from experience that by faithfully waxing even cars that are 8 or 9 years old it can really completely renew their appearance & make them much more pleasant to look at. A few dabs of paint over rust spots will also help make the car look nicer as well as retard the rust.

15. DAD ALSO KEEPS THE INSIDE OF THE CAR VERY CLEAN as well, which makes it much more uplifting to travel in, & also a much better testimony. He always makes sure that in the car there is Kleenex, or paper towels, & some cheap cologne which can be used to clean your hands & refresh yourself after having done such dirty jobs as checking the oil etc, & a rag to clean the windows with. He also usually asks that we keep a blanket in the car to keep people warm if necessary when they are out, or also for a little fun if the chance presents itself.

16. ME ALSO KEEP A THERMOMETER—the magnetic kind that can go on your dashboard

chance presents itseir.

16. ME ALSO KEEP A THERMOMETER--the magnetic kind that can go on your dashboard--so you can know the temperature inside the car, as well as the little compass that has a suction cup which goes on the dash, as he likes to know what direction we are going when driving.

17. DAD ALSO CARRIES IN THE CAR VARIOUS MAPS OF THE REGION that we live in, & susset them a lot, referring to them to make sure we don't get lost. He tries to explore all the little roads in the local area where we live & really gets to know the area well--even better than the locals.

the area well--even better than the lo-cals.

18. <u>WE ALSO TRY TO KEEP IN THE TRUNK</u> or boot of the car various extra accessorie 18. WE ALSO TRY TO KEEP IN THE TRUNK or boot of the car various extra accessories that would be a help in case of any minor breakdowns. This includes an extra can of oil, preferably the same brand as you have in your car already; an empty gasoline can in case you run out of gas. which should never happen, if you watch the gauges; spare light bulbs for your headlights / tail-lights, & small tool kit. The jack must be in good working order, & of course the spare tire, which should be checked from time to time to make sure it hasn't lost any air.

checked from time to time to make sure it hasn't lost any air.

19. WHEN PARKED DAD ALWAYS MAKES SURE NOTHING IS ON THE DASHBOARD or in the seat which would in any way attract attention to the car or tempt someone to break in. So when we park we make sure anything that would even look remotely valuable is either put in the trunk or under the seat or covered by a blanket, sweater or newspaper, so that no one will be tempted to break in. As he so often says, "The hand-

bag might be empty but the person trying to break in doesn't know this, & we don't want to have a broken window for him to find out!"--We always cover any cassette tapes with newspapers or sweater, & if the glove compartment is empty we even leave that open to show people clearly there is nothing in it & thus no reason to break in.

20. DAD ALMAYS MAKES SURE WE STAY UP TO DAIE ON ANY NECESSARY CAR MAINTENANCE, & believes in patronising one garage in the neighbourhood if possible, so that you get to know them & can trust & rely on them. As he has so often said in the classes, "It is so important to know your mechanic & to check on him regularly during repairs to make sure that he is actually doing the work which he claims he is doing".

21. WHENEVER THE CAR HAS ANY KIND OF REPAIR AT ALL, he always asks us, "Did you sit there & watch the fellow do the work?—How do you know he did it?" He also said that if you are taking a car to a garage to get some kind of repair done, it is always good for the first questions to be "How much will it cost to do such-&-such a job?", as this shows you are concerned about the price & that there is a possibility if it is too much you'll take it to someone else. Otherwise, if you leave asking him the cost until the last question, he will probably think that the money doesn't matter for you & he will charge you more. Needless to say he believes in keeping the car in very good mechanical condition & making sure that everything is working right/22. WHEN YOU ARE SENDING THE CAR TO A GARGAE TO BE FIXED, always be sure that you empty everything out, tools, blankets, tapes etc, so there is nothing in the car that someone could be tempted to steal.

23. WHEN A TRIP IS OVER & WE'VE PARKED THE NATHER TRIP IS OVER & WE'VE PARK

the car that someone could be tempted to steal.

23. WHEN A TRIP IS OVER & WE'VE PARKED THE CAR IN THE DRIVEWAY FOR THE NIGHT, Dad always checks to see if we've left any lights on or goors unlocked. He says it's always best to keep the car completely locked even on private property in order to discourage theft. He also will check to see that the windows are rolled up tight to avoid any rain coming in which can damage the interior & cause the floor to eventually rust out.

