

Loveville Log No.8!

85 new songs recorded! 47 saved in live show! Serious childcare lesson!

From Paul & Marianne; MWM: GBY! WLY ALL SO MUCH & ARE SO THANKFUL FOR YOUR CONTINUED HELP & support & prayers which we all so desperately need. And thank the Lord for His wonderful provision & protection & the words of guidance & inspiration which He has given us thru His faithful Servant & Scribe, which have been such a "lamp unto our feet & a light unto our path". As the Lord reminded us recently, "Only by grace we stand" & "if there's anything good about us, it's only You! Our only hope: You in us, Lord!" All glory be to Him, PTL! (Amen!)

IN THE MULTITUDE OF ACTIVITIES & PROJECTS HERE AT MWM we just can't afford not to be daily desperate for His help & protection! On the contrary, the more there is to do, the more we need Word time, prayer time, time to "stop, look & listen". LHU never get too busy! Apart from this lesson, which we always seem to need to review, the Lord allowed us to gain many victories this month in many aspects of our MWM ministry, PTL!

THANKS TO DAD'S LOVING CORRECTIONS, WE WERE ABLE TO MORE THAN DOUBLE OUR PRODUCTION in the recording studios, with 85 new songs & instrumentals completed, several new shows & DM readings produced, & a new beautiful tape of music to love by, "Clothe Her Lightly", PTL! We also finished 6 MWM & KP video shows. Thank God for the "one-take revolution"! By the way, Angelo completed the first twelve Italian shows & already seven stations are booked in Italy, PTL! (GBM!)

Armando, of Jeremiah & Priscilla, & Mene, daughter of Aaron & Shula—two beautiful upcoming stars! Photo by Tony.

INSPIRING VISITORS INCLUDED SHULAMITE, MENE & ARMENDRIA from France. Shula & Mene recorded many of Aaron's songs for the show & for the soon-coming children's tape, & also put down on tape many of the Scripture choruses Aaron used to sing, PTL! As Dad said, "That's the thing that made Aaron's music powerful, it was the Word, it was terrific, there was always the Word in his music. Some of it was pure Word, some of it contained the Word & if you just go thru the source material, read the Letters, read your Bible, it's those numbers that contain the most Word that are the most powerful." TYJ!

Jeremy is an artist in more ways than one! Our musical director not only draws, but he is also an excellent hair dresser. Looks like Abel's "Saman's" a satisfied customer! Photo by Tiras.

ON THE HOME FRONT & in the center of our preoccupation has been our soon-coming move out of the War Zones of Europe, which we hope to complete by Winter, D.V., as we "pray that our flight be not in winter"! It certainly is a big task, but we feel more pressed each day as we listen to the news & realise how the world situation is waxing worse & worse! Selling caravans, sorting out papers & visas, we are all learning a lot about the Greek laws & ways, & it makes us all the more appreciative for the business & public relations talents of Silas & Abel's Scamant!

...and moving into more weighty songs such as "Drums of War" & "Stop the World" by Paul Michael (the last one is direct quotes from Mt 24), followed by a moving Box Skit by Ezra, ending with little Celeste of Simon Peter singing a powerful "Into My Heart", asking everyone to join her in the song. Many sincerely sang the song right there & then, & following this live concert 47 souls got saved while talking to some of us, including some who had witnessed our sample for 1 1/2 years, like the girl at the reception office & various campers who finally came to accept Jesus as their Saviour.—Also a group of 25 Austrian girls who were passing thru, PTL!

SCENARIO about a few days before, thought they could get away with it & planned to have a little campfire under a tree at a moment when they were unattended. With the wind blowing & the trees so dry it took seconds for the whole tree to be turned into a torch. Thanks to our water reserve we were able to put it out but not able to salvage the two tents of campers underneath. By a miracle of God no one was hurt & the damage was limited in comparison to what it could have been.

