

time to minister to him but it bears fruit & he is growing. He is in love with Carolina, & this helps him to keep on fighting & come closer to the Lord.

YOUR REVOLUTIONARY LETTERS ARE CHANGING HIS SYSTEMATIC MIND! When Roberto S. is in Tenerife, Carolina meets him often & tries to help him & fill his needs. He starts to get along better with his son now. He tries to make this step of love to try to understand him better.

CAROLINA ALSO MEETS EDMUNDO PRETTY OFTEN, as his wife left him a long time ago. She feeds him with the Letters. We are sorry to report, but lately he has been taking a step back. He got into some other cults & started to stray away a bit. But as you say, "Love never fails!"

POLO IBERIA & CAROLINA STILL MEET each other often. She continues to feed & love him. He still wants to have all the Letters of you & asks for you always. He is now working at the new airport in the South & helps the Family with trips.

PAUL HAMILTON, WHEN HE IS IN TENERIFE, STILL CALLS, & Carolina goes to see him & takes care of his needs. It's sometimes not so easy, as he is not saved yet, but we pray a lot that he will open his heart to Jesus. Paul has good connections with influential people. He talks good to them about the Family & wants Carolina to meet some of his friends.

CARLOS HAMILTON INVITED US LATELY TO HIS PARTY where he invited also the new owner of the Lago Club & all the artists from there & a famous show group that also is on TV. Also some of our old friends from Atlanta were there. We talked to

everyone & did PR. Some of them are very sweet.

THE OTHER NIGHT CAROLINA MET ANTONIO LAWYER (old friend of Sara). She shared a lot with him. He told her he never forgets Sara. He was talking good about the Family. We pray to meet him again.

OUT WITNESSING WE ALSO MEET INTERESTING PEOPLE. In the South of the Island Roser met an old lady, "Angeles". After she received the Letter "Spiritual Communications" she got so interested, because she has had some experiences in the Spirit World. She has very clean eyes. After meeting & visiting her for some time, she received the Lord.

AFTER THIS PRAYER SHE GOT AN INSPIRING VISION where she saw a big & clear rainbow in different colours & we shared the symbol in the Bible with her. She was so thankful that she gave us a very nice & precious stone that means a lot to her. Some time ago she adopted a boy who is now 10 years old. We inspired her to also witness to him.

WE COULD WRITE ON & ON, as we have more inspiring testimonies but we don't want to make you tired reading & reading, but Roser wants to share some more about Pepe & Chelo Artesania. They are growing a lot & are real Fighters. They also have a better & closer relationship to each other & have daily devotions where they read the Letters & pray for every little thing.

BOTH OF THEM ARE INTO FF'ING. Pepe has some women on the line. One of his Fish is an Italian lady who is around 50 years. She received Jesus & the Holy Spirit. He helps her also. Pepe also witnesses to her daughter when they come together.

South or to other Islands for his business, he takes us along so that we can witness & FF all so there. One of the places was the Island of Lanzarote, & we had success in FF'ing. Pepe helps us the most he can financially, which is a big help. The travels are a good occasion for Roser to help him.

ONE OF CHELO'S FISH IS a past Fish of Belen. He fell in love with Chelo. TTL! She takes good care of him thru' feeding him the Word of the Bible, the Letters & gives him classes. He gave a typewriter to Chelo. She types the translations of the Family News in Spanish & helps Juan & Victoria & Esteban as much as she can.

PEPE GOES PROVISIONING with us sometimes to the market. He loves it! When he has no time to go, Chelo gives us her car so we can go. Both of them keep some money for Roser's travel. They love you so, so much & sometimes have dreams about you.

ALL OF US ARE REALLY HAPPY THAT THE NEW BROTHERS came to live here in the Trebol Home. (Rachael is now evicting them! -Dad.) They also have the desire to go out FF'ing, altho' they have children. So we try to work it out in our schedule. But we still think it would be good if some single on-fire girls would come here—especially now when Roser is going to go to another country, & Carolina can have a full-time partner to go FF'ing & burn free as long as she can (like we did it together!). Our personal opinion is that the best for FF'ing would be an apartment in the Center like it worked out in Bahamas.

