

**"WE'D LIKE TO LET THE FAMILY KNOW OF GOD'S JUDGEMENTS ON OUR ENEMIES** here in Brasil. A year & a half ago a guy named Flavio Cavalcanti started a smear campaign against the Family, leading to all the foreigners they got ahold of being deported & so started a nationwide persecution. Now the TV network for which he was an MC went off the air because of bankruptcy. When the persecution started we personally in our Home prayed & fasted for the Lord to judge the MC & the TV station for allowing him to have criticised us so. 'Stand back & see Me fight. This is not thy battle but Mine. Vengeance is Mine & I will repay saith the Lord. For he that toucheth you toucheth the apple of mine eye. Touch not the Lord's anointed.' Amen! Hallelujah! He never fails!"—Francis & Raquel; Brasil.

**"WE'D FORGOTTEN TO TITHE THE CAR** last month, & the Lord made the car's transmission stop working. When we asked the Lord why it wouldn't work, He drew our attention to the fact that we'd omitted the tithe on it. As soon as we realised this & decided to send the money, the Lord gave us a free repair job! So the Lord was very merciful to us, PGI!"—Paul Pen & Sarah.

**"NOW THAT IT'S DONE WE CAN SEE OUR MISTAKE IN USING GOD'S SHARE.** But it's a hard decision to make when you have children & so much pressure is on you. Anyway, what happened was that Rebekah's old system friends found out she joined the Family & 'for her good' filed charges against her as an unfit mother. They told officials that she planned to go to S.A. (she definitely didn't tell them. But who did?) & that the Family would take over Rebekah's daughter's training until she was old enough to be used for child prostitution—a shitty lie & so unbelievable! As ridiculous as it is (her daughter is only 3 years old), they accepted it as evidence & have now taken her daughter away until they can have a court trial. So parents in Germany, beware! She didn't even know about these proceedings until she got to the border & 4 hours later they took her daughter away. The officials then also started questioning us & officially wanted us as witnesses, so we had to 'flee the city' after finding a place for Rebekah to stay. Also, the mistakes we've made with our % have been such a burden for us to carry. Please forgive us, Dad." (I really pray the Lord will comfort her!—& U!—Dad.)—Reuben & Rainbow.

**"ZATTU GOT HEALED FROM A TERRIBLE URINARY TRACT INFECTION** after we had communion. We had prayed before & he had taken a tremendous amount of antibiotics, but after 10 days there were no results. Then the Lord showed us to have communion during which we claimed the Lord's promises for healing, after which he was miraculously healed!"—Zattu & Anne; Caribbean.

**MIRACLE HEALING:** "Our new disciple Daniel had a physical handicap—one leg was longer than the other by ½-inch, & as a result his spine was s-shaped. Doctors told him nothing could be done. One of our brothers, Stephen, had an identical ailment in the past & had experienced a miracle healing, so he shared his testimony & they felt inspired to ask the Lord to do a miracle. As they prayed fervently, they noticed Daniel's leg actually growing perfectly equal to the other leg! Daniel said he felt an invisible hand pulling on his short leg & felt a warmth up & down his leg & a thickening of his heel. We even noticed his trouser legs were a different length after we prayed! Hallelujah! God is still upon the throne & prayer changes things. Also his spine is healed!"—Christin & Cony.

**"OUR MAJOR PROBLEM HAS BEEN THE HEALTH OF OUR 2-MO.-OLD BABY Anna Christina.** She has cancer. At little over a month she was operated on for a simple umbilical hernia, then doctors found a tumor. The operation was difficult & so big was the tumor that the major artery feeding the intestines had to be taken out. She nearly died shortly after the operation. We were just totally broken & desperate. We had united prayer & fasting & a night prayer vigil. We claimed her total healing as the part of being specific, having read all of 'The Hem of His Garment'. She is now doing ok with slow progress, but her tumor was malignant & the doctors of course believe it's totally necessary to submit her to chemotherapy, the type where the hair falls out & the organism is greatly weakened. We've not decided yet whether or not to follow the medication (a 2 yr. treatment on the average which will stop us from being mobile really), but feel it's probably what we should do in light of Sheba Bear's experience. (?) You can imagine if she were to die the tremendously bad testimony it would be as in the case of Sheba, but more so. I know that 'if' is a doubt, but then, 'if in doubt, don't'. I'm still praying

about what exactly to do. Any counsel & prayer will be wonderfully appreciated." (Don't!—D.)—Jonathan & Lia Fe; S. America. (You'll either have to have faith for the baby to be healed quickly or ask the Lord to deliver it from this life, or you'll probably have to submit to the treatment. If not, you might be liable under the law for not doing so. Better check & see. What were your sins that brought this on the child?—M&M.)

**"PETER & ROSE HAD EARLIER WON AN INDIAN COUPLE** to the Lord & had fed them the Word for several weeks & then they went off to Sikkim in the hills. Just recently they heard from the couple that they were involved in a landslide (in which the wife was half-buried right up to her waist!), but the husband just stood up & prayed in front of everyone & the whole landslide stopped immediately! The wife, tho' half buried, was fine, & they went on to witness to the whole village! Neighbouring villagers visited a few days later expecting everyone to be dead but were all amazed at what had happened & the miracle God had done & also received the witness too, PTL!"—Report from Hosanna.

**RE: NINA HAGEN:** "We wanted to let you know that Michael Listen & Simon Black were able to see the show of the German singer Nina Hagen in Paris. Tho' her style is still punk-rock, she indeed sings about the Lord & the End-time. They were also able to go backstage after the show where they talked to her chief musician who confirmed that she was saved & born-again. He was really touched that they had come & 'felt the Holy Spirit come thru' her songs.' Michael & Simon handed him 'Psychic Sees the Future' & a couple of other Letters, which he said he will give to her."—Paul & Marianne.

**"ALL THE MAGS HAVE BEEN FANTASTIC.** We were surprised, however, at the inaccuracy of the information in the Letter 'Go to the Cities' about the city of Manaus. Altho' it is isolated, there are no Indians. It's a great place for witnessing, witnessing etc.—just as good as Rio."—Eran & Katrina; Brasil. (Sorry, my info was about 20 years old, when it was an Indian town. But we did have persecution there. Thanks for the correction.—Dad.)
