here & the biggest in wattage signed the booking card for the regular MCV show 2 months after refusing to air the Christmas show. It seemed like the Lord had been working things out for us "behind the scenes", as when we went to see him the second time, he was much more receptive & readily signed the booking card. He didn"t even listen to the tape, but said "I know what the show sounds like.", as he'd already heard it in Puerto Rićo when he was there on vacation recently! TYJ!"

5) We found that in some cases it was OK to leave a tape for them to listen to cases it was OK to leave tape for them to listen later. One director was later. One director was on vacation, but as we were going to leave that city before he came back, we left him a tape. A couple of weeks later we called up & he had listened to the tape & wanted to take the show! This same station put a new twist on the MCV show. They're airing it during their "cultural program spot" as Rocky Roquero? Whew! (We

WE PRAY FOR EVERYONE AT

we pray for everyone at villamor who we been fouring their lives into this all-out attack to win the youth of the latin world to the love of Jesus. Since their job is a bit behind the scenes we pray that this testimony can inspire all of them to continue in their faithful labors which is surely reaching millions. We also are very thankful for the "FR" which has facilitated the organizing of the booking, with each

area shepherd overseeing his area & making sure that all stations are that all stations are given a chance to hear & accept the show. We'd also like to encourage those road teams (Shem & Shelah just booked 4 shows down South & Juan Samuel booked 3 shows up North) that each little town has at least 1 station & these are usually the most hungry for something new & exciting like MCV!!

Happy Holy Holes In South America! "We are just a little home -- a bunch of nobodies! Somehow the Lord is using us, too!"

From Zepho; S. America Here are some testimonies we should have sent in ages ago.

REACHING FAST BLOC ERS IN S.A.
Every two years an Int'l Trade
Fair comes to the city where
we live. There are always representatives from East Bloc

resentatives from East Bloc countries. This year we decided to make an all out attack to reach 'em.

First we went to the Russians.

All we had in Russian was a "God is Love "tract, LHU for not being more prepared. Zepho, Maria and Pancho(2yrs.) approached the head Russian representative. Who as soon as reached the head Russian representative, who as soon as
she saw the lit, received us
very coldly. She soon softened
up a bit as we showed a lot of
interest in Russia, even offering to get us some of their
lit.Ma! As soon as she left we
shot up a quick prayer and the
Lord gave us a plan.Zepho took
off to keep our hostess occuoff to keep our hostess occu-pied while Maria and Pancho carried out the rest of the plan. Maria put Pancho down and told him to go inside to see the men. Pancho just walk-ed right in where angels feared right in where angels lear ed to tread. Needless to say that once inside he was the center of attraction. Maria, of course had to step in also to retrieve her wandering son. Once inside Maria quickly hit em with the lit and spile of or Zepho and the lady return-

ed. It was just in time too as Zepho was having a hard time stalling the lady any longer. Next came the Czechs. We were very well received by all in-cluding the director. Two of the younger representatives took us to the back of the exhibit where we were able to witness to them, singing them some songs and giving them in return gave us a drink and sang us a Johnny Cash song in their language. Ha! They were se sweet and sheepy, we plan to follow up on them through the mail.

We also got to see some Cubans (Maria FF'd a real heavy Cuban the last time the Fair town) and gave almost all of them some End-Time Lit.

They usually have these Fairs all over the world. If one comes near you don't miss as it's a Golden Opportunity to reach some people we may never have a chance to meet

never have a chance to meet any other way.

FN. HELPS MATES GET TOGETHER!

Zepho and Maria long time signes in the Family got together through a mate wanted ad in the FN, We were both very skeptical that we would actually find a mate this way, but we were both desperate enough to try. Well it was love at first night. We really fell in love it was just amazing, we could hardly beleive it. We're so happy together. TTL!

FASTING AND PRAYING PAYS OFF!

FASTING AND PRAYING PAYS OFF! Several times now when we've been in a serious situation that only the Lord could get us out of, we stopped every thing to fast and pray and just expect the Lord to do something or show us the answer. The first time we were swer. The lifts to move out of our small apartment to a higger quieter place. The Lord had promised us quiet resting places. The next day we got two donations for more than 400 dollars, and in the next few weeks we got a couple more donations totaling close to 800 dollars altogether. Need-less to say we're in our new peaceful habitation. TTL! We were also very desperate for Zepho's visa(visas are hard to get in this country). Well the Lord heard our prayers and he

now has a Two-Year Visa. He never fails!

Provisioning: Ph. 4:19
The Lord has really blessed our provisioning here. Our photo album and prayer letter have been an excellent tool to show our sample while we preach our need to them.Ha! brochure printed by our printing contact, it explains our message and method, mostly we used quotes so we could count it as a piece of lit too.

This past month the Lord supit as a piece of lit too.
This past month the Lord supplied 200 lbs. of brown rice, a daily contact for seven liters of milk, monthly donations for over 150 dollars and several small needs we haven't time to mention right here. It's so encouraging to see the Lord supply litteraly the form supper manna from heaven.
We even have a cinema contact that always lets us in for free, we're learning to be more selective as we've seen a couple of losers. We're praying for a video so we can hook up to the video circut. WOULD YOU LIKENTO HELP US GET A VIDEO? If so please write

to Family News and they will forward it to us. God Bless You, We Love You!

CIJPN! WLY! GBY!

You've said so much about being careful about kidnappings. usual reference being to worldly parents kidnapping their of-age offspring who have joined the Family. Our situation is that our former mates, who are now worldly parents of underage children in the Family, are trying to legally and/or illegally get "custody" of their legal off-spring. nd/or illegally get of their legal offspring.

When we found out that my mate's ex-husband had ar-rived in the capital looking for her and the children, we split for parts unknown. As you've said so many times, it's best just to follow Jesus' advice to flee when they persecute you. As I've personally experienced, one confrontation could be too much, and all they need to get you irrevocably involved. get you irrevocably involved in court and legal hassles.

We faced the problem that, although her ex-husband has been out of the Family for over a year and a half, having been an alcoholic and yielding to a violent temper for years before actually leaving the Family, he was in contact with a weaker brother in the capital, even sharing an apartment with him for a while, and had apparent-ly convinced him that he was

Since Fellowship R and tremendous fruit of uniting the homes and even the nearby countries, anything that anybody knows, every body knows, even within a

several country radius.
We couldn't risk an open confrontation with her exhusband, so we have had to
actually hide out from even
our own Family to avoid the
possibility of an accidental
leak of our whereabouts. Our
precious Family was so wonderfully supportive, understanding, and helpful at the time
we had to flee and we mise we had to flee and we miss their fellowship. We of course have had wonderful visits by our VS's, GBT, and one video visit so far, and one video visit so far, for which we are very thankful We're not complaining, as we would make any sacrifice necessary to keep and protect the precious children the Lord has put in our trust and care for Him and His service!

Legal kidnapping done by one of the legal parents of underage children is not that expensive or difficult to do, as of course the system doesn't even consider it kidnapping! Once a parent has custody, it is very difficult to get it is very difficult to get the children back, as posses-sion is 90% of the law, except if you are a Family member, since it is pretty easy to prove us "unfit parents" according to their standards and laws, which are, of course, contrary to God's laws! laws!

laws!

We have just recently heard about a situation in which a disciple's parents from Europe had sent Interpol looking for her. They evidently had gone to the home where she had to he home where she had a living previously and services and the looking for her. They evidently had gone to the home where she had a brethren passed through our city on their way to another been living previously and asked where she was, and some-one in the home actually gave them her exact address and telephone number! And these to be sheepy! By a miracle of God, she escaped before the police arrived at the address given them.

Others who are not parents, or even parents who have never experienced the horror of seeing a former loved one turn against you and with col cruelty rip your child from your arms (legally!) as I hav don't fully realize the extremely vital importance of security in these situations, which definitely require being "wise as servents and being "wise as serpents and harmless as doves".

Perhaps a word from you might help to remind the Pamily to realize and take seriously the importance of protecting one another's security.

We pray for you constantly, for your health, inspiration, provision, and protection. as

we know you have the most delicate security situation of us all! We love you more than words can tell!

We're not sure what they told her, but next time one of us went to pick up the mail, this woman said, "Oh, are you part of the Religious Family too?" She was very friendly so we thought maybe nothing would come of it, however, about one month later, we didn't receive any of our are didn't receive any of our mailings, which included 3 new mags & about 14 tapes! We don't know if this is connected to the incident with the brethren, but it is definitely an example of the possible consequences of what could happen when you aren't security mind-ed enough, especially with something so precious as the mail-our life-line to God Word for today! TEACHING DANCING!

Choreographer & dancer at MCV shares tips & techiniques on teaching children to dance.

From Mercy; MCV:

From Mercy; MCV:

GBY & GREETINGS FROM PUERTO
RICO! Bani & I arrived at MCV last summer & our fourth child was born on the Island just 5 days after we arrived, (I was 9 days overdue). TY!! It is such a privilege & bleasing to be here & we are learning new lessons every day. I had the opportunity to help do some chorcography for a few songs on the last two videos & danced on one song also. The video ministry is everything Dad & Maria said it would be & I am so happy & thrilled to help in any way I can with MCV! TY!!
IT'S PARTICULARLY ABOUT DANCING THAT I WANTED TO WRITE TO YOU. The other day, Tracy mentioned how you had wanted a video on teaching dance to children. This inspired me so much because I taught dancing for many years & perhaps I can share some of the techniques, etc. that I have learned.
THE YOUNGEST CHILDREN I TAUGHT
WERE PRE-SCHOOL AGE. Here at the camp I've been giving an hour ballet class to the little girls—the youngest being my daughter Kendra, who is 3 yrs. 4 mos., & the oldest child n the class will be 6 yrs.
NORMALLY IN A SYSTEM DANCE SCHOOL these age children wouldn't be together; but in the Family, our little ones are so mature & eager to learn, there have been no problems in them keeping up.

1 BEGIN THE CLASS AT THE BARRE, (we use chairs though, ha!), & they learn Ist & 2nd position—but not turned out. The preschoolers' body can be damaged quite easily from turning out too much, knocking knees together, keeping their weight on the inside of their feet instead of the outside, etc., so I have been taught to teach a straight forward position of the feet & gradually go to a slight, turned out position until they seem ready for a full turn out. So, we practice our positions & then use our arms extended out to the side & over the head. We do "demin plie" (to half bend) in 1st & 2nd position, "tendu" (to point) from straight legs & "plid". Eventually they do "degage" (to engage) & "rendejan par terre" (circle with toes on floor).

AFTER WORK AT THE BARRE WE DO CENTER FLOOR WORK. I give them little images to act out,—like being a tree whose branches are swaying in the breeze, a flower waking up in the morning, etc. We practice our arm movements by pretending to hold a big beach ball—first low, then middle & then over our heads.

waking up in the morning, etc. We practice our arm movements by pretending to hold a big beach ball-first low, then middle & then over so our heads.

THE LITTLE ONES DON'T YET KNOW THEIR RIGHT FROM THEIR LEFT, so we spend time pointing "Maria"-right foot-& "Grandpa"-left foot! We point slowly & then go quicker & quicker until all the girls are giggling. Ha!! do the same thing with the arms. We practice how to curtsy & do little dance steeps as well as arm & hand movements, such as rain, mountains, waves, etc.

THE THIRD PART OF THE CLASS IS DO: ING THINGS ACROSS THE FLOOR—jumping, hopping, skipping, flying like a bird, walking on our toes, putting out a small mat & pretending it's water & having to jump over it without getting our feet wet. We began recently do learn a turn, which involves learning to spot with the head so as not to get dizzy. We do marching also, & are learning to clap in time with the music.

I USUALLY END THE CLASS BY LETTING EACH GIRL IN TURN LEAD THE OTHERS in some dance step of their choice. After each girl has their turn, we come back to the center floor, all take a curtsy & then PTL for a fun dance time. Hallelujah! I hope the girls have as much fun as I do!

I ALSO STARTED A CLASS WITH THE OLDER CHILDREN—ages 7-11 yrs. With these girls I don't give as much of a ballet class as I do a jazz class (not to be confused with modern dance). We begin at center floor & exercise from our heads down, mostly with isolation exercises: i.e. rotation of the head, shoulder, hip, leg movements, etc. After about 25 minutes of this we do exercises on the floor (many are similiar to pre-natal exercises). After this we do steps across the floor, ie. turns, kicks, jazz walks, then I end the class doing a quick dance combination—usually picking a song off a MWM tape!

MOST OF THE OLDER GIRLS DANCE VERY WELL & I hope that they can use their talents also for witnessing & videos. All the adults are invited too, to exercise with the older girls' class. With much love to you & your whole Home!,

Pear Ones,
GOD BLESS YOU & GIJN! So many miracles have happened lately, that it's hard for me to sit down & stop for a while to tell you about them! I wanted to make a stab at it, though, & see what you think! Ha! God bless you all, & we do love you dearly.

PERHAPS YOU HEARD ALREADY THAT JUBAL & PETHUEL & FAMILIES CAME
UP FROM ARGENTINA on the bus with all the recording equipment last Sunday. It was a real miracle how they got the equipment through the border, as it looked pretty dark at one point. The guy on the Brasilian side had told them that they would not only have to leave the equipment there, but would have to go to Rio, get some involved paperwork done, & then come back to the border & leave \$10,000 as a "security" deposit, to insure that they would come back to Argentind by land & through that particular border!

THEN, ALL OF A SUDDEN, THEY SAID A SORT OF STRANGE LOOK CAME OVER HIS FACE, & he said, "Well, because of a feeling, I'm going to just trust you", & they didn't even stamp the equipment in their passports!

What a miracle! That means the equipment can stay right here, & they don't have to take it out of the country when they go to renew their visas! TY!!

GOD BLESS & KEEP YOU & continue to make you a blessing to so many!

GOD BLESS & KEEP YOU & continue to make you a blessing to so many!

ian passport, then a Russian one and three American pass-ports! Ha! Jeremiah said that they must have thought it was SALT III!

SO OUR TRIP WAS SPENT mini so our TRIP WAS SPENT mini-stering to C. and N., not at all according to what we had planned, but because of that we were able to establish an even deeper relationship with C. (who saved us quite a few Levas, Bulgarian money, by speaking for us) and gained a new Russian friend who has since then written us somesince then written us sometimes twice a month. She wrote a very sweet letter the fall which said, "Hello, my dear friends! I was so glad to get your letter and to see your pictures. I hope that we can meet again soon. I am al-ways so sad in Movember as it is so grey and depressing, but when I listen to your tapes and look at your pic-tures, I am happy even in Rovember." We were so moved by this encouragement from the Lord that our time this precious Russian sheep was not wasted. She said that her friends also listen to the tapes and they like them very much and envy her. Ha! We had tried to mail some tapes to her but they were returned, so TTL she got the tapes at the Golden Moment. AS SOME FINAL INFORMATION

on Bulgaria we wanted to add that we had no difficulty

in buying diesel (we have a diesel van) and that gas stations are numerous enough if you don't let your tank get too low (as Dad recommends that we should never let the tank get too far past half empty). Of course, benzin is also available and both are inexpensive.

THE LEVA, which is the Bulgar-

ian currency, is approximately the same as an American dollar in value, but a little less and if you can show proof, either by camp ground reservation or something similar, that you are going to stay more than two days, then you get twice as much for your money when you exchange it and there is no daily minimum for how much you should change every day, and no charge change every day, and no charge for a visa (you only have to buy a visa if your just travelling thru Bulgaria). We have heard that the northern part, on the other side of the Balkan Moun-tains, is somewhat desserty and very hot (so take water if you go there). The roads are okay, including some of the less trav-elled ones. The Black Sea is where the tourists are and where the tourists are and wherever you go BE SURE that you understand exactly the <u>full</u> price of camping or whatever before you move in. "Roll Ye Away The Stone"! The Story Of One Family's Journey East!

Triangle!! It all started about months ago when we came out of Yugoslavia into out of Yugoslavia into
Italy to raise funds litnessing. Our plan was for
Angela & our two kids to
wait in Italy while I
continued to teach English and look for a house in and look for a house in Yugo.

We had begun to consider going East but were still working on Yugo & were a little reluctant to leave. But then the Lord began to deal with us thru a serious affliction. I began having when I finally yielded & decided to go East did the Lord heal me!

So, there we were, penniless with only an old car & caravan in the middle of winter, Americans in a foreign country. We weren't quite certain where to go but we decided to do everything we could to obey the letters & raise home support& expect the Lord to supply & show us where to Yugo. supply & show us where The first thing He showed us to do was to "bring all the tithe into the store-house" to "Give and it shall be given unto you."
Well, we began to give of the little funds we had to needy brethren & people on

Marcus (9½) and Cinderella (8) pausing for a photo and a look of love while they were litnessing in the add north! mission fields. Then the Lord gave us a miraculous revelation of exactly where He wanted us to go. 2 days later we met 3 natives of that country and all received Jesus. One of them invited us to stay with him when we arrived in that country! This man lives in a city that is virtually untouched by the Family & has a pop. of several million! TYJ!

Afterward, we began a million! TYJ!
Afterward, we began a
real litnessing, soul
winning & address gathering attack! We made a
prayer letter and sent it
toall of our available

addresses & printed extra for use DTD for raising for use DTD for raising support.
The Lord raised up a sweet sheep who took us in for 2 months while we sold our car and caravan. We began accumulating addresses & supporters & our mailing list grew from 30 to 180 in 2 months. 50 addresses being people who received Jesus. We continued to send out prayer letters & got some lovely, encouraging responses!

responses!
We set our departure date
by faith, for mid April,
had all of our mail forwarded, including all of
our supporters but westill
had very little money.
We knew from the beginning
that it would take a miracle for us to be able to
go, but we also knew that
it was our part to obey &
like Dad said in the "7
ways to Know God's Will",
not to just sit around & not to just sit around & "wait on the Lord" but to keep busy for the Lord as you wait on His Will.

One thing I know is that we need to stay desperate with the Lord in these times & not look on the outward conditions but to believe it's God's Will for us to leave now according to the Words of His Prophet. So if we have faith in His Words, we know that God will supply if we'll obey! There we were, within a week of leaving and didn't even have enough for our tickets, when we received a \$2,000 donation from a business man who loves the Family very much. What an answer to prayer! This however was only one of the many miracles that the Lord did in these months in which we won more than 100 souls, made many contacts & supporters and received a guitar, typewriter, luggage etc, etc, too much to menguitar, typewriter, lugga etc, etc, too much to men-tion here! luggage So OEEY & God will not f to supply all your need more than you can ask or think!! XOXO!! LIJ&D,

COMING TO SOUTH AFRICA.?

From South Africa DAF

From South Africa DAF:

CLEARANCE. Please pray & find out if it is God's will for you to come to this field. Write to the Johannesburg LAS for clearance first before arriving. This is their address: Mr. Y. Odhav, P.O. Box 86170, City Deep, 2049, Transvaal, Rep. of South Africa.

GENERAL INFORMATION: Very Western society, very Christian principles, Apartheid is evident throughout the country, 99% of the people speak English. COG & FOL are banned here. Mature & Spirit-led people sare needed here. There are 6 Homes altogether—3 are mobile & 3 live in private housing. Winters are cold so keep your winter woolks.

LANDING FUNDS & SUPPORT: From experience we suggest that you have \$1200 a month support for 2 or preferably 3 months. It will take that long before the government will grant you a work permit, which is required to stay. Landing funds we would suggest another \$1200 for a family of 6 or 7. This would be a \$600 deposit & a \$600 for the first months rent, plus you must consider electricity deposit of \$30. So expect to pay around \$1500 for a family-size house with about 3-4 bedrooms, ic. the first month only.

Another point is a car will be a virtual necess-

taminy-size nouse with about 3-4 bedrooms, ie, the first month only.

Another point is a car will be a virtual necessity here as public transport is not good & hitch-hiking is very dangerous & difficult. Expect to pay \$1500-\$2000 for a reasonably good car, (but the Lord can still do miracles along this line. PC.)

line. PG.).

Total recommended would be \$4000-\$5000
Total recommended would be \$4000-\$5000
for landing & 2 to 3 months support. Forewarmed is fore-armed.

AVAILABLE HELP FOR NEWCOMERS:
There is at present a Johannesburg LAF of 4
families, a Durban LAF of 1 family & a Cape
Town LAF of 1 family. We will do all we can
to assist newcomers to S.A., i.e. picking you
up at the airport—if we have sufficient notice.
Locating housing if you send the funds, etc.
We have regular fellowships & our DAS is the

burg LAS.

OMBO OR RECEPTION HOME: We have none at present. New arrivals should not expect to be able to move into a family Home as there are none. Three families are caravaning. 2 families live in black areas where whites are not allowed, & 1 family lives in a one bedroom apartment with 2 children & 2 new disciple.

We are actively seeking a Combo Home but we haven't found one as of May 12, 1982. Please pray for us!

IMMIGRATION & CUSTOMS: Obtain a visa from your local South African Embassy. The best is to come as a tourist with return tickets unless you can come on a business visa with work awaiting you here. Should have no COG or FOL identifying materials. If you come on a tourist visa only, it is wise not to mention that you plan to seek work & stay, otherwise the customs officials will check everything you are bringing into the country.

MINISTRIES: Everything is open & fruitful if done in prayer with lots of wisdom, & if your visas are in order. "I know with God's help you can do it, because I know the Lord & I know He can do it. He can take anything to do it with if He wants to, even you." (Letter No. 675:11). Also read Mag 49, page 187, paragraphs 45,46.58-63 & 64,-"....bring plenty of money."

ministries that can happen there. It's a rich
country, nearly all Christians,—they just need
our message, need liberation, need to be taught
to be happy & witnessing, soul-winning Christians.—Even FFing Christians.
FFING IS A TERRIFIC FIELD THERE as
our own dear Maria & Sue found out. I mean,
those hotels there full of those wandering
businessmen & businessmen's conventions are
fishing pools where the fish are jumping all over
each other to get into the boat! And so it's a
real field, Praise God!
BUT ANYHOW THE GOOD SOUTH
AFRICANS WERE VERY HOSPITABLE TO
US & received us with open arms & were good
to us & friendly & they just bent over backwards trying to help us, do everything they
could for us. So I have nothing but good to say
about South Africa, except that because of the
preponderance of poor Blacks there's an awful
tot of stealing & robbery & thefts & even violence & it's growing.

"Going through the Russian border we went through quite a search. tverything had to be taken out of the van. (We didn't take our caravan along). We had some MWM tapeså Grandmother tapes, but the only one they wanted to listen to was a Ryssian course. They had an English speaking military man ready to talk to us and to try to make friends. We learned later that they really want to find out about your motives and beliefs this way and you have to be careful about these officials.

After 6 hrs. of searching and After 6 hrs, of searching and

filling papers out we could leave at 4 o'clock in the morning. The roads were very bad.

As soon as we arrived in the campground, an English speaking Intourist guide would meet us.

Usually they were really sweet people but one time we got into trouble because I wasn't careful and prayerful enough. The guide and his helper were trying to make friends and asked all kinds of questions and I didn't heed the Lord's check and we got into politics and religion! The next night we had a party and he came and was around when we prayed with 2 students to receive Jesus! We had been singing songs and talking, ending up with Rev. 3:20, and it got quite late and one of the student's job was to turn off the light in our part of the campground. So having just received Jesus he finally remembered about the light! They told us how difficult it was to get a Bible so I wrote a lot of verses down for them and they also got a MMM tape. The next morning they came back with 2 friends who wanted to see the Bible and they both asked Jesus into their hearts! Hal! After, we read John 3 together. We were just done when I was called to

the office where they had a report about our behaviour! After much talking we had to promise to stop talking about politics and religion! We followed the official's advice to behave nice and we just kept our smiles and look of love. Especially the children's sample of love often got us through problems and they won friends wherever we went. We never realized before how we have to let them shine."

CHILDREN AND MUSIC HELP WIN FRIENDS!

"When the Letter You can take your carayan to Russia' came out we felt it poke right to our hearts and confirmed the Lord's will for us. At that time by a miracle of God we met a high Russian official on the street and he got us in on the only Russian language course in our country, which otherwise was impossible for us to enter. The harbour in our city had more visits that winter from Russian ships than ever before and we were able to meet many of the crews to practice the language and give them lots of Russian lit to take home with them.

We were off to Russia, armed with our Bibles, Family's prayer, a good car and tent. When crossing the borders they thoroughly checked our luggage and car. - They were friendly and we had no problems. Our vision and prayer for this trip was to follow the counsel given in the Letters, to be a sample of the Love and Joy of Jesus! We found the Russian people to be usually friendly, and open-minded, simple people, hungry for love. Our greatest means of openings and getting contacts with people was the children. In the cities, very few people have more than one child, if any, and wherever we went people Just flipped over our children.

