sonally for a long time. I prayed, "God you've got to help us! Me've stepped out by faith & we've come out.

"ME'RE TRYING TO FIND THE TRUTH. ME'RE DOING THIS TO TRY TO FIND YOU & You've got to help us!" 'Cause we were frightened. (Marianne: You were totally open to any spirits.) Yes.

AFTED THAT OUR COMME SELIT ME The other

AFIER THAT OUR GROUP SPLIT UP. The other guy got freaked out & he went off to become a monk & he walked to India on foot. The guy who freaked, Harry, he went home & saw a psychiatrist & he kind of went mental. He came out of it & then he became a complete flat-lander.

a monk & he walked to India on foot. The guy who freaked, Harry, he went home & saw a psy-chiatrist & he kind of went mental. He came out of it & then he became a complete flat-lander.

MY GIRL-FRIEND & I--ME HAD LOVE & THAT HELPED A LOT to keep our feet down to the ground. But we were still completely spacedout; we weren't like normal people. We were like four-dimensional people & everyone else is three-dimensional. I had nothing else to do except, I thought, "Well I'il have to go back to drama school because where else is there to go?"

SO I WORKED AS A NIGHT-SECURITY GUARD & tried to earn money to just keep going & to wait the year to go back to drama school if they would have me. But they made me go & see a psychiatrist. Anyway every night I would guard these huge buildings in central London pall on my own; it was really freaky. Everybay I would come back home & the whole of the rest of London would be coming to work.

I SAW ALL THESE WHITE-FACED PEOPLE & I'D BE GOING THE OTHER MAY, trying to go up the tubes. On the tube stairway the other way were about a thousand people coming at you. It was so symbolic, you could see the parallels in everything & I knew that to go back to the system & what I was doing before wasn't the way but I couldn't see how to go, where to go on to.

I SEARCHED FOR SPIRITUAL BOOKSHOPS & saw some books of other people who had this kind of spiritual experience but there was no fellowship. It was just lonely & after awhile I got so tired. I thought,

"WELL, MAYBE THIS IS HOW PEOPLE GO
CRAZY, you know. There are people who go crazy. I'm crazy. But maybe they see the World like this." 'Cause I knew it was real; I knew that everybody else was flatlanders. But I thought, "But they're happy, & I am unhappy. I'm tormented with this knowledge & this perspective on things."

I MAS GUIR HOME ON THE TRAIN ONE TIME & I MAS JUST 50 WEARY I was ready to give it up. I was ready just to let my mind go. I hought, "How, I just wish", just like that song says, I really thought that if I could just take

"I JUST WISH THAT I COULD JUST SLEEP IN PEACE & HAVE REST." And Just as I was thinking that I got off the train & looked up & there was a poster on the wall & it said.
"Jesus says, 'Come unto Me & I will give you rest." It hit me like a bomb & I thought,

"Jesus".

THERE WAS SO MUCH COMFORT IN THAT WORD,
JUST THE SOUND OF THE MORD, "JESUS". I thought,
"Mith all this spiritual searching & meditation & reading books, I've never really considered Jesus". I believe I got saved then,
right then. In fact I remember when back in
school I used to say my prayers.

WHEN I FIRST MENT TO PUBLIC SCHOOL I
USED TO READ THE PSAIMS, 'cause I was so
frightened being there, you know. It's a big
school & I remember that a comforting time
was reading the Psaims & we used to sing
them. Everybody used to sing them, this horrible chant, blah, blah, But I used to actually read the words & draw comfort from
them.

I THOUGHT "WELL JESUS. OF COURSE, JE-

them.

I THOUGHT, "WELL, JESUS. OF COURSE, JESUS 15 THE TRUTH". You know it just came like that. It was like my feet came back to the ground like that & I went back home & just said, "It's Jesus", to my girl friend. "It's Jesus. You know that's the Answer?" I didn't have a Bible or anything but I just knew that it was Jesus, the Answer heaven.

anything but I just knew that it was Jesus, the Answer.

MY FEET CAME BACK TO THE GROUND; I was still spaced-out but it's like you're in the spirit now. You know we're kind of pretty spaced-out but our feet are on the ground & we can do practical things, ha! So everything was great.

SUDDENLY MY FRIEND CALLED, MY FRIEND WHO MENT TO INDIA ON FOOI. He was back in England; he had got as far as Istanbul. And actually I don't think he got there all' on foot.

tually I don't think he got there all on foot.

HE SAID, "I'VE JOINED THE CHILDREN OF GOD". I thought, "Mow, that's great, yeah, fantastic!" So I invited him around, & I was amazed at the change in him. It was amazing the change in him, and I wasn't, really happy like he was. I had Jesus but, he was totally transformed from the person I'd seen go off--a sort of weirdo, with his head cropped all ready to become a monk.

