Dear Dad and Maria,

GBY both and all those there with you! We all love you and pray for you often. We are very happy to hear your indigestion problem is better and we are praying for your cough. Thank you for being so faithful to feed us and pour out so abundantly to us! My name is Phillip and I help out here servanting the Chinese Lit-Pio along with my mate Christi.

On Friday evening we received copies of Mag JJ, and I've just finished reading the "Prodigal Prodigies" series, and I felt very convicted to write you. You said in there that you knew so little about Hong Kong and Macau and this area, and I saw how I have really failed to write you. Thanks so much for that Letter, as it will really help us all in the area in our work with Ho and his family. Before hand he has always been trying to help, but he has been so over-powering and pushy that many here have just tried to stay out of his way which of course is no answer. Now with this lptter out, it should help us all to work more closely in love with him.

Just the other day representitives from the Homes in our area got together for our first area meeting. It was very fruitful and went a long way in bringing unity to the area. We will be following it up with subsequent meetings. You know, sad to say, HK and Macau has been until recently the most disunited area that I have ever been in, with a lot of dissension and bickering, quite a bit of it involving Ho. However, now we all want to unite against the foe and really win the battle together.

One thing that I'd like bo bring out and that is it is a real spiritual warfare here. As the Letter "Chinese Spirits" brings out there are a lot of old and wicked Chinese Spirits who really fight against the gospel. Of course, we've gottem beat, but they're not giving up without a fight. I hate to dwell on these negative things, but I think that a lack of facing up the facts that it is a real spiritual warfare is one of the main reasons for the dissension and people getting tripped off on different things and not sta

One area of our work that really needs your prayers and the whole Pamily's is our national disciples. We who come from the west have a hard time understanding the trials and battles they go through. We have a Christian heritage that helps us in many ways we take for granted, but for them things are very different. Their background is almost upside down and back to front from us. Their way of thinking and reasoning is so different. They're not like the more simple people of S.E.A. whose simplicity helps them to adapt to our lifestyle quite easily. The Chinese society is so complex in its tradition, mores, social values, etc. that it is quite a wrench. The problems are a little bit the same to the Japanese, but the Japanese since WWII have really hungered for western ways, where as the Chinese people when you really get down to it feel that

page 2

the rest of the world are pretty much barbarians and believe in the superiority of their own race and culture.

I've said all this to help you understand the spiritual, physical, mental, moral and psychological wrench it is on our nationals, especially the first few years in the Family and the battles they face as we have seen it. But thank God, we have some wonderful disciples who have stuck it out and are growing daily.

Well, we hope to keep you better posted in the future. TY for all your help and prayers for us. VLY Dad very much and you too Maria! Thanks again for all you do! Every little Word is like a fountain of water! Love, phillip

p.5. ILV2! No matter what the problem—the love & counsel in the Letters sluesys makes them melt sues!

Dear Dad and Maria,

Der Dad and Maria,
Much love to you both! I want to tell you how
much I love you and thank you for all you've been
giving to us!
Thanks for sending out the "Prodigal Prodigies"
series, clearing away a lot of debris for all here in
Hong Kong; as well as helping us to understand how to
help Ho and Esther. We saw Ho and Ruthie just a few
days ago, as they came here to video and show videos,
and we enjoyed having them. Quite a change in Ho, so
much more humble and snjoyable to be around. And he's
very welcome to return again!
"Problem Cases" was sobering, helping us all to
check our hearts, and forsaking all to let the Lord use
us more.

check our hearts, and forsaking all to let the Lord use us more.

I had a dream Dad, just before receiving the Letter "Prodigal Prodigies", in which we were having to pick up brethren who had fallen out of windows and help get them fixed up (people who had fallen asleep, losing their usefulness for the Lord it soems). One was an older man, who turned out to be you, as you had just pretended to have fallen testing to see what we would do. After returning to your caravan with you (set within some beautiful shrubs off the main street behind other houses), you had me sit on your lap and gave me the most breathtaking hug and kiss! Wow! I couldn't wait for more either; but you told me to come back again, and there would be more next time! Thanks for all the love and encouragement, and I'm very much looking forward to next time!

and encouragement, and I m very must seem the lord would heal your cough and help you get the needed rest, we received the verse, "so He giveth His beloved sleep." (Ps. 127:2) And then I was reminded how David means "beloved of God". So, He giveth His David sleep." I really liked Ruthie's comments on you, Maria. We really love you and are so thankful for you!