One good friend who has one girl herself said, that after meeting us she felt like having more

children. God also used 1 of our children to change our plans drastically. Our oldest boy became very sick. It turned out to be an infection in the appendix & he was operated on in one of the best children's hospitals in Moscow. It seemed like such a defeat and contrary to our plans. But God gets His greatest victories out of seeming defeat. So although it seemed hard to see why at first, we had peace in our hearts that everything would turn out for a "greater victory" for His glory. We met a very sweet and helpful young man at the hospital who's studying to be a doctor. He comes from quite an influential family and was very open-minded to talk with and brought us gifts. He Invited to show us around next time we come. Our boy was so brave all the time and the staff loved him. He used the time to paint pictures he gave to them as love gifts and that made them so happy. It was also very interesting that way to get to know Russia and the people in a way we otherwise would not have. In the meantime at the hotel we met some nice and helpful people. We got to share with a very sweet and precious lady whom we met before and really wants us to come there again. We shared with another sweet friend who really poured out her heart to us and was so hungry for love and fellowship. While singing for her in the lobby at the hotel there gathered quite a crowd, which turned out to be some pretty girl dancers and members of the band playing at the hotel. They travel with their show all over the USSR and other East Bloc countries. They liked our songs very much and were captivated by the spirit which we could feel was so powerful. They were eager to give us their addresses to receive tapes with the songs. It really struck us the

difference from musicians in the West. They were good musicians but so sweet and humble and appreciated our songs so much. We believe that can be a very good opening for our songs of love, since they just love to learn and sing western songs. We are very thankful the Lord gave us the chance to reach Russia before the war. We were excited before we went there but are even more excited now to share with the people we met via mail and see how the Lord will use these friends and contacts to bring His message of love to so many people who are so very hungry for it. A few days after coming home, the letter "The Russian-Faith-Test" came in the mail. It's amazing how appropriate and exact this letter shows the mentality of the Russian people. If you will win their confidence, you will surely have a friend for life and also the Russians are a highly warmhearted & intelligent people."

REACHING A RUSSIAN SHIP

"We found a Russian ship had arrived the night before. We went to the ship and started walking up the plank. We met 4 or 5
Russians who took a ML each. They started to give it back to us, not being able to openly admit their hunger for the Word. They told us we couldn't see the captain, he was sleeping, and sort of formed a wall so we couldn't enter. We made sure we only took back 2 of the ML's they tried to give us. As we got to the bottom of the plank we stopped, as someone else was heading on the ship. He was a medic going to his office on the ship. We showed him the Russian letters and he asked what it was. He eagerly promised to do his very best and place them in the cafeteria etc. all over the ship!! He put them under his coat and walked up. Next we checked the warehouse ... on our way out we met several sailors coming back on board who all took lit. Then as we were in the parking lot I approached 1 more person who happened to be a longshoreman about to go to the same boat. We gave him some lit. I told him who we were and he also eagerly promised to take all the remaining lit and put it in places secretly that no one could find them all till they got back to Russia. He was even thankful to act as our 'agent'."

RUSSIAN **ADVENTURES!**

WITHESSING ON A RUSSIAN SHIP!

South East Asia:

We waited excitedly at the major nort of the city, as we watched the big white Russian sailing vessel slowly pull in. It was a passenger ship, offering South-East sea cruless for touriets, & was coming in to dock for a couple of days here. We watched with the children, our guitar in hand & an assortment of duesian lit in our handbag, as the Russian crew docked the boat, & the local police let down the gang plank. Our prayer was: to be able to get onto the boat & reach as many of the Russian crew on board with the lift & music & message as possible! The passengers un-loaded, an assortwent of American, Australian & Asian tourists. As the let of them passed by, we started onto the plank to get on the ship. The local police stopped us, saying we would need a visitor's pass or special permission to board the ship, as it was a "Russian" ship. We told them we have to see the captain. The main policeman said to write out our name & that he'll take it on board & ask the captain if he wants to see us. We wrote down our Bihle names "and children" & the policeman took it on board. A couple of minutes later the captain appears, sort of coratching his head wondering who are we, together with the policeman, a they were for us to get on board. We crossed the bridge of faith onto the ship & told the captain that the children wanted to see the ship & to sing some songs to the people on board. "In that all? - Of course, cose aboard:"

So, after they checked our guitar case to make sure we had no weapons, off to the captain's room we went, where he called on the intercon for a Russian girl to come & show us for a Russian girl to come & show us for a Russian girl to come & show us for a Russian girl to come & show us for a Russian girl to come & show us for a Russian girl to come & show us for a Russian girl to come & show us for a Russian girl to come & show us for a Russian girl to come & show us for a Russian girl to come & show us for a Russian girl to come & show us for a Russian girl to come & show us for a

see all of the different parts of the ship, & for us as well, as all along the way we not different.

Russian crew members, who would lite up with bright smiles when we tried out what few Russian words of greeting we'we learned, By the swimming pool we met some of the swiscians of the Russian band on board, who told us that tonight there would be a special party for the crew members.

**Can we come?*, we asked. "Sure!"

After the tour of the ship we ended up in the chief engeneer's office, where he served us coffee & Russian snacks for the kids. Thru our interesting conversation we found out that there were well over 100 Russian crew members on board. We were told that on Russian passenger ships the crews, depending on the size of the vessel & capacity for passengers, number between 100-400 members, while on cargo ships there's only a crew of 30-40. That's very interesting to know for people interested in witnessing or litneesing to Russian ships. We would never had thought, for instance, that on the ship we were on that there were about 150 Russian crew members - specially considering that there were about 150 Russian crew members - specially considering that there were only about a hundred passengers! We said our farewells & thankyou's to the chief engeneer & crossed the hell to the captain's office. The captain very hospitably enetertained us for an hour or so with Russian cognac & corange juice for the children began to get restless, so we excused ourselves & went off of the ship eaping we would return in the swening.

Thru all this time on the ship thus far we hadn't witnessed to anyone yet or disclosed any lit at 55 all out to all of them, or at least 2014 and of them. Pros later events that the we'll out to all of them, or at least 2014 and of them. Pros later events that developed, we could see that this was really the right leading.

We returned in the early evening

& ws were escorted to the dancing hall. There was hardly anyone there, but they told us that we could sing in 15 minutes & that they would anounce it on the intercom through the whole ship. They applegized that only the Russian crew would come, as most of the passengers were not on board. "That's just great! we said. Russian crew members began filing in from all directions, both men & women, young & old, as the band set up the microphones for us to perform.

deliver our souls: The children sang a couple more songs & ws got the crowd to clap along. Then we did an impromtu heart skit about an ailing heart that only love can cure. Then mommy began singing solo while the children disparsed among the crowd to give each person Russian lit. Some read it through immediately, while others quickly hid it in their pocket. The timing of everything was so perfect, as we hadn't planned much shead of time, we'd never even performed before for an audience on stage, & we didn't think we would on this ship either, but the Holy Spirit was so in control d just led one thing after another. After making sure that everyone had a piece of lit, we all jumped back on stage to sing "Tou totts Be a Buby to Go to Reaven", also in Russian which we learned a couple of years ago! The crowd applauded warmly & a Russian girl came up to use à warded the children with Russian candies & a ship trophy. Then the audience quickly filed out. There wasn't one piece

of lit left laying around anywhere, as we sat down again at our table in the now nearly empty again ance hall, marvelling at how the Lord wonderously opened the door for us to be able to witness to all of these Russians. The band began to play a the children relaxed a had some juice. We had felt one of the band members to be exceptionally sheepy, so we went up to the stage to ask him if maybe we can meet his tomorrow. As we started talking to him and anyone were interupted by a lood, firm, authoritive voice. We turned around to see a stocky older Russian man, appearantly a security official — he seemed to be quite upset — a he told us that we had to leave the ship immediately! "If you're not off of this ship into consequences!" He further grumbled his displassure at us having passed out the lit. So, an abrupt ending to a thrilling adventure.

The captain escorted us off of the ship — appearantly asked to do so by this other man — & the captain himself didn't know how to react. He seemed somewhat embarrassed as the children hugged & kissel him goodbye' — you could see that himself seemed to be going through a personal decision in his own life. Our witness on the boat was really a light shining in darkness & we felt it left much more of an impression on the hearts of the people who watched & read than everyday litnessing does on people in free countries, egpescially seeing us afterward getting harshly evicted for our loving witnessing to which they so warmly responded 15 minutes beforehand. You could see that in their hearts they each had to make a decision about us, wether we were good or bad, wether it was right or wrong — either to agree with us & our spirit, or the gruffy guy who was throwing us off of the ship! "So there was a division among the people because of Him!"

On this one day we lived through all of the 3 P's — pioneering, popularity & persecution, & saw & wivid fullfilment of the truth of "The Russian Fairground Dream". An exciting day! We're sure some of the the people much thave gotten saved as

BATTLES AND VICTORIES IN A WAR OF THE SPIRIT WORLD:

BATTLES AND VICTORIES IN A W GIJPN: Recently Elijah took a few of the kids for a walk at night and took along a flashlight. While out they saw 5 or 6 rats down in the open sewer. A cou-ple of times after that Eli and I went out on walks to the store at night and tried to nick off any rats we saw with rocks.

Shortly thereafter, Eli started having nightmares about rats and Rebecca also started having nightmares about rats as there was a rat in the wall of our room that we can hear scratching and making noises at night soretimes.

Remembering that Dad said ani-mals can have bad spirits, we prayed and rebuked these rats and nightmares and didn't have any trouble from them for a

But shortly thereafter we started having problems with 1 of our disciples, and after 3 weeks of counselling and trying to help, we had to ask them to visit home for a while and hopefully work out ther problems.

This burdened us greatly, and while lying in bed discussing it, the rat (which we hadn't heard since we last rebuked it), started gnawing on the woodwork right by our heads: We immediately started praying together and sneaking in tongues and rebuking the devil and Oplexicon and their demons, and while Febecca was praying she started getting the name "Hexagon". So we started rebuking Hexagon and agreed together to bind

him and cast him into the <u>sea</u> in Jesus Name! Immediately the rat stopped and we haven't heard from it since.

The very next night, at about 11:30 p.m. u strong earthquake hit our city for 45 seconds, immediately knocking out the a lights and shaking the house. I ran into the kids room to comfort them and they asked what's happening and I said, "There's something happening in the Spirit world."

Elijah, the moment the lights went out, started looking out his window searching for some light in his darkened, shaking room, saw a big falling starf

After the quake with everybody awake we all got together
and brayed and discussed the
lessons learned from it and
what to do next time. Most of
the discussion was about flee
bags, contingency plans and
preparedness as none of us had
matches or can dles ready, the
lanterns were empty of fuel,
flashlights were broken and
some of us did not have flee
bags ready., etc. Elijah also
kept mentioning the falling
star that he had seen and really
felt it had something to do
with the earthquake. After
praying together we all went
to bed. The next day there
was nothing in the papers about
the quake.

The next night, Elijah and I really

The next night, Elijah and I went to a mechanic friend's house (he's working on my car) to visit him and witness to him

more. We also brought over some wrenches and a screwdriver for him. When we were leaving we were showing him how the screwdriver worked. (It was screwdriver worked. (It was one of those screwdrivers with interchangeable tips.) While looking at it, Elijah said it was an octagon, but it had 6 sides to it so I said, "No, It's a hexagon", and when I said "hexagon", I said, "wow, Hexagon!" Then I remembered that just 2 nights ago we had rebuked Hexagon, and it all fit together! 1.Us rebuking Hexagon. 2.The earthquake the next night. 3.Elijah seeing the falling star!

Wow! The "Spirit" was bearing witness with my spirit as I walked home with Elijah telling him we rebuked Hexagon and how I felt that's why the earthquake happened. We still hadn't heard anything about the earthquake, (except rumors), about the intansity, damage, epicenter (or origin) of the earthquake, etc.

the news about the earthquake: Epicenter: Our CITY, near the coast at the bottom of the sea.

Intensity: 6!!!

Damage: The only damage was a

big church bell tower collapsed! Wow!! We could hardly believe it!

Hex: N 1. An evil spell:curse 2. A bad influence on or dominating control over someone or something. V 1. To bewitch 2. To wish or bring bad luck to. Greek Hexe, witch

Maybe his name is <u>Hexagong-like</u> gong-like the bell tower that collapsed.

I don't know, but he must have had a pretty big influence to cause such an earthquake when we rebuked him! Wow!

The earthquake really shook up alot of people. Many said they thought it was the end of the world, and have been asking us alot of questions about the end-time. We also were amazed that not only was no one hurt, but there was also no damage excent the bell tower! Maybe it's because everyone has been really receptive to us here!

SERIOUS WARNING:
Excommunication of
Elia Burnfree (photo
left) and his followers. Elia is the undiscussed

leader of a group of so-called brethren, that have since their formation been a cause of problems & stumbling for the rest of the Family in Italy. The root of their problem is spiritual

pride. They re-interpret the Letters & many of the things they do are contrary to them & they don't give a good sample of what our Family is. Because they are very much into the personality cult, they consider their greatest ministry ministry personality cult, they consider their greatest ministry winning influential people, & have already lost some good kings & fish of the Family because they approached them with the intent of getting them on their side. Some of their fish also after being financially abused have left them, some turning into enemies & some have found the real Family elsewhere. They are now moving to Venezuela where they have a house in Valencia.

Valencia.

Watch out also for Eliseo
who is very much like his flesh
brother Elia. They always try
to get people & brethren to

"THE LORD RAISED UP A REAL QUEEN FOR US in one of His typically unorthodox ways. As at the same time opened up to us a new ministry that we had been neglecting. One night, out of necessity, all eleven of us (5 adults & 6 children) loaded into our motorcycle & sidecar (Absolute insurity!) & went to one of the many outdoor restaurants in the area. Not only did the owner of the restaurant give us all a wonderful metal & let us sing to all her customers, but she went around & collected donations for us. We went back a couple of times & she let us sing etc... She started to really

"I'N COMPLETELY BLIND, but I had the chance, by the Grace of God, to be in kinesiatrics (massage). The Lord showed me how to use my job to serve His better by opening the door in a big Rest Home for the wives of professionals who have had nervous breakdowns. I was in charge of the re-education, massage & relexation of these women. They are so broken by the System & so deprived of real love.
THE LORD INSPIRED ME TO WITNES TO THEM & to give them the Word & control the physical effect the Word was producing in them. Just think that they were maked & lying down on a table in a great intimacy, rocked by the penetrating & operating Word, under the influence of the Spirit, & careased by my hands. That was a very fruitful F ministry! Tyl! In fact, every Monday as I started my werk a soul got saved—such an encouragement for the rest of the week. COMMENTS:-Dearest /L., GBY & GIJNI LLY! What a blessing it's been to receive 0's interpretation on the recent event in Egypt, the assassination of President Sadat! On the very same day dear 0, was working on "The Suicide of America" & got all these heavy verses from the Lord to warn our Family & the whole World about the now-so-soon-coming destruction of the text, the Morthern-Hemisphere! Whol! At the end of most recent Letters 0, always put "Tomorrow may be too late!" Most's "Tomorrow will be too late!" Titl! Hall I always thought some day a Letter 11th this will be published & now this is it! It can't be long! It's so exciting & with Sadat's death God removed one more obstacle which stood in His way to pour down the judgments on a wicked World! It was so revealing when 0, explained that so often throughout history God's people stood in God's way & it was such a cell left!

It's so exciting to watch now everything beginning to be fulfilled what 0, has said for pears & everything's right on schedule, Till It makes me feel so blessed to know the Letters & to not sit in darkness & at the same time gives me an ever greater desire to reach the Lost out there which are misled by their leaders & don't know what's going on! "And they that be wise shall shine as the brightness of the firmmament; & they that turn many to righteousness as the stars for ever & ever, But thou, 0 Deniel, shut up the words, & seal the book, eyen to the time of the End: many shall run to & fro, & knowledge shall be increased." (Dan.12:3,4.) Mov!

If's so exciting & every day becomes more valueble as time progresses & our Redeemer draweth nigh! Tit for 0, to lead & guide us, xxx, LIY!

Another great victory is we finished the "One-Heart-Diary"-project & needless to say, it was one of the most inspiring projects so far as it made us dig into our Bibles & Momory everses to find the right answers to the quotations! I'm sure if that diary goes on the market, 7-Starwill 100 bankrupt as ours is so much better & much more inspiring than

The Mystery of Nivea

From Pearl; WS:

Some interesting facts on Nivee's place in history.

Dear Dad.

GBHI LLYSHI The "Hivea" dream was so assaying ? thrilling & shocking with its admonition to obey & warring of the consequences if we don't & so warvellous how God put the answer to the wystery right in the Latter Suon a wonderful lesson how God loves to guzzle us & play gases with His children to challenge us to esearch out His Word & will. He must have fun watching us trying to search out His Word & will. TMI

find out who Nives was in the encyclopedia or ref. books but I did find some interesting facts that I hope are relative ? I'm not just reading them in' or getting off track. Although we haven't found who she is in a book yet, I'm sure she's out there somewhere. Naybe mo one has discovered her yet or wrote about her but you! But when looking up Nivas it was interesting to note all the words beginning with "ni, us or ne" that have to do with the sea or water like:

Neptuse—(Roman myth) Cod of the sea nereid—a sea nymph neid—water numph ne

artic whale

Nautilus--also a Roman god of the men nefarious-wicked navigate, navy a navigate nomesis Nus--means fish nymphas--bride And many cities beginning with "na" are located by the men

mattern. Honeveh sounds a lot like like Nives & there are some interesting facts about Nineveh & water & judgements that are very interesting that were'the Nalley's Bible Handbook. It seems Nives has been around a long time & punishing His children for disobedience. In Nineveh were found the Plood Tablete & other accounts of the Plood agree "that the Deluge was a divine judgement on Numan transgression". Mineveh is described in Nahum 2:8 as "like a pool of water" & was surrounded by a great number of protecting canala. Mismod was the founder of Nineveh & his name seams rebellious, first rebel on earth in sudacity t idolatrous wickedness. He was born right after the Flood & founded Babylon & Mineveh

which were the Leading Cities of the World. (Sounds like the States & come of the disobedite thers). Mineveh according to Cruder's means "habitation of Minds". Mineveh was founded shortly after the Flood & the term Mineveh refers to the whole complex of associated villages served by one great irrigation system & protected by the one network of fortifications based on the river defenses. It was built at the junction of 2 rivers, but Tigris in States and the provided of the river washed sway part of the wells in the Babylonians & Medes through the gape to conquer the city. But as you said the other night, Nineveh was overthrown when the Babylonians & Medes seas under the wells a covernew her. Dearest Ones.

Jan. 28, 1982

Dearest Ones,

God bless you! We love you so, so much! This is just a short note to thank you for what you recently did for us by helping with our fares to go to Brazil. I think it's the biggest gift we've ever received and we're so grateful to you both and the Lord for it. It's such a miracle for us as we didn't know how the Lord was going to do it since we needed so much especially if it was going to be necessary to go by plane. We're so happy that we'll be able to leave so soon and get out of this war zone. Your most recent tapes Dad on the world situation really stirred our hearts. Thank you for all of your love and concern for us. You are both so precious and such a shining example to us all

of a true Shepherd and Shepherdess. God help us all to follow your example of tenderness, mercy and love towards the sheep.

Also I want to thank you for publishing my letter of apology which we just read in the new mag last night. It's such a good feeling to have that all out in the open. Thank you Dad for your comments at the end. They were so comforting and made me feel really good and secure in the Father's house. By God's Grace, I really want to try to do my best for the Lord and really start fresh there in Brazil. I really want to put my whole heart into the work there and burn up fast and bright for Jesus. I've really learned alot over these past few years (mostly the hard way) and I now want to use all that I've learned to try to help others and comfort them with the comfort by which I have been comforted. Thank you also for your comments others and comfort them with the comfort by which I have been comforted. Thank you also for your comments to us in the RD on the Portuguese video. Your words there to us were so encouraging and uplifting. To know how you personally felt about us was really a shot in the arm. Wow! You've given us so much recently spiritually and physically! Thank you again and again and again!

Also, in case our letter of thanks for the caravan hasn't arrived yet we wanted to thank you and tell you what a blessing it has been. It's been and tell you what a blessing it has been. It's been nice and warm and particularily an extra blessing this winter because it's been very windy and rainy. It's also helped us to get packed since it came equipped with most everything we needed. We're now trying to sell it as was suggested and we know the Lord is going to do a miracle. Hallelujahi

So many wonderful things are happening inclu-So many wonderful things are happening including Aola being pregnant again! She's about 2 months pregnant! PTL! So with Primavera ready to have the baby in April and Aola in another 7 months that's going to give us 9 children very shortly. PTL! It's going to almost be like having twins again. We know for sure that the father of the baby Aola is going to have is definitely Michael. So maybe this one will look a little different Well The Lord how really look a little different. Ha! The Lord has really blessed our threesome together with Michael since Primavera left for Brazil and has really given us all a very close and edifying relationship. I personally have never worked with anyone in a co-shepherding situation so closely and it's really been a blessing. We really strengthen one another and it seems like we've been so much more fruitful this way counseling, praying and working together. PTLI We've been a real good check and balance for one another.

good check and balance for one another.

I was only going to write a short note of thanks but my heart gets excited when I start writing to you and I want to keep going and sharing more and more. Thank you so much for your time as I know how precious it is and just to be able to communicate with you is such a priviledge. If you have any suggestions as to where we should go or what we should do in Brazil please let us know as we are more than willing to follow. We appreciate you both so much and feel so very close to you. Thank you again and again for everything and especially for making it possible for us to leave Portugal and get ourselves and children out of the war zone and into fresher and safer fields. We are forever grateful. "I will sing of the mercies of the Lord forever." I love you dearly. Your san in I love you dearly. Your son in Lord forever Jions, Jay

"'SONG OF INDIA': I WAS PRAYING & THINKING ABOUT INDIA. We'd like to go THINKING ABOUT INDIA. Me'd like to go there, but since we're French it seems we don't have a lot of possibilities to work there. Then a thought came to me that there's a part of India called Kashmir. It was an old French colony, on at least there were some French people living there before. Maybe the generation before got a little bit influenced by it, I don't know. What about that? Do you have something about this part of India? Anyway, this country is really needing the Light! TYL!" (Daniel & Rachel; Europe)

'CHILD PSYCHOLOGY': OUR GREATEST VICTORY IS WITH OUR CHILD CYRIL (4) who changed after our reaction to this Letter. Before this Letter we tried to correct Before this Letter we tried to correct him, but without great conviction, because we didn't have any sample to follow or a great conviction in our heart. After this telter we knew for sure that we had to do it & we've been more strict in our corrections. We even went to the extreme of buying a fly swatter & believe me, it works. He's paying more attention & has started to learn Psalm 29, whereas a tew days before he didn't even want to listen to it or learn it. Thank You Jesus! We thank you Dad for all the good care you give us, for sharing your experiences. & for all the love you give us!" (Serge & Nelly; Europe)

Peaceable Fruits of Repentance

Letter of rededication from Josh, one of the Family's first disciples!

Dearest Dad, Maria & Family,
IREALLY LOVE YOU ALL & PRAY WE
ALL STAY FAITHFUL TO THE LORD,
DAD & MARIA. My name is Josh & I'm now
40 yrs. old & have been in this wonderful family for 16 yrs. Though my heart was elsewhere
st different times, the Lord in His Love &
Grace has miraculously kept me in spite of all
my problems & failures. I've found the answer
to keeping close to the Lord is very simple,
it's to do what the Mo Letters say. I've seen
people come & go, but the Lord & Dad's Letters keep moving right along with those who
choose to follow all the way. The reason for
Dad's faithfulness is because he loves the Lord
above all.

This beautifulness is because he loves the Lord above all.

I'M VERY HAPPY & THRILLED TO BE IN THIS BEAUTIFUL FAMILY, & having the priceless privilege of receiving Dad's inspired Letters. I feel great physically & my spirit is inspired from morning till night. I feel young in heart! As soon as we started to obey the Letters we got physically & spiritually better, & it's still getting better every day. TYJ!

I KNOW IT'S BECAUSE WE'VE TRIED TO OBEY & LOVE THE LETTERS, especially in areas where we have failed in the past. We still have a long way to go, but we want to do our best as we know the same results will be given only in a greater way. More love, freedom, peace, happiness, joy, love for God, love for our Family & fellow man. I really know the fruits of disobeying, & if you're God's child you'll only be miserable & living in total delusion for not receiving & obeying the truth.