PAPA, I (ROSER) FEEL IN MY HEART the desire, after all this time here, to go to another field. I feel it is going to

me, & especially after seeing all these needs for labourers in different countries. Changes are similar to dying, but they keep you alive. So after hearing that this change is ok also with you, I have the desire to go to a new country where the people don't know me, like here in Tenerife, where everybody knows me, that I am from the Family of Love. Sometimes it was a little difficult for me to make a more selah FF'ing like you write in the latest Letters.

PAPA, I ALWAYS KEEP YOU IN MY PRAYERS & in my heart, & I remember so much love, so much patience, so much effort, that you gave me when you were here in Tenerife. Thank you so much!

PAPA, AQUI, LAS FLORES SIGUEN SIENDO ITAN BONITAS! como siempre, el cielo,

Itan azul! y cuando el sol se va no hay otros colores mas limpios y luminosos. Con mucho amor, cariñosamente, muchos besos y un fuerte abrazo xxoo

—Roser & Carolina.
(Tk U so much 4 Ur heart-warming report!—We miss U all! Keep up the good work! ILY! —Dad.)

News From Mom! —With comments by DAD!

NEWS FROM MOM:

(DAD: Mom, PTL! GBY!--Thanks for keeping us posted. Glad John is a help to you.--Too bad JT/Deb didn't stay on the field & accept our invitation to serve in Central America or Columbia.--They really went back & completely disobeyed!--Or we would have continued to support them. They spoke against us & the Family, so what can they expect of their children or God?)

Dearest Dad & Peter,

22 August 1979

God bless you! It has been one month since I wrote the anniversary letter. Hope you received it alright. (Dad: Tks.) Thank you for returning my letter with your comments. (Dad: --Always glad to answer.)

John & I are doing well parked near a beautiful mountain stream with free camping. (Dad: Sounds great!) Stephen went back to Italy to pick up Adria & the car. Also to talk to our helper who came out of Malta to renew his visa. (Dad: --Too bad you didn't settle down & write like I asked you to!--How come you let Steve drive the Ark when I forbade him to?) Stephen & Adria sing in very nice restaurants & hotels in Italy & receive donations to provide for their living expenses. We also still financially help Daniel & Menorah & the team in Malta. We are so thankful for the financial help that you send (Dad: --TTL!--) from World Services. Otherwise, it would be very hard to make ends meet & help those on the mission field. May the Lord bless you for this sacrifice. (Dad: --Tks!--He does, PTL!--Do you get the new Magazine (FN)?)

We wish that we could do more for the Family, but we do pray continually for all of you. It seems we have the same calling as Grandmother had in her latter years--to be an intercessor. (Dad: --PTL!--But you failed to write--Just like she did!)

We have written & received several letters from Deborah & have had two or three phone calls with her. She seems to be doing well & is always cheerful, which is a blessing, since she is pregnant for the ninth time! Her faith amazes me, as she never complains about her many children. We would be glad to give you personally some news about her (Dad: --Please do!) or even write it in a letter, but we do not want to see it printed in the Family News. This would surely cause her to lose confidence in me. She asked for your address (Dad: Ha!--The whole world knows!--She knows it! PF 241.--Why doesn't she write?) & wants to write you a letter. She is certainly not an enemy & does not speak against you. They have almost no contact with other Family members (Dad: If so, why not?) & seem to be totally occupied with survival. (Dad: Why did they leave the Family when we offered them support & a new field?--Because

it was never all right. She says she hates America (Dad: why do she go back?) & wants to leave as soon as possible. She says Jethro & Joy love it there & get a lot of help from their parents. (Dad: --He never was with us at heart!--Always a Judas!) which they do not share with her & Bill! (Isaiah). (Dad: That figures! Bill works very hard. (Dad: --The way of the transgressor is hard!--) as a carpenter, which is probably good for him, & they now have a house of their own on the same street. Jethro takes the children out singing in shopping centers, etc., & gets donations. (Dad: --What stinky!) They seem to be trying to keep up family unity. (Dad: --Ha!--Not with us!)

for the sake of the children & encourage them in this. I have some very good news that I want to share with you & is probably an answer to your prayers. Deborah has finally agreed to sending Joanne to visit me in France. (Dad: --Good!) It is Joanne's dream to return to Europe (Dad: --PTL! GBY!) as she has never been able to make the adjustment to living in America. Even South America is not so deep in her heart as Europe. Two nights ago Joanne dreamt that she was in Italy. Deborah said she especially wants to see me, & talks about it all the time.

