

The Economy Revolution!

I noticed that Jesse was in need of new shoes, so I went out today to provision them. Well, one store owner turned on by the photo that Mark made, that he'd like to donate a pair to each of us!

was so brochure he said new

Praise God!

Wow!--And we got a couple more wonderful responses to Joan's Prayer-letter today too! We've already received enough support to buy new lit!

And best of all, the Lord used the children and I today to win 34 new souls!

--A reward we'll all share in because of our unity and working together which makes our singing ministry possible!

PTL! That's great, because our litnessing team just gave out the last Letter!

If our form of Worldwide government is to be God's Own model forecasting the future, then we must set an example to the World by practicing what we preach:

~ Acts 2:44,45 ~

...For all that believed were to-gether, and had all things common... and parted them to all men as every man had need...

~ Acts 4:34,35 ~

...Neither was there any among them that lacked, for distribution was made unto every man according as he had need.

← This is God's basic financial principal, and we have been practicing it for a long time on the local Home level. By co-operating and living together in small local Homes we have economised greatly.

Sure, that's what the Bible says, but how can you all afford to live on such meager donations?

By cooperating and living together we economize greatly. We save by sharing our basic necessities such as housing, food, transportation, literature, manpower, etc. In our Family, these necessities are shared by our larger family units rather than in selfish individual living.

Would you like to come and see for yourself how we live?

Well... OK?

Even as mass production lowers costs, so cooperative Home living lowers expenses. It also greatly increases fellowship, strength, efficiency, and the general happiness and well-being of the participants.

In unity there is strength!

It's so wonderful to meet people who are really living the Bible!

But, unlike the Communists, we do not consider the sharing of our material things our main goal. Our ultimate goal is the sharing of ourselves, our personnel and leadership in a loving fellowship of man created by God wherein dwelleth righteousness and happiness forever! (2 Peter 3:13.)

You look like you've had a rough day, Faith! Why don't you and John go out for the evening?-- We'll take care of the kids!

Oh, that's so sweet of you!-- Are you sure you won't mind? God bless you!

Mommy, David pushed me!!!
But she knocked down my blocks again, Mom!!!

WAAHHH!

So we feel that the greatest of our sharing is not the mere sharing of our things and personal possessions, but the sharing of our love and personal services for each other. This is our faith which results in our works and the sharing of our material possessions.

How's it look?

Wow, Faith! -- That blouse looks terrific on you!-- You can keep it, OK?

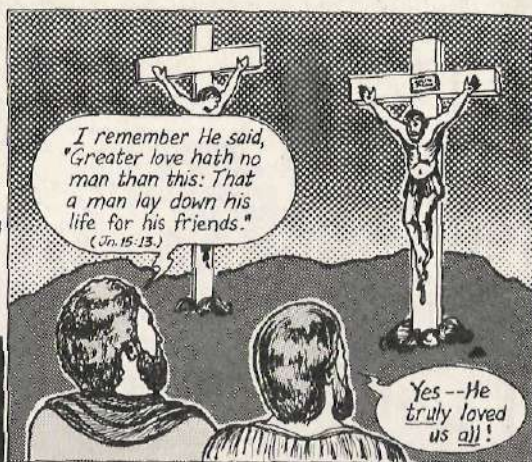

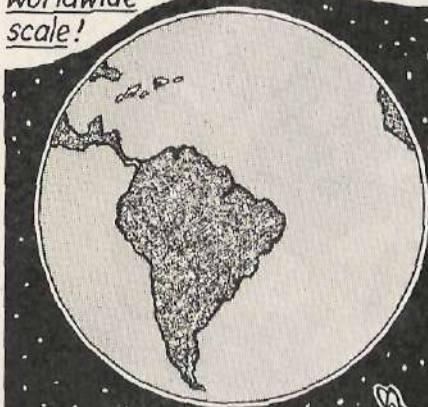

Really! Thanks!

Bye-bye! We love you!

We love you too! You all have fun! God bless and keep you!

Jesus Himself had nothing material to share with His disciples, only His love and His life which He gave for them and for us that we too might have life and love forever!

We are now going to insist on the application of these--God's economic principles-- on a Worldwide scale!

-By sharing not only our ma-
terials, but also our manpow-
er and our love and life with
others who need it, we can!

We could pioneer every last country in the World with our presently available personnel-- if each of you were willing to go!

Are you personally ready and willing to drop what you're now doing, and to "go into all the World" for Jesus? If so, start today and make your motto, "This year the World!"--Amen? (Mk. 16:15)

May God bless you and help you to make it so, His dream come true, His commandment obeyed, His Words fulfilled and His great harvest of this last generation reaped for the Master's use!

--I'm going!--Are you?

(1981: We went!--Have you?)
