GOD'S DELAY RESULTS IN ANOTHER WILLING WORKER FOR HIM! From Josh & Miracle; S.E.

Asia:
I JOINED THE FAMILY IN
CAMADA IN 1976 & CAME TO THE
PHILIPPINES 7 MONTHS LATER.
My wife Miracle is a Filipin
& we have been mated for 3
years & have 2 children. We
have kept busy & always felt
fulfiled in the Philippines until last Christmas when we began to have itchy feet for

IN MARCH WE DECIDED TO GO TO HONG KONG, & on April we told our home that we would be gone by May 1st, giving us one month to raise all our fare & make the necessary plans. I began work on our legal papers, & we continued litnessing & FFing, expecting miracles

DURING THOSE MONTHS, WE RECEIVED GRANDMOTHER'S BOOK with "Streams That Never Ru Dry" & also the new "Daily Might" book. We wanted to go right away & hoped the Lord would do it, but the trying of our faith is more precio than gold; & faith is not here here to the control of the control hope, but faith is the sub-stance of things hoped for! (Heb. 11:1) Dad says: "One

(Neb. 11:1) Dad says: "One of the biggest lessons you'r gonna have to learn is to wait for the Lord to work."

SO, WHEN MAY 157 CAME, we were broke & hadn't seen the miracle. But we had been reading "Streams" a lot & knew we were being tested on our stand of faith. We decided to go on the road, so we packed up, borrowed 3,000 we packed up, borrowed 3,000 pieces of lit & went to a town where a U.S. naval base is located.

is located.

AN AIRCRAFT CARRIER FROM
THE INDIAN OCEAN was in port
5 we litnessed steadily for
10 days, distributing most
of the lit & witnessing to
many young sailors. It was
really exciting 6 fun, 5 we
were able to raise about
5000. But then the ship was
about to leave the knew the

town would soon be deserted, & still we weren't half way with the needed funds.

WHILE TAKING A WALK TO-GETHER we had to laugh at ourselves because we real-ised that we just couldn't ised that we just couldn't do it; it was an impossible situation, & it had to be all food's doing! We too, like Grandma, felt exhausted with our efforts, & the En-emy tempted us to fear & feel that somehow our faith had not hear outself. feel that somehow our faith had not been quite big enough, that it had not been built up to quite the pitch necessary to meet the demand. But TTL, with the help of Grandmothen's testimonies & the Daily Might, we hung on! And we felt so good knowing we didn't have to do it!

AND GOD DID DO IT: The night I met John while I nessing. He had arrived same day from California same day from California where he is stationed in the U.S. military. A year earli-er he had visited the Philip-pines & met & married a local girl, but then he left her girl, but then he left her behind when he returned to the States. Then, four months ago he got saved & so com-pletely changed from his drinking & drug abuse that he really wants to serve the Lord

he really wants to serve the Lord.

BEING UNHAPPY IN THE MILITARY, HE TOOK 30 DAYS LEAVE to return to the Philippines to see his wife & to hear from the Lord. He came over the next morning to visit us, & we read "Did God Make a Mistake?". He fell in love with us, the music, the fellowship, etc., & for the next week he visited a lot, i reading many of the Letters & learning about the Family & & our vision to serve Jesus, & He also learned about Sible to prophery, including the desurrentian of America, which Dailtaged bid out?

HE WROTE TO US: "I love you all with all my heart. I thank the Lord for being introduced to a bunch of revolutionists. Amen: It has set my spark even more. The Lord has set my path. The Lord has started a revolution in my heart. I'm praying totally on being dismissed out of the service to come back in the Far East to be part of this Revolution for Jesus. I ask humbly to be in your prayers because I'll sure need it in being more bold than before: Whatever the Lord wants me to do troduced to a bunch of rev. ever the Lord wants me to do in California 1 don't know, but I'm ready to unfold the bomb of truth, Love, John."

bomb of truth. Love, John."

SO HE'S GONE TO THE U.S.