I REALLY APPRECIATE ALL THE GOOD HARD SPANKINGS THE LORD GAVE ME THROUGH DAD MORE THAN EVER. All of this is much better explained in Dad's Letters, but as a testimony & in thankfulness to the Lord, Dad & Maria & all of our precious family, I want to say I really love & respect Dad & Maria more than ever. By the grace of God I want to follow their excellent sample & God-inspired Letters full of love, truth & everything we need.

ALSO, I'D LIKE TO MENTION THAT

ALSO, I'D LIKE TO MENTION THAT
FAITHY HAD A WONDERFUL INFLUENCE
ON MY LIFE, as she is so much like her father
in many ways. During the years we were to-

gether she lived a very dedicated life & truly loved lost souls & inspired the sheep with an unusual anointing from the Lord, with her father's encouragement.

THE LETTERS ALSO KEPT US FROM GOING INSANE & getting too deep in the System rut while trying to survive in our spiritual desert, which was our own fault & making. The Lord kept us & protected us from falling apart & neglecting our children & each other's needs. Dad's Letters were a continual source of help, guidance & strength, even though we didn't fully obey in the past.

HOWEVER NOW THAT WE'RE BACK ON THE FIELD (thanks to the Lord & the Letters), my precious mate Heidi & our three lovely children are doing better than ever before, & each day only seems to get more inspiring as we watch with amazement how these little diamonds of dust sparkle & grow leaps & bounds in every single phase of the Lord's work. The Lord's family has them & us surrounded by pure beautiful freedoms & lots of love,—not the horrible pollution of the System. So, to keep this short, in conclusion we want to thank God for Dad & Maria & our worldwide Family.

THANK YOU, DAD, FOR THE TRUTH,—

& our worldwide Family.
THANK YOU, DAD, FOR THE TRUTH,— THANK YOU, DAD, FOR THE TRUTH,—It might have looked like you were losing a son, but I'm yours, Mara's & the Lord's forever. By His grace I want to follow as a lamb to the slaughter. Don't give up hope on many others,—God's spirit is faithful & your Letters are too! I'm sure He & they are working on all the other prodigals out there, so all who belong to David's fold will return, that I the Father's house will be full.

Your Son, Josh

P.S. AFTER I WROTE THIS & WENT TO BED, THE LORD GAVE ME THIS PROPHECY FOR YOU. "Even as a babe cries out for its mother in the middle of the night, so shall these cry to thee in time of trouble."

I'M LEARNING HOW TO BE A DADDY. What a wonderful calling to see the children get all this from childbirth. Please keep on keeping on. You & Maria are truly the Lord's shepherds for this last generation. Your Son.

God's Word
And thou hast not witheld but hast given & shared.
Because of thy love to both God & the King.
Thou hast been honoured above all other women.

Thou hast been honoured above all other women.

As you grow older your mercles become: swh more tender.

And as the years increase so does your splendor.

Thy servant kneels before you in service to thy love
Knowing that thy commands are a message from above.

So may the lord give thee wisdom to keep truy spirit strong.

Thou art a prophetess of love to lead thy people on!

MOVING INTO THE KING'S HOUSE!

Deares t Coos

GFN WLY so very much! It's been such a blessing to be able to go over & meet your presions staff combers in itself, not to senting the militade of little datalls, testimonies & tipe on how you do it, ranging from preventing mildew in closets to how much baggage space everybody gets for travelling, etc. stc. Every precious little lesson, which say even be just a passing thought from someone whose had the priceless priviledge of being part of your staff, or on the other hand may be just a habit now formed after years of personal training & sort of insignificant to them is just like a splash of cold water to us, kind of startling & waking us up to a new way of doing things, which is so refreshing, -kind of like walking in to an RFN!

and like Alfred said yesterday when showing us your little combination night light-desk lamp, "If this thing could talk it sure would have a lot of experiences to tell!" Well, that's how we feel about every bit of the house, a we're really thrilled about your loying a generous offer of taking it over for all of these reasons not least of all the beautiful memories attached to it! Is we walked through the house we could just picture you jumping in the tub of cold water to cool off a then going back towork, or giving a dinner talk, encouraging the cook, shooting your slingshot through the bathroom window at the devil birds, etc. etc. Really even as we are sitting here writing this report it just kind of brings a tinge of excitement to think that we're actually moving in tomorrow, TIY and thank you so much for trusting us with it.

Because you lived there it's certainly a special house, but even besides being beautiful from the spiritual paint of view, it's also going to be such a blessing physically as it's so light & airy & refreshing & pleasant that we can really see curselves getting inspired to do a lot of work there. And just to kind of emphasise the point, just after my first night there, upon returning home there was a pure electrical storm which knocked out all of our electricity & so the fulls were off almost all the next day! Well our decision was already made as soon as Alfred had presented your suggestion over the phone, but sitting back in our sticky, somewhat dark, stuffy hot house certainly helped to confirm our feelings that we'd love to move, as even without electricity your house is 10 times more sunny & cheerful & so refreshing with that fresh sea breeze blowing thru!

Flus the area is so much more inspiring as we feel kind of "stuck out here in the boomies" in this present house, not really desiring to venture out for any enjoyment, whereas in the new location it's going to be such a blessing to be able to just pop out for a swim for get—out which is certain to refresh & renew us & keep us more inspired to do better work. As soon as we're able to share with everyone whose house it is we're moving in to we know all of our team are going to flip! nervous at the thought of going over, but immediately felt so much at ease & said she could really see in Alfred what bud said about how all the kids really love him as he's really friendly & fun to be around. Personally I flgt pretty much at ease with everyone & right at home! as they're all so sweet & thoughtful but nevertheless you certainly see their extreme dedication & loyalty to you beaming through in each & every thing they say & do. The two children were so sweet & it was really a bleesing to see them after so long & we had a great time playing marbles (they both trounced me in both games hai)

From Windy; MWMI:
Dearest Loved Ones,
GBY! XX! ILYSM! I'M SO HAPPY TO BE
ABLE TO WRITE TO YOU AGAIN. These
frequent mailings are such a blessing.—knowing
that this letter will reach you so soon, PTL!
The day will probably come soon when we
won't have this privilege of such close communication & I want you to know how thankful I
am for it now.

WE RECEIVED THE NEW MAGS A FEW
DAYS AGO, and—oh! I was soon surprised to
see my testimony! I mean, I had completely
forgotten about it & would have never, ever
imagined that it would have been printed! Your
sweet comment at the end brought tears to my
eyes, as I feel truly undeserving of such words,
TYJ.

THE OTHER DAY SOMEONE SAID TO ME
THAT THEY REALLY LIKED THIS CER.
TAIN SONG THAT I HAD WRITTEN, & I replied, "Oh, that was a real expensive one!" It's
like each song costs something, & especially
here at MWM, each song that I have received
has been to me a gift & a sign of His love &
mercy, & the payment, whether it be praise or
pain, triumph or trial, has been worth it al!!
LHM to be a faithful vessel, to continue to
bring forth His music! "It's only in Him!"
IT'S REALLY EXCITING BEING IN THE
"LAST STRETCH" HERE. I really enjoyed
working on some songs for the Warning side of
that stockpile tape, & also the popular song
tape. I've been working with Jeremy & Michael
on the GP children's song tape. I really do appreciate the opportunity to be able to work
with these two, as I often ask myself—why me?
—since they are so far ahead in their musical
ability. But Ha!! It's a tremendous blessing!

ALSO, THANK YOU FOR YOUR ENCOURAGING COMMENT ON THE CHRISTMAS
PRAISES RECORDING ARTICLE. It's just
beautiful the way you take the time to add a
loving, needed word to the articles. Such love!

I WANT TO KEEP THIS LETTER SHORT,
as I know that you must have so much to do. 29

I WANT TO KEEP THIS LETTER SHORT, as I know that you must have so much to do. I just wanted to share with you the words to a song that I received the other day. I know that you are very much concerned about each & everyone of us at this important time of

choice & decision,—and, well, these words express my prayer for what is to come, TYL.

With prayers for you, & a love that is true, ILY!!!

P.S. It's been a few hours since I finished this letter, but I had to stick it back in the typewriter because the Lord gave me a love poem for you!

Love that's given always grows, it's lasting kisses no one knows unless their soul has let it flow, and upon this willing heart Love shall return.

Love that's sharing always shines, it's lasting beauty no one finds until they see no "yours" or "mine but only hearts who need the time for Love to heal.

er and Love that's trusting always tries to wipe away the tears from eyes, to give the answers for the "whys and through the fiercest storms Love shows the way.

Love that's patient always prays, it searches gently for the ways to be a blessing everyday, and for those who will receive Love will be there.

Love that's treasured always trusts, it won't decay, grow old, or rust, and as all things return to dust, for those who do believe Love will remain.

LOVE WILL FEMALE.

I'd Rather Have Jesus.

-Says a former hard rock band member.

I DON'T KNOW IF YOU EVER SAW MY "VERSION" OF "I WOULD RATHER HAVE JESUS." I used to sing it to myself before I would play with the System band I was in for a year and a half: Ç

I would rather have Jesus than a hard-rock band I would rather have Jesus than a studio at hand, I would rather have Jesus than contracts grand I would rather have Jesus than the praise of man.

Than to play the lead on a smoke-filled stage And be swayed by the glamour & glare

Yes I'd rather have Jesus than anything, The old Business, its woes and its wares.

Love, Michael Listen

I suppose all us prodigal musicians could sing that wholeheartedly! Amen! GBY!

STAYING ON THE WATCH!

15/5/82

GBY! ILYSM! I wanted to thank you for such a fantastic timepiece to dBY! ILYSM! I wanted to thank you for such a fantastic timepiece to help me keep up with the times--God's time!! You set us in motion to keep us ticking 6 in tune 6 tick-tocking for Him! You're also our dear Grandfather clock faithfully telling the Morld what time it is 6 your pendulum always swinging back 6 forth from one extreme to the other keeps us well-balanced 6 right on time in the right direction.

This watch has 7 main features which will help me to remember 7 things:

1) First it tells me what time it is just like the Lord's Words tell the time to the nations--the signs of the times--to show them what time it is 6 how late it is 100 to 100 to

it is 6 how late it is! Me are the time-keepers of this Norld 6 "blessed is he that watcheth" (Rev.16:15) 6 "Be watchful" (Rev.3:2.)

2) 1st Alarm--Mill wake me up, "for it is time to seek the Lord" (No. 10:12) because "knowing the time, that now it is high time to awake out of sleep". (Rom.13:11.)

of sleep". [Rom.13:11.]

3) The 2nd Alara -- To "arise, shine; for thy light is come" [Is.60:
1) because I need to "redeem the time, for the days are evil"! (Ep.5:[6.)
4) Morld finer -- To keep the Morldwide vision as the angel said "the time is come for thee to reap; for the harvest of the Earth is ripe." Rev. 14.15.)

(Rev.14.15.)

5) Stop Watch -- "Remember how short my time is" (Ps.89:47) because "soon "time shall be no longer." (Rev.10:6.) To run as "they which run in a race run all, but one receiveth the prize. So run that ye may obtain. (TCo.9:24.)

tain. (ICo.9:24.)

6) Timer -- This tells me that "to every thing there is a season, & a time to every purpose under the heaven" & especially for the times when "thy time was the time of love & Ispread my skirt over thee." (Ez.16:8) & "her breasts shall satsify thee at all times." (Pr.5:19.)

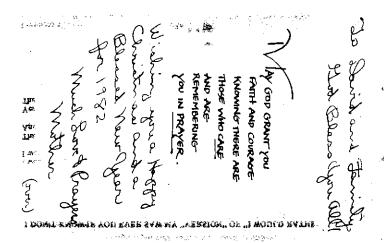

7) Calendar -- To know when it's Sunday & have Communion! "And God blessed the 7th Day, & sanctified it: because that in it He had rested from all His work." (Gen.2:3.) And to take time to be holy--wholly His! TYJ!

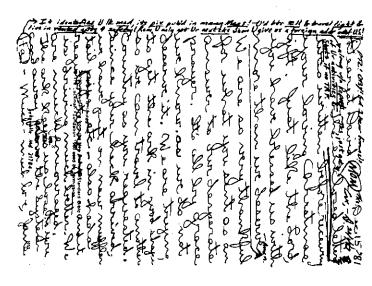

By the way, we started first keeping time in May according to the watch in the Letter "The Watch" & thought it curious how you got us these watches in May too! IYJ!

Thank you for so many blessings & especially for letting me be one of your little time-keepers & trusting me with some of your spiritual watches--your Letters--telling us how late it's getting & some even time-bombs! I love watching & waiting on you & Him! IYJ!

About the Ark Because work so does breaute

Doubt the Ark

In regard to the Ark, we believe that you will understand that we did not want to bury it in Europe It was really not possible to make all the repairs that were very needed such as a new muffler, new manifold, I universal joints, new distributor, new springs, new shocks, new turnsup, etc., there in France.

Alle's Even though it was not driven very much, it had been sitting near the salty Sea for a few years and the muffler, tail pips and exhaust system had practically distintegrated and the whole underneath was on the verge of completely runting out. It was in terrible shans and we had such a hard time getting many paris over there, even spark plugs.

Since we did not want to spend the Winter in the frame North, we used the Ark as a right muffleam to ship our things and in this way the shipping was well worth the cost. We left everything in the Ark and nothing was stolen and the shipping company said everything would be stolen but the Lord protected it.

Another big victory was that we discovered upon its arrival at the point of debarkation in antwerp, Belgian, that we did not have to pay any soney until we had it on the other side at its destination and point of entry. Therefore, after leaving the Ark at the Barbor, we, John and I, had anough coney to buy a ticket to fly to America.

The particular boat that we discovered in Notterdam just happened to he mains to callfornia and it was large enough to take the Ark. This particular line, wallennus line, Cobserted year, was a Suesish Shipping Company and the chaepest we found with the capacity to take the Ark which was very rare and cost ships everen't big enough and this eme sailed once every few monks so we felt that it was God's provision to find this boat. If might be a weed to be a weed to be a mechanic of the whole satter was that we had no problems at customs and everything arrived safely. Thank the Lord we were able to prove that it was on a fright had not even stop inside the Ark to see what we brought with us. The Ark has been in Septem

THIS DRAWING IS TO
SHOW MY APPRECIATION for
all my sweet loving sisters around the Fish who are starving for
the world. Sometimes I feel we brothers take our sisters for granted. Because we're so close

Dear Dad,
My name is Heidi, born in Germany, 23 years old and a Pisces. The photos are taken in Goa a former Portuguese colony south of Bombay, India by an Argentinian friend of ours. I joined the Family 6 yrs ago in India and I'm thankful to be a sheep in your fold. Here is my testimony in a few words. I left home when I was sixteen years old, and in search of true love and happiness I went to India-only to find the "hippie dream" I was chasing after an illusion. Seeing the misery of India and experiencing the many drugs my friends were using, I finally ended up on the streets of Bombay desperate for a change in my life. I had failed trying to take it into my own hands and was so glad when a brother offered to take me "home". I asked Jesus to deliver me from drugs and help me start all over again and He miraculously transformed me so I could help other people in need of His love. Your wonderful Words and the Words of the Bible directed and eased my weary mind, and help me daily to stay happy, thankful, and inspired to be alive. How close to death I was...thank you for starting the Family! Without their help I wouldn't even be alive! TYJ! I stayed for three years in the "East" (Afghanistan, Pakistan, & India) helping the many travellers in trouble, witnessing and litnessing for His glory. In 1976 I got marriage we have three sweet children. I'm thankful for Asher as he helped me through the many trials of "growing up" both physically and spiritually with tender love and patience. Then we went to Greece where both of my sons were born and then back to India where lena (the little Aquarian girl I wanted so much) was born. Now we are back in Greece after one-and-one-half years in India raising funds to go back to the field! We both love you and are praying for you and Maria, Davidito and Techi. GBY

DEAR BROTHERS & SISTERS IN THE "DEAR BROTHERS & SISTERS IN THE LORD. God bless you in Jesus' Name & I hope everything is wonderful in your life. I am writing in the hope of receiving some of the latest news on World affairs & Dad's views on Egypt or other needed information. Could you supply the info & could you possibly tell me where I can buy some decent tzpes, music & drama. This World has gone to pot completely. I am not a member of your beautiful, wonderful, thrilling, exciting Worldwide Family, but like to feel I am in Spirit & Truth. I'd really appreciate it if you could reply & would love to come across some good tapes. God bless & keep you." (Terry; England)

am quite keen to know more about your community. Hope you will write me back soon.
Yours faithfully. "(Ismail; Bahrain)

"I USED TO BE A MEMBER...from Jan. '71
-Sept. '75 when I left...in Basel. I guess you could say I was a weak brother, & the various

revolutions going on in the Family had the effect of purging me out. Perhaps it was for the best. I've gotten some Letters in Bern, either by buying them or finding them. I guess it's been a long time, but do you think you could maybe send me some of the more important Letters which have come out since then? I guess you could only send GP Letters, but maybe you could only send GP Letters, but maybe you could at least shortly tell me what changes the Family has gone through in the last years, where the emphasis is now, methods, etc. I didn't leave. because I grew to hate God or something like that, but because I just felt I didn't belong. With so many disagreements with accepted dogma, you may wonder why I still want the Letters. Well, it's unmistakeably God's Spirit speaking through those Letters (at least most of them) & they are a real source of inspiration. Please send some of the Letters from the last few years. I would just like to keep in contact. It's getting near the End, & I think even contact through the mail is better than nothing. Sincerely."

"SINCE LEAVING THE FAMILY IN '76,
I have travelled quite a bit in Britain. In July
'80 I was walking through the center of Glasgov
& met some Family members. I gave them my
address & told them any time they were on a
faith trip, they could come & stay with me.
One of the members wrote to me from Glasgow
& sent 2 pamphlets. I wrote back explaining
where I was at with God. That was just over a
year ago now. It is now 5 days ago, I received
a letter & 2 pamphlets...& from this letter God
sit telling me to forsake all & join the Family
again. But this time when I join, it is for good
—for eternity—because I know from studying
the Bible that the Family are the only Christians on the face of planet Earth, that I know
of, that do what the Bible says 100%. Love."

afford. Can you help?" (Abel; New York)

"I RECENTLY SAW ONE OF YOUR TRUE KOMIX & found it interesting. In it you were advocating love as being the answer to the World's problems. This would be a wonderful situation, that everyone loves one another, throughout the World, & money now spent on 'defense' weapons was spent on food production. However, I am not so sure that all this could be acheived through God. I try to love people, by showing kindness & friendliness to them, but why does religion have to be involved? I don't know your feelings on sexual feelings, but I do have trouble expressing myself in that direction, but that is possibly another way the World could become a happier place. If people were not restricted in their minds to stay faithful & only have one sexual partner. By the way I am in my late twenties & single-perhaps I would not be if I had met girls like the ones in your booklet, —they are beautifully drawn! I do have an open mind on most matters (you have less arguments that way), so I would be grateful if you could send some more details of your organisation. Yours faithfully." (Graham: England)

"A FEW YEARS AGO I WALKED THROUGH THE CENTER OF TOWN, & was approached by a girl from Switzerland whose name was Maria. She only spoke English & wanted to say something about the love of Jesus, but because I had a lot of trouble expressing myself in English at the time, not much came from our conversation. She then gave me a pamphlet, 'It's So Simple' by Father David, & gave me a contact address somewhere. I never thought about it again, but yesterday when cleaning up some documents, I found the pamphlet again. I would like to find out more about it now. Can you give me some more information, now. Can you give me some more information, preferably written, or eventually an address somewhere here in the north of Holland? With friendly greetings." (Piet: Holland)

"BELOVED FATHER DAVID, ILY! I have gone through a few of your books, namely 'The Holy War' & 'Our Declaration of Love'. I am very much impressed after reading the 'Declaration of Love'. I am here without love. My heart aches for love. Save my soul quickly, otherwise I will die. Take my love & give me love. I am mad of loving. Waiting very eagerly for your reply." (A.K.; Mid East)

"PLEASE SEND ME MORE OF YOUR LEAFLETS FROM TRUE KOMIX. I will be very grateful. Thank you very much indeed. Have you got a leaflet like 'Life After Death' or 'Escape'? Please send me both. Thank you Best regards." (M.S.; England)

& I must if at all possible find this out, is what
exactly is the author trying to say. I myself
have come across 'seven' in multitudes of
writings & would very much like to compare
notes. So to conclude, if by chance, which I'm
sure would not be chance at all, you could
send me the author's name & address so that
I may further this question more directly, I
would be very thankful. P.S.: I would like to

THE LORD PROVIDES VIDEO & OPEN DOOR TO CHINA THRU'ES FISH: By Lamb, Asia:

I WOULD LIKE TO SHARE HOW THE LORD OPENED THE DOOR TO GO TO CHINA & how He supplied a beautiful brand new video & camera plus accessories. When on an ES date I met an Arab diplomat. Straight away we really made contact in the Spirit & he really fell in love with Jesus in me.

WHEN I ES, I REALLY TRY TO BE AS UNPROFESSIONAL AS POSS-IBLE, & on this date I was even more so, as the day be-fore we heard that the police were investigating foreign girls working for the agencies

SO WHEN MY FRIEND ASKED

ABOUT THE TIP, I told him not to worry about that. He was very touched & he told me that I was the lat girl ever to say that to him: He said, "You are so different!" Hallelujah!--& he gave me an extra generous gift.

I MUST ADD THIS IS ACCORDING
TO MY PERSONAL FAITH, & how I
personally—as much as the
situation allows—like to ES.
Also, he asked me if I needed anything.

SO, I ASKED HIM FOR A VIDEO CAMERA! He wrote me 2 letters express, then he called me & arranged for me to go see the company. TTL for the Letters so I had an idea of what they were talking about!

THEN MY FRIEND MAILED ME A FIRST CLASS TICKET TO PEKING,

where I was able to spend about 10 days! It was really exciting! My contact was limited, as I my contact was limited, as I nearly always had a driver & interpreter with me when I went out. They were very sweet & shared a lot about China.

PEKING RIGHT NOW IS BUILDING MANY HOTELS TO COPE WITH ALL THE FOREIGNERS COMING FOR BUSINESS, so there is plenty of cover for

is plenty of cover for discreet witnessing, & for making contacts.

WHILE T JESUS! He THERE MY FRIEND RECEIVED JESUS! He is a very precious with a real giving heart.

ith a real giving near wifth a real giving near wifth and & Maria! We just ouldn't have anything if it eren't for you! GB&KY, Lamb weren't for you!

uld be more leaning to this type of situation:)

"Going Underground" No.750:5,7,9,10 --"Normally, you go around & see the sights all day or go out for a great time at night & see the best shows & everything, & finally wind up back in bed at his hotel room at 2 or 3 in the morning. And if you could do it for the Lord, it's not only a good living but a good witness!. They act as respectable escorts for visitors & tourists & travelling businessmen, the loners & the strangers who don't know their way around a strange city. You take them around town, go to dinner & the shows with them-6 to bed with them if you want!--And you don't always nave to go to bed with them-a lot of girls get away without it!...i tried a girl escort service once, & it was a very pleasant evening! 2. Notives for ESing:

"Little Dog Dream" No. 535:All esp. Par. 35: "You can sure get sidetracked on the FFing if you don't look out! When we hear that many of our top leaders are getting so involved in FFing, we wonder when the administration is getting done--when the overseeing of all their flocks is being taken care of. You wonder that, because we know how much time it took when we started FFing every night. It takes a lot of time a thom how much time it took when we started FFing every night. It takes a lot of time a two possible is novolved in something like that that they don't have time to do their other jobs. "This ought ye to have done a not to have left the other undone." (***A*3***2**)

Par 36: And another thing, you know how often some of these gals get sidetracked a try to see how many men they can get in bed instead of how many men they can actually win to the lord. And we heard of one top leader who for awhile was trying to see how many men she could get in bed, a different one every night, instead of really winning 'em. Well, we did that a few times in the experimental stages at the beginning, but we've learned that this is not usually very profitable. Some are upt to get sidetracked with the fun A the rides & the pleasures (& the money?) of FFing & to forget what they're doing it for par. 54."...they go after the good fish, & the kind of fish they know that count. & the kind of fish they want, & they plan on takin' 'em home & eat'n 'em!...Not just think wabout how many fish they can catch, & throwin' 'em back in again' par. 74-"...we're fishing to catch men...totally into the Family, & not just see how many you can hook in one night or how many gusy you can go to bed with to make 'em temporarily happy. par. 75- These one-night stands or this overnighting is not all that profitable unless you really witness to them the Mord & really win to the l

"Soing Underground" No. 750; 8 "But I certainly wouldn't want you girls to get mixed up with some of those tough thugs, pimps, racketeers, gunmen & organised vice!..Don't (About the need to pray about the spirit & people behind the agency the girls are extort fines & cheat the girls, it them in a rigid contract & one girl even heard the extort fines & cheat the girls, it them in a rigid contract & one girl even heard the owner threatening a girl who stepped out of line!)

