ILLUSTRATED BY
James Newman.

It's all
because Jesus
loves you!

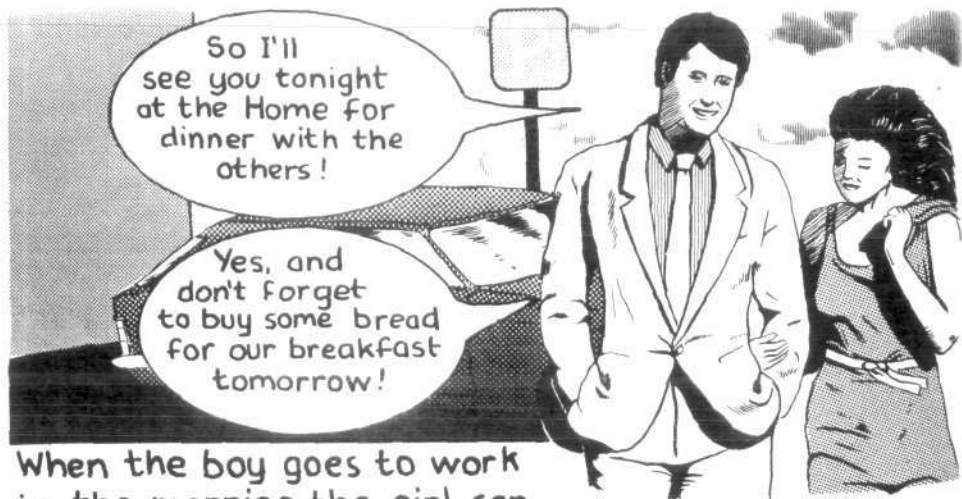

It's so
wonderful to be
able to live
together
like this!

Thank the Lord
that we overcame
the problem of
housing my
Fish!

I think we've solved this problem of housing couples. Some of these men want to join the Family and move in with some of our girls but we don't have room for them. I think the solution is to rent a small room near one of our Homes, we can pay half the rent and the man can pay the other half.

So I'll see you tonight at the Home for dinner with the others!

Yes, and don't forget to buy some bread for our breakfast tomorrow!

When the boy goes to work in the morning, the girl can also go to work at the local Home and be on the Home's schedule just like someone who lives there.

This way we can still enjoy Family life, food and Fellowship, and still live together!

REMEMBER:

You rent the apartment! --Then let him pay you half the rent and food.
 --That way if there's any trouble or he backslides, it's still your apartment and not his. --He leaves, not you! --And be sure to get back his key or change the lock! That way you control the situation --not he! You belong to the Lord --not him! --Amen? --GBAKY!
