

grounded in the MO Words! We want to show Daddy we're sorry for our mistakes & failures, & we want to prove he's right when he says our mistakes & failures happen (partly) to make us better missionaries in order to reach the helpless & the hopeless with the same love & forgiveness that has spared & blessed our lives. (Amen, Son! GBY!)

We love you & are praying for you & count it a blessing not a sacrifice to enclose a tithe & contribution to the work you're doing. Count on the Lord to help us send you His share & more as time goes on. If we can help you do your job better through communications, please let us know how & we will give it our best try! We love you & appreciate you & God blesses you abundantly in your hearts & bodies! Glory to the Father. Mike & Danna, North America

Dear MO: God bless you in Jesus' Holy name. God bless you for the inspiring letters you have given me. This is, I suppose, the first time you have heard of me. So let me introduce myself & tell you all about me. I am Ron Anderson. Born in 1933 Occupation: teacher. I cease teaching in two weeks time. I was trained as an artist. I later passed a further degree at a University in Melbourne on Film & Television & did as many practical units as possible. So I now teach design, illustration, Film making, television production & photography at a college of further education in Australia.

I have decided to go to South East Asia for about 4 months. When I return God will then tell me if I am to return to teaching full time, part-time or not at all. My knowledge & talents are at God's disposal to further His Work. (As a point of interest I have met your video team several times & there was a showing for all the Family in Melbourne. The testimonies were really inspiring.) I think you are really going to like them. Now back to what I wanted to say. I have wanted to go to South East Asia for a long time. Now I also want to help the Family there, especially in Thai-

land. Here I believe they are really over-worked & need financial help as well.

I first met the Family about 5 or 6 years ago. I was driving around & I stopped at a traffic light & a leaflet was poked in the window just before I drove off. I thought to myself, who the hell are these cheeky people? Some weeks later I found the paper all muddled in the floor of my old car. I read it.

The Family made a few more day visits & I received more lit. I then started writing in & Ecclesia, GB her was a marvelous scribe. I visited the colony & members of the Family visited me for weekends. It was one of these weekend visits that I received Jesus-Hallelujah! Then the colony folded. The faithfully faithful scribe went to India--but we still correspond. Sometimes months went by, but contact was never really lost.

About this time Ecclesia gave me a leather bound copy of the Basic MO letters. In this context, the letters became clearer & more inspiring. Thank you, MO. The book was a present for the help that I had given her & the colony. I now have volume 1 & 4.

Well, I have now been in close contact with the Family again. I help wherever possible & go litnessing in Melbourne with them & attend the Sunday Fellowship & very much want to be a full member of your wonderful family. I am so happy when I leave home & drive the 75 miles to share the "Word", pray & receive such enlightening fellowship.

I depend upon you, I need your Word, I love you & Maria & feel I have known you all my life. Love, Ron, Australia (A new TRFer) (Hallelujah! PTL! "Life Begins at 50!" - Mine like yours! TYJ! - & I've had more fun & fellowship, joy & satisfaction, thrills & accomplishments & lasting fruit in the last dozen or so than that first 50! GBY! - D.)

DAD'S EASTER REVELATIONS WERE A real blessing and caused us & others to really search the scriptures & has renewed our sense of awe at how much is in God's Word, not only in the Bible but how much Dad covers in one Letter. It's such a joy to dig out those 'Word worms' - & to study to show ourselves approved by digging out the precious jewels. TYJ! Hezekiah & Leah; Australia

THE EASTER STORY LIKE A HUGE STEAK--so tasty. The part about "And Peter" stood out the most & showed us once again how much love the Lord has for each of us. We also wanted to mention how encouraging & inspiring Dad & Maria's comments are on the News Briefs, etc. as they answer a lot of little questions and again show our shepherd's concern for every little detail. Asher & Amara, Asia

"TIME SHALL BE NO MORE" CAME AT the most appropriate time it could have! We were going through such battles trying to cope with daylight saving time, since it started 5 days ago-trying to rearrange 5 children's sleeping, eating & playing schedules in order to get to school on time etc. It is a real confirmation & help to realize that it is the Devil's own device to cause confusion & try to disrupt our lives. Thank God for Dad who speaks the truth!!! Bigvai & Rose; U.S.A.