We are hoping that she can get cheap student fare which should be about \$200. If you could help with this, (Dad: Will gladly send. --Enclosed--we would appreciate it very much. If you cannot afford it maybe Peter could take it out of any reserve money that I have on hand. It would probably be well to send \$500 if possible, because we need to buy a tire for the Ark & make a few repairs. Also, it takes extra money to take care of a teenager. We may have to go to Paris & meet her, but we hope she can fly to Nice or Marseille.--We have felt for a few months, since Mene was taken away, that the Lord wanted me to help some of my other grandchildren. (Dad: Amen!) You know how mothers are, they need some children around to love & take care of. Deborah recalled how much Grandmother was able to help her when she was growing up.

Joanne has a Brazilian boyfriend visiting her now, but nothing seems to satisfy her, as she has lost out with the Lord (Dad: Why?) & doesn't seem to know what to believe anymore. The other children have been going to a Seventh Day Adventist school (Dad: --They never were really in at heart!--) & seem to have made the adjustment to a life outside the Family. (Dad: Led astray by their rebellious, disobedient parents!)

But Deborah said that Joanne has almost lost faith in the Lord & has very worldly tendencies (Dad: --No wonder!--Her parents spoke doubt & unbelief of me!) which could totally lead her astray. When I talked to Joanne on the telephone, she said that she wanted to learn music (Dad: Fine!) & this is one thing that we could teach her. So we are very thankful that Deb sees the need to give up Joanne to the Lord, & hope that she gets straightened out. We pray that we can help her for the work's sake & for your sake. (Dad: We hope so too--for her sake.)

We love you & pray for you always. This is probably better than me going to America at this time. (Dad: Amen!--And safer!) I have no desire to go there unless I am sent on a mission for God's Kingdom. (Dad: --Good!--TTL!--Stay away! It would be very risky for you to return!--Our enemies would love to get their hands on you!--Don't "look back"--Be thankful you escaped!--TTL!--I hope to never return, except perhaps in the Millennium!--Ha! I'm happy here in His work.) Love & prayers, Mother.

(NOTE FROM JOHN: Dear Dad, GBY!! It's such a blessing being here with Mother. She's getting many things on paper. We love & pray for you & Maria always. Love, John. (Dad: --PTL! So glad you can help her!--Trust you're all well & happy in His service!--Sorry I can't see you, but you're too poor on security & in too close touch with enemies.--However, perhaps that's your ministry--backsliders. GBY in it? Hope you can do them some good! Would like your report on Emanuele & others--& Deb.--Love, --Dad.)

(P.S. TO PETER FROM JOHN: GBY Peter! We're praying for you & thank the Lord for you.--The Lord is good. Love, John.)

LETTER TO THE EDITOR!

From Apollos & Lois:

"COMMENTS FROM SPAIN'S VISITING MOTHER"

in Mag. No. 3: Altho' she gives some good ideas, much of the article just seems a bit too a-

loof & condescending to us. It seems to us that "singing

only a couple hours a day"

with a large family is commenda-

ble! Also, the emphasis on how she judges a Home by

looking at a child's spirit is to us questionable. Many chil-

dren may appear to be "closed & introverted" by nature, not necessarily because the whole Home is out of wack spiritually.

WE ASSUME THAT THE SAME APPLIES TO VISITING

MOMS as to VS's: "Your VS's

no longer have to act as inspectors

of your Home or solvers of all your problems! You're on

your own, & how you want to live is up to you!" (B14:35.)

BECAUSE THE FN & THE TESTIMONIES THEREIN

often bear a great deal of weight

with Family members, other Visiting Moms, after reading this article, are liable to adopt

similar attitudes & means of judging Homes etc. So perhaps

articles such as this one, which seem to us to be quite highly

opinionated, should not always be included, as they are one

person's opinion & are not necessarily always true to the spirit

& truth of the Letters.