NOW TO CARRY OUT HIS PLAN.
Please pray for him! Before
John left he gave us the
rest of the money we needed, \$350. saying he didn't
know why at the time, but
just before leaving to come
here he had received him. income tax returns & had more cash than he needed. TYJ! He had decided to co to the Philippines about to the Philippines about March, the same time that we prayed to go to a new field.

SO, WE'RE A MONTH LATE

with the Lord's schedule.

Parents' Visit To Loveville! Love changes parents' lives through faithful, loving ministering!

From Sabine, HELLOI GOD BLESS YOU! My name is Sabine. I one of the violinists here at MWM & I want to tell you

about the very inspiring, fruit-ful visit of my parents here in

FIRST, ABOUT THEIR BACKGROUND: I remember my childhood as a very happy time. Although my parents were not saved, they brought me up in a quiet Godly way. They taught me Bible stories, to play music, drawing, sewing to play music, drawing, sewing, helping in house & garden, & they tried to protect me from bad system influences like T.V. & magazine, etcl). They also taught us that sex was good & even let me invite my boy friends home for the night. Also, they gave us, my brother, my sister. & ! my brother, my sister & healthful good food to eat (without white sugar, etc.) I remember "Music Weeks" when many different musician friends came together, camping in the garden, playing music all day long. (We also had dishhing & cooking schedules,

SO, IN A WAY, THEY TRIED TO CREATE A PHYSI-CAL PARADISE behind the walls of our garden, but without the Lord it did not work & they could not be happy.
WHEN MY BROTHER, MY

SISTER & I STARTED DOUBT-ING THEIR EFFORTS, calling them luxuries, & leaving home, they could not understand why we would not follow in their footsteps. My brother was the first one to leave home & many times I saw my mother at the end of herself, asking herself if she had brought us up wrong & seeking mistakes in her life. The Lord later used this to bring her closer to Him.

WHEN I FIRST JOINED THE

AFTER BEING 2% YEARS IN THE FAMILY, I had a chance to visit them in Ger many. I read a few milky MO Letters with them, like "Faith & Healing", & "Stop, Look & Listen", & my mother really liked them.

WHILE I WAS BACK IN TURKEY, the bad publicity were hit them, & after reading letters like "The Hooker", & listening to the Jewish propa-gands of different magazines, they were turned off MO-Letters completely & started worrying about me again! There was nothing I could ex plain to them, so I just prayed

WHEN THEY VISITED ME IN CYPRUS, & sew a sample of the Family there, they were very impressed & they loved everyone of my "friends", & thought that I was in good hands. Slowly they started trusting me again & even asked me to work out inside family problems & to pray for differ

My parents saw how we all help ed each other's children & loved each other & they said they would like to live close to me & "friends", because they so relaxed & happy around us, I witnessed to them about the coming war & always fed them spiritual principles & quotes from the Letters, which they received without knowing where they were coming from They still were not sure about MO, but they couldn't deny the

THIS YEAR, WHEN MY PARENTS CAME TO "LOVE-VILLE", THREE WEEKS AFTER MY BABY JULIANNA WAS BORN, they were com-pletely overwhelmed with "so many sweet people living together in love". Especially my mother seemed to fit in, hugg ing & kissing everyone & gett ng free in the spirit. They were happy to see me live with Simon & Celeste & the new baby, but also for the first time they really got a vision for everyone living & working to gether to preach the Gospel to every creature via radio & they understood how everybody wa just a small, but very essential part of the whole operation MY MOTHER MENTIONED:

"The other home you lived in disciples in Greece, were beautiful, but here is even more unity & a higher standard."
After hearing the Drama Tape
the Shows, & the Daily Might
Tape, & seeing MWM videos,
they were really impressed about our work here. They know it's all Dad's fruit, but they don't like to talk about it anymore. They like it here & that's what counts.

