

Shilo & Aikyo, he's a very faithful friend, Zipporah & Mana-chan 4:18! It really hit the nail on the head, going right along with 'Abide In Your Calling'...Hallelujah!

Right after Naomi made her stand of faith about the DJ calling, she was miraculously healed from her kidney infection in two days; a condition that normally takes months to heal, all to her doctor's amazement!

Jeremiah and Naomi prayed for the baby and they both received that this child was their Isaac, and that they needed to just put the baby into the Lord's hands! The Lord knew the great calling and ministry in store for Naomi and He chose to take the baby back to His great nursery in Heaven to care for it! PTL! (The doctors tried for 2 weeks to stop the breathing.) The Lord has continued moving and performing miracle after miracle in supplying our needs here. We had been using borrowed recording equipment that was quite out-dated and unable to meet the stiff recording standards here, so the Lord provided high-quality top-of-the-line machines to do the trick!!

We had sent out an S.O.S. to the family for these needs and our dear brother Timothy and his home down in

Andrew, Shalom & Liberty- some of those that came to the Musician's meeting. Photo: Isaiah

Oaska answered the call and volunteered some very expensive equipment that will be fundamental in producing the show. It was truly an answer to prayer and the Lord is going to bless them and all those that have given to get the show on the air!

We (Isaiah, Zipporah) and Ezra had the opportunity to travel down to Oaska to pick-up the recording equipment and share with the local DAF there the music vision! Then the next day we had a southern area musicians meeting where we got to share quotes from 'Glamor or Glory', 'Abide in Your Calling', and 'Let Go and Let God!' We encouraged them to make us demo tapes of their original material and family songs they might have a burden to record, as well as the vision for how short the time is that we have to get this show on the air. This organization will really help us in our big push right now! Praise the Lord!

One of the Lord's Lovelies, Keiko, she's also a talented musician. Photo: Isaiah

We are continuing to make progress and getting victories! When we get all the new equipment set-up and in place, we know that there'll be progress and efficiency like never before. The Lord clearly spoke to us and promised, "I will pour out My Spirit and in half the time thou shalt give twice as much, that more shall live!" Hallelujah! That means four times as fast! Please continue to pray for us. We love you all!

With Lotsa Love,

Isaiah

Fledgling Leaves The Nest

Young Family Member Leaves School to Live Mk 16:15

From Ben & Miriam; SEA:

When school holidays began, Jozef our 9½ year old, expressed a desire to quit school & spend time with Daniel & Miriam who are pioneering nearby.

In praying over and discussing it with Daniel & Miriam, we all felt that Jozef was ripe & ready to benefit from such an experience. Although the first 3 grades in school had benefited him greatly, he was now coming to a point where he would have to choose between joining the school system or rebelling against it.

So we felt that the best step would be to take him out of school. We also thought that the time had come for him to exercise his own "feet of faith" by joining a pioneering team & becoming a full-fledged Family one worth committing to the Lord.

Although it hurt to let him go, the verse the Lord gave us was a real encouragement: "Cast thy bread upon the waters & after many days it shall return unto thee."

member in his own right.

We believe that he will benefit a lot from this experience & hope that if, in the future, he wants to join our team again, that he will be more like a "junior" team member than just a child of ours.

At our Candlelight Service together with Daniel & Miriam (who were in Jakarta at the time) Jozef also took his turn in sharing his verse & hope for the New Year. He chose Mark 16:15 & said that he hoped to go to Manado to witness & sing & help Daniel & Miriam & also be a big brother for Sammy & Seth.

In the week that followed, we had a little ordination service for Jozef along with a communion & laying on of hands in order to help us all to realize that this is a serious step & Already we have received a very sweet loving letter from our brave pioneer from Ambon Sulawesi — a city which has never before been reached by the Family, & where he & Daniel were able to book MWM on 3 radio stations! WLY!

