

car & here I am! I've found my calling! Wow! What peace, TYJ! Much much love, Solomon.

FROM WINDY:

Dear Dad & Maria, ILY BOTH SO DEARLY & am so thankful for this moment to write to you & tell you how happy I am that I "stuck" & continue to "stuck"! In coming to MWM the Lord brought me to the end of myself. For it was here in all the light of the most wonderful sample I had ever experienced of love & sharing & honesty, that my failures, sins & shortcomings came out in the open as never before.

WHILE HERE THE LORD HAS LED ME INTO BATTLES that I had never had before—to spiritual confrontation of change & repentance, even of physical affliction. Oh, such big mountains, I just cried as I climbed them, hanging on to Him for dear life, face-to-face with death to myself & my pride & selfishness. I just knew that it wasn't a mistake, & surrendering into His arms was my only comfort, TYL!

TTL FOR FAITHY & JUAN WHO HELPED ME TO UNDERSTAND THESE BREAKINGS & lessons that the Lord was allowing me to go thru, "to become nothing but a tool & a channel, nothing but a little diamond of dust..." (DM1:3). For when some of those nights were so dark & those days so dim, they really helped me to look to Him!

MOST OF MY NINE YEARS IN THE FAMILY I HAVE BEEN AN INSPIRATIONALIST, litness & the past two years before coming to MWM a year ago, an FF'er. I loved the freedom of being a street fighter, a wild & woolly, willing witnesser of the Words of David!

I HAD BEEN MATED TO ABISHAI for four years whilst in Paris, after which he became mated to Francoise, & the Lord

"Bouncy" Windy - a valuable asset to MWM's growing Kid Power in their witnessing & performing!—Here with Dicon-12, Heidi-10, Koa-8 & Celeste-6, with Michael on piano.

blessed their union with a beautiful little girl, lil' Windy, a real answer to my prayer for the Lord to give him a child.

AT TIMES I WAS SADDENED & A LITTLE CONFUSED why the Lord never gave me a child, for deep-down in my heart I knew that my life as a single independent was not good & that I needed some responsibilities of motherhood for my maturity & to draw me closer to the Lord. So I always felt inadequate in this area of my life with a consequent lack of faith in my ability to be a blessing to our children. But as I've found out, "the best ability is availability!"

THE LORD HAS WONDERFULLY FILLED THIS AREA OF MY LIFE with a greater love & sense of responsibility for His lil' prophets. The song you commented on, "He'll Take Care of His Own", with your sweet words of love, this song was written last summer while I was putting Katusha, Fiona's 6th, to sleep.

TTL FOR FIONA WHO HAS SHOWED ME SO MUCH LOVE & patience & an example of a Real Mother. She & Jeremy have gone for the two-week rest period that you suggested, & Andrea & I are keeping the home fires

burning. So even tho' I'm still "bouncy" for the Lord, I'm learning to keep my feet closer to the ground, lest I get lost in the clouds!

IN CLOSING, I GOT THE VERSE: "If ye continue (stuck!) in my word, then are ye my disciples indeed, & ye shall know the Truth & the Truth shall make you free" (Jn. 8:31-32). Thank you, Dad, for your ever precious words of love & truth that have set me free to do His will & given me the courage to yield to Him. Your messages of love to me that I heard on the tapes you've sent just send me into the heavenly!

Oh, ILY & hug you & kiss you & TTL for you, & Maria too! You are my loving King & Queen A Queen of hearts & a King who's been

A father & a shepherd too To lead me in what I'm supposed to do.

—To want to be a holy hole! —To sing with all my heart & soul! —To be a blessing every day!

—In everything, in every way! Thank you for your love so true, I love you, Oh, I really do! Close in your arms I find sweet rest.

I want to "stuck" & do my best! Love always & forever, —Windy. (I'm stuck on you too! GBY!)

Loveville Log No.6!

Gypsy Video! Celebrations! French Visitors! Products of Progress!

From Paul & Marianne:

"THE GYPSY LIFE IS ALL IN SONG & MUSIC..." And how close we feel to Abraham & his gypsy band of old here in our musical heaven, particularly during the beautiful Springtime when all nature around us explodes in bloom, & our colourful-skirted Gypsy girls grab their tambourines & our gypsy men their guitars for two beautiful evenings around the fire, singing & dancing wild & free for our special Gypsy Video Show! It comes so natural, as it is so much our true Family spirit, we can really feel one with those Gypsies of old, particularly when Abraham, beautifully interpreted by Angelo, tells his own story & ends with a very moving song "Abraham the Gypsy King"!

"Abraham, watch your children play..." Angelo & little Regina, daughter of Tracy & Joan.

SHORTLY AFTERWARD, TO KEEP US FROM SETTLING DOWN FOR TOO LONG, at the request of our faithful king & camp owner, we all moved to the other & wilder side of the campground. This may seem a small operation, but moving & reorganising our growing family of 70 with all its little families, tents, caravans, communal kitchen & dining room, fixing up the electricity again, dishwashing area, a shaded taverna & school area, took more thought & work than we first planned! But thanks to our faithful helpers Andrea, Tiras, John Cloud, Timothy Fix-it & all the other willing workers of the camp, along with Silas & Endureth who have been such a tremendous help with managing the camp-life & organisation, we were totally resettled within two weeks without stopping all our other activities of audio & video recording & the arrival of new visiting brethren!