ME, how he gets all these ideas & puts these Shows together! You'd better care for him well & really inspire him!" God bless herl She really loves Simon & gave him lots of warm hugs & kisses Hal I TOLD THEM THAT WE MIGHT BE MOVING SOUTH

SOON & they said they them-selves have been thinking of leaving Germany, especially after Reagan had become president. After a heavy talk about God & mammon, my father admitted how hard it would be for him to forsake his house & garden in Germany which he had been working for all his life (other than my mother w wants to leave right away). They asked me to pray for them to be able to make that move. They also offered to help the work here by buying property to set up all our caravans in whatever country we choos AFTER A DINNER & IN-

NA, my mother joined in after our prayer, & thanked the Lord for allowing them to come here She told me several times she would love to live with us if she could be of any use here, but she would not want to leave my father, who is very settled in his ways. ON THE WAY TO THE AIR—

PORT she asked again: "Could-n't you use a grandmother who takes care of the children? I could teach them to sew, cook, sing or play music!" Well, the Lord will show them how He can use them the most & how they can help His Work the best. God bless them! Please pray for them that they will come closer to the love of David & His Letters. MWM Club Parties Reap New Members!

AT THIS TIME WE WERE JUNE VISITING THE MEMBERS PER VISITING THE MEMBERS PER-SONALLY IN THEIR HOMES, and we hadn't yet found a place to have regular meetings. We found it really educa-tional to go into their homes & meet their families and to find out who they were & how they lived, & it was inspiring to get to know them this way. them this way

THRU OUR PERSONAL FOLLOW-UP plus new members jo from the radio show, t were soon 50 members, we decided to send out invitation to them all to come along to a "Music with come along to a "Music with Meaning Club party" which we arranged in a local stu-dent centre.

THE GENERAL FORMAT OF OUR CLUB PARTIES IS TO BEGIN WITH SOME LIVELY INSPIRA-

SS OUT WHAT WE'RE GOING TASS OUT WHAT ME RE GOING TO READ, a Komic or quotes or whatever, E then we have them read it along with us, with someone reading it out loud to them & expounding on it a little bit & applying what we're reading to their everyday lives. At this time we also try to fit in some personal testi-monies, perhaps how they came to MWM, how their lives were changed, how they met the Lord, & also testimonies in general about the work that we're doing & the lives that are being changed!

AFTER THIS WE AGAIN TRY LIVEN THINGS UP A BIT WITH SOME DISCO DANCING OR WHATEVER! We have quite a ng gathering at our clu ty, so they really like

videos have really flipped out over them & really com mented on the tremendous in pact that these videos have

had on them.

THEN, WE TRY TO GET THEM THEN, WE TRY TO GET THEM PARTICIPATE & LEARN THE MUN SONGS & sing aloud with us: This all helps to get them out of themselves & to show them a sample that we're happy children of David E that they can be free & happy too! After that we usually close the party wil happy too: After that we usually close the party with light refreshments & very informal mixing & talking to them. This gives us an opportunity to witness to them in depth & to see them in depth & to see exactly how we could better minister to them & feed them & see where they're at & how they're responding to the club, the mailings &

THE PARTIES ALSO ARE AN EXCELLENT THE FOR US TO SECRET REV MEMBERS because we always encourage our present members to bring along their friends & families, & many of them have done this & the new visitors have signed up with us as club members right on

FROM GREECE WE ALSO RE-CEIVE A LIST OF ALL THE

IT'S INTERESTING TO NOTE
THAT SINCE MMM HAS STARTED
HERE IN INDIA there have
been 4 listeners who became
Club members & in turn becam
full-time disciples coming
right into the Family. Now
in this city alone we have
nearly 100 members, so our

people who are getting fed

the potential to apon 3 WE ALSO DO A LOT OF SCHOOL PROGRAMS & OUTREACH HERE IN THIS CITY, & we've found that this is also a found that this is also a really good opportunity for us to tell people about the program. We've just printed up a flier advertis-ing MWW with a little form ing MMM with a little form on the back that people can send in--so we plan to get them out by the thousands now at the different schools now at the different schools to everyone we meet, & we plan to promote the show as much as we can. We always take along MWM magazines & atickers & also the cassettes which we have a chance to play in many people's homes.

ME FIND IT SO MUCH EASIER
TO MITNESS AS MINSTRELS
FROM MUSIC WITH MEANING,
as we now have all the material to back us up. It's
just a lot more inspiring
to meet people this way
because the MVM Show & MVM because the MMM Show & Amm Club are really geared to their mentality. & we find it so much simpler to wit-ness to people & talk about the Lord & to reach them the Lord s to reach them thru NHM, especially in India! We've been out here for quite a while & we've tried so many different ways to reach people, but found that NHM follow-up one of the most fruitful is one of the most fruitful.