In "Island Secret"it's brought out about not wanting to offend the government of the country (where the girls had found a fruitful ES ministry) concerning litnessing & witnessing, but it could also apply to too much ESing in our case, esp. because of the recent publicity that mentioned our ES ministry & the investigations & that the authorities have their eye on our activities, that it could jeapordise our work with other types of litnessing, witnessing & ministries of the Word.

4. <u>JESUS SAID</u>: Mt.6:19-34 about living by faith and Heb. 13:5 Let your conversation be without covetousness & be content with such things as ye have, for he hath said, I will never leave thee nor forsake thee.

5. Dad is also concerned with the <u>terminology</u> we use \$ Folks here have been offended by some of the ESers language 5 manner of talking about their FFing through ES agencies. "Fellowship Revolution" par. 105 (about eliminating wrong terminology & using sumething the Fanily could understand & that means something to us.)

For example: When discussing ES experiences are we using words like: a job or a date?, a guy or a fish?, \$ and \$\ell\$ or God's supply?, hours & minutes spent or what witness took place?

Thank You, Lord! I love the ES ministry, & all the girls who have tried it have found it very exciting & inspiring most of the time, esp. when going out to really witness & because some real miracles have taken place & souls won, & long-time fish & friends are still in contact with us. I love the ES girls & know their sacrifice in a very & a help in finding a balance & a temperance in this area that seems right to all, or as many as possible! We'd very much like to hear more counsel from the top, DV!

Lots of love, Ruthie What more can we say than to you we have said? Read the FF lotters!

The Blessings of ES'ing!

From Deborah; S.E.Asta:

I'm still thanking the Lord for such a revitalizing experience! Esing is such a blessing! I'd like to share some testimonies & my feelings on the subject.

It was almost exactly one year since I'd gone out on any dates for the escort agencies. I was a big 4 month 96 when I stopped & had not felt it was the Lord's will to leave the baby for so many hours at a time (as ES work called for) until she was 7 months old, mainly because she is not an easy-going baby. Needless to say when the Lord showed me it was time to get back to that fruitful ministry. I was about ready to explode! And that's exactly what happened.

Michael, Samaria & I rented a large room in a relatively cheap hotel for ourselves & our 2 year old & 2 babies. 6 & 7 months old. We then called in to the Agency which had proved to be the busiest, but also let our friend in the friendliest one know me might be available. (She's really sweet 3 has gotten saved, but isn't an especially good business woman!)

Here are 3 reasons why the one is so busy:

1. They offer 24 hour service-in fact, most of nur dates began after mindight when our friend in the Other agency usually stopped answering the phone!

2. They follow up-call the guys back the next night & offer more girls!

3. The agency fee is partly based on the length of time the girl will be with him. Therefore they don't have to wine & dine the girls if all they want is a little loving.

Since our time in this expensive city was limited & because we are both mothers.

Since our time in this expensive city was limited & because we are both mothers of small babies, we really wanted to make the best use of our time.

On our first night out, the Lord tested us to see if our hearts were right-

dates is that the men are usually already unwound from the business of the day & have their guards down-all they are expecting is a simple little girl to make them feel good & maybe some light conversation before they fall asleep. The big (& little) fish are all worn out after a tough fight with someone else (the System) that day & are much easier to catch! PTL!

These agencies are such a blessing. Someone else is working fulltime to arrange for you to meet with all these precious souls! Also, the men are obviously willing to help out financially or they wouldn't call! TVJ! The Lord really blessed us with funds to continue in His work on this, our field of SEA! PS!

"You're the only face He's got! Your body is the vehicle that His Spirit is travelling in & your tongue is the instrument that gives them the truth. We have to show it in the flesh to illustrate it in the Spirit! The Lord wants us to practice & demonstrate our love. I will show you my faith by my works. The works are the visible realm. The only love of God they can see is the love they see in you."

The Good Fruit of FF'ing

A laving letter of gratitude from a

Dearest Family,

From Judy; S.America;

HERE ARE SOME EXCERPTS FROM A LETTER FROM A FISH which I received several nths after FFing him, after not hearing a thing from him:

"AS YOU SHOWED ME SO MUCH OF HIS LOVE & WERE SO PATIENT WITH ME, I writ tell you I have at last humbly prayed sincerely for Jesus to come into heart. 14

AS YOU CAN IMAGINE, I HAD SUNK TO THE LOWEST DEPTHS OF DESPONDENCY AND DESPAIR. I felt so alone, unloved and no longer cared if I lived or died. I suffered this emptiness for a long time and then I found one of your leaflets, "The Holy War". God put your image into my mind and I read the pamphlet in a new light and suddenly everything became much clearer. My thoughts centered around you and your way of showing God's Love. \$ 300

I HAD NOWHERE ELSE TO TURN SO I TURNED TO JESUS, as you had taught me. I prayed to Jesus and asked Him into my heart, asking him to forgive my sins and guide me in His light, to make me worthy of His Love and to help me to show His Love to others. Naturally I felt relieved of my burden as I put my whole trust in Him.

I AM WRITING TO THANK YOU FOR ALL THE LOYE AND HELP YOU HAVE SHOWN TO ME. Even a beautiful word like love cannot fully describe how deep is my gratitude! Now filled with God's Love I want to share and give this Love to others! To serve our Lord by serving others. Please teach me more of His Love and teach me the ways of our Lord. Please write soon!"

what were our motives? Nere we just in it for the money? Sanaris & I were called to go on a double date with a couple of rude ren. We soon agreed by means of eye signals that it wasn't the Lord's will for us to spend time with them no matter what the price. They were alternately being beligerent & pushy & them trying to force us with money to stay. Thank God, the Lord worked it out. The rich, rather insbriated boss had tried especially hard to convince Samaria not to go, by putting a lot of money in her hand & trying to persuade her with his "chamms" but it was clearly not the Lord's will & money was not our primary motive for being there! Still, this was not the most inspiring way to begin our week! But we were trusting the Lord that we were following him & He blessed it. 1731

Our second night we were called to go on a massage assignment. These young Filipinos (we were douing there since we couldn't give a professional massage Soon they caught on & in the end. I think they were quite satisfied with this unusual "massage" we gave, but I know they were satisfied with the message. The Messian! Both got saved! TVJ!

This sweet soul (an American!) was so thankful for the love (though he, too, really only wanted a massage to help him go to sleep.) He was suffering from jet-lag after having just flown some 20 odd hours from Boston. The Lord used his discomfort due to this ungody neans of travel to reach him with the witness-beginning with he receive Jesus, though he had prev

om Cassandra, Jakarta: GBY&GIJNI I wanted to write about the Escort work in Ausabout the Escort work in Australia & Sydney in particular. With every guy I saw (I worked for over 1½ years) I was able to spend a minimum of 2 hrs. with him and during this time was able to witness to him to the point of making him mad, or slad! or glad!

I TRINK THE BIGGEST TRAP YOU FALL INTO IN THE BEGINNING was being afraid of the Name of being afraid of the Name of Jesus. But once over that hump it's just amazing the results you get. PTL: Now I never fail to ask if he believes in Jesus, if not why and heavily witness. THIS PAST 2 MONTHS OVER TEN SOULS WERE SAVED and I only wen out about 12 times. I met so

Usually before the night would start, we'd pray specifically for sheepy calls and He never failed. The ones who called were always so needy.

ALSO WITH ESCORT WORK YOU DON'T HAVE TO MAKE LOVE TO THEM as you're getting paid for your time, not making love. But I have never (with one exception) met someone who the Lord didn't really break my Lord didn't really break my heart for because of how lone-ly and desperate he was. I might be a pushover but I think even the fact that they are willing to pay 190 for a couple of hours is a sign in

AS A MOTHER OF 4 I KNOW ESCORTING WAS A REAL ANSWER TO PRATER as so many times going out fishing you meet so many cat fish who expect so much & time is so precious. If the evening flunked out you feel really down about it.

"My Jesus Girls!" by Sir John

Sir John, long time friend & faithful supporter of the Family, GBH!

1301 of the Family, GBHI

(Note: This is a little article that I received from my first fish, met 6 yrs. ago in Marseille, who then received the Lord & read a lot of Family in material & remeined a good friend of the Family & a supporter all these yeers, GBHI He is an old English aristocrat, founder of the Green Cross after the wer, personal fidend of top government figures in France,—a real crazy cruseder who loves our sisters & makes sure he meets one everywhere he goes. He even got the idea to make a child to one, so part of his "seed" could be raised in the Family, as he sees how happy & fulfilled our children are!—Marienne.)

"THEY DIFFER GREATLY IN APPEARANCE, TEMPERAMENT & ORIGINS, BUT THEY ALL HAVE JESUS IN COMMON. Friendly faces, a loving smile, attractive features, extraordinary gentleness, radiating eyes, total honesty, beautiful & usually long hair, such are the Jesus girls with whom I have been sharing part of my life for the past five years. NOW TO THE POET SUCH SEEMINGLY UNREAL HUMAN BEINGS will naturally impart endless inspiration & endless desire for sharing affection in a mortal World made timeless by the faith, the charm & the genuine physical dedication of these young women. TO THE MAN OF THE WORLD, TO THE TIRELESS TRAVELLER, TO THE AGELESS CRUSADER, our planet is full of mar-

veis but equally so, full of calamities because the human race by nature is its own worst enemy, mankind ignoring wiser counsels.

HOWEVER MUCH A PERSON CAN BE IN LOVE WITH LOVE, however much peace of mind may invade the spirit of a soldier, the poet or the artist experiences these Jesus girls with a noble heart & an ardent body because he generously receives from them a wonderful combination of Christ-inspired soul-and-body realtionship.

WHY, YOU MAY ASK, IS LOVEMAKING WITH THE JESUS GIRLS THE HIGHEST FORM OF PHYSICAL & SPIRITUAL HAPPINESS? How comes that, however lasting or fleeting our communications with the Jesus girls may be, they make an unforgettable impression on our hearts & minds? I am by now convinced that the simple answer is that they have Jesus in their hearts. Which explains everything.

THE WORLD'S GREATEST POETS NEED, BUT OFTEN LACK, THIS CHRISTIAN FAITH. O English Shakespeare, why is your prince Hamlet so full of cruel revenge? O German Goethe, why is your Faust so full of bitter doubt?

MANY WORTHY FRIENDS OF MINE HAVE BEEN UNABLE TO UNDERSTAND my enthusiastic attempts to explain the way of life of the Children of Love to them. Power at times makes people indifferent to others. Some faithless freinds, by which I mean people who sincerely think that God does not exist, exclude things spiritual, and for this reason do not seem to require the company of Jesus girls. Inspired & impressed by my Jesus girls, I am not a saint & I am not destined to become one. Nor am I a hero regardless of my service to King & Country. I am not even capable of expressing my faith by means of prayers as are doing the Jesus girls, because although my heart is a willing believer, God has given me a rational intelligence. So many Jesus girls are praying on my behalf.

WONDERFUL JESUS GIRLS, LET ME THANK YOU for understanding me so well & for wishing to radiate everlasting love with the help of your glorious Master & King Jesus

WOMEN, because my Jesus girls are like the love priestesses of ancient Greece, but with a Christian soul. To a certain extent, like the nuns of Christ or Mary in dedicated convents, my Jesus girls are married to Jesus, but with the essential difference of having not only pure hearts but also loving bodics.

YES, I APPRECIATE YOUR HEART-LIFT-ING MOTIVATIONS WITHIN YOUR COMMUNITY as well as your keen missionary spirit throughout the World. I also know of the pioneering spirits of your brothers. Time & time

Christ. Thanks to you, I am a much happier person now. Never mind if others will not or do not understand. Allow me to explain to them on your behalf that the purity of your faith is like the clear water from the mountain, and that even to those who have no faith, your love is like a soothing balm on a burning wound.

MANY JESUS GIRLS ARE BEAUTIFUL IN MIND & IN BODY, many laye children of love by the grace of God, many sing & dance as do their children. It may well be the beginning of a new & cheerful generation of Christians in a restless & often dangerous World. All of them are either young or ageless.

THE PHILOSOPHER IS CONFRONTED WITH A NEW & ORIGINAL TYPE OF YOUNG WOMEN, because my Jesus girls are like the love priestesses of ancient Greece, but with a Christian soul. To a certain extent, like the nusof Christ or Mary in dedicated convents, my Jesus girls are married to Jesus, but with the essential difference of having not only pure hearts but also loving bodies.

YES, I APPRECIATE YOUR HEART-LIFT-ING MOTIVATIONS WITHIN YOUR COMMUNITY as well as your keen missionary spirit throughout the World. I also know of the pioneering spirits of your brothers. Time & time

Greek Gypsies Remember The Story Of Abrahim!

From Peter Black; MWM in Greece:

GBY! ILY! 1JUST WROTE YOU YESTERCouple of months ago on a Greek island named
Andreos, near here. Topaz, Anothox & our
kids & I were out on a weekend faith trip,
singing & witnessing, Some of the places for
singing were a bit spread out, so I went ahead
to scout out singing spots.
I CAME UPON A GYPSY CAMP & as I'm
always drawn to speak with them when I encounter them, I went over & talked with them
in Greek. They were very friendly & we talked
& talked while the older Papa was making
baskets to sell, when I thought I heard him
say something about Abrahim.
SO I SAID. "DO YOU KNOW ABRAHIM?",
& he said, "Abrahim, yes!" I said, "Yes,
Abrahim the gypsy", & you should've seen
the look on his face as he almost dropped his
basket! I started telling the story of how

Abrahim's head was cut off by the Turks & he added, "Yes, they came on horses", & how Abrahim was singing & drinking—which went right along with the Abrahim story, PTL.

THEN I KNELT DOWN & WROTE "THE YEAR 1200" IN THE DIRT & the old gypsy was just amazed. We were both quite flipped in the Spirit! He then called his whole family & told the whole story again. When he heard that I had a family there he invited us all to dinner, which I couldn't accept, but that is the story. I thought it might be inspiring to you! Oh yes, he said he was from Turkey himself when younger. (Hallelujah!) Lord bless & keep you!

From Stephanas; USA:

"Something very special happened to me this weekend! A large gap in my soul has been filled... This is wonderful & fearful at the same time. I know I cannot go on living the life I do now, or have in the past. It feels so meaningless. The thought of living my entire life working my job, taking care of my home & isolating myself from what I know could exist really gives me a sad feeling...

Since I have been home I have been reading the Bible with such hunger, it is no longer an effort! Every free moment I get I'm zapping it off the shelf. I just want to learn a catch up I suppose on all that I was blind to see. It has helped answer some of the million a one questions I have. Prayer has also become enjoyable sincere a faithful unlike before.... I want to follow the direction He has chosen. I want to serve Him. It seems I ask so much of Him a He gives so much to me. He gave me the most special gift there is this weekend. It's been so long since I have been able to laugh a feel happiness as I did this past weekend! Since I have been home I

with the children, and they have had their ups and downs. Nevertheless, they are inspired and progressing well, especially with all the recent children's tapes from MMM and MCV.

During the past year we have been singing with the boys at various restaurants on a regular basis with inspiring results.

Recently, we made an all out attack on schools, orphanages, and old folks homes, winning nearly 400 souls. It's wonderful what a little love through the music can do. Directors of orphanages have commented that they have never seen their children so happy and inspired, and have heartily encouraged us to return.

At an old folks home many of the elderly were moved to tears of Joy in seeing our sample of love and freedom. Several joined in along with the children in dancing to the Lord's music. They begged us to return, and we have since then when Simon led several souls to the Lord.

LESSONS OF FAITH & DEPENDENCE ON GOD FOR HEALING! From Martha Wildwind, Ven.:

WE WERE NEWLY ARRIVED HERE IN S.A. FROM EUROPE, when our little 10 mo. old Jonathan came down with a high fever. We had desperate prayer & a fast day for him & some other children sick in the home.

AFTER A FEW DAYS, THE FEVER started cozing a yellowish gpuss! That's when I got some mild penicillin & started to give it to him as we were told that the infection he had was very hard to set rid of

very hard to get rid of.

WELL, WHEN THE BOTTLE WAS
FINISHED & THERE WAS NO CHANGE,
in fact, it had gotten worse,
I started to really pray &
seek the Lord & ask him why.

WELL, THE LORD IS FAITHFUL TO ANSWER when we ask Him with He told me: "Let us remind you, however, that we who know the Lord & His healing power, if we fail to pray & be dependent on Rim in every respect, then we shouldn't be surprised if all our other 'remedies' fail.

our other 'remedies' fail.

"HE UNDOUBTEDLY WANTS US TO
REMEMBER THAT WITHOUT HIM WE
CAN DO NOTHING. Our only hope

as His children lies in our faith in Him & our dependence upon Bim." (Techi's Story,

chapter 10:65)

THEN OUR LITTLE JONATHAN GOT
ANOTHER FEVER WHICH WAS EVEN
WORSE THAN BEFORE, over 40 degrees & I gave him a little
aspirin. While he was sleeping I really prayed that the Lord would give me a verse to claim, & this verse spoke to me,"And ye shall serve the Lord your God, and he shall bless thy bread, and thy water; & I will take sickness away from the midst of thee." (Ex.23:25)

HALLELUJAHI PTLI So that is what I claimed & the next morning his fever was gone & his ear was dry, overnight! My hus band was so encouraged as he was trying to tell me the very same lesson, but it took a real desperation on my part to really see it. Praise Him! LLY! & all your little ones, (PTL!) LOVE AWOKE IN MY SOUL! -

GBY! We received this letter from a friend who Bethesda had witnessed to. She met him while litnessing & ne ended up staying the night with us. The next morning at his hotel there were two pilots waiting for him, as he was supposed to be no a plane headed for Northern Brazil, as he was a special engineer hired by an international company. But he was so happy he didn't even care he was late!

And the anazing thing was we received this letter during the Halvinas Mar, & Ian is English & Bethesda is Argentine, which shows God's Love can overcome any barrier!

—Shadrach

Dear Bethesda,

God bless you & thank you for writing,
my love. It was a beautiful letter &
touched my heart.

First of all, I would like to thank you
from the bottom of my heart for making my
first two days in Brazil one of the most
special two days in my life. I shall never
forget them as long as I live.

You gave me faith in myself & in the
Lord for the first time since my "innocent" childhood days & I must confessseeing the way that you & your family live

Lord for the first time since my "innocent" childhood days & I must confessseeing the way that you & your family live
in Brazil tempted me very much in leaving
Scotland & Idning you there to live the
same lifestyle as yourself.

The Daily Night book that you gave me
was greatly appreciated, far more than you
could magine; Reading the book everyday
has given me a totally different concept
to life. The Lord seens to be down by my
side whenever I am in stress, & in my Job
that is very often.

Bethesda, I miss you very much. I spend
the cold Scottish nights alone thinking of
you; you are so beautiful to me, "an angel
of the Lord". I shall never forget the
night that we sat on the sand, the only
two people on the beach. You would sing a
beautiful melody accompanied by the
enchanting background music of the sea, &
that night, love, you made me feel so
happy & proud in a way that I have never

felt before. That night God was looking down on us & smiling. I could teer it, I could feel His Love.
Remember the day which we

Remember the day which we parted; on the rocks of the beach I said, "Oh well, all good things must come to an end." No!" you replied, "God is good & Love is good. Neither of these can ever come to an end. Remember, love never fails because God is Love." Well, when those words came from your mouth, something inside me awakened from a very long sleep. Bod came back into my soul.

from your mouth, something inside me awakened from a very fong sleep. Bod came back into my soul.

I hope to visit you in June-July for a couple of weeks as I miss you very much.

You must come to the U.K. to visit me & stay for some time. Pope John Paul II is coming here so that is the time for you to come & visit me & we can fly back to Brazil together. I would like that very much for us to be together again to see the Pope, & maybe he can bless us.

The political situation in Britain is not as bad as you fear it to be. The only problem is, excuse me Eric (American husband) that the Americans are building many war bases in Britain so Britain will be the front line. But right now it is two old men arguing over what they believe in, Reagan & Breznev, & their shout is harder than their sting, thank God.

You will like Scotland & England very much; apart from the weather the scenery is Deautiful. Nyself, I prefer Brazil & your beloved company. I have already had a taste of Paradise.

Bethesda, I love you & hope to see you this Summer. Please write back very soon. We must keep in touch. Remember what you said, "Jesus is good & Love is good. Both can never come to an end." Hy love for you, Bethesda, will never come to an end. I miss you & I pray for you & your family always.

Find enclosed all my love & kisses & a love to your amounts.

always.
Find enclosed all my love & kisses & a Find enclosed all my hug to your young sons.

Lots of love, lan

Testimony of a Child Bride & Young Mother

"It's quite natural for children very young, as

BC Leremy & Fions with the youngest of their 7 children.
From Flona; MWM:
I would like to share with our worldwide
Family my testimony of being a child
bride and a young mother. It was very
different then than it is now being in
the Family & having this situation occur.
In our Pamily, it is a normal, natural
part of our lives and we should expect it.
In the system it's abnormal, looked down
upon & makes one's friends & relatives
ashamed of you. But now we're totally
free from system's opinions and we're
back to being like the days of the Bible
where children are a great blessing & you
have as many as you can.

have as many as you can.

I would like to share this especially for all our parents who have older children. As children love to share, when they're little they're very eager and it's great fun, but maybe when your daughter has her ist period you may not feel so nonchalant, maybe you will be a little concerned. There really is no reason for concern, as over the years with myself & my own children too, I found out that God really controls all these details & He nover gives us more than we can handle & actually it's quite natural for our children to have children very young, as it happenned to me.....

Jeremy & I were both brought up in a normal middle class home, we're both English & the English do tend to be rather reserved & Jeremy especially had rather a conservative type of home life. He had only one sister & his parents were very nice & very good typ people & they were not very free in mentioning sax or answering his questions. Often they got angry with him when he would tense or ask questions that he knew would upnet them. An he got into his teenage years, he started playing music & got into being a little more worldly-wise & into sex and music because he played in a band & went to many parties & met different types of people.

to many parties & met different types of people.

As for me, my parents gave me quite a lot of freedom. I had two older sisters but sex was never talked about in my home between my father and mother, & also they were not very affectionate towards one another. When my father died I was 13, & it seemed to make my mother more open towards me and about sex & she would answer my questions & the things that happened to her when she was young & also what she got up to with my father. Both Jermy & I went to the similar type of schools of England, Grammar School. He went to an all-girls chool. When I met him he had finished school & was working in an office. I was 14 years & he was 18. It was October, 1966. I had started for 6 months going to parties & usually every Gaturday night there was a party in town. I was to going to parties & usually every Gaturday night there was a party in town. I was to go to my trit "all-night party". I really didn't know what I was going to do all night, but it was more for the fun of it. I lived boys & I liked having a nice time and doing different things, but I was always usually quite careful. I met Jeremy at this all-night party in a big country house. He was stiting by the fireplace, listening to the records. He was very deep in thought, deeply lintening to the records being played, I think he was the one putting the records on. I went over to him, I sat on his knee & said, "You look very sad. I would like to mosy you happy!" He was a little surprised but very sweet & he said, "You coid dome back in 10 minutes." Being a Leo I was a little replace, in of instance, and in the of I just went away & I diin't come back, my pride was deeply hurt. However, dur-

ing the evening my friend went with him & they were on the couch together & I just went around talking with different people, kissing several boys etc. I stayed at some one's house that night & didn't really do anything because I was still a child in my sind, I had a normal system upbringing & even to my friends I was a little bit free. My inclination was mainly towards kissing and affection and a little petting and I never made love with anyone because I was a bit affaid because of my upbringing. I had masturbated often from about 9 years old & I really enjoyed it, but my mother never told me anything about sex & I had to find out a lot by myself.

After seeing Jeremy that night I saw him

A I really enjoyed it, but my mother never told me anything about sex & I had to find out a lot by myself.

