

# PRAYER BOMBS

Art by Jeremy + Zeb

Goodbye, Mommy!  
Goodbye, Uncle Fes!  
Have a good day out  
on CTP!

Bye!

Bye, Keana!  
Please remember to  
pray for us!

Bye, Keana!  
Thanks again,  
Joanna, for giving  
me the chance to go  
on CTP!

\*CTP: Consider the  
Poor ministry. See  
Psalm 41:1,2

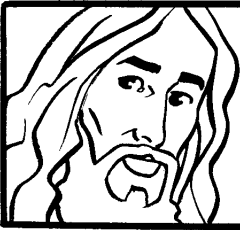

They have  
to drive through  
some dangerous  
areas ...

... so let's pray **now**  
before we get busy  
with other things!

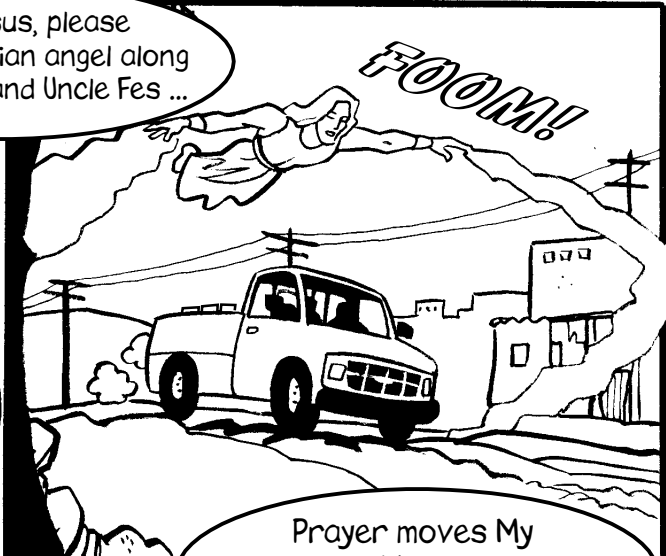

Good  
idea!

**The prayers of My children generate My power.**  
Each word that is spoken creates energy and strengthens the force field of good that surrounds My saints. The force field of protection is strengthened by each word in prayer.

Dear Jesus, please send a guardian angel along with Mommy and Uncle Fes ...

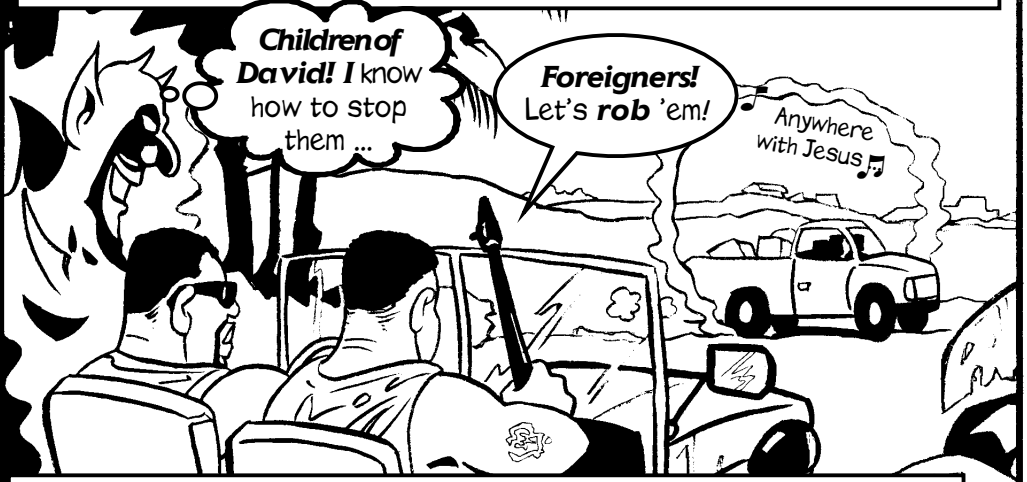

... make that **two** angels, Lord!

Prayer moves My hand and My heart to do the things that you ask.

In these dark days the Enemy is gathering his forces, and his power on Earth is becoming stronger.

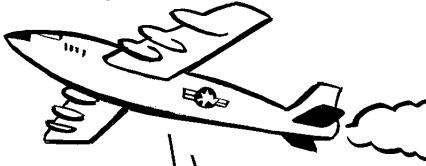

But the Enemy trembles when he hears the prayers of the saints. The more specific your prayer is, the more it limits the Evil One.

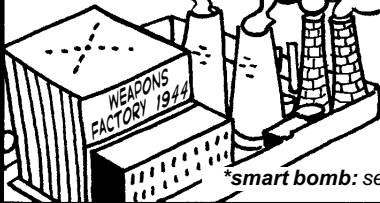

General prayers are good and I answer those as well, but specific prayers have more effect.