Lasting methods with fruit
that really remains & people
who have come all the way
in the Family-good solid
remaining fruit!

AS NWH MINSTRELS WE'VE AS MWM MINSTRELS WE'VE

have gotten in thru any
other way! As a result we
have been able to reach &
win thousands & thousands
of souls this way! Thousands
of children's lives have

IT'S ALSO REALLY INSPIRING & ENCOURACING TO KNOW THAT

with Face appears to the property of the temporary of the temporary then to witness personally, often not only to the members themselves but also to their entire families. Often when we visit their homes the wholf family 4 their brothers & sister & friends that they sister & friends that they may have over, they all pray with us & get saved! Sometimes they just all gather around us & hungrily devour every word that we have to

ME'D LIKE TO SAY HOW THANKFUL WE ARE TO EVERYONE WHO IS INVOLVED in this min-istry behind the scenes, istry behind the scenes, the ones who are recording, answering the mail in Greece, the musicians & song writers & just everyone who is involved! We really appreciate all your labours & the tremendous job that you're so faithfully doing! Being with the part lines. out here on the front lines & meeting these sheep is so very fulfilling & inspiring because we can see just how such that are character. much they are changing & are being fed & are receiv-ing the witness! They are really growing & their lives are being changed because

ME'RE SO THANKFUL FOR OUR PART IN IT. & we'd like to do our best to do all we can to reap the hervest that is here & that you've had a part in! We feel that we're really entering into your labours over here, & we get to see the end result of it, & we just really want to inspire you that it's really worth it & that God is moving & lives are being changed! GBAKY! MWM IS STILL BEING
AIRED EVERY SUNDAY MORNING
on the island where we book
ed it before our departure.
Here is what Sam & Liz, two
very good friends of the have written us since

we left there:

"WE WENT TO SEE THE RADIO DIRECTOR. He said he really likes the program & that he is going to write to Greece for the magazine. Shortly

CA THE WILLIONS:

after MAN began to be broadcast here, there was an article in the paper about
the Family. A woman brought
back the letter, "Flirty

gave it to the press, & you
know what the press does!
They only pick from here &
there & put it in such a
way with a different meaning, just to criticise the ing, just to criticise the

"THEY SAID THE FAMILY WAS NOT SUCCESSFUL HERE, so there is no one left, which is not completely true. (Thanks to MWM & friends there like Sam & Liz! GBT!) there like Sam & Lizi (BT:)
They said it was completely
out of the island. We are
so thankful for the MMM Club
for the good work that is
reaching the whole world

AND IN A RECENT LETTER FROM THEM THEY WROTE: "You are always in our prayers.
We are really hoping that some others will come thru our way. The MWN Show is still on the radio every Sunday. We are so fortunate to have an opportunity to hear some other members of near some other members of the worldwide Family. We are also very happy to know about the great work that they are doing everywhere around the World, even though there are difficulties in some places. Thank you for opening the closed doors here thru MWM:" (Amen! GBY!)

From Obeth; Central America:

BELIZE, SOMETIMES CALLED BRITISH HOMDURAS, is a hot tropical country of perhaps 150,000 people, most of them being black or a mix-ture of mestigo 6 black. It is located on the Carribean, with Mexico to the north &

CANLLY MEMBERS HAVE GONE THERE FROM TIME TO TIME IN MITNESSING TEAMS, but there has never been a permanent Home there. Actually, it would be rather difficult to

would be rather difficult to have a Home there because it is very small & very poor & conservative. A FEM NONTHS AGO THE LORD GAVE ME THE IDEA that the way to witness to Belize is thru MHM. It is a British colony soon to be indepen-

colony soon to be independent, & there is only one radio station in the country WELL, I KNEW THAT THE LORD WANTED HE TO GO THERE, so I went to Belize to see the program director of this government-owned radio station. To my pleasant sur-prise, I found that the per son I was to talk to was a charming, beautiful young woman. She was very sheepy also. She loved the prograt & even confessed that she would like to be able to do something similar but that she just does not have the resource in Baling PTI. urces in Belize.

