

UP TILL NOW WE HAVE VISITED A TOTAL OF 12 DIFFERENT HOSPITALS, schools & old folks homes, & nearly 200 souls have been saved as a result of our KP ministry here! Both children & parents got invaluable experience & training to take with them as they launch out by faith with their own little singing groups & hit the road for Jesus! PTL! GB Dad & the KP team at MWM for inspiring us to change our part of the world!

(Amen! GBY&CTMYAB!)
LESSONS LEARNED DURING OUR KP MINISTRY:

1. **VISION:** "Training & Shepherding Babes" #734:114-121 really helped me to train our children like new disciples, lead & inspire them to obey rather than drive'em.
2. **OPEN DOORS:** When phoning for contacts, we mentioned we had a children's group, & the kids got us in where we wouldn't have otherwise.
3. **TRAINING:** We don't need perfection, just willing hearts. The kids were usually the ones who pushed us to get out. After a while they got tired of practising--"Enough talk; let's get out!"
4. **SIZE OF GROUPS:** The ideal is 4 to 6 children. More can be confusing & defeat the whole purpose: a united sample. Quality not quantity!
5. **STRUCTURE:** Make sure each group has a pillar--a child who can sing loud & clear & lead the other children.
6. **AUDIENCES:** Start small. Begin with friends & relatives & other family members as audiences. Gradually build up to small crowds in parks & daycare centres. Try to have the kids get some experience singing in public to build their confidence before tackling large crowds.
7. **PREPARATION:** Allow lots of time to prepare, pray together & go over pointers before leaving for appointments. Avoid the rushy spirit. Practice the day before. (They explode in practice & have nothing left for the performance)!
8. **FOLLOW UP:** Get names & addresses at singing appointments. Go up to the director & talk privately with him about helping with a donation to cover costs; do this after the sample! Be faithful to write thank-you letters. Happy singing! (Amen!)

"Singing 'You Gotta Be A Ruby' to old folks!"

The beautiful end result: Love never fails & it goes a long, long way. Regina gives a hug to a happy lady.

Fellowship Strengthens Faith!

MEETINGS RESULT IN MORE MIRACLES & MORE SHOVE-OFFS!

From Marie Rousse; the Orient

GBY! GREETINGS FROM OUR NEW, EXCITING FIELD! We arrived here 3 weeks ago, & the Lord already provided a beautiful, spacious apartment! PG! It is very exciting to be on the field again.

WE JUST RECEIVED MAG 39 & STARTED TO READ "The Fellowship Revolution". God bless Dad for it. For the last 3 months before we left London, we were having fellowship & prayer meetings quite often with all the family there, & we all could see a very deep need for it.

IT STARTED IN FEBRUARY DUE TO THE INITIATIVE OF SHEM PIONEER (God bless his pioneering faith). A lot of people were talking about fleeing & working on their funds, etc., but very few were actually leaving, so we had this first meeting to speed things up in the Spirit & to have desperate prayer together for the Lord to show each one of us where to go & when to go & to provide all the needed funds. Twice as many people as expected turned up at this first meeting--showing the real need for it.

THREE WEEKS LATER WE HAD ANOTHER MEETING TO SHARE ABOUT WHAT HAD HAPPENED SINCE THE FIRST ONE-- the testimonies of the miracles the Lord had been doing as a result of our united prayers. And boy, had He done heavy exciting miracles! Enough funds were provided thru just one fish met Escorting so that a home of four adults was able to go to South America. Plus lots of souls were saved during that time & faith & convictions were strengthened.

SO MANY BRETHREN CAME TO THE SECOND MEETING that the little house where the meeting was held could hardly

Zech & Marie just before leaving England.

contain everybody. The VSS, sweet Phinehas & Rebecca, came as well & showed some MWM videos which turned everybody on.

FOR THE THIRD MEETING 3 WEEKS LATER, we rented a hall, & people came from all over England to attend it. This was the last meeting with dear Shem, our faithful organiser & dynamic M.C., who left a few days later for his new field in South America. GBH!

AS THE NEED WAS SO GREAT, THE LORD RAISED UP SOME OTHER PRECIOUS FIGHTERS, Ezra & Chris, to organise the next meeting, which attracted about 170 brethren from all over England. All this fellowship & desperate prayer together bore beautiful fruit in many lives & drew all the homes much more together. We all saw how much we need each other & the power of united prayer. A few brothers who had been living independently even rejoined homes after seeing how much alive & loving & inspiring the family still is, & many were inspired to get desperate with the Lord to shove off as soon as possible.

AS A RESULT OF THESE MEETINGS, I AM IN THE ORIENT with a sweet & loving brother, Zecheriah Quixotte, who after

2 years of furlough at his parents' house decided to drop out & follow the Lord full-time again. GBH!

THE LAST MEETING WE ATTENDED WAS THE VERY DAY BEFORE WE LEFT FOR THE ORIENT, & we had the opportunity to share with everybody the testimony of how the Lord revealed to us where to go.

AT AN EARLIER MEETING, A BROTHER HAD SHARED WITH ME THAT HE GOT HIS DESTINATION from the Lord thru fasting a few days, with desperate prayer. So, one Sunday Zech & I did the same thing. We read "Americans Abroad" & "Shove Off" & listened to the "Follow God" tape. We got in prayer, determined not to let go of the Lord until we got an answer.

ZECH HAD A BURDEN TO GO TO THE ORIENT, but since my heart & mind had been set on South America for more than a year, I expected the Lord to confirm that. But, His ways are not our ways, & I was really surprised when suddenly as I was pulling hard in the Spirit for an answer, I saw lines of Chinese people waiting in lines with their Chinese hats on their heads, & the Lord said: "...the gateway to China!" PTL! Hallelujah!