—Apollos & Lois./Ed.: GBY,

thanks for speaking up--With your opinion.)

FROM M&M!

PERHAPS OCCASIONALLY YOU HAVE FOUND ARTICLES

in the FN from those known to have voiced open disagreement

with the Family & its God-given leadership or those who have actively opposed or disobeyed Dad

& the Letters.

NORMALLY, WE LIKE TO USE MATERIAL FROM THOSE

WHOSE LIVES ARE EXEMPLARY & whose fruit is good.

There is no way we can know the personal situation of each contributor, & even if in certain cases we know but do not condone

their activities, this does not necessarily mean that they do not

have anything of value to share worthy of a listening audience.

NO ONE IS ALL BAD—not even the system—and we can learn something from everyone. Read

'Use It'. Each contribution of material received for the FN is prayerfully considered & evaluated

& we try to use as many as we can that are at all praiseworthy.

A SPECIFIC CASE IN QUESTION IS THAT OF MOM & STEVE & TEAM, about whom

we have received inquiries regarding their behaviour & somewhat questionable loyalty. As mentioned before, we cannot condone

all of their activities, as some have been in direct contradiction to the Letters & the instruction

they have received, neither do we always agree with their attitude nor all of their statements.

NEVERTHELESS, WE DO LOVE & CARE FOR THEM, as for all our wayward brethren; & we believe they belong to the Lord & His Family, altho' perhaps

sometimes misled. However, if their contributions contain interesting news, useable ideas or even constructive criticism, we will

consider their use in the Family News. The same goes for all contributors to the magazine. We

hope this will sufficiently answer the recent questions we have received along these lines. God

bless & keep you & give you love & wisdom. Love, M&M.

Witnessing Under The Covers!

Discovering the Ins and Outs of Escort Work!

From Fé & Joanna; Australia:

WE RECENTLY HAD A BIG INSPIRING FF MEETING to

discuss the possibilities & potentials of escort work. First Joanna

& I went "under the covers" to find out how the mechanics of the

escort business works!

FIRST I PHONED A LAWYER who told me that escort

agencies & prostitution are legal here in Australia but that soliciting

is not (walking down the streets to get paying customers

& using your premises for the act of prostitution for money).

WE FOUND THAT THE EXPECTATION OF ESCORT AGENCIES DIFFER. For instance

in Malaysia the agencies only expect the girls to go to

dinner/nightclubs & finish the evening with a goodnight

kiss; Sydney agencies expect the bait to get swallowed! Often

you are paid according to the number of hours you are with

the men & you are expected to make love, altho' it is up to you

within the first 10 minutes or so to decide if he is a sheep or

a goat & act according to how the Lord leads. This job certainly

keeps you desperate with the Lord, ha!

BUT WE HAVEN'T HAD A GOAT YET, PTL! In fact, because

most of these men are sometimes desperate & have no

choice but to hire a girl, we have found it extremely easy to

lead 75% of them to the Lord! So alot of our time with them

is not spent in bed, but talking, laughing, inspiring, opening their

eyes to His new life. We have also given them selahed lit &

once they're hooked they go to the agency & ask for us again &

again.

WORKING FOR THE AGENCY, YOU HAVE TO BE CAREFUL TO ABIDE BY THEIR

RULES, one of which usually is that you cannot see the men except

thru' the agency as long as you are working for that agency.

But we do take the men's add-

resses so that when we quit the agency or leave, we can turn

them over to another sister or to the Home for feeding. We have

been counselling very closely with Amos O'Test who is Servant

of a Sydney Home who is encouraging us & the sheep with his

burden for follow-up classes & Church of Love--so necessary to

keep these fish fed & give them the sample.

SO OUT OF OUR FF MEETING & OUR 2 WEEKS OF PIONEERING ESCORT WORK

here are some conclusions: Before getting into escort work, we

feel it would be wise to first check into the legalities in your

country. A possibility for Australia because it is illegal to practise

prostitution on your own premises, is to open a totally selah

FF apartment, just for FF'ing, with no formal lit lying around,

using instead xeroxed typed copies or handwritten only, so that

there would be no connections between the Work & the "under