BUT WE THOUGHT IT WAS SERIOUS ENOUGH TO STOP THE WHOLE CAMP & get desperate & down to business with the Lord about where we had failed. "Nothing happens to His children but by His will & with His permission" & we really felt that the Lord was angry with us for not investing enough into our own children & teaching enough the "fear of the Lord which is the beginning of wisdom" to our growing little ones. Reading together as a body "What Is That in Thy Hand?" & Ho's lesson on "Love & Discipline", we realised how we had neglected this very needed Daddy-time & consistency in our disciplining of the children, as well as rewarding them for their good deeds. This was certainly a real lesson for all of us who got so busy

in our world that we hadn't heeded His checks. **PTL AS WE REPENTED & CRIED OUT TO GOD TOGETHER** for forgiveness, He answered our prayer & got a great victory out of this seeming defeat: The five campers whose tents had been destroyed got wonderfully saved! We offered them new tents & everyone did a forsake-all to supply them with clothes & things they had lost, & they got very touched! It seems that the 5 of them, two young Swiss girls & three Italians, were at a crisis point in their lives, & by His mercy He brought about a great victory. But we felt like sharing this lesson so you don't have to have such a catastrophe happen in order to get you desperate about your children! LHU never to be satisfied & feel we are doing well enough, as He surely knows how to remind us that he's "the One who really does it all & we are nothing, we just have to depend on You, Jesus!" PGI "You must care for His kingdom of His own little children more than you have ever cared before, that He might make of them a great nation!" We love you & are praying for you in your ministry to the world! Lots of love in Jesus & David, Paul & Marianne. (AMEN!—GBY! TYJ!)

ON THE WITNESSING FRONT: As he did last year, our king & camp owner asked us to do a concert for the campers in the campground. This year we felt led to share more of our warning message of the impending doom, as well as the vision to move South. MC'd by Simon Peter, the show began with sexy dances & funny skits...

WE HAVE NOW STARTED HAVING SUNDAY EVENING INSPIRATIONS OPEN TO ALL, with songs & children quoting their verses & an appeal to join us in our Salvation song "Into My Heart", which is resulting in many more souls receiving Jesus. PTL for this opportunity to reap this field before we leave it! Of course, the video shows are also a real tool to minister to both our Greek neighbors & the many tourists. We can see what a tremendous tool the videos will be in the future. GB Dad for his vision for this ministry!

IN CLOSING, THE LORD TAUGHT US ALL A SERIOUS LESSON this month about the importance of really caring for the little ones He has entrusted to us, no matter how busy we may be in how high & lofty our ministry! A few were caught by two of our little boys who, tho' they had seen

Villamor Latin Loveville Log No.1!

"Música Con Vida" (MWM in Spanish) blasts off!

From Carlos Translator; MCV: **IT ALL HAPPENED SO SUDDENLY** that many of us haven't yet stopped long enough to realise its complete magnitude. Only thirty short days ago we were struggling with Música Con Vida's many post-natal adjustments. Then, just like the tropical rainstorms that seem to come out of the blue here, production of songs & programs picked up dramatically, the script for our first Video show was finished, practically the whole amazing harvest of prodigals from the now-famous Laredo meeting arrived, & our Sunday Fellowship meetings for just MCV personnel reached the 100 mark! MCV had started to walk before it even crawled! TYJ!

UNDOUBTEDLY FOR YEARS TO COME THE LAREDO MEETING WILL REMAIN AN OUTSTANDING TURNING POINT in the Family's musical history.

The astonishment we all felt upon hearing the news that they were actually coming soon gave way to the inspiration & encouragement of actually seeing such a gifted group of artists heeding the Lord's call to place their talents at His disposal. It would be difficult to recount the joy of seeing them all now happily headed across our compound after a successful recording day, or on their way to our "Round Round Room" to share with all the latest tune they've gotten! TYJ!