BETROTHAL! And with such a big family, we always have something to celebrate—birthdays (which we have one for each sun sign), new visitors, new exciting Letters & precious comments from our faithful shepherd. This month we had two special celebrations—first the betrothal of Peruvian Manuel, our precious teacher, inspirationalist & KP Show originator, & beautiful German Maria whom he went himself to fish in to the Family from her empty life of drugs & loneliness in Germany! GB them both, they have been growing a lot in the 7 months they have lived together & are a real blessing—& adornment—to the camp!

AFTER A REVOLUTIONARY MARRIAGE SKIT by Angelo, Endureth, Topaz & Peter, which made us all laugh at ourselves, we read

"One Wife" & both Manuel & Maria repeated, "By the grace of God I am going to put Him & His Family first!" & shared a little of their testimonies & how the Lord had brought them together & the Family read different DMs on love, unity & giving. It was beautiful & sweet & reminded all of our real marriage to the Lord & our Family first. PTL!

WE CELEBRATED EASTER WITH OUR GREEK KINGS, FRIENDS & NEIGHBOURS, led by them in their traditional way, adding only our happiness & rejoicing in songs & dancing to their rather sober feast. It was a beautiful sunny day, & we woke up early to help our king set up the fire to roast the lambs & to prepare the various Greek dishes—tzatziki (thick yogurt with grated cucumber & garlic), potato salad, Greek salad etc., set up our long tables decorated by the artistic hands of Francoise, prepare a show around the theme of Easter etc.

THE MIRACLE WAS THAT WE WERE ABLE TO FEED 100 PEOPLE ALL THRU THE LORDS FAITHFUL PROVISION thanks to our precious & hard working provisioners, PTL! Apart from the abundance of fruit & vegetables, they were able to provision 3 big lambs, 80 litres of wine & all sorts of other goodies to make a real feast for all, GB'M!

SPECIAL GUEST TO OUR CELEBRATION WAS JOHN, faithful friend who owns a club in town & has been a long-time king & friend to us & recently received the Lord. It was his first visit to "Loveville" camp, & he was so touched by the Spirit & by the children! After the children did an Easter skit & sang Easter songs both in English & Greek, all the crowd who had gathered around when they heard the music, hushed one another so they could hear our friend & new convert John wholeheartedly & reverently read the Easter Story from Matthew 28 in Greek!

WE HAD SUCH A HUNGRY & RECEPTIVE CROWD OF OVER 50 ONLOOKERS that we went on & on singing & then dancing, some Greek girls stepping up to do some of their beautiful dances with Uriah playing Greek songs, then finishing up with Gypsy songs & dances, everyone dancing in a long chain all around the tables! The Greek people were so touched by the children & by our happy singing & dancing that many asked if we would do it again next Sunday! It certainly was a real witness to all!

OTHER VISITORS TO LOVEVILLE THIS MONTH WERE SOME MORE OF THE FRENCH MWM CREW! First Michael & Sunny Listen came for two weeks, soon followed by French Canadian Gideon, then French Joseph, Abigail & Mary Magdalene came in time for Easter. With Mary as its MC "Music Magique" seems to be ready to roll, PTL, to reach every French-speaking tribe & nation with the Gospel!

IT HAS BEEN SUCH AN INSPIRATION TO SHARE WITH THESE PRECIOUS BRETHREN the lessons we have learned since MWM began, how lives have changed thru returning to full time service, whole-hearted obedience & loyalty to the Words of David under the loving oversight of Faithy & Juan & the constant encouragement & guidance of our faithful shepherd, knowing that all this experience & training will help them to reach a whole other part of the world! How inspiring, too, to see Angelo & Sarah produce their first four beautiful Italian shows. Indeed, "this year the world!"

BUT ABOVE ALL THE GREATEST EXCITEMENT & SATISFACTION is certainly to see that these new projects are getting completed! God bless all our precious musicians & performers & video team who have been working all they can to get as much out as time allows! Accomplishments for this month include an hour drama tape, a witnessing tape, a disco tape, a children's song tape, a Mo Song tape with musical accompaniment, a Daily Might tape, plus recording 7 songs from Michael Mountain & several also participated in the making of the first four Italian Shows. We also just about completed an hour "Love Video" as well as a regular show & children's dance class by Topaz & our KP. PTL! It is so exciting to see the work progress, & we are sure thankful for Dad's constant inspiration & challenge to get us stirred up & moving, always inspiring us with new projects!

WE REALLY LOVE YOU ALL & are so very thankful for the beautiful notes of love & encouragement we receive from our Family all over, for the support & prayers you send our way, as we certainly need both! We love you & are praying for you too! Love, Paul & Marianne.

"Welcome home, Gideon!" Photo by Tiras.
