

in Chicago, who usually was the same one, even though there were many, because they were student teachers from the University of Chicago. It really sounds like our program of "teaching others to teach others" doesn't it?!

28. ANYWAY, IT WORKED FOR ME, & I WAS ABLE TO COMPLETE ABOUT SIX YEARS OF SCHOOLING IN ONLY TWO YEARS THROUGH THIS METHOD OF SELF-TEACHING! It was probably more like a college course & even better, because we were on our own. Instead of just question & answer tests, which would have been too easy to find in the book that we had, in the booklet of tests which came with each book & course there were essay type questions, which meant we really had to write down what we learned in an essay form! And that way we ourselves saw that we either had learned it, or hadn't learned sufficiently to explain it in our own words.

29. SO THERE REALLY WASN'T ANY WAY TO CHEAT! Even for math they figured out a way to test you so you couldn't cheat yourself! But I must admit the Math course was the hardest one for me, & maybe it's because I never really liked math, but would rather study history or literature! Or something about people, like Sociology, which I took. I also took a course in Psychology which was, it seemed for me, so simple that it only took me one week to do the whole course & tests! I just took the best & left the rest!

30. THIS IS A LOT LIKE THE SCHOOL WE HAVE NOW, AS WE RECEIVE THE ML'S WHICH ARE OUR COURSES FROM A TO Z, & MORE LIKE PROPHECY! We study them on our own & have to test ourselves, which we should be doing if we are good students of them & want to learn them. And maybe soon we'll have complete test books for our "Correspondence MO School of the Bible & Everyday Practical Living" for a Child of God!

31. BUT I GUESS WE ALL GET TESTED OTHER

WAYS, TOO, WHICH CAN BE SEEN & SHOW US & OTHERS WHETHER WE LEARNED THE LESSON OR NOT! And you have many testers around you who will tell you if you learned it or not, by the way they see you live every day in the Colony, if it's a lesson on everyday practical & spiritual living, etc. And if you have babes around them will probably ask you enough questions on the historical, political, & prophetic lessons or Letters that you will instantly have to learn them well as you answer their questions & really become their teacher!--Which has always been our method of learning! Praise God!

32. SO THAT WHILE WE ARE STUDENTS, WE ARE ALSO STUDENT TEACHERS, just like the teachers I had through the American School Correspondence Course! We are learning while at the same time we are teaching others. Really, everyone is learning to be a teacher!

33. AND LOOK HOW MUCH OF THE LORD'S TIME I SAVED BY NOT HAVING TO LEARN THE SYSTEM WAY! WHICH TAKES AT LEAST TWELVE PRECIOUS YEARS OF THE PRIME YEARS OF YOUR LIFE before they even think you are ready for another set of four years of "higher learning", before you are prepared to even start knowing how to live yourself, much less teach someone else!--Which I believe even takes another four years or so of their education! Which makes you so dependent on them & their System that you can't even do anything yourself, & think you can't live without them!--Which is exactly what they want you to be, helpless!

34. --HELPLESS WITHOUT THEM & THEIR SYSTEM!--AND SUCH A BACKWARD CHILD THAT YOU WOULDN'T BE ABLE TO BE INDEPENDENT FROM THEM & responsible enough to take care of yourself & much less a family, if you ever have one, after all they've taught you about not having babies with birth control!--And if necessary, abortions! --To keep any more like you from coming into the World, because the World is already over half kids & any more, they'll take over!

Chapter 11: "Father Knows Best!" & "The Travelling Student!"

35. "TO STAY ALIVE, EVERYONE MUST HAVE MOVEMENT! There must be change, movement, motion, & the signs of life are principally manifested by motion, action! There are only two directions in which you can move. There is no standing still. You are either moving forward or backward, which is backsliding, & any leader who is not making progress is already a backslider, because

if he's not going ahead, he's going backward. And that's what is wrong with a lot of our leadership. They are not going ahead. They are settling down!" ("Old Bottles" ML NO.242:1)

36. I COULDN'T STAY IN ONE PLACE LONG THOUGH, & I SOON HAD TO MOVE ON. So I left California & Deb & Jeth & their little family. We had come to help see them through a difficult time of having their second baby.--And help pioneer & set up their new house, potty-train Joy so Deb wouldn't have two babies in diapers to take care of.--And most of all, as the little sister, I was able to be a spiritual inspiration & encouragement to their little household while I was there.

37. WE OFTEN HAD A LITTLE DEVOTIONS WITH THEM BEFORE THEY WENT TO WORK AT FRED'S OFFICE. Deb was even working there before she had the new baby! Or we would have some spiritual inspiration for them when they came home from their gruelling office jobs of long hours.--Instead of just all sitting down in front of the television, which was not inspiring for them at all!

38. BUT IT'S THE HABIT MOST AMERICAN FAMILIES GET INTO BECAUSE THEY HAVE NO SPIRITUAL INSPIRATION & FELLOWSHIP WITH THEIR FAMILIES so they must substitute television, which can leave you so empty! --Or so full of their system garbage that it just about kills any loving family fellowship or atmosphere.--And can therefore eventually kill the family!