THE "ROUND ROUND ROOM" IS OUR LARGE CIRCULAR COVERED MEETING AREA. Completely open on three sides it affords the ideal conditions for our gatherings: communion with our imposing tropical surroundings & protection from the sun & sudden showers. We hold our communal meals there; the tapes of our latest recorded songs are heard

there, & our Sunday Fellowships are held there. It's not nerve center, complete with kitchen & phone, & literally ten steps away from our pool, a welcome relief for our faithful kitchen team which Fisher's Lydia so ably heads.

A RECENT SPECIAL SUNDAY FELLOWSHIP WAS DEDICATED TO SIMON PETER in recognition of his faith for & basic contribution to the success of the musical radio ministry. The highlight of the meeting was a song "Take Good Care of Simon" written & sung by Amminidab with the choral backing of a dozen of our pretty girls, all immortalized by Juan on video for our dear originator in Athens. GBH & his relentless work, whose wide reach & encouraging fruit are still increasing!

IN FACT, EVERY SUNDAY FELLOWSHIP MEETING IS A MEMORABLE OCCASION at "Villamor". Just to watch Faithy & Juan leading the inspirational singing backed up by the impressive instrumental array of the guitars of Amminidab, Watchman, Chronicles, Fisher & Zech, along with Micah's banjo, Ezekiel's mandolin & Silas' flute, is enough to warm the cockles of any heart. Hands a'clappin', one hundred strong, we raise our voices in song, praising the Lord as much for the miracle that has brought these musicians together as for the immeasurable privilege of being here, serving Jesus in this crucial ministry in any way we can! TYJ!

AND THANK YOU, DAD, FOR THE SPECIAL 2-HOUR TAPE you just sent us. Receiving a direct message from you is in itself an untold encouragement & inspiration. However, hearing in your own voice & words your confirmation that you will give personal supervision & guidance to our operations was more than we bargained for, or deserved. And when you meticulously went about giving us detailed advice even a

"So the future is in your hands!—That tiny babe will be a king some day! That little girl will be one of His queens! Those happy, laughing children will be His princes & princesses & officers & governors who shall rule the Earth with His iron rod of love! Are you teaching them with the rod of His love today so they'll remember how to use it tomorrow as they teach & train others in love to obey?" (No. 315:36.)

about our daily schedule & the education of our children, tears welled up in our eyes upon realizing that we were now benefiting directly from your boundless love & concern.

DAD'S SPECIAL TAPE ALSO CONTAINED THE VERY EXCITING NEWS that our first programs had earned his approval & that he had instructed their mailing to all Family Homes as soon as possible. Needless to say, this is quite an honour for us all here & especially for our dear "locutor" (DJ), Gabriel, who has seen his efforts further crowned this week with the completion of Show No. 10! **HI OUR MIRACULOUS LITTLE STUDIO** has to-date been the scene for 35 songs, 14 jingles & 5 sketches recorded, in addition to ten programs. Zech & Jereboam are now alternating at the controls. Amminadab is charged with the productions, & alternating between solos & backgrounds are Amminadab himself, Watchman, Fisher, Shelly, Silas, Rainbow, Micah & Chronicles, not to forget Rebecca Rumba & Arón who are the Latin backbone & have several new compositions to their credit since they got here, nor Gentleness & Katrina who have contributed background vocals.

AND LAST, BUT DEFINITELY NOT LEAST, THE CHILDRENI Mikal has already recorded a couple of solos, enchantingly backed up by Anim, Watchman's Susie, Zech & Shelly's Crystal, Watchman's Rosita & Gideon's Jonathan. An impressive beginning indeed! TTL for gift ed children!

GB & STRENGTHEN THE MUSICIANS! The hard work of the recording sessions themselves is compounded for the majority of them by having to commute a total of two hours daily over narrow tortuous roads & for others by having to live in the studio's small frame house surrounded by a veritable tropical jungle wash in persistent rain. TTL for His

provision so that we should soon be able to move the studio closer, even within walking distance to us here at Villamor.