WE WANT TO THANK ALL THOSE IN CHARGE of designing & printing the beautiful 1981 calendar! It is sooo inspiring to look at and has earned a lot of praise & comments from all our visitors- young & old! Isaiah & New Dawn; Canada

WE READ THE "ILLUMINATI" LETTER AND BURNED ALL OF OUR BOOKS AND GOT RID OF ALL OF OUR ROCK MUSIC! Isaac; Canada (PTL! GBY! - On with JESUS!)

WE GATHERED ALL OUR CHILDREN TOGETHER AND READ TO THEM BOSEA'S LETTER OF APOLOGY to his children, as

What The Family Says! About The Letters and Mags!

WE ARE CRAZY ABOUT THE MAGS!! They are so full of everything! All kinds of good stuff. So much work must go into its production, we would just like to thank each and every one of you who are helping in any way, or watching & raising children-making it possible for others to help get the words of our dearly beloved father to us all. I'm sure it's a blessing & a battle, we pray for you many times. Paul & Joy; U.S.A.

THE EASTER LETTER HAS TO BE ONE OF THE BEST EVER WRITTEN! We learned sooooo much, it made us laugh & cry and even appreciate all the things the Lord went through for us more. I could have read more and more even if I did stay up till 1:30 AM! I felt like I was sitting in the room with you Dad & eating each word! Dominic & Jewel; U.S.A.

"THE EASTER STORY" IS BEAUTIFUL! I have been going through so many humblings and breakings that I've felt like such a helpless sinner at times! The part where Jesus died of a broken heart really broke my heart in thankfulness for His love. I really felt that I understood the Easter Story for the first time. TG for Dad! Ava; U.S.A.

THE MO SERIES REALLY TOUCHED US THE MOST and made me (Jacob) really feel convicted about some of the little things that can creep in on you when you don't keep your guard up. I had gotten involved in playing a Japanese board game called "Go" which really wasted countless time that could have been devoted to the Lord's work! I took a hammer and smashed up the entire game-it's a real drug! Jacob Cartoon & Gishala; Europe

NEWS FLASHES: WE OBEYED & GOT A GOOD used 35mm camera. We've wanted to get one for a long time, but

thought it was too extravagant. The results are worth it, though, & we have already sent in some photos to the FN. Andre & Gaia; U.S.A.

WE WERE SO THANKFUL FOR "UNDERSTANDING YOUR TEENAGER!" Even though our oldest is only ten, a lot of what we read can really be applied right now to avoid a lot of future problems. Thanks again for such a comprehensive study. It has renewed my vision for my children eventually becoming teenagers & also "flaming evangelists." Jonas & Sarah; U.S.A.

I REALLY LIKE THE NEWSY NEWS FLASHES & esp. like the way Dad has been using them to comment on significant world happenings, such as "The Spider's Wound"...instead of always waiting for an entire Letter on the subject. (Which of course takes more time to trim, polish & publish.) Matt & Joy; U.S.A.

"LITTLE PEOPLE" WAS ONE OF THE MOST ENCOURAGING Letters that I have ever read, and a lesson in real love. I think Dad is really a little person with a big job and a big heart with a lot of love. I love him! Simon & Becky; U.S.A.

I REALLY LIKE THE NEWS SECTION IN the mag. I have since dropped the subscriptions that I had to various news magazines! Henry & Kathryn; U.S.A.

OUR LITTLE JEANNE (2) REALLY LOVES THE KIDS MAG, especially the Dito stories are fantastic & so easy to understand for the little ones. She really loves them & points out over & over again where Dito is crying, praying or smiling. G. Bless the brethren who work on this mag./The Easter Story is really fantastic & reveals so many mysteries. We have to read it a few times to realize how compact this letter is. We have

one question to ask about it: Jesus was the first risen from the dead with many O.T. saints which followed him. What kind of resurrection did Lazarus receive as Jesus rose him from the dead & the little girl? What about those that got prayed for by Elijah & Elisha? Did they die a second time after? In John 21:22, Jesus is mentioning that John never dies? Andre & Marie, Europe *Lazarus & these all later died a natural death (Heb. 11:13) except the O.T. Saints who rose with Jesus, who were part of the 1st Resurrection (Rv. 20:5). "For it is appointed unto man once to die" (Heb. 9:27).*

"THE EASTER STORY" - WHILE READING this Letter about the veil being torn open etc., I got that when Dad fired the 300, it was like a veil ripping apart so we could see the full truth! Also we were very inspired to receive some MWM tapes! Abner & Dianne; Europe