After seeing Jeremy that night I saw him in town & at a few other parties I went to & he was always very sweet to me, but he was dating my friend & I didn't really mind because I knew I seemed very young for him, usually he went out with girls his own age & I was four years younger than him. I went away for Christmas to my relatives, and when I came home I found this Christmas card that had been posted thru my door signed by Jeremy, with a little picture of himself by his seignature. I thought, "That's really onice, wonder where he is." On New Year's Eve, a day after, he knocked on my door and asked me to go out with him. I asked "What about Mary?" He said, "We aren't going out together anymore." And I said, "Alright." So we went to this party together. Is we went we talked about the first time we'd met & he explained to me why he told me to come back in 10 minutes. It was because a girl hid been talking to him & seking him to go home with her, and he didn't want to offend her, as she was standing right there when I was talking to him. So that's why he asked me to come back later. Anyway, I was so thrilled to be out with him, he was such a gentlemn & we had a very sice evening together, kissing & petting & he asked if I would like to go out with him more, and I said, "Of course."

From then on we started dating every nicht & we were very close. He would

From then on we started dating every night & we were very close. He would come every evening to take me cut & I began to really lose interest in my school & I realised I really loved him & would literally do anything for him. After dating for awhile we finally made love at the age I was, I felt that it was a real commitment because I really loved

him. It was about Spring or Summer 1967, while he was playing in his band, & as they say, "got discovered." Peter Greene asked him to make up this band, "The Fleetwood Mac", and he agreed. We would see each other every 2 weeks or mouth, & this did seem like a testing time. I finally went to stay with him in London, telling my mother I was staying at Peter Greene's parents' house, LHM1 Jeremy had a little bed-sitter, & I stayed with him for about one week. This must have been the time that I got pregnant but I wasn't wance of it at the time. School was becoming worse and worse, I just wanted to be with Jeremy. I missed my first period, then my second period, & it dawned on me that maybe I was pregnant. I was very healthy, I was doing school gymmatics, swimming, everything in the curriculum, not feeling tired, but my breasts were getting huge. I realized I was pregnant. I decided to try to go to my dooter to be checked, but he would not do it without my mother's consent. During this time Jeremy was coming back and forth from London & we discussed it & I guess we were a little scared because of our parents, our age, and sverything, but we had no question in our minds about our devotion to one another. We finally realized we had to tell our parents. First, I told my mother, then Jeremy told his. My

mother, at first, was upset, but then realised there was nothing she could do about it. Jereny & I had spent a lot of time together & when he was in town he would stay at my house up til 3-4:00 in the morning & then leave, but my mother would always go to bed & leave us downstairs & we were always making love, some times 3-5 times a day! When I told my mother I was PG, she said, "I might have known. What are we going to do?" So we went to the doctor & he confirmed it-dor 5 months, & he asked my mother if she wanted it terminated. At first she said, "Yes", then she ssid, "Lord forgive met" I told her I wanted the baby & I wanted to go and live with Jereny in London. I was just 15 & this type of thing was unheard of, but she considered it agreed that I could live at home with her until the baby was born & then we would see.

Jeremy's parents were a little more out-

was unheard to, but she considered it a agreed that I could live at home with her until the baby was born & then we would see.

Jeremy's parents were a little more outraged & maybe they felt more responsibility because I was only 15 and under legal age. Jeremy could have been put in prison by my mother if she had warted to press charges because I was under legal age. Nevertheless, God gets His greatest victories out of seeming defeats & this was really the only way that could ever have made our parents realize that our relationship was serious enough for marriage. I was a little concerned myself & wondered why. Being a Christian, I prayed & I asked the bord why this was happening & He gave me the very simple answer that it was the only way our parents would take us seriously & be prepared to let us marry. At first my mother did not want se to see Jeremy arymore, but when I showed how much this hurt she agreed that he could come and visit me & his parents also agreed. The band he was in was starting to do well & he was very busy & whenever he was close to the town we lived in I would go with him to his bookings and be there with him. The rest of the band did not know how old I was & one of them asked, "Well, why don't you marry her if she's pregnant?" Jeremy replied, "She's too young." I was too young to get legally married, yet here I was pregnant! I finished school, I walked out, I couldn't take it any longer, it was a joks & I was a scandal in my town. My family doctor, I believe, didn't really want to take care of me during the pregnancy, so gave the excuse of, "because I was so young & a small person, to have professional care in Birmingham' almost

Well, although it was a bit of a scandal,
my mother was very good & a very great
help in some ways. She took very good
care of ms & whenever Jeremy was in town
he was able to see ms & we still made
love, though she didn't know. I had a
very healthy pregnancy, I didn't know
anything, but went to this special hoe pital on the appointed times & I was doing
well, no problems, & my due date was
coming up. Meanwhile, Jeremy was visiting every time he was in the vicinity &
I would go with him on his bookings. I
went to one booking already overdue &
the next morning I woks up in labour. I
told my mother I thought I was in labour
& she was all nervous, but I told her,
"It's OK, I'm alright. I'll wash up &
get ready, pack everything." And Jeremy's father was to drive ms to the hospital which was 20 miles away, but I had
quite a pasce & it was really exciting.
I had had no preparation, no excercise
classes, because the hospital was so far
away that it wasn't possible for me to
steand.
I arrived at the hospital and had quite
a cormal lone first labour. 12 hours.

a arrived at the hospital and had quite a normal long first labour, 12 hours. It came to a certain point that I didn't really know what to do because I had had no preparation classes so I asked the

nurse to help me cope & she showed me how to breaths. Jaremy's mother had come to wisit me & was very nervous & I was in hard labour at the time. Mhen I entered the hospidal I went into the labour ward & heard this woman soreaning. I thought, "Lord help me not to do that." The labour got really hard and I was determined not to get out of control & held on to the top of my hospital had during my contractions. Then this nurse showed me how to breathe & this really relieved a lot. Jaremy at this time was busy playing in another city in England & so he was not able to be there. The delivery went very well, the beby was small, but very healthy. I tore a lot, I believe besause of lank of premartion, & the stitching up was quite painful! The next day Joremy came to see me in the hospital & our marents were quite happy & the doctors were very happy with me. This professor who was supposed to be over me I never actually saw until after I had had the beby. When I met him in the hospital, pushing Dison, the baby, around, he said, "(h, you're our youngest patient & I hear, the best' So our parents were very happy with him new little life & really wanted un to get until I was If years old. Bloom was born in June & I was If in August. So Jersem's parents went on the attack to errange our marriage. We got married in a little country church with just Jeremy's parents, my mother, Jeremy's sister, Jeremy & I my sister was babysitting! We then went to London to live in a little bedsitter, very amall but very cosy. my's parents, my mother, Jeremy's stater, Jeremy & I - my sister was babysitting! We then went to London to live in a little bedsitter, very small but very coay. We were very happy, no problems once we were away from our parents. It seemed a natural thing to me to have a baby, aithough I had mever held one in my whole life! In fact, in the hospital they didn't want me to breast feed because they thought I was too young, and I had to insist on it. Nevertheless, I did manage, not for very long, but I managed for some time. We continued to live in London with Dicon who was a very good beby, very good toddler; but alsa (according to the systam's standard) I got prognant again! What were we going to do? I was only 16 and pregnant for the second time! But Jeremy was so sweet. I went to the looter & Be confirmed it, and I went home & Jeremy said, "It's siright. Another baby's fine." Well, the second birth was easier than the firet, so fast & easy, & the doctor that

was helping me at the time told me how healthy & good it was for a girl my age (17) to have a beby, and how it helps stop breast concer & other things. At this time I had a relationship with the Lord & Men I went into the hospital I took a New Testament & a nice pictograph of Jeremy. Jeremy was away at that time in Sweden, the band was doing very well getting very popular.

in Sweden, the band was doing very well, getting wery popelar.

When Bicon was 6 months old I went to America with Jeremy & Bicon on a tour that bands take to different cities. About all it is is hotels & airplanes & people. Jeremy wanted me to go, so I went with Dicon, and I learned a lot! Sometimes we would be in places where it was minus Ic below zero with the winds & everything & we couldn't get out of the hotel room to buy happies or anything for the baby, so I learned how to survive in that way with him & he was a very good baby. I was the only person in that sphere of life that had a child and was so young. It even shooked the members of the band. They thought that Jeremy was a bit irresponsible! At that time too we got into drugs, when I was 15-15 while touring America, into smoking dope & ISD too. It was an experience for a while but became a dead-ond street.

We finally moved out of little apart—

but became a dead-ond street.

We finally moved out of little spartments, bed-eitters, & terrible London life, into this big house in the country elong with other members of the band. Dicon was 2 years old, Reidi was 6 months It was nice to be out of the city, but there were other problems, feeling alone & feeling like I wasn't doing anything worthwhile. Thru having children, going thru the pregnancy & labour, being alone a lot, I was drawing closer to the Lord. I prayed & asked the Lord to help me do a work for Him. At that time, in that situation, it seemed a little &r away, but I kept praying, asking, & believing that the Lord would work things out.

During that time, Jeremy met the Family &

that the Lord would work things out.

During that time, Jeremy met the Family & I joined him after 2 weekel We have been living & working for the Lord in the Family, doing different thinge & being in different places, for IL years. Now our children are grown & we have more! Dicon in now 13½, Heidli is 12, & we have a total of 7 children. The Lord's teaching us all the time with the children and their needs, spritual, mental, physical, & sexual needs. Dicon at 13 years old is almost a man, desiring his own wife, him

Jermy & Flore & their 7 "upper-dupers"
helping to change the World through their music
at WMN we do have a lot of fellowship, a
lot of sharing, & the children are very
fortunate to be able to partake of this.
As I said before, it's easy for our little ones to chare & stay with one another, even make love if they can, they're
all asmall and they can manage it. But
when they get lo, 11, 12, & on, our
children like to share with the adults.
I found some adults in our Family are
very helpful, very loving, & very patient
towards our children, & will take time to
really help them & love them & even teach
them. In fact, I haven't really heard of
a bad experience in our Family with our
children sharing. I have talked a lot
with the children about my own tentimony
and I treat them as adults, because, although it was a long time ago when I was
their age, 12-13, I would have loved to
have been in the situation we are now.
I feel that almost all of our Family, the
brethren are really understanding, very
gentle, very loving, & there in no need
to fear for the children, & they should
be really free to love and share with

the other brethren just as we do. When they have aparm, when they start their period, that's the testing time, how much do you trust the Lord, how much do you trust the Lord, how much do you believe His gromines, His blessings, etc? Being worried like our parents, the older generation are watching us, their grand-parents; or not caring, only wanting to flow with the spirit, with this love, thelping the children to be really free, if a helping them to bring forth fruit!

helping the children to be really free, at helping them to bring forth fruit!

I fuel that the best thing for our older children is to be kept busy in the Lord's work. Kine are usually recording, singing, helping with drame parts, or witnessing, had if they are not busy with this, then they carry a large load at home with their younger brothers and surters or helping around camp on seal prep, dishes, and Dicon helps in the school with the younger brothers and surters on helping around camp on seal prep, dishes, send Dicon helps in the school with the younger nothiren teaching thes. Dicon no losses needs much schooling & can help to teach the younger ones, & works on the KP newsletter & scripts & types them up. W: try to have him use has talents for the Lord's work. His study time is only for flod's Word, but he will sometime pick up a book, which I do allow if it's free time & he's read the kord first. Reldi still does a little school work to catch up, but her ministries of recording & witnessing do come first. She is a good little mother & loves little projects to do at home when the's free. I do not believe children of this age need playtime as children, but rather freetime as the abults.

They do tend to get moody & sensitive

They do tend to get mody A sensitive sometimes but this usually happens when they are not buny. I try to encourage them to be as adults and don't allow much adolescent bad behavior.

People say thenege years are the diffi-oult years, but I never had much prob-lems myself because I was married & a mother at a young age and had plenty to do & keep me occupied. Even more so for our children who are busy all the time & don't really go thru much of an adoles-cent stage.

God bless jou. I hope this is some help in the training of our children. There's not long!

not long.

I'VE LECTURED AT CLASSES FOR PROSPECTIVE PARENTS sharing my birth testimony of how the Lord brought Michael into this World & how important the Lord is in the birthing experience. I've used the Letters in my teaching also, which is great!

"FOOD OR POISON?" IS USED IN MY CLASS ON NUTRITION as well as the letter on "The Health Revolution". I also use the let-

Revolution". I also use the let-ter (True Komix) "The Name of Jesus!" and True Komix "Tender-ly Gather Them In." The latter is a great witness for post de-livery care and responsibility toward their children.

THANK GOD FOR THESE BEAUTI-FUL NEW TRUE KOMIX &GB THE AR-TISTS! The True Komix "Jesus" Babies" is also important to fronted by a lot of couples re-garding birth control & abortion --we just let the letter speak

that Michael can always be with us as he helps new parents to get used to children.

THROUGH MY WITNESSING I'VE GAINED THE SUPPORT OF TWO DOCTORS. Also recently I've been blessed with a meeting with Dr. Glenn Doman, author of "How To Teach Your Baby To Read". He was very inspiring as to my efforts

k concern for our children. He

& concern for our children. He is a very loving man, GBH!

I'VE ALSO MET & WITNESSED TO

JANE FONDA, actress & mother.

She was excited about the fact that I can incorporate my family & "religion" into my work (I counsel only people who need the help but can't afford to pay). She runs an exercise clinic for mothers & babies post-partum. She was very sweet post-partum. She was very sweet is very concerned about good & is very concerned about good know we can trust in Him! Happy New Brother Mohammed with Elizabeth & Grace

By Grace Crusader:

ONE DAY WHILE OUT LITNESSING I MET HORAMMED FROM SUDAN. I witnessed to him for a while & before leaving he showed me where he lived as it was nearby

& invited me to come by.
THE FOLLOWING DAY I WAS
GOING OUT BUT OUR STROLLER BROKE COMPLETELY. Since we could not go out litnessing, I decided to take Elizabeth, my little daughter & go & visit Mohammed.

I SPENT ABOUT 1 ½ HOURS WITNESSING TO HIM & his friend & they & his friend & they were very turned on. Later as I was really praying & asking the Lord to do a miracle & supply a new strol-ler for us so we would be able to go out litnessing, the Lord told me to told me to

(All photos by Zeb.) > KOMIX 3 KLUB ASTS for everyone OFF! AAAA TRUE KOMIX TURNING KEY OF INDIA'S YOUTH! Chris From Zebedee & Zorah Rabbit, now pioneering in S. India: -5, & cover of the KOMIX

AFTER NINE YEARS "BEHIND THE SCENES" AT A W.S. DESK JOB, what a thrilling change it is to be missionaries on the field!

--And what a field! Everything Dad has said about India 3 months ago totally by faith in obedience to the Lord's call of India in our hearts. We had no idea what outreach the Lord would open to us or what city to go to. We didn't even have any Family home addresses or phone numbers.

any Family home addresses or phone numbers.

BUT STEP BY STEP AS WE'VE
OBEYED & TRUSTED THE LORD to lead us & provide for us, He has cared for us, led us & now opened up a whole new ministry that promises to bear much fruit—the "Komix Klub"!

THE KOMIX KLUB IDEA WAS
BORN ABOUT SIX WEEKS AGO after we'd gotten a bit settled & adjusted in this beautiful South Indian city where it was sug-

Indian city where it was sug-gested we come by Keda and the VSs Tim & Faith whom we had the golden opportunity to meet a

KLUB Mag No. 1 few days after arriving in India. They also set our hearts afire to get out the Wonder Working Worls to the waiting millions with their astounding testimonies of the huge vac-uum there is for the Words of

testimonies of the name value was there is for the Words of David.

SO WE WERE PRAYING ABOUT
WHAT KIND OF MINISTRY WE COULD HAVE with our four children, considering the needs of the local field, our talents, etc. One day our three oldest children-Mark-6, Christopher-5 & Victor-3-1/2-were enjoying their favourite passtime-drawing & colouring-when Daddy got the inspiration to compile some of their drawings into a picture illustrating God's Love for India & the Indians.

THE RESULT: A LITTLE 8-PAGE MAG CALLED "LOVE FOR EVERYONE" with the kids' artwork as the cover, the TK "Space Story

Part 2", a "Secret Code" MoQuote game adapted from KIDZ
Mag & an invitation to write in
& join the "Komix Klub" to receive more TKs. Talking to
India vets & national disciples
& inspired by Dad's words in
"Dream of India" which we had
just received where he says,
"... to reach them with the Gospel of Love!--Not churchianity,
not formal Christianity, but
true, genuine, wonderful, free
Love of Jesus!"--we really had
the burden to make the little
mag super-exciting & inviting.

Happy to be in India to share God's Love--Mark-6-1/2, Chris-5, Grace-1-1/2 & Victor-3-1/2.

wE PRINTED 5,000 COPIES TO Sake, send me these !"/" I am very happy to have been able join the Klub, as I have all thought of Love. I never for more joy in my life until I ceived my first True Komix. Please send me more."

WHAT PRECIOUS HUNGRY SHEE highschools in blitz attacks as our leaders, as Dad said in

students came pouring out at the end of the day.

Schoolgirls clamour for Komix!

ALL 5,000 COPIES DISAPPEAR—
ED IN NO TIME (next time we'll print more!) & in only three weeks close to \$0 have written in to join the Komix Klub & get more TKs, PTL! Here's what some have written:
"I am a boy of 13 & I love comics, especially your Komix about God & Love. Please send me more & enroll me as a member of this lovely Klub."/"I want to join the Komix Klub because I want to be happy, I want God to love me, I want His help & I want God to change my life."/"I have liked this beautiful magazine. Please, for heaven sake, send me these!"/"I am very happy to have been able to join the Klub, as I have always thought of Love. I never found more joy in my life until I received my first True Komix. Please send me more."

WHAT PRECIOUS HUNGRY SHEEP! Some will surely be future labour leaders, as Dad said in

"Song of India": "Precious chil-dren that Jesus wants in His crown! Pearls of rare price in that land!" (par. 26) We had no idea the response would be so

idea the response would be so great!

BUT IT SEEMS INDIAN YOUTH ARE

"CLUB! CRAZY"--look at the MWM

Club! Our vision now is to feed those who write in via mail with TKs, as well as eventually meeting them personally at parties something like MWM has. We're also working on a 2nd edition of "LOVE for Everyone" to hit the English cinema crowds during the vacation months. We want to mention a special thanks to our new Home members sweet French Josue & Marie & baby Blandine, without whose inspiration & help the Komix Klub ministry would not be possible.--Also the help of Irish Rebecca who along with 22-month-old Taidgh came with us to India.

ench Marie & Josue, with lil Blandine-13 mos. Both joined in Nepal 4 yrs. ago & returned to India last Nov.

LATEST KOMIX
KLUB VICTORY is
to have the help
of lovely Indian national

ministry followup, GB'H!
THE INITIAL INVES

Joan on the mail ministry followup, GB'H!

THE INITIAL INVESTMENT TO
PUBLISH AN 8-PAGE MG is, of
course, more. But the response has been greater, more
yield per seeds sown, especially as we "aim" our distribution at largely Englishspeaking audiences such as
high schools & English cinemas. So we feel the souls &
eventual labour leaders gained
will be well worth it.

All we have to do is teach'm
how & give'm the tools to do it,
which the Lord has poured out
in abundance, thanks to our
Aquarius & his artistic helpers.

"DO YOU LOVE HER? ARE YOU
WILLING TO ANSWER HER CALL?
(India's youth!) She'll satisfy
your every need...if you'll
just come & love her & satisfy
her & her needs, her spiritual
needs & physical needs & need
for Jesus!" (1097:54)--Or if
you can't come, help us to
reach her. You'll partake of
the blessings as much as you
give! We & India need your
help. You can send gitts for
the "Komix Klub" via your Reporting Office designated for
Z&Z Rabbit/India. And let us
know if you'd like a copy of
our monthly news & photo letter.
Love & prayers, Zeb & Zorah.

Komical Kwips From The King's Kute Kids!

Little jewels from David, Davida & Techi!

"DAVID, DAVIDA & TECHI ENJOY VERY MUCH THE NEW MAIN DANNA TAPE containing besides other stories, the story of 'Sophie, The Washerwoman' in the rich lady's house. After first listening to it the children were so excited, & Techi right away wanted to hear it again. 'Please,' she pleaded, 'can we again hear the story of 'Soapy, The Washerwoman'?—Ha!" (From Dora).

"ON THEIR WALK WITH GRANDPA, THE CHILDREN MET A GREAT ST. BERNARD DOG who came
barking & chasing toward them, but was
real friendly. Later at the dinner table
the children told us all about their encounter, & Grandpa said the dog stopped
barking when he saw the children's angels!
He explained that the dog is supposed to
bark as a warning, because he's a watchdog! 'Do you know a verse about the watchman?', Dad asked David, who then quoted
Ez.33:7, 'Son of man I have made thee a
watchman...'. It was Tech's turn then &
she said, 'Yes, we also saw a Watchman on
the video, singing!'—meaning Watchman at
MCV! Ha!

MCV! Ha!

She also made up a new verse afterwards & sang, 'Watch & pray, there is no other way, to be happy in Jesus, but to watch & pray!' Hal! Grandpa said it's a good second verse to the little song, 'Trust & Obey'! Amen! We love you!" (From Dora).

"AFTER HAVING A STUDY ON THE HOLY SPIRIT, ME MERE REVIEWING MHAT ME'D LEARMED TOGETHER. I asked David (?) what the Spirit was for & he remembered a memory verse we hadn't even reviewed recently. 'Holy men of God spake as they

were moved by the Holy Ghost!', he said. I then asked Davida (6) what bird the Bible likens the H.S. to. Still thinking of what David said about 'moved', she said, 'Oh, I know! Like Rockin' Robin!' (From Sara)...

"AT A CHRISTMAS FLANNELGRAPH STORY, I ASKED TECHI THE NAME OF THE ANGEL who visited Mary. 'Hark, the herald angel!', she answered. Ha!" (From Sara).

**DAVIDA MAS SEARCHING THROUGH THE TK BOOK FOR ONE OF MER FAVOURITE LETTERS on the Spirit Dueen of Love, When she found one she said, 'Oh, there it is--Our Decoration of Love!'* (From Sara)

"DAVID & DAVIDA ARE BOTH LEARNING ABOUT SPELLING NOW. David said, 'Guess what' I can spell 'cannot'!' I thought he'd play a trick & spell the contraction 'can't', but he said 'k-n-o-t'!" (From Sara)

"SOMEONE NOTICED TECHI PUTTING HER OWN SHOES ON & said, 'Techi, you put your shoes on the wrong feet!' 'No,' she said, 'I put the wrong shoes on the right feet!'" (From Sara)

SINGING WITH CHILDREN!

From Windy; MWM!:

I HAD NEVER DONE IT BEFORE, &
HAVING NEVER HAD ONE OP MY "OWN",
I DIDN'T THINK I HAD ANY "CREDENTIALS", but PTL! After all, "it is God which
worketh in you both to will & to do of His
good pleasure." (Phil. 2:13) TYJ! I'm so happy
to share with you the experiences & lessons
that I have learned here at MWM in being with
the children, & particularly my personal testimony of singing with them." ... Love found a
way! If you're too busy to heed the cry of
those (children) in need, you're busier than
God Himself!" (Dally Might January 3).

WHEN I BEGAN HELPING FIONA IN HER
HOME, not long after I had arrived, it was the
crash course in kids that I needed! The Lord
spoke to me, that He could use me to help,—
even with the children! "God doesn't have to
have anything to begin on!—And He can make
something out of nothing-even you, if you'll
listen, trust, & obey!" (Daily Might January

31). Because I felt needed, it made me want to
be what God needed me to be. I was afraid
that I wouldn't be "good" enough, but my fear
of failing God's little children, failing to help
meet their needs, was greater than my own
selfish self-failure, which is of course, pride.

WITH CHILDREN RANGING FROM 13 TO
A NEWBORN, there was a wide variety to
learn & they knew it! To go through a "nanny
initiation" was pretty humbling. As Dad said
in "Lashes of Love", "Whew! Let me tell you,
they are little judges...the older they get the
more they become little judges...and...tenagers
are the greatest idealists..." (606:84-91)
TTL FOR ALL THE HELP & GUIDANCE
HE'S GIVEN THROUGH DAD & THE LETTERS, the precious personal experiences of
Maria, Sara & Dora, who have so faithfully
shared with us all that they have learned, &
also for all the good testimonies in the Mag
written by the "pros" new & old!

IT REALLY WASN'T QUITE SO DIFFERENT FROM LEADING OUT WITNESSING
TEAMS IN THE PAST,—just everyone was
smaller, (except for me—Ha'), but I'm pretty
much of a kid myself, so I fit in fine!
TO INS

Some of the older children accompanied reaching out to the World with His Lovel

have to be trusting the Lord, & to win their love, you have to be loving. I could only expect-the children to be as inspired as I was & to have a burden for souls as much as I did!