HE'D COME BACK & HE WAS SO FULL OF LIFE & JOY, He gave me classes but I didn't really take in too much of what he was saying. I was so impressed with him & a guy withhim, a real English gentleman, a guy called Canaan!

HE MAS AN OLD ARISTOCRAT WHO'D DROPPED OUT & HE REALLY TOUCHED MY HEARI. He wore those old tweeds & he still tried to keep the appearance of aristocracy. Anyway the big argument was that I thought, "Well, I can't. It's good; I'm so pleased for them

but it's not for me. I don't think I could live with other people."

live with other people."

I DIDN'T SEE ANY REASON WHY I HAD TO
LIVE MITH OTHER PEOPLE or actually become
part of that movement because I was doing
great then, & I was telling other people
about Jesus. I didn't see any reason why
should. But God was still very far away.
still wasn't close.
THEN THOS HAPPENED ONE DAY THA

still wasn't close.

THEN TWO THINGS HAPPENED ONE DAY THAT

REALLY CHANGED MY LIFE & changed my whole
outlook on God. How little things can change
your life so much--big things, but little
things: He came around with his friend Canaan, & the first thing that happened was when
were out for a walk & Canaan suddenly
stopped & said, "How! Thank You Lord! Thank
You desus! Thank You Lord!" I said, "Why?
What?"

What?"

HE LOOKED DOWN AT HIS FEET & HE PICKED

UP THIS FILTHY OLD COMB WITH MUD on it &
spokes missing & he said, "Thank You! I
prayed for a comb!" I thought, "Oh!" Here's
this aristocrat!" I could see he was being
so thankful for such a thing. So I took there

home.

I SAID. "MOULD YOU LIKE SOME COFFEE?"
So they said, "Yes, coffee." You know they'd take anything you'd give them then. So I put the coffee on, & it started, shuuuuuuuuuu teent thuuuuuuu & stopped. So I tried to fix it & pull the thing, push the thing & try to make it go.

I SAID. "SORDY CHARC."

went thuuuuuuu & stopped. So I tried to fix wit & pull the thing, push the thing & try to make it go.

I SAID. "SORRY CHAPS, BUT THE KETTLE'S BROKEN for the tea, you know." They said, "Don't be silly, you can't pray for it!" I said, "Don't be silly, you can't pray for a kettle! God's not going to take the time to fix a kettle! It's ridiculous!" They said, "No!" So, they had the faith to come over, they laid hands on the kettle & they said, "Mo!" So, they had the faith to come over, they laid hands on the kettle & they said, "MAEN, LORD, IN JESUS' NAME ME PRAY THAT YOU'LL FIX THIS KITTLE right now in Jesus' name!" And prrrruwu, it started up immediately. Immediately! I knew that God had done it. & I was speechless. I thought, "My God! He's everywhere! Every little thing we do!" It really, imean really impressed me.

I THOUGHT, "GOD IS IN EVERYTHING!" Then they prayed to go & they were praying for every little thing. It must be necessary. God must work in everything." I suddenly felt not work in everything. I suddenly felt not work in everything. I suddenly felt not make a move but God knew everything. THEN I SAID, "LOOK, THE TRAINS GO AT CERTAIN THIS past the hour." It was five minutes till the train went back to Siddup. They were at Bromley & I lived quite close by & there was at least a ten-minute walk to the station, or more. I said, "Look the train's gonna go in five minutes!" We were still inside then so I said, "Quick, hurry up!" So they got their coats on, went out-

side & they were talking. I said, "Look, the train's going to leave! The only way you're going to catch it is if we run." I was very used to always being late & having to run for this train.

PANY RIGHT NOM, SIOP & PRAY & ask the Lord to stop the train." I looked at them & they said, "Let's hold hands." And we had to hol hands right in the middle of the road. They said, "Amen, Lord, we pray that You'll stop the train." So we walked at a normal pace; & there was the train still standing at the station. They went up, got the tickets, got on the train & it went off.

THOSE TWO THINGS TOTALLY BLEM MY MIND. totally changed my whole outlook on God. Also I think that night they left a tract behind called, "Are We Living In The Time of The End?" & I read that through with a Bible. That was the first time the Lord opened my, eyes to who the Family was, that they weren't just another group of Christians but that they were God's End-time Church, elect.