THE EASTER STORY CAME JUST AT THE RIGHT TIME as I had just been questioned by a doctrinal 7th Day Adventist about our Life after Death belief & was searching the scriptures when a brother walks in to my study room at mid-night & hands me a copy! Whew! It really gave me the answers & the spiritual victory! PHN! Nobah & Heidi; Europe

THE EASTER STORY JUST EXACTLY ANSWERS ALL THE QUESTIONS I HAD about the story in the Gospels & no one before was able to answer them to my satisfaction. TYJ! It was thrilling & encouraging to read at last Grandmother's books! They were immediately a big help to make my relationship with the Lord better & stronger! Andrew; Europe

I'M SO THANKFUL FOR GRANDMOTHER'S BOOK & The Easter Story. After reading The Easter Story, the Jesus of Nazareth film really disappointed me because Dad's Letter was so thrilling & packed and the movie empty compared to it. So God bless the whole staff there for sacrificial labours to get the Letters & news to us. ILYGBYAKYIJN Nathaniel Gray, Europe

we saw that a lot of his mistakes apply to our family, too. We have really learned a lot of valuable lessons from reading about Hosea & his family! PTL! Especially about the loves & mercies of David! Isaiah & New Dawn; Canada

IN PRODIGAL PRODIGIES RUTHIE MENTIONS how Mo used to fuck her during her period & from what we understand she let him do it. So we were wondering in a case like this, should the woman yield to her husband as the head of the home or should she not let him do it as the letters counsel against it? Isaiah & Naama Listen; Europe (She should certainly try to persuade him not to! But Eph. 5:22-29 & Mat. 9:29 - D.)

I USED TO HAVE A WEAKNESS TO CERTAIN types of system music, but ever since I received the MWM tapes I can't get enough of them, so I don't have the urge for system music anymore, PTL!

THE LAST VIDEO LETTER ABOUT DAD'S preferences really helped us a lot. We're learning that movies & other fleshly activities like sex are great if you keep it clean. But most of all we're learning to put the spiritual things first, lest we spend all our time filling our hearts up with pleasure. Unless we've put the Lord first even the best movie or the best sex will leave us empty. Thank God for all Mo's counsel! (Amen!) ReKem & Sherah; U.S.A.

"HONG KONG GOOLAGONG" IS VERY HEAVY TOO, AND HAS TAUGHT US a great deal about the spirit world & not to pass it off lightly. (We realized that when we had backed into a mini car, that we had some red Indian necklaces in the van that someone had given us that we were going to throw out as we didn't get a good spirit off of them.) We promptly threw them out after that. Michael & Ruthie; Europe

HONG KONG GOOLAGONG IS REALLY NEEDED for myself & in the home where

I am right now. We had been having similar problems with spirits riding on system records who bothered us & the baby in the night. God help us all to "declare war on the 'ol boy himself"! Nathan Te Amo; Europe

THE "HONG KONG GOOLAGONG" LETTER caused a big clean-up in our home, with prayer through the house & purging of old idols & unnecessary objects carrying spirits. It did as Mo said, make us here in Austr. feel drawn in closer. The whole mailing is the best yet! Dynamite! Rose of Sharon; Australia

WE JUST FINISHED READING "HONG KONG GOOLAGONG"- did you know that Yvonne Goolagong is a prominent Australian Aboriginal Olympic tennis player? She's sort of a figurehead for Australian Aborigines as she's so well known. Arthur & Moriah; Australia

ANY OTHER TV OR MOVIE GUIDES FROM Mo would really be appreciated. Also some have started watching soccer & hockey once a week after duty & Word - is this taking liberties too far? Aaron & Angie; Canada (Mt. 6:33)

DEAR BRETHREN, GBYAGIJN! SURE LOVE you & appreciate your labors of love! Will keep this real short. Maybe probably, it's been brought to your attention already. But we found a little blooper in the Daily Nights that was not caught in the publishing of the new DM books that really changes the meaning of the quote. In April 25 passage, quoted from "The Benefits of Backsliding" the DM book has it as, "up to the victory of the cross and death to self & others! Sounds kind of Jonestownish. In the original text it says, "up to the victory of the cross & death to self for others!" love, Joash, Rachel, Tim; Europe (Tks. - We'll try to correct it in further printings. - M&M.)
