

## Winter Driving Tips!

Ten Helpful Hints for Peaceful Winter Driving!  
—Tips from Europe!

- 1. ANTI-FREEZE:** It is imperative to take care of this before the real cold sets in, to avoid damage to your motor. It's a good time to have your cooling system cleaned out. Usually protection down to -20° C. is sufficient.
- 2. BATTERY:** Cold weather attacks your battery as it is sensitive to low temperatures. Check that the battery fluid is at the correct level, & that the amperage is at the maximum. Never put anti-freeze in the battery.
- 3. TIRES & BRAKES:** Worn tires should be replaced without fail. On ice, snow or an unstable road shoulder they lose all grip, producing the phenomenon of "aquaplaning". Inspect the brakes—bad adjustment can cause the car to fish-tail. Contrary to a popular myth, it is dangerous to slightly lower the pressure of the tires in order to better hold the road. Maintain the pressure advised by the manufacturer, or even better, add 200 gr. to each tire!
- 4. RUBBER MOLDINGS & LOCKS:** Put talcum on the rubber moldings, which could stop

the doors from freezing. Never put oil on this rubber. Put a little glycerine in the door locks, inspect the different lights. Test the heating, the defrosting system, the state of the windshield wipers. Add alcohol or anti-freeze into the liquid for the windshield wipers.

**5. STARTING:** Don't warm up the vehicle while it is stationary, with the choke on full. An automobile is composed of various mechanical units whose movements are complementary. Start up & take to the road immediately, & after a few minutes let the choke back in to avoid premature damage to the motor. Don't go over 4000 rpm until the temperature of the motor is at 80° C.

**6. DRIVING:** On icy roads the braking time is multiplied by 3-5 times the normal distance. Increase the distance between you & the car in front. Never brake suddenly, & avoid having your wheels locked. Drive in an aware manner.

**7. ACCELERATING:** If you try to start off in first gear on

an icy road, the drive wheels turn too fast & spin. In second, however, the power transmitted is weaker & starting is easier. For the same reason it is better to get into third or fourth gear as soon as possible.

**8. STUDDIED TIRES:** Four studded tires are the best equipment. If you only have two, put them on the drive wheels. Break in your new studded tires by driving the first 100 km. at no more than 70 kph.

**9. CHAINS:** Imperative for going over snowy mountain passes. Only put them on when you reach the immediate area & take them off afterwards, as driving on a dry road with them on can damage the axles.

**10. PARKING:** If your car is going to be sitting outside for several days during cold weather, disconnect the battery & cover it with a thick cloth, or better yet take it inside. If the car is covered with snow, leave it there as the snow acts as a thermal cover. Just take it off before you leave. You can get ice off your windshield by pouring salt water on it, the salt lowering the freezing point.

light with extra batteries. \*Small sack of sand. \*One set of tire chains. \*Shovel. \*Supply of non-perishable, high-calorie food such as canned nuts, dried fruit. \*Tools. \*Windshield scraper. \*Transistor radio with extra battery. \*Battery booster cables. **IF YOU MUST DRIVE DURING A STORM:** \*Select both primary & alternate routes. \*Check latest weather info on radio. \*Try not to travel alone. \*Travel in convoy with another vehicle, if possible. \*Let someone know your itinerary, so officials know where to search for you if lost or stranded.

## MORE WINTER DRIVING TIPS!

(From a U.S. Gov't. pamphlet, "Winter Survival" from the Dept. of Energy.)

**KEEP YOUR GASOLINE TANK AS NEARLY FULL AS POSSIBLE.** This will minimize water in the tank & will provide the maximum advantage in case of trouble.

**CARRY A WINTER STORM CAR KIT.** It should contain: \*Sleeping bags, or 2 or more blankets. A stack of newspapers can provide layers of insulation & make a good substitute. \*Two empty 3-lb. coffee cans

with lids. One may be used for sanitary facilities, the other to burn candles for heat. Use a catalytic heater if available. A catalytic heater relies on a chemical reaction to produce heat. (Whether using this type of emergency heat source or your car's own heater, be sure to leave a window open for air circulation. Carbon monoxide poisoning can happen without the victim being aware of it until it's too late.) \*Matches & candles. \*Winter clothing, including wool caps, mittens & overshoes. \*Large box of facial tissues. \*First aid kit with pocket knife. \*Flash-

### 1. WE'VE A MESSAGE TO TELL TO THE NATIONS

We've a story to tell to the nations  
That shall turn their hearts to the right  
A story of truth and mercy  
A story of peace and light,  
A story of peace and light.

#### CHORUS

For the darkness shall turn to dawn-ing  
And the dawn-ing to noon-day bright  
And Christ great kingdom shall come on earth  
A Kingdom of Love and Light.  
Je-ru-sa-lem, Je-ru-sa-lem. Hark how the  
angels sing  
Ho-san-ne in the high-est, Ho-san-ne to  
Our King  
Ho-san-ne in the high-est, Ho-san-ne to  
Our King!

(2.) We've a song to be sung to the  
nations,  
That shall lift their hearts to the Lord,  
A song that shall conquer evil,  
And shatter the spear and sword,  
And shatter the spear and sword!