WITH TIRAS SEEDS' RECENT ARRIVAL, his energetic presence has inspired others to look after their physical fitness, with the number of those attempting successive laps in the pool increased. His carpentry skills have been a tremendous blessing in sprucing up Villamor to become a Home for

many more!
TO ACCURATELY TALLY VILLAMOR'S POPULATION you have to be swift for practically every day another prodigal comes home! A few days ago it was Ennan Artist who managed successfully to escape Texas & the U.S. where, in his own words, there are plenty of implements but no inspiration. What a joy to have back to His Family the man whose drawings have inspired millions over the years! **SO PTL, AT LAST COUNT**

WE WERE 27 ADULTS & 27 CHILDREN at Villamor itself, spread over 4 trailers, 4 pop-ups & 3 tents, in addition to the 6 adults & 6 children living at the studio, plus the 12 adults & 9 children at the in-town provisioning & office Homes, for a grand total of 45 adults & 39 children directly connected with "Música Con Vida"—at least for the moment!

AS USUAL, THE "LITTLE PEOPLE" ARE IN PLACE HERE ALSO, TTL, faithfully carrying on with their indispensable duties behind-the-scenes. As mentioned, Lydia has taken over the monumental task of kitchen steward, which Mercy pioneered before slowing down for her last few weeks of pregnancy. Her job is made easier by the provisioning efforts of Beriah, Basan, Ben & Cristal. Ben doubles as the camp's official greeter, PR man & trouble-shooter, a job he shares with Tiras, as well as being every mother's first choice for childcare!

TIRELESSLY OVERSEEING THE GENERAL INSTRUCTION & RECREATION OF THE CHILDREN is Delia who leads their daily morning devotions, flannelgraphs & swimming lessons, & is now getting some needed assistance from Mercy of Giddel. While on the subject of Little People, let's not forget our many mothers who silently (*Ha! Pts. tell us how you manage that!*) shepherd their children while Daddy's away at the studio: All hail to Watchman's Katrina, Micah's Carshena, Chronicles' Patience, Jereboam's Gentleness & Bani's Mercy. We love & appreciate you! In the unenviable position of Camp Manager is Bani, whose sense of humor has come in very handy in that position! GB'M!

AND ALL WOULD SEEM TO COME UNGLUED WITHOUT FAITHY & JUAN'S ABLE & DEPENDABLE LEADERSHIP. Anticipating needs & handling the seemingly endless queue at

Shelly & Katrina enjoy a night time swim & invite you too to "get back to the Garden" & enjoy all the delicious fruits awaiting you—love, joy, beauty—as you give yourself wholly to Him & His Service! Are you comin'? We're waitin'!

tendant to a group such as this can only be attained with a heart full of love. They bring to the job not only the Lord's special anointing, Dad's blessings & lots of compassion, but also the lessons learned during their previous experience in Greece, as many of MWMI's starting stumbles are being repeated again at MCV. GBT & their good-shepherd hearts which have helped all of us here to return to full-time service for Jesus. They have truly earned the great reward of seeing daily the fruit of their labours earnestly at work for the Lord! Hallelujah!

TO CLOSE WE WANT SINCERELY TO THANK ALL THE HOMES WHO HAVE SENT GIFTS designated for MCV & would like you to know that Dad in his infinite wisdom has instructed that those funds reach the needy musicians & staff at Música Con Vida at once. The monies have already been received & have gone towards the acquisition of much needed clothing & supplies for those who used up their very last resources to come here to serve the Lord recording & broadcasting His heavenly music.

SOON YOU WILL RECEIVE THE FRUIT OF THOSE DONA-

TIONS in the form of the cassettes of the very first programs & it will surely inspire you to know that in a real material way you & your Home made it all possible. Your prayers too have had their desired effect, & we ask for them as much as for the help to meet our material needs. For as MCV grows stronger & its reach begins into the Enemy's territory, his interference & attacks will increase in number & intensity, & MCV will require all the spiritual help it can get—from you!