24. DAD PREFERS THAT WE ALWAYS HAVE ALL THE DOORS LOCKED even when driving, as an extra added security and safety measure.

was driving one day with the driver's door unlocked & when she stopped at the traffic light a man walked up, opened the door & said, "Move over, lady, !'m driving!" --He must have been mighty surprised when Grandmother pushed the accelerator to the floor leaving him in the dust. These situations can be avoided, however, by just keeping your doors locked; it helps keep the children from falling out as well.

25. ONCE MHEN TELLING US ABOUT TRAILER LIFE Dad said he recommends that all people who are driving caravans try to take the superways whenever possible. He says that it is by far the best on safety & your nerves, & even if you have to pay a little, it will pay off in less repairs & tire blow-outs & saves time. He says, "Anybody who doesn't take the <u>superhighways</u> when they can when they are driving their caravan, is absolutely insane!"
26. ME SHOULD NEVER BRING A CAR HOME MINICH HAS LESS THAN HALF A TANK OF GAS. ON WE USUALLY Try to tank up before coming in. Dad told us there's no excuse for

ing their caravan, is absolutely insane."
26. ME SHOULD NEVER BRING A CAR HOME
MHICH HAS LESS THAN HALF A TANK OF GAS,
30 we usually try to tank up before coming in. Dad told us there's no excuse for
running out of gas, & "if any of you do, I
hope you'll have to walk a long long way
to get some, so you'll never let it happen
again."
27. HE EXPECTS THE PERSON SITTING IN THE
FRONT SEAT HITH THE DRIVER to more or
less act as a navigator & help the driver
as much as possible. This involves pointing out any potential hazards in the road
ahead, keeping a look-out to see when
traffic lights change, warning the driver
of turns in the road ahead & possible
directions & map reading-Anything that
can help the driver in his job. He mainly
just wants the person acting as navigator
to be a help to the driver in any way
possible. Teges are better than 2.
28. WHEN WE DRIVE HERE, EVEN IF IT IS THE
SMALLEST ERRAND, it is a rule that we go
two-by-two so no one will have to drive
anywhere by himself. If there should be a
breakdown & help is needed or an accident
where an extra witness is necessary,
you'd be glad you had someone else along.
29. WHILE DRIVING MANY TIMES, one of the
passengers will say "Oh, look at that!"
To which Dad will sometimes comment to
the driver. "Son, you keep your eyes on
the road & we'll do the looking".
30.IF THERE IS A TAPE DECK IN THE CAR,
Dad always prefers that we play soft instrumental relaxing music which is very
very soothing & relaxes everybody & makes

sing old hymns or songs which are so uplifting & inspiring & make the miles just fly by!

31. DRIVING'S SUCH A RESPONSIBILITY WHICH REQUIRES LOTS OF PRAYER, not only when you're beginning the journey but the whole time! When driving, Dad will pray many times, thanking the Lord for keeping us safely so far & asking His help for the rest of the way, to "Preserve thy going out & thy coming in". He stresses the importance of the driver's task & expects us to be prayerful, askstresses the importance of the divers task & expects us to be prayerful, asking the Lord to give us great wisdom in our driving.

32. SO IF YOU DRIVE BE SURE TO PRAY!

Maybe you could learn the little song we all sing together as we go:

(Sing first the old hymn:)

TAKE THE NAME OF JESUS WITH YOU,
Child of sorrow & of woe,
It will joy & comfort give you,
Take it everywhere you go! (Chorus:)

PRECIOUS NAME, OH HOW SWEET!
Hope of Earth & joy of Heaven!
Precious Name, oh how sweet!
Hope of Earth & joy of Heaven!

(Then to the same old tune, sing:)
NOW GO WITH US, PRECIOUS SAVIOUR,
As we journey on our way.
Keep our tires & bless our engine,
Be Thou with us all the way!

horus:)

THIS IS A TESTIMONY FROM WHEN I WAS IN PERU, Just the night before this happened I had really prayed desperately that somehow the Lord would do something to help me be a better mother, as I had seen myself getting slack in the little things & losing the vibion to train the kids right.

vibion to train the kids right. LUZ MARIA(8 1/2 MOS.) MOKE ME UP ONE MORNING AS USUAL AROUND 6:00. I was still tired & half asleep still tired & half asleep while she played on the floor next to my bed. Then Christina(2 1/2), who was in the same room, said, "Mommy, Lucy is eating a candle."

in the same room, said,
"Momeny, Lucy is eating a
candle."