#### (REPEAT CHORUS)

(3.) We've a message to give to the  
nations,  
That the Lord who reigneth above,  
Hath sent us His Son to save us,  
And show us that God is love,  
And show us that God is love.

#### (REPEAT CHORUS)

(4.) We've a Saviour to show to the  
nations  
Tho' the path of sorrow hath trod,  
That all of the world's great peoples  
May come to the truth of God,  
May come to the truth of God.

#### (REPEAT CHORUS)

### 2. LEAD ON, O KING ETERNAL

Lead on, O King Eternal,  
The day of march has come;  
Henceforth fields of conquest  
Thy tents shall be our home;  
Through days of preparation

Thy grace has made us strong,  
And now, O King Eternal,  
We lift our battle song.

(2.) Lead on, O King Eternal  
Till sin's fierce war shall cease;  
And holiness shall whisper  
The sweet amen of peace;  
For not with swords' loud clashing,  
Or roll of stirring drums,  
With deeds of love and mercy  
The Heavenly Kingdom comes.  
(3.) Lead on, O King Eternal,  
We follow not with fears;  
For gladness breaks like morning  
Where'er Thy face appears;  
Thy cross is lifter o'er us;  
We journey in its light;  
The crown awaits the conquest;  
Lead on, O God of might.

### 3. A MIGHTY FORTRESS IS OUR GOD

A mighty fortress is our God,<  
A bul-wark nev-er fail-ing;  
Our help-er He, a-mid the flood  
Of mor-tal ills pre-vail-ing.  
For still our an-cient foe  
Doth seek to work us woe;  
His craft and pow'r are great,  
And, armed with cru-el hate,  
On earth is not his e-qual.  
(2.) Did we in our own strength confide,  
Our striving would be lose-ing;  
Were not the right Man on our side,  
The Man of God's own choos-ing.  
Dost ask who that may be?  
Christ Je-sus, 'tis He;  
Lord Sabaoth is His name,  
From age to age the same,  
And He must win the bat-tle.  
(3.) And tho' this world, with de-vils  
filled,  
Should threaten to un-do us;  
We will not fear, for God hath willed  
His truth to tri-umph through us.  
The prince of darkness grim-We  
tremble not for him;  
His rage we can en-dure, for-ge pass  
For lo! his doom is sure,  
One lit-tle word shall fell him.  
(4.) That word a-bout all earthly pow'rs  
No thanks to them a-bid-eth:  
The Spir-it and the gifts are ours  
Thro' Him who with us aid-eth.  
Let goods and kin-dred go,  
This mor-tal life a-l-so;

The bod-y they may kill:  
God's truth a-bid-eth still,  
His King-dom is for-ev-er.

### 4. HOLY HOLY HOLY

Holy, Holy, Holy! Lord God Almighty!  
Early in the morning our song shall rise  
to Thee;  
Holy, holy, holy, merciful and mighty!  
God in three Persons, blessed Trinity!  
5. GOD OF OUR FATHERS  
God of our Fathers, whose almighty hand  
Leads forth in beauty all the starry band  
Of shining worlds in splendour through the  
skies,  
Our grateful songs before Thy Throne arise.  
(2.) Thy love divine hath lead us in  
the past  
In this free land by Thee our lost is cast,  
Be Thou our ruler, guardian, guide and  
stay,  
Thy Word our law, Thy paths our chosen way.  
(3.) From war's alarms, from deadly  
pestilence,  
Be Thy strong arm our ever sure defense;  
Thy bounteous goodness nourish us in  
peace  
(4.) Refresh Thy people on their toil-  
some way,  
Lead us from night to never-ending day;  
Fill all our lives with love and grace  
divine,  
And glory, laud, and praise be ever  
Thine!

6. LEAD, KINDLY LIGHT:  
Lead, kindly light! Amid the encircling  
gloom  
Lead Thou me on; The night is dark,  
And I am far from home,  
Lead Thou me on!  
Keep Thou my feet.  
I do not ask to see  
The distant scene;  
One step enough for me.

### 7. HE LEADETH ME! O BLESSED THOUGHT

He leadeth me! O blessed thought!  
O words with heav'nly comfort fraught;  
Where'er I do, where'er I be,  
Still 'tis God's hand that leadeth me;  
He leadeth me, He leadeth me;  
By His own hand He leadeth me;  
His faithful follower I would be,  
For by His hand He leadeth me.

### 8. THE LORD IS MY SHEPHERD

The Lord is my shepherd,  
No want shall I know,  
I feed in green pastures,  
Safe-folded I rest;  
He leadeth my soul  
Where the still waters flow,  
Restores me when wandering,  
Redeems when oppressed. (Repeat last phrase)  
9. HOW FIRM A FOUNDATION, YE SAINTS OF THE LORD  
How firm a foundation, Ye saints of the  
Lord,  
Is laid for your faith in His excellent  
word!

What more can He say than to you He hath  
said,  
To you who for refuge to Jesus have fled?  
To you who for refuge to Jesus have fled?

(2.) Fear not, I am with thee; O be  
not dismayed,  
For I am thy God, and I'll still give thee  
I'll strengthen thee, help thee; And cause  
thee to stand,  
Upheld by My gracious, omnipotent hand,  
Upheld by My gracious, omnipotent hand.