FINALLY, TTL FOR A VISIONARY, SENSITIVE, RESPONSIVE & CONCERNED SHEPHERD. Our Father David, whose personal stewardship will help us navigate our way out to the high seas of broadcasting service, Jesus' Broadcasting Service, JBS! Hallelujah! And for Maria whose urging & counsel inspired Faith & Juan's Latin American tour & sustained them as they led our musicians back into the fold. So, to Dad & Maria, a very special thanks, & our heartfelt appreciation to all TRFing Homes without whose help we'd be hard-put to go on. *Con mucho amor desde "Villamor"—Your Música Con Vida Family, written by Carol (Anna) GBT. We sure are missing the fun you! Keep us updated!*

A Vision For Puppets On Video!

A STUDIO & EQUIPMENT DONATED; PUPPETS & SINGING KIDS ALL READY!

From Aaron; Australia:
AFTER TRAVELLING FROM TOWN TO TOWN WITH OUR SINGING CHILDREN, we got together with Peter Puppet & Mark & discussed the possibility of doing a children's video show for the Family & possibly for T.V.

JUST AFTER THAT, THE VIDEO LETTERS STARTED COMING OUT which gave us more faith for the project. Actually, none of us had any previous experience along this line, but we felt that the Lord was really going to do some miracles since we all had the burden & vision for it.

WE REALISED THAT STARTING FROM SCRATCH WOULD CERTAINLY REQUIRE A MIRACLE to get anywhere. After a few weeks of trying to no avail to obtain a place to use as a studio & workshop, we decided that we had to put together a few live shows & that thru our getting out, the Lord would do the rest.

SO, PETER, MYSELF & THE CHILDREN PUT TOGETHER TWO 45-MINUTE SHOWS, one with the salvation message. And our first show proved to be the open door we were looking for. We performed one evening for the unemployment centre (where Peter sometimes made his puppets), & it went very well, with us eventually getting to witness to all who saw the show.

THE MAN IN CHARGE OF THE CENTRE WAS SO IMPRESSED that he really wanted to help when we told him of our video vision. A few weeks later, this same man arranged for us to see the principal of a high school where they had a number of empty school rooms.

WHEN WE WENT TO SEE THE PRINCIPAL & told him what we wanted to do, without questions he proceeded to lay out the red carpet for us. Not only did he give us the

Peter & Aaron direct "Pied Piper" video puppet show.

use of a room (with our own key to come & go as we please) which is big enough for a studio & workshop, but also the use of all their school video equipment & all the facilities of the school, including woodwork shop & dark room—what a Golden Opportunity!

WE WENT STRAIGHT TO WORK: Peter—who makes all the puppets; Kerry—who does all the art; Mark—who does all the camera-work; Ken—all the handy-work; & myself—narrator.

SINCE WE STARTED FROM

SCRATCH, it took a month to complete our first two 15-minute segments of the "Open the Door for the Children Puppet Theatre", featuring "The Pied Piper" & "The Camel's Nose".

WHAT A VICTORY! & we hope for a lot more to come as we feel this will be a great tool for the children in the Family & hopefully T.V. We also hope this encourages others to pioneer the video ministry in your area.

LOVE, Aaron Quikote & The Happy Family.

Tips On Using Puppets!

- By Asaph & Michael:
1. Read the Family Care class.
2. Use a ball of crushed paper for a head as it's more durable than a balloon which leaves a hollow head.
3. A cylinder of tubing to fit around the middle finger & into the ball of paper makes an excellent, strong, balanced head.
4. Take skit ideas for the puppets from the Bible or No Letters, or make up your own from Family Care Komix or tapes, or revise a "Randy" skit (as we did to win souls at Christmas).
5. Don't mention Blacks or Jews in any way that could be taken as derogatory. We found that having a "Black Knight" wasn't received well, so we made him the "Good Knight".
6. Book shows by phoning absolutely everyone you can. It'll pay off in souls forever. Dan. 12:13.
7. Ask friends, sheep, etc. to help, which will result in them serving the Lord. (maybe full-time as we've found. PTL!)
8. Professional shows pay professional prices; use it. 9. Pray & obey!