THE NIGHT BEFORE WE DIDN'T
HAVE ELECTRICIT, & I had
carelessly left a candle on
on ynight-table. So I took
the candle out of her mouth
real quick. Then, she started screaming real loud. At
first I thought she was mad
at me, but I quickly realised that by her panicked
crying that something was
wrong. She had apparently
swallowed some wax & was
choking! Ny God! I jumped
out of bed & completely
freaked out. I patted her
on the back, but without
results. Instead her crying
was getring like a panicked
cough, & she was beginning to
lose her breath.

THANK GOD THERE WAS AN
EMERGENCY HOSPITAL SO matres
from our house. I ren out
the door as fast as I could
to the hospital, carrying
Luz Maria who had turned
purple & wasn't crying or
breathing anymore. She lay
unconscious in my arms.
IT TOOK A FEW HINUTES TO
FIND. THE DOCTOR who was
sleeping somewhere, but

FIND THE DOCTOR who was sleeping somewhere, but meanwhile I didn't look at Lucy anymore, so as not to

lose faith that the Lord could save her. I was cry-ing & praying with all my heart, asking the Lord to please forgive me for all my carelessness with the kids & to please do a mira-

cle & revive Lucy.

I KNEW WITHOUT DOUBT THAT
THE LORD WAS DEALING WITH I KNEW MITHOUT DOUBT THAT THE LORD MAS DEALING WITH ME personally about my negligence, in answer to my prayer of the night before. As I handed the baby to the doctor, I even laid hands on him that the Lord would really anoint him. He told me later that he thought she was already dead; she was completely black. They took her to a room & used an aspirator to suck the wax out of her lungs.

MEANWHILE I MAS PRAYING LIKE I'D NEVER PRAYED BEFORE, 6 suddenly I got the verse John 11:25, "I am the resurrection & the life. He that believeth in Me, though he were dead, yet shall he live." I just hung on to that verse with all my heart & repeated it out loud over & over again.

& repeated it & over again.

AFFER REPEATING IT 6 or 7 times, I heard a weak whimper 6 some weak crying!! Hallelujah! The Lord spared her life & answered our prayers! It was a big testimony to the nurses 6 doctor who first didn't think she'd live anymore. But when they saw me praying so much, it gave them the faith to try to revive her! I told them it was a miracle of God, & they sure couldn't deny it!

THEN I GOT A LITTLE EMBAR-

couldn't deny it!
THEM I GOT A LITTLE EMBARRASSED as I stood there barefooted in my thin see-thru
nightgown. Just the fact
that there was somebody at
the Emergency at that time
was a real miracle, because
very often the door is just
locked 6 there isn't anybody to attend the sick

THE WHOLE THING WAS SUCH
A "KICK IN THE BUTT" from
the Lord to wake us up to
the serious responsibility
that His children are, & to
make us realise that we cannot for any reason be negligent in our daily care of
them. We also realise again
how much the Lord must love
us to give us another chance
to start over again & be
good parents to these cute,
precious, priceless little
ones who will some day soon
be some of God's greatest
prophets & prophetsess that
the world has ever known.

Real Father Takes New Family South

IN NEW MINISTRIES TOGETHER, FAMILY INVADES CHURCHES FOR SUPPORT & HEADS SOUTH:

IN NEW MINISTRIES TOGETM

From David Psalms; S.A.:

I WENT TO THE U.S. FOR

THE "MONEGOING" OF 1979,
coming from India where I
had tried reaching the very
upper class of India with
a musical combo. Before that
In Greece, the Mideast,
India, Portugal & Spain
where I joined in 1972.

I MAD BERM SINGLE FOR 27
YEARS, 6-of those in the
Family, & the Lord created
a huge vacuum in my heart
to have a large family,
with the vision of the
future prophets of God being
my main ministry & to pour
my life into the greatest
need in the Family as I saw
it, "Real Fathers". I really
saw our children in the
Family as the greatest asset for now & the turne
of God's work.