FLINGING OUT SHINER PRIZES IN THE FORM OF FOOD OR TOYS IS SO EASY

TO DO, whereas a shiner prize that includes your personal time & attention, such as a special get-out, an outing or excursion is more appreciated & meaningful.

WE ALSO NEED TO REMEMBER TO EMPHASISE "THE MEANING OF EXISTENCE:—To convey love to the people & to show love to the World....So thank You, Lord, for blessing us with all these blessings—mostly the opportunity to serve You & help others.—Help each one of us to be a testimony & a witness. Lord, & help us reach the World through Thy Love & Thy Word," (Daily Might November 4).

IT'S NOT NECESSARY TO BE A VIRTU-OSO MUSICIAN to take out your precious team of little fighters, but it is important to know what you do know well & to perform with real confidence! "Do you know what 'confidence' is? It's faith!" (74:18) & "Faith"

is knowing!" (Letter No. M)

is knowing!" (Letter No. M)

THE MUSICAL ACCOMPANIMENT SHOULD
BE PERFORMED WITH A GOOD SOUND &
distinct, definable rhythm,—never muffled or
unsure. The children are really sensitive & they
can sense the difference, & h does make a difference in their performance! "And even things
without lifegiving sounds, whether pipe or harp,
except they give a distinction in the sounds,
how shall it be known what is piped or harped?
For if the trumpter give an uncertain sound, who
shall prepare himself to the battle?" (I Cor.14:
7-8)

MAKE THE MUSIC CLEAR & BRIGHT TO

shall prepare himself to the battle?" (I Cor.14: 7-8)

MAKE THE MUSIC CLEAR & BRIGHT TO HELP THEM REFLECT HIS LIGHT! Also, proper & correct, clear pronunciation! "So likewise ye, except ye utter by the tongue words easy to be understood, how shall it be known what is spoken?" (I Cor.14:9).

SOME CHILDREN ARE MORE MUSICALLY INCLINED THAN OTHERS & need to be continually challenged with new projects & techniques, but as a whole, for those of general musical ability, keep it simple & regular. Try to do the song(s) the same every time—intro, song & ending. Make sure you've got your act togethe before you practice with the children. Your confidence will inspire theirs! It's contagious! IN THE LESSONS LEARNED FROM THE CHILDREN'S RECORDINGS HERE AT MWM, (Mag 46), the procedure in learning a song is still the same (para. 8). For your public performance you'll want to add actions. The actions should enhance the message & not take away from it or be a distraction.

TOPAZ DID AN EXCELLENT KP VIDEO to demonstrate the correct way to perform some selected children's songs. Remember to

from it or be a distraction.

TOPAZ DID AN EXCELLENT KP VIDEO to demonstrate the correct way to perform some selected children's songs. Remember to keep the elbows straight when raising up the arms & don't wave or move the hands in front of the face!

WE'VE FOUND IT BETTER TO HAVE THE SMALLER CHILDREN TAKE A LITTLE BREATHER & wait to the side while the older child or children sing the more serious message songs, like "Little Things" or "What is Jesus?" or whichever ones are in your repertoire. The audience can be easily taken away with the cute actions & funny mistakes of the smaller ones, instead of listening to the message of the song. PTL! Then, when it's time for those old time group favorites, such as "Il Believe In Love" Everybody Can Be Happy", "He's Got The Whole World", "This Little Light of Mine", let those little ones loose!

IN A TEAM WHERE THERE ARE OLDER & YOUNGER CHILDREN, it's important that you & the older ones are particularly united as it's only natural that sometimes the younger children will be watching the older ones even more than you! With Dicon & Heidi & myself, we would counsel together & respect each other's talents & relationships with the Lord. Very often they would get good checks from the Lord about where to go, what to sing, & who to talk with. PTU! GBTI They are an invaluable blessing! Dicon was always faithful to lead the Salvation prayers in Greek if need be. He's got a real gift for languages, GBH! EVERY CHILD HAS HIS OWN PERSONALITY & COLOUR, & although you can't expect them all to shine the same, they should know that it is expected of them to shine! Now Nat may not be the talented singer that his sister Heidi is, but he can be very soft & polite & wins many hearts with his docile, dreamy laurean eyes. Also, he's a good actor & does well in skits.

Let the little children join in for those old time group favorites, such as "This Little Light of Mine" & others!

PERHAPS FOR THOSE WHO ARE SHY & PRONE TO "STAGE FRIGHT", it would be a good idea to have them practice in front of a mirror, & this is a good idea too for all. It will help them to get the picture of what they should & shouldn't do. Some children who were shy & reluctant to sing for

others & in groups, are now really coming out of themselves in children's group singing time. The more flamboyant children should be told that they should help these shy ones to shine & to never, ever belittle whatever effort they make. We praise them over & over for each step of faith,—encouragement encourages courage! If they are reluctant to sing for strangers it's important to strengthen their faith to reduce the fear. The Word will give them a burden for souls, & along with the stonies & testimonies of the children shining for Jesus,—this will help them to become less self-conscious & more Christ conscious. Support them with prayer power & He'll do it! KNOW THE PHYSICAL & SPIRITUAL STAMINA OF YOUR TEAM, & before their last "lap", that's when to stop, as some "out-of-it" scenes happen because they are just tired. AS Dad said in "Busking"—it takes a lot to pour out to the public, so watch their gas tanks!

AS ALWAYS, ACTS OF DISCIPLINE HAVE

to pour out to the public, so watch their gas tanks!

AS ALWAYS, ACTS OF DISCIPLINE HAVE TO BE HANDLED WITH LOTS OF LOVE & WISDOM. What may seem to a Systemite as a justifiable act, but in the Lord's eyes is rebelliousness & just outright stubbornness,—well,—if you are in the midst of a program & a witness & you just can't pack up & leave, perhaps sit the child over at a nearby table & ask the waiter for a glass of water for him. That way, he can wait until you are finished. If you are two adults, one can take aside the misbehaving child. In our case, usually my adult partner would be waiting nearby & I would afterwards give the child to them, if he hadn't decided to change by then, & the rest of us would be on our way! Some children are sensitive enough to get the point with only a look, while others need a more direct revelation, if you know what I mean!

meed a more direct revelation, if you know what I mean!

THE FRUITS OF OBEDIENCE & UNITY ARE SO EVIDENT & MANIFEST ON THE BATTLEFIELD! Doors open wide, excitement in the Spirit & lots of adventures & victories!

Don't tolerate any disobedience because if you do, "...they think they can get away with it every time." (606:34) But TTL!—they usually don't want to miss out on the action & the blessings, so they get the vic quick, TYJ!

AFTER EACH SHOW, RESTAURANT,

H.G. SAMPLE, ANY PERFORMANCE & WITNESS, it's good to answer the questions

that they have right away before proceeding to the next event while the ones that just passed are fresh & alive. Take time to explain what happened in the Spirit & make it clear & understandable. Why this & this happened, & so-and-so said such-and-such, etc.

THERE ARE SO MANY IMPORTANT POINTS TO REMEMBER,—to be well groomed, well mannered. (the children always look to me before accepting any offer of food & drink) & don't forget the toilet stop before you start the performance!

DURING HOME INSPIRATION FOR THE CHILDREN, it's a time to sing unto the Lord! It's really not a time for the GP material, but for Family songs, Bible & Scripture songs. Have your repertoire well prepared to help the continuity of the Spirit. Take the time to learn the songs they way the children hear them on the tapes so they won't become confused by a different arrangement.

BE EXCITED & IT WILL BE EXCITING! Be inspired & it will be inspiring! Be on-fire & they will get fired-up! Hall TYJ! If ever I have a problem, well,—I just leave it behind until later,—& that's what I like about being with the children, I have to leave my self behind, TYJ! AND DON'T FORGET TO TEACH THEM TO TAKE OVER SOMEDAY! (2 Tim. 2:2). Those who want to learn to play guitar or another instrument, let them as soon as they

AND DON'T FORGET TO TEACH THEM TO TAKE OVER SOMEDAY! (2 Tim. 2:2). Those who want to learn to play guitar or another instrument, let them as soon as they want to & show an interest, & teach them to lead the other children in singing & witnessing activities! It's a chldren's crusade—for Jesus! "THEY ARE THE DIAMONDS OF DUST, THE SMALLEST OF ALL CREATURES! They are so small & so light that they float upon thy air! They are the ones that tatch Thy sunlight!... We are like the dirt on the floor which will catch them, & on which they can rest until Thy breath catches them & they float again into the sunlight!... Help us not to fail them. Help us to be there for them to rest upon. But help us to stand back & let them shine... They're Thy stars—these little ones are Thy stars—these little ones are Thy stars—they are the ones that are shining! They're the ones that You're using!" (75:24)
"NOTHING IS MORE IMPORTANT THAN GOD'S CHILDREN & THEIR CARE, FOR THEY ARE HIS KINGDOM!" (No. 315) God bless & keep you & make you a blessing to His little ones as shey set forth to win the World for Jesus! ILY!!

& SERVICE!

From Michael Found, Asia:

HELLO! MY NAME IS MICHAEL HELLO! MY NAME IS MICHAEL FOUND but you can just call me Michael. This story is for you! I'LL START WITH MY SMALL VILLAGE. I was in a little village where I lived with my mother. My mother had left my father came to get me and herought me to a city where he brought me to a city where he was living.
MY DADDY WAS POOR AND THERE

MY DADDY WAS POOR AND THERE WAS NOT ENOUGH FOOD so I ran away when I was 7 or 8. I lived by begging and slept on the temple steps. I went begging at restaurants & people would sometimes feed me & give me a little.

AFTER ABOUT 5 MOS. I MET FAY & MARK. We met in the street & they took me out to eat in a restaurant. We knew each other for about two weeks & they

talked to me every day.

THEN THEY ASKED ME IF I
WANTED TO TRAVEL WITH THEM & WANTED TO TRIVED WITH THEM &
BE THEIR SON. I said yes & I
was so happy. I didn't know
anything about Jesus but finally after reading stories &
books about Him, I felt so
good. Then I asked Jesus in-

to my heart.

WE WENT TO EUROPE & after I had a dream about the Lord I began witnessing. That's how I began to serve the Lord. We traveled through Europe Barcelona, Spain & to other cities in Spain, then to

Michael round

where I found a girl-

Switz. where I found a girlfriend in the Family. Her name
is Esther & I love her very
much. We still write to each
other. She is 9 yrs. old.

I BEGAN TO REALLY BE IN THE
FAMILY. Every day we would
read about Jesus & every day
I'd witness to people. I went
litnessing too & I liked it.
AFTER 15 MONTHS WE CAME BACK
TO ASIA. I prayed in school
here with a boy named Rajib. I
gave him some MO letters. I
prayed with Thuli too & she
began to read her Bible & now
she joined the Family too. She
works in our house helping to
take care of the baby & cleaning.

MHEN MR LEFT, WE FELT A LITTLE LIKE ABRAHAM, not knowing whither we went, only knowing we were being sent by the Lord! The Lord supplied all our transportation to our new field for free, & we even spent the first two weeks in the best hotel in town, free, as guests of the owners who were so sweet & kind to us.

ABIGAIL, OUR 8-YEAR-OLD.

IS BECONING SUCH A MATURE MINNESS, really using the Word of God with real conviction & great love, a real shepherdess. She led a rather skeptical elderly lady of the hotel staff to the Lord one evening. The Lady was so inspired that she immediately brought Abigail to the hotel's owner, whom she cared for, a paralytic. The old man, Joséwas so happy to receive Jesus, with tears in his eyes. He hadn't felt so much love & joy in 5 years since he became sick & has heen confined to his bed in his little room. Abigail would go & visit him daily, & sometimes we would all go & sing & read the Bible with him. Even the doctor mentioned that he looked better after receiving the LORD.

Lisa, who after praying, told every-one Jesus was in her heart & was much freer to hug & kiss the people around;

From Dance, Europe:

ONE NIGHT I BROUGHT MY 18-MO.CLD DAUGHTER TO BED, and after reviewing Rev. 5:20, she said seriously, "Jesus knocks —heart," while pointing at her heart. I thought for sure she'd be too young to pray and ask Jesus in her heart and I just prayed with her so she could

go to sleep. Later I thought I missed the 'Golden Opportunity' & should have prayed with her! LHM!

ABOUT 2 MOS. LATER LISA AND I VISITED A
SOCIAL WORKER, Oswald,
a fish of Sharon, who
was going to help fill in some papers for me, we had a real nice dinner together, we made love & had altogether a very nice time. I had a real chance to witness to him & explained the salvation message to him. He told me he was

him. He told me he was saved already.

BY THIS TIME LISA, WHO HAD BEEN PLAYING QUIETLY, CAME UP TO ME, took my hands, and said, "Lisa pray, Jesus in heart." She asked it very sincere and it brought tears to my eyes. So I told her a eyes. So I told her a little bit more about

little bit more about
it & gave her some verses &
then we prayed. It was for the
first time she repeated every
word in the prayer. We both
praised the Lord afterward &
it was all such a testimony
for Oswald! Hallelujah!

WHEN WE GOT HOME SHE TOLD
EVERYONE that Jesus was in her
heart! TYJ! Much love, Dance

Training Our Children On The Field!

-With A Special Thanks To Family Care!

From Ben & Mirjam; Indonesia: to be pioneering in Manado--by We are a family with 5 children in SE Asia. And while the oldest were still young, we had time to pour into them. However as the younger 3 came along I began finding it difficult to have as much time for them as well. So we put the oldest 2 in school (Jozef in 2d grade & Ronny in 1st). At first, they were excited and happy about it as they found many new friends and freedoms. But school also taught them to endure hardness as good soldiers of Jesus

school has been a good experience for the children. It has taught them to appreciate the Spirit and the love they have at home. As parents, it's also caused us to get closer to them and to discuss with them any outstanding experiences at school. Jozef and Ronny both school. Jozef and Ronny both went through a period of dishonesty and even stealing. For example, when Jozef was in charge of the transport money he sometimes claimed that he lumwise \$\frac{1}{4}\$ also taught them lessons of cooperation and faithfulness.

However, as Jozef finished 3rd grade and moved into 4th, we could see that the pressure was increasing on him to conform to system standards. The curriculum, too, was becoming increasingly irrelevant to what we were trying to teach at home. By this time, too, Jozef was thoroughly fed up with the school pressuring him to the system ways, while we try to encourage him to put God and lis service first. We saw that we needed to help him make the right choice by taking him out of school. Now Jozef is happy

he sometimes claimed that he lost it. We had to severely discipline them for stunts like these until they got the point. It really taught them that they had their own responsibility before the Lord in choosing between right and wrong. In this way, their eyes were opened to alot of the System's falla-cies--while they were still at laving the children in school, impressed us with the urgency of keeping them faithfully in the Word and memorizing in order to combat the system's influence we usually had 2 hours of word study and memory work daily. "(Precious lessons learned thru) THE HEALING OF ANDRE"

OF ANDRE"

(E)

It all started around the 10th of this month, when Andre came down with a slight fever. It wasn't too bad, and even seem to go away after one day, but yet he continued on in bed not feeling well. The third day his fever went back up. We had prayer for him, but it wasn't desperate prayer, and it got worse. He was downstairs in the children's room, and at every mealtime his food was brought to him, but none of us were really watching to see if he was eating and were not even making sure he was drinking water. His fever continued to go up, and we prayed again, but yet not desperate. Within four days,he was dehydrated, very weak, delirious, and had developed an infection in his lungs, which after an x-ray, we found out was serious.

One night a friend of mine I met in a restaurant where I sing, who happened to be a doctor, came all the way out to our house to examimehim. He immediately asked me how could I let my son get into such a state, and prescribed antibiotics right away, and even wanted to hospitalize him. Andre, at this point, could barely walk without tiring and going weak, plus drinking water was even difficult for him. He probably would have been worse, but two days before the doctor came out I started to make him drink water and cat. The next day we took him to another doctor whom we've been taking the children to for many years now, and knows them very well. She immediately wanted to hospitalize him also, but said to got an x-ray first, and then she would wait for the results and see what steps to take after. That same afternoon we took him to a hospital near our home, and after they saw Andre's lungs, they refused to let us go with him. In fact they almost tried to physically stop us, but we dressed him, and walked out because we did not have a peace to leave him there, after the doctors at the hospital started to get heavy and uptight, and then Andre said, "I don't want to stay here because this place is not good for me." This was all I needed, if knew it was the Lord speaking to us,

As we walked out, the young woman doctor who examined Andre was on the phone calling some brutes down to stop us, and there were plenty of interns around who could have stopped us, but the Lord, bless His Name, blinded their eyes. because He did not want us to leave Andre in this place because He was not thru with us. I myself had seen the x-rays, and knew Andy's infection was not good at. all, end was, needless to say, a little freaked out. Freaked out because I knew we had blown it by not taking this sickness seriously, and seriously hadn't sought the Lord for healing. We rushed home, got everyone together, and in tongues & weeping, confessed our sin to the Lord, asking forgiveness, & to spare his life, to spare Andre's life. We'd been so busy with a little here, little there, doing this and that in preparation to leave, that we had forgotten what it was to be desperate with the Lord, but thank God He is faithful to not let us go to far, but just far enough, to get "branded," with the lesson. PTL!!! After a half an hour, forty-five minutes of prayer, we all went into the bedroom to pray for Andy. He had a very high fever of 40°. We annointed him with oil, and started to pray, and before we finished praying, his fever dropped to 38° Praise God! The Lord had heard us, and we, estatic! Andre immediately set up in bed, after we finished praying, asked for water, and began undressing for bed. I forgot to mention, that before we prayed, I called our regular doctor, and in tears on the phone, told her that we were going to pray for Andre, and then see, but we were not going to leave him in that hospital. She agreed, and asked us to keep her posted as to his progress. Andre ate, and I spent the night checking it had gone down to 38°, and contined to drop. We stayed in desperate prayer, and constant watch, and now he's up and running with the rest in really good health, but we're not letting him get toeactive, and making sure he is eating right, and getting plenty of rest.

We have not had our faith tested like that in a long time, and thank God He did, because it is a first-hand frightening thing to see your child suffer for your sin of neglect and lack of prayer, & know he could even die because you have been out of tune & prayer. GHU!!! To get desperate, is what we learned in this, not just to partly pray even sincerely, but to get down on our faces in tears & tongues for healing. We cried with all our hearts and the Lord answered. Praise His Name!!! He's never failed in the of all His precious promises, & never will. Thank God for Jesus!! The Lord in His mercy did a miracle, "who forgiveth all thine iniquities; who healeth all thy diseases." PslO4.3

wanted to write you about one letter in particular, "pitty the Weak" in which you wrote bout epileptice. Well, I am one of them and even though a bit late, I wanted to tell you sy testimony and life. First I want to thank you for every one of your words, as it a slwap the Word which gives me life, and life in abundance. Dad, forgive me for not riting soomer about, especially when the letter came out. I we going through some trials bout epilepsy and other things, but I still have no secume for not writing.

about spilepsy and other things, but I still have no excuse for not writing.

Well, the truth is that the letter encouraged and inspired me a lot and helped me to know speafl. It's so true, everything you said shout spileptics! I slaves thought I wan't totally healed, but I didn't want to admit it (pride) and although I was in the Family, I have had 2-3 stacks. I've been in the Family 7 and a half years and the last the I had an attack was three years ago or a little more. In Tenerife about the time the letter came out, or a little later; I had two during my time as a catacober, but the last attack was three years ago and I haven't had any attacks since, and I feel much better all the time and sors liberated and I sincerely believe that the closer I am to the Lord and the Word (semonizing and reading it) the better I am. I always recember what Peter and to Jedus, "To whom shall we go, thou heat the words of life," and this is what keeps me living or I would have been deed long ago. I think epilepsy is a spirit of feor that attacks you don't have your guard up high and astrong, it his you hard. "Taith comes by hearing the word of God". It's true as the lotter says, in times of tension and nervoueness, this is the worst it is to be attacked and you must certainly avoid it and take all by faith and tranquilly.

Iranquilly.

I am naturally very membitive since young; everything affects me a lot - the good and the bad, and I was living in an atmosphere of tension and hate and often mistrested by my class-mates. I was also living in a school of priests without seeing my perents at ten years old and when I was fed years I watched terror movies and very had things which deeply affected my life and left a big mark of fear. (God bless yg) for your letters - Wou Are what You Read' atc.) Now I see the importance of the education of our children, always in love and in the Word. One letter after another Mas been and is a real help and encouragement to ms, nore than you can imagine, my whole life depends on it! As I said, I have a scar from when I was young, influenced by all these bod things and I dare asy that almost every spileptic had comething happen to them when they were little, so love is very important. It's lows that casts out fear, the love of God, from the lover of all lovers, legge, and the more lowe I feel, the better I feel. The first time I had an attack in the Pamily came to my hed and started to hug me and love ne up and after a little bit, everything left.

WELL, TWO WEEKS AGO DAVE & I READ COL. 3 & HE LAID IT ON THE LINE. He told me that I wasn't serving the Lord & was more of a hindrance to His work than a blessing. I really felt the Lord was giving me my last chance. After he left the room I had time to get quiet last chance. After he left the room I had time to get quiet with the Lord and really hear Him clearly. He brought up that sin again & told me He wented me to confess it.

WELL, THIS TIME I CALLED IN DAVID & TOLD HIM I HAD SOME—

But the Lord didn't give me the faith to just pack up & leave, but rather, we were led to "do what you can do, & God will do the rest."

SO WE TOLD OUR DOCTOR TO GO AHEAD & make arrangements for the tests & consultations with specialists, surgeons, etc., to determine what man could do. our doctor was so amazed at our calmness & faith, that every-thing was going to work out well, because from his view-point, the chance of being healthy again was very small and the cost of this was going to tremendous.

The Lord Heals Our Children!

HOW CHILDREN LEARN FAITH IN THEIR TRIALS & AFFLICTIONS! From Isaias & Leonor, Europe:

OUR LITTLE DAUGHTER, PEPITA, (Little Nugget in English) at 1 yr. & 2 mos. learned a real lesson of faith when she stuck her thumb in a door of a telephone cabin & a lady closed it without seeing Pepita. The head of her right thumb was all smashed & she just screamed in pain.

ISAIAS & I IMMEDIATELY PRAYED FOR HER, desperately, asking the Lord to forgive u for this "Unguarded Moment", claimed Ps 103:3 (Who forgive claimed Ps 103:3 (Who forgiveth all thine iniquities, Who healeth all thy diseases.) & asked the Lord to stop the pain & heal her immediately, leaving absolutely no mark.

WE ALSO DID OUR PART & went to a pharmacy & bought sedium

Endtime Flannelgraph Makes It Simple! How You Can Use It!

The Lord opened the door for me to teach at two Bible studies. Our laundry maid belongs to a Bible study group of fifty to seventy members, and she was very interested in the Endtime events, after seeing the new colorful Endtime chart on our frontroom wall. She worked it out for us to attend their class and teach Daniel 2 using the Flannelgraph. It proved to be so helpful in explaining these Endtime events. All the members are from the province, so you have to keep it very simple. After the class, many of them exclaimed how simple it was to understand, giventry and the province. To Whom it May Concern:

People are still asking me what I think of John Todd. I think he appeared on the scene at a very critical time to give us vital information on subjects that most Christians were not even aware of To say the least, it was startling to find out about the infiltration of Masonry and witchcraft into our churches, and to share what he knew of the sinister plots by the Illuminati as well as the control of the youth through Druid rock music.

There was a price to pay for hitting these organizations and John has dearly paid for it. Powerful sources were determined to destroy him and I believe his testimony has been almost totally shattered by their counter-attack. John's name is now a dirty word in many Christian circles.

His life, before coming to Christ, was in the pit of hell. After trying to warn the Christians of what he knew, and was rejected, he backslid. I knew what took place when he backslid, but through love and pathence, and telling him Christ still loved them buth, he and Sheila came back knowing full well that what they were going to expose in churches would cost them everything. They didn't know who to trust. John helped me with two more publications. I picked his brains on different subjects, then had the information checked by other sources to make sure it was accurate before going to press.

The rest of the story is history. He blasted from the pulpit and hit big names. I warned him not to, but it was too late. There was so much in his past life, and when he backslid, it was all used against him. He didn't stand a chance. No mercy was shown. Too much big money, too many pressures, threats and power were used behind the scenes. I know both sides of the story and it is a tragedy. No one mentioned the major investigation that was made by Col. Curtis Dall (the man who knows more about the Illuminati than anyone in the U.S.). His findings were that John Todd was indeed a Grand Druid and he was exactly what he claimed to be, but this didn't appear in the Christians. I was a one-sid

Dear Family,
This is to notify you that Miriam Pilgrim went to be with the Lord on Tuesday March 2, 1982.
Miriam had cancer for 6 years previous to her death, but remained faithful to the Lord and His Service during this time.
PTL. PTL.