Daily Might Reaching Millions In S.E. Asia! Part I

From: Jude Horizon, S.E. Asia

"The things of the Lord can still happen today. The population is greater, the need is greater, the opportunity is greater, and the hour is greater, even the means are greater, with the printed word, radio, television, air travel, etc. We've all the means and the greatest opportunities in history at our disposal."

DAD HAS SO OFTEN SPOKEN SO FAVOURABLY ABOUT THIS COUNTRY and how its 50 million people have so openly and eagerly received our Family. In fact, in this country we are very popular and have rarely had any adverse publicity. Now we are having the greatest good publicity that we could ever imagine. MWM is on dozens of stations from one end of the country to the other and now a new door has opened and it just gets wider all the time — that of the ministry of putting the Daily Might into newspapers.

THE NUMBER OF PUBLICATIONS KEEPS GROWING DAILY and is now nearing a figure that is double that which we first expected. At the wildest stretch of our imagination we thought we might be able to get the DM run in 20-30 publications. Now we have it appearing in almost 50.

FROM THE NORTH TO THE SOUTH WE HAVE SMALLER PROVINCIAL PAPERS that include the DM in their weekly issues. These papers though small do exert a lot of influence in their communities as the main readers are the leaders of the town, the professionals, politicians, teachers, etc. With the DM also appearing as a regular column in this country's largest newspaper we reach millions monthly and there is virtually no place that the Word doesn't seep into. We got one letter this week from a man who lives in an area so remote that they only get the daily papers once a week. But still he was able to borrow a copy and came across the DM.

THE LETTERS ARE ALWAYS COMING

Jude Horizon Photo by German Maria

and the questions some ask just bring us to realize the importance of this ministry and how receptive these people are. Some ask such deep, sincere questions that you can just see how sheepy and in need of direction they are.

WE ARE BECOMING A CHURCH TO SOME OF THESE PEOPLE. They have forsaken their former denominational bondage and have just given up on organized churchianity and are longing so much for the pure truth. Then they come across the DM and are so taken back by its clear simple style. They really look to us so longingly for the answer. GBT.

ONE SWEET MAN WROTE IN and told us how terribly afflicted he is and that he suffers from a neurological disability that is so severe that he has lost use of one hand, his sight and hearing are severely impaired and he can rarely go anywhere as he can

barely walk, he can hardly do anything in life but read and now we are able to get the Word to him. Someone we would have never met on the street.

THE PEOPLE WHO WRITE IN ARE ALREADY OPEN AND HUNGRY FOR THE WORD. We don't have to use any bait we can just sock it to them with the straight Word of God. The main readers tend to be students and office workers and even a few doctors and other professionals are now writing in.

EACH AND EVERY NEED WE HAVE IS BEING SO ABUNDANTLY SUPPLIED. I guess the one that we are most grateful for though is the other people who have rallied with us to fit in and who do their part so well. GBT. The little people who make it all possible.

MARIA, who though nine months PG still faithfully pounds away at the typewriter and keeps our office running. LUKE, our artist and layout man who really helps to hold the home together with his loving concern. MARIA (GERMAN), who before joining the family had 3 years

Our lovely childcare helper, Day. Photo Luke Free

experience in an advertising agency. She now is one of the provisioners and fund raisers that keeps us supplied with the funds we need for printing and other projects. Then there is CHARITY, our little flirty fish that has given God's love to so many top men. She is a real heart winner and it is largely due to her love and encouragements that we have accomplished so much. Then DAY and ZINA, our childcare workers who are teachers and mothers to the kids while the parents are at work. Of course the kids are little bundles of encouragement and their love keeps us all going.

OUR FUTURE PROSPECTS

JUST RECENTLY WE STARTED NEGOTIATIONS FOR THE DM BEING AIRED NATIONWIDE ON RADIO AND TV. We went to visit the manager of one of the networks. Actually he has been a close friend of some members of the Family for a while now. We attended a Bible class which he conducts for his employees and we were asked by the pastor conducting the class if we would like to stand up and explain our work. Jude talked about the work and