I HAD THE VISION 2 1/2
YEARS AGO TO START MY OWN
IMPORT-EXPORT BUSINESS TO
\$\$\frac{1}{2}\$ FROM THE EAST, but about
that time the Lord led me
to Telarisha & her & children, then ages 6, 5, 3 &
1. The first day I me ther I
asked her to go back to
India with me. She was in
the process of trying to
make a difficult decision
to either go back to her
husband or go on without

make a difficult decision to either go back to her husband or go on without him; he showed many signs of backsliding 6 had already done so in him heart. WE FELL IN LOVE, 5 with the vision of serwing God together we at that time wanted to prepare to leave the U.S., but we lost two of the children to her former husband in the process. However, after a former husband in the process. However, after a great test of faith, the Lord gave them back after 3 months, as her former husband willingly turned them back over to us.

WE WERE MORKING AT SYSTEM JORS FOR AWHILE, like many

in the U.S., but the Lord began showing us to drop out 6 go on the road. We left everything behind, 6 the day we left our spartment the Lord provided our trailer, as we drove clear across town with our last penny 6 arrived with no gasoline to pick up our trailer to begin our ministry on the road for Jesus!

THE LORD CONSTANTLY DID HIRACLES FOR OVER A YEAR ON THE ROAD, 6 our baby Tisma was born in the house of some wealthy Christians who took us in to live with them a few weeks before she was to be born, 6 they provided all our needs. We received much criticism from our flesh families f went thru many tests until we were almost pushed into a full church ministry by the Lord after almost giving up from trying to stir people up in the churches to help God's work. God showed us that He was with us in the church ministry He had given us.

THEM THRU OUR CHILDREN WHO HAD BEDN TRAIMING TO SING & PERNORN FOR ABOUT SMONTHS, the Lord suddenly flung us into ministering in a large religious community, city-wide, with city fathers & all.

ME WERE GIVEN USE OF A HOUSE TO LIVE IN. a car to drive, 6 actually lived in the houses of the rich as we were selling our caravaning equipment & continuing to minister, live by faith & drum up support. And finally, after 8 weeks the Lord gave us a faithful church to support us, & it has been doing as generously since we arrived in S.A.

WE LEFT FOR S.A. THREE
DAYS AFTER THE CHURCH PLEGED TO SUPPORT US, as we had postponed our flight 2 times previously & our time to act & prove our faith as

missionaries had come.

IM A VERY SHORT TIME THE
LORD HAS GIVEN US OUR TEMPORARY RESIDENCE YISAS
thru a real miracle 6 also
has raised up a fairly good
means of field support which
doesn't take up too much
time. And now we've had,
along with the rest of the
Family here, a litnessing
revolution, 6 the Lord is
delivering to us souls and
very potential disciples 6
catacombers right away. And
our kids are becoming more
6 more soul winners! PTL!
Thank God for Dad 6 his
good counsel!
OUR CHILDREN ARE STILL

OUR CHILDREN ARE STILL PROVING TO BE OUR TRUE.

good counsel:
OUR CHILDREM ARE STILL
PROVING TO BE OUR TRUE.
RICHES, as our 3 older girls
are being used in a beautiful KP group of 7 girls!
THERE IS ONE MORE THING
I'D LIKE TO ADD. Telarisha
& I have been attacked internally a great deal by
the Enemy who has constantly
tried to get us to separate
& thus destroy the work &
sample God ordained. The
lesson I would like to share
is that the Enemy has tried
to use a lack of trust to
cause many petty disputes &
has blown them out of proportion to cause doubts.
But the Lord has never
ceased to fight for us, &
upon reading "Sharing Sexusilly" by Seek in Mag 42,
I can testify with a "greater victory" of my own that
we truly believe that prayerful unity & being able to
let God continually renew
our love for one another
is the best attack we can
have to destroy the lies of
the Enemy & his attempts to
divide and conquer. This
affectionate love one to
another as mates & being in
love as Jesus loves to Love
thru us is truly important
to show everyone & especially our children that we are
His disciples. (Amman: Laff)
