

Children's Corner!

"YOU'RE LIVING GOD'S LOVE!"

From Robin & Susan; Pacific:

Recently we went to sing at an old folks home near us. A few days later we got the following letter from one of the ladies there:

"I want you to know how impressed and happy we were with you and the children when you so kindly came. It was beautiful.

"The children were so well-behaved & got along so well with each other, each caring for the other. I thought that was so marvelous!

"As the oldest child said to me, 'We must share God's love'. How can we thank you enough for giving us so much joy? The cookies you brought were delicious and the children shared them so nicely.

"You're all doing and living God's love and are giving your children the true Christian training. God love and bless you all. Happy New Year! Continue your good work. Sincerely, C.B."

This letter encouraged us to do more for the Lord with the children, even tho' they have not had much experience in singing and performing. PTL!

'Be Ready To Give An Answer'

Here's a good way to answer 'problem letters' in your Mail Ministry!

("And be ready always to give an answer to every man that asketh you a reason of the hope that is in you with meekness & fear"—1 Peter 3:15.)

(M&M recently received a letter from a friend of some Family members in Latin America. He told how he loves the Family very much & that he believes we are doing a great work, but that he cannot bring himself to accept the doctrine of FF'ing, citing the Scripture Mt. 5:28 in which Jesus said that if you look upon a woman to lust after her you've already committed adultery in your heart. The following is a reply sent to him by M&M's personal secretary—a good sample in dealing with such problem letters:)

Our Dearest Sir,
GREETINGS IN JESUS' PRECIOUS NAME with much love from Mo & Maria. Your recent letter was much appreciated as well as your loving friendship with our Family.

AS HAS BEEN WRITTEN IN A RECENT LETTER (No. 799), "If you find a whole bunch of scriptures that say so-and-so, but then you find one little passage that seems to say the opposite, then what are you going to accept?—The preponderance of the Scriptures!—Right?"

SINCE YOU ARE A DEVOUT MAN OF GOD YOURSELF & very familiar with the Bible, you can probably recall countless Scriptures telling of the Love of God which we should give to others. What more can we

say than what has already been said?

WE THANK YOU SO MUCH FOR REMAINING TRUE to your friendship with our dear sister & family in spite of this one particular difficulty. This is a sign of true love & loyalty to your personal relationship which is met with our sincere gratitude & admiration.

REGARDLESS OF OUR DIFFERENCES, may we all be joined together in His Service & Love for lost souls which we are called to reach to the best of all our God-given abilities. May God bless you in all the countless things you do for Him & enrich your life continually with His never-ending Love. Love in His Service, Keren (for Mo & Maria).

We Need Those Catacombers!

(Ed.: A catacomber is a member of the Family whose only contact is with a Home or other member in his local area & who does not report separately as a TRF or an IRF.)

From Jonah & Abigail; N. Europe:

WE WANT TO TELL YOU ABOUT OUR 2 CATACOMBERS, Bert & Johannes, who have been so faithful & loving that they have convicted us on many occasions.

BERT, AGE 32, IS SUCH A RADICAL FOR JESUS! Recently he went to a Scientology meeting where he met a sheepy lonely girl who had gone there for the 1st time. He FF'ed her & when he brought her to us for a visit, she received Jesus & the Holy Spirit! Now she is so turned on that Bert is going to live with her (she is a radical

art teacher with an 8-year-old daughter). Bert has the vision to really teach & take care of her daughter. When we decided to hit the road, Bert gave us a car & a big donation to help us get started!

JOHANNES, AGE 26, OUR OTHER CATACOMBER, helped us by fixing the car, giving it a complete tune-up & winterizing it, paying all bills himself. GB'M! He also gave us a donation to help us get under way!

WE SURE NEED OUR CATACOMBERS! They've helped us in so many ways at many different times. Even tho' they don't live in a Home or may not be "serving the Lord full-time", they have sure stood in the gap for us many times, providing us with inspiration & needed material help & fellowship! They do what we can't do. We love'm & need'm! Love, Jonah & Abigail.

Faith Overcomes Fears of Man!

"CAST NOT AWAY YOUR CONFIDENCE (IN GOD)!"—He. 10:35.

A birth testimony from Peter & Sarah Piper; N. Europe:

MY WIFE & I RECENTLY RECEIVED A BEAUTIFUL BABY GIRL from the Lord & wanted to share the testimony with you all. Sarah's pregnancy seemed to be going quite well, & every sign at every point indicated that her pregnancy was a healthy & normal one.

THEN SARAH VISITED A DOCTOR who was the proud possessor of mountains of new machinery to measure everything imaginable, both inside & out. A little later that day when I came home, there was Sarah in bed looking & feeling terrible!

"WHAT HAPPENED?!" I asked. She said that the machines had revealed that the baby was too small, that her iron was too low, her sugar too high & that she was suffer-

ing a host of other deficiencies, abnormalities etc. etc.

HOW COULD IT BE that the day before she had been so healthy & happy, but today she was such a wreck! The worst part was that the doctor warned Sarah that if future tests did not show improvement in these areas, there was a possibility that the baby would have to be delivered by surgery prematurely!

WELL, WE GOT A FUNNY CHECK ABOUT THIS & began to pray to ask the Lord's opinion. He had spoken to us on the night of conception, & it had been so encouraging that we know He would not now disappoint us! The Lord assured us that He was still in control, & the conviction grew stronger in us that He was not going to let us down.

WE THOUGHT IT BEST TO ASK THE OPINION OF

ANOTHER DOCTOR who, with simpler, older & more natural methods of examination, could not see the horrors described by the previous doctor's machinery.

SO BY FAITH WE TRUSTED THE LORD to bless the baby's growth & Sarah's chemistry, & in prayer we asked Him to take a very active hand in the remainder of the pregnancy. PTL! A few weeks later little Katja-Maria was born naturally & healthily after only 2 hours of strong labour!

SO DON'T LET MAN'S FEARS CAUSE YOU TO CAST AWAY YOUR CONFIDENCE which has great recompense of reward, for our God is far greater! He is the great God of Love & mercy who does deliver & Who will yet deliver! PHN! Love, Peter & Sarah Piper.

Here's one for your wall, Dad! Love, Rebecca

CORRECTION

From the Editors:

IT WAS BROUGHT TO OUR ATTENTION that the suggestion in the "Be Prepared" survival class in FN Mag. No. 16 about using household bleach as a way to control odor & disinfect toilet wastes, should be corrected. Chlorine found in bleach, when combined with ammonia produced by urine, produces a toxic gas. So, never pour chlorine bleach into toilet wastes. Instead use some other type of strong disinfectant!
