

they believe as they do, that they could have fellowship with us as any other Christian, but no longer with the Family, no more fellowship in the Family as they were not the Family.

Right after this Ricardo asked everybody to raise their hands, all that were agreed with what I said, & everybody there except Sally, Mercedes, Ricardo, Pepe, Roser, Paco de Carolina, Teresa raised their hands. So they are very much alike & I won't be shocked if they start working together more or less actively against the Family.

Roser started backsliding even from the time that she was living here in Tenerife seven months ago, right after she left to go to Barcelona where her parents live. And then to go to Greece she was having battles with FFing & she was hardly helping anybody physically for a long time.

I don't think that anything that Faithy & Juan did in Greece would have made her stumble if this problem wouldn't have come from before. I mean that she already was looking for a reason to backslide, & excuse to leave her place of service. It's ridiculous to think that she merely backslid for something that Faithy & Juan did, because right after she backslid she turned against Dad & the Letters, showing which was the real reason for her to backslide, & her stress that FFing doesn't bear good fruit shows that that was one of the reasons she quit.

Then, as you probably know, she went to Barcelona to live at her wealthy & influential parent's house. Her mother is working with the FreeCoq group in Barcelona. Her open doubting & denial of the Letters is very open & she already has looked for quotes in the Letters that are a little bit hard to swallow to confound the sheep & use it against the Family.

She also carries in her purse the FN where you say that she is of your entire confidence & if she says these things, it must be true. So I believe that she needs to be publicised as an active enemy of the Family because this is very confusing. She should be announced in the FN as an active enemy.

In Barcelona she got in contact with Belen, another backsliding ex-FFer, & she said that she is going to try to help her with the children. They are perfectly agreed in what they say against the Family & lately Belen was campaigning against the Family. She wrote a letter to a brother asking him to backslide & she said she was praying so his eyes would be open to see the "reality" of the Family. This is the same attitude that Roser brings, she tries to "open the eyes" of us to see as she sees in a very self-righteous spirit.

So as you can see the Family here is passing through a lot of purging & purification of the lives which is undoubtedly good for us & better to bear more fruit, like pruning a tree of the old & dying branches.

Reading the other day the Christmas Edition my eyes fell over the last paragraph of the Letter, paragraph 190, where you say that you give us a variety of choices & you let us choose what we've got the faith for. It really inspired me & lifted me up because of all the freedom that you give to serve the Lord more than anybody else, & how everybody can find a place in the Family no matter how much faith they have or what different vision for their lives they have.

The message about the coming Crash is very good as a warning to be prepared. We are starting to get more food for this crisis & the warning that it can be followed by the War is a timely need & according to the world condition is very easy to see.

PTL I really love you, all of you, & I hope that this will give you the right picture of the situation of the Family here in Tenerife. The friends keep asking for your return maybe because they feel that the world situation is getting so bad that they know that they need you. So God help us to give them your counsel through the Letters.

WLY & Lord help us to keep your "Home" in order so you can come back if the Lord so leads you. Lots of love to all of you. Much Love, JBC.

FROM MIGUEL & MAGDALENA, Spanish Nationals, recent comers to Tenerife--28 January 1980:

GBY: WLY: Thank you so much for all your love & concern through your prayers & lovely Letters that we are sure receiving, & that are inspiring & strengthening our spirits.

We want to let you know one more time our unconditional giving of our lives to serve the Lord with the Family following the line that you, God's Prophet, are showing us, no matter what happens.

We want to say also that we are happy for the way the mess has ended caused by Roser's coming this past week. We believe it worked out positive, her coming here, & that it provoked this division between the neutrals & the 100s disciples. Everybody had to show his own, real face & the Lord has separated the all-outers from the neutrals who were being an obstruction for the work here.

The situation shake up to stand for our faith & renew our vision & even has awakened some people that really love you & the Letters but just were sleeping a little for some time & they needed this shake up!

We are sure that now the "third class" disciples, without any "first class" disciples on the "Gua gua" (bus) to pull, (see Letter No. 334A) as well as their heavy weight of continuous criticism, doubts, murmuring, misinterpretation of your Letters, etc., are going to give the Bolido (sports car) much better & in tune with you & the Lord.

The Lord has already given to us a new generation of New Bottles to minister to, ready to drink yours & the Lord's Words, without the influence & bad example of any Old Bottle wavering & questioning openly your message in the Churches of Love, "Catacombs Meetings", etc.

The Family here is very united & on fire & much freer to do the job now. That's the result of the Devil's ambassador's visit here! She just reaped the neutrals, old bottles, that were

disturbing God's job & helped to show their real face, but not one of your children has been touched. (John 10:27-29.)

Much, much, much love & prayers. Miguel & Magdalena.

FROM CAROLINA, Tenerife FFER, German National--21 January 1980: I am going to write you in this letter about the situation here now & especially about Roser. I pray it does not bring you down too much & make you sad, but I feel, it is my responsibility to write you about the lies Roser is telling as she is a danger for the Family now & for our poor sheep.