T IS A REAL VICTORY TO THE SHOW ON THE AIR GLI IND SMOW ON THE AIR THERE, as everyone there listens to Radio Belize be-cause there is no televisio station there. Praise God! His glorious light is shin-ing in Belize, & the simple measage of love will be measage of love will be heard by the simple people there. It is a dark country 6 reminded me of what per-haps Africa must be like. I hope that MWM can change their hearts & lives.[Amen!]

Mailemal Convention of

CONVENTION WHERE OVER 400 RADIO STATIONS WERE REPRE SENTED, & we took with us our tapes, tape recorder, PR MWM photo album, brochures, stickers & guitar. Crystal put her HWM sticker over a button, & it looked quite official, besides being the most beautiful one there & in colour. THAT SAME NIGHT BY FERRI

THAT SAME NIGHT WE FF-ED TWO LAWYERS FOR THE FCC Federal Communications Commission), who were really turned on about the music, our work & the Lord. The Lord used them to refer us ne other people too.

THE FOLLOWING DAY, WE HOPED TO BE ABLE TO SOME HOPED TO BE ABLE TO SOME-HOW REACH THE STATIONS EN MASSE, but the Lord did not lead us that way. We walked around all day, stopping different broadcasters to talk to them, play our tape for them & show them our newly-made album where the stats sheets impressed them quite a bit! Most of them requested sample demo tapes to play for their program play for their program directors who help make the decisions as to what they

WE TALKED TO BOTH NBC & ABC, who are now in the process of experimenting with segments of music instead of only the news. They were interested in our music, particularly NBC, & it seems like a big open door, with limitless possibilities.

MICHIGAN LOVED THE TAPES & wants to play them for the many people in Michigan with whom he works—that could give us 3% more stations if they approve it. Another man has il stations & asked us to send a sample tape so that he can decide with his people if he can use it. He also liked the show! Many stations(30) were interested. THERE ARE A FEW THINGS
THAT ME MANT TO SUGGEST: Be sure to have lots & lots of colour brochures, or even black & white ones, because everyone wants to take one, as well as business cards, because writing down your name & address at each moment at random not only is time-consuming but very unprofessional. Generally, we found that the stations using only hard rock, jazz, big bands, black, religious & country music were not interested in our show, even as a speciality show, but that stations looking for adult contemporary music or adult contemporary music or

as a speciality show, but that stations looking for adult contemporary music or easy listening music were more prone to be interested in our material.

IF POSSIBLE, THRU THE PUBLISHED LISTS OF REPRISENTATIVES THERE, see which stations you're interested in talking with. If possible, try to provision a table, stand or hooth in advance, or whatever, but some place where you can be easily reached by house phones, or at least where they can leave messages for you when they are free & want to hear the show. Another tip is to try to approach the men when they are alone, as they listen better than they do when they are in a group of even just two or three.

Shack Becomes Studio-With Love! -Using Japanese matting and egg cartons

(An article that appeared in the Japanese interior decorating Magazine "My Room". The tex was written by Ezra himself.

From Ezra Milestone; Jap

MY MISSION IS TO READ THE HEART OF CHRISTIANITY THROUGH MUSIC. Influenced by my mother, who is a pianist, I've been a lover of music ever sind I was a child. When I decided to be useful to others through this, I came to Japan with ning but myself. Now, after 6 years, I've got my own family & fellow members.

THIS SHACK-LOOKING STUDIO IS VERY IMPOR-TANT for creation & fellowship with my co-workers. When we found this place where there are still some farms, it was literally a shack. It was only a t mat size, but it would cost a million yen to make it into a professional music studio. So I decided to do it on my own somehow, using waste material. Although I had a knowledge of music, it was hard work for with no knowledge of carpentry, but it resulted in the super cheap expense of only 50,000 Yen.

