# TIME TRAVEL!

You can do it now!

Come with me!

YOU'LL LOVE IT!

WOW!

We just love to go back and watch the creation of the World!

**Y**ou can time-travel now! And I can prove it to you! You can time-travel now in your memory! I believe that is how we're going to travel in Heaven or the Millennial Kingdom. You time-travel in the Spirit! In the Spirit all things are possible and with God nothing shall be impossible, so obviously you can time-travel. You can do it now in the Spirit --- in dreams, in memory, in revelations, in visions!

Are you satisfied with the life you've lived?

You can time-travel backward in memory already. You go back and you think of things. And you're not just seeing words, but you're seeing pictures.

This is how I'm sure, the recording angel in Heaven must do it -- that Being of Light that everybody faces in all these death experiences -- when He opens the Book of Life and they travel back through all those scenes of their life in memory. I think it's all recorded in your head and all he has to do is activate it and it unreeals like a movie right in your head! That's where the record is, right?

You can time-travel in the Spirit! It's easily mentally possible, and Science doesn't seem to consider that supernatural at all to be able to travel back in time in memory; but they can't believe that you can time-travel into the future! According to Science, there's no spiritual, no God!

Science says:

No, no! ... There's no such thing! Nobody knows the future, that's impossible!

Come with me and I'll show you of the things to come!

Well, if it works one way, why can't it work the other way? But God has somehow put a barrier there so that you can't do it of your own will, you have to have spiritual help to see the future. Every prophet of God who saw the future got it in a vision or with a spiritual guide who took him into the future, led him by the hand or in the Spirit and showed him those scenes of the future! God doesn't permit or trust just anybody to see the future! Only God can show you the future!

So there are some thoughts for you on time-travel! So your own memory proves that you can time-travel backwards and the prophecies of God and the visions of the prophets of God prove you can time-travel into the future!

My God! It's so beautiful!... The new heavenly city!

Come, and I'll take you out of this world!

WOW!

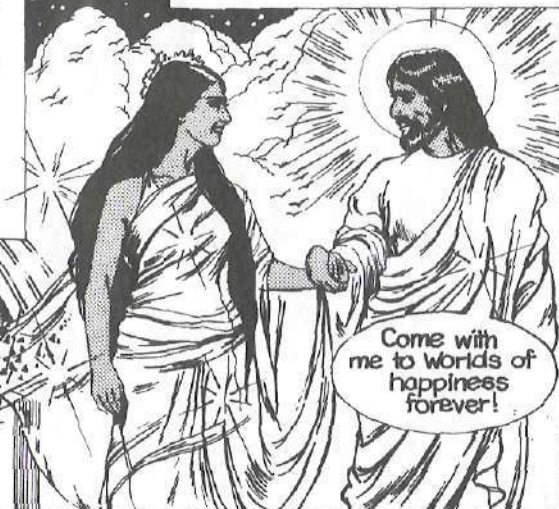

Everybody can travel into the past with the help of your own memory. You can conjure up pictures and scenes of the past and sometimes when you're dreaming they're just as real as real life! You go back to things that happened to you and you think you're there again and it's just as real as sitting here! In dreams, you sure travel! wow!

Isn't the Spirit wonderful? I mean, the Spirit World is just so exciting and thrilling when you think about all the things that are going to be possible and are possible already and already happening! Think of that! Isn't that wonderful?

Have you "time-travelled" lately? ---C'mon! Take a trip in the Spirit! It's wonderful! You can go anywhere with Jesus!

Come with me to worlds of happiness forever!

Are you in His kingdom of love too? If not, then let's pray right now. It's so easy! Just ask Him to come into your heart. Say ---

"Jesus, come into my heart and fill me with Your love, and forgive my sins, and help me to love others and tell them all about You! -in Jesus' Name. Amen."

Hang onto Jesus! He can take you anywhere you want to go, amen.
