> "Selah" doesn't mean Closed!

Oshea & Liz: Costa Rica

I DON'T THINK THAT DAD EVER MEANT BY
"SELAH" that we should cut
ourselves off from those around us, but yet we've seen a tendency sometimes in the Family to use "selah" as an ex-cuse not to have to get too in-volved in the daily lives of others, particularly as it can sometimes be an in

IF YOU KNOW ONE OF NEIGHBOURS MIGHT DROP IN at any time, you

have to be extra careful to keep your house free of all identifying lit left out. Not only that, you have to be of ful to keep your house clear that, you have to be care neat & a good testimony at all

I THINK IF A NEIGHBOUR CAIAE TO SOME FAMIL.
HOMES they'd know right away it wasn't just a normal
home by the messy appearance.
We've noticed since being
hara that the average middlehere that the average middle-class Latins keep their homes spotless, without a speck of dust anywhere. Even young mothers we know with several children are very careful about

ALSO, HOSPITALITY IS VERY IMPORTANT HERE & it's considered proper to always serve coffee or som kind of refreshment to the who come to your home. ple very much look at the physical things, & it's pretty hard to minister to them the spiritual if they don't see you "Become One" first in the

day-to-day physical.
PARTICULARLY IN SMALL SUBURBAN NEIGH-BOURHOODS in which a lot of our Homes are located, w feel that if a Home is locked ehind closed doors with curtains drawn all the time (try-ing to be "selah") they'll be considered pretty suspicious the neighbours, especially in these Latin countries who if you act strange they might turn you in as a suspected guerilla (it's even happened

ere this year!).
DAD'S SAMPLE IN THE DAVIDITO LETTERS of being "selah" while still being in volved with the local people & the daily lives is so fantastic & we believe could work any-where with any Home, no mat-ter how "selah", if applied & we belie with real wisdom & prayer

IT JUST DOESN'T SEEM TO BE GOD'S WILL that we not show His love to those a round us & that His power can them with their daily prob ns, because we're trying to "selah". PTL, this is just be "selah". PTL, this is just one of the biggest lessons we've been learning since be-coming an indigenous Home. Love, Oshea & Liz. (DAD: FF'ing boomed in Franco's Spain & our home was always

> **Building** a Home of Hearts!

From Marie Magdalene; Fran

I WANTED TO SHARE A TESTIMONY OF OUR LI which I hope inspires you. A couple & their 2 children & I moved into our new Home 2 months ago. The beginnings were pretty hard. We had lived toosthe before the second of the second o ed together before, but in a

ed together before, but in a larger home where we could easily "hide" from each othe BUT THEN WE FOUND OURSELVES PRETTY "NAKED" before each other with so many things to do & face: finding a house togethe inspiring & feeding the children, getting out the Word, getting into the Word taking getting into the Word taking getting into the Word, taki care of our Fish & still finding time to love each oth

THE DEVIL REALLY AT-TACKED, as he always does when we start something postive; he just attacked & attac ed from inside trying to sow ension & to bring us to doubt our decision (while Lord was doing miracle after miracle to inspire us).

THE BIGGEST BATTLE vas & still is to accept each other as we are & to learn to use the strengths & anointings in each other & not to get mad

at the weaknesses, to look bed the sins. The Lord has had to mold us together by exposing each one of us to the others, thus forcing us to be honest & to get us on our pray-er bones to ask the Lord to help us & change us.

SOMETIMES AFTER A BIG ARGUMENT, we just burst out laughing as the Lord shows us what complete fail-ures we are & how we just can't do it without His help. TG, we are learning a little bit of humorl

THE CHILDREN HAVE BEEN A REAL HELP, always comforting us when we're down & really controlled their simple faith & joy. Once a l was aplogising to them for wn & really convicting us by their simple faith & joy. Once, as I was aplogising to them for having been too hard on them, the 7-year-old gave me a long encouraging exhortation saying: "Don't worry, I understand. I know it's hard to take care of children when you're not accustomed, but the Lord will do it." And calling his little sisit." And calling his little sis-ter he said: "Let's give Marie some love, she is on a big bum mer!" Ha!