Roser is living at the moment in Barcelona with her parents (who've always been dangerous 1036ers working with FreeCoq!) since she had left the Family in Greece. She has a lot of contact with Belen & I think with other backsliders, too.

Yesterday in the Church of Love, Roser told her lies in front of everybody. Thank the Lord we didn't have any new visitors, but we have weaker brothers, such as some Catacombs. But it had one good!--Everybody was forced to show their true face & make a decision & we could see who are the 100ters & who are not. Gabriel & Jerusalem were really defending you, & also Bernardo (for he did not forget your sweet loving examples of real love!). (See "The Bait That Fell in Love with a Fish", No. 552 DO & FN Vol. 3, No. 9 "Lynn & Bernardo", Chapter Two, Part Two of FF History.)

Bernardo defended you when Roser said that you were continually drunk! He said that it was not true & that in the Bible it says that Noah planted a Vineyard, so Noah was probably drunk more than once, & so what? He said, "Everybody drinks". GBH! (Genesis 9:20 & 21.)

Dearest Dad & Maria, I want to ask you please forgive me & pray also the Lord will forgive me for making this big mistake to be so lukewarm at first. There are no Neutrals, this is what I learned. My first mistake was to even sit down & start listening to the Devil's lies that Roser & Sally & all of them told me. Then I made a mistake by not defending the Truth as much as I should have, but said rather, that I am going to pray about it. And then what my next mistake was to not counsel about it with the people in my house.

May God & you forgive me & the people to whom I was such a bad example in this time of indecision & lukewarmness. I was deluded by the lies of the Devil & disobedient to not give the Truth as much as I should have. But I learned one of my biggest lessons in life & have finally after three days of hell, Peace in my heart by making the right decision of following the Lord & His Prophet together with His beautiful Family of real love.

The people in my house really helped me by keeping on loving me, especially Jose & Celia. They kept on trying to help me & talk to me & love me, & although I gave Celia this one night such a bad answer & left, she wrote me such a loving letter & gave me a verse, Jeremiah 32:27. God bless them.

Real Love never fails. It is so necessary, not only for fish or sheep or friends outside of the Family, but also in our own Family. I am glad that the Lord gave me the opportunity in the Church of Love in front of everybody to show my true colour & fight for the Truth.

Here are some quotes from your Letters, Dad, that have really helped me to see what is happening: (Prophecy)--Given after reading "Prophecy of Deliverance", No. 90:9 "There are no Neutrals! For the time is coming, when those who will not choose to die for My cause, for My Kingdom, to give their lives on the altar of sacrifice & service, they will become enemies of the Kingdom of God.--They will either say yea or nay."

("The Four Deadly Sins")--The DDBB, No. 759:8,20,27,28 "What do you think the system is going to think if you deny me?--If you say, 'Well, we don't agree with all of his letters either'. When you only start looking that direction & start doubting that much, I want to warn you, if you start doubting one word--you're in trouble! Don't ever forget that I told you that! And when we're accused to our faces in the presence of witnesses that we are 'those people', I don't think we're going to get away with it with either God or man, to deny it!"

"The fear of man & the deceitfulness of riches brings doubts, & doubt is usually followed by disobedience, & disobedience by denial, & denial by betrayal! There is no compromise! There is no such thing as backsliding only a little bit. There is no such thing as standing still. You are either progressing, improving, growing & getting better & stronger, or you're backsliding & getting worse! How many times do I have to say that?"

"You will fear, doubt, disobey, deny & betray us! And may God have mercy on your soul. Remember I warned you! Some of you think, 'Oh, I'll never go that far!--Just a little.'--But there's no halfway, no inbetween, no compromise. Jesus said: 'You're either for Me or against Me.' (Luke 11:23.)"

"You can't be on the fence--it's too uncomfortable & dangerous & impossible. You'll fall for one or the other--either for Jesus or the system! 'Ye cannot serve two masters.' (Mt. 6:24.) Who will yours be?--Jesus or the Devilish System? Will you doubt, disobey, deny & betray for the system? Or believe, obey & witness & die for the Lord? Which will you do? Which are you doing? God help you!"

It surely was uncomfortable & in the long run impossible. Well, I had to learn it a pretty hard way. PTL He let me learn these lessons so I can help others with their fight for the Truth. I really love you very much & thank you for being so faithful to keep on giving the Truth insight of our failures. Love forever, Carolina.

Witnessing Miracles On A Closed Field!

On the job! FF'ing! Invading the Churches! Witnessing via Letterboxing!

From Corny & Nekoda; Southeast Asia:

WE ARRIVED IN OUR NEW FIELD OF S.E. ASIA after several years in W. Africa. As a means of support & way to witness in this closed country, we started working with a program in which we led sing-along sessions for youth & gave lectures on our involvement with youth in our travels to many countries around the world.

WE MADE UP CLASSES STRAIGHT FROM THE MO LETTERS & thru' this open door we were able to witness to over 20,000, both in person & thru' articles done on us in 2 magazines & a major newspaper. PTL! After each sing-along session we took names & addresses & made up a mailing list & sent them literature.

