THE BATTLE FOR AFRICA!

First of all, we ought to consider the importance of Africa. If there are two major pushes now on in Africa, one to liberate it from Western influence in North Africa and the other to liberate South Africa, then somebody is after Africa!

Africa is naturally and geographically next on Russia's route to South America!

SOUTH AMERICA

BLACK POWER!

About 34 years ago Khrushchev gave a detailed plan of how Russia intended to conquer the world:

We're going to do it by propa^ganda and encirclement. We are going to knock off one country after the other until America stands alone!

All have voted in favour of sanctions against Israel, except America!

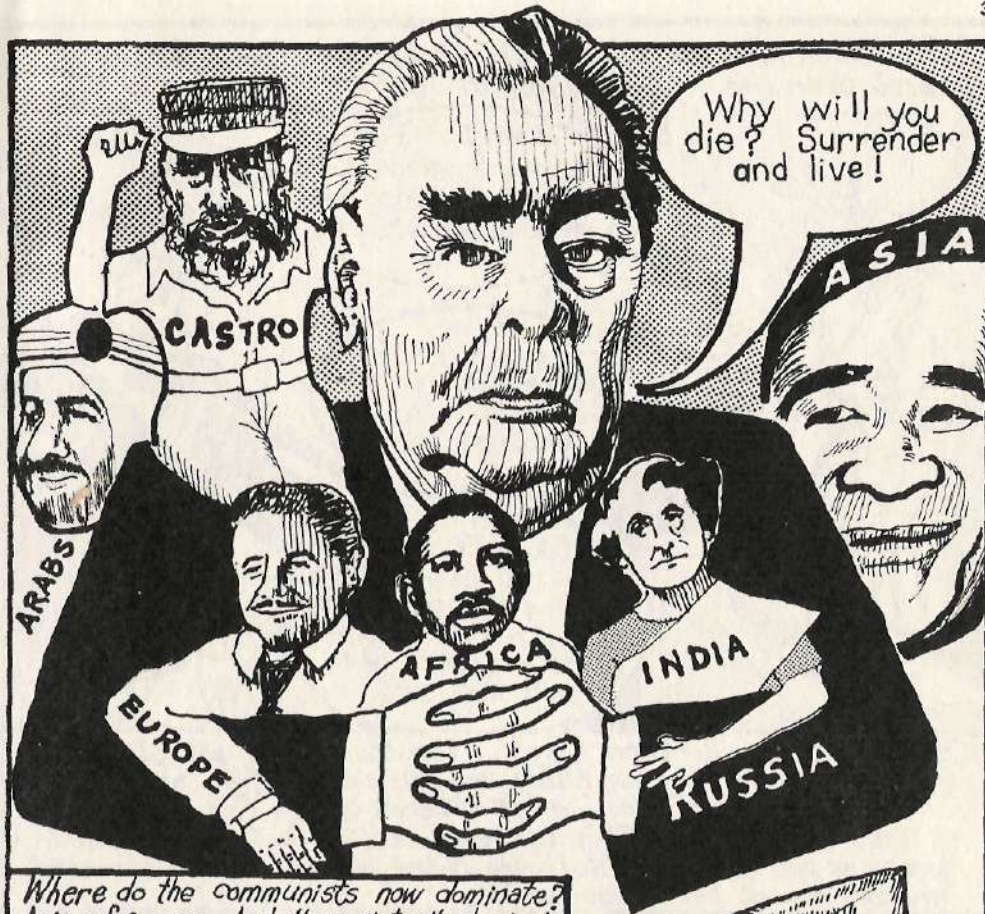

Today in the United Nations, America stands virtually alone, almost absolutely alone, with almost no friends at all! Even her European friends & allies are afraid to vote for her on various issues.

FRANCE VOTES SOCIALIST!
THE GLOBE
ETHIOPIA GOES COMMUNIST
RHODESIA VOTES COMMUNIST!

So the propa^ganda battle is just about won. Most of the world is already convinced that America is the villain & Russia and China are the saviors of the world, & socialism is the answer to all their problems.

Why will you die? Surrender and live!

Where do the communists now dominate? Asia, of course. And they virtually dominate Europe, too, and are taking over by propa^ganda and fear. The majority of Africa has already gone pro-communist! So the communists have everything in their favour. The South Africans have not got the forces it takes to stop them. So it looks like Africa is going communist real fast, and from there South America.

And share my riches with you? Never! I would rather die first!

I don't think America will be able to say one effective word of protest over the conquest of Africa.

Of course that will never happen. The communists will still be dominant, even if they leave they will dominate. When the US war for Israel and oil is going to erupt depends on how far the U.S. will let itself be pushed. But the less resistance the South Africans and Moroccans put up, the less suffering there will be, the less bloodshed. Pray they do not resist too long!

We're perfectly safe in You, Jesus. The Lord will see us through—or out—one or the other. He promises, "I will keep thee from the hour of temptation which shall come upon all the world, to try them that dwell upon the Earth." (Rev. 3:10) Receive Jesus today!