I AM NOT A VERY SPIRITUAL PERSON, so it was very inspiring to see the Lord honouring our faith & giving a direct revelation, TYL!

WE ALREADY HAD THE FUNDS THRU MY ESCORTING & Zech's forsake all, so 3 weeks later we were off.

DAD, OUR LOVING & BELOVED FATHER, we want to thank you for sensing our needs so faithfully & so lovingly & for providing for them so abundantly all the time (as with "The Fellowship Revolution"). We love you, love you, love you, & always keep you in our prayers. (PTL! GBY!)

A Sur América Con Video!

One team shares their experience in buying video equipment & getting it to S.A.!

From Denise; Europe:

I'D LIKE TO SHARE OUR EXPERIENCES ACQUIRING VIDEO EQUIPMENT since reading the inspiring vision for worldwide Family fellowship that Dad has given us. After searching the shops in London & reading several informative magazines, the best being called "What Video?", as well as the Family News, we decided upon either of two portables: The JVC HR2200 or Panasonic's new NV3000.

SEVERAL DIFFERENT SALESMEN AT SEVERAL DIFFERENT SHOPS ADVISED US that the picture from the Panasonic 3000 was the best possible on the market. Also, being released five or six months after the JVC, it had some new features such as a quartz direct-drive motor & new head breakthroughs which means the heads are supposed to last longer than any other brand.

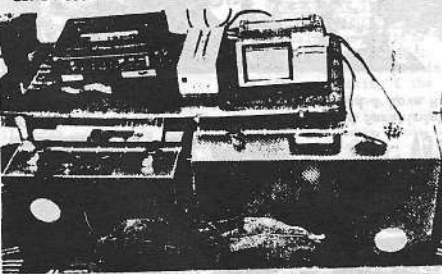

AFTER SEVERAL WEEKS OF USING THE PANASONIC NV3000 together with the JVC 610 TV monitor, we've had splendid results. TYJ! The JVC CX610 color TV is also a video monitor when taping & has a built-in tuner which means we can record direct from television on our VCR. JVC's latest camera, the GX88 (also called a Ferguson CV20) has the electronic view-finder built in & a 6X1 zoom lens with added macro facilities.

WE ALSO FOUND THAT FOAM-PADDED ALUMINUM LUGGAGE (see pic) costs a little more but will protect our equipment for life. As Dad says, "Be not afraid of their prices!" Hope our experience & tips help you to enjoy happy videoing for Jesus! Love, Denise & family.

P.S. WE FORGOT TO MENTION that two different maga-

Set-up for viewing: Panasonic NV3000 VCR, adaptor, JVC CX610 TV & monitor (tripod is in canvas bag). Photo by David Woods.

zines had complaints about the JVC HR2200 breaking down within the first week of purchase & after several months the poor buyers still had not received their machines back from the repair shop. This also helped us decide on the Panasonic NV3000, as we read no complaints about it nor have we had any trouble in five weeks of use! TTL!

P.P.S. NOW WE'VE GONE

SOUTH & have landed in South America! The Lord did miracles to help us get here, 5 adults, 2 children & 18 pieces of luggage, including our video equipment. At a wonderful going-away party with the DAF, we had specific prayer regarding our baggage, that we'd have no problems with either that or the customs officials.

DEAR DAS CHRIS & SIMON RUSHED US TO THE AIRPORT on the day of our flight, almost late. It turned out to be surely the Lord's doing as we were so late that they whizzed our luggage thru with scarcely a glance at all the bags, even the video suitcases which we had to stop at the gate to collect our sales tax refunds. From Paris we flew directly to South America, avoiding Miami, as we had heard from several sources, including Faithy's own testimony, that for anyone to land in America after having been gone for some time could be in for some interrogation or difficulties.

AS WE WERE CARRYING PRECIOUS CARGO we felt responsible to avoid as many difficulties as possible, altho' visiting loved ones can be a blessing. The Lord had warned us in our particular circumstances that we had better watch out.

LANDING IN SOUTH AMERICA, we were very glad we had taken prayerful precautions, as we discovered that the airline personnel had been very rough with our luggage & several straps & handles had been torn off our luggage. We had been very cautious with our two video suitcases, keeping them with us continually (they measured exactly the limit allowed for one person to carry on board!), never turning our backs on them or leaving them anywhere insecure. The fact that we lost nothing was a very great relief & testimony to the Lord & His desire to inspire His children with what

He has given us.

OUR ARRIVAL ITSELF WAS A VERY JOYOUS OCCASION as the local customs officials thought we were on a tour & let us go without looking into any of our luggage at all! Of course, we were all dressed in our best, & they just let us pass by as well-to-do tourists. Dear Josh & Sheba & one of their friends came to get us in a pick-up truck. They opened their home to us with open hearts & arms & have been so sweet & helpful ever since in getting us started & helping us to find a vehicle to be mobile.

ALL THE BRETHREN OF ALL NATIONALITIES HAVE BEEN EXTREMELY FRIENDLY. All this week we have been hopping from one Home

to the next, as all have invited us to stay in their beautiful Homes, fed us so graciously & watched movies.

WE WERE ABLE TO OBTAIN SEVERAL REALLY INSPIRED FILMS in London, as well as some of the London area family & copies of the Hong Kong brethren, so we've had some very happy inspired evenings "getting it together" with our Family here. We are in the process of getting mobile to travel South America as a whole. TTL, it's been a whole Family effort to get us here, & to fall into the arms of the SA brethren has been a really wonderful experience! Love, David & Judy Woods, Denise, Joy, Ike, Davey & Miriam Lovelight.