Much love to you always! I pray we can return some of the love to you that you've given us, by being a help with the Chinese work. Love, Christi

It's a long one, I'm sorry! - But H's a long-lever a - not business!

Dearest Paris

long you so such, my dear masset Shaphandama! Thank you for all your recont little comments to me! I cannot tell 70% how uplifting and encouraging they always are Randama and always made and they always are Randama and the same and the sam

Thank you for your recent comment on Fay Orace's TR: So encouraging! It just mailed my heart to know you had such trust in me to fulfill such a big mainterry faithfully! By gayay is that the Lord may empower me to do this work in the mame loving and faithful spirit you and bug have shown toward me! Thank you for your complisent about my art! I'm happy that you like it despite the fact that I've had to do mose of it quick quickly recently!

What flipped me out the most on your little note--even more than your asvect consents about my work and art--was when you said, "I read all the Kontz too, and as so secited at what the Lord is doing!" It thrilled me to hear that, because I'm Just so charged-up and excited over this TK Project, and all the Artists working on it tool Now! Thank the Lord for such a priceise grittless with the Lord of which a powerful victory when these Lit-Komix Volumes are in the Family's hands finally!

Tou have such a good eense of husour too! Everytise I's going overthe tapes to get off corrections, etc. and hear you laugh about some little discrepancy for someone's husourous mistake.—I always see in my mind agree pancy for someone's husourous mistake.—I always see in my mind agree pancy for some more in the photo spurith that beautiful smile! Thank the Lord for husour, which we always need in such a serious Work! I'm [add you liked my trying on the recent]-pg. "Art Tipe". I just about died though (ha!) when you saked Koreh "But English lant his somether language, is 11"-in redwered may terrible spelling mistakes. I's so, so sorry for my mistakes I'm so, but thank you for the sevent and humourous may you emplified about 111-ha!

I will try to catch all those little details on all future substactors way you enquired about it-ha!

I will try to catch all those little details on all future substactors for Approval, and I'm sorry to have made extra work for you. With all these different Rush projects to do (monthly in regards to getting TK Vol. One print-ready).

I'm afraid I've gone a bit too fast on proofreeding recross and originals at times. But if you and bad have time to sit down and go through them so thoroughly (PTLI I spelled it right thit: time! were catching comman, quotation merks, and other very small details—-then certainly I have more time! Amen. I think the Family would really encouraged if they had an idea of exactly how closely had and you go over every detail in the Magazine and TTA, to know how intensely involved you are in it! They do how already of course, but it's like thank infinite your closest co-sorters will ever know "how much time the best and the your closest co-sorters will ever know "how much time the best should be a finished to care and we and patience—how much unseen labour went into the end product."

(Mo. 3) The Lord has been answering prayer so marvellously recently! I really got desperate and asked Mix for funds to help some of the noover artists, and a days later a checque for \$50,00 came, a few days later Shen men to \$F\$ in the small, and 2 days say I received 2,000 ptas. for the field afritate!—-Most Prayer sure worked I've so exciting to know that the Lord is in this project, and can do so many mighty miracles if we sak! When things were really dragging for a while, it came to me that it was only because I hadn't asked! That verse had really come to life for me in the past weeks: "Ma's anove well into dyive on!" I'm thrilled to piecos about these Volumes coming out, all the artists of life in the full secure. The about giving certain of the Artists a little more

Dad's recent consents about giving certain of the artists a little more Asard, the full measure, for their work on the TKs was so <u>liberating</u> for mell Really, about the only guidelines I'd had regarding swards was in former award records (mostly by J.L.) and in notes from Tim. G. telling M to be tighter and more atringent on swarding than he already was! Now!-what dandy hade swapping! Tou'll be happy to know those old records have been dumped! What a comforting liberation to know how generous you and Dad are in [Niterl-1]'d really waited to be that way with artist swards, but the enery would always try to condemn me, —junt like Judas telling. Jesus they couldn't afford to break the box". Well, rifer smashing the old restrictions and remnants of the "chaim"!

When I mentioned to Inky about the previous policy of financial tightness, he gave me a kind of sad, becaused smile and said, "But that's not the way the Polks are!" PTLI I don't intend to go to the other sytrems, but the Artista certainly are deserving of a full recompense for their laying laboure!