Miriam spent most of her life here in service to the Lord, starting out with the Salvation Army, and ending with us. She worked with youth groups and sang and street witnessed as a street witnessed as a teenager and young woman and carried on this work while raising her family of seven children. Two of ther sons are now in full-time service in the Family and all her other children are reading letters & listering to the MWM tapes.

Miriam first met the Family in 1972 when her son Isaiah Bird first joined. She became closely involved and was in charge of Thank Cog for all of Canada. A counle of years later, at the age of 56, she forsookall and became a fulltime member. It was soon after this Miriam discovered she had cancer covered she had cancer and underwent a masectomy. She showed great courage and determination during this time and even spent sometime on a foreign

sometime on a foreign field.

In the last couple of years Miriam became weak physically, but kept up her mail ministry, and was faithfully tithing and supporting brethern in mission fields. Right until the end, Miriam was always positive and uplifting and was a tremendous testamony to the Doctors and nurses who tended her.

I had the blessing and priviledge to be by her side when she peacefully went to be with the Lord and learned many valuable lessons from the experiance. Mostly how short the time is, and how much we have to do. PTL, it's never too late for love.

SELF DEFENSE—When an unwelcome visitor invades your property and starts breaking down doors, windows, socking disciples & ripping off your sheep—call the police immediately!—and don't hesitate to defend yourselves until the police come! You have a perfect right to do so! The church has too long miginterpreted some of these Scriptures about resisting not evil, turning the other cheek & agreeing with your adversary! There are also other Scriptures about contending earneaby for the faith, and Jesus Himself said, "A strong man armed keepeth his goods in peace!" (Lk. 11:21) (Read also Lk. 22:36-38.)

The gendle hint that you'll use force if the enemy tries anything may be all you have to do to keep any violence from even starting! But if they do stack, you may have to use a little force to prevent any further violence. Force is the only language some wolves know! If you long are the only person involved, you can turn the other cheek if you are a responsible (shepherd)..., you cannot merely turn the other cheek to violent invadurs! You must it to your aheap to protect them from wolves, even by force if necessary! Jesus used force on the money-changers!—So you have Christ Himself as your Scriptural preceden! The good shepherds must even be willing to give their lives in defense of their sheep—or you're no shepherd! What some of you gays need is guts! POLICE——If the police out there in the atreets right now did not be are keepons, your life would not be safe for a moment! Read Romans 13! ("For he is a milister, of God to thee for good. of God's will into the southern of God's will into the southern Hemisphere!

I'm sorry to say, but we ave been here in California or 'yrs, What started out as for tyrs. What started out as a visit to raise some money to get back to the fields, turned out to be a slide into these dismal pits. I don't want to dwell on how bad we've been, suffice it to say, that we have really failed God, you, and the family. But most importantly we really failed the lost souls: Gods' sheep. We thought that we were at least accomplishing something, supporting my wife & kids, witnessing a little on the weekends and maybe during the week singing with the children! (see letter \$1049:69,70) IHUI Thank God for His Wonder Working Words that can only change us for the better If we obey and put faith into action and feet to our prayers. We found that we had drifted so far away because we quit listening

away because we quit listening to His Word. But the moment we started seeking the Lord & His will with our whole hearts, & souls, & bodies, then God began show us the way out of our

dismal plight.

It all started to really happen when we were helping anhappen when we were helping another family to leave to go to S.A. I was still working at my system job and we had this family living with us so they could get out of their trailer in order to sell it. We saw God do such miracles for this family as they obeyen for this family as they obeyed God's word, really living by faith and doing everything possible to get out. And God did it. They soon left and were on their way. The same

day that they landed in S.A. we were having our morning devotion and the Lord led us to reread "God's Guarantees" At that moment the Lord really broke our hearts and we knew what God wanted us to do. what God wanted us to do.
It was God's first clue for
us. The next day I gave my
notice to my boss that I was
quitting. I'll never forget quitting. I'll never forget how I walked up to him and said, "Don, I'm giving you my 2 weeks notice. I have to leave. I'm not happy and I've got to get back to the mission field." Well he looked at mm got to get back to the mission field." Well he looked at me and then smiled and said, "I know you do. I've been anticipating this for the last several months." TY! What a confirmation. During that

last 2 weeks the Lord really started to bless us. In that time the Lord gave us 7 new pledges of support not including my boss who pledged us 50 dollars a month, PTL! Well, I finished my 2 weeks and said goodbye. That day that I quit our youngest daughter was healed of a high fever she I quit our was healed of a nigh fever see had been running for the last 3 days. The Lord also raised up someone to buy my truck and all my tools. When you take that first step, God will help you take another. It is now you take another. It is now 2 weeks since I quit and we started living by faith again. And now God is showing us what He wants us to do and Where.

We thought that we would o to S.A. and follow the other andly and perhaps work with

them as they had helped us so much before. But they soon wrote that where they were wa. so overcrowded that they were Were USE soon going to another country.

At the same time we got the new mag and read "7 F's of FFing" in which Dad gave all the stats of where we are now. We started of where we are now. We start wondering if maybe the Lord didn't want us in some other more needy field. So again we got desperate with the Lord & asked where He wanted us. The answer we got was really a shock. The Lord wanted us return to where we got off the wall of His will, That would mean India! Before we returned to the States we had been in Africa and while there we had been asked to come and help in India as there was such need and we had been 2 yrs pioneering in Africa. Sad to didn't do it. But now, pioneering in Africa. Sad to say we didn't do it. But now, here was the Lord asking us to go half way around the world when it would be so much easier to go to S.A. Well, we said OK Lord, if it is your will you'll have to supply us a way there as it would cost a small fortune to go from here. But we took God at His word and put Him to the test at the next day Bathsheba's mother called from Europe asking to come there and that she would pay our airfare. TYJ! That was exactly the way the Lord showed us to go: To fly to Europe where we could get an inexpensive flight to India. Now we are out wit. & lit there as it would cost a wav

& doing everything we can to raise our support and fare. God is blessing us with at Cod is blessing us with at least one pledge a day. Hal! He'll do it if you really want it. He just wants to see how much you do want it! So we are going to be leaving April 2 on our pilgrimage South.

We really felt burdened to share this testimony with all to really encourage some of the

brethren here that can get out that God will do the miracles if we do the wenting! Thank you for loving us so much to discipline us when we need it. We love you socoood much. Elisha & Bathsheba & kidz

Sheep Of David! Rescuing A Lost The Letters & Love Give Hope To A Prodigal

From Ruth & Ben Davidson,

The Lord gave us a most unexpected New Year happening. After completing our initial pledge request letter to the Spanish, we headed up to the printer in the North of Spain to print up the final copies. Also we were in hopes of hav-ing Anna his secretary help us little with some possible corrections in Spanish.

Anna was with the Family about 2 years ago. In fact she had been Emanuele's secretary in Poggiosecco. She was married to Joseph Eastman in Italy about 6 years ago & has two of his children, a son & a daughter - Leila(5) & Fransisco(4). Joseph&Anna had come to Spain together about 5 years ago & about the time of the RNR separated, as Joseph had a new mate. They tried a threesome together for a while but it

did not work.

Anna, as she tells it, lived in a couple of different homes & couldn't find her place, so finally took a secretarial with the printer who has given us the best deal on prices & quality. Whenever we spoke to briefly her long distance while ordering lit, we noticed a vacuum or emptiness in her voice. We would later pray for her & her situation & for the Lord to give her what she needs.

We arrived in her pueblo the 30th of December & as we had not seen her in almost 3 years had a wonderful reunion with her & met Alejandro, the printer (with whom we had conversed by phone)for the first time He instantly welcomed us & treated us like special guests inviting our crowd of 6 & Anna out to a wonderful dinner! the first luxury we'd had of

this sort in months. TYJ! By chance (ha!) I was seated next to him. He really poured out to us. PTL! He marvels at our life style, & would like to be able to do the same, but can't make the break from his wife & mother-in-law. He stays with them mainly for the sake of his 2 daughters, ages 7 & 11. He hungrily reads what Letters he has access to & particularly likes "Mountain Men"! He is

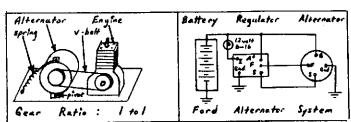

38 years old & an Aries.
We returned to our van for the night & agreed to meet Anna the next morning to say good-bye, & continue on our journey. The next morning the starter switch on the van Enot work & we were detained at Cher place right into New Years Eve. She started pouring out her heart to me (Ruth) about missing the Family & fellowship, etc. After having just ship, etc. After having just read the new Letter "Members", 大学 多級 實際重新的

we felt free to share openly with her of the Good News in the FN's! As in verse 38 of "Members": "I think the more I read the magazine, the the more I'd want to get
own copy!" more I'd want to be a tither,

She was overjoyed at hearing about recent events & more than anything thrilled to know about the new books, cassettes Kidz Mags, Calendars, etc, etc After seeing all that she was missing, she said she was going to begin sending her tithe & asked for the address! Hal! What a breakthrough!That night she had even seen Emanuele's name in the Letter "Solitaire" asked me to help her him. We wrote him a letter together, she a little in Ital. & I a little in English. GBY! love you more than ever. yours forever, Ruth & Ben.

HOOM REC

POWER -- IN THE MIDST OF THE STORM

said about the approaching atorm has been that will sweep the entire world, and we know that it will happen soon. When it does hit, the entire world will be thrown into great confusion. Energy & power reserves will still be in demand, but in shor power reserves will still be in demand, but in short supply. It has been mentioned that videos & other electrical equipment can be run off of a car battery; that's true, but it doesn't take long for a video to run a battery down to nothing-- maybe 12 hours. Of course, you can start the engine on the car & recharge the battery, but how many times can you do this with gasoline in short supply, feeding precious fuel to an inefficient, gas-guzzling, multi-cylinder engine? The truth of the matter is, you need nothing but a small one-cylinder engine, like a lawn mower engine, a spare car alternator & a bit of hookup wire.

a bit of hookup wire.

We lived for several months with no power other than our home-built generator and a large supply of lead-acid batteries. We had all the lighting we needed, as well as power for tape recorders, radios etc.—— all on about 50 cents worth of gasoline per month (about a half gallon)!

We've included the above sketches to show the radios.

We've included the above sketches to show simple construction and electrical connections. Just make sure the wire you use is heavy enough to handle the currents— 14 guage for all connections except the alternator-to-battery connection, which must be at least 10 guage or 8 guage.

"I WAS TALKING WITH A FRIEND OF A FRIEND OF MINE. He had a symbol of 'Leo' on his coat. 'Leo' is the first step to become a 'Lion's' member. We started to talk about these organisations. His father is a Mason of the 9th degree. father had told him about Lucifer & that he is going to reign in the universe, that the Antichrist will reign on Earth for 1000 yrs., etc. This friend had the idea that these things he was expecting were not bad, & didn't really understand how serious these things were that he was getting involved with. I started preaching to him the truth about Revelation, the real face of the Antichrist & the soon 2nd coming of Jesus. I told him to be very careful & not receive the mark of the Beast. To my surprise, he told me he had received already the mark. His father had led him to it. I 떮 wanted him to show it to me & he did! It was looking like the mark of a vaccination, like burned skin. He didn't let me examine it thoroughly, but I think it had the mark (x567), which is the way 666 is written in the Greek Bible, upon his forearm. Heavy! He also told me that the Masons are prepared for the atomic war, because they know it will happen soon, ha! They have ready refuges in the Aegean Sea Islands & else where." (Michael Beloved; S.Europe)

"IF THE WEST IS ABOUT TO GET BOMBED SOON & with all the urgent moves going on, should we leave without support? We're going to India. If there's a war coming that soon, what's the point of raising pledges? We feel we're in a 'Catch 22' situation." (Peter: British Isles)

"WE HAVE STARTED GOING DTD WITH A GUITAR which helps to show a sample so the people will receive the sermon. Tony (A.C.Smith), a musician from the rock group 'The Allman Brothers' got saved! We met him while we were singing in a restaurant & visited him. He was very down because his girlfriend left him. Sheriah shared some love with him at which time he received Jesus. He's now considering dropping out of his rock group." (Elisha & Sheriah; Europe)

"AFTER YEARS OF ITCHING, FLAKING SKIN IRRITATION, my husband finally found a cure! He tried 100's of creams, shampoos, medications, etc., but could never get rid of it. Then he used the 'stinging nettle' tea mentioned in the Childcare Book. It did the trick. The flakes & itching are gone. TYJ!" (Israel & Crystal; Europe)

"I THINK THAT FAMILY FELLOWSHIP DAYS should be reserved as much as possible for fellowship & sharing. Some fellowships ve been to finish early & then the Home members go FFing, etc. All the poor new visitors & new disciples are deserted & lonely; if Homes have fellowship they should care for the visitors & guests be-fore looking for more fish." (Gypsy & Lisa Europe) (Amen! Absolutely!-Marie)

"MY LITTLE SON THAT WAS BORN 7 WEEKS TOO EARLY, has to stay in a hospital for special treatment, warmth & air, & sad to say they are feeding him some kind of a sugar made out of grapes. Please pray for us, especially for him that he stays alive GBY!" (Helga; Europe Kfrops seger is natural!)

"I HAVE BEEN CORRESPONDING OVER THE YEARS with Rahel & Abel, in the office in Dallas in the Family), sent them several Letters & LIN & FC material around Christmas. Here's an ex cerpt from her latest letter: 'It was really a blessing to hear from you a while back & to receive all the lit. It is interesting to see what you are put ting out (such as the comix) & to read the discussions of problems, solutions, etc., such as in the DFO Letters that you sent. Enclosed is a small amount. I hope you will send more. I like to hear about children, marriage, etc .-- but Abel is more interested in World affairs, etc. They live in a remote town in Washington State & are continuing to have children. Please pray for them as they are very sweet & the Lord could really use them in the Family again! She really has the vision that raising her kids is her calling." (J.; Europe)

"AT NWM WE FOUND DTD TO BE THE MOST FRUITFUL. We made copies of the Simple Melody tape & took it DTD, in the spirit of not selling it, but after explaining about our work, showing a personal photo album, & just asking a donation. Something like, 'Well,' the tape cost us so & so, but whatever you could give above that would really help out. And you can even give them a piece of lit with it. This could be a whole new outreach in a lot of these new countries we're going to, & be very fruitful with open doors for the children to sing, etc." (John Cloud; S.Europe)

How To Take Good Pictures!

Tried in proven tips!

From Tim Lems:
HERE ARE A FEW HELPFUL
HINTS ON PICTURE-TAKING
to expand on the points M&M
brought out in their "Latest
News Flashes—Instamatics" in
Mag 37. We pray these tips will
be a blessing in helping your
photos to come out clearly with
good contrast, to make them as
useful to the Lord's Work as
possible!

possible!
THE CAMERA: First of all, get a 35-mm. For those of you who are used to an instamatic, don't panic! Taking pictures with even an old non-automatic 35-mm camera is really very simple, with just a very few things to remember to set, which you can learn to do very quickly.

ple, with just a very few things to remember to set, which you can learn to do very quickly.

MAKE SURE THE CAMERA IS ONE YOU CAN FOCUS—preferably, one with a range preferably, one with a range simple-lens-reflex (SLR) type, which you can focus thru the lens. Some good compact range-finder type 35s are: Olympus 35 RC, Konica Auto S3, Canon QL 19, Minotta Hi-matic 7S, Pentax, & others. There are many types of single-lens-reflex cameras; these are more versatile & focus closer for better close-up portrait shots—but often are more expensive & bulkler. Examine your picture-taking needs & make your choice. Many of the above camera companies also make compact cameras that are "fixed-focus" or "guess focus" cameras that closely resemble the range-finders; but these cameras are difficult to focus accurately for close-ups & should be avoided!

THE LENS: A good quality

avoided!
- THE LENS: A good quality
lens is very important. It should lens is very important. It should be a <u>multi-element</u> type, not a single-element (only one piece of glass). This helps pictures to have sharp focus from corner to

corner. "Coated" lenses are also best. The above makes of cameras also make good lenses. For best results stick to well known & proven brands, not "off brands" FILM: As M&M suggest, stick to medium-speed films of 80-125 ASA, whether for black-&-white or colour. Examples of such films are Kodak Plus-X & Ilford FP4. Faster films like Kodak Tri-X (400 ASA) should generally be avoided as the photos taken in bright light tend to come out "grainy" or "washed out" in overcast lighting. SHUTTER SPEED: As M&M suggested, take nearly all your poitures at no less than shutter speed of 1/60th of a second, & hold your camera steady. Even at 1/60, if you jerk the camera while clicking the shutter, you'll blur the picture. To avoid this, relax, hold the camera firmly & squeeze the shutter button gent-ly. If light permits, you can use a faster shutter speed such as 1/125th of a second, & open the

BACKGROUNDS: Try to keep the background that you do have in your pictures simple uncluttered & artistically pleasing. Get as close to your subject as possible to eliminate unnecessary background to avoid anything distracting or unrelated to your subject or the story you're trying to portray. Remove distracting or unrelated to your stracting objects or change the position of your subject or the angle from which you take the picture. Light-coloured backgrounds are often good for subjects with dark hair &/or clothing, & darker backgrounds for those with blonde hair &/or clothing, & darker backgrounds for those with blonde hair &/or clight clothing, for contrast. Natural settings, such as grassy hills, sand dunes, sea & sky etc. can be good for portrait shock. Astural settings, such as grassy hills, sand dunes, sea & sky etc. can be good for portrait shock fire you can stall should be the main message & the background should just complement or enhance this.

LIGHTING: Don't shoot into the light if you can help it. If you must shoot into the light if you can help it.

You must shoot into the light ir you would shoot into the light if you can shelp it.

You must shoot into the light ir you would shoot into the light if you can shelp it.

You're good at figuring, you can make the flash exposure match the background exposure so that you can get both the sub-

ject & background showing un clearly in your pictures. (This little trick is easier with a range-finder camera than with an SLR, because most range-finder types can take flash pictures at any shuter speed; whereas SLR susually have a different kind of shutter.) The best exposure for this is to use a flash exposure that is one f-stop less than the exposure for the surrounding daylight.

PORTRAIT LIGHTING:
Some of the most pleasing portrait shots come from using the soft natural light of late afternoon or early evening sunificity, or the soft lighting of open shade, rather than the somewhat harsh shadows of the mid-day sun. Bright hazy days are often good as well. Remember to give more exposure than usual for very late afternoon shots: Try 8/15.6 or 1/4 at 1/126 for shots taken less than an hour before sunset. (For other types of portrait lighting, exposure times are given in the section "The F-Stop".)

COLOUR PICTURES: 16.--

PRINT PROCESS ISN'T TOO GOOD, if you don't like the quality of the black. & white prints you are getting, you may even find that you are better off taking colour pictures, if all else fails, as these may be sent off to an automated lab that will give better results, tho' at a much higher price. (Or learn to develop & print your own b&wl By the way, if at all possible, get your photos printed on brilliant or shiny paper, rather than matte, for better publication quality.

TIPS FOR AMATEURS From a Tourist Guideboo

1. MAKE SURE YOU REMOVE THE LENS CAP before shooting. (If you don't, you don't get any pictures!)
2. KEEP YOUR PICTURE EDGES STRAIGHT. Do this by lining up something vertical in the scene with the side of your viewfinder.

directly across your viewfinder. So DON'T JERK YOUR CAMERA or the snap will be blurred. You can avoid this by keeping one foot forward of the other & by holding the weight of the camera in the left hand so that bright is free to squeeze the shutter carefully. Practise squeezing the shutter when your camera is empty.

4. TIPS ON USING A BUILT-TIPS ON

taking pictures in the whitewashed villages of Spain, Italy,
Greece etc., remember that the
white walls reflect more light
than the rest of the scene (beach
scenes too). Your meter will
read the brightness of the background & your subject will come
out too dark. What you must do
is always take a reading from the
subject you wish to photograph.
If you can't get close enough to
someone to measure the light on
them, place your hand 6-9 inches
(16-24 cm.) in front of the camera
meter eye so that the same light
falls on your hand as on your subject, & take a reading from your
own skin tone.

5. If YOU'RE PHOTOGRAPHing fast action like skiing, carracing etc. remember that unless
you have a very sophisticated
camera with very high speeds
(1/500th of a second or better),
you cannot stop action going
directly across your viewfinder.
It will be blurred. Try to position yourself so that the car or
skier is travelling at an angle towards you. If you can't, pan the
camera with the action as you
take the picture.
6. IN PHOTOGRAPHING PEOPLE, DON'T BE AFRAID TO
GET CLOSE. Most people don't
mind, or if they do they'll simply
say no. (But Moslem Arabs have

Photos-God's Set-Ups! A Poem by Tiras Seeds, MWM Photographer:

After taking many pictures
I finally began to see
That the perfect picture's
Not in you, the camera nor in me!

A picture's like a painting And your brush is in your hand But to get the masterpiece you seek You first must understand

That <u>God's</u> the One who sets the scene,
The action and the time
<u>He's</u> the stardust in the faces
that makes the photos shine

You can try to take a photo, Say "Cheese!" & count to three, But if it is not the will of God, All of us will see-

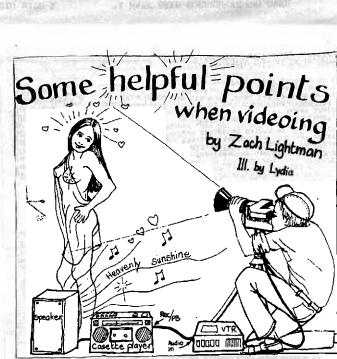

Just another stack of pictures That never said a word Like a child that never learned to talk

He simply wasn't heard. To take your camera in your hand Then stop & say a prayer And if it is the will of God Your picture will be there! Then remember the Letter

"Pictures

"Fictures"
And Dad's helpful hints to you
And as Jesus said, "Greater works
Than these shall ye also do!

Happy Photo Taking! Smile! Squeeze Don't Jerk! Love, Tiras (Amen! PTL! GBY!)

SOME HELPFUL POINTS WHEN VIDEOING by Zach Lightman

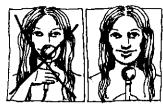

March 11th, 1982

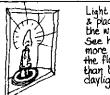

SOUND: Find a <u>quiet</u> place when you are making interviews. When someone is giving their testimony, good sound is the <u>most important</u>.

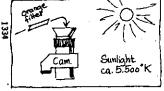

The years I worked in TV (11 years), most of the problems were not with the lighting nor with the camera, but with the sound, to find a place ouist enough with not too distracting background noises.

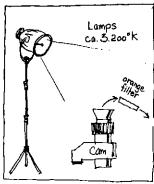

God created us with two ears, and with them we can pick up sound from a certain direction, even if it's noisy around us. If you hear only on one ear like our son Johannes does, it's difficult to separate different sounds when it's noisy - and so it is with the microphone too.

Light a candle a place it in the window... See how much more yellow the flame is than the daylight.

Try to find a <u>quiet</u> place when someone is talking to the camera - unless you are commenting <u>live</u> action.

The VTR's we are using have autonatic level, and every little noise where you are with the mike gets sucked in and recorded on a certain level, so use the sike close to your mouth, but don't hide your mouth behind the mike - hold it just underneath your chin.

CAMERA & LIGHT

General was measured in Calvin.
Heaven (extreme blue) has got up to 26,000 °K.
Lampe under 100 watt has got an ertimated 2,000 °K.

mated 2.500 °K.

The eve doesn't see this difference as clearly as the camera. The camera we are using is adjusted for artificial lighting at an estimated 3.200 °K, while the sunlight has an estimated 5.500 °K.—So whenever we take the camera guitaide, we need to make the daylight (which the camera sees as plue) a little more red or lover in Kelvin, and for this, we put on an orange filter in front of the lans. Some camerae have built in filters and you adjust them equally.

When we are Tilming" with lamps.

When we are filming, with lamps, take off the grange filter, as the camera is adjusted for lamps which hold a light temperature of an estimated 3.200 %, or switch the camera to artificial light,

BLUE FILTERS FOR THE LAMPS IN DAYLIGHT.

Filters are made by "Lee" or "Rosco". (Flame resistant can take more heat.)
Blue filters are graded; full blue, 1/2 blue and 1/4 blue.

1/2 blue and t/4 blue.