WHILE FF'ING AT A LARGE HOTEL, we met a British drama teacher who was directing a production of a play with a good message of Love. He invited us to take part as dancers. Thru' participating in the play we were able to witness to over 4,000 people & to win many souls.

WHEN OUR CONTRACT WITH THE SING-ALONG PROGRAM ENDED, we needed a

new job & sponsorship in order to be able to remain in the country. When we prayed desperately for God's leading & direction, we got the Letter "Use It!"

THE LORD LED US TO INVESTIGATE A DRUG REHABILITATION PROGRAM which happened to be directed by an American Christian. He fell in love with our music & asked us to sing for one of his fund-raising programs. He also gave us a place to live. Thru' him we started to attend Christian fellowships & to go on invitation to some of the local churches.

HE IS ONE OF THE MOST RESPECTED VISITING PREACHERS & asked us to accompany him on some of his speaking engagements where we were able to sing & witness to over 2,000 & won many souls! TYJ! We also met many "city fathers", government officials & other influential people.

IN GOING TO CHURCH, one of the 1st things we noticed was that the Christians were only fellowshiping among themselves & not reaching outsiders. So we made our major message be that of witnessing. We did skits on witnessing & gave witnessing

testimonies.

MANY WERE CONVICTED & STARTED TO WITNESS & came back with testimonies of their witnessing. But 1 of the lessons we learned was that our message of witnessing & sharing God's love outside of the church automatically divides the sheep from the goats.

AS A RESULT, THERE WERE A FEW COMPLAINTS made against us--& some of the pastors were getting very jealous & afraid we were going to "rip off" their members because they were falling in love with us & getting on-fire for the Lord.

THEN WHEN THE LETTER "INVADE THE CHURCHES" CAME OUT, it encouraged us & confirmed what we had been doing. Just as Dad says, this ministry is very dangerous, but it can yield some good fruit & support. In a somewhat closed field such as this, working with the church enables you to witness more openly, which is a real blessing. But you always have to be ready to move on.

LETTERBOXING: Most recently the Lord has opened the door for us to get the lit out thru' letterboxing. Most of the population here lives in high-rise apartments, so we have found that we can get out 1000's of Letters per day by placing them in letterboxes, as open witnessing is banned.--And we have started to get some wonderful responses from it!

-Corny & Nekoda.

ians. So they asked their Archbishop to deliver an appeal letter to God (seeing that he was a priest & considered to be a lot closer to God than the rest of them). The Archbishop said it would take a week or so for the answer, because God did live far away!

BUT SUDDENLY THE ARCHBISHOP RETURNED only 2 hours later very excitedly. He

told them that on his way to see "God the Father" he unexpectedly met Jesus, & that Jesus, as God's son, could deliver their letter even faster than he & that God would certainly listen to Jesus more than to him.

THE PHALANGISTS WERE FURIOUS! "You fool!" they said to the Archbishop. "Didn't you know Jesus was a Palestinian!" (Sent in by G.A.R.; MidEast.)

Response to the LIM Revolution!

From Paul & Marianne (after their visit to WIM):

Dear Dad & Maria,

WE WERE IMPRESSED BY THE DEDICATION OF EVERYONE & also by the efficiency of their work! GB'm, they are real hard workers. We learned a lot by seeing the office function & operate--how they process & manage to give immediate replies to their mail.

WE WERE PARTICULARLY AMAZED AT THEIR FORM LETTER SYSTEM, how personal but efficient it is! We have learned many helpful tips which we know will be a tremendous blessing to all the LIMs. So true that what people want is just a plain but prompt reply to their requests, & you can still make them very personal.

THE PROOF OF THIS IS THE MO LETTERS which we have received for years & they are very personal. It's as tho' they're written just for us, & they have carried us & inspired us & flipped us out just as much. So hurry for the form letters that save time, effort, money etc!

WHEN WE GOT BACK TO OUR OFFICE & found the correspondence stacked on our desk, we went thru' each letter trying to find the common denominators & then we wrote a stock paragraph, & it works!

ONE REALLY TOUCHING THING AT THE WIM is to see all these "big people" sitting at a desk stuffing envelopes & licking stamps & daily doing the same humble tasks--which is really a great job for great people! --To get out the great Wonder Working Words, TYJ!

THEY'RE ALL REALLY SWEET & LOVING & they've been so very helpful in explaining all the steps & procedures involved in a large mail ministry. God bless Damaris, she's not only very sweet but also a real fighter with such conviction & faith. We learned a lot from her sample of dedication. God bless her for "holding the fort" & keeping all those "oddballs" together. She has a lot of love & tenderness but still a firm hand in a soft glove! (Amen! Dad.)

WE ARE SO INSPIRED ABOUT THE LIM REVOLUTION. We want to put our 100% effort into making it work. We are really amazed at how the Lord gives you exactly the direction & the right time for the shifting of gears to guide us all. We can't wait to share the vision with each LIM in our area & start to see 'em roll! Love, Paul & Marianne.