Music Cracks Closed Country in three days! 17 Family s

for security!)
ONE DAY LAST SPRING
WHEN WE WERE SINGING
ON THE WALKINGSTREET of our city a man who had been listening invited us to come to his country, saying he could ar-range for us to play in a club there. We were very inspired a-bout this, as this is the country we have been trying to work to

WE HAD OFTEN PRAYED FOR SOMETHING TO OPEN FOR SOMETHING TO OPEN
UP for us there with our music
ministry. But since it is a very
closed country, we knew it woul
really take a miracle of God! So
PTL, He is able! He certainly gave us a lot of surprises & "did exceedingly abundantly above all that we could ask or think!" IN OUR THREE SHORT

DAYS THERE WE GAVE FOUR
CONCERTS for hundreds of
young people & did a recording
of 17 Family songs! Possibilities
may be opening for some of it to be broadcast on radio, for an article about our singing to be in a youth magazine & for a re to be made!

IT'S OFTEN UNPLEASANT TO CROSS THESE TIGHT BORDERS, with nervous pres sure etc., but this time we felt so happy, inspired & encouraged by the Lord's Spirit, that beauti-ful peace you have when you w you are doing His will! The border crossing went quite fast & while listening to MWM's love in a musical key, we took

THEN CAME THE FIRST TEST: One of us got sick with a bad headache & high fever. Thank God, after prayer & a good rest he was well again! The Devil gets mad when you charge into his territory! In the evening we arrived at our friend's door & had a happy time talking

together before bed. He said that the theatre where he had thought we could play had been closed. But "by accident" he had met a friend on a bus who works in the culture department & arranges things for youth & he had suggested that we could play at one of their events the

announcer introduced us & trans lated for all how we were singers from afar who wanted to sing for from atar who wanted to sing for them about love "because love is what makes the world go "round", there was laughter & a great applause. As we started to sing, the people were flocking around the stage & the reaction was incredible! Our friend was our "speaker" & translated what we said, parts of the text etc.

WE WERE CALLED BACK FOR AN ENCORE, & the an-nouncer grabbed us & asked be-fore the crowd if we would like to play the next night at another event, & would we like to do some recording? Behind the stage we met the young man who wanted to work on the recording with us, which was to be in two days. Later when we left the hall, everyone greeted us cheer-fully. & our friend was very hap py about the success saying, "You have something special that draws the people!"-Yes!

THE NEXT AFTERNOON

of his 12-year-old son. They had told the school principal that they had some foreign musicians visiting. & so to our great surprise all the classes of kids from ages 12 to 16 were gathered in the big dining hall where we were able to give a 1%-hour concert on stage! The teachers were there also, & the children were all ex cited. We told them about our cited. We tool them about our life, about the meaning of the songs, about our country, & they were eagerly asking questions. WHEN WE SANG "TAKE TIME TO LIVE", THEY WERE ALL SINGING ALONG & clap-ling to the best. Then Off.

ping to the beat. Then our friend wrote the words for them on a big board, & that was a great hit! At the end we sang it again, & after we stopped they kept or singing & wouldn't stop! We felt like the whole city would hear it!

US TO PLAY AT THE SCHOOL

AFTER OUR ENCORE three sweet kids came up to give us all gifts, flowers & hugs. GBT, they really won our hearts, & it looked like we won theirs too, thanks to the Spirit of God & His songs of love of His children of lovel! we put away our guitars in the back room, our friend opened the door & we were literally attacked by a crowd of children armed with papers, books, arms—any thing you can imagine—for us to sign our autographs! They all wanted our address, which our our friend helped them copy

from each other.
ESCORTED BY A CLOUD
OF FOLLOWERS to our
friend s house, we found there in front of his house our car cov ered with roses, flowers, love notes & gifts. All over it was written: "We love you!" & "Take written: "We love you!" & "Ta time to live!" etc. We went up the elevator & from our win-The Spirit of God! dow on the 10th floor we could FOR THE NEXT DAY OUR hear them call, "Send them FRIEND HAD ARRANGED FOR down! Send them down!" Fin-

ally we had to go down & sing another sorig to calm them down! For the rest of the time we were there the love letters & little gifts kept coming & kids came to the door to see us. THAT SAME FYENING AT THE CULTURE HOUSE WERE