Look At This Before You Leap To Chile!

IMPORTANT INFORMATION FOR THOSE PLANNING TO GO TO CHILE!

From Zichri, Hepsí & Luz, Vss of Chile:
(GBY! THE FOLLOWING IS A SPECIAL NOTICE WE ARE SENDING AS A FORM LETTER to those who are planning to come to Chile & have already gotten in contact with us. Because so many plan to come, we thought it may be convenient to print it in the FN as well so that everyone now planning their "Great Escape" can be informed of the situation here in Chile.)

GBY! WE JUST WANTED TO ENCOURAGE YOU TO COME PREPARED with enough funds to rent a house or an apartment when you arrive, unless you are cleared to an already existing Home here. That means to land with at least \$1,500, but preferable \$2-3,000. Rents for 2 or 3 bedroom apartments or houses here start out at about \$500 a month, & you usually need another month's rent for deposit. That's a \$1,000 you need to move in, not including food & living expenses which are relatively high. We feel the need to clarify this so you can avoid unnecessary trials when you arrive.

WITH 20 FAMILIES PLANNING TO ARRIVE BEFORE NOVEMBER, we'd like to suggest that you try to get "Home Support" (See lessons learned in "If We Only Had" by Juan in Mag 39, pg. 28.)

YOU MAY EVEN WANT TO SEND FUNDS TO HAVE A LOCAL HOME FIND A PLACE FOR YOU TO LAND, as Juan suggested. Most Homes here are full, & many are just forming

themselves, so please have patience as far as a Home receiving you.

FOR THOSE OF YOU WHO ARE IN CONTACT WITH US, we have included your names, talents, burdens, # of children, approximate date of arrival & address on a list which we sent out to all the Homes here. We did this to encourage the brethren here to write to you personally if they feel led to help.

WE ALSO WANT TO MENTION THAT CHILE ALREADY HAS 26 HOMES, which include more than 130 members (nearly 1/2 children), & most are in the capital city, (WHP?) We don't want to discourage you from coming, but if you're not sure where you'd like to go in S.A. we suggest that you check into the need in other fields. (Why not other cities in Chile?—Maria.)

REGARDING YOUR QUESTIONS ABOUT CHILE, please refer to the S.A. Handbook, as the info there is still pretty accurate, with the exception of prices which have risen with inflation.

WE HOPE THIS INFO HELPS! We're praying for you in your "Great Escape"! Please let us know exactly when you plan to arrive so we can make arrangements accordingly. Hope to see you soon!

P.S. IMPORTANT! We'd like to mention that Chile is a semi-closed field (in the opinion of the majority of the brethren here), & those who are planning to come need to take this into consideration. We need prudent

pioneers!

FOR THOSE WHO WISH TO WITNESS FULL-TIME, we suggest the DTD ministry. It's fruitful yet undercover—however financially it is difficult to support your Home on DTD only & another supporter is usually a necessary supplement, i.e. "Home Support", ITing, restaurant singing, a job, etc.

SOME HAVE GOTTEN THE IMPRESSION THAT CHILE IS AN OPEN FIELD & that we can operate openly here as in other fields where democracy exists. This is not the case in Chile!—A government law against printing & distributing literature without government authorization recently has been fortified with the penalty of imprisonment, instead of just a fine. "Island Secret" definitely applies! See paragraphs 27, 70-72, & watch & pray!

AS FAR AS BRINGING YOUR MO BOOKS INTO CHILE, there should be no problem if you enter at the International Airport. The customs check is normally very superficial, & until now none of the new teams have had problems. GBY!

(Those wanting to get in touch with us can write to the following address with an inner envelope marked Zichri, Hepsí & Luz. The address is: G. Bueno, Apdo. 4148, Viejo San Juan, Puerto Rico 00904.)

(We found DTD slower but more fruitful, lasting results & solid support. Also, what's it take to get Government permit to print? GBY Pioneers!—Love,—D.)