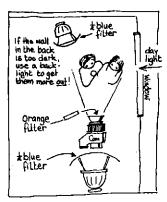

For "filbing" for example in a

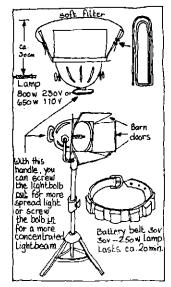

room with daylight, and you use the
daylight as your main light, you'll
possibly need one lamp to lighten up
the dark areas, to make the contrast
between high light and low light less,

Use the <u>orange filter</u> on the <u>camera</u> as you would when "filming" outside, and on the <u>lam</u> you put a sheet of <u>1/2 blue</u> in front of it.

For the camera we use it seems like full blue is too blue. On the shot of flone Spencer in front of the window inside her carevan in "My Day Begins and Ends with Kide", I used full blue on the lamp (800 w.). The

- - -

lamp was about 1 meter's distance from her, the lamp has to be that olose in order to balance out the light on her face compared to the light in the window behind her, for face was a little too blue, 1/2 blue on the lamp wouldn't have had to be olose to her face, as 1/2 blue le more light through. 1/2 blue makes the colours a little more red, but not too distracting.

The filter should be an estimated 30 cm awey from the bulb - too close makes it melt or turn brown in the hot spot. Also do not use two filters together as they will melt and stick together.

You probably will not be able to buy these filters in a phato shop, ask for the importer, or go to a film or TV studio (or a theater), as they always have some pieces of filter laying around.

SOFT FILTERS ON THE LAMPS

SOFT FILTERS ON THE LAMPS

Pilter we use: Lee "Heavy Frost"
(Peter: "I was vondering if it
would help to hang tracing paper 5
feet in front of the lights so that
the light is diffused through the
tracing papers) "Maybe so, I don't
know. That is probably why they use
those special panels on TV lights, a
grest big translucent thing in front
of the lights," (Mugehots, 979:41)

In the early days of TV we used
(Kalker Paper, the same kind architects use) tracing paper, but watch
out, it can gasily catch fire if it
gets too hot, as it did for me once
when we were filming old vixing gold
and silver brooches in a museum the
museum is still there! (see "Lightsetting).

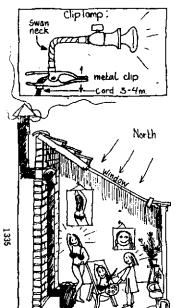

LAMPS

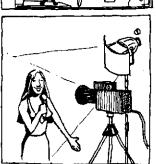

LAMPS

The lamps we use are "laniro" from Italy, called "<u>Med heado</u>" in England, The lampstands from "laniro" go up to an estimated height of 2,5 meters.

These lamps we also used in TV, each lightman had 4 of these lamps and when out travelling, we could do a lot with them. (It is also possible to get a 50 volt - 250 watt bulb for this lamp and connect it to a 50 volt battery).

In the early days of TV in Norway we didn't have much money for buying

equipment, so we made lamps ourselves. called a "Cliplamp", like this:

called a "Cilplamp", like this;
You can get lamps with mirrors
from 50 to 500 watts with an E27
secket, 250w - 500w lamps with mirror
are made for photography and has a
colour temperature of '.000 K 3,2000 K. The smaller lamps have a
lower colour temperature, but are
useable, An interview done with two
100w lamps where the fuses are small
could do it, - "take it or leave it".

LIGHT SETTING

LIGHT SETTING
The old painters used to have their light in their steller coming from the north, which cave them the same soft light all throughout the day, (even the first photo atelibre were like this without any sunrays, just the soft reflected light from a cloudy sky, or the soft blueish light from a cloudy sky.

The soft light is also best for colours - less contrast gives the best colours (with the correct exposure).

1) Let's take the simplest form of

colours (with the correct exposure).

1] Let's take the <u>simplest</u> form of lightestting, with <u>one person</u> in the picture and with <u>one length</u>. The <u>essisst</u> is to <u>nut the lamn on ton of the camera</u>, but if you have a lamp stand it is <u>better</u> to set it <u>beeide</u> it and a little <u>higher</u> than the camera (ab. I meter) so you can get a little more contrast on the face.

One of the older film camera men always wanted a "dip" under the nose, that's the shadow from the nose. When you use "froot" filter on the lamp it will give a smoother line between the lighted area and the shade.

2) If you have 2 lamns, you can

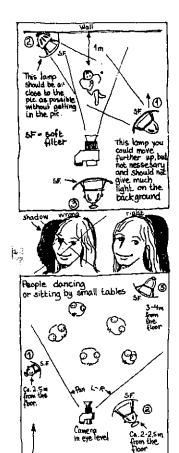

lighted area and the shade.

2) If you have 2 langs, you can set then up like this: Lamp Noi as it is, and lamp No? you set up hehind the person as shown on the drawing, don't let this lamp be stronger than your front light; rather yeaker. This lamp is for lighting up the hair and the aboulders, oo the person gets out from the background and it gives more depth in the picture. The background should be slightly darker than the face. Don't let any light rays from this back light it the glass in the lens, it will make your picture dull.

3) 1 lamps; Watch your watts! Are

your picture dull.

3) 3 lamps: Watch your watts! Are your volts 230 and you have 10 ampère fueus, your fuees can hold: 30 volts x 10 ampère = 2500 Watts, or 110v x 15a = 1650 W. If you go the other way and you want to use 3 lamps of 800 w: 3 x 800 = 2.400 W.- 2.400:230=10.4 amp.

for this light be sure it reaches all couples Actors might cooperate

So using 5 lamps on one 10 amp. line, if nothing else is hooked up, may last for 1/2 hour or so, but to be sure you don't blow your fuses. Connect 2 lamps to one set of tuess, and the third lamp together with your VIR and canars on a second fuse line.

So if we have the same setting as before (see no. 2) and add a third lamp to it, place it behind the camera, and just high enough above it so that you don't see the person's ahadow on the wall behind him. This will lighten the shade in the face and give brights sign. Now you can move lamp Not a little more to the side of the person in the picture, if you wish to paint a little more contrast in the face.

As you can see from the illustration the person is sitting about 1 meter away from the back wall, so he/Shadoem't give any shadow on the wall. If he/she casts a shadow, make sure that the shadow is behind his/her head and not behind his/her profile. Place the person at a slight angle to the camera, and place lamp No1 at the same angle. If you prefer the person to sit angled the other way, Lamps No1 and No2 have to be moved accordingly.

LIGHTING A GROUP OF PEOPLE

LIGHTING A GROUP OF PEOPLE

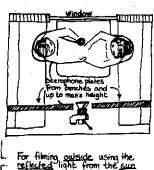

Mine shooting shots like this, and the camera is on eye level and you are soomed out to wide angle, you'll get long skinny legg, the wide angle shows a picture out of proportion, so don't dwell on wide angle too long, but as soon as you have established the situation, zoom softly into "2 shote" (two people) and keep the zoom in and only change the focus as you pan slowly to the different couples.

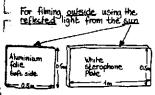

to the different couples.

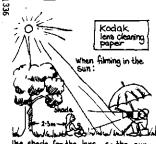

Lenp Noi should not be so close that it burns out the people closest by, and gives too little light to those furthest away, if you concentrate the lightbeam and pull the light back, it will give more equal light to the whole group. Lamp 2 should be the main light you expose your picture with, the couple in the back gets less light from this lamp but more from Noi. Lamp Noi se effect light to "draw" or lighten out the actors from the background. It must be high enough from the loor so that you don't get the last in the lens when penning around.

When "filming" people with glasses.

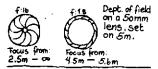

When "filming" people with glasses, use soft light from the side, so the lights don't reflect on the glasses.

A way to get soft lighting is using
the reflected light from a lamp via
one white strofoam plate. It gives
acfter light than with soft filter on
the lamp, but it gives less light, as
the light is pread out and has to
travel almost twice the distance (from
lamp to plate, from plate to subject).

CAMERA

CAMERA
Always have a clean lens (no finger prints) and clean filters to get sharp pictures - we use Ecdak Lens Cleaning Farge.
Common in water on Triord makes the horizon straight and the vertical lines not crooked.
Background is important. Try to find a background that is quiet and restful to the eye.

a background that is quiet and locate to the eye.

when the people you are filming are sitting down, go down with the camera too, try to keep the remera at you level of the purformers.

Gleer people need sore light when they read than the younger, more light makes the iris in the eye closs more, and then the eye sees better and sharper, the camera lens works the same way.

when you are filming outside with little light (for instance around sunset), which we did with many of our girls dancing, you have less light to work with, and this gives you less depth-marmenss in the picture. This has the advantage that the background gots more out of focus and makes the constantly watch your focus.

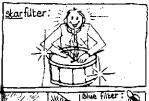

Talking shout filming dancing girls

Talking about filming dancing girls, in "Glorify God in the Dance", we "shot"

most of them in the forest in the shade with heaven light or low nun from behind them, if you have more light from the back than front, you see more through the gowns!

AUTOMATIC EXPOSURE

AUTOMATIC EXPOSURE

Filming against derk background under low lighting conditions will make the "underexposed" leap in the viewfinder light up while someone in a light gown actually will be giverexposed! To avoid this, before take, you zoom in so that the face this meet of the picture, when the automatic exposure shows normal exposure, out out the automatic exposure control and let it stay in this position, then shen you soom out, the dancer should be correctly exposed even when the underexposed light is on.

When making a close up or portrait

when making a close up or portrait
try to remember that the even and the
mouth is the most important, so for a
nice pic let the eyes stay in the upper
half of the picture during the interview
or testimony. Don't use the zoom too
much, it's more interesting to see the
expressions on the face in a close up
than to be distracted by a cook going
in and out, unless momething happens
that is interesting.

Filters, We are using Sockish from

Filters: We are using "Cokin" from Parls, France, but there are all kinds of brands.

Starfilter: We shot all of Christmas Preises with star filter, the best effect and no Drumer Boy" where the evening sumis reflected in the drum and the star filter is breaking the light rays in a star effect. Many of the dancing girls also had starfilter.

Nicht Effect at Day, Exterior, Take

Night Bifect at Day; Exterior: Take off the orange filter, or set the came for artificial light, put on a blue filter and slightly underexpose, we used this effect on two songs in "Christmas Fraises": "Light One Thousand Christmas Lighte" and "Run with Torches".

A close up lens in front of your soon lend gives you an opportunity to use the zoom when filming stills set. With a good close up lend you'll get closer than with the Macro that is on many zoom lenses.

As in all aspects of life, film and TV recording works the best with people involved being positive and snowresting each other, and the lord will give you ideas as you go.

Happy videoing for Jesus!

POSSIBILITIES OF COMMUNICATING IN THE FUTURE! via Apple Computers & Shortwave Radio.

From Joseph Daniel; S.E.Aria:

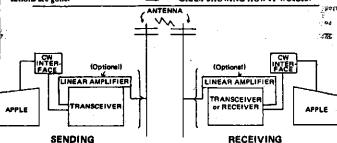

§ LOVE YOU ALL SO VERY MUCH! 1
am writing this letter at the request of Ho
& Ruthie concerning information on a
possible way in which the Family could
continue to communicate and, most impo continue to communicate and, most impant, receive the ML's in the difficult time ahead when all other means of communications are gone.

I HAD DISCUSSED WITH HO & RUTHIE THE POSSIBILITY OF USING APPLE COMPUTERS to transmit the ML's & various other correspondence & info via telecommunication (moderns & telephones), but Ho reminded me that more than likely, these resources (telephones) would be unavailable in the soon coming war. Ho then asked me to check into the possibility of using shortwave radio to transmit the ML's etc., from one Apple to another in various locations in the World (say from South America to H.K. for example).

WELL, PTLI I HAVE VERY GOOD

NEWS. IT CAN BE DONE, in fact the equipment necessary to do it is available

remo. 11 CAN BE DONE, in fact the equipment necessary to do it is available here in Hong Kong! TYJI
THE FOLLOWING IS A SIMPLE DIAGRAM SHOWING HOW IT WORKS.

A SIMPLE DESCRIPTION OF HOW IT WORKS IS that the CW Interface converts the binary digits (0 or 1: On or Off) generated by the computer into Morse code. In other words, if we were to transmit a new ML for example, internally the computer converts this into binary digits, then the CW Interface converts this into Morse code on the sending end. Now on the receiving end the CW Interface converts the Morse code back into binary digits which would then be understandable by the computer & could be printed out as a new MLI PTL! Of course, this is all transmitted & received via transceiver & antenna. This would also be a very safe & secure way of doing it as

the signals being transmitted could only be interpreted by an identical CW Interface & computer (Apple) at the receiving end. By the way, the linear amplifier is optional as it is used to boost the signal, but according to the saleman I spoke to, these IC-720A HFtransceivers should be sufficient.

FINALLY, I WANTED TO SAY THAT

FINALLY, I WANTED TO SAY THAT
I LOVE YOU ALL SO VERY MUCH &
hope this information will be of help. PTL!
GBAKYIJN! xoxoxox!
P.P.S. I might mention that with the use of
the right hardware & software with an Apple
we could also transmit pictures & cartoons.

HOW TO USE HWW MUSIC TRACKS by Jeremy

GBYANYINN Lord willing, the Local lokel Yocal units will be receiving, or may already have tape copies of the Rusic Tracks of the most under songer from the Maw radio shows. These tapes have been recorded on a 1/2 track tape recorder (sometimes called 2 track). Now I need to first explain a little about the difference between tape machines. There are 1/4 track/2 channel machines, 1/2 track/2 channel machines and full track/4 channel machines and full track/1 channel mono machines. (The following diagrams show the playback "heads" of these various recorders).

Z-Tack/2-channel

#Track /2- channel

4-Track/4-channel

full track/1 channel

In the professional recording studies they go from 8 - 24 and even 32 channels, and over but we don't have to go into that. The most we use is 4 channels.

A 1/4 track/2 channel machine enables you to record 2 tracks in stereo on one side of the tape, turn the tape over and record 2 channels in stereo on the other side. This is very convenient for saving tape, but most recording and ratio studies use 1/2 track as a standard because there are many technical difficulties involved when playing tapes made on various 1/4 track machines, for instance, if a record "head" on a 1/4 track tape recorder is even a little out of line, the tape may sound perfectly allright played back on the same machine, but can suffer a severe loss of tone and volume when played on another 1/4 track machine. Compatability of tapes is much better between 1/2 track recorders and slight alignment difficulties present only shimum inconvenience.

I should explain now the difference between a 1/4 track (or 4 track) tape recorder and a 4 channel tape recorder.

A 1/4 track and a 1/2 track machine records and plays 2 channels at a time, and 4 channel machine re-

cords and plays 4 tracks at a time, (but in all cases you can record and play back each channel serving the play back each channel serving the play back each channel serving the play of track should be played on 1/4 track should be played on 1/4 track should be played on 1/2 track and so on. It is conceivable however, to play a 1/2 track tapes should be played on 1/2 track and so on. It is conceivable however, to play a 1/2 track tape on s 1/4 track machine, but there are so sany corrections required, that it would be elapler to gain access to a 1/2 track suchine. I hope this basically explains the differences between the various open reel tape machines.

After all this, I should probably go on to explain how to une the music tracks, which is really the purpose of this little class!!

These music tracks are sparsted onto 2 tracks: track i being the basic rhythm section and track? being the additional background and sole instruments, You will need to copy these tracks down to?

Channels of your 4 channel machine. leaving 2 channels open on which to record the local language vocula Some of you may have a channel "Porta-Studio" and you will have the same facility of being, able to use the 2 remaining empty tracks for local language vocalines of the "Porta-Studio" and you will have the same facility of being, able to use the 2 remaining empty tracks for local language vocalines of MM songs uning the music tracks they have received.

Even if you don't have a 1/2 track mother, almost any little radio studio should have one, and it would be worth hiring it for a couple of hours if possible to copy these basic tracks they have received.

Even if you don't have a 1/2 track mother almost any little radio studio should have one, and it would be worth hiring it for a couple of hours if possible to copy these basic tracks onto the perticular machine you are to use.

Needless to say, plays hands any l

NOTE HOLDEN NEWALE!

Dear Family, (from Davida Love; Indonesia)

OBTI Having had a few experiences with my children entohing worms, I fall burdened to these superiences of leasons in the hope that it may help other along this line, speakily have then along the line of the tropical, not-mo-bygenic countries.

It all started when my (them) 24-yr-old began complaining of tunny cables of the tropical, not-mo-bygenic countries, (as he wasn't able to tell me - hal), but he had always been quite a fussy baty, a stifffoult, demanding toddler with a very small apparite, but when he becase shie to express hisself, he began complaining of tunny-colone, unually just after, or even during a seal. Pure and Safe Water

Pure—and Safe—Water

(taken from "Newsweek" magazine, 1/19/81)

CHLORINE—WHITTHER USED IN TABLET-SIZE DOSES
OR IN LARGE QUANTITIES for municipal-treatment
plants—has long been considered one of the most
effective ways to disinfect drinking water. But
a U.S. study released last month concluded that
chlorinated drinking water appears to increase
the risk of some types of cancer by 50 to 100
per cent over a person's lifetime. Iomech, Ltd.,
of Toronto, Canada, believes there is a safer &
more effective way to purify water—using iodine.
The company is marketing lodinator kits that release minute amounts of iodine into water supplies. The iodine treatment is said to kill all
known disease-causing bacteria or viruses in
water without posing any health hazaris. Moreover, the firm claims that the iodinated water
has no taste or odor & no harmful effects on
plumbing, clothing, pets or plants. Highly iodinated water can be used as a sterilising solution to sanitise dishes & farming equipment.

Prom Zattu & Anne; Latin America:

HERE IS A TIP THAT HAS REALLY
HERED US A GREAT DEAL WITH TUNGUS
RASHES which are so common here
in the tropics. A country gentleman whose mother was a country
doctor told me of washing the affected area with straight vinegar,
then rinsing with fresh water. I
also learned a little later on
that sulfur is an excellent natural anti-fungal remedy. So now
when I get attacked with these
fungi I wash the affected area
with vinegar, follow it with a
sulfur soap, then add sulfur ointment, & it works better than anything I have ever found by prescription or otherwise, as God's
natural remedy. And both vinegar,
sulfur soap & sulfur ointement can
be purchased almost anywhere in
the World very cheaply.

Food Purchase & Preparation In The Tropics

E FROM MIRJAM DUTCH; INDONESIA:

In regard to food--purchase, storing and preparation--1 can only share what our experiences have been in 5 years in Indonesia with 5 children. The main thing, of course, has been to follow Dad's advice in the Letters and the Basic Health Rules--that, coupled with daily prayer, is what keeps us healthy, despite anything else!

When you first visit a pasar, it will just make your eyes swime to see such a great variety of new and exotic foods. My first visit, I was accompanied by an older Indonesian who explained to me the name, English equivalent, and approxim price of about 50 different items. I wrote this all down and it became my dail reference whever I made a shopping list for the maid.

Indonesian maids can be very willing and sweet, very creative cooks, but they do need help in learning to balance meals, providing enough yellow and green vegetables, proteins, etc. So I usually plan the meals for them. We don't exactly eat "typically Indonesian" as that would probably be too spicy and too greasy for the children. Rather, we enjoy taking the natural, healthy Indonesian foods and adapting them to the good standard we know in the Family.

One thing with the cooking: Watch out for MSG (Monosodium glutamate), which is now banned in America but sold here under various names--Ajinomoto, Sasa, etc. The maids love to cook with it, but it has been medically proven to be bad for your health. One sister's hair began to fall out from it. Also, teach the maids to buy only top quality oil **Sparingly**, and teach them to drain the oil from fried foods.

As maids are not so familiar with meat and fish in the quantities we are accustomed to consume—Papa Ben usually takes the shopping bag in hand early every Tuesday morning and buys all the protein for the week. We usually eat fish 2x a week, meat 3x a week, and liver 1x a week and have one "tahu &tempe" meal a week. We eat eggs daily (one per person) but these are purchased in our neighborhood. Ben usually has to watch the meat—man closely and has even had occasion to reweigh the meat—they can be tricky fellows!

As Indonesian meat can be tough, and the children refuse it when it is string we usally have 2 portions of the meat ground at the market after we buy it. If you can break the meat fibers with your thumbnail, it is still fresh meat. Just "red and bloody" is not always a sign of freshness, as the meatman will use red dye sometimes (especially on the liver!).

We always buy sea-fish-it is usually safer and cleaner. We have found fresh-water fish to be risky. We usually buy kakap or tongkol-clean fish that have a lot of meat and few bones. We usually buy fresh-cut pieces because when you buy a whole fish, you must also pay for the weight of the head (which Indonesian eat!) Fresh fish will still have a salty, sea smell and the meat will be firm to the touch. (Make sure the first yew eat is clean - must have fins and scales but!)

We usually store the meat and fish in the freezer--which is a real blessing. The maid usually buys fresh vegetables and fruit daily. I try to teach the maids to washtheir hands before handling the food. They also have to learn

to take care of the food from the market right away, wash and store it. Otherwise the dirt from the market can mingle with the dishes and counter-tops of the kitchen. Yegetables that will be peeled or cooked are simply washed well and stored in a special container in the refrigerator--except for potatoes which rot when wet.

<u>Tomatoes and lettuce--anything that will be eaten raw and unpeeled--are washed carefully</u> leaf by leaf in order to get rid of the dirt and then soaked in preboiled water with 2-3 drops of bleach in a container. I usually have to do this myself as the maids don't seem to understand how important this is for us and can't be really consistently trusted to do it well. GBM, they are sweet and do their best.

their best.

Maids also have to be taught to be conscious of flies--keeping meats covered, closing doors, disposing of trash correctly--keeping trash bins clean, etc. It helps alot that we have all the windows screened and also the kitchen door.

With my children, I have found that they lose their appetite in hot weather. So I try to make sure that they have a good, nutritious breakfast about one hour after they get up--milk, eggs. w.w. bread or a nourishing cereal, etc. At this meal, I find that they eat the best and get most of their vital nutrients for the day. For lunch, they eat rice, meat, vegetables, fruit-followed by an afternoon snack of w.w. bread, tahu pudding, or fruit. And in the evening they are usually not even in the mood for a meal--just a glass of milk or a piece of fruit.

Being in such a humid, moist climate, it is difficult to store food for long periods. It has been really helpful to buy our rice and whole-milk powder in 25 kg, bags and they keep well for up to 3months. I usually buy our cleaning aids and tolletry supplies on a 2 week's basis--as I found that is cheaper than buying them in a little shop nearby whenever we run out.

When you first come to SE Asia, you might need to be more careful as your body is still adjusting and acclimating. Be sure to watch your water supply when you move into a house--check that the water is good--you can save yourself alot of the problems that we experienced.

Also be careful when you are eating out--usually it will be the dishes and glasses and utensils and the poor cleansing habits that will contaminate the food and drink. We hardly ever buy drinks out; only bottled drinks or hot tea. Food that is left standing, open to flies, is always questionable--especially raw fruits or vegetables. Never buy such food in the streets.

The best foods are those that are still steaming hot from a lidded container or even freshly fried. Such dishes as Nasi Rawon, Soto Ayam, Sop Buntut, etc. are healthy, not spicy, and enjoyed by children. When on the road, we still tried to eat breakfast at "home", by borrowing a kerosene cooker, and buying eggs and cereal from a pasar. We would generally eat one hot meal out, usually in a rumah makan or a retaurant.

In the tropics, it is easy to develop anemias, especially after a few years. Especially Vitamin B complex and from deficiencies are easy to develop. So it is important to keep up your intake of these nutrients from good food and maybe also a vitamin supplement.

I hope that these experiences and tips will be a blessing to you as you become acquainted and settled into this wonderful field where the harvest is truly white unto harvest. "Only one life 'twill soon be past, only what's done for Jesus will last".—but you'll only serve Jesus as long as you last! So make it last with good health: GBYAKY! ILY!

GOD'S GUARANTEES

by Bani Ali

Won't you please leave the nuclear North behind Come South, escape that nuclear breeze For many new friends you will find These are truly God's Guarantees. You know it's really getting late You haven't much time left to wait To obey and leave the nuclear North It's high time to venture forth! The darkened clouds are forming The tell-tale signs are come And it's truly red with warning For what's been said must be done. For soon the hour will be here The final curtain draweth near Please move South-It's so clear To save your lives and all those dear... All your children & your loved ones All your family & friends
For the Lord will go before you And be with you till the end.

Do not fear, just trust and believe That He'll care for His very own If you'll only by faith receive
His loving warning we've been shown.
For a new world does await you
A refuge from the coming storm. The harvest is great, the workers so few Won't you also come along. Won't you leave the nuclear North behind. Come South, escape that nuclear breeze
For many new friends you will find These are truly God's Guarantees.