23,000 PEOPLE. It was a more serious affair with interviews of authors, artists etc. Our singing was again very well received & we were each handed a club ensignia. On the way home in the car our friend was talking about how he believed we could do something in his country 8 that we & the songs really hit a

y with the people. HE SAID HE WOULD LIKE TO HELP US & maybe arrange a few "tours" now & then. Al-so he said how one of his friends who had been present at the concert that night works as an editor of the youth magazine. They had taken pictures & he wanted to talk to them about neking an article in this magazine as that would be a way us to get recognition

EARLY THE NEXT MORNING WE WENT TO A SMALL FR OUTLYING TOWN where it was arranged for us to give a concert in the local movie theatre which was filled with young people for the occasion. So again we presented our program to a very receptive & thank

It crowed: We seem, calked a cost off the answered constitution of the control of souvenirs & kisses, & after the concert we went in our, again, rose-decorated car to a beautiful local castle where we were treat-ed to a full-course dinner with the culture representatives & movie-house director.

THIS, OUR LAST EVENING

IN THIS COUNTRY, WE SPENT RECORDING for about 5 hours. This was as yet another culture house where a crew of about 5 or 6 technicians was working, two of them professionals. They were so sweet & humble, so thankful for every song they could record & afraid that w would get tired & impatient. But after doing the first few songs we all realized how much we were enjoying it, & getting more & more inspired, we finish-

ed 17 songs! A FRIEND WE HAVE BEEN WRITING TO for some time lives in the city & she also came to listen, & the songs were a real testimony to her. When we talked with her about how we pray & read the Bible together at home & about the reason for

eed that love so much!"—Like he voice of the goddess! OUR TIME HERE ENDED WITH A QUIET MORNING

with our triends. On our way home we stopped to thank the Lord for everything! We felt so small & amazed that He could use us in such a way, to open the doors & make it all possible even under such difficult circum stances! Even our friend who

arranged everything said,
"IT IS REALLY A MIRACLE
HOW ALL THESE THINGS WORKED OUT!" Like it says in Isaiah 43, the chapter we got before we started our trip: "Wh thou passest thru the waters I will be with thee, & thru the rivers they shall not overflow thee; when thou walkest thru the fire thou shalt not be burned; neith er shall the flame kindle upon

IN ALL OF OUR LABOUR & MINISTERING BEFORE to the people of this country we have always been very cautious. both for our own security & for that of the people there. We felt that we either had to go so 'low' that it would not be noticed, or so "high" that it would be accepted, as it looks like it might be possible now with this music ministry! So Lord help us to ride God's wevel (4,444)

PLEASE PRAY FOR MWM-THAIL Q X

From Luke; Thailand: WE HAVE FOUND HOW EASY IT IS TO GET FREE AIR TIME & how great a vacuum there is. For the past year & a half we have tried translating the DJ part of the MWM shows into Thai, leaving the songs, interview. & skits in English, using the DJs from the two universities that were airing the show weekly

SINCE DAD HAS EMPHA SISED THE IMPORTANCE OF A SPIRIT-FILLED DJ, we are

endeavouring now to find the Lord's DJ & praying He will raise up the right national disciple for the job. The Family here believes that a music radio program could be so effective to reach each little village of which the majority own a radio, so we are unitedly doing what we can to set up a small home studio.

THE LORD ENCOURAGED US when He used a king to lend us two reel-to-reel tape recorders & thru a provisioning contact, microphones & stands. The Far ily is unitedly provisioning what we can & trusting God to do the

rest to reach this field in the time we have, as Dad has warned. The studio will also be used to tape Gospel & Letter tapes in Thai for our dear Thai disciples. We are in the process of organising a faithful follow-up for those who've already heard the show & written.

WE'D LIKE TO THANK

THOSE who have sent donations in so far for the MWM ministry in Thailand. Please pray with us for it to get off the ground & send donations c/o your Reporting Office (cheques payable to Fred Servais). Tks! WLY!-Luke (A-a-! PTL:60Y: #Up's (t.)