I KNEW THAT THERE MAS NO FUTRE IN DO-ING ANYTHING ELSE THAN TO BECOME PARI OF THE FAMILY. So I forsook my girl-friend, which was had to do because I lived with her for a long time. In fact she actually joined the Family a week before & I talked her out of it & a week later I left to join & she wouldn't come with me. Then I put off joining the Family of makhile because they were so close by at Bromley. Then they left Bromely & I knew where they'd gone, to Holling-borne Manor.

THE LORD TOLD ME THAT IF I DIDN'T GO I DONN THERE. I HAD NY LAST CHANCE TO GO. So I forsook everything to everybody & I just took a little suitcase & turned up on the steps of Bromley & rang at the door. Canaan opened the door & he was amazed to see me, because he didn't have the faith for me at all. So that's where I joined the Family.

THAT MAS 1973. FIRST DAY I GOT THERE.

THERE MAS A BIG THING 'CAUSE ARRON HAD DIED.

JUST at the time Aaron died I joined the "Birthday Warning". It was already heavy. All the leadership were there at that time. I didn't know who they were at that time. I didn't know

out the message.

WE PIONEERED COSTUME LITNESSING--1'd never heard of anybody doing it actually be-

fore--& went around as Cromwellian soldiers dishing out "Cromwell" & "40 Days" & it really helped get out our lit. We did all kinds of crazy things. We thought the time was so short & we did a sackcloth vigil, two of us

Nort & we did a sackcloth vigil, two of us in Exeter.

WE WENT TO THIS EXETER UNIVERSITY TO PROVISION COSTUMES to do the Crommelling & whilst we were there we saw these two sackcloth robes. Me thought, "Oh no, Lord, You wouldn't, please!" We said, "Can we have these too?" And they said, "Yes, go ahead,

cloth robes. We thought, Son we have youldn't, please!" Me said, "Yes, go ahead, "A we have these too?" And they said, "Yes, go ahead, take them!" SO ONE SATURDAY IN THE RAIN ME DESCEND. To FROM THE HILLS. Me were staying outside extere at this farmhouse with students from the university a we went out & hacked staves if from the forest a went into the front room where the fire was a put ashes all over our heads. One of the students drove us into Exeter in his sports car a we had the staves sticking out the window! Then we got out of the car a we stood there the whole afternoon a ticking out the window! Then we got out of the car a we stood there the whole afternoon a ticking out the window! Then we got out of the car a we stood there the whole afternoon a ticking out the window! Then we got out of the car a we stood there the whole afternoon at the Lord really anointed it!

FOUR PEOPLE ESPECIALLY GOI SAVED a MOINTED THE FAMILY FRCY THAT VIGIL. So we did a lot of crazy things Tike that a had a great time on the road a lived by miracles. We never spent any money. We were doing good; we'd send back £100 every week to London for which they were very grateful a we never used to spend any of it ourselves, as we didn't think it was right to. The Lord really blessed. SO THEN HE THOUGHT, "LET'S GO BACK". ME USED TO COME BACK EVERY MONTH a give our testimonies a stuff like that. "So let's go back this time dressed as Cromwellian soldiers. We can stand up a everybody will be amazed, a we can start a whole new thing."

SO ME CAME INTO LONDON AS CROMMELLIAN SOLDIERS. Me lived in these things; we forsook our normal clothes. We hitchiked, everything, actually lived in these things for about two months. So we came back to London to share the whole thing with everybody.

ME MALKED INTO AFRICA CENTRE. AND.

ME WALKED INTO AFRICA CENTER. AND.
EVERYTHING MAS DIFFERENT from the month before. People were dressed nice, there was
disco music playing & nobody even paid any
attention to us at all. So we felt like
idiots, you know. We went in & watched what
was going on—a skit. We were sitting next
to somebody & they said, "You must be part
of the skit." I said, "No, we're dressed
like this." So we just didn't know what was
going on.

IT TURNED OUT THAT WHILST WE'D BEEN
AMAY THE WHOLE POORBOY CLUB THING STARTED.
They were pioneering that. Last we'd been
there it'd been a regular fellowship, Sunday
night meeting & when we came in it'd all
changed. It was the Cromwell play, yes, Samson was up there doing the call of Cromwell.
It was the first time I'd seen anything like

theatre in the Family; I completely forsook all that. So afterwards Apollos came up to me & said.

"LOK, WE'VE BEEN LOOKING FOR AN ENG-LISHWAN TO PLAY CROWNELL because Samson's American. And I hear you were an actor one time." I said, "Yes, well..." I said, "No, look, I've got to get back on the road. We have a whole area of England." We were really self-righteous, 'cause of all the blobsyou know, hundreds of people in London. Me were two people going bersenk trying to over this whole area of citles. "You know it's ridiculous", we said. "Send other people down here, it's so ripe."