SO THE POINT I WANTED TO MAKE IS: If our Home stick together, anyone can!
I've seen & heard of a lot of
crises & dissensions in the
Homes since the RNR, since we ve been called to the liberty to love each other in Spirit & in truth. But after this experience, I'm just absolutely convinced that any team can make it with a little bit of faith—faith which worketh by love. faith which worketh by love!

IT ONLY TAKES THE HUMILITY TO ADMIT that we can't do without Him & without each other & the will to stick it out no matter what We love & pray for you, that the Lord will help build many more Homes of Hearts all around the world!(Amen!-Dad.) Love, Marie

Sit Right!

A simple way to correct or prevent knock-knees & leg problems!

From Sara Newman: France:

I HAVE SEEN MANY CHIL DREN WITH THE PROB-LEM OF WEAK KNEES & even "knock-knees" & see their parents go to doctors & specialists & put them into corrective shoes. Yet 9 times out of 10 this problem can be easily overcome, if you reme-

easily overcome, if you remedy the situation early.

I TOO WAS A KNOCKKNEED CHILD, very clumsy
& with abnormally large knees.
From the time I learned to
walk my mother spent hundreds of dollars on specialists
& corrective shoes. Finally,
after years of therapy & wearing big bulky corrective shoes. ing big bulky corrective shoes, mother took me to and specialist when I was 11.

HE TOOK ONE LOOK & said he knew exactly why my legs were growing wrong! He then asked if I ever sat on the floor with my legs turned out-ward & backward. I told him ward & backward. I tolo nim that was exactly how I sat. He said that was the cause of my problem, because sitting that way causes the legs to grow wrong, especially at the knees. It often causes shooting pains in the knees & if done often always causes knock-

HE THEN SHOWED ME A SIMPLE REMEDIAL EXER-CISE (see photo 3). I started sitting correctly (see photo 1) & sure enough, my problem completely disappeared! Five years later, after sitting right, I became a winner in gymnastic competitions when most of the specialists had considered I was destined to have leg problems & weak knees all my life! PTL!

1. THE RIGHT WAY TO SIT!

SO HERE ARE SOME TIPS Always insist a child sit on The floor cross-legged as in Photo 1. 2. Never allow him to sit as in Photo 2. 3. If a child has already started to show deformities in his legs & knees, do this exercise daily: Sit on the floor with knees bent, placing the soles of both feet together & then press you es as far down as they'll go

DONE FAITHFULLY, it can totally undo the dama in a still growing child. It goes along with Dad's counsel

3. A REMEDIAL EXERCISE

in "The Health Revolution" to live right, play right, work right
—and in this case, <u>sit</u> right!
Hope this helps you! Love, Sara.

THE LORD IS MY TEACHER! - by Henry Van Dyke.

THE LORD IS MY TEACHER! -by Henry Va
The Lord is my Teacher:
I shall not lose the way to wisdom.
He leadeth me in the lowly path of learning
He prepareth a lesson for me every day.
He findeth the clear fountain of instruction.
Little by little He showeth me the beauty of truth.
The world is a great book that He has written,
He turneth the pages for me slowly:
They are all inscribed with images & letters—
His voice powreth light on the pictures & the words.
Then am I glad when I perceive His meaning,
He taketh me by the hand to the hilltop of wisdom,
In the valley, also, He walketh beside me
And in the dark places He whispereth in my heart.
Yea, tho' my lesson be hard, it is not hopeless,
For the Lord is very patient with His slow scholar.
He will wait awhile for my weakness—
He will help me to read the truth thru' tears.
Surely Thou wilt enlighten me daily by joy & by son Surely Thou wilt enlighten me daily by joy & by sorrow And lead me at last, O Lord, to the perfect knowledge of Thee