39. I FOUND OUT IT WAS ESSENTIAL TO DO AS DRUGS, & so lost because the churches had YOU ALWAYS DID WITH US!--And just say that neglected them & had not fed them the spine we are going to have a little devotions orritual food which they needed!--And most Scripture reading & start it! And as the of all, they had not loved them or tried little sister I could get away with it, & to bring them into the fold:

so I did as much as possible. And they were usually so tired & drained from a full day in the System that they didn't mind it & appreciated my initiative to do it for them. Praise God!

40. ALSO, DURING THAT TIME THAT I LIVED & WORKED FOR DEB & JETH, I MEMORISED WHOLE BOOKS OF THE BIBLE! I would get up early & do all my morning chores such as cleaning the kitchen, getting the laundry started & feeding Little Joy, & would try to get them all done before anyone else was up so that I could have an hour or two sitting in the backyard studying my Scriptures while watching Joy in her playpen! I'm sure this is what kept me going during those strenuous months. The Book of I John was my favourite because it was all about Love, & so I memorised that one first! I made it my goal to memorise one of these short chapters daily.

41. ALL OF THIS WAS EXCELLENT TRAINING FOR ME! BUT I SOON HAD TO COME TO BE WITH YOU AGAIN, because I needed to be about my Father's business, & needed to be helping you & continuing in the youth work which we were doing with the other members of the Family, travelling & witnessing! And I needed to continue my spiritual training with you. Hallelujah!

42. THE DESIRE OF MY HEART WAS ALWAYS TO BE WITH YOU TRAVELLING & LEARNING AS WE WENT! This was the best training because we had to put into daily practice what we learned with you also!--In witnessing to lost sheep or preaching in the churches & trying to get them all out witnessing!--And helping the poor kids who were on

43. WE SPENT THE REST OF THAT YEAR WITH YOU ON THE ROAD UNTIL WE RETURNED TO OUR HOME BASE, THE RANCH IN TEXAS! There Aaron & I enrolled in the 12th grade, & graduated after going to the local Huckyaby High School for the last semester. We graduated with the highest grades in the class, --which maybe wasn't saying much since there were only eleven students in our graduating class! It was such an old-fashioned school that they still had two grades in the classroom!--11th & 12th grades were together! But it was great!

44. I WAS STILL ONLY FOURTEEN WHEN I ENTERED THE 12TH GRADE, my senior year at Huckyaby High, a school 20 miles from the Ranch, which was the closest one. Aaron was 19 & also a senior! He had dropped out for a couple of years while living & working on the Ranch & travelling with us sometimes in our evangelistic work, & had therefore not finished his schooling. So he & I attended school together! And he would always say, "This is my little sister & she's only fourteen & in the 12th grade!" Very few believed him, of course, because it sounded so impossible! But

So Aaron & I had the highest grades in the class the whole rest of the year! --And so all the kids used to say, "I'm going to pray like Aaron & Faith do because look at the grades they get!" It was such a testimony. Aaron was so precious, he was so diligent.

46. I ENTERED SCHOOL AT FOURTEEN & GRADUATED AT FIFTEEN!--And because I had such high grades I applied to one of the best Teacher's Colleges in Texas & was granted one of the highest scholarships they had. Because I was so young, they were going to make a publicity stunt out of me. I was the only person who had entered this college so young, other than a very famous guy who later became a governor in Texas.--So it was going to be a publicity stunt. They were trying to talk me into becoming a lawyer by the time I was nineteen.

47. SO I STARTED UNIVERSITY, BUT ONLY FOR A COUPLE OF WEEKS!--THEN I WENT TO NEW YORK & HIT THE STREET TO WITNESS INSTEAD!--And told them I wasn't going to return! I didn't care about the System! --I didn't care about school or friends, & had no social life. Hosea & I were a lot alike, no social life, never attached to the System, but always to you & the Lord's work.

48. EVER SINCE I WAS A LITTLE GIRL TRAVELLING WITH YOU, YOU WOULD ALWAYS LEAVE THE CHOICE UP TO ME ABOUT SCHOOL!--And I really loved school, I loved studies, but I'd always make the decision to go rather than stay. I always wanted to be in God's will, always afraid of missing God's will. I'd pray, & cry & say, "I think the Lord wants me to go with you." You always taught us to make our own decisions. Sometimes it was really hard--but you wouldn't make the decision for me, but let me make it myself. I was always so blessed when I was with you because the lessons & the training were invaluable.

there were some students who knew it was true because when I was twelve I was in 9th grade with them during a brief two months when I lived at the Ranch & went to school.

45. THEY ACCEPTED ME IN THE MIDDLE OF THE YEAR ON THE CONDITION THAT I WOULD WRITE ALL THE MID-YEAR EXAMS. I hadn't studied any of this the first half of the year & now I had one week to study for it! Then I also had to write a twenty-page thesis on some subject, so I wrote on Creation vs. Evolution. God's Spirit anointed me & I got the best grade in the class! The teacher read it & couldn't believe it! He stood up & said in front of the whole class, "This is a masterpiece!"