# SPECIFIC PRAYERS GET SPECIFIC RESULTS!

It's like the smart bombs\* that worldly armies use today. They are much more effective than the bombs they used in World War II, when they dropped them from the sky.

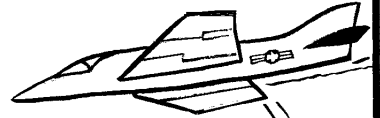

I just fall where I'm dropped!

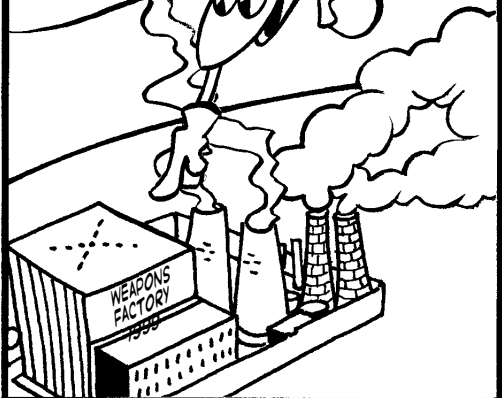

\*smart bomb: see last page

Yes, they did damage, but the smart bombs are specifically targeted to destroy a certain target. So the damage is of greater importance and does more harm to the enemy because it hits the exact spot which it was aimed at.

Ahh! There's my target!

Your specific prayers can be like smart bombs!

Auntie Joanna said that they have to drive through some dangerous areas ...

When your prayer is **targeted**, it results in greater damage on the Enemy.

... so please protect them from evil, and any trouble or **robbers**.

**Hey!** What's happening to our engine?

PUTT!  
POP!  
SPUTTER!

I want your prayers to be like smart bombs specifically targeted to destroy the Enemy. As you aim and direct your prayers, they will bind and destroy the Enemy in that very area.

Stop any robbers! Give **them** harm! **Rebuke** the Devil in Jesus' name!

**BLAM!**

His power will be destroyed!

♪ Anywhere with  
Jesus I can safely  
go... ♪

I just don't  
**understand**  
it, Boss!

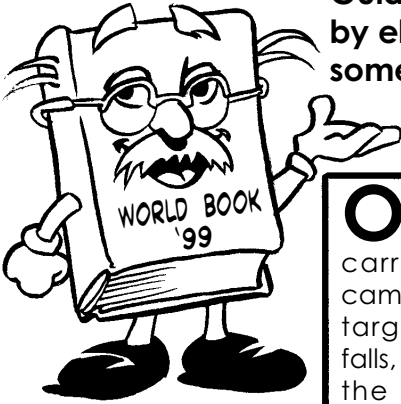

The specifics  
that you claim will strengthen My  
power and My force field of  
good in that area.

That was a **powerful**  
prayer, Keana! I'm sure the  
Lord will answer **exactly**  
as you prayed.

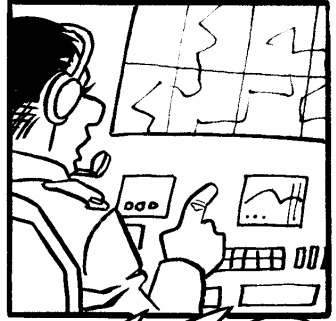

Guided bombs are directed toward targets by electronic equipment. They are sometimes called—

# SMART BOMBS

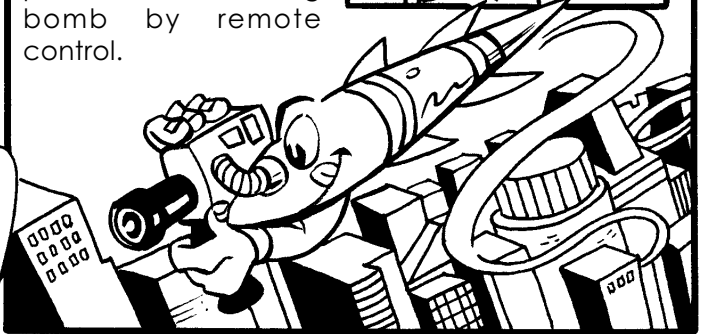

## ONE KIND OF GUIDED BOMB

carries a television camera aimed at the target. As the bomb falls, the pilot watches the target on a TV screen in the plane. The pilot can adjust the path of the falling bomb by remote control.

**SOME BOMBS** with TV cameras carry electronic circuits that memorize the picture of the target. The bomb then guides itself.

Looks just like the picture!

**ANOTHER KIND** is directed by a beam of light from a device called a laser. Before the bomb is released, the laser beam is aimed at the target by the bombing plane, another plane, or a soldier on the ground. The bomb carries a sensor, a device sensitive to laser light. The sensor guides the bomb to the target.

There's my target!
