Spirits of Christmas Yet to Come!

Here's a wonderful new gift from Jesus for Christmas!

A new spiritual gift, which will thrill you for your Christmas witnessing.

I see hundreds and thousands of spirits standing on a floor that looks like shining glass!

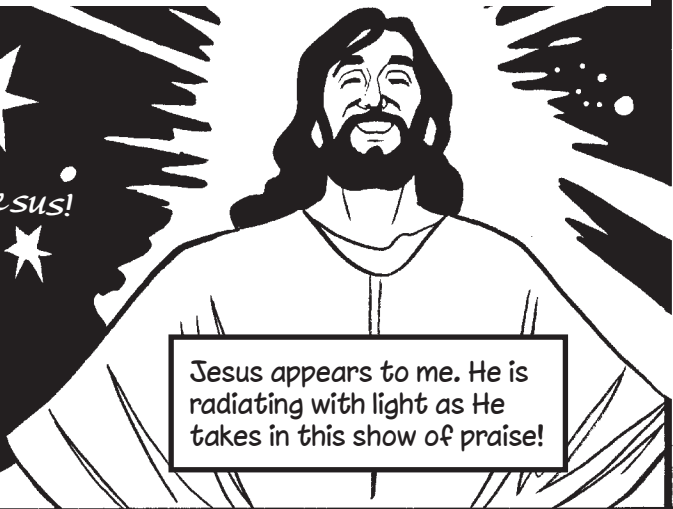

The spirits are all singing and raising their arms in praise!

This floor, made of what looks like glass, is in the spirit world.

Above the glass-like floor and these praising spirits is the beautiful night sky. The stars are singing and dancing! I hear the sound of a thousand Christmas songs and praises blending together beautifully. It's awesome!

Worship we our Jesus!

GLORY TO THE NEWBORN KING!

Jesus appears to me. He is radiating with light as He takes in this show of praise!

Jesus takes my arm and leads me closer to these spirits.

As I draw near, I see that each one has their hands cupped around a beautiful flame which they are holding in honor of Christmas, Jesus' birthday.

Next they lift their hands and arms and give beautiful praises to Jesus!

As they praise, tears of thankfulness run down their cheeks.