SO I SAID. "NOW LOOK. I'M SORY I'D ON THE PART BUTWE GO! TO GET OUT & GET BACK, You know we're due back down there, it's so ripe."

SO I SAID. "NOW LOOK. I'M SORY I'D OUT & GET BACK, You know we're due back down there comprow to Bristol. We have our lit." So he said, "OK, But consider this; we were spraying for an Englishman to play the part of Cromwell & here you come into the Poorboy on Club dressed as Cromwell. Just think that over." I said, "No, no." So I went back out on the road & we were hitching up the motorial way & got no rides."

AT I SECTION OF THE PART SAID TO THE TORRE GUY. "I'M SORY. It's been nice & everything we said about blobs but I know the Lord wants me to go back & play that of Cromwell." So I went back & that's how I got involved with the Poorboy Club & the skits & all that & had the greatest trial being ME there: What gave me the victory one day was Adria.

SHE SAID. "HELL IT'S EASY TO LISTEN IO

ANGELO & SARA'S TESTIMONY!--Given on Video at Loveville!

(IOPAZ: MAYBE YOU COULD TELL US a little bit about your camping experiences in Geneva & your prodigal son experiences before coming here.)

MOGELO: I'M SORRY FOR MY ENGLISH. "THE CRASH IS COMING",—ME FELT LIKE IT'S THE MOMENT, it's there & we needed to make something about survival. So we called Sara's parents in America & they sent money to buy a caravan. Then through one friend we got a car & we started to have a caravan & car but we still lived in an apartment because we had a job in Switzerland, in Geneva.

ME PLAYED IN A CLUB. (SARA: ME MERE STUCK IN THE SYSTEM.) Yes. So we put the caravan in a camp & thought, "OK, we start to make some experience with the children", because we had never lived in a caravan with the children. I had a few experiences in my past by myself in a tent & like this. We thought about to go maybe just on the weekend to live with the children if it's good weather.

AFTER TWO MONTHS ABOUT, THE OWNER MENT

weather.

AFTER TWO MONTHS ABOUT, THE OMNER WENT CRAZY & the Lord closed all the doors for us to work in the system. So we started to live in the caravan because we didn't have the money to take another apartment & need many many things to take an apartment.

(SARA: WHERE WE WERE LIVING, THE MALL OF OUR MOUSE MAS RIGHT NEXT 10 1HE BIGGEST BANK that they were building, a great big pit with all kinds of airhammers & things, One day when Emmanuele woke up from his nap & there was all this noise going for 12-hours a day. He said, "Ugly noise!"

(SO WE PRAYED TOGETHER & HE SAID, "LORD GET US OUT OF THIS HOUSE." And the next day we got into our caravan & made that step of faith to get mobile. It was a really important step & we're really happy to be living in God's Creation. That was just the first step; we thought our caravan was going to be survival, like when the Crash comes. But it's survival in so many senses.

February 1941

(GETTING MOBILE HELPED US TO MAKE THE STEP TO COME TO GREECE & really search for God's will in our life. We started off camp-ing in Geneva with a few other families there. You want to go on from there Sweet-heart?)

God's will in our life. We started off camping in Geneva with a few other families there. You want to go on from there Sweetheart?)

MELL, IN THE SAME TIME WE STARIED TO COME. MANY OTHER THINGS HAPPEND in our life. We went to live in Switzerland after the persecution in Italy, so it's very a miracle we found this man who took us out of Italy because after a few days we left Italy the persecution start, I mean the persecution had already started & we needed to leave Rome. But THE POLICE STARKED TO LOOK FOR ME after a few days I left Italy to go to Switzerland until now I think so.—For the club, for the many other things for the family. So we tried to be independent, like to take a job & work in the System to be independent because we lost a little bit the faith you know. And we start to take this work in the System. In the beginning we even sought to find this in the MO Letters but it was just an excuse.

AND THEN GOD STARTED TO CLOSE THE DOOR FOR US IN THE SYSTEM & we started to realise what really happen in our life.—Ne go out of the way until we realise we wanted to be musicians for the Lord & we want to give our music to the Lord & be musicians full-time for the Lord. But in this period for me my life is completely compromised with many things in the System, people in the System & even with one girl. I thought it was my fish.

BUT OME IT'S NOT A COMPLETELY BAD Experience; everything work for take us in the right way. And now we realise this & God must have known in the beginning it was going to happen to make us desperate, to frind really the road to come.

(IOPAZ: MELL, ANGELO, TELL US HOW YOU SECLIDE TO COME HERE TO GREECE & Music With Miscomusic.