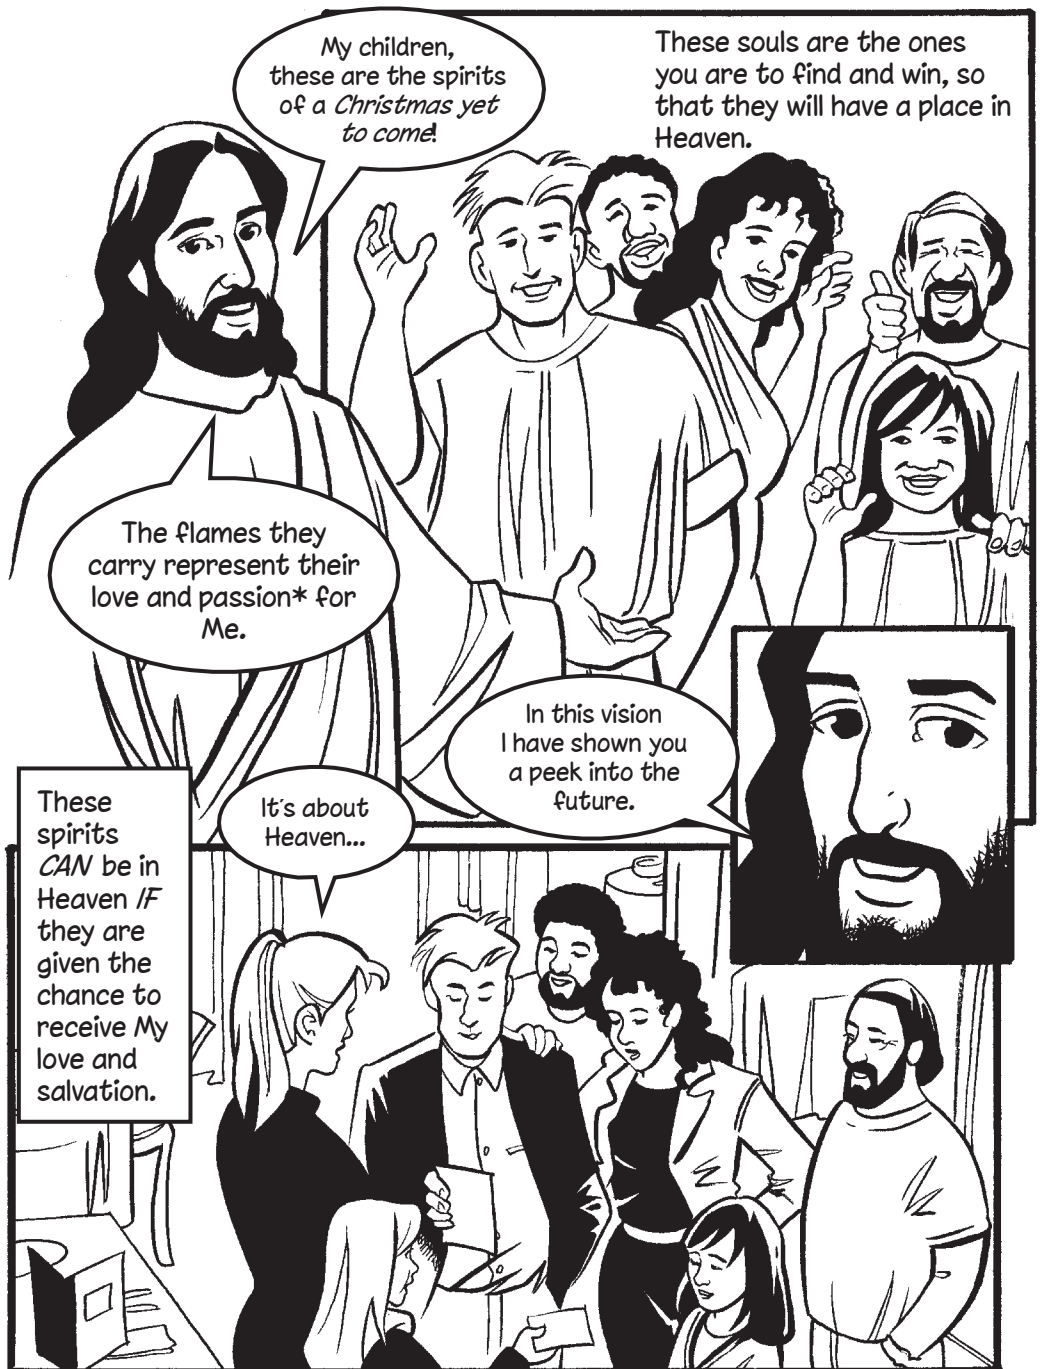

But instead of falling to the floor, these tears turn into sparkling diamonds that twirl upward and join the stars above.

While these spirits lift their hands in both praise and prayers of intercession, their little flames all merge together into one.

This huge form of concentrated light is so large that it's all I can see, and I can no longer see the people.

Then these spirits begin to walk through the light toward me. I see that they are the spirits of people who have lived on the earth, people of all ages and nationalities.

These spirits have come to inspire in you the desire to witness with all of your hearts this Christmas!

*passion: a very strong feeling—in this case—of love

Call on their help. Their spirits desire to come back from the future to help you in your witnessing! They will come with the keys of passion to help you shine forth with the flame of God!

Jesus, we call on the keys of passion to help us in our witnessing.

Isn't that a beautiful gift?

Just think, Jesus is allowing these spirits—who you see in this vision are saved and in Heaven in the future—to come back today to help you find them in this physical world, to inspire you to tell them and others about His great gift of salvation.

That's me! Give him a tract!

Jesus, please help
Your children to reach these lost souls
this Christmas, while there is still time. We claim
the keys of witnessing for our Family. We ask for Your
love to burn in their hearts for these dear ones who
need to hear about Your wonderful love for them and
Your gift of salvation. Give us mighty victories
of many, many precious souls won
to Your heavenly Kingdom!

Amen! Let's
have a very merry
Christmas and happy New
Year, spent celebrating
all of the souls won this
Christmas season!
